A. Program Description

1. Purpose

The Coronavirus Aid, Relief, and Economic Security (CARES) Act recognizes that the nonprofit humanities sector is an essential component of America's economic and civic life. The National Endowment for the Humanities (NEH) has received supplemental funding to provide emergency relief to institutions and organizations working in the humanities that have been affected by the coronavirus. In keeping with Congress's intent in enacting the CARES Act, proposed short-term projects should emphasize retaining or hiring humanities staff.

NEH invites applications from eligible organizations seeking support for at-risk humanities positions and projects that have been impacted by the coronavirus. Through this funding opportunity, NEH will award grants to museums, libraries and archives, historic sites, independent research institutions, professional organizations, colleges and universities, and other cultural organizations across the country to help these entities continue to advance their mission during the interruption of their operations due to the coronavirus pandemic.

NEH has designed a simplified application process and expedited review for the distribution of these critical funds. Applicants may apply in one of the following areas, choosing the one that best aligns with their proposed activities: education, public programming, digital humanities, scholarly research, or preservation and access.

Funds are available to support a range of activities over a six and a half-month period of performance. While not comprehensive, the following examples are provided to illustrate the types of activities that could be proposed in this program:

- a university requests support to assist adjunct or contingent faculty members and staff converting to online teaching
- a museum requests support to train staff to engage with visitors virtually, including developing online virtual tours or transcribing digital collections to make the collections more broadly available to the general public
- a historic site that is temporarily closed hires staff to provide exhibition maintenance, and to sanitize spaces so that, when social distancing ends, the site is ready to welcome visitors safely
- a scholarly society requests support to continue editing its journal, an activity that would normally be supported by revenue from an annual conference that was cancelled due to the pandemic
- an independent research institution requests support to continue serving the scholarly community by offering online professional development or organizing online lectures at a time when membership revenue has decreased due to the coronavirus
- an archive requests support for staff who would have been furloughed to prepare or initiate their disaster plans, online archives, and/or procedures for re-opening after forced closure
- a tribal community requests support to continue a program creating, preserving, and making available oral history interviews
- a liberal arts college requests support for staff to develop documentation and outreach plans to broaden the use of open-access digital resources in research and teaching

- an institution working on humanities research requiring technical equipment that cannot be accessed remotely requests support for staff to refocus on data cleaning and software documentation
- a public radio station requests support for the development of a podcast to contextualize the global impact of the coronavirus in relation to historical events such as plagues, natural disasters, and world wars that significantly altered human society

Allowable costs include, but are not limited to:

- personnel costs (salaries and fringe benefits) for individuals employed by the applicant and dedicated to the proposed activities
- fees for humanities scholars retained as consultants and contractors
- supplies and materials necessary to carry out the proposed activities
- equipment necessary to carry out the proposed activities (not to exceed 20 percent to the total funds requested)
- general operating support (typically recovered through indirect costs)

Pre-award costs may be requested as long as they were incurred no earlier than March 27, 2020. Pre-award expenditures are made at the recipient's risk, and the recipient's authority to approve such costs does not impose an obligation on NEH in the event an award is not made or is made for an amount that is less than the recipient anticipated. All other project activities and expenditures of project funds must occur during the period of performance.

Unallowable activities are described in section [6. Funding Restrictions](#).

Review criteria are described in section [E1. Review Criteria](#).

2. Background

This program is authorized by the CARES Act (Public Law 116-136) and 20 U.S.C. §956, *et seq.* Awards are subject to [2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards](#), and the [General Terms and Conditions for Awards to Organizations \(for grants and cooperative agreements issued December 26, 2014 or later\)](#).

According to the 1965 National Foundation on the Arts and the Humanities Act, "The term 'humanities' includes, but is not limited to, the study of the following: language, both modern and classical; linguistics; literature; history; jurisprudence; philosophy; archaeology; comparative religion; ethics; the history, criticism and theory of the arts; those aspects of the social sciences which have humanistic content and employ humanistic methods; and the study and application of the humanities to the human environment with particular attention to reflecting our diverse heritage, traditions, and history and to the relevance of the humanities to the current conditions of national life."

Examples of previously funded projects may be found by using the NEH's Funded Projects Query Form available online at <https://securegrants.neh.gov/publicquery/main.aspx>.

To learn more about NEH, visit <https://www.neh.gov/about>.

B. Federal Award Information

1. Type of Application and Award

NEH seeks new applications in response to this notice.

NEH will provide funding in the form of grants.

2. Summary of Funding

Up to \$35,000,000 is expected to be available to fund 300-600 recipients.

Applicant organizations may apply for an amount based on the average size of their total annual operating costs for the three most recently completed fiscal years. Institutions of higher education should apply for an amount based on the three-year average total operating costs of the component(s) for which they are applying (not the college/university as a whole).

Small organizations with annual operating costs less than or equal to \$200,000 may request up to \$30,000.

Mid-size organizations with annual operating costs greater than \$200,000 and less than or equal to \$3,000,000 may request up to 15 percent of their annual operating costs, not to exceed a maximum request of \$300,000.

Large organizations with annual operating costs greater than \$3,000,000 may request up to \$300,000.

The period of performance may begin as early as June 15, 2020 and must end on or before December 31, 2020.

C. Eligibility Information

1. Eligible Applicants

Eligible applicants include U.S. nonprofit organizations with 501(c)(3) tax-exempt status, public and 501(c)(3) accredited institutions of higher education, state and local governmental agencies, and federally recognized Native American tribal governments.

The 56 state and jurisdictional humanities councils are not eligible to apply under this announcement. State and jurisdictional humanities councils received CARES Act funds directly as a supplement to their general operating support grants.

Individuals, foreign and for-profit entities are not eligible to apply.

2. Cost Sharing/Matching

Cost sharing/matching is not required in this program.

3. Other Eligibility Information

An organization may submit only one application under this announcement. A parent organization may submit only one application for each independent component. An independent component must be a unit that is both programmatically and administratively distinct from the parent organization, have its own staff and budget, and generally have an independent board that has substantial responsibility for oversight and management.

If for any reason an application is submitted more than once prior to the application due date (including submitting to the wrong funding opportunity number or making corrections/updates), NEH will only accept your **last** validated online submission, under the correct funding opportunity number, prior to the Grants.gov application due date as the final and only acceptable application.

Proposed costs may not overlap with other NEH grant and cooperative agreements and other federal financial assistance (including other federal awards and the Small Business Administration's Paycheck Protection Program) applications and awards.

NEH does not make awards to other federal entities or to applicants whose projects are so closely intertwined with a federal entity that the project takes on characteristics of the federal entity's own authorized activities. This restriction does not preclude applicants from using funds from, or sites and materials controlled by, other federal entities in their projects.

All application materials must be received by the application deadline. Late, incomplete, or ineligible applications will not be considered for funding under this notice. Applications that exceed specified page limits will not be reviewed. See the [Application Components Table](#).

D. Application and Submission Information

1. Application Package

You must apply electronically through [Grants.gov](#), using either [Workspace](#) or your organization's system-to-system software. Use the Standard Form 424 - Short Organizational (SF-424 Short) application package associated with the funding opportunity, and follow the instructions provided by Grants.gov unless otherwise noted below. The Grants.gov registration process is described in [Section D3](#).

This funding opportunity has five application packages available in Grants.gov. Please select the appropriate package based upon your project type and deadline. **If your proposal includes multiple activities, select the application package that corresponds with the primary activity.**

- AH52020: projects focusing on education (CFDA 45.162)
- GA52020: projects focusing on public programming (CFDA 45.164)
- HC52020: projects focusing on digital humanities (CFDA 45.169)
- RJ52020: projects focusing on scholarly research (CFDA 45.161)
- PB52020: projects focusing on preservation and access CFDA 45.149)

To request a paper copy of this announcement, please contact NEH program staff using the email address provided in [Section G. Agency Contacts](#). Applicants who are deaf or hard of hearing (TTY users) can contact NEH via Federal Relay at 800-877-8399.

2. Content and Form of Application Submission

Your application will consist of a narrative, budget, and other required forms and components described below.

i. Project Narrative

You must limit the narrative to three single-spaced pages with one-inch margins and a font size no smaller than twelve points.

NEH has aligned each section of the narrative with a corresponding review criterion. Refer to [Section E1. Review Criteria](#) for full descriptions.

Use the following section headings for the narrative.

1. Humanities mission and record of contribution (corresponds with [review criterion 2](#))

Briefly describe the mission and core work of your institution or organization, providing examples of how it has supported or advanced the humanities for the benefit of the cultural sector and/or the general public.

2. Proposed activities and audience (corresponds with [review criterion 2](#))

Describe the proposed activities to be funded by an NEH award in response to the coronavirus pandemic, how the activities would support the mission of your organization and advance the humanities for the cultural sector and/or the general public. Provide a timeline for these activities in [Attachment 2: Work plan](#).

3. Jobs and personnel (corresponds with [review criterion 1](#))

Indicate the number and titles of the positions that would be retained or created in conducting the proposed activities. Explain how these positions have been affected by the coronavirus pandemic, or, if new, how they would help your organization or your part of the humanities sector respond to the pandemic's impact. Identify the people who hold (or will hold) these positions and describe the work they will do. Include salaried personnel employed by your organization and any consultants. Provide biographical information and a statement of each person's qualifications or a job description in [Attachment 3: Biographies](#).

4. Institutional capacity (corresponds with [review criterion 3](#))

Briefly explain the financial impact of the pandemic on your organization and whether you have furloughed or laid off staff. Describe your organization's capacity to administer an award of federal emergency funds in compliance with relevant regulations given the challenges brought on by the coronavirus pandemic (such as suspended operations, telework, etc.). Briefly summarize how the proposed activities fit within your overall strategy to ensure the long-term viability of the organization. State your organization's annual total operating costs for each of the three most recently completed years based on audited financial statements. (Small organizations may use unaudited financial statements.) Institutions of higher education should state the total operating costs of the component(s) for which they are applying (not the college/university as a whole).

ii. Research and Related Budget

Applicants must submit a project budget using the Research and Related Budget Form found in the Grants.gov application package, and attach a [budget justification in section L](#) of this form.

Complete a detailed budget for the period of performance requested. The form will generate a cumulative budget for the period of performance.

Required fields are indicated in yellow. If no funds are requested for a required field, enter a zero. You must round to the nearest whole dollar amount in all dollar fields.

All costs must be reasonable, necessary to accomplish project objectives, allowable in terms of [2 CFR 200 Subpart E - Cost Principles](#), auditable, and incurred during the period of performance. All costs are subject to audit, record retention, and other requirements set forth in [2 CFR 200 Subpart E](#).

Pre-award costs may be included in the budget, as long as they were incurred no earlier than March 27, 2020. Pre-award expenditures are made at the recipient's risk, and the recipient's authority to approve such costs does not impose an obligation on NEH in the event an award is not made or is made for an amount that is less than the recipient anticipated. All other project activities and expenditures of project funds must occur during the period of performance.

The inclusion of a cost category on the Research and Related Budget Form does not automatically indicate that an expense is allowable in this program. See [D6. Funding Restrictions](#) for a list of unallowable costs. Carefully review these instructions to ensure that costs are not disallowed.

When indirect costs are charged to the project, ensure that expenses included in the organization's indirect cost pool are not charged to the project as direct costs. For further information, see [Section H. Indirect Costs](#).

Introductory Fields

If not pre-populated, indicate your organization's D-U-N-S® number, the name of your organization, and the period of performance start and end dates. The period of performance may begin as early as June 15, 2020 and must end on or before December 31, 2020. Check "Project" for budget type.

Section A. Senior/Key Person(s)

Include the name(s) of the project director and other senior/key person(s) who are employed by the applicant organization and who are involved in the project.

For each senior/key person list their name and project role. Enter the annual compensation and identify the number of months the senior/key person will devote to the project in the applicable box (i.e., calendar, academic, summer). Use either calendar months or a combination of academic and summer months.

If level of effort does not change throughout the year, you may use only the calendar months column. You may use both the academic and summer months columns if your institutional business process requires noting each separately even if effort remains constant. If effort varies between academic and summer months, leave the calendar months column blank and use only the academic and summer months columns. If your institution does not use a 9-month academic year or a 3-month summer period, indicate your institution's definition of these terms in [Section L. Budget Justification](#).

Regardless of the number of months being devoted to the project, indicate the salary and amount of fringe benefits being requested for the senior/key person. Per [2 CFR §200.431](#), fringe benefits are allowances and services provided by employers to their employees as compensation in addition to regular salaries and wages. Fringe benefits include, but are not limited to, the costs of leave (vacation, family-related, sick, or military), employee insurance, pensions, and unemployment benefit plans. The sum of requested salary and fringe benefits will be automatically calculated for each senior/key person.

The form can accommodate up to eight senior/key persons. If you are requesting funds for more senior/key persons than the form allows, you must include an attachment listing the additional senior/key person(s) in the "Additional Senior/Key Persons" field. Use the same format as the budget form and include all the information identified in this section. If you have attached a file with additional senior/key persons, enter the total funds requested for everyone listed in the attachment in the "Total Funds requested for all Senior/Key Persons in the attached file" field.

All salaries and wages claimed must be in compliance with [2 CFR §§200.430](#) and [466](#). All fringe benefits claimed must be in compliance with [2 CFR §200.431](#).

Do not list details of collaborators at other institutions or consultants here, as they will be included in [Section F. Other Direct Costs](#).

Section B. Other Personnel

For each project role category described below, identify the number of personnel proposed, the total number of months, the total salary, and total fringe requested as described in [Section A. Senior/Key Person\(s\)](#). Totals will be automatically calculated.

Post-doctoral associates, graduate students, and undergraduate students

For all post-doctoral associates and graduate students individually list names, roles, associated months, and requested salary and fringe benefits in [Section L. Budget Justification](#). As a matter of programmatic policy, costs for undergraduate students are unallowable.

If applicable, include charges for tuition remission and other forms of compensation paid to students as, or in lieu of, salaries and wages. Such costs are subject to the reporting requirements in [2 CFR §200.430](#), and must be treated as direct or indirect cost in accordance with the actual work being performed. Tuition remission may be charged on an average rate basis.

Secretarial/Clerical

In most circumstances, the salaries of administrative, secretarial, or clerical staff at educational institutions and nonprofit organizations are included as part of indirect costs ([Section H. Indirect Costs](#)). However, examples of situations where direct charging of administrative or clerical staff salaries may be appropriate may be found at [2 CFR §200.413 \(c\)](#).

Inclusion of such costs may be appropriate only if **all** of the following conditions are met:

1. Administrative or clerical services are directly involved in a project or activity (for example, a project coordinator)
2. Individuals involved can be specifically identified with the project or activity
3. Such costs are explicitly included in the budget or have prior written approval of the federal awarding agency
4. The costs are not also recovered as indirect costs

Requests for direct charging for secretarial/clerical personnel (i.e., administrative and clerical staff) must be appropriately justified in [Section L. Budget Justification](#). For all individuals classified as secretarial/clerical, provide a justification (in the budget justification) documenting how they meet all four conditions. NEH may request additional information for these positions in order to assess allowability.

Other Project Roles

List any additional project role(s) in the blank(s) provided. Identify the number of each personnel proposed.

You may include up to six named roles. If you have more than six, you must combine project roles here and add an explanation about the named roles in [Section L. Budget Justification](#).

All salaries and wages claimed must be in compliance with [2 CFR §§200.430](#) and [466](#). All fringe benefits claimed must be in compliance with [2 CFR §200.431](#).

Do not list details of collaborators at other institutions or consultants here, as they will be included in [Section F. Other Direct Costs](#).

Section C. Equipment Description

List each item of equipment to be purchased with federal funds and its estimated cost (including shipping and maintenance), and justify each in [Section L. Budget Justification](#).

Equipment costs may not exceed 20% of total project costs.

Equipment may be purchased for a project if an analysis demonstrates that purchasing is more economical and practical than leasing (equipment rental/user fees should be included in the budget in [Section F. Other Direct Costs](#)). Equipment is defined as nonexpendable personal property costing \$5,000 or more and having a service life of more than one year (unless the organization has established a lower level). See [2 CFR §§200.313](#) and [439](#).

Consistent with [Executive Order 13788](#) ("Buy American and Hire American"), recipients and subrecipients who purchase equipment and products costing \$10,000 or more per unit with grant funds should purchase only American-made equipment and products. This encouragement does not apply to commercial information technology.

You may add up to ten equipment items to this list. If you request funds for more equipment than the form allows, you must include an attachment listing the additional equipment items in this "Additional Equipment" field. Enter the information in a separate file and attach it as a PDF. List each additional item and the funds requested for each individual item. If you have attached a file with additional equipment, enter the total funds requested for all the equipment listed in the attachment.

Total equipment costs will be automatically calculated based on the sum of the "Funds Requested" column and the "Total funds requested for all equipment listed in the attached file" field.

Section D. Travel

In light of the coronavirus pandemic and as a matter of programmatic policy, travel (both foreign and domestic) is disallowed in this program.

Section E. Participant/Trainee Support Costs

Per [2 CFR §200.75](#), participant support costs are direct costs for expenses such as stipends, travel allowances, subsistence allowances, and registration fees paid to or on behalf of participants or trainees (but not employees) in connection with conferences or training projects.

Per [2 CFR §200.432](#), a conference is defined as a meeting, retreat, seminar, symposium, workshop or event, the primary purpose of which is the dissemination of technical information beyond the non-federal entity and is necessary and reasonable for successful performance under the federal award.

Justify participant/trainee support costs in [Section L. Budget Justification](#).

Total participant support costs will be automatically calculated based on the sum of the Funds Requested column.

1. Tuition/Fees/Health Insurance

Leave this field blank.

2. Stipends

List the total funds requested for Participant/Trainee stipends.

3. Travel

As a matter of programmatic policy, travel (both foreign and domestic) is disallowed in this program.

Subsistence

As a matter of programmatic policy, travel-related subsistence (i.e., lodging and per diem) is disallowed in the program.

5. Other

Describe any other Participant/Trainee support costs and list the total funds requested for all other Participant/Trainee costs described.

Number of Participants/Trainees

List the total number of proposed Participants/Trainees. The value in this field cannot exceed 999.

Section F. Other Direct Costs

Total Other Direct Costs will be automatically calculated based on the sum of the Funds Requested column.

1. Materials and Supplies

List the total funds requested for materials and supplies. Include the total funds requested for materials and supplies to be used in the project costing the lesser of the capitalization level established by the applicant or \$5,000, regardless of the length of its useful life. See [2 CFR §§200.314](#) and [453](#).

In [Section L. Budget Justification](#), indicate general categories, including an amount for each category. Categories with amounts less than \$1,000 are not required to be itemized.

2. Publication Costs

List the total funds requested for publication costs. The proposed budget may request funds for the costs of documenting, preparing, publishing, or otherwise making available to others, the findings and products of the work conducted under the award. Include supporting information in [Section L. Budget Justification](#).

3. Consultant Services

List the total funds requested for all consultant services. Identify the following items in [Section L. Budget Justification](#), as applicable:

- each consultant, the services he/she will perform, total number of days, travel costs, and the total estimated costs; and
- persons who are confirmed to serve on external advisory committees to the project. Describe the services they will perform.

All consultant fees claimed must be in compliance with [2 CFR §200.459](#).

4. Automated Data Processing (ADP)/Computer Services

List the total funds requested for ADP/computer services. The cost of the applicant's computer services, including computer-based retrieval of scientific, technical, and education information may be requested. In [Section L. Budget Justification](#), include the established computer service rates at the proposing organization, if applicable. If such services are provided by a third-party, include them in [line 5 Subawards/Consortium/Contractual Costs](#).

5. Subawards/Consortium/Contractual Costs

List the total funds requested for project activities to be undertaken by third-party subrecipients. This includes subawards and other contractual costs proposed for the project. A complete itemization of the cost comprising the charge should be provided in [Section L. Budget Justification](#)

organized using the same categories present on the Research and Related budget. If there is more than one subrecipient, each must be justified separately in the budget justification. See [2 CFR §§200.330 and 331](#) for additional information.

Per [2 CFR §§200.92](#) and [330\(a\)](#), *subaward* means an award provided by a pass-through entity (the recipient) to a subrecipient for the subrecipient to carry out part of a federal award received by the pass-through entity. It does not include payments to a contractor (as defined in [2 CFR §200.23](#)) or payments to an individual that is a beneficiary of a federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

This line item should include both direct and indirect costs for all subrecipients. If a subrecipient is claiming indirect costs, include their federally negotiated indirect cost rate agreement as part of [Attachment 4: Federally negotiated indirect cost rate agreement](#).

Contractual costs as defined in [2 CFR §§200.22](#) and [330\(b\)](#), are occasionally sufficiently high to warrant a categorical breakdown of costs. When this is the case, provide detailed information as part of [Section L. Budget Justification](#).

6. Equipment or Facility Rental/User Fees

List the total funds requested for equipment or facility rental/user fees. In [Section L. Budget Justification](#), identify and justify each rental/user fee.

Applicants may charge depreciation in compliance with [2 CFR §200.436](#). If the equipment was purchased with federal funds under another award, user fees may be appropriate (see [2 CFR §200.313 \(c\)\(2\)](#)). The applicant may not charge both depreciation and user fees.

7. Alterations and Renovations

Do not include any expenses under 7. Alterations and Renovations. Per [2 CFR §200.462](#), costs incurred for ordinary and normal rearrangement and alteration of facilities are allowable as indirect costs.

8-10. Other

Include items not previously listed under other budget categories or in the indirect cost pool in lines 8-10. Use [Section L. Budget Justification](#) to further itemize and justify. “Miscellaneous” and “contingency” are not acceptable budget categories.

Section G. Total Direct Costs

This total will be automatically calculated based on the sum of the total funds requested for all direct costs (sections A-F).

Section H. Indirect Costs

Indirect costs (sometimes referred to as Facilities and Administration or “F&A”) are costs that are incurred for common or joint objectives and therefore cannot be readily identified with a specific project or activity of an organization. Items that would typically be regarded as indirect costs include the depreciation on buildings, equipment and capital improvement, operations and maintenance expenses, salaries of executive officers, accounting, and legal services.

Indirect costs are computed by applying a federally negotiated indirect cost rate to a distribution base (usually the modified total direct costs of the project).

For applicants seeking reimbursement for indirect costs: carefully review your institution’s negotiated indirect cost rate(s) to make sure you are using the most appropriate rate in your 20200511-AH-GA-HC-RJ-PB

application budget. Many institutions of higher education negotiate multiple rates—for example, “Research,” “Instruction,” and “Other Sponsored Activities.” With rare exceptions, your institution’s “Research” rate will **not** be the appropriate rate for inclusion in your NEH project budget, as the use of this rate is reserved for projects involving scientific research, not scholarly inquiry of the type most often supported by NEH.

Note: Except as provided in paragraph (c)(1) of [2 CFR §200.414](#), federal agencies must use the negotiated rates in effect at the time of the initial award throughout the life of the federal award. Award levels may not be adjusted in future years as a result of changes in negotiated rates. Except as provided in [2 CFR §200.414](#), when an educational institution does not have a negotiated rate with the federal government at the time of an award (because the educational institution is a new recipient or the parties cannot reach agreement on a rate), the provisional rate used at the time of the award must be adjusted once a rate is negotiated and approved by the cognizant agency for indirect costs. If the recipient fails to negotiate an indirect cost rate applicable to the period of performance within the period of performance, indirect costs may be disallowed.

Organizations that wish to include indirect costs in the budget but have **never** had a federally negotiated indirect cost rate may choose one of the following options:

- direct cost all expenses; or
- per [2 CFR §200.414\(f\)](#), the applicant may charge a de minimis rate of 10 percent of modified total direct costs (MTDC).

Per [2 CFR §200.68](#), MTDC are all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC exclude equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of \$25,000. If you choose one of these three options, indicate on the budget form which option you are choosing.

If you are claiming indirect costs, include a copy of your federally negotiated indirect cost rate agreement as [Attachment 4: Federally negotiated indirect cost rate agreement](#).

Indirect Cost Type

Enter the type of indirect cost (e.g., Other Sponsored Activities (OSA), All Programs, Instruction, 10% de minimis, etc.) and base (e.g., Salaries, Salaries & Fringe, MTDC, etc.) and whether the activity and rate are off-site or onsite. If more than one rate or base is involved for a given type of indirect cost, then list them as separate entries. If you do not have a current indirect rate(s) approved by a federal agency but intend to (re)negotiate, indicate "None--will negotiate." Use [Section L. Budget Justification](#) if additional space is needed.

Indirect Cost Rate (%)

Enter the most recent indirect cost rate(s) established with the cognizant federal agency. This field should be entered using a rate such as "32.5."

Indirect Cost Base (\$)

Enter the amount of the base for each indirect cost type. Use [Section L. Budget Justification](#) to explain any exclusions applied to the F&A base calculation.

Funds Requested (\$)

Enter the funds requested for each indirect cost type.

Total Indirect Costs

This total will be automatically calculated from the "Funds Requested" column.

Cognizant Federal Agency

Enter the name of the cognizant federal agency.

Section I. Total Direct and Indirect Costs

This total will be automatically populated from the sum of Total Direct Costs (from [Section G. Direct Costs](#)) and the Total Indirect Costs (from [Section H. Indirect Costs](#)).

Section J. Fee

Do not include any expenses under this section.

Section K. Total Costs and Fee

This total will be automatically calculated from the sum of Total Direct Costs and Fee (from sections "I. Total Direct and Indirect Costs" and "J. Fee"). Since there is no fee, this should be the same amount as in [Section I. Total Direct and Indirect Costs](#).

Section L. Budget Justification

The budget justification attachment is required. Attach only one PDF file named justification.pdf.

Use the budget justification to provide the additional information requested in each budget category identified above and any other information the applicant wishes to submit to support the budget request. The budget justification must specifically describe how each item will support the achievement of proposed objectives. If you have a quote(s), you may include it here. The following budget categories must be justified, where applicable: equipment, travel, participant/trainee support, and other direct cost categories.

Also use the budget justification to explain any exclusions applied to the base calculation. Do not use the budget justification to expand the project narrative.

iii. Application Components

In addition to the standard forms included in the Grants.gov application package, your application also consists of a narrative, budget, and other required attachments. You will upload these components into the [Attachments Form](#).

The Application Components Table below will help you prepare a complete application. Applications missing any required documents or conditionally required documents from this list will be considered incomplete and will be rejected from further consideration.

Proposals that exceed page limits or violate format instructions will be considered nonresponsive and will be rejected from further consideration.

SF-424 Application for Federal Assistance – Short Organizational

This form asks for basic information about the project, the project director, and the institution. Items **1**, **2**, and **4** will be automatically filled in; item **3** should be left blank. Provide the following information:

5. Applicant Information

Provide your organization's legal name, address, employer/taxpayer identification number (EIN/TIN), D-U-N-S® number, website address, and congressional district of the institution.

If your institution is located, for example, in the 5th Congressional District of your state, put a "5." If your institution doesn't have a congressional district (for example, it is in a state or U.S. territory that doesn't have districts, or is in a foreign country), put a "0" (zero).

Also choose the "type" that best describes your institution (you only need to select one).

All institutions applying to federal programs are required to provide a D-U-N-S® number, issued by Dun & Bradstreet, as part of their application. Project directors should contact their institution's grants administrator or chief financial officer to obtain their institution's D-U-N-S® number.

6. Project Information

a. Provide the title of your project. Your title should be brief (no more than 125 characters, including spaces), descriptive, and substantive. Successful applications will typically have titles that are descriptive of the project, substantive, and free of specialized language. Most importantly, your title should be easily understood by the general public. NEH reserves the right to retitle funded projects for clarity when announcing its funding decisions and in its own reports and communications, but recipients are permitted to use their preferred title for any award products.

b. Provide a brief (no more than one thousand characters) description of your project. The description should be written for a nonspecialist audience.

c. List the starting and ending dates for your project. All projects may begin as early as June 15, 2020 and must end on or before December 31, 2020.

7. Project Director

Provide the name, title, mailing address, email address, and telephone number for the project director. The project director is responsible for the programmatic aspects and day-to-day management of the proposed project. Because the project director's involvement in the proposed project is critical to its success, applicants must notify NEH immediately if the project director listed in the application changes.

8. Primary Contact/Grants Administrator

Provide the contact information for the official responsible for the administration of the NEH award (that is, negotiating the project budget and ensuring compliance with the terms and conditions of the award). This person is often a grants administrator or sponsored programs official.

The Project Director listed in section 7 may **not** be the same individual listed as the Primary Contact/Grants Administrator listed in section 8. The role of the project director must be distinguished from that of the institutional grant administrator, who functions as the representative of the recipient organization with authority to act on the organization's behalf in matters related to the administration of the award. All financial reports and prior approval requests such as budget revisions, extensions of the period of performance, and changes in key personnel must be signed or countersigned by the institutional grant administrator. Similarly, official correspondence from NEH to a recipient (for example, an offer letter, the award document, an extension, a supplement or amendment) is addressed to the institutional grant administrator and copied to the project director.

9. Authorized Representative

Provide the contact information for the Authorized Organization Representative (AOR) who is submitting the application on behalf of the institution. This person, often called an "Authorizing Official," is typically the president, vice president, executive director, provost, or chancellor. To become an AOR, the person must be designated by the institution's E-Business Point of Contact. For more information, consult the [Grants.gov Online User Guide](#).

Supplementary Cover Sheet for NEH Grant Programs

Provide the following information:

1. Project Director

Use the pull-down menu to select the major field of study for the project director.

2. Institutional Information

Select the appropriate institution type from the drop-down menu.

3. Project Funding

Enter your project funding information. [Learn more about different funding types.](#)

4. Application Information

Indicate whether the proposal will be submitted to other NEH programs, government agencies, or private entities for funding. If so, indicate when and to whom. NEH frequently cosponsors projects with other funders. Providing this information will not prejudice the review of your application.

For Type of Application, check "new."

Enter the primary project discipline (and, if you like, the project's secondary and tertiary disciplines as well).

Project/Performance Site Location(s) Form

Provide the primary location and any other locations where the project activity will occur **during the period of performance**. This form allows for the collection of multiple performance sites. If you need to add more project/performance site locations than the form allows, enter the information in a separate file and add it to the "Additional Locations" section. Instructions for each requested data element may be viewed by positioning your cursor over the blank field.

Certification Regarding Lobbying

Applicants requesting awards greater than \$100,000 must complete and submit the Certification Regarding Lobbying.

Standard Form-LLL, "Disclosure of Lobbying Activities"

If non-federal funds have been or will be used for lobbying, you must also complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities." See [2 CFR §200.450](#) for additional information.

Attachments Form

Attach your narrative, budget, and the other application components to this form. Consult the [Application Components Table](#) to learn about the required application components, how to name each attachment, and the order in which to attach them. You must name and attach your files in the proper order so that NEH can identify them.

When you open the Attachments Form, you will find fifteen attachment buttons, labeled "Attachment 1" through "Attachment 15." By clicking on a button, you will be able to choose the file from your computer that you wish to attach.

Your attachments must be in Portable Document Format (.pdf). Make sure that all files in formats other than PDF (images, Word or Excel files, etc.) have been properly saved as PDF files. Do not simply rename your non-PDF files with PDF extensions. If an attachment contains multiple documents, you must merge those documents into a single PDF. Do not attach PDF portfolios containing multiple PDFs. In addition, NEH cannot accept PDFs to which security has been added (password-protection, encryption, digital signatures, etc.). Flatten any such files before uploading to Grants.gov.

Visit [Grants.gov's Adobe Software Compatibility page](#) to verify the compatibility of your current software or to download the appropriate version. If you have a problem installing Adobe Reader, it may be because you do not have permission to install a new program on your computer. Many organizations have rules about installing new programs. If you encounter a problem, contact your system administrator.

Note the following Grants.gov file naming conventions: limit file names to 50 or fewer characters. Do not attach any documents with the same name. All attachments should have a unique name. Use only the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Attachments that do not follow this rule may cause the entire application to be rejected or cause issues during processing.

Grants.gov may accept and validate your submission even if required components are missing. This may result in NEH rejecting your application as incomplete. It is your responsibility to ensure that all required components are properly attached and submitted.

iv. Attachments

Provide the following items in the order specified below to complete the content of the application. Each attachment must be saved as a PDF and named in accordance with naming conventions outlined in the [Application Components Table](#).

Attachment 1: Narrative

Refer to the prior instructions on preparing your [narrative](#). Name the file narrative.pdf.

Attachment 2: Work plan

Provide a one-page timeline of your proposed activities, identifying responsible staff. Include the start date for any new positions that would be funded under this award. Name the file workplan.pdf.

Attachment 3: Biographies

Provide a brief biography for the project director and other key personnel. Each biography should not exceed one paragraph. Explain how each individual's technical competence and/or humanities qualifications will enable them to fulfill their responsibilities on the project. Applicants must not submit CVs or resumes. If it is uncertain who will fill a position, provide a brief job description in place of a biographical statement. Name the file biographies.pdf.

Attachment 4: Federally negotiated indirect cost rate agreement (conditionally required)

If the applicant institution is claiming indirect costs and has a current federally negotiated indirect cost rate agreement, submit a copy of the agreement. If a subrecipient is claiming indirect costs, submit a copy of its federally negotiated indirect cost rate agreement. Name the file agreement.pdf.

Attachment 5: Explanation of delinquent federal debt (conditionally required)

If you are delinquent in the repayment of any federal debt, provide explanatory information. Also provide evidence that you have entered into a repayment agreement with the Internal Revenue Service, and that you are current on all payments due. Examples of relevant debt include delinquent payroll or other taxes, audit disallowances, and benefit overpayments. See [OMB Circular A-129](#). Name the file delinquentdebt.pdf.

3. Unique Entity Identifier and System for Award Management

All organizations must submit their applications for NEH funding using [Grants.gov Workspace](#) or a Grants.gov system-to-system solution. Before using Grants.gov for the first time, each organization must have an Employer Identification Number (EIN) and register with Grants.gov.

The Grants.gov registration process requires completing information in three separate systems:

1. Dun and Bradstreet (<https://fedgov.dnb.com/webform>)
2. System for Award Management (SAM) (<https://www.sam.gov/SAM/>)
3. Grants.gov (<https://www.grants.gov/web/grants/applicants/organization-registration.html>)

Organizations must obtain a Unique Entity Identifier, currently a valid Dun and Bradstreet Data Universal Numbering System (D-U-N-S®) number. Organizations must also register with the System for Award Management (SAM) and continue to maintain active SAM registration with current information at all times during which you have an active federal award or an application or plan under consideration by an agency (unless the applicant is an individual or federal agency that

is exempted from those requirements under [2 CFR §25.110\(b\) or \(c\)](#), or has an exception approved by the agency under [2 CFR §25.110\(d\)](#).

If you have not already done so, SAM.gov will require entities to create a Login.gov user account. Applicants renewing or updating their registrations are strongly advised to know the email address associated with their current SAM.gov user account. Using the same email address allows SAM.gov to automatically migrate your roles. If a different email address is provided, your roles will need to be reassigned. This could cause delays in renewing or updating your SAM.gov registration. As of February 2, 2019, you will be required to review and agree to the Financial Assistance Representations and Certifications when registering or renewing in SAM.gov. These are a common set of certifications and representations required by federal statutes or regulations in accordance with Title 2 of the Code of Federal Regulations. You can review your organization's SAM registration [here](#).

Note: The requirement for obtaining a D-U-N-S® number and having an active SAM registration at the time of application in Grants.gov has been relaxed in response to COVID-19. Organizations that do not have a D-U-N-S® number must work with the Grants.gov help desk to submit their application. This may delay submission of your application. The NEH *strongly* urges you to obtain a D-U-N-S® and register in SAM prior to submitting your application.

NEH may not make an award to an applicant until the applicant has complied with all applicable D-U-N-S® and SAM requirements and, if an applicant has not fully complied with the requirements by the time NEH is ready to make an award, NEH may determine that the applicant is not qualified to receive an award and use that determination as the basis for making an award to another applicant.

If you have already completed Grants.gov registration for NEH or another federal agency, confirm that the registration is still active and that the Authorized Organization Representative (AOR) has been approved.

4. Submission Dates and Times

Applications under this announcement are due May 11, 2020 at 11:59 p.m. Eastern Time.

Applications must be complete, within the specified page limits, and validated by Grants.gov under the correct funding opportunity number prior to the deadline to be considered under this notice.

[Confirm that you successfully submitted your application](#). It is your responsibility as an applicant to confirm that Grants.gov and subsequently NEH have received your application.

NEH will assign a tracking number beginning with AH, GA, HC, RJ, or PB- to your application when it has been received by the agency. The assignment of a tracking number does not guarantee that the application is free of technical problems (such as missing attachments or failure to convert attachments to PDFs). If NEH's system detects a technical problem with your application after retrieving it from Grants.gov, NEH will send you an email notification.

Once an applicant formally submits an application, NEH will not comment on its status except with respect to issues of completeness and eligibility.

5. Intergovernmental Review

This funding opportunity is not subject to intergovernmental review under [Executive Order 12373](#).

6. Funding Restrictions

Funds under this notice may not be used for the following purposes:

- competitive regranting
- pre-award costs incurred before March 27, 2020
- equipment costs in excess of 20% of total project costs
- travel (both foreign and domestic)
- construction, purchase of real property, major alteration and renovation
- collections acquisition
- the preservation, organization, or description of materials that are not regularly accessible for research, education, or public programming
- promotion of a particular political, religious, or ideological point of view
- advocacy of a particular program of social or political action
- support of specific public policies or legislation
- lobbying
- projects that fall outside of the humanities and the humanistic social sciences (including the creation or performance of art; creative writing, autobiographies, memoirs, and creative nonfiction; and quantitative social science research or policy studies)

Also see the unallowable costs included in [2 CFR 200 Subpart E - Cost Principles](#).

Project costs may not overlap with other NEH grant and cooperative agreements and other federal financial assistance (including other federal awards and the Small Business Administration's Paycheck Protection Program).

All program income generated as a result of awarded funds must be used for approved project-related activities. The program income alternative applied to the award(s) under the program will be addition. Post-award requirements for program income can be found at [2 CFR §200.307](#).

E. Application Review Information

1. Review Criteria

Peer reviewers will use the following criteria to review applications in this program:

1. The degree to which the proposed project would retain humanities jobs threatened by the coronavirus pandemic or create new jobs, and the qualifications and level of involvement of the relevant personnel dedicated to the proposed activities (corresponds to narrative sections "[Jobs and personnel](#)" and [Attachment 3: Biographies](#)).
2. The importance of the proposed humanities activities to the applicant's mission, to the cultural sector, and/or to the general public; and the feasibility of successfully completing the proposed activities within the period of performance (corresponds to narrative sections "[Humanities mission and record of contribution](#)," "[Proposed activities and audience](#)" and [Attachment 2: Work plan](#)).
3. The reasonableness of the proposed budget in relation to the proposed activities, the applicant's capacity to properly administer federal relief funds in the current environment, and the long-term viability of the organization (corresponds to narrative sections "[Institutional capacity](#)" and the [budget and budget justification](#)).

2. Review and Selection Process

NEH staff review applications for eligibility and completeness. NEH uses a peer review process to evaluate all eligible and complete applications. Peer reviewers are experts in the field with relevant knowledge and expertise in the types of project activities identified in the applications. NEH

instructs reviewers to evaluate applications according to the review criteria outlined in this notice of funding opportunity. Peer reviewers must comply with federal ethics and conflicts of interest requirements.

NEH staff comments on matters of fact or on significant issues that otherwise would be missing from peer reviews, then makes recommendations to the National Council on the Humanities. The National Council meets at least twice annually to advise the NEH Chairman. The Chairman considers the advice provided by the review process and, by law, makes all funding decisions. [Learn more about NEH's review process.](#)

3. Assessment of Risk and Other Pre-Award Activities

NEH may elect not to fund applicants with management or financial instability that affects their ability to implement the terms and conditions of the award ([2 CFR §200.205](#)).

Applications that have received a favorable objective review are reviewed for other considerations that include past performance, as applicable; cost analysis of the project budget; assessment of management systems; continued applicant eligibility; and compliance with any public policy requirements. You may be asked to submit additional programmatic or administrative information (such as an updated budget or supporting documentation) or to undertake certain activities (such as negotiation of an indirect cost rate) in anticipation of an award. However, even at this point in the process, such requests do not guarantee that an award will be made. Following review of all applicable information, NEH's approving and grant management officials will determine whether an award can be made, if special conditions are required, and what level of funding is appropriate.

Award decisions are discretionary and are not subject to appeal to any NEH official or board.

4. Anticipated Announcement and Award Dates

Applicants will be notified of funding decisions by email in June 2020. For successful applicants, this notification is not an authorization to begin performance or incur related costs. Applicants may request evaluations of their applications by emailing NEH program staff. See [Section G. Agency Contacts](#).

Given the expedited nature of the review, NEH will not provide panelist or staff notes for funded or declined applications.

F. Federal Award Administration Information

1. Federal Award Notices

Institutional grant administrators and project directors of successful applications will receive award documents from the NEH Office of Grant Management by email in June 2020.

2. Administrative and National Policy Requirements

Awards are subject to [2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards](#), and the [General Terms and Conditions for Awards to Organizations \(for grants and cooperative agreements issued December 26, 2014 or later\)](#), and the specific terms and conditions in the Notice of Award.

Debarment, Suspension, Ineligibility, and Voluntary Exclusion Certification

You must comply with [2 CFR §§180.335](#) and [180.350](#) with respect to providing information regarding all debarment, suspension, and related offenses information, as applicable.

- 1) The prospective recipient certifies, by submission of this application, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
- 2) Failure to make required disclosures can result in any of the remedies described in [2 CFR §200.338](#), including suspension or debarment. (See also 2 CFR parts [180](#) and [3369](#)).
- 3) Where the prospective recipient is unable to attest to the statements in this certification, an explanation must be included in [Attachment 5: Explanation of delinquent federal debt](#).

Providing access to NEH-funded products

As a taxpayer-supported federal agency, NEH endeavors to make the products of its awards available to the broadest possible audience. Our goal is for scholars, educators, students, and the American public to have ready and easy access to the wide range of NEH award products. All other considerations being equal, NEH gives preference to those that provide free access to the public.

NEH recipients must follow the requirements of Section 504 of the Rehabilitation Act of 1973, which is designed to eliminate discrimination on the basis of disability in any program or activity receiving federal financial assistance. For more information consult [Design for Accessibility: A Cultural Administrator's Handbook](#).

Copyright information

NEH recipients may copyright any work that is subject to copyright and was developed, or for which ownership was acquired, under an award. In accordance with [2 CFR §200.315 \(b\)](#), NEH reserves a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use the work for federal purposes, and to authorize others to do so. NEH has typically exercised this right in consultation with recipients to publish an excerpt from resulting grant product(s) in *Humanities* magazine or on the NEH website.

Acknowledging NEH support

All materials publicizing or products resulting from NEH-funded activities must contain an acknowledgment of NEH support. Consult the [Acknowledgment and Publicity Requirements for NEH Awards](#) and [Publicizing Your Project](#) pages on the NEH website for guidance on acknowledging NEH support and promotion.

Eliminate waste, fraud, and abuse

Help NEH eliminate fraud and improve management by providing information about allegations or suspicions of waste, fraud, abuse, mismanagement, research misconduct (fabrication, falsification, plagiarism), or unnecessary government expenditures, during the period of award performance, to the [NEH Office of the Inspector General](#).

3. Reporting

Recipients must comply with the following reporting and review activities:

- 1) **Interim Federal Financial Report.** Recipients must submit the Federal Financial Report (SF-425) by October 31, 2020. It must be completed online in eGMS Reach, the

NEH's online grants management system. Further information will be provided in the Notice of Action.

- 2) **Interim Performance Progress Report.** Recipients must submit a performance progress report to NEH by October 31, 2020. It must be completed online in eGMS Reach. Further information will be provided in the Notice of Action.
- 3) **Final Reports.** Recipients must submit a final financial report and a final performance report by March 31, 2021. The final performance report collects information relevant to program specific goals and progress on strategies; impact of the overall project; the degree to which the recipient achieved the mission, goal and strategies outlined in the approved application; recipient objectives and accomplishments; barriers encountered; and responses to summary questions regarding the recipient's overall experiences during the entire period of performance. The final reports must be submitted online in eGMS Reach. Further information will be provided in the Notice of Action.

Related funding opportunities

We encourage you to review the list of other [funding opportunities offered by the National Endowment for the Humanities](#) and the [guidance to current NEH recipients impacted by COVID-19](#).

Eligible entities should also contact their state humanities councils. NEH supports [56 state and jurisdictional humanities councils](#) across the country, all of which also make awards to local humanities projects.

Given the uncertain nature of this public health emergency, we encourage you to consider other funding opportunities available for cultural organizations and institutions of higher education to address this crisis, including those from the [Small Business Administration](#), the [Institute of Museum and Library Services](#), the [National Endowment for the Arts](#), and the [National Science Foundation](#).

Privacy policy

Information in these guidelines is solicited under the authority of the CARES Act (Public Law 116-136) and the National Foundation on the Arts and Humanities Act of 1965, as amended, [20 U.S.C. 956, et seq.](#) The principal purpose for which the information will be used is to process the application. The information may also be used for statistical research, analysis of trends, and Congressional oversight. Failure to provide the information may result in the delay or rejection of the application.

Application completion time

The Office of Management and Budget requires federal agencies to supply information on the time needed to complete forms and also to invite comments on the paperwork burden. NEH estimates that it takes up to fifteen hours to complete this application. This estimate includes time for reviewing instructions, researching, gathering, and maintaining the information needed, and completing and reviewing the application.

You may send any comments regarding the estimated completion time or any other aspect of this application, including suggestions for reducing the completion time, to the Chief Funding Opportunity Officer at grantmanagement@neh.gov. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB number.
