

A NOTE TO OUR SUBSCRIBERS

LEFT AND RIGHT is proud to present this special Harry Barnes-Pearl Harbor issue as our giant 1968 issue. Somewhat more than double the length of one of our normal issues, we are charging \$1.25, or much less than three-fold our usual price per copy. But our subscribers should be assured that, while this issue will constitute our entire 1968 volume, it will only count as two issues on each person's subscription. Those who have subscribed for 1968, for example, will receive one more issue, in 1969, on their subscriptions.
