Trees Pacific NW:

<https://www.treespnw.com> Explore, find, learn, and teach the Trees of the Pacific Northwest - a friendly guide on your smartphone. Perfect for your hikes, vacations, and adventures!

Scan the QR code to get the app for Apple or Android:

Pacific NW Forests: Explore this app to find all the recreation opportunities the Pacific Northwest Region's 17 U.S. Forest Service Forests have to offer.

National forests in the Pacific Northwest receive over 15 million visits each year - this app is packed with useful information about trail and road conditions, local weather, fire information, and more, making it easy to find recreation opportunities nearby or off the beaten path.

Android:

Apple iOS:

iNaturalist:

<https://www.inaturalist.org/> - iNaturalist is a joint initiative of the California Academy of Sciences and the National Geographic Society. Explore and share your observations from the natural world.

Google Play: <https://play.google.com/store/apps/details?id=org.inaturalist.android>

Apple App Store: <https://apps.apple.com/us/app/inaturalist/id421397028>

i-Tree:

i-Tree delivers current, peer-reviewed tree benefits and science from the USDA Forest Service with free tools and support for students at all levels, homeowners, community advocates, sustainability officers, urban foresters, and more!

The global mission of i-Tree is to:

- Quantify the benefits and value of trees.
- Advocate for better tree and forest management.
- Show potential risks to tree and forest health.
- Assist with environmental justice efforts.
- Provide standardized metrics for carbon offset plans.

Scan the QR code to get apps for your smartphone and PC/web browser!
