2. Agenda Approval. (5 min.)

3. Minutes Approval. (5 min.)

April 8, 2020

4. Staff Recognitions. (10 min.)

5. IGM Report. (20 min.)

Jew Don Boney Jr., IGM

8:00 pm Public Comment. (30 min.)

6. PNB Reps. Reports (5 min. ea.)

7. Committee Reports. (5 min. ea.)

8. Consider Motions: (10 min. ea.)

A. Motion by Teresa Allen. Move that from this time forward, that the “KPFT Development Committee” and “KPFT Outreach Committee” be combined and designated the “KPFT Development-Outreach Working Group.”

B. Motion by Teresa Allen. Whereas former iGM Freeman terminated employment of Patrick Hoyt and Wendy Schroell in 2018, and **Whereas** there has been no official notification that they are not allowed to act as volunteers in the building, and **Whereas** there is some confusion as to whether Mr. Hoyt was told verbally that the "police will be called" if he is found on the KPFT property, and **Whereas** both of these individuals have put in many years of valuable volunteer service to KPFT. **Therefore:** this LSB affirms that these individuals are welcome and encouraged to volunteer at the station.

- C. Motion by Sandra Rawline. Move that from this time forward, should any slanderous and/or false statements be made during the public comment time during an LSB meeting, that said LSB member(s) be allowed equal time to refute said slanderous and/or false statements made against them immediately following the conclusion of the public comment portion of the LSB Meeting.
- D. Motion by Sandra Rawline. **Whereas** no D&O Liability Insurance currently exist for any LSB Member elected to serve on the Pacifica National Board. **Therefore**, the PNB shall require the IED to obtain and confirm D&O Liability Insurance for all members elected to serve on the PNB.
- E. Motion by Robert Gartner.

Whereas: Teleconferencing according to the Pacifica By Laws was not intended for routine use,

Whereas: the KPFT LSB has been making routine use of teleconferencing and its methods fail to adequately meet need,

Whereas: The PNB has questioned the current use of KPFT teleconferencing, in part, on the non-existence of basis, method, and process, where none was pre-established by way of the PNB or even any local Board,

Whereas: Tele-Methods used at KPFT LSB fail utterly. EX: a) Callers cannot be heard by everyone on the Board, b) muting has been abused, c) callers cannot hear the voices of members, d) calls fall off.

Whereas: WE are in a Pandemic, something not anticipated in the writing of the By Laws. By Laws are not being suspended-by-meeting in order to properly comply with the Pacifica By Laws and be able to use Teleconferencing,

Therefore, be it resolved that an investigation will occur to resolve problems with current tele use to find an adequate method for teleconference that is functional. Findings from that committee to be formed at the April 2020 meeting of the LSB, must be presented to the members before the May 2020 meeting of the LSB, for a vote to be taken by the KPFT Board at that meeting as to what method will be employed in the future.

9. **Next LSB Meeting.** (2nd Wednesday of the month - June 10, 2020)

10. **Adjourn. 9:45 PM.**
