

HELLO EVERYONE !

CHECK THIS OUT !

ARTHUR

The latest edition of **Cuba Health Reports** is online.

Published online by the editors of *MEDICC Review* journal, **Cuba Health Reports (CHR)** offers you health and medical news from Cuba with the same standard of reliable, evidence-based analysis.

CHR is the premier destination if you want to keep up with Cuban health and medicine—including initiatives to tackle domestic health problems, updates on the country's global health cooperation and key research developments.

A few of the articles in this issue:

Â§ **Cuba's Infant Mortality Rate Declines, Again**

Â§ **Overdue: Hospital Nacional Completely Overhauled**

Â§ **Julian Bond, NAACP, Visits US Students at Latin American Medical School**

Â§ **Studying Medicine in Cuba: Impressions of a First Year Student**
