

LCB Depot public spaces: our cafe, reception, courtyard, gallery and meeting rooms are open to all. They are spread across the ground floors of two buildings around a courtyard and are step-free. Access is via automated entrance doors to the main cafe, gallery & reception area (A Block), although the doors to the courtyard and B Block where the meetings are located are not automated.

Accessible toilets (Gender neutral)

There is one Accessible toilet in the A Block cafe/ reception, and one beyond the meeting area in B Block which is wheelchair accessible.

Assisted hearing

There is an induction loop hearing system on the main reception - to tune in, turn your hearing aid to the 'T' position.

Assistance dogs

Guide, hearing and other working dogs are most welcome in all areas of the building (doggie drinking water bowls available please ask)

Parking spaces

There are two accessible car parking bays for blue badge holders in our courtyard. Places can be reserved by calling 0116 261 6800 in advance to book. There are also parking bays on Southampton Street for blue badge holders, and pay & display bays on Colton Street and Rutland Street.

Across the road, NCP Rutland Centre, on Halford Street, is a 24/7 multi-storey car park with 17 disabled parking bays.

Support for those with Sight Loss

This is an area we are looking to develop to make our year round exhibition programme in the gallery and across site, changes we are looking are:

larger font sizes for exhibition labels and info panels and handouts, audio files on website/social media
