The man who admitted he had not heard of *Outworlds 71*

Lies, Damned Lies and Statistics

By Nic Farey

The following is a complete voting breakdown of ballots submitted for the 2021 FAAn awards (for work first published in 2020).

49 ballots were received. No entire ballots were rejected for any reason. One ballot was superseded by a later one sent by the same person. This intent was verified. Three individual votes were rejected for being for publications not from 2020. One voter substituted their choice, the other (with two occurrences on their ballot) did not. One vote for *Afterworlds* as a genzine was rejected for being out of category. The voter had already included *Outworlds 71* as a special publication, which is counted with *Afterworlds* as a single issue. Three votes out of category were transferred to the correct one after consultation. Two votes were recorded in multiple categories for the same fanzines. This was resolved with the voter by removing one and substituting the other.

Thanks to: Firstly, all who participated, particularly those who also engaged in awareness efforts; to **Jerry Kaufman** for agreeing to present the awards at the Corflu Zoom ceremonies, and to the Lifetime Achievement Award deliberation panel: **Johan Anglemark, Sandra Bond, Claire Brialey, Bruce Gillespie, Rob Jackson, Robert Lichtman, John Purcell** and **Pat Virzi**. *Very* special thanks as always to **Bill Burns** for unstinting encouragement, solid advice and continued support.

NUMBER ONE FAN FACE TALLY

“Number One Fan Face” is an additional award first given in 1998, but hasn’t been determined every year since then. Recent years have determined the award by aggregating votes or points received in all categories of the FAAn awards, and I’ve followed this method with a little modification.

In past tallies, a co-edited fanzine has had its total divided between co-editors, which I always thought was a bit unfair and not to say daft. Totals for such zines are here given in their entirety to each co-editor.

For reasons of expediency and space, not to say admitted laziness, I’m only showing the top ten aggregate vote getters, recalling that in the 2018 results issue of *TIR* the full list ran to four pages. The legend in the following table, in case it isn’t obvious: GZ (Genzine), PZ (Perzine), SP (Special Publication), FW (Fanwriter), FA (Fanartist), HW (Harry Warner, Jr. letterhack award), C (Fanzine Cover), W (Website). Bonus points for top choice are not included.
