- The 900-year-old Church of the Holy Sepulcher in Jerusalem, said to be where Jesus was crucified, died & rose, has long symbolized intra-Christian squabbling. So, it's great to see new cooperative efforts to restore the structure by the many denominations. <https://t.co/KMcndUjWP> 
- The most extreme temperatures (in Fahrenheit) that I have experienced, or at least the ones I have records of: -26° in Chicago, Jan. 10, 1982 (windchill: -76°) 113° in Tunis, Jul. 21, 1970 (heat index: 145°) Can you beat those? <https://t.co/e54p82Em0i> 
- See the fascinating counter-factual history by Andrew Roberts (@aroberts_andrew) in his book "The Last King of America" (about George III), as narrated by @RobertGIngram. What if the U.S. War of Independence not occurred? "No Bolshevik Revolution, no Adolf Hitler, no Cold War." <https://t.co/4YiQQgAQOs> 
- In an era of mumbles & euphemism, US Attorney #BreonPeace has shown exceptional courage: His office actually mentioned that cop-assailant #DzenanCamovic yelled "Allahu Akbar," then it explained the import of this Islamic phrase in violent #jihadi attacks. <https://t.co/ZtFmQ5A6fi> <https://t.co/YNc3CJxxAV> 
- @Wikipedia lists 70 names of individuals under the "#Neoconservatism" entry. (I like to note that the whole movement could fit into one large living room.) Oddly, but also symbolic of my own ambiguity, I am the only one called "(former neoconservative)." <https://t.co/dDPOCBzPrK> 
- Does the US government run secret bioweapon labs in #Ukraine that threaten Russia? No. But the world feels topsy-turvy when this life-long conservative agrees with liberal @MTomasky about the shame of @TuckerCarlson spewing pro-Putin conspiracy theories. <https://t.co/0IZFdJaoNa> 
- Unmasked in this article, "Gazans outraged over millions of dollars spent building mosques": Why does #Hammas place a higher priority on mosques than on houses & other necessities? Maybe, just maybe because it's a fanatical & extremist #Islamist movement? <https://t.co/RJqpVn6mul> 
- @Bild: Russian FM Lavrov was half way to Beijing by air when his plane, near #Novosibirsk, turned back to Moscow. Did Xi have 2nd thoughts, did Putin need him back, or something else? Dunno, but if this is true, it's likely bad news for Russia's attack. <https://t.co/r9BPTszoCT> 
- #MichelHouellebecq's novel "Soumission" includes a passage in which one character says she will escape France's Islamist government by moving to Israel, prompting a non-Jew sadly to reply, "There is no Israel for me." That comes to mind as Jews flee Russia & #Ukraine for Israel. <https://t.co/kj0YdfFLJA> 
- @TomFriedman's "Golden Arches Theory of Conflict Prevention," holds that 2 countries hosting McDonalds will not go to war. @CliffordDMay points out Russia's attack on #Ukraine has shredded this dangerously naïve idea. Tyrants ignore economic integration. <https://t.co/f6x9DBG04P> <https://t.co/ESw2wkJsm8> 
- @Yale divides Western companies' responses to #Russia's attack on #Ukraine: - Withdrawal (150 of them) - Suspension (178) - Scaling back (74) - Digging in (34) "Digging in" companies (like Koch & LG) need to be shamed until they change their evil ways. <https://t.co/RziCEX6CJy> <https://t.co/httpFOeCzgc> 
- It's good you are taking up this apocalyptic topic, @Max_Fisher. But you are wrong that the USSR "rejected as unthinkable" a single nuclear strike against the USA. To understand why, see #RichardPipes' 1977 article on Moscow's plans to win a nuclear war. <https://t.co/myoijfJluN> <https://t.co/FDOWpAY1sF> 
- @LeeSmithDC: Biden is deviously putting Israel "in the line of fire by pushing Jerusalem to mediate between Kyiv & Moscow. The point is to position Israel to catch the blame if Putin doesn't relent or the stubborn Ukrainians prove unwilling to surrender." <https://t.co/gBfnGUPZwV> 
- Yes, the Congress Party in India made too many concessions to Muslims. But I worry that the #BJP-led steps to redress those errors are over-reaching & could lead to catastrophe for the country if the world's largest minority population rebels against the existing political order. <https://t.co/ZYLGP1DHSE> 
- Ali Rashid Al Nuaimi of the #UAE Federal National Council & chairman of its Defense, Interior & Foreign Affairs Committee: @UNRWA's curriculum is "a threat to Palestinians" that will become a "threat to the whole region." Rubbing eyes in happy disbelief. <https://t.co/Q3x1WoSgGg> <https://t.co/g0H7hPTmol> 
- News item: "Russian lawmaker demands return of #Alaska, California fort and reparations amid U.S.-led sanctions." Me: Had Oleg @Matveychev made the #JCPOA contingent on this, Biden have would instantly turned Alaska over to #Putin. Dumb tactical mistake. <https://t.co/ddlu31g53c> 
- #USSenate candidate Mehmet @DrOz will keep his Turkish citizenship even if this means no security clearances for him. @JoshRogin: There's never been a senator with dual citizenship who served in a foreign military & maintains deep ties to another country. <https://t.co/IXJtpSKor7> 
- Adam Kredo (@Kredo0) quotes on the worse-than-ever #JCPOA: "Biden will have to gut sanctions on #Putin to protect the Iranians. He'll be spending the next three years vetoing congressional legislation imposing sanctions on Putin just to preserve his deal." <https://t.co/xz7mqpVDdz> 
- Brave new frontiers in #Islamism: "Former Nigerian Senator @ShehuSani Visits Islamic Police, #Hisbah, Asks If Afro Haircut Violates Islam. Operatives of the Islamic police are known for forcibly shaving off the hair of some youths for being 'un-Islamic.'" <https://t.co/H7aZmNW4zN> <https://t.co/TSMURuj5r2> 
- @DPaulOBrien's statement so bothered all 25 Jewish Democratic members of the U.S. House that they unanimously condemned his "patronizing attempt to speak on behalf of the American Jewish community," calling it "alarming & deeply offensive." I'm impressed. <https://t.co/UVux1YvzGm> <https://t.co/HC3UjPb1Qj> 

- Terrible news: Russia says it "received written guarantees" from the US to trade freely with Iran, thus salvaging the horrible #JCPOA. I.e., Biden capitulated to #Putin. Biden is surely the weakest American president in 233 years of American presidents. <https://t.co/raP5tGUiKW>
- Regional Indian high court rules that hijabs are not required by Islam: "There is sufficient intrinsic material within the scripture itself to support the view that wearing #hijab has been only recommendatory, if at all it is." This has huge implications. <https://t.co/uATZBHmAIM>
- More Biden incompetence: "Saudi Arabia Invites China's Xi to Visit Kingdom Amid Strained U.S. Relations. Trip could happen as soon as May, as alliances shift in the Middle East and Washington's regional partners seek out new security and economic ties." <https://t.co/85yDkTLvdg>
- @TheEconomist: A data cable is now being laid under the Red Sea that will connect—for the first time—Israel to Saudi Arabia. It promises both to improve the speed & lower the cost of information & to knit together a new regional alliance. What great news. <https://t.co/m6PxJGgF5>
- @MichaelBD: "As woke ideology expands the number & type of sexual minorities, it also expands the opportunities of white children to obtain a coveted status as a ... minority, a kind of work around for the drudgery of meritocracy." Ah, now I understand it. <https://t.co/j5T6MfbKdi>
- James Hankins: "A student in my department recently graduated summa cum laude with a prize-winning senior thesis and the best overall record in Harvard College." Nonetheless, every graduate program turned him down. JH adds sardonically, "It was just a bad year for white males." <https://t.co/Q1HodSF5Cc>
- The #EU has asked if #Israel "could supply liquified natural gas to help the continent wean itself off Russian supplies." In response, Israel "is considering" this request. Oh my, the shoe is sure on the other foot now. Where are the snooty Europeans now? <https://t.co/nAlekAc648>
- @ChinaInsight's report suggests that the #CCP's China may be more vulnerable to nuclear-level economic sanctions than is Russia. Yes, its economy is 10 times bigger, but short term the world can do easier without China's factory than w/o Russia's energy. <https://t.co/jXmdSlyn1X>
- ICYMI: After #Putin seized Crimea in 2014, #Ukraine built a dam to cut off the water supplying 85% of the peninsula's needs. Immediately after launching the current invasion, Russian troops knocked down that dam. This was a nearly hidden impetus for war. <https://t.co/38Y063pySu> <https://t.co/CAIhq8YtC7>
- Good to see that the press recalls the #Holodomor, the famine #Stalin imposed on #Ukraine in 1932-33 which caused ~3.5mn deaths from starvation. Undoubtedly, that Russian-induced catastrophe has a role in inspiring the ferocious resistance now underway. <https://t.co/0lXVFDiIH>
- @Amnesty International has cleverly come up with a new was to delegitimize the #JewishState, arguing that most American Jews do not want #Israel to be a Jewish state, but rather "a safe Jewish space" based on "core Jewish values." Thanks, @DPaulOBrien! <https://t.co/sBs0Z05fbo> <https://t.co/76nJelSUT6>
- Oh, those clever Islamists. Nika Nikoubin, 21, revenged the killing of #QasemSoleimani by luring a man in #LasVegas to a hotel room, engaging in kinky sex with him, then stabbing him the neck. He survived, fortunately. Time to rethink immigration policies? <https://t.co/UyifBrR4rC>
- A world first? The former defense minister of Georgia, Irakli Okruashvili (@IrakliOkruashv1), joined a Ukrainian foreign-fighter regiment that confronted Russian troops near Kyiv & disabled two armed vehicles. Hooray for #Ukraine's new foreign legion. <https://t.co/sS28QRkoT9>
- Why might Tehran go along with Putin's scuttling the #JCPOA? The @NYTimes suggests that fear of Russia drives this appeasement. In other words, better to live with economic sanctions than to disturb Russia. If only Biden inspired such respect and fear ... <https://t.co/JSCZklGFHy> <https://t.co/nLz1oQfGek>
- @DrHananAshrawi thinks that the Trump administration, and specifically @JaredKushner, adopted my #IsraelVictory policy. If only. No, Trump thought that generous benefits to the Palestinians would woo them away from anti-Zionism, an approach that failed. <https://t.co/EEhsgApqQa> <https://t.co/vC0b6yXROR>
- Did you know? Ukrainians across the political spectrum admire #Israel & see its successes as inspiration. @JoCroitoru finds this problematic but it makes good sense to me. <https://t.co/h2FFmDOxmi>
- I have just discovered that my mother, #IrenePipes, charmingly if dismayingly wrote up her experiences on a 2-month long academic visit to Moscow in 1975. I have now posted "Fleeting Thoughts on a Moscow Summer: Sardine Cans in the Freezer" on my website. <https://t.co/aNMdGD2Yty> <https://t.co/o003NTmMyC>
- Stupidest statement of the #Ukraine crisis? Easy, from U.S. Rep. Madison Cawthorn (@CawthornforNC): "Remember that Zelensky is a thug, ... that the Ukrainian government is incredibly corrupt & it is incredibly evil & it has been pushing woke ideologies." <https://t.co/POF2uePalf>
- Putin's Russian soldiers are failing at the invasion, perhaps in part because reluctant to fight Ukrainians. So, he turned to #Chechen #jihadis to serve as his shock troops, to carry out his dirty work in #Ukraine. It is looking more & more like genocide. <https://t.co/UsW70tq7E7>
- #MichaelCurtis at @NERIconoclast: "The world should recognize that Zelensky, like Churchill eighty years ago is the symbol of Western civilization." <https://t.co/tAV8iN58ue> <https://t.co/3NTFyOPlgw>
- "McDonald's didn't just close 850 restaurants in Russia. It froze a whole 30-year investment. Over the past 30 years, McDonald's has done more than share a taste of America. It has integrated into Russian life." I was at the very first restaurant in 1992. <https://t.co/MKQiwlcfrH> <https://t.co/Di02km9SEs>
- Zelensky channeling Churchill: "We will not surrender, we will not lose, we will go to the end. We will fight at sea, we will fight in the air, we will protect our land. We will fight everywhere ... we will not surrender." Love it. (Note the packed house.) <https://t.co/PyobMfOQzq>
- I did predict that Biden would sacrifice the #JCPOA rather than go easy on Putin. That said, I am in mild shock over this @POLITICOEurope headline: "Iran nuclear talks close to collapse over Russian demands." That would be a wonderful development for all. <https://t.co/fyb7NRt6mE> <https://t.co/psJskxSuAv>
- Here's the best military analysis I've encountered Russia's ineptitude in #Ukraine (it's quite staggering): @JonKay interviews #ScottMaloney for @Quillette. <https://t.co/vgKvjhhBGa>
- Putin's sudden spanner in the #IranDeal works (don't apply sanctions to Russian trade with Iran) turns out to be more than puffery. It apparently confronts Biden with a real dilemma. I stick by my prediction (below) that Biden will sacrifice the #JCPOA. <https://t.co/WejeoQPLRq> <https://t.co/eSc1UH9JF0>
- @MEForum's @SamWestrop provided the key research for a key Congressional letter to #USAttorneyGeneral Merrick Garland calling for a close investigation of Pakistan's new ambassador, #MasoodKhan, "in light of his perverse attachment to Islamic terrorism." <https://t.co/BPIpj3Xk0>
- Springfield Country Club (@SpringfieldCC1) plans to host a dangerous #Islamist group on March 12. @CAIR_PA is part of a national group with roots in #Hammas, the terrorist organization. Join me to call on the club to expel @CAIRnational from its premises. <https://t.co/YmTpEVYMJa>
- Here we go again: Another idiot Palestinian-Israeli "peace plan," this one "The Holy Land Confederation." As with earlier ones, it serenely ignores the #rejectionism dominant among Palestinians that so inconveniently gets in the way of Kumbaya solutions. <https://t.co/EvbKvrSz2J> <https://t.co/7AqDH6g6Pk>
- Another roaring Biden success story: "Saudi, Emirati Leaders Decline Calls With Biden During #Ukraine Crisis ... They won't help ease surging oil prices unless

- Washington supports them in Yemen, elsewhere ... But both took phone calls from Putin last week." <https://t.co/vq50QRsboE>
- My buddy @HorsedNooh returns to Christians attending mosque services. Now, he warns imams to censor what they say around infidels: "If you bring Christians to the mosque, please tell the Imam of the mosque so that he can prepare & prepare a topic that will attract their hearts." <https://t.co/6rkeVp4Vid> <https://t.co/mRCZuZzHGD>
 - @SenatorHagarty: "The #Biden Admin. is so blinded by its green-energy fantasies that it would rather work with dictators than admit that it was a mistake to abandon America's energy independence. It would rather work with killers than American drillers." <https://t.co/5I19yLffPJ>
 - @DCExaminer: @TheJusticeDept has indictable evidence of 2 Iranian operatives plotting to assassinate @AmbJohnBolton. But Biden resists publicly indicting them "for fear that it could derail his drive for a nuclear deal with Iran." Outrageous weakness. <https://t.co/EcZSgb7Uob>
 - Did you know? #Ukraine's population is about 1% #Muslim. Of that number, over half are Crimean Tatars, with Volga Tatars, Azeris, Uzbeks, Turks, Arabs, and Kazakhs making up most of the remainder. These diverse peoples generally have lived in the area for centuries. <https://t.co/vMLheVvgwy>
 - @BenWeinthal on a @MEForum webinar: Germany is as bad a @NATO ally as is Turkey. Me: What's shocking is how very, very few people realize the sad fact of Berlin's "soggy appeasement" of Russia, Iran, the #CCP & other hostile states. Handel über alles. <https://t.co/0bcz95YJYK>
 - Putin to Biden: Limit the sanctions or I'll disrupt the #IranDeal. Biden to self: What do I care more about, pressuring Putin or appeasing the ayatollahs? Hmm, tough one. Me: Betting Biden conflates hating Putin w/Trump & prioritizes #Ukraine over Iran. <https://t.co/WYmS6ulyCW>
 - Refuting the idea that Western alarm over Putin's invasion of #Ukraine is somehow racist, the Investigative Project on Terrorism (@TheIPT) quotes me reminding readers that Westerners responded even more strongly versus #SaddamHussein's invasion of Kuwait. <https://t.co/BdYvaiWas4> <https://t.co/LiRbDp0bkG>
 - Discover the logic of illegal migrants demanding their legal rights, as expressed by Riaz, 27, a tailor from Bangladesh: "We know we were there illegally, but the [Greek] government is not illegal, so it should not treat us illegally." Makes perfect sense. <https://t.co/PCu8h1rh0e>
 - Amira, an ex-Muslim: "according to shari'ah law you are allowed to own another human being but you are not allowed to eat a ham sandwich." <https://t.co/wZHjjoSpbH>
 - Noteworthy that in #SouthKorea, despite a v low birthrate, it is politically acceptable to cite #nationalcharacter as a reason to be against immigration. #NamgungMyeon: "It will unsettle our national foundation, enervating our national character & values." <https://t.co/RKtSHURrk8>
 - Well that's a nice surprise: Iran's former president @Ahmadinejad1956 has praised #Ukraine's "honorable & almost unrivalled resistance" against #Putin's invasion. Me: He's was ghastly as president but quite improved since leaving office in 2013, even criticizing Tehran policies. <https://t.co/bLRYHRZ6p2>
 - #MbS: "We don't look at Israel as an enemy, we look to it as a potential ally, with many interests that we can pursue together. But we have to solve some issues before we get to that." Translation: Only on becoming Saudi king can I ditch the Palestinians. <https://t.co/c74m55qXlp>
 - Great title, perfectly sums up the contradiction of U.S. foreign policy under Biden: "Sanctioning Russia and bribing Iran?" @ShoshanaBryen, @TheJPC. <https://t.co/rUAwIFrPUD>
 - More insanity from a leading American institution of higher learning, this time @Georgetown University: "The U.S. government wants to criminalize Muslims & Muslim communities." That insight comes courtesy of @Dr_Maha_Hilal, who wrote a book on this topic. <https://t.co/qNpxdZrp3n>
 - @NYTimes: The National Flag Company, a 153-year-old company based in Cincinnati, sold 450 Ukrainian flags since the Russian invasion began a week ago. In 2021, it sold a total of just 7 Ukrainian flags. Me: If you can't find one, just wear blue & yellow. <https://t.co/ART65kj6jO>
 - @ThePolForum: One main "reason that the Left is keen for a fight with #Putin is that many of them don't think of Putin as an independent source of global malignancy but as a surrogate for Donald Trump." This does help explain the Left's strong reaction. <https://t.co/m3zPFPLfKG> <https://t.co/uR4cxvGR3q>
 - @OlafScholz wrote a powerful statement in the @YadVashem guestbook about the "everlasting responsibility of every German government for the safety of the State of Israel & the protection of Jewish life." But he also insisted on appeasing Iran. What goes? <https://t.co/S9SKK564wz> <https://t.co/NVn1b2TVK9>
 - The African assault on Europe continues, to little notice. Today, ~2,500 would-be illegal migrants violently assaulted the fences separating the Spanish enclave of #Melilla from Morocco; 491 succeeded, the largest single-day total ever. How many tomorrow? <https://t.co/pgzuJtcqmJ>
 - @Jeff_Jacoby: "To safeguard the island from the invasion that Beijing keeps threatening to unleash, #Taiwan needs a nuclear arsenal ASAP. Even a relative handful of missiles with nuclear warheads would suffice to...deter an attack from the mainland." Yes. <https://t.co/ecz1qZjEgK>
 - Notice the contrast? When illegal Middle East & African migrants arrive in Europe, they are overwhelmingly adult males. When #Ukrainian refugees arrive in Europe, they are overwhelmingly females & children (the men cannot leave, must stay to fight the #Russians). Just saying. <https://t.co/pil5sRNNiH>
 - Similarities between #Saddam vs #Kuwait & #Putin vs #Ukraine: - Completely unprovoked attack - No ideology - Justification based on confused & contradictory lies - Massive international opposition That victory of 31 years ago then almost disappeared. Would this one do likewise? <https://t.co/Ko74wrVQsU>
 - Hello, #Kahanists (followers of Meir Kahane): Watch how Putin's Russia is being radically disengaged economically & culturally from the outside world. Israel could suffer something similar if it pursued your expulsion policies. So, adopt another policy. #IsraelVictory any one? <https://t.co/rfkETHNKWj>
 - #Putin may threaten but, for the first time, a majority of #Finns (53%) favor joining @NATO, with only 28% opposed - a rough reversal from quite recently. The percentage of #Swedes has also gone up. Everything Putin does ends up the opposite these days. <https://t.co/F9IRFRS782> <https://t.co/uXOdo4kgPn>
 - As a wise wag put in it 1990, responding to #SaddamHussein's unexpected invasion of #Kuwait: "The best way to achieve strategic surprise is by doing something stupid." The same applies to Putin's unexpected invasion of #Ukraine. <https://t.co/WMHnh0CvIc>
 - Have you noticed how much tougher the European governments are on Russia than the Americans (eg, closing air space)? Here's maybe why: Biden thinks he needs Putin's help to close the #IranDeal (even though it's so favorable to Tehran) he desperately wants. <https://t.co/DxWSL2YShN>
 - A survey finds that 79% of #Jewish voters will vote for @ZemmourEric in the first round of French presidential elections on Apr 10. It's a strong repudiation of the Jewish leadership & its prioritizing good relations with the authorities over constituents. <https://t.co/m6PmUx2Ry7>
 - Why have the #UAE & #SaudiArabia stayed neutral on Russia's invasion of #Ukraine? One analyst suggests it's partly because of a weak policy toward Tehran: "There's a feeling that the US has not offered enough support to [them] in their conflict with Iran." <https://t.co/oETJRitLuR> <https://t.co/oAoAQd4grm>
 - One Western European politician, speaking about Ukraine's president #Zelensky: "We are in awe of him. He may not eventually be able to save #Ukraine, or change

- Russia, but he is changing Europe." <https://t.co/SLIGnKq5Cn>
- "We are in an extraordinary situation." #Switzerland, the oligarchs' favorite banker, has abandoned its very long-standing tradition of neutrality to freeze the financial assets of #Putin, #Mishustin. #Lavrov & 367 others the EU had previously sanctioned. <https://t.co/og8073kgeP>
 - The woke US military purposefully indoctrinates cadets at the Air Force Academy (@AF_Academy) with far-leftists. It sponsored a famous actor (!), @GeorgeTakei, speaking, as he always does, about how horrible the United States is & how badly it treated him. <https://t.co/OSoAZHnE5>
 - ,@Jeff_Jacoby: "There is a historical injustice on the map of Eastern Europe that cries out for rectification: the occupation of #Kaliningrad by Russia. Given the brutal & unprovoked attack on #Ukraine, Moscow should belatedly be forced to relinquish it." <https://t.co/4R0lbwc4Xv> <https://t.co/o3ZuUAPEcb>
 - Watch the moving & important speech by Germany's Chancellor #OlafScholz declaring a total change in his country's economic, military & foreign policy. Let's hope this does happen. Also, note the members of parliament wearing the colors of #Ukraine's flag. <https://t.co/tdPrejLFfk>
 - #MichaelCurtis: "Questions about Putin's state of mind have been raised in the medical world. Is he suffering the effects of Long Covid which can affect mental health & may impact his ability to consider risk in policy?" The nuclear alert suggests trouble.<https://t.co/3pbVyab6s5>
 - #Ukraine in 1994 gave up its nuclear arms in return for Russia, the UK & US reaffirming "their obligation to refrain from the threat or use of force against the territorial integrity or political independence of Ukraine." Now, who would ever do that again?<https://t.co/2P6ZawvzS7> <https://t.co/rIBo154fXh>
 - .@TheTimes: Over 400 #WagnerGroup mercenaries have reached Kyiv, ordered by Putin to assassinate Zelensky & #Ukraine's top political leadership to prepare for a puppet government. That explains the "hard" 36-hour curfew in Kyiv, to locate these saboteurs. <https://t.co/84mWPx5GSS>
 - Zelensky agrees: "We appeal to the European Union for the immediate accession of #Ukraine via a new special procedure. Our goal is to be together with all Europeans & to be on an equal footing. I'm sure it's fair. I'm sure it's possible." Do it, EU, now. <https://t.co/AhYRS7ynBz> <https://t.co/TGTBEjs0xv>
 - Morning-show host on the liberal-leaning Echo of Moscow radio station: "So, has #Russia become #Venezuela or is it still #Iran?" Economist Yevgeny S. Gontmakher: "We'll go through the Iran phase but what happens after that is hard to say." Poor Russians. <https://t.co/MngsM9SbCi>
 - This was the scene today when #Putin ordered his top military commanders to place #Russia's nuclear forces on alert. Am I the only one to find it weird? Beyond the absurd table, note the discomfort of the two generals. I worry about Putin's sanity. And that is especially scary. <https://t.co/BKHdbYBtmA>
 - The horrible price of that isolation: #Putin believed his own nonsense about #Ukraine not being a real country - despite a millennium of history - and none of his minions dared contradict him. So, now, he is hugely surprised by the stiff, passionate resistance to his aggression. <https://t.co/5xnjPIRD2a>
 - I admit, Trump is right on this one: "Under Bush, Russia invaded Georgia. Under Obama, Russia took Crimea. Under Biden, Russia invaded Ukraine. I stand as the only [U.S.] president of the 21st century on whose watch Russia did not invade another country." <https://t.co/3uSRI9AQH7>
 - Too many conservatives & #civilizationists cozied up to Putin, attracted by his machismo, nationalism & anti-leftist views on religion & feminism. The invasion of #Ukraine has now discredited not only them personally but—worse—their political positions. <https://t.co/lLOCY8Yxa>
 - #JohnMearsheimer was as thoroughly wrong about #Ukraine as he was about #Israel. Too bad his audience was almost 10 million. Fortunately, nearly every last one of them now has either forgotten or repudiated his foolishness. Maybe time to hang up the old keyboard in shame, John? <https://t.co/mY4RbdNj1p>
 - UK Foreign Minister Liz Truss (@trussliz): Her government backs Britons who join the Ukrainian resistance fighting against Russian forces. Hello, Antony Blinkin (@SecBlinken), what about Americans? <https://t.co/UK9nocFywm>
 - "Dump all the Russian vodka and, alongside ammo and missiles, send the empty bottles to Ukraine to use for Molotov cocktails." Great idea. #WeAreAllUkrainians. <https://t.co/gb46ItIONd>
 - .@Charles_Lipson: The #Ukraine crisis reveals that "Biden seems to think it is less costly politically to impose more pain on ordinary consumers for gasoline & home heating than to confront Green Energy advocates in his own party." Me: Such deep weakness. <https://t.co/iMAGoB1ya8>
 - The good news: Russians seem widely to reject #Putin's nonsense about the US using #Ukraine as a weapon & therefore oppose his war. The bad news: Despite the #CCP's caution, most Chinese gobbled up Putin's anti-American nonsense & fell in love with him. <https://t.co/rX6MHINSF7>
 - .@NYTimes: "Road service employees begin dismantling road signs across #Ukraine in order to complicate navigation for the invading Russian troops." Me: Not everything about warfare is complicated. <https://t.co/4nYa6qeesG>
 - The greatest quote of the war, so far, spoken by Ukraine's strong president in response to America's weak one: "The fight is here; I need ammunition, not a ride." <https://t.co/rAzKWWs26n>
 - Fun fact: The world's largest Jewish center is not in Israel or the US but in #Ukraine. That would be the #MenorahCenter that opened in 2012, funded by philanthropist #GennadyBogolubov and located in #Dnepropetrovsk. The 7-towered (Menorah, get it?) has 538K sf. May it survive. <https://t.co/WH3WVGJ6iv1>
 - .@MarcoRubio: "No matter where you stand on this Ukraine-Russia situation, what we should have done beforehand, what we should do now, the one thing everyone can agree upon is that the people of Ukraine are inspiring to the world." <https://t.co/FGHkAIGQYj>
 - This is the best news in the world right now: "#Ukraine's defense forces, outmanned & outgunned, waged a ferocious resistance to the Russian invasion, battling to keep control of the capital, #Kyiv, and other cities. There was intense street fighting." <https://t.co/eGHfSZCBtu>
 - This is the perfect moment to rush #Ukraine's membership into both the #EuropeanUnion and #NATO. #WeAreAllUkrainians <https://t.co/EnVIFETRWE>
 - It is inspiring to read this "open letter from Russian scientists and science journalists against the war with #Ukraine" signed by hundreds of brave, sensible souls. To sum up its message: "War with Ukraine is a step to nowhere." <https://t.co/DxpjQL7e0m> <https://t.co/grwKUVa9Qb>
 - The comment below reflects the Bad Trump who will say anything to harm Biden. There's also the Good Trump, as displayed in this video where he rightly lambasted Germany for increased dependence on & payments for Russian energy supplies. Take heed, Biden. <https://t.co/Uh216g0EJZ> <https://t.co/98OdCMO7FI>
 - #Putin's new threats: "Finland & Sweden should not base their security on damaging the security of other countries. Their accession to @NATO can have detrimental consequences and face some military & political consequences." He's crazy drunk with power. <https://t.co/iJnLw5lJwl>
 - Further on @JohnKerry's effusions from @WSJopinion: "The climate lobby has made Mr. #Putin more powerful. Every time Mr. Kerry visits Moscow, the boys in the Kremlin must think it's Christmas." <https://t.co/dUVxNVWrJM> <https://t.co/vp4XQN2cpy>
 - One more likely negative consequence of Russia's invasion: @SelimKoru: If Putin "wins a major military victory against #Ukraine and is able to weather the economic &

- diplomatic consequences, it will only accelerate Turkey's move into a post-@NATO stance." <https://t.co/OOWWif19Aa>
- Gleb O. Pavlovsky, once Putin's adviser, is stunned P's description of #Ukraine as a dire threat to Russia: "I have no clue where he got all that—he seems to be reading something totally strange. He's become an isolated man, more isolated than Stalin was." <https://t.co/43QS9Ars7M>
 - In retrospect #Ukraine being neither in @NATO nor permanently excluded from it was a fatal error, enraging the bull without protecting against it. This was especially egregious after Georgia was attacked for similar reasons. And Ukraine itself had been in 2014. Where is wisdom? <https://t.co/HKJYVz3pXq>
 - It's 20 years today since my first article devoted to #IsraelVictory: "What appears to be endless carnage does come to an end when one side gives up. It appears Palestinians are approaching that point, so if Israel persists it will get closer to victory." <https://t.co/usqCoVzydD> <https://t.co/cGDThJXk3X>
 - Putin's invasion of #Ukraine has so many wretched consequences (humanitarian, economic, Taiwan, etc.); is there a silver lining? Yes, one. It's a chance for the West to be kicked out of the climate-change & critical-race-theory stupors, a wake-up opportunity to abandon wokeness. <https://t.co/hZi0gGsHec>
 - Biden's #WhiteHouse issued this statement today: "Joined by Allies and Partners, the United States Imposes Devastating Costs on Russia." Me: "Devastating?" No way. Putin has prepared for this moment with "Fortress Russia," \$640bn & surging energy prices. <https://t.co/DRwRFBdMCC>
 - Have you noted the Arab-Israel and Russia-#Ukraine parallels? - Aggressor wants victim state to disappear from the map - Aggressor is dictatorial, victim is democratic - Aggressor has vastly larger military forces - Victim just trying to live quietly - Victim's leader is #Jewish <https://t.co/tfkl5pxft>
 - @JohnKerry maintains his reputation for mental dimness by worrying publicly that attention to climate issues "will be diverted" by Putin's invasion of #Ukraine. Plus, he fears "massive emissions consequences" from the fighting. One could not make this up. <https://t.co/yddDs0jbWf>
 - Biden implicitly encouraged #Putin's attack on #Ukraine in two main way: by reducing US sources of energy & by abandoning #Afghanistan. He now hopes to compensate for those massive errors through ... economic sanctions. Yeah, right. Putin (and Xi) are totally intimidated by that. <https://t.co/Yk7RvbFVAQ>
 - A reminder of a mostly hidden way that Putin's idiotic, barbaric, medieval invasion of Ukraine will affect the Middle East. <https://t.co/ppQOIrHDwQ>
 - Putin's barbaric invasion of Ukraine is an unprovoked disaster that will damage almost everyone, especially Russians. Ukraine is vital in itself; also, how the outside world handles this crisis will likely influence Xi's plans to attack Taiwan. It's time to be unified & strong. <https://t.co/CnyuHUy7PP>
 - Why isn't New York's @GovKathyHochul wearing a hijab? Seems a bit hypocritical not to. <https://t.co/9YfvL8CsBv>
 - @NYTimes: For a quantitative sense of how Xi's turn inward has radically closed up the #CCP's China in the past two years: "The number of passports issued in the first half of 2021 was 2 percent of the same period in 2019." <https://t.co/eFbSyKGVHa>
 - Israel's DM Benny Gantz gave advice to Putin: "As someone who knew wars, I know the winner also loses them." This seeming reference to Israel's 1967 triumph points to the IDF's desultory mentality & its remoteness from a #IsraelVictory mentality. How sad. <https://t.co/KytBBHK76z>
 - With the world's eyes on #Ukraine, it was a perfect moment for #Ethiopia's regime to begin power generation at the #GERD, its huge & aggressive dam along the Blue Nile. Me: This dam could lead to an even bigger & worse war than Russia invading Ukraine. <https://t.co/RAHsJD9l0e> <https://t.co/xcmfiZM3ql>
 - #WafaSultan, physician, immigrant to the US & articulate critic of Islam, has helped found the Association of Arab Atheists (تجمع اللادينيين العرب) which opened its virtual doors yesterday. It's one more sign that ex-Muslims are making their voices heard. <https://t.co/oS1mAvXizW>
 - Nixon's trip to China exactly 50 years ago was supposedly "the week that changed the world." But South Vietnam fell in 1975. Taiwan in 2022 is especially threatened. And the #ChiComms today do more damage around the world. In retrospect, then, the trip looks like a grave error. <https://t.co/GvnhwG3yfn>
 - Trump responded to Putin's invasion of #Ukraine with "This is genius," "very savvy," and a model for the United States vis-à-vis Mexico. - Me: What a stupid, obnoxious, and harmful comment. - Too many Republicans: Right on, boss. <https://t.co/fLKjHUVloV>
 - Here you have @SaharAzizLaw stating on video that the world's "largest Muslim-majority country ... is Egypt and maybe Iran is a close second," while Indonesia's population is "nearing 100 million." She also implies that most Muslims come from the MidEast. She teaches at @RutgersU! <https://t.co/Thkd9TDMRI>
 - London police are investigating if UK's Prince Charles broke the law by selling a title to Mahfouz Marei Mubarak bin Mahfouz, a Saudi. The gory details have the air of a parody in which degenerate British & Saudi aristocrats assume they fly above the law. <https://t.co/5OXXRT76Db>
 - The relationship of literary #Arabic to dialects today resembles medieval Latin to Italian, French, Spanish, Portuguese, Romanian, Romansh, etc. See the graphic below for how widely "I want" differs in 8 contemporary Arabic dialects from Morocco to Iraq. <https://t.co/3QePSGMoEq> <https://t.co/3XsOSNCQdU>
 - @AEHarrod records the comical ignorance of @RutgersU law professor @SaharAzizLaw, who stated as a fact that the world's "largest Muslim-majority country ... is Egypt and maybe Iran is a close second," while Indonesia's population is "nearing 100 million." <https://t.co/lr1gT4zGHN>
 - - #Donetsk People's Republic - #Lugansk People's Republic Beyond Putin's fundamental deceit claiming that these regions of Ukraine should belong to Russia, why does he call them "people's republics," with its throwback to Soviet terminology? Is he displaying his inner Bolshevik? <https://t.co/uHaVkgkuTn>
 - Israel's demographic statistics for 2020 are now out. Hidden among its details is a tiny & startling fact: "The #Jewish fertility rate surpassed that of Arabs for the first time, with Jews having 3 children on average compared to 2.99 in the Arab sector." <https://t.co/xp9Bur962j>
 - @VDHanson at his most eloquent, shredding Biden, Trudeau & their snobby, effete minions: "Each time Trudeau speaks, the visual message is that any trucker could do a better job, while he would become a helpless weeping child behind the wheel of a big rig." <https://t.co/7OxE5Nik63>
 - A leak at @CreditSuisse reveals MidEast kleptocracy (in USD millions): 1 - Bouteflika 22 - Kheir of Jordan 52 - Suleiman of Egypt 193 - Qaboos 196 - Mubarak sons 264 - Abdullah of Jordan I wonder in which Swiss bank @RTErdogan & @khamenei_ir stash funds. <https://t.co/wlmcP6djUj>
 - @RTErdogan is obviously an antisemite. Nonetheless, whatever the motives, it's good to see Jewish historical monuments rehabilitated, much of it with taxpayer funds, in #Türkiye. H/t Cnaan Liphshiz (@hebrish). <https://t.co/hcXLgKQ24v>
 - Ethiopia's unilateral action makes this a dark day for Egypt and maybe others. Let's hope filling the #GERD does not lead to war. <https://t.co/9hlubu0Zsq>
 - Contradictory facts: - @BLS_gov: The over-65 labor force participation rate is ~19% percent. - @Schroders: Of the over-62-year-olds, just ~5% start taking Social Security at 70. Me: If so many elderly need early pension money, why do so few keep working? <https://t.co/mOYXn7GNtH>
 - It does appear from the outside that #BoyTrudeau has become a fascist. (Have I, with this, just made myself liable to arrest on entering Canada?) <https://t.co/2N1xM5VQBm>
 - It's now Sunday, Feb. 20, the last day of the #CCP's #GenocideOlympics and, therefore, the last day we know for sure that Putin will not invade Ukraine (he does not want

- to spoil Comrade #Xi's party, after all). #Ukraine & #Taiwan are now clear targets. We all must support them. <https://t.co/4exlk6yWes>
- @TheGoodISIS has published "Iran's #Natanz Tunnel Complex: Deeper, Larger than Expected" to explain how a new nuclear mountain complex is 50% more inaccessible than the existing one. When will the world get serious about dealing with this mortal danger? <https://t.co/RANjzLg5J> <https://t.co/aWXGWeJS4s>
 - - Muslim Arab student in New Jersey to teacher: I'd like a homework extension - Teacher: "We don't negotiate with terrorists" Of course, @CAIRnational jumped at the faux pas & now gets to indoctrinate ~300 staff for 90 minutes. When will Americans learn? <https://t.co/97DXlaGiYs>
 - Leon Aron (@AronRTTT): "Russian people today are the generation of Afghanistan, they have veterans in their families. There are those who lost their husbands, older brothers. They will not stand for [invading #Ukraine]. So, [#Putin]'s not going to invade." <https://t.co/xt7HGgNNqT>
 - The Infographics Show (@TheInfoShow) produced an excellent podcast, "What Will Actually Happen if Russia Invades #Ukraine." Lasting 21 minutes with 4.3 million views, it assesses the battle order & provides a subtle assessment of how a war might transpire. <https://t.co/4qcpkkGGHb>
 - @AP refers to Le Grand Remplacement (The Great Replacement) of #RenaudCamus as a "white supremacist conspiracy theory." But it merely articulates common sense: that European elites assuage guilty consciences by encouraging Muslims & Africans to immigrate. <https://t.co/8cLwflR3dP>
 - @IsraelHayomEng : Hmm, someone is confused here. Stand tough against tyrants or make week-kneed deals with them? <https://t.co/0uQ7cedRij>
 - Headline: "Transgender swimmers break records." I have concluded that the United States of America is becoming a trivial country, obsessed by absurdities and blind to the vast threats surrounding it, from the #CCP's China to Putin's Russia to #Islamism. <https://t.co/BUT0w4V25M>
 - #LawrencePeck: One expects US pro-#NorthKorea elements to be stridently anti-Israel. But "what is truly scandalous is how Jewish organizations & media have almost entirely failed to condemn the purveyors of this vicious, overt #antisemitism." Hello, @ADL? <https://t.co/vh5nlkw6Lt>
 - The latest at @NYUniversity? Oh, the usual: A speaker, Regan de Loggans, instructs Americans, "if you're white, leave [the USA]; it's really that simple." The speaker? An "indigequeer agitator" & an "anti-Zionist Jew" who "advocate[s] extremely for the liberation of Palestine." <https://t.co/BWafjCYjvE>
 - An Afghan story: - Father sells 10-yo daughter into marriage for \$1K - Family has money for food - Father flees, abandons his 6 children - Husband demands his wife - Mother tries to raise \$1K to win her divorce How will the drama end? Probably not well. <https://t.co/0mJJedpoHs>
 - "The victory & defeat paradigm was the strategy throughout human history. ... The West, giddy in a largely unipolar world where multilateralism & endless meetings, meaningless conventions & inconsequential conferences are the norm, has forgotten how to win." <https://t.co/pmUqqbFYkF>
 - No less than 8 top figures in # Hamas and #PIJ have quietly slipped out of Gaza with their families for the safer & more luxurious locales of Qatar & Turkey, urging their followers to martyrdom from hotel poolsides: "Resistance in Gaza, residence in Qatar." <https://t.co/2adHnquPkq>
 - Prof I Dumitrescu (@iribus) has written an impressively self-critical piece about groupthink among professors: "all academics are capable of errors of judgment, especially when they instinctively fall in line with the opinions of their peers." @chronicle <https://t.co/MxUXuil6jw>
 - Monica Showalter (@mmsowalter1): The "Great Parent Revolt" has reached #SanFrancisco, the leftist big city in the United States. The issues at stake are outlandish & their rejection was overwhelming. Is this a turning point? Will @TheDemocrats awake up? <https://t.co/yxk6l29Za1> <https://t.co/vKVeJworlo>
 - I am very saddened to learn of the death of the witty, insightful, and so-sensible #PJORourke, as gentle in person as ferocious in print. Here's a picture of him and me in New Hampshire in July 2013. <https://t.co/9CCQVmsz4m> <https://t.co/C36sCqh6wr>
 - @SpeakerPelosi: "The greatest political achievement of the 20th century was the establishment of the State of Israel and I am very proud that America is Israel's oldest ally." Me: - Impressive - @TheDemocrats' old guard speaks. But will the young follow? <https://t.co/PQbWGiK9a1>
 - @AbramsElliott rightly pins the blame for Germany's heavy, unnecessary & self-defeating reliance on Russian gas mainly on two individuals, being its prior two chancellors: "the execrable" #GerhardSchröder & the "un-admirable" #AngelaMerkel. Right he is. <https://t.co/T3iNQ1hZZ9> <https://t.co/5BC1BJQpJ5>
 - @IlanBerman: Ukraine's wheat exports as % of consumption: 43 in Libya, 50 in Israel, 55 in Lebanon, etc. I.e., if Russia invades #Ukraine, expect a plunge in grain exports, a jump in prices & greater likelihood of 2011-style unrest through the MidEast. <https://t.co/lnlvazaPsk>
 - Italian official Gian Marco Centinaio (@giamma71): "In Italy, coffee ... is an authentic ritual. It is an integral part of our national identity and an expression of our social relationships." Me: A beverage expresses national character? How very mystical. <https://t.co/hhskpbCYUk>
 - Direct passenger flights from Tehran to Caracas will begin March 21. Why? Well it's both a "strategic destination" for Iran and because tourism will "have big importance, above all else." Me: In fact, it's two outlaw states trying to work better together. <https://t.co/QB31D8vtOb>
 - Oh great. Two Tunisian influencers with ~2mn social media followers have glamorized the "harqa" (illegally crossing the Mediterranean Sea to Europe) as a cool thing to do, glibly denying the danger involved & irresponsibly encouraging others to follow suit. <https://t.co/9vVsTbQVSz>
 - @BrunoTertrais: As #Russia rapidly becomes more Muslim & less Orthodox Christian, #Putin not surprisingly obsesses over keeping fellow Ukrainian Slavs very close to Russia. This helps explain the background to the current crisis, beyond the other factors. <https://t.co/sgA0hcGYIC>
 - @BenjiBaird shows at @FWIslamism how, in the course of defending the jihadi #AafiaSiddiqui, "her supporters unwittingly reveal the radical world of #antisemitism and Islamic supremacy from which she emerged." Me: Does anyone care about this delusion? <https://t.co/Q8DrHvIVp9>
 - Glad to see that a politician, Rep. Vicky Hartzler (@RepHartzler), has finally focused on the absurdity of #LiaThomas becoming the #1 female swimmer in a campaign for US Senate in Missouri. I wonder when Pennsylvania Senate candidates will pick up on it. <https://t.co/72S8dqoSZb> <https://t.co/ACht1KYi5y>
 - The @NYTimes published a rueful story about Muslims emigrating from France due to bias. Count me skeptical: - How many emigrants are there compared to immigrants? - How bad is it when a jr gov't minister runs for president, fails & so leaves for the US? <https://t.co/OSuyD5fYCF>
 - UK defence secretary @BWallaceMP: "It may be that [Putin] just switches off his tanks & we all go home but there is a whiff of Munich in the air." Me: That's a provocative but flawed parallel. I'd say the current Russia-Ukraine situation has no precedent. <https://t.co/hR2urSbXLw>
 - Mr Sensitive: Since 2014, @RTErdogan's regime has - Opened 160K investigations into supposed insults against him - Put 39K people on trial for these "crimes" - Handed down 13K sentences - Jailed 4K individuals And still #Türkiye remains a member of @NATO? <https://t.co/yYhtA9u6uo>
 - Iranian President #EbrahimRaisi on current #JCPOA negotiations: "We put our hopes on the east, west, north, south of our country, and never have any hope in Vienna & New York." Me: I sure hope he is sincere, not bluffing, and that the talks will collapse. <https://t.co/kYxp81sJ5>

- Criminals exploit the anonymity of #burqas & #niqabs, so these must be banned in public. But #hijabs are a matter of personal preference & should be allowed. Therefore, India's authorities should permit hijabs in schools. Banning them risks conflagration <https://t.co/d6wz16KoeV>
- The cost of climate-change mania. Germany decides to: - Go off coal & nuclear power - Rely on natural gas until sustainable power suffices - Depend on Russia for gas, ignoring #Putin's tyranny This leaves Germany unwilling to seriously to sanction Russia if it invades #Ukraine. <https://t.co/Un8CiloTUw>
- The @NYTimes is now promoting an #Islamic religious phrase, #Inshallah (pronounced In-sha-allah), "If God wills," for everyone to adopt and use. Imagine it promoting a Jewish or Christian religious phrase. You can't? The very thought boggles the mind? <https://t.co/yh9oOhNGtY>
- #Tunisia's President #KaisSaied is increasingly finding his inner despot. The latest proof: Without authority, he dissolved the country's Supreme Judicial Council. That he's a professor of constitutional law only makes this step that much more egregious. <https://t.co/tf7NiDkFlo>
- @OguzKSalici, deputy leader of #Türkiye's opposition CHP party: Due to nearly 50% inflation, some households' electricity bills are as high as their rent. <https://t.co/5e6ov4QD4O>
- "By 2050, the Middle East & North Africa could be dealing with 400 million more elderly people suffering from dementia. A lack of facilities, specialists & local knowledge means the region is woefully underprepared." That's a problem I did not see coming. <https://t.co/PPWP3f89T>
- Even during the worst days of the Cold War, university presidents did not disgrace themselves as Mark Wrighton (@PresWrightonGW) has done here, siding with the #CCP against a Chinese dissident. But this does remind one of how US universities responded to the #Nazis in the 1930s. <https://t.co/gykN7BegMv>
- #Islamist threats on their lives have led to 35 individuals living in #France now enduring the rigors of police protection. Me: - All 35 rate as heroes. - Even the fascist and communist movements never individualized threats like this during peacetime. <https://t.co/ymNJTS5gxq>
- Robert McCauley explains why buying #cryptocurrency is like entering into a #Ponzi scheme. Actually, he argues that comparing @Bitcoin to a Ponzi scheme is unfair to Ponzi schemes, which have two important redeeming features absent from cryptocurrencies. <https://t.co/uo0ckEcUgK>
- News item: "How Ethiopia used a Turkish drone in a strike that killed nearly 60 civilians." Me: #Türkiye's dictator @RTERdogan spreads joy around the world, including Ethiopia, where the central government genocidally attacks some of its own citizens. <https://t.co/phIC9hX1qd>
- Mansour Abbas (@MnsorAbbas) of Israel's Ra'am Party, speaking now to the @WashInstitute: "Everything I do is historic ... I seek to show Arabs and Jews how to live together in the context of Israel." Me: He's impressive. <https://t.co/aq1HyCiPSZ>
- Yes another sign of Europe's Jewish leadership criticizing Israelis in order to appease their own establishment: This time it's the British who condemn @BezalelSm, leader of the Religious Zionist party. (To which, he replies "I love you all!" to UK Jews.) <https://t.co/UKF4UgBZm7>
- News item: A member of Congress confused "#gazpacho" with "#Gestapo." Me: - The @GOP, conservatives, and Americans are becoming a joke - But the #CCP's China is no joke. Nor are Russia or Iran - Will we wake up in time? Few indications make me optimistic <https://t.co/RaUgd42mFs>
- @JohnRossomando: "America's woke military of 2021 has echoes of the heavily politicized French military that was routed by the Nazi Germans in 1940." He condemns today's "increasingly bureaucratic, politicized, and visionless Pentagon" as non-deterrent. <https://t.co/3BU7lighHL>
- "How to Answer When Asked for Your Pronouns? Replying implies acceptance of the premise that humans can choose their gender, but refusal isn't always an option." Please add your snappiest & most polite retort to the dumb question, "What are your pronouns?" <https://t.co/8nRi8nZleq>
- The latest news from @MESA_1966, the Middle East studies guild, h/t @LegInsurrection: "At the time of the initial MESA #BDS resolution, MESA's website listed 54 institutional members. As of Feb. 7, MESA lists only 46 institutional members, a 14.8% drop." <https://t.co/HNXczjBejk>
- What amazing, beyond-the-fringe statement will the academy come up with next? Here's @UMich's perpetual embarrassment, the inimitable Juan Cole (@jricole): "Islam Wasn't the Threat—#Islamophobia Was." (Note that he avoids mentioning #Islamism & #jihad.) <https://t.co/Vs3PgaXhpf>
- #Egypt's Pres. #Sisi has given the military another big fat present, 36 islands in the Nile & 1 in the #Mediterranean. Me: This government will stop at almost nothing to win & keep the favor of the officers. Sadly, it's been this way since 1952. 70 years! <https://t.co/V03VKfrigR>
- @ThePolForum points out the Left's rank hypocrisy: "What is taking place in Canada right now is about as close to a full-scale workers' rebellion as the West has likely seen in a century or more. It's no wonder the Left hates it & hates its participants." <https://t.co/1OzGPH9nf9> <https://t.co/FUwroO7Y7A>
- Look at these skis. The crescent against a pale blue background recalls the East Turkestan flag, thereby raising the #CCP genocide in #Xinjiang. Bravo to #Türkiye ski jumper Fatih Arda İpcioğlu (@Ardalpcioğlu) for this small but important hint of dissent. <https://t.co/2k4siwWCMW> <https://t.co/vMomFXRH8j>
- @RTERdogan's #Islamist campaign against high interest rates has many casualties. Here is one unknown to me until now: overworked and underpaid, medical doctors are fleeing #Türkiye in substantial numbers. When & where will this ill-fated experiment end? <https://t.co/xilBBxRzr8>
- Here is my mother and me on this date 71 years ago, skiing away, as recoded by the Boston Record-American. Looks like fun. <https://t.co/gyeNvfDW9A>
- Im Tirtzu (@IMTLzionism): Foreign governments gave \$171mn to radical, left-wing, anti-Zionist organizations in Israel (@HaMokedRights, @BTselem, @YeshDin, @AdalahEnglish, #PeaceNow, @BtSIsrael, etc.) during 2012-21 to undermine "Israel's Zionist identity." <https://t.co/78RjzEc2Po>
- What fun when the extreme Left fights among itself, now about the Nevada lithium mine called #ThackerPass. "Radical feminists" & transgender activists can't agree whether men claiming to be women may enter women's public toilets. May the lithium be mined. <https://t.co/xDtPcRMDQT>
- The French government yesterday set up another official body (the third, by my count) to establish formal relations with the country's Muslim population. Me: The "Forum de l'islam de France" (#FORIF) will be as forlorn & useless as all its predecessors. <https://t.co/J3DXF9sa68>
- 21 government leaders are attending China's police-state, genocidal #CCP Olympics. Ten of them head Muslim-majority countries: Egypt Kazakhstan Kyrgyzstan Pakistan Qatar Saudi Arabia Tajikistan Turkmenistan UAE Uzbekistan The #Uyghurs, I expect, will long remember this perfidy. <https://t.co/4lJrSErOUh>
- U of @Penn female swimmers: Through the clever ploy of declaring himself to be a woman, #LiaThomas' ranking as a swimmer "bounced from #462 as a male to #1 as a female." Me: What a great short-cut to the top! <https://t.co/BCMjpf2hkz>
- @Charles_Lipson: "This is America. We have free-speech rights, except at universities." <https://t.co/wDK3xsJisN>
- Is there anything good to say about the #CCP's police-state, genocidal @Olympics now underway in China? Yes, one thing. Putin will surely not invade Ukraine so long as the games are underway. So, the world can enjoy 2½ weeks, until Feb. 22, of relative peace. Then, watch out. <https://t.co/MRxpKQOOd6>
- In 2015, I stopped using the words "terrorism" & "terrorist" due to their imprecision. Here's a new reason for you to do likewise: When over 3% of Türkiye's population is

- suspected of terrorism for holding dissident views, the term has spun into absurdity.<https://t.co/KS9BR4rF4Q>
- "I had no right to change the outcome of our election." Reactions to this news: - Bravo to @Mike_Pence for stating an obvious truth - It's dismaying that Republicans are so delusional that, over one year later, this obvious truth still needs articulating <https://t.co/srR3iQ25JT>
 - @SamWestrop has compiled info on 5,600 American Muslim organizations: - 62% are mosques/Islamic centers - 1,570 filed searchable tax returns; these have a total of over \$3.1bn in total assets & \$1.6bn in total revenue And Islamists control most of this. <https://t.co/arVq2iKIXN>
 - The latest Palestinian tactic to harm Israel: - Get a Palestinian, #IymenChehade, to threaten to run for Congress - Have him make a deal with incumbent @RepMarieNewman not to run - Require Newman to adopt anti-Israel positions Presto! Brilliant! Illegal! <https://t.co/Uiwfd9T1nW>
 - @TomCottonAR: China's "genocidal prison state" will host the 2022 Winter @Olympics—and spread its propaganda worldwide—thanks to: - The International Olympic Committee - The Biden administration - Hypocritical business executives. Me: Cotton's right. <https://t.co/0Kq94rQ1ZN>
 - The Taliban captured Timothy Weeks, an Australian teacher & evangelical Christian, in 2016 & held him for 1,192 days. Weeks then converted to Islam, became Jibra'il Omar (@AfghanistanSola). His goal now? To convince the world Islam is a religion of peace.<https://t.co/bat9jouMvg>
 - A senior State Department official: Iran will have enough fissile material enriched to weapons-grade capacity in "weeks, not months." (h/t: Adam Kredo @Kredo0) Me: So, will someone tell what the negotiations in Vienna are, other than an elaborate charade? <https://t.co/S4LFNe40C1>
 - @ABC/@Ipsos poll: - 76% of Americans want Biden to consider "all possible nominees" for the #SupremeCourt vacancy - 23% want him to limit his choices to a Black woman - 28% of Blacks endorse the limitation This renews my faith in Americans' good sense. <https://t.co/OnAKc8nAW2>
 - Sorry, but I disagree with the vociferous Israeli & Jewish response to the antisemitic @Amnesty report. So much attention enhances it. The better approach would be to ignore it when not asked about it & disdain it when asked. Don't give it all this priceless unearned publicity. <https://t.co/Q1b3xDwJY4>
 - - Communist China has ubiquitous electronic surveillance to control its subject population - Japan has selective surveillance to keep track of school children and the elderly with dementia One is horrifying, the other is practical & sad. Is it inevitable? <https://t.co/lxo7APB2XW>
 - Headline: "Jeff Zucker Resigns From @CNN After Relationship With Top Executive." Me: It's the #NewVictorianism. Two divorced people have a consensual romantic relationship. One must resign from a high-powered job because he did not inform his superiors? <https://t.co/elGxDpa4tg>
 - Most national flags show some combination of colors, some show animals. My favorite (Lebanon's) shows a tree. The flag of #SaudiArabia is by far the most offensive, what with the #Shahada & a sword. Great news that MbS might change it. Anything is better. <https://t.co/yeptbS2Q3Y>
 - Well, #JamesJoyce made it through one full century. "Ulysses" was published on Feb. 2, 1922. How many more centuries does it have to before expiring? <https://t.co/iNSqj06WIM>
 - Headline: "Biden Designates Qatar as a Major Non-NATO Ally." Me: - I suggest Russia as the next Major Non-NATO Ally, then Communist China. Perhaps Iran after that. Even North Korea, maybe? - It's appalling that @JoeBiden & Co. can't tell friend from foe. <https://t.co/3HHFvFvtmR>
 - #Türkiye's main opposition party (@herkesicinCHP): the government is responsible for 2,694 deaths and 3,145 incidents of torture or maltreatment in 2021. And the cherry on top: 353 people were detained, 51 convicted for criticism of President @RTErdogan. <https://t.co/LIQ3QgLB0b>
 - Delighted to announce the launch today of @MEForum's "Focus on Western Islamism" (@FWIslamism). What's there? Authors gain an audience, readers find serious & literate analysis, anti-Islamist Muslims win a voice, and Islamism's inner workings get exposed. <https://t.co/enVoEsmqM6>
 - I join the world today in grief for the oppressed people of Myanmar (Burma), on the first anniversary of the brutal, senseless military coup d'état. May the civilian government in exile come swiftly to power, with minimal further damage to the population. <https://t.co/nfzVWdx9iC> <https://t.co/tlihrncNqP>
 - @UmarLeeIII: "Being banned from dysfunctional, anti-Black, non-spiritually uplifting ethnocentric places & losing a collection of religious nuts, cutthroat politicians & cultural appropriators is about as consequential as a lifetime ban from Dollar Tree." <https://t.co/Vbti449Xlu>
 - @LarryElder reads from the work of #ZacKriegman to shows that American police, if anything ... have an anti-white bias as shown by the numbers of unarmed males killed by law enforcement. Larry is brave, free-thinking, and truth-seeking. Top that combination. Listen to his show! <https://t.co/fi1u0yQPu3>
 - Bravo to @SamWestrop & the @MEForum team that brought the record of this Pakistani "dangerous radical" to wide attention. Bravo to @SecBlinken & the @StateDept for looking more closely into #MasoodKhan's background. Now, do the right thing, please, and reject him as ambassador. <https://t.co/9Uvyu5hRgw>
 - @RamiAmerDabbas collected mixed reactions to Israel's president now visiting the #UAE: - The UAE is a "second home to Israelis" - The UAE is in a "free fall into the abyss" Me: Ironically, as Arabs accept the #JewishState more, the Left accepts it less. <https://t.co/d0p0d9nq1d>
 - The news from #Manbij, Syria: - An unknown assailant raped a five-year-old girl. - Her parents responded by murdering the girl "in cold blood." - Then they dumped her body in a garbage container. Me: Difficult to absorb such appalling, inhumane behavior. <https://t.co/Uhb4OhvzYt>
 - Good question. Simple answer: They don't want to irritate the mullahs ruling Iran. <https://t.co/rKwJ6RpGov>
 - Condolences to the family of #LarryGreenfield on his untimely death. He was a wonderful person, a fine writer & a good friend. This picture of him & me dates from July 4, 2010, at the City Hall in Krakow, Poland. Larry's liveliness comes through clearly. <https://t.co/uzpwM6yp9U> <https://t.co/SqEjgZGRbu>
 - #PalestinianAuthority: "We defeated the Hyksos, Romans, Greeks, Persians, Tatars, Pharaohs," and will defeat the Israelis. Me: - No Palestinian identity even existed until 1920 - Even fantasy victories can inspire - The Palestinians do understand victory <https://t.co/Wv56tYHHOO>
 - Türkiye's President @RTErdogan is brilliant. - His country has a problem with high inflation. - He solves it by firing the head statistician. - Future inflation will predictably plummet. Why aren't the rest of us learning from him how to solve problems? <https://t.co/livE4gBmxm>
 - Here's some of the U. of Washington (@UW)'s list of "racist, sexist, ageist, ableist, homophobic" words to avoid: Blackout days Blind spot Brown-bag lunch Crazy Dumb Healthy Grandfather Housekeeping Ladies Minority Native speaker Peanut gallery Webmaster <https://t.co/wMfdre1ILI>
 - I told #YasserHarrak (M.E. Seminar Forum) about the Morocco-Israel relationship: "Moroccans benefit by having one less enemy, by a defense agreement with a powerful ally, by taking a step toward religious tolerance, and by winning new support in the West." <https://t.co/KWx9woNvRd>
 - An excerpt from my replies to detailed questions about the US debate over the Palestinian-Israeli conflict. "Partisan differences being so strong, criticism by anti-Zionists does me no harm; actually, it raises my stature among those I wish to influence." <https://t.co/BusaEo5OGI>
 - 25 years ago, Islam was as obscure to Westerners as Buddhism is today. One sign of how much that has changed, how familiar Islam now is: Its terminology has entered

- the mainstream vocabulary of Western politics: jihad, fatwa, ayatollah & now even taqiya. <https://t.co/My9m7SLJSn>
- The key reason for the big #COVID19 debate: 1. Medical scientists have done remarkable work on #mRNA, etc. 2. Public health scientists have basically no clue about COVID-19's source, causes, dispersion, frequency, intensity, or duration. The Left focuses on #1, the Right on #2.
 - In an article, "Do Europe's Nations Have National Characters?" I look in particular at 4 countries, noting both Western & MidEastern opinions. Conclusion: It's a giant muddle, with "descriptions of #nationalcharacter as useless as they are contradictory." <https://t.co/dKYEn7kbNQ>
 - #AJCaschetta: Local & national press butchered the story of @TheIPT reporting on @CAIRNational. It was not an "Islamophobe" spying on innocent Muslims but courageous moderate Muslims exposing an extremist, even #jihadi, organization. Bravo IPT, AJ & @NRO. <https://t.co/Vxon8KblvB>
 - 1984—Jillian Becker (@Jillian19213400) founded the Institute for the Study of Terrorism 1993—The @UniofLeicester bought its archive 2022—Becker learns the university disposed of the archive without a trace Me: This history symbolizes today's higher ed. <https://t.co/cMilhfrjH3>
 - Not how we usually think of #Jerusalem. But this is how it looks today, blanketed by snow. <https://t.co/9JfblYKip>
 - Isabella Meibauer (@IMEibauer): American "tax-free donations are moving through the 501(c) public charity system and being sent to a [Shiite] nonprofit founded by a banned terrorist group" in #Pakistan. Me: This is such an old ploy, but it still works. <https://t.co/KnkUtksjHf>
 - Starting in Germany in 2007, many ex-Muslim organizations have emerged in the West. So far as I know, "Ex-Muslims of Kerala" in India is the first such organization to exist in a historically Muslim territory. Will others follow? Will they have an impact? <https://t.co/Wl0n8E65Jz>
 - Oops. A month later, now a bit paranoid, the Islamic #TempleMount authority arrested #MurtazaChopra, a Pakistani Muslim & #Assyriology student, for being Jewish. Me: Israel's government must end the absurd rule prohibiting Jewish prayer on this holy site. <https://t.co/3sapV2x8XA> <https://t.co/68AUxjHx>
 - @JoeBiden: - Backed a 2021 boycott of the All-Star Game in Georgia hosted by #MajorLeagueBaseball - Opposes an athletic boycott of the 2022 Winter Olympics in Communist China Hmm, Georgia Republicans are more reprehensible than the Chinese Communist Party (#CCP)? It seems so. <https://t.co/3kK49Xn72N>
 - Department of Topsy-turvy Stories: - Germany, the 2nd most powerful @NATO member fidgets over Ukraine, fearful of energy cuts by Russia - Turkey, NATO's rogue member & general nuisance, bravely steps up to the plate & provides Ukraine with powerful drones <https://t.co/HENFBvxsen>
 - #Muqarnas is a uniquely #Islamicate phenomenon, defined as a "three-dimensional architectural ornamentation, found from Spain to India, composed of superimposed ranks of small geometric niches, often interposed with pendant elements." How is it decorating a high-rise in #Miami? <https://t.co/UxfzykzNS>
 - Find the American flag in this picture taken in Miami today. <https://t.co/BAqC3XIZml>
 - The #PalestinianAuthority (PA) announced: - Exports to Israel increased 10% in Nov. 2021 over Oct. 2021. - Imports from Israel increased 2% in the same period. - 84% of PA exports in Nov. went to Israel. - 54% of PA imports came from Israel. #BDS anyone? <https://t.co/Qf9VpWyQ9>
 - Wondering what the first language of the United States is anymore Judging by this @Xfinity envelope I just received (from a #ZIPcode in #BocaRaton), that would be Spanish, not English. <https://t.co/jDLGjZA0xb>
 - Senseless wars doing untold damage to innocent populations just to fulfill the whims of kings characterized the medieval era. #VladimirPutin fits this pattern exactly except that he is not a king but a president. His aggression on #Ukraine can only benefit him and his henchmen. <https://t.co/dWudSOVfey>
 - Xenophobia rampant: @TanjuOzcanCHP, mayor of Turkish city of Bolu, wants to increase water bills tenfold & charge \$7.5K for foreigners (ie, Syrians). "If I had the power, I would throw them out by force. I know people will call me fascist. I do not care." <https://t.co/RtQfnKcmg4>
 - Have you got what it takes to teach the history of sexuality at U of @Penn? "We seek applicants who engage with questions of race, ethnicity, empire, & colonialism. This position is part of a cluster of appointments in sexuality, gender & queer studies." <https://t.co/eQndJ5PatE>
 - My career in brief: - I began by writing books; - Then long articles; - Then short articles; - Then op-eds; - Then blogs; - And now I tweet. <https://t.co/NrAKuuOI9W>
 - "The Nazis and the Zionists saw eye to eye": #JosephMassad continues to discredit Middle East studies, @Columbia University, and scholarship itself with his ravings. Worse, he is at the vanguard of all three, helping to lead the way into an ugly and dangerous future. <https://t.co/huAV7jyLKg>
 - Famous Turkish journalist @SedefKabas quoted a proverb, "When the ox comes to the palace, he does not become a king. But the palace becomes a barn." @RTErdogan then had her arrested for insulting him. Tellingly, he recognized himself as the proverbial ox. <https://t.co/9W7IliJ0CV>
 - Have you heard of the latest craze in Malaysia? It's called "unboxing by husband." A groom takes the headgear off his bride on @TikTok. Of course, #Islamic authorities disapprove. But it's a positive step towards lightening up Muslim gender relations. <https://t.co/0P053M9lgc>
 - @VDHanson: "Usually, a university spawned lunatic notion takes about 4-5 years to become Democratic Party orthodoxy." (From Hanson's January 2022 Newsletter, not online.) <https://t.co/uY4BFvBmRD>
 - Horrible to read that the "#LoveJihad" conspiracy theory has apparently led to the murder by Hindus of a Muslim man in India. Does one really need to point out in 2022 that it's a basic human right to love whoever one wishes? Apparently, one does. <https://t.co/tyxYuUkebx>
 - @GiulioMeotti: The transformation from Christian to #Muslim "is the single most important event in Europe. That anyone who reports about it is accused of 'racism' & '#Islamophobia' suggests that it is a secret too huge & important to be freely discussed." <https://t.co/GVIOxtTjsQ>
 - I heavily use @TextExpander macros on my MacBook. (I type an abbreviation and a word or phrase pop up.) Just how heavily? See the 2021 statistics - I used it 56K times and saved 32 hours. Every writer should use macros; I wonder why so few do? <https://t.co/CHodZgQS0v>
 - @PiersMorgan bitterly assesses @JoeBiden's first year as president: "You've been a disaster. In fact, it's hard to think of a more insipid, less inspiring, fiasco-ridden opening 12 months. ... Trump has legitimate reason to think he can beat you in 2024." <https://t.co/XzM5O58BbF>
 - #SergioRestelli: The Turkish & Pakistani governments fomented the recent unrest in #Kazakhstan, which had an Islamist character & included #TablighiJamaat. Despite Pres. Qasym-Jomart Toqayev (@TokayevKZ)'s bad press, he is our guy. Me: Interesting if true. <https://t.co/vphzXoQDH8>
 - @JonathanS_Tobin: Whenever Islamists engage in terrorism, the intense desire to avoid fueling a backlash against Muslims eventually transmutes into a counter-narrative insisting that the main danger is "#Islamophobia," rather than #Islamist terrorism. <https://t.co/v1jaotJ6A>
 - An apology called "The truth about my sister #AafiaSiddiqui" is making the rounds claiming she "loved to sing & play with children, help the elderly & weak, nurture injured animals." Hmm. Is this a false flag operation to discredit the #Islamist campaign to free "Lady Al-Qaeda?" <https://t.co/25AK2ItYIV>

- Since the Saudis reduced funds to Islamists in 2014, Qataris took over. #MarthaLee & @SamWestrop provide details on \$37mn from Qatar's @EidCharity's \$770mn spending in Europe during 2004-19. And Eid is "just one institution among dozens used by the regime." <https://t.co/UoKNeV8oz6>
- Good news: #ExMuslim #AneeshJasy is out on bail. Judge: "He has the right to voice his thoughts on religion and God's existence under the Indian Constitution." Respect Muslim rights, yes, but that does not mean jailing ex-Muslims for leaving Islam & expressing themselves freely. <https://t.co/1NMedHDyRa>
- The near-tragedy & near-miracle at the #Colleyville, Texas, synagogue had four beneficial results: 1. A much-needed reminder about the danger of #jihadi 2. One fewer jihadi 3. Consciousness-raising among Reform Jews 4. Shedding light on & discrediting the #AafiaSiddiqui campaign <https://t.co/P6qQpXrdtr>
- Do read @SamWestrop's important discussion about the antisemitism that is endemic to the campaign to release "Lady al-Qaeda," #AafiaSiddiqui. So, he concludes, the attack in Texas should have come as no surprise. Me: The Golden Age of American Jewry is over. Beware what follows. <https://t.co/COOnZMN1CX7>
- Very strange initial #Facebook posting (since removed) by the #BlackburnMuslimCommunity in response to news about its member, #FaisalAkram, taking hostages in Texas: it wished that God "forgive all his sins & bless him with the highest ranks of Paradise." <https://t.co/luwEIWKgUVS> <https://t.co/9EPHlBsj4>
- Unbelievably, the most elite French students are publicly protesting the impact of American leftism: We "deplore the censorship, official & unofficial, omnipresent in our schools. ... We wish, in our own way, to warn about the dangers of #cancelculture'." <https://t.co/wQhwWf0hHW>
- What was your grandmother or great-grandmother doing exactly one hundred years ago, on Jan. 16, 1922? That day, my mother's mother, Maria Pajewska, 17, modeled in a Warsaw studio. The result was pretty spectacular, no? <https://t.co/409pBz0xBA>
- Kudos to @PalWatch for keeping an eye on the rancid #PalestinianAuthority for the rest of us. "After turning Jesus into a Palestinian, the PA wanted to honor him the only way they know how: They declared him fighter (ie, a terrorist) & an Islamic Martyr." <https://t.co/lmyklX9czl>
- Bursting with pride here to be called a "famous Orientalist" along with such major figures as John of Damascus, Samuel Johnson & Lord Byron; W. Cantwell Smith, H.A.R. Gibb & Patricia Crone; and Francis Fukuyama, Samuel Huntington & Salman Rushdie. Thanks! <https://t.co/ZgtrQzXMct> <https://t.co/ueoAksxbs9>
- And here's another tactic @RTErdogan might use to steal Turkey's next election: criminalize the opposition, something he has already started to do, especially in Istanbul. Note that Erdoğan just called the opposition "the biggest problem of the country." <https://t.co/vS2PgX58KO> <https://t.co/BEYN7Gii5M>
- Simple, profound and important insight from @KhaledAbuToameh: "Those who refuse to recognize Israel as a #Jewishstate are actually admitting that they do not believe in Israel's right to exist." @GatestoneInst <https://t.co/vuk47WoPxZ>
- "Reports that AG #AvichaiMendelblit might offer Benjamin @Netanyahu a plea deal have caused a political uproar [in Israel], with the coalition worried that the government might not be able to stay together if such a deal is signed." Me: Hoping it happens. <https://t.co/l9GyvKwoQq>
- Daniel Greenfield (@SultanKnish): "Counterjihad investigative groups such as @MEForum, @SecureFreedom, @JihadWatchRS, and @TheIPT continue to do important work in the face of declining interest from conservative media." Thanks. And it will end up badly. <https://t.co/wjnj7hGtb>
- @VasileSimileanu interviewed me in #RevistaGeopolitica (Romania) about "Middle East Geopolitics: Some Predictions." One quote from it: The Russia-Turkey-Iran partnership is "a bit like talking about the German-Italy-Japan partnership in World War II." <https://t.co/LoDrKAF9MK>
- @TerrorismInfo on #ISIS: 2020: 2,781 attacks, 9,068 killed & injured 2021: 2,705 attacks, 8,147 killed & injured Good news: Downward trend. Bad news: Still far too high. When will governments get serious about destroying this #Islamist, #jihadi hyena? <https://t.co/HHhtC46Qws>
- Headline: "Imam of Belgium's largest mosque has residency revoked." Me: Can you imagine something like this in the United States? This highlights how Americans have become perhaps the most supine Westerners when it comes to the Islamist & jihadi threats. <https://t.co/ZfA1ni6bQp>
- Bravo to @GavinNewsom for making the right decision. On the negative side, #SirhanSirhan is getting uncomfortably close to release on parole. Sirhan should have been executed. Letting this unrepentant criminal out would be an affront both to the victim and to the rule of law. <https://t.co/PKbQlSHOH>
- ICYMI: Here is the best, quick overview of the development of the university, #GlynnCustred's "From Bologna to Zoom: The Evolution of the University" at @AcadQuestions. Note the many unsettling similarities between 1920s Germany and 2020s United States. <https://t.co/dbv1wxG9zW>
- It's a sad day for Egypt, now that the Sisi government has intimidated the Arabic Network for Human Rights Information (@ANHRI) into shutting down. When will Egyptians learn about the beauty of freedom? <https://t.co/P4BnNAkUmQ>
- @AlexNachumson points out, depressingly, how Israel's coalition government's major mistakes vis-à-vis the Palestinians makes it go further, not closer, to victory. If only #Likud & allies would do what's necessary to form a strong right-wing government. <https://t.co/nirKG2wWNA>
- Me: "Radical Islam is the problem, moderate Islam is the solution." @CAIRnational's new report: @DanielPipes is "known as the grandfather of #Islamophobia" in the US. Hey, CAIR, you're not paying attention to my message: You, the Islamists, not Muslims as such, are the problem. <https://t.co/9y5ig2mOQJ>
- Omar bin Hammad (63, father of 7) & Fatima al-Najjar (62, mother of 6) are both VPs in Morocco's #MuslimBrotherhood & famous for their many sermons calling for chastity. They were arrested in 2016 for indecent acts in a car in a public place. What a hoot. <https://t.co/SMrQsl9v6U>
- The simple gist of this sad story: The #PalestinianAuthority allows its subject population to suffer as it pursues an obsession to be treated as though a real state by Israel. You can't find better proof than this of the PA leaders' arrogant egoism. <https://t.co/j6CPGOorvS>
- An English prof! "The idea that students develop a greater capacity for empathy by reading books in literature classes about people who never existed than they can by taking classes in fields that study actual human behavior does not make a lot of sense." <https://t.co/GcRsgmgDbN>
- By promoting first-generation, low-income (#FGLI) students, universities create huge incentives for fraud which then they must investigate. This problem is radically easy to fix: abandon social engineering & emphasize excellence. That will always work. <https://t.co/ZagDr9EONr>
- Adding my condolences for Prof. Khaleel Mohammed. He and I worked on a number of projects together, most recently a book review; he was a good man and a brave one. Daniel Pipes <https://t.co/QLxUhzk5SF>
- #ŞenerElcil, who lives in Turkish-occupied northern #Cyprus: "Turkey is our biggest problem. It should keep its hands off Cyprus, take its lira & go away." Me: That's weirdly reminiscent of #WilliamGladstone's celebrated "bag and baggage" speech of 1876. <https://t.co/v0rUNbrDHR> <https://t.co/sZXRfMWBwe>
- Puzzling over the Modi government's approach to #Islam. On the one hand—below—it permits vicious anti-Muslim speech. On the other, it arrests an #exMuslim who insults "Islam, the Prophet and the Holy Quran." Time to try #secularism? It works beautifully. <https://t.co/l6NsJYwLpT> <https://t.co/lTeBuMrofi>
- #ArdeshirZahedi (1928-2021) served twice as the shah of Iran's ambassador in Washington. On Nov. 1, 1977, when he was at about the peak of his renown (and

- notoriety), he hosted my parents Irene and #RichardPipes. (I meant to post this upon Zahedi's death nearly two months ago.) <https://t.co/w0NUALZGu9>
- @WSJ: "French politicians & intellectuals say that the country faces a growing threat: US-style activist movements that are foisting American multiculturalism & gender politics onto France." Me: That's so funny, given decades of French leftist influences. <https://t.co/XCsAFq8Pre>
 - Curious what #Hamas would do with Israeli #Jews after it has eliminated #Israel? Well, Hamas has laid this out in two succinct, if deadly bullet-points, #15-16 of the attachment. In brief, Jews will either be murdered, prosecuted, expelled, or enslaved. <https://t.co/1AgkZEb2Z1>
 - Congratulations to #MahmoudAbbas, who today celebrates the beginning of the 18th year of his 4-year term as chairman of the #PalestinianAuthority. Me: - Aren't the PA's math and democracy marvelous? - Or maybe they really are just oxymorons h/t @PalWatch <https://t.co/eztvKGNj1A>
 - "After a membership decline between 1961 and 2001 of 50%, and a similar decline in 1991-2015, [@RevNelli, the #AnglicanChurch's statistics and research officer, in 2019] projected the Anglican Church of Canada would run out of members completely by 2040." <https://t.co/yQ7V4pdB41>
 - Two curiosities of history: - #IsaacNewton spent more time on alchemy than on science - #JohannVonGoethe spent more time on science than on literature More surprising yet, Goethe argued with Newton, rejecting his theory of light & color. Would they have stuck to their knitting. <https://t.co/hn6lLpkqpy>
 - #AbdullahAIMasud: Bangladeshi's famed Qawmi Madrasah, where he studied & taught, "is nothing but a systematic brainwashing machine, where a young undeveloped mind is forged into a 6th-century primitive Arab mind....Islam is a prison without bars & borders." <https://t.co/FrWV3ntkvA>
 - Headline: "#Uzbek Police Reportedly Force Muslim Men To Shave Beards" Reactions: - This absurdly confuses cause & effect - It's not just the #CCP in #Xinjiang - #Uzbekistan is a Muslim-majority country - How do police tell fashionable from Islamic beards? <https://t.co/e3aVqM08sp>
 - Watch the absorbing 9-minute collection of Lumière films from Jaffa, Bethlehem & Jerusalem in 1896, with many famed backdrops (eg, the Holy Sepulcher Church). Most striking to me? The many camels, the swarthy people & the density of the crowds. <https://t.co/Q694946saw>
 - Israelis want visa-free travel to the US. The USG makes this conditional on easier access for Palestinians with US citizenship to enter Israel. #MuntasirShalabi's murder of #YehudaGuetta suggests Jerusalem should go very slow about making such changes. <https://t.co/ntwtjKljpj>
 - I spoke on the unprecedented phenomenon of #exMuslims - and what this might imply for Islam - at the @HorowitzCenter. @FPMag published the video and an edited transcript. The Q&A takes up half the presentation; it includes some real interesting ones. <https://t.co/ht4bhJppjn>
 - The shame of it: The atrocious #NorthKorea regime boycotts the entire Beijing winter Olympics while the U.S. government permits American athletes to participate. Have we no pride, or even a sense of self-preservation? <https://t.co/aQUud2Ghla> <https://t.co/4lk4srLAKo>
 - Lots of hand-wringing about #Islamist bullying in #Berlin's schools but Germany's intimidated politicians have no clue how to deal with it. Me: And so, the Islamist assault on Muslims & non-Muslims alike spreads through institutions of the Western world. <https://t.co/V9Af05UcVP> <https://t.co/cWL6zwl99>
 - Report: "Italy's population is expected to decrease from 59.6mn people in January 2020 to 47.6mn in 2070, representing a drop of 20%." Me: It's bizarre that some of the most attractive & accomplished places on earth are demographically shrinking the most. <https://t.co/SOqtDzVICp>
 - #Afghanistan is a land of barbarism where parents sell their young children (mostly girls but also boys) to find the money to pay for the family's expenses. Me: - This takes place in 2021? - Yes. And one should expect it of the #Taliban's #Islamist rule. <https://t.co/0mJjedpoHs>
 - Headline: "The Taliban are establishing a battalion of suicide attackers to serve in a new national army in Afghanistan." Me: And the Biden administration might recognize the Taliban & send it aid. Surely, an excellent idea. <https://t.co/GqVgZC2t6D>
 - Just in time for the anniversary of Jan. 6, my first article at @SubstackInc: "Fellow Conservatives, Please Reject Conspiracy Theories." I look at two such theories - the 2020 presidential election & the #COVID19 vaccine - hoping they will be discarded. <https://t.co/6ZEL9m9jzK>
 - In an announcement on Dec. 3 that received almost no attention, the Turkish government changed the name of the country to "#Türkiye." - Good idea, ends a ridiculous association in English & other languages - Like #Persia to #Iran, #Abyssinia to #Ethiopia <https://t.co/6yZfgxqu8Q>
 - ICYMI: #CherylBenard asks why #Afghan males in Europe inordinately engage in sex crimes: - Drunk? - Cultural clash? - Anti-Western contempt? Me: Some of each, perhaps, but I see an extreme #nihilism, to the point of self-destruction, as the key motive. <https://t.co/ROXSpBrGcJ>
 - Headline: "Drought-stricken Iran sinks under deadly floods. Heavy flooding has battered Iran's south and southeast, the same areas that have been hardest hit by drought in recent years." Poor Iranians, suffering under an incompetent #Islamist government. <https://t.co/fR4xLw1LIB>
 - "At the @RedSeaFilm Festival, held on a former execution ground, Jeddah residents rubbernecked as stars like Hilary Swank & Naomi Campbell strutted ... in revealing gowns, and Saudi influencers DJ-ed at dance parties." Saudi Arabia, party central? Amazing. <https://t.co/29SPNZ9eMj>
 - The Palestinians have built up a detailed fantasy about Israel being an imperialist project that Jews had almost nothing to do with. @PalWatch provides the gory details. Me: How can Israel possibly negotiate with such fantasists? They need to be defeated. <https://t.co/A8g3mKdybn>
 - Finally, an in-depth analysis that predicts @RTErdogan will steal Turkey's next election. @SonerCagaptay the president might "undermine a fair vote, disregard the result, or even foment a January 6-like insurrection." To which, I add: impose martial law. <https://t.co/GTz2hztdJU>
 - #NadavShragai: "Turkey today seeks another reconciliation with Israel. Israel should demand 'payment in advance,' meaning that the Turks must first act against #Hamas operatives on their soil & prove that they are preventing them from [attacking] Israel." <https://t.co/qVLMbrwXbw>
 - @NBoms & @HusseinAoubak: Today, over half of the Arab population lives in countries that normalized relations with Israel, while much of the other half lives in failing states. It's become the a new "axis of renaissance" vs the old "axis of resistance." <https://t.co/sOGa6bupgf>
 - Turkey's satellite state of northern Cyprus is collateral damage of the Turkish lira collapse. @CyprusMail's editors suggest that the north could avoid this dire fate if it joined the south in a federal union & thereby became a part of the EU. Makes sense. <https://t.co/wTsnPZtEWG>
 - @AlexNachumson: That all parties in Israel's governing coalition concur that Israel is a Jewish state opens the way to make "#Palestinian recognition of the Jewish people's rights to sovereignty...the target of all interaction with the PA." #IsraelVictory <https://t.co/IF1SmUudpT>
 - Interested in the future of Jewish life & politics? @Spitzer_Eli's "The Haredi Moment Has Arrived" is must-reading. He argues that #Haredim have a latent power in #Jewish life that is theirs for the taking. But for them to do so means acquiring new skills. <https://t.co/e5s5eWLFyK> <https://t.co/OgRpeQDSaW>
 - Thank you to Im Tirtzu (@IMTl Zionism) & its chairman, #DouglasAltabet, for the outstanding cooperation in spreading the #IsraelVictory concept. The Government of Israel may be stalemated but the idea of winning has made real progress among the population. <https://t.co/F2R1ZefVE5> <https://t.co/GzABAPNjn>

- I wrote to my U.S. senators (@SenToomey & @SenBobCasey) to vote "no" on the bill to establish a global "@Islamophobia" envoy. Please click on the link below to see some of the many reasons why this legislation is a terrible idea. #StopIslamophobiaBill <https://t.co/a8BjNE7qHh>
- @USCMO: "One God, One Vision, One Voice." Reminds me of "Ein Volk, Ein Reich, Ein Führer!" (One People, One Realm, One Leader!) How about you? <https://t.co/TjlyEKFqch>
- Turkey's Finance Minister @NureddinNebati: The US @FederalReserve Bank "does not belong to the public. It is in the hands of five families." Me: This nuttiness is potentially groundbreaking for Turkish conspiracy-theory-culture. What next, @RTERdogan? <https://t.co/K0NVq2hc60>
- If you think it's cold where you are, check out #Verkhoyansk in #Siberia. <https://t.co/u0RAsyPaL>
- #DesmondTutu, top #antisemite: - "gas chambers" made for "a neater death" than Apartheid - complained of "the Jewish Monopoly of the Holocaust" - demanded its victims "forgive the Nazis" but refused to forgive the "Jewish people" for "persecut[ing] others" <https://t.co/tsoqFY9g7v>
- Here's an angle I bet none of you ever thought of: "Iranian-made UAVs are in Venezuela, 1,200 miles from Miami's skyscrapers." Would the mullahs really dare? @YaakovLappin. @Israel_Alma_org. <https://t.co/ozzdQ2wd>
- Can we all agree that #JJRousseau's notion of a General Will (Volonté Générale), which led directly to the Nazi phenomenon & other disasters, is the worst idea in all history? I am an individual and not a cog in some machine run by a despot who wishes to use me for his purposes. <https://t.co/xaBidfNZgt>
- #Erdoğan's insistence on low interest rates has devastated Turkey currency & puzzled observers ... until he acknowledged the #Islamic reasons for his ruinous financial policy. I consider the implications of his actions for finances, for Turkey, and beyond. <https://t.co/InjrRd00fj>
- Edward Durr (@EdTheTruckerNJ), who won a stunning victory in the NJ state senate, had once tweeted something dumb about Islam. #The Islamists at @CAIRNational jumped at the opening to make him apologize & toe its line, so now he spouts its talking points. <https://t.co/EDYvCoy595>
- Will #Hezbollah leader #HassanNasrallah launch a full-scale assault on Israel from Lebanon if Iran's #Khamenei orders this? @YaakovLappin: "It is impossible to imagine a scenario in which Nasrallah would reject an Iranian directive to act in retaliation." <https://t.co/iUPxFWEEv6>
- #StephenSmith of @DukeU: In Togo, population 8mn, "1 adult in 3 entered the US government lottery for a residence permit—even though the 'visa lottery' contains just 55,000 green cards for the entire world." Me: African emigration will reshape the world. <https://t.co/AfFJQzk9k7> <https://t.co/dB3WXq67sM>
- - Israel's highest honor goes to a pro-BDS professor - Israel's leaders allow foreign funds to flow to Hamas, a designated terror group - They also facilitate the PA's pay-for-slay program Me: Might Israelis do no less than they ask of the outside world? <https://t.co/WdbrtZJ0gj>
- #Islamism rears its ugly head in a relatively new region, as a jihadi rampage brutalizes the eastern part of #Congo. #Antartica may be the only place left where murderous jihad has few opportunities. <https://t.co/6F7aPWmbLz>
- @AvigdorLiberman: "Without @Netanyahu we would join a @Likud_Party-led government. ... What will happen after the Netanyahu era? Perhaps it is worth asking why all of us [coalition members] left Likud. The answer is that it was only because of Netanyahu." <https://t.co/aLUp5bJNOK>
- @Cem_Oezdemir, Germany's new, Green minister of agriculture, wants food prices to go up because the population eats too much junk food & is "too fat" as a result. - Talk about the nanny state! - Watch as the left takes democracies edge into dictatorship <https://t.co/1mHj8Zrz2j>
- Looking ahead, Jean-Pierre Filiu warns that "Unprecedented tensions between Algeria and Morocco means that a badly managed incident could escalate into open warfare, even if neither side wants this to happen." Me: That's precisely what nobody needs. <https://t.co/0e8himYjXF>
- @GlennHReynolds: In 1921, @Harvard worried about too many Jewish students, so it emphasized "well-roundedness," "leadership" & athletics In, 2021, worried about too many Asians, it eliminated the #SAT exam & promoted "equity," i.e., subjective standards <https://t.co/Nhb18QQ2Gw>
- Back to the age of sail? A French company, @Airseas_Tech, has outfitted a cargo ship with a giant #Seawing parafoil kite. It aims to reduce ships' fuel consumption by 20%. What a great idea, even if one disbelieves in a "climate crisis." Hope it succeeds. <https://t.co/rkoWEacmbk>
- @LeeWEdwards: "Thirty years ago this month, as #MikhailGorbachev prepared sign the document formally terminating the #SovietUnion ... he discovered his pen had no ink. He had to borrow a Bic pen from the @CNN camera crew covering the event." How fitting. <https://t.co/lguU2JC8b7>
- In many countries, #Islamism is on the decline—but not in #Pakistan, where a catastrophically extreme and violent version overwhelms society, intimidates the government and murders innocents. This has the makings of a domestic and international disaster. <https://t.co/G032UN9aOr>
- I thought India's #BJP party a salutary response to the weakness of Congress, but the current direction is horrifying & needs to be reigned in from the top, Mr Modi. The Hindu-Muslim experience has been tolerable the past 75 years. Don't ruin it for all. <https://t.co/JwbAJRORme>
- Merve Taşkın (@MerveTasskin) is a Turkish "influencer" on social media. She daringly took pictures of herself in Sexmuseum Amsterdam (@SxmuseumAdam). @RTERdogan convicting her of promoting lewd material. She will not, happily, have to serve jail time. <https://t.co/CnP3FjDwmz>
- How fitting that @RTERdogan, the dictatorial president of Turkey, would turn to #rabbis to try to improve relations with Israel, hoping to convince them that these "are progressing." Only an antisemite would think rabbis control the Government of Israel. <https://t.co/j6BTJsn4ac>
- The former president of Tunisia @MoncefMarzouki_ accused the current president Kais Saied of behaving like a dictator. Wanting to prove him right, Saied promptly accused Marzouki of "undermining state security" & sentenced him to 4 years in prison. Bingo. <https://t.co/H2eBh9yJr2>
- @LadhaMansoor: "Being a Muslim in a predominantly Christian country, especially during Christmas, can be quite a daunting experience." The poor dear. Imagine the tribulation of surviving the holiday season in Calgary, Canada. Such resilience on his part! <https://t.co/GnYJ4JRsdK>
- @HorsedNooh picked up on this tweet & calls me the Pharaoh of "Islamophobia." Thank you, Horsed for the compliment! Until now, I've only been called Islamophobia's godfather/grandfather. I've moved up many notches with "pharaoh." My mother will be proud. <https://t.co/DeDATF2Fbb> <https://t.co/asjWby6Mwg>
- Well, the PLO should be happy. <https://t.co/ltetiRdi93>
- Israel's Christians are, by any measure, prospering: birth rates, education, employment, happiness index. So why, one wonders, do Catholic & Anglican leaders issue alarmist statements about "our presence is precarious and our future is at risk"? Motives? <https://t.co/E45MzOkyDP>
- @DineshDSouza interviewed me on his podcast about the phenomenon of #Muslims converting to Christianity, with plenty of examples (hello, @BarackObama!), & the possible implications for Islam of this unprecedented phenomenon. It's a 16-minute discussion. <https://t.co/AepO8CLb2u>
- @PalWatch: While BDS singles out Israel to inflict damage on it, financial records from the #PalestinianAuthority prove that "commercial links with Israel are ... in the

- interest of the Palestinian economy & the Palestinians." Me: Such rank hypocrisy. <https://t.co/5XbUDLFo8k>
- I nominate Energy Minister @KElharrar for the Israeli Idiot of the Year Award for proposing to pause offshore gas exploration in 2022 & instead "focus on the future, on green energy, on energy saving." - Can't one do both at once? - Won't gas be needed? <https://t.co/IDOrWI9Qvj>
 - Ugly cartoons of Abbas & a vicious PA press release (Abbas' comment is "consistent with calls by Israeli extremists to dislodge the Palestinians & harm the status of the holy Aqsa Mosque & the history of the Palestinians") show this statement's importance. <https://t.co/ffts7YQZki> <https://t.co/sNdZZzJ9NE>
 - @TimurKuran, @DukeU: @RTErdogan's yes-men all see the horrendous economic mess that he created but believe "the inevitable chaos will give them an opportunity to declare emergency rule and stay in power despite their rising unpopularity." @PinarTremblay. <https://t.co/8rrTbHwZCq>
 - I reviewed a fascinating book in the @MEQuarterly, "Prisoner of the Infidels: The Memoir of an #Ottoman Muslim in 17th Century Europe." In plain language unusual for its time, a captive tells about going from slave to pastry chef to high-ranking diplomat. <https://t.co/Obc083zDn3>
 - Tom Rogan (@TomRtweets): "Putin is going for the European jugular [in Ukraine] not because he is somehow inherently destined to do so. But rather because Biden is serving not as leader of the free world but as a butler to Putin's aggression." Bravo to brave Poland and Lithuania. <https://t.co/mQYsi2WZLX>
 - @GerardBaker has written the best indictment of #Biden's horrible first year as prez. "He is now a husk of a leader, a dangerously debilitated figure, who oscillates between displays of vacuous incoherence & weird, angry outbursts, like a confused old man at the wrong bus stop." <https://t.co/tNV9IST19e>
 - #Raam leader Mansour Abbas (@mnsorabbas) accepts Israel's Jewish nature: "Israel was born a Jewish state, that was the decision of the people, and the question is not what is the identity of the state—it was born this way and it will remain this way." <https://t.co/ForMOdcV5>
 - Imam @HorsedNooh accurately & pithily sums up the one-sided nature of Christian-Muslim "interfaith dialogue": First, non-Muslims visit his mosque to hear him speak about Islam. Then, in exchange, he visits their churches, where they ... hear him speak about Islam. That's v fair. <https://t.co/ONApVXk7M7> <https://t.co/GMZDOW6WcN>
 - Further evidence that #atheism is "spreading like wildfire" in #SaudiArabia & the authorities' deep fear of this: Ali Abu Luhum was sentenced to 15 years in prison for running two anonymous @Twitter accounts promoting "apostasy, unbelief, and atheism." <https://t.co/7v0TgRzKRV>
 - @Mike_Wagenheim at @JNS_org: #Bangladeshi is another Muslim-majority country that might warm up relations with Israel. Me: I find that hard to believe. But surprise me. @salah_shoaib <https://t.co/BSzWSK0ouj>
 - @SHendersonGulf: The mullahs may lack missiles to carry nuclear weapons but that may not stop them. "#Iran could use an aircraft as the delivery system instead of a missile. After all, this was the method used for the first atomic bombs dropped on Japan." <https://t.co/hMjhZEFaTW>
 - Will the Israelis attack Iran's nuclear infrastructure? I don't know but @LimorYoav informs us that "for the past six months the IDF has been working feverishly to make the military option a relevant tool." Prediction? I expect an Israeli attack in 2022. <https://t.co/aL9YA5hBkO>
 - More bad news from the U.S.-Mexico border. This illegal 21-year-old migrant from Saudi Arabia with Yemeni links was stopped, yes, but how many more like him will get through and what damage will they do? <https://t.co/W9INaAGzHy>
 - Turkey's currency crashes again, after @RTErdogan reveals his #Islamist obsession: "They complain we keep decreasing the interest rate. Don't expect anything else from me. As a Muslim, I will continue doing what our religion tells us. This is the command." <https://t.co/5MJID3OAEen>
 - My sympathies go to the 45% of Chileans who voted against the left-wing extremist, @GabrielBoric, just elected as Chile's next president. - Chile has gone down this road before (in 1970-73) & it ended very badly - Venezuela provides a more recent example of socialist catastrophe <https://t.co/1MX1YpWLGt>
 - The current National Review (@NRO) cover asks what is possibly the easiest possible question to answer: "Should America Defend Taiwan." But of course, a thousand times of course. Not to do so would forfeit our credibility, morality, and humanity. <https://t.co/MQagb25aPm>
 - #PalestinianAuthority big-shot: "Is there a greater injustice than that directed against us? ... The punishment that is befalling all of humanity—the rise in prices, economic collapse, epidemics, climate change, global warming—is because of that injustice." <https://t.co/EqXwPTXBTv>
 - I found this macabre & shocking: Why does the Chinese Communist Party (#CCP) routinely harvest bodily organs from #Uyghurs? In part because "some rich Middle Eastern clients want Muslim kidneys" thinking these to be free of alcohol and pork. Horrifying. <https://t.co/tW2DxviDMY>
 - Quiz time: Three #Muslim women wearing head coverings serve as either as president or prime minister of their countries. Which women, which countries? Warning: 2 out of 3 of them might surprise. <https://t.co/kqbCxS1VJG>
 - Report: 90% of @TheDemocrats have had at least one anti-#COVID19 shot but only 60% of Republicans have. Therefore, conservatives are dying in greater numbers. Me: Maybe @GOP leaders, if only for the party's sake, to urge its supporters to get vaccinated? <https://t.co/0533WK9PIG> <https://t.co/fJOj2zvQo5h>
 - @JMatthewWolfe: If you endorse ... - Defunding the police - Open borders - Leaving Americans & allies behind in Afghanistan - Having boys who identify as girls dominate girls sports - High taxes - Government claims to decide for you ... Then you're a Democrat. If not, then not. <https://t.co/GeGm5QtNny>
 - Sequence of events: - India's top general, #BipinRawat, died in a helicopter crash - Muslims expressed delight on social media - Horrified by their reaction, Kerala filmmaker Ali Akbar renounced Islam - He converted to Hinduism, took the name #Ramasimhan <https://t.co/U26BIDKyFi>
 - Mohsen Heydari, director of the Office for Meteorology in #Iran's Sistan-Baluchistan province: Over 95% of the province is now effectively engulfed by drought with only 4.3mm of rainfall over the past year. Me: Rank mullah incompetence then worsens this. <https://t.co/nLhrmZdrwd>
 - Noticed the recent crime wave in big American cities? You can blame @GeorgeSoros for a good bit of it, because he funds extreme leftist DAs who do not believe in bail or jail. Sen. @TomCottonAR: "Everywhere Soros-backed prosecutors go, crime follows," <https://t.co/8vYmQ6CFI6>
 - @IlhandMN: "To me, the #hijab means power, liberation, beauty & resistance." Notice, she says not a word about feminine modesty. That's because #Islam does not require women to cover their heads. As Ilhan Omar implies, it's about political assertion, about Islamic supremacism. <https://t.co/HaYjuZ6SpZ>
 - I replied to probing questions from the Estonian newspaper @EestiPaevaleht on issues surrounding migration to the West: - Muslims & Africans - Self-censorship - Euphemisms - No-go zones - The Great Replacement theory Read the English version below. <https://t.co/73rC79poRU>
 - Meir Ben-Shabbat, Israel's former NSA: Internal turmoil in Iran could lead the regime to conclude it is nearing its end, creating the temptation as it falls to attack Israel with nuclear weapons as if to announce, "Let us die along with the Little Satan." <https://t.co/WUM3MtjuFW>
 - @SoerenKern: Tiny #Lithuania (pop: 3mn) uniquely stands up to the brutal #CCP even as the EU as a whole murmurs & twitches, more focused on its trade with China

- than its principles. Go Lithuania, go & show us all the way forward. Stand with #Taiwan, RoC. <https://t.co/JIGPnRxa60>
- Maulana EP Abubakar Qasmi in Kerala, India: It's advantageous to be Muslim because "women with big breasts" who neither urinate nor defecate await them in paradise. Also, it boasts gardens, big bungalows & rivers of wine. Me: Wow, a teenager's wet dream. <https://t.co/DP7j2BPj0>
 - A proposed Iranian law prohibits "wild, exotic, harmful & dangerous animals." What might those be? "Crocodiles, turtles, snakes, lizards, cats, mice, rabbits, dogs, other unclean animals & monkeys." Hold on, cats & dogs? Oh, those wacky, lovable mullahs. <https://t.co/gQVPUJWhKw>
 - I knew of rape as a weapon of war by Muslims vs non-Muslims; I had not realized it was also used on a massive scale (~200,000 victims) by Pakistani troops vs Bangladeshi civilians in 1971, i.e., against fellow Muslims. Me: Much to ponder here about Islam. <https://t.co/6gwDAQ2iTI>
 - @PewGlobal: "Muslims will grow more than twice as fast as the overall world population between 2015 and 2060 and, in the second half of this century, will likely surpass Christians as the world's largest religious group." That's mostly due to more kids. <https://t.co/NCdpcCSeHk>
 - Nurettin Akçay (@akcay_nurettin): Major tensions have wracked relations between Turkey & China during the past two months, prompted by Turks upset by the #CCP genocide of #Uyghurs (who are a Turkic people). Me: Go Turks, stand up for persecuted Uyghurs. <https://t.co/qKBCWIHPmb>
 - ICYMI: @JD Vance1, author of "#HillbillyElegy" and candidate for US senator in Ohio, endorsed #RichardNixon's 1972 (private) statement that "The professors are the enemy." Me: Obviously not all profs are but yes, the #professoriate as a group is the enemy of America & Americans. <https://t.co/gviW5qIHhd>
 - News: "Jews are disguising themselves as Muslims to pray on Temple Mount" Me: - What a brilliantly clever, simple & effective idea - Maybe this will finally undermine the absurd 54-year-old Israeli (!) rule banning Jewish prayer at the holiest Jewish site <https://t.co/OvypwYChEL>
 - News item: "Russia on Monday blocked a UN Security Council draft resolution ... that for the first time would have defined #climatechange as a threat to peace." Me: And this is the first time that I welcome Moscow's vetoing a Western-sponsored resolution. <https://t.co/KxGRSrCQOq>
 - @DmitryShapiro quotes me at @JNS_org about the vile @ZahraBillou, who bashed @SteveEmersonIPT & me, then attacked @ADL, @Hillelntf, et al. as "polite Zionists." The latter are upset, to which I say, "Glad you woke up, guys, and welcome to the club." <https://t.co/zFDTKTFv1p> <https://t.co/1NggbtDxU>
 - Could someone explain to me @RTErdogan's currency policy? 1—He takes purposeful steps to reduce the value of Turkey's lira 2—Turkey's central bank spends dollars to keep its value up So, which is it? Left and right hands in opposition? Chaos? Idiocy? I am really, truly curious. <https://t.co/WtJ8eDQuU1>
 - I called Trump's eventually turn against Israel in Feb. 2018. Fortunately for Israel, when this finally happened, it took place after Trump left office. Still, he has a large following on the Right & can do serious long-term damage to US-Israel relations. <https://t.co/gMmThhIO6g>
 - #Trump's foolish, false & foul-mouthed attack on @Netanyahu has the ironic effect of confirming that, Bibi's foreign policy claims to the contrary, Israel has far better relations around the world now that its new team has taken over—eg., Egypt, UAE, UK. <https://t.co/A6htDkdFB6>
 - @NirBarkat, former mayor of Jerusalem: "For every missile that is launched from Lebanon, the address should be Tehran." Me: Bravo. <https://t.co/OOoEKKtZMd>
 - @Heritage: Diversity, equity & inclusion (DEI) staff "at universities express anti-Israel attitudes so out of proportion & imbalanced as to constitute #antisemitism." Me: Who would ever imagine this at America's liberal & caring higher ed institutions? <https://t.co/j9gDbJ3VdG>
 - Please condemn @MESA_1966's race to embrace #BDS, the vile antisemitic campaign against Israel. Join me in signing @CampusWatchMEF's excellent petition at @Change. Let's save the profs from their own worst instincts. Let's keep #MidEast studies academic. <https://t.co/YegskTo1aJ>
 - Tunisia's President #KaisSaied joined with PA's #MahmoudAbbas to inaugurate the new "State of Palestine" embassy in Tunis. Note them standing in front of a magnificent map that symbolically eliminates the Jewish state of Israel. Me: What complete idiots. <https://t.co/EkWmNis9AW> <https://t.co/1jGiBIJcF>
 - Another encouraging sign of real change in #SaudiArabia of #MbS: The Ministry of Islamic Affairs ordered the next Friday prayer sermon to warn against #TablighiJamaat, the 95-year-old #Deobandi organization of preachers. #MoIA even provided specific points to be covered. Bravo. <https://t.co/m7OVz5cuyS>
 - @JordanCope12 busts open #Qatar's "charitable" donations to #Hamas, #PalestinianIslamicJihad & other violent #Islamists. Me: - This article is part of a larger @MEForum project exposing @EidCharityQatar's vile activities - Is anyone awake at the switch? <https://t.co/oWBPRYIVWj>
 - @MarcPierini1: Turkey's "future lies in the hands of its citizens, who will head to the polls in 2023 for presidential and legislative elections." Me: No, citizens' votes will have hardly affect Turkey's future. @RTErdogan will stay in power, regardless. <https://t.co/GcvsnpnJZ>
 - Philadelphia has more murders in 2021 (521) than Los Angeles (352) & New York (443), even though its population is less than 1/2 of LA & 1/5th of NYC. Why thank you, @DA_LarryKrasner. You are the furthest left & the very worst city DA in the entire USA. <https://t.co/uP1q4mZqJL>
 - Good to see that the #UAE is abandoning the faux notion of Friday as Islam's #sabbath. Traditionally, Friday was a day of congregating for prayer, not a day of rest. Indeed, the whole idea of a sabbath is alien to the strictly monotheistic spirit of Islam. <https://t.co/nBbdzjyie1>
 - @RTErdogan has instructed his minions to hide Turkey's ~50% annual inflation as ~20% inflation. Me: - As though people don't have eyes to see what things cost - What a hopeless & pathetic attempt to hide the truth - In the end, this will damage Erdo <https://t.co/bu2nltDpDd>
 - I review a new shovel-full of academic nonsense, this time "Tolerance & Risk: How US Liberalism Racializes Muslims" by NYU's #MitraRastegar. Its thesis: By praising some Muslims, liberals are in effect condemning others. This, in turn, racializes Muslims. <https://t.co/RXvEXtb2IU>
 - @JakeWSimons on the amazing #Mossad: In 2019, Israeli spies sold materials used to build a highly secure nuclear facility, the Iran Centre for Advanced Centrifuges at #Natanz. In 2020, Mossad's hidden explosives were detonated, destroying the centrifuges. <https://t.co/KYLBfjrGcy>
 - Sobering thoughts from @WeTheBrandon on the 80th anniversary of the attack on #PearlHarbor: "Just as in 1914 and 1941, the United States is watching a world that is burning—and that conflagration could, at any moment, consume the U.S. But America is not ready for this fight." <https://t.co/PBQ6gBXiAK>
 - Typical @JoeBiden's feebleness: U.S. diplomats to boycott the Beijing winter Olympics but athletes to attend them. How about the reverse? Send diplomats, keep athletes home. <https://t.co/es7WGyIiqn>
 - In addition to the fevered left-wingery of American universities, here's another sign of their deep un-seriousness: Select football coaches make about \$10mn a year. One, at Louisiana State University (@LSU), has a 10-year \$95mn contract. Higher learning? <https://t.co/w6UXecvVob>
 - Are you aware of #Poland's plans to enlarge its forces, improve its weaponry, and become a serious military player? Here's a fine analysis of the topic from @CaspianReport, plus an explanation of the need for more power, driven by Putin's bellicosity. <https://t.co/KowsZ6FHLf>

- For a harrowing account of Turkey's economic problems, especially agricultural ones, see @MichaelTanchum's analysis. Some insights: - Poverty has increased recently by 40% - Hyperinflation may have already begun - Acute over-reliance on food imports looms <https://t.co/hymW39eteF>
- "@JohnKerry is lusting for a #NobelPeacePrize for his climate work, which requires the cooperation of the Chinese. To hell with the #Uyghurs so long as Kerry gets international accolades." From an editorial, "Biden to Uyghurs: Drop Dead" in @FreeBeacon. <https://t.co/oK372nbvKh>
- I am an idealist, not a materialist. I.e., ideas are more important than material concerns. You are what you think, not what you eat. So, I am pleased to note that #MaryBakerEddy, founder of #ChristianScience, agreed, putting "Not matter but mind satisfieth" on souvenir #spoons. <https://t.co/H0LhDHx12G>
- @EllieCohanim interviewed me about Turkey and Islamism for @JNS_org. Among other things, I explained why the forthcoming Turkish elections for president are next-to meaningless because @RTERdogan will remain in power no matter what the electorate wants. <https://t.co/birDej1ZZc>
- Another item confirms that the times they are a-changin' in the Middle East: The Saudi-based @ArabNews finds that the #2 "top MENA-based political pundit of 2021" is @EdyCohen, a Zionist Jewish Israeli. Congratulations and الف مبروك to both Edy and his large, informed audience. <https://t.co/5oD2tz5v8p>
- #BobDole died today, age 98. I worked on his 1996 presidential campaign (he would have been a fine #POTUS) but don't have a picture together with him. My father, #RichardPipes, did have one with him, dated Dec. 9, 1987, or almost exactly 34 years ago. <https://t.co/rdaEAWQP9U>
- @T_Karamollaoglu met with @RTERdogan: "He insists that economically things in Turkey are not as bad as we think. I said unemployment is a problem. He doesn't think so." Me: - Erdoğan insists on driving Turkey's economy into the ground - Venezuela ahead? <https://t.co/e4P6CMKq3x>
- #Hanukkah (aka #Chanukah) as the Jewish Christmas. Seen in Baltimore. <https://t.co/k3hLBxSyVI>
- Never deviating from his core message, new candidate for president of France @ZemmourEric has named his even newer political party Reconquête, or Reconquest. Actually, it resonates more in Spanish: Reconquista. That was the v long Christian campaign to expel Muslims from Europe. <https://t.co/TIUGLbtBMC>
- News: "UN condemns Israel in 3 resolutions, ignores Jewish ties to Temple Mount. Since 2015, the UN General Assembly has passed 115 resolutions condemning Israel and only 45 against other countries." Therefore, Israel must be the worst country on earth. <https://t.co/DrneHMcGR3>
- I refer often to disdain of the #6Ps (police, politicians, press, priests, professors & prosecutors) for civilizationist concern about #DIMI (demographics, immigration, multiculturalism & Islamization). Here's a perfect example of that snippiness from @OnishiNYT of the @NYTimes. <https://t.co/sooXtYCyZG>
- "Under Biden's Dept. of Justice, 'threats of violence and other forms of intimidation and harassment' are tantamount to 'terrorism.' The 'War on Terrorism' is becoming a 'War on Dissent.' Meanwhile, are any counterterrorism experts watching for #jihadis?" <https://t.co/F1o7p2QKaO>
- #PopeFrancis (@Pontifex) actually compared the camps holding illegal migrants to Europe with Nazi & Soviet concentration camps: "Brothers and sisters, this is happening today!" Me: This pope never ceases to astonish with his cutting-edge woke foolishness. <https://t.co/73dSBXNqxr>
- The @JewishChron scoop on Israel's sabotage of Iran's nuclear facilities reads like a cheap action thriller, complete with seduced spies, explosive walls & drone attacks. But if accurate, it's another testimonial to #Mossad's brilliant & unique successes. <https://t.co/mNaXIXkSHn>
- Watch @MESA_1966 sink further into the swamp of anti-Zionism: "Middle East Studies Association Members Vote to Advance BDS Resolution to Full Membership Vote in Early 2022." Me: And to think I once belonged to what I thought was a scholarly organization. <https://t.co/4pOdoGwDFC>
- Headline: "Pope arrives in Cyprus after pledge to relocate 50 refugees to Italy" Me: The Italian government should insist that the 50 stay within the (tiny) confines of the Vatican & not enter Italian territory. <https://t.co/XazET1MMqo>
- Oh no, @ssen03 has been criticized & so tells the world how @MEForum & @CampusWatchMEF "launched an attack" on him. Accustomed to deference by colleagues & to kowtowing by students, the poor dear can't handle the give & take of serious intellectual life. <https://t.co/ouS1WQUU0Y> <https://t.co/MScje3Augc>
- @Reuters: "Iran has started producing enriched uranium with more ient advanced centrifuges at its #Fordow plant, further eroding the 2015 Iran nuclear deal during talks with the West on saving it." Me: Biden even lacks awareness that he is being played. <https://t.co/f1z1P1tYQZ>
- My analysis: There's much to dislike about @ZemmourEric & his policies, but he correctly understands the biggest issues facing #France—demographics, immigration, multiculturalism, and Islamization (#DIMI)—so, were I a French citizen, I would vote for him. <https://t.co/FszVuuUGUW>
- If this Afghan's experience is in fact accurate (he "witnessed at least 100 migrants who were pushed over the border and sometimes roughed up"), it suggests that Europeans have indeed become serious about keeping illegal migrants out of their countries. <https://t.co/9YNaEwpZY6>
- This article, out today, on the range of "#Islamicate" influences, culminates over a half-century of my studying the impact of Islam on the lives of Muslims. These far surpass the strictly "#Islamic" influences. Read the article for some of many examples. <https://t.co/eBqRS4VG6F>
- Governments run by secular #Muslims sometimes take steps—such as forcibly shaving off the beards of only religious men—that go far beyond what non-Muslims would ever dare do. Case in point: #Uzbekistan. Me: Is this retrograde or an augur of what's ahead? <https://t.co/e3aVqLlx3P>
- #TelAviv is—very surprisingly—the world's most expensive city, according to @TheEIU. It beat out (in descending order) Paris, Singapore, Zurich, Hong Kong, NYC, Geneva, Copenhagen, Los Angeles and Osaka. Blame the strong #shekel & rising consumer prices. <https://t.co/oh4SEInM8E> <https://t.co/2pzdvH4vgO>
- The @NYTimes replies to my question: Britain continues to attract migrants because of its English language—which many have some command of—and because it does not have national ID cards, which makes it easier for people without legal status to work." <https://t.co/YZN9PdQ7d5> <https://t.co/GsJccucJsD>
- This article is a hoax showing up the pretensions of leftist academic "research," yet @WileyGlobal publications still posts it and, on the next page, sells it for \$42. Note that the authors' names together spell out "Sokal III," a reference to #AlanSokal. <https://t.co/6LQml2vFbx> <https://t.co/NBvaWrqWHT>
- Striking thought: "The cliché that Germany is the euro-zone's strongman ... is increasingly out-of-date. Germany is in danger of turning into the weakest major economy in the bloc; as that happens, power will inevitably shift from Berlin to Paris & Rome." <https://t.co/BBxIFsin8F>
- Would it be rash to draw a causal connection between immigration from Muslim-majority countries & Africa on the one hand and rapes per capita on the other? Something tells me there's a strong relationship between these facts. What do you think? <https://t.co/SxFSEAdf6K>
- Did you know that #Hannukah is less the festival of lights or gifts than the festival of Jewish victory? So argues @AlexNachumson: "Victory, a forcing of one's enemy into submission & achieving one's military aims is a goal in Judaism & Jewish history." <https://t.co/umJFnujDDC>
- My #Newsweek article, "#Poland's Border Shapes the Future of Migration" draws conclusions from the high drama along the Polish border with #Belarus. Namely, it will lead to a hardening of attitudes, especially toward illegal migrants from the Middle East. <https://t.co/mYGP7xyRC4>

- Very striking picture of illegal migrants yesterday crossing the rough English Channel in cold weather from France in a very flimsy dinghy. It raises the question: Why risk your life to live in England rather than France? Because you speak English? Better benefits? Or what else? <https://t.co/KhDYDQ2Q4>
- I explain in "Just Two World Conspirators" (in English) that #conspiracytheorists focus almost exclusively on 6% of the world population: #Jews, Britons & Americans. The other 94% become serious conspirators only by joining with one of the 6%. Weird, no? <https://t.co/ZkeiGx2Atz> <https://t.co/aq0hU54Ua>
- I just noticed that my late father, #RichardPipes, and I are listed together in a bibliography in "Handbuch der Verschwörungstheorien," ed. Helmut Reinalter. Leipzig: Salier, 2018. Given our different subjects, that's unusual, surprising, and delightful. <https://t.co/9IGL3gAYop>
- More on Turkey's currency crisis: Against the U.S. dollar, the "Turkish lira has shed nearly 7% in 2017, 28% in 2018, 11%, in 2019, 20% in 2020 and 42% in 2021 so far. Me: Go, @RTErdogan, go. <https://t.co/9qCyswrNGW>

- The last 3 minutes of this speech, given right after #WinstonChurchill became prime minister of the #UnitedKingdom and right after the fall of France, is a pure masterpiece. Plus, it has a great role in boosting fortitude in the coming Battle of Britain. <https://t.co/umyRwrxrLH>
- Of 4,915 cases in 2020-21 referred to #Prevent, the UK government's flagship anti-terror program: - 25% related to extreme right-wing beliefs - 22% to Islamist ones Me: This politically-correct absurdity is short-sighted & a recipe for future massacres. <https://t.co/hXLibBQD7T>
- #AramHamparian of @ANCA_DC in n "The Nagorno-Karabakh War of 2020": Turkey & #Azerbaijan want to eliminate the state of #Armenia. Me: Given the chilling historical & contemporary parallels between Armenians & Jews, why do they not get along much better? <https://t.co/Kvmz7XIZa7>
- The case of the Liverpool bomber, Emad Jamil Al Swealmeen, 32, highlights the danger of Muslims fraudulently converting to Christianity. He managed to convince everyone of his sincerity. In fact, he was a stealth #jihadi. How to learn from this disaster? <https://t.co/avh31qHnH4>
- @NYTimes: "Dictators don't usually have to worry about having their country praised, but #Lukashenko, often described as 'Europe's last dictator,' could face a serious headache if migrants start demanding political asylum in #Belarus." Me: Very ironic. <https://t.co/zJzFD7OFHx>

- "Thousands of protesters have gathered in #Isfahan in central Iran to demand the revival of the major #ZayandehRud River that has dried up." "Give Isfahan its breath, give our Zayandeh Rud back." Me: #Islamist mismanagement increasingly takes its toll. <https://t.co/5TQ2GR1cqB>
- The #Belarus-sponsored assault by illegal migrants is one innovation; another is commandeering airliners; @SoerenKern rightly calls this "a cheaper and safer way to reach Europe than paying people-smugglers thousands of euros for perilous sea crossings." <https://t.co/n70ZWFLF81>
- #EliyaHawila's story began with deception & fear: a Lebanese Shi'i Muslim man pretends to be Jewish to wed a Haredi woman. It then turned into one of sincerity & faith: he wants to convert to Judaism & begs her forgiveness for his deceit. What's next? <https://t.co/DRJBLSV7mk>
- Headline: "\$450M #SalvatorMundi Likely Not by Leonardo, Claims Prado." Madrid's @MuseoDelPrado now lists the painting as "Attributed Works, Workshop or Authorized and Supervised by Leonardo," Me: Pretty amusing that #MbS paid so absurdly much for this. <https://t.co/33DGvUUF9I>
- Bad enough that the Turkish currency cascades down (now, 11.2 to the USD). Worse that #Turkey's official news service, @AnadoluAgency, pretends that it is not happening & instead cheerfully reports that Turkey's main stock exchange closed at a new high. <https://t.co/fAol6l3LAj> <https://t.co/ksOGiXWARI>
- Taliban spokesman in #Qatar Mohammad Naeem (@IeaOffice): "There is no doubt that President #Erdoğan is one of the most prominent Muslim scholars of modern times. He has served his people and country and brought a lot of good to them." Me: It's no surprise that the Taliban ❤️ Erdo. <https://t.co/nQqf3Jx4Kn>
- Headline: "Local arrest that was spiraling into crisis: Turkey's detention, release of Israelis." The good news from this: It should shut down Israeli tourists going to Turkey until there are real changes in that country. There are plenty of alternatives. <https://t.co/4U3EXYO2at>
- Finally, good news from the US campus, courtesy of the National Student Clearinghouse (@NSCClearinghouse): Undergraduate enrollment declined 3.5% from 2020 & 7.8% from 2019. It trended downward across all sectors. I.e., fewer young people indoctrinated. <https://t.co/7Du6UYyx1L>
- In about my most important oped ever, I look at anti-#Islamism in 4 countries: "moderate Islam in Egypt, irreligiosity in Turkey, atheism in Saudi Arabia & conversion in Iran," concluding that this is "a concealed but severe crisis with volatile results." <https://t.co/qgLyYM7pck>
- MP #NaserKhader spoke eloquently about the situation of Islamism in Denmark on a @MEForum webinar today. He also made these 2 memorable comments: "I like Muslims in the Muslim world more than Muslims in the West" "Keep your home country values at home." <https://t.co/tXASkmouvD>
- It took many years of hard work by @RTErdogan & his distinguished team, but they finally did it: The Turkish lira (TRY) today crossed the psychologically major line of requiring ten to buy a single dollar. Me: So long as Erdo remains in power, #Turkey will continue to sink <https://t.co/BgjsFDSdkp>
- @AndyKessler: "The world changed on Nov. 15, 1971, and hardly anyone noticed. It is the 50th anniversary of the launch of the #Intel4004 microprocessor, a computer carved onto silicon." <https://t.co/ylo27JUaPU>
- News: "Israel is set to ask donor countries to restore their financial contributions to the Palestinian Authority." Me: - Horrible - It's the reverse of #IsraelVictory - I blame @Netanyahu for this. If not for his ego, the Right would be solidly in charge <https://t.co/Myt5HdfrZ9>
- @AlexNachumson elegantly dispatches the "shrinking the Palestinian-Israeli conflict" notion today at @JNS_org. Key points: - We've been through this many times before & it always failed - Israeli concessions can't work until Pal'n rejectionism ends. <https://t.co/zsjH9nrGGr>
- - @TheBreakers is one of America's grandest hotels - I've been fortunate to attend 15 @HorowitzCenter annual conferences there since 2003 - Now, the hotel has canceled the Center's future events because #DHFC is "controversial" - Conservatives must boycott it until it apologizes <https://t.co/FKwplCweaP>

- Article on the "Islamist terror amnesia industry" contrasts the coverage of the murder of two British MPs, #DavidAmess & #JoCox. Amess, the Islamist victim, was quickly depoliticised & de-memorialised; Cox, the far-right victim, became a national figure. <https://t.co/kQ7JhXq12v>

- I answer some questions from @RamiAmerDabbas) at @IsraelToday about trends in Islamism and the Palestinian-Israeli conflict. Despite myself, in general, I am pretty optimistic; history usually shows optimism misplaced when it comes to the Middle East ... <https://t.co/AJhUfYREN6>
- @KhaledAbuToameh: "While Israel has come under attack for its move against the six NGOs, there is almost no mention that the #PalestinianAuthority ... has also been targeting #Palestinian NGOs for quite some time." The typical double standard is at play. <https://t.co/g2U1QJWvZF>
- Amusing how the @NYTimes misses the point: "The scope of the party's setbacks illustrated that voters were fatigued from the demands of the still-continuing pandemic & angry about the soaring prices and scarcity of goods they were confronting every day." <https://t.co/uTKuRdMR2Z>
- Did you notice? "Dow 36,000: The New Strategy for Profiting From the Coming Rise in the Stock Market" came out 22 years ago, when the Dow was at 10,300. - How sad to see that #Egypt cannot escape autocratic rule, whether pro- or anti-Islamist. Here's hoping that its rulers will begin the process of political participation that eventually will lead to full democracy. Egyptians deserve to be treated as adults. <https://t.co/itrRs9JJaf>
- Now, here is one canny politician: "MK Mansour Abbas [@msnorabbas] approached government officials and asked for an allocation of ₪100mn from his party's coalition funds for the benefit of the #Haredi sector." Still rubbing my eyes at this development. <https://t.co/UGUQYEVWmj>
- Hey, @HBAumannLiv, you called me a "neo-orientalist scholar" intending it as a slur. But, as you can see from the explanation below, from my 1983 book, "In the Path of God," I am a full-fledged and un-apologetic #orientalist. Kindly keep that in mind. <https://t.co/E5j57IGbLt> <https://t.co/TWlc4XQPLm>

- @Aykan_Erdemir via @PinarTremblay: "Turkey has descended into arbitrary rule under the executive presidential system, which increasingly resembles sultanistic regimes of the region." And this unfriendly tyranny is still considered by some a U.S. ally? <https://t.co/KWxeUwiBao>
- @SFrantzman: "It may be that [Iran's diplomats'] real goal [in the endless #JCPOA talks] was simply to find a way to enjoy time in Europe at nice restaurants & hotels, perhaps even violating the theocratic enforcements back home." How deliciously ironic. <https://t.co/1k3U3kidBr>
- "In an exuberantly Orwellian inversion of reality, Erdoğan...proclaimed that his determined stance had forced [10 Western ambassadors] into a humiliating climb-down & a commitment never again to interfere in Turkey's internal affairs." Me: Erdoğan's right. <https://t.co/f0RMVtkU4G>
- Headline: "Two Jewish employees behind push to cancel Google's \$1.2bn Israel contract" Here's one more proof that the dividing line on Israel is not religious but political: - Liberals of all stripes are cool to hostile - Conservatives are warm to fervid <https://t.co/Y3p7GXMr34>

- For an explanation in English of this powerful testimony by Muhammad al-Musawi, see @RamiAmerDabbas' article below. - @AprilSnellings: "If you want to start a novel, your options for an opening line are just this side of infinite. But if you want to start a novel badly, any cartoon beagle can tell you that there's only one choice: 'It was a dark and stormy night!'" Fun! <https://t.co/qs7JTWvKY8>
- Should further proof of @Wikipedia's left-wing bias be needed, note that neither the entry for @BrandonBrown_68 nor for @KelliStavast mention their joint life-changing event. You don't know what I mean? The #LetsGoBrandon moment. Use Wikipedia cautiously. <https://t.co/PCo86ztWvy>
- ICYMI: Greece & France just signed a military accord stating they will aid each other militarily if either is attacked by a third country, even if that attacker is a NATO member. #BurakBekdil at @GatestoneInst: "That is naming Turkey without naming it." <https://t.co/oClgKy6PKp>
- #ZviMagen, former Israeli ambassador to Moscow, explains why Putin quietly supports Israel's attacks on Assad's & Iran's assets in Syria: "Iran would like to expel [Russia & Turkey] and remain alone to take over. The Russians are likely not fond of this." <https://t.co/Gwu6BRqCf9>

- You know, 20 years ago, weeks after 9/11, I frankly never imagined that Islamists would try to turn an #Islamist assault on Americans into an American assault on Muslims. Will it succeed? I won't even try to guess that. The USA is now too crazy to predict.<https://t.co/AhR2fLaykj>
- In a major medical breakthrough, #NYU doctors have transplanted a pig's kidney to a human. The predictable #Islamist reaction? This is an abomination because "any use of pig body organs is a sin; pigs will continue to be forbidden until the end of days." <https://t.co/tXLhKXSPoO>
- I published a summary of #ElijahMuhammad's dietary prescriptions in the @AmSpectator; "recalling a concentration camp diet, he recommended eating only once every two, three, or even seven days." Fortunately, almost no one follows these untenable commands. <https://t.co/D3lnHHb3Zp>

 - @AP on how Lebanon's crisis: "The most powerful men in Lebanese politics have been in charge for decades, some since the early 1970s. Now, they've closed ranks in a desperate fight to cling to positions & wealth" following the 2020 Beirut port explosion. <https://t.co/u3r7oDXhRy>
 - Is #civilizationism becoming clearer in France as the presidential campaign gets underway? @GabrielleCluzel: "It is not a social struggle but a civilizational struggle that @ZemmourEric wants to lead." <https://t.co/3GeeHXsfvc>
 - A note on Dmitry Muratov, Russian Nobel Peace Prize winner for fighting for freedom of expression: Although his religion appears mysterious, his name derives from Arabic (Murad) and suggests that he is descended, like Sergei Rachmaninoff & Nikolay Karamzin, from Muslim converts. <https://t.co/1gEVFwhIA1>
 - "The radical American idea that we make our own laws & govern ourselves is a fragile notion [&] history's aberration. Those now trying to tear it down are the same familiar suspects over the last 2,500 years who despise consensual government & the middle classes who preserve it." <https://t.co/vQwRq6KY3j>
 - A civilizationist speaks loud & clear: @MatteoSalviniMI: "The Jewish people & #Jerusalem are one & the same, and therefore the relocation of the Italian Embassy from Tel Aviv to Jerusalem would be the moral, cultural, and politically obvious thing to do." <https://t.co/fjRFk1c1sUh> <https://t.co/g850aaFrbe>
 - Israel's FM @YairLapid: "Israel reserves the right to act at any given moment in any given way. That is not only our right; it is also our responsibility. Iran has publicly stated it wants to wipe us out. We have no intention of letting this happen." Yes! <https://t.co/J245IBIA51>

 - #Islamist ideals once again inspire #jihad: "A Danish man suspected of a bow-and-arrow attack on a small Norwegian town that killed five people and wounded two others is a Muslim convert who was previously flagged as having been radicalized, police said." <https://t.co/5N0hXHhVc4>
 - @KhaledAbuToameh: Permission for Gazans to work in Israel set off desperate attempts to get in that expose the arrogant indifference of #Hamas leaders to the welfare of their subjects & their 65% unemployment rate. Is the world waking up to this reality? <https://t.co/SqyB9ZnjpQ>
 - My PhD is in medieval MidEast history. I left the field because of its covert politicization. Well, it's now overt. Read this and weep: Studying the medieval Middle East "is complicit in...Western ideas of inferiority...that have long underpinned the logic of settler colonialism." <https://t.co/GHCPgJePOg>
 - @USCIRF: Your mandate is to enhance religious freedom. Working with the Indian American Muslim Council (@IAMCouncil), an #Islamist organization, fundamentally contradicts that mandate. It's time to cut relations with it before you do real damage to both #India & to US interests. <https://t.co/v5ZngCLEj2>
 - Today marks 50 years since the shah of Iran's birthday bash for a supposed 2,500 years of monarchy in his country. The date was fraudulent, the party's expenses riled the people, the socializing of royalty & politicians was a disaster. The dumbest part of all time, in my view. <https://t.co/NWEgkObHrj>
 - - Ten years ago, it was 1.8 #TurkishLira (TRY) to the USD - Today, it's 9.0 lira That's a quite precise loss of 4/5s of #Turkey's currency in a decade. Bravo, @RTERdogan & your Canute-like war on interest rates. See you next when it's 10 to the dollar. <https://t.co/tccxSAkoMn> <https://t.co/TMZs7N7Cky>
 - The original @CairoOperaHouse, built in 1869 to celebrate the completion of the #SuezCanal, burned to the ground on Oct. 28, 1971. I was very fortunate to attend a performance there just 17 days earlier, on Oct. 11, 1971. (See the attached program.) That was 50 years ago today. <https://t.co/xX1SF7P9o5>
 - UK MP #JonathanGullis: "The term white privilege ... is an extremist term, it should be reported to [the counterterrorism agency] #Prevent. It's racist to actually suggest everyone who's white somehow is riddled with privilege." Me: That turns the tables. <https://t.co/TvGGKsS7FP>
 - I mourn Neal Sher (@nmsher), 74, a profoundly good man. <https://t.co/ko2UOiH0yg>
 - A Jerusalem judge has ruled that "silent" Jewish prayer on the #TempleMount (prayer that is quiet & without the markings of a religious ceremony, such as tallit & tefillin) is "not criminal." - This is potentially huge. - How will the Palestinians react? <https://t.co/aU9wCx3tJL>
 - @EVKontorovich explains why the Government of Israel must not accede to the US government demand for a separate consulate in Jerusalem for the Palestinians: "the purpose of opening the consulate is to recognize Palestinian claims to Jerusalem." I.e., it's not about convenience. <https://t.co/vtEDmteUpt>
 - I attended a small but poignant rally today not far from the #WhiteHouse in DC to "Stop the #Tigray Genocide." Me: There is no public event sadder than a demonstration protesting genocide. #TigrayGenocide #StopWarOnTigray <https://t.co/ayAwqYjadb>
 - This is the National Museum of African American History and Culture (@NMAAHC), a branch of the @Smithsonian, located on the National Mall in Washington, D.C. I nominate it as the democratic world's ugliest tax-payer funded museum. <https://t.co/5FuydSbxQQ>
 - I proffer an @MEForum video presentation by @MarkDurie on the novel topic of "Is #Abrahamic a Useful Concept?" In brief, Durie says it is not useful, that: - The Jewish, Christian & Islamic views of Abraham differ too profoundly - The concept basically subsumes J & C under I. <https://t.co/ixuBLrOxS4>
 - I have so many issues with the woke @NYTimes, but it's #obituary department remains an oasis of objectivity; bravo to it. May its influence spread to the rest of the newspaper. My father's, Richard Pipes, was excellent. So is today's of #AngeloCodevilla. <https://t.co/mryOvmXckb>

- I urge Middle East migrants to stay in their culture zone in the @AmSpectator today. "The West remains the destination of choice for much of the world's refugee and economic migrant populations alike; yet this facile assumption needs to be questioned." <https://t.co/kYGr8FLfHG>
- Sometimes, the @UN actually does a good job, as in the report by the special envoy for Syria, @GeirOPedersen. He counts the dead, the displaced & the poor. He even comes up with some ideas for the future. <https://t.co/ORAIi2N4ee> <https://t.co/ZXnYkYHVEN>
- This is so interesting: Does #kosher just mean non-pork or does it mean not even resembling pork? - The Jewish #OrthodoxUnion decided in favor of the latter. - I expect Islamic authorities will determine likewise when it comes to #halal restrictions. <https://t.co/oMM9ykP6Ys>
- The #DomenicoLucano saga has crashed to a wretched but predictable end. As mayor of the tiny Italian town of Riace, he won global praise for his pro-illegal migrant stance. As criminal, he's been sentenced to 13 years in jail for fraud & abuse of office. <https://t.co/mPNYM2PvKL>
- Have you discovered #AlecRyrie, professor of divinity at London's historic Gresham College? He is a brilliant lecturer on all subjects concerning Christian history. For starters, try his "Jesus, Hitler and the Abolition of God" on the spread of disbelief. <https://t.co/fQjYdoQUJJ>
- What can Europeans do in the face of overwhelming African migration to Europe? @RogerBoyes has 2 main suggestions: - Educate girls. - Make fast-growing megacities more livable. To which, I add: Build high the walls of #FortressEurope. Can't ignore that. <https://t.co/YZqpmijKs>
- This tweet clearly hit a nerve in #Iran's leadership, as demonstrated by a @TehranTimes79 article that lambasts @ProfBSchaffer as "responsible for advocating separatism among the Iranians & Azeris." Correction: Persians & Azeris. Because Iranian≠Persian. <https://t.co/nY6VrLKLl2> <https://t.co/qcf4l0gXsN>
- Headline from #RichardAbelson: "#Antifa Issues Kill List of Germany's @AfD Politicians, Chaos Reigns in Berlin Elections." My question: Why is there not a hint of these developments in U.S. mainstream media reporting? <https://t.co/ao0Q3SvzRt>
- Lithuania, with a population of under 3mn and an economy 1/3 of 1 percent the size of China's, is standing up to the #CCP as no other country in the world does - and also standing with #Taiwan. It's an inspiration for us all. <https://t.co/JdgZFwnqzJ>
- @StevenACook speculates that if an apparently ailing @RTErdogan dies in office, Defense Minister Hulusi Akar is the most likely successor. And that's not good for the West, as he's similar to Erdoğan in outlook. It's fascinating and dismaying analysis. <https://t.co/xKRBGNVAVGL>
- America's next president? <https://t.co/RyP4IKygb1>
- About #JosephSchacht (1902-69), the German-born founder of the modern study of Islamic law: "In 1934, he left Germany for good, and in further demonstration of his opposition to #Nazism, a few years later he ceased writing in, and even speaking German." <https://t.co/7vKz2lhdLK> <https://t.co/xu5rqzuWRP>
- @IsraelHayomEng: The Palestinian Authority has no expectations of @NaftaliBennett but is waiting for @YairLapid to become PM. Then the concessions will flow. Me: - That makes sense - Scary prospect - When will #Likud finally rebel against @Netanyahu? <https://t.co/QU2TPymfng>
- News item: The U.S. government "has reached out to China diplomatically about reducing its purchases of Iranian crude oil." Me: - Going to one enemy for help with another enemy? Utterly pathetic - This most closely reminds me of #JimmyCarter's feebleness <https://t.co/a3Llt0E2gP>
- @SkepticMohamed is trying to use the intolerance of Muslim-majority governments to his advantage, saying he will be persecuted for having publicly burned the #Koran, therefore the Swedish authorities must allow him, an #exMuslim, to remain in #Sweden. Will it work? Stay tuned. <https://t.co/BTV548W91p>
- Heard of the "Arabian Journal of Geosciences," published by the giant Springer Nature & edited by a Saudi, Abdullah Al-Amri, prof of geophysics at @_KSU? Well, AJG had 412 nonsense articles in recent months. Me: Proof that no one reads absurd "research." <https://t.co/lZXIEkQFLa>
- Please read the wonderful article by the wonderful #RuthWisse on the decline of @Harvard from the time she arrived in 1993 until now. Read it and weep for the rupture in American intellectual and cultural life. Will it ever return, or is this forever? <https://t.co/ihUliinhBHn>
- In France, there's a tight 3-way presidential race for 2nd place between far-leftist Mélançon & 2 civilizationists, Le Pen & Zemmour, with Le Pen the tired old face & Zemmour the exciting new one who has momentum. Of note, #Zemmour was born to a #Sephardic family from #Algeria. <https://t.co/MffBidAmCi>
- @KhaledAbuToameh: It is wrong to think that offering money could end Palestinian #rejectionism. That requires "ending the anti-Israel rhetoric of Palestinian leaders & media outlets -- something that is not likely to happen." Me: Hello, #IsraelVictory. <https://t.co/ZumJ7q82xV>
- Politics can be complex & strange. Note Biden's pick of Dilawar Syed, a Muslim, as Small Business Administration deputy administrator: "Jewish organizations are among a diverse coalition defending Syed ... against antisemitism allegations from Republicans." <https://t.co/NvQUT4QIQg>
- Food for thought from @Jeff_Jacoby: "In the 11-month span from April 2019 to March 2020, as the US presidential campaign was grinding on and on, Israelis managed to hold three national election campaigns." Yes, the 2024 presidential campaign has started. <https://t.co/YLYJkuMVST> <https://t.co/91GLai9aoJ>
- @NaftaliBennett: "Iran's nuclear program has hit a watershed moment. And so has our tolerance. Words do not stop centrifuges from spinning. ... We will not allow Iran to acquire a nuclear weapon." Me: - Pay close attention to this - Iran will not do so <https://t.co/h5JhvxPrTd>
- ICYMI: According to a survey taken a year ago by an #Islamist organization, @TheISPU, American Muslims view fellow Muslims more negatively than American Jews view Muslims. Me: - The survey has little credibility - Still, its authors ignore this curiosity <https://t.co/LNs6etTi1H> <https://t.co/HO6l2D04YA>
- @GordanGChang at @GatestoneInst on John Kerry's shameful betrayal of the #Uyghurs: It's not just bad for them but for us. "By defending the human rights of the Chinese people, Americans are, in a very real sense, also defending their national security." <https://t.co/i3L06upNYR>
- Curious about #ISIS' hostility versus the #Taliban in #Afghanistan? As fellow Islamists, they would seem to be natural allies. #GalitTrumanZinman: That's because "ISIS's 'war on infidels' is as intolerant of other Muslims as it is of Jews & Christians." <https://t.co/IMX6sbN89a>
- The "Moorish sovereign citizen movement" has struck again, this time in Newark, NJ, claiming a woman's newly purchased home and spreading fear & lawlessness. On its origins, see my 2013 background article on the Moorish Science Temple of America (#MSTA). <https://t.co/S5y4ny1CdH>
- #AlecRyrie in "The Emotional History of [Western] Atheism & Unbelief" explains how atheism started: "As an act of faith, they renounced religion." Me: This uncannily parallels how secularism emerged—from weariness of excessive & violent religious passions. <https://t.co/q68hSGUuux>
- At 1,121 ft (342 m) & 60 stories, Philadelphia's #ComcastTechnologyCenter is the tallest building in the United States outside of Manhattan & Chicago. Pardon me for

- asking, but why is such a high building needed when there's a parking lot kitty-corner to it? Is this show-offery? <https://t.co/yYjMDoq9v7>
- The 4-day "#TurkeyTribunal" just concluded in Geneva did a thorough & impartial job of evaluating the @RTErdogan regime's record on human rights. Not surprisingly, it found many problems, from torture & disappearances to possible crimes against humanity. <https://t.co/zSYszY8CyX>
 - As @ZemmourEric becomes a serious candidate for president of France, I recall my one encounter with him, in #Budapest in March 2019. Speaking decent French, I approached him at breakfast & he snubbed me with classic Parisian disdain. He did not exactly make me into an admirer. <https://t.co/ezMgVBKJB>
 - Exiled Turkish investigative reporter @AdemYArslan: A close look at the alleged coup on July 15, 2016, finds many discrepant details pointing to its being manufactured by the regime. For starters, bullets used to kill civilians were not used by the army. <https://t.co/yYTPXd7eJd>
 - Hard to believe, but Israelis seems to be returning to the Oslo folly, this time with Hamas, hoping that economic benefits will induce Palestinians to give up their intent to eliminate Israel. Me: - This way lies madness - #IsraelVictory is the only path <https://t.co/N8pYOVkJNF>
 - Wisam Al-Hardan in the @WSJ: "Iraq Should Join the #AbrahamAccords: Full relations with Israel would help atone for the infamous act of driving out our Jewish population." He was joined at a conference today in Erbil by political leaders & ex-generals. <https://t.co/6m94Yw7Km4>
 - Explaining the #Evergrande crisis: Marx: Capitalism is a transitory state on the road to socialism. Xi: I hear you Karl. We've had capitalism, now I will destroy it to build glorious socialism. Me: Otherwise, the #CCP will lose power, and that's Xi's and its worst nightmare. <https://t.co/2qaTZCcWhw>
 - News: The #USHouse approved funding for Israel's #IronDome anti-missile system by a lopsided vote, 420-9. Me: That vote seems to knock aside the talk about a drop in Israel's Congressional standing. Trouble could well be brewing but it's not here yet. <https://t.co/gM7CD754hd>
 - @RTErdogan: "I cannot honestly say that there is a healthy process in Turkish-American relations.... the current trajectory does not bode well. ... I can't say that we started well with Mr. #Biden." Me: Bravo, Mr. Biden. Don't buckle before this dictator. <https://t.co/bjKR58WHOO>

 - "@RTErdogan's popularity is at an all-time low 38% approval rate; & significant socioeconomic & political indicators, as well as health issues, signal that the post-Erdoğan era in Turkey is approaching." Wrong: No tyrant allows himself to be thrown out of office by pesky voters. <https://t.co/8O1x81GzIH>
 - Time to place @RutgersU at the top of the list of crazy universities? For a sampling of some star professors' ideas, see @AEHarrod's collection of anti-American inanities & drivels delivered in a recent webinar, "Twenty Years after 9/11: Islamophobia and the Politics of Empire." <https://t.co/06NsIJJpKS>
 - For a rogues' gallery of academics, check out #WinfieldMyers' "Evil, Crazy, or Just Plain Stupid? Top 10 Quotes from Middle East Studies Professors." He culled these from 275 howlers over 19 years. They really are nutty professors, and not in a good way. <https://t.co/uRYFmMeO2g>
 - The @FreeP report contains two dismaying aspects. That: - A secret network of #Muslim doctors carrying out female genital mutilation (#FGM) on young girls existed. - Legal efforts to suppress this barbarism in the USA have until now spectacularly failed. <https://t.co/wWEo0LOGoq>
 - Chalk up yet another Muslim-majority country, this one with an #Islamist government, that sells out the #Uyghurs to make nice with the #CCP. It's remarkable that nearly all of the moral strength to help this beleaguered Muslim people comes from the West. <https://t.co/VtuFoG700d>
 - Step by small step, it appears, Europeans are becoming more realistic about protecting themselves. Case in point: the Dutch border authority may take appearance into account when stopping & checking identification papers of travelers from Schengen areas. <https://t.co/PLTJUXiiWX> <https://t.co/R7SjCqvGbo>
 - 20 years after 9/11, you'd think that this argument by #LorenzoVidino would be unnecessary: "The Myth of Moderate Jihadists: The unspoken pact between Washington & anti-IS jihadi groups is a short-sighted move that will reward extremists." You'd be wrong. <https://t.co/YBPKBHvIk>
 - @MichaelTanchum: "#India's Arabian-Mediterranean (Arab-Med) Corridor to Europe is an emerging multi-modal, commercial corridor that could radically reconfigure trade patterns between the Indian Ocean Region, the Middle East & Europe."  - @WashingtonPost headline yesterday: "Far too many pregnant people remain at high risk of covid-19. It didn't have to be this way." Me: People? <https://t.co/ltY4CzKfrp>
 - ICYMI: This news came out at the very start of the #COVID19 pandemic, 1½ years ago: "Amid coronavirus, @Walmart says it's seeing increased sales of tops — but not bottoms." Makes good sense in the @Zoom era of only seeing the top of a person's body. <https://t.co/uSIzPvXaA9>
 - Angelo Codevilla died yesterday, age 78. I first met Angelo in 1978, when he was working for the Senate & I was looking for a job in DC. We stayed in touch over the decades & I learned from his wisdom on matters of war & peace. He will be sorely missed. <https://t.co/CLQOnX0qdh>
 - Of course, Artificial Intelligence (AI) reflects this wave of 48K jihadi attacks & 210K dead. And, of course, Islamists & leftists are in a panic over this & trying to mess with AI to make sure these unpleasant facts are hidden. @VoxDotCom leads the way. <https://t.co/cHAY8sz1yZ> <https://t.co/qapX0ZqpE3>

 - @NoahCarl90's pungent message to progressive white males: "Academics from overrepresented groups who are in favor of more 'diversity' have an obligation to resign & give up their positions to members of underrepresented groups." As he says, talk is cheap. <https://t.co/ch8bsYIIRO>
 - @HaninGDR: "#Hezbollah's iron grip on #Lebanon's politics and economy is starting to loosen. ... Hezbollah no longer enjoys the support it once had among Shias. In particular, many businesspeople are more interested in jobs than in Hezbollah's resistance struggles." Wake up, DC. <https://t.co/MM2cFAQArL>
 - Egypt's Pres. Sisi: "I respect nonbelievers. If someone tells me [they are] neither Muslim, Christian nor Jewish, or does not believe in religion, I would tell them, 'You are free to choose.'" Me: That's another sign of the advance of #exMuslim #atheism. <https://t.co/AGGGFpifKU>
 - Headline: "Lebanon's new PM vows to take back land it sees as occupied by Israel," a reference to the #ShebaaFarms area. Me: How odd to recall that pre-1977, it was widely assumed that #Lebanon would be the 2nd state to make peace with Israel. How wrong. <https://t.co/in3Qla4UfG>
 - #YehoshafatHarkabi, Israeli general, scholar of the Arab-Israeli conflict, and self-styled "Machiavellian dove," was born 100 years ago today in Haifa. I had many & deep differences with him but esteemed him as "a deeply versed & often brilliant analyst." <https://t.co/N33TpoL7zH>

- Pretty funny, no? The hall is nearly empty when EU Commission President Ursula @vonderLeyen delivered her State of the Union address on Sep. 15 at the European Parliament in Strasbourg. Shows how much interest the EU inspires, even among its own members. <https://t.co/TtaW73NE61> <https://t.co/5HXnb3jaHi>
- Non-Muslims tend to ignore the growing phenomenon of Muslims becoming atheists. To address this, I document the surge in a new article at @TheNatInterest. Conclusion: The turn toward atheism means the "Islamic future [is] more precarious than its past." <https://t.co/PhKTOgwOLY>
- Step by step, Europeans take control of their borders: Greece opened its first "closed" migrant camp. "Barbed wire fencing surrounds the new camp on the island of #Samos which is also installed with surveillance cameras, x-ray scanners & magnetic doors." <https://t.co/qTjK1zgwI>
- It is profoundly sad and disturbing to me that so many of my fellow American political conservatives have fallen so hard for conspiracy theories, notably about the 2020 presidential election and the anti-COVID-19 vaccines. I wish them a rapid and full recovery from this blight. <https://t.co/infoXWE7gEe>
- ICYMI: To keep out illegal migrants coming from France, the UK government has considered "boats with pumps generating waves that would force boats back into French waters"—but this raised concerns "about capsizing the migrants in already-overladen boats." <https://t.co/dwHhGFxqQb>
- For a wondrous example of @JoeBiden's senility, I dare you to make your way through his extemporaneous remarks on the anniversary of 9/11. I picked out the most colorful, mysterious bits & published them as an update to my "Deciphering #Bidenese" article. <https://t.co/7oSWHd4xF1>
- @MRubin1971: @TERdogan's "Turkey now appears to be pursuing a campaign of cultural genocide against [Cyprus] traditional Turkish community." Note that it's the Turks of Cyprus under discussion, not the Greeks. Me: - Erdoğan is a menace - Turkey is going the way of Venezuela <https://t.co/4woTElomWz>
- Imran Shamsunahar has written a brave and excellent analysis of #Malaysia's affirmative-action problem: #Not a failed state, but a decaying one." The lessons of Malaysia should be obvious to all: treat humans as individuals, not as members of groups, and deal with them fairly. <https://t.co/CRDv7AK024>
- For the German elections in a week, @AfD candidate Marcel Goldhammer (@MarcelBelmondo) has produced perhaps the most astonishing campaign poster of all time: "Make Berlin safer for Jews and gays," with his name then spelt out in Hebrew letters. That's one brave dude, all right. <https://t.co/mPj7xOOLBe>
- I explain today why 1945's rehabilitation of Germany, Japan, Austria & Italy could not be replicated in Afghanistan & Iraq. In brief, there are 4 major differences between then & now. Lesson for the future: Don't try to pull a 1945 again. It's unavailable <https://t.co/nezuAAfP6h>
- Sorry, but I think this is funny, not scary: Paris recalls its ambassador to the USA for the first time in nearly 250 years because the Australians bought American subs, not French ones. Really? I guess elections are coming & #Macron wants to show the electorate his toughness. <https://t.co/RH2mVoKYQq>
- Fascinating if true, on executing #MohsenFakhrizadeh: "The Scientist & the A.I.-Assisted, Remote-Control Killing Machine: Israeli agents wanted to kill #Iran's top nuclear scientist for years. They came up with a way to do it with no operatives present." <https://t.co/Es6Pg60K0Q>
- My blurb for @JeffreyJHiggins's new thriller: "Unseen' combines an insider's knowledge of Washington with fast action, satisfying romance & a great big dollop of information about the Muslim Brotherhood. The result is as instructive as it is compelling." <https://t.co/R1BhclUXyi>
- @AIMonitor: "Turkey increasingly finds itself at odds w/ both Washington & Moscow over just about everything." Me: - B/c Erdoğan dominates Turkey, he thinks he's a foreign policy genius. - @Bild: "There is too little talk about #Islamism in the [German] election campaign." Me: Yes, it's as though the #CCP, #COVID19 & the economy have replaced the #DIMI (demographics, immigration, multiculturalism, and Islamization) issues. They have not. <https://t.co/qm11Mt3yyi>
- Zenobia van Dongen: There's been a profound shift in the meaning of "left-wing" in the West. It "used to mean defending working-class interests but now means promoting Muslim immigration." <https://t.co/Nc1vnYJSx> <https://t.co/fXI3GwrRUe>
- There's a distressing pattern of excluding Jews as jurors or judges in cases that include Muslims: - Jurors for Abdullah el-Faisal, London, 2003 - Jurors for Abdel Hameed Shehadeh, Brooklyn, 2013 - Judge David Spiro, Toronto, 2021 Where will this end? <https://t.co/h9IEZf4P1D>
- #Yemen may be the most mysterious country in the MidEast; I visited there 49 years ago & was entranced for life. @AsherOrkaby's book nicely introduces the place with information that is slightly random but reliable, useful & interesting. Give it a try. <https://t.co/34o8A9MtKE> <https://t.co/xNklFPvszF>
- Headline: "Iran could have enough enriched uranium for a nuke in a month." Me: Given the mentality of #Iran's leadership, this is surely the most important news in the world, yet it hardly gets noticed. Much more fun to analyze the dresses at a NYC ball. <https://t.co/jrENuqL7MY>
- Avril D. Haines, Biden's @CIA director: The greatest terrorist threat now to the US is NOT Afghanistan but "Yemen, Somalia, Syria & Iraq." Me: - How very, very convenient - But the CIA not at all political - See anything in common between the 5 countries? <https://t.co/rSiMlhR6Fu>
- @CliffSmithZBRDZ: "Palestinians should take note. Israel's 'victory' need not look like the destruction left in the wake of the recent conflict in Gaza, but like the skyscrapers of Dubai." Me: Yes, the Palestinian's defeat opens the path to their benefit. <https://t.co/3gqKKIDH8o>
- @GHecohen: Israel's security leaders want "simply to avoid friction. They have forgotten that without constant friction Israel & the IDF cannot help but degenerate operationally & lose their very raison d'être." Wise words to help achieve #IsraelVictory. <https://t.co/tajVVH4kdS>
- Who in his right mind would take refuge in the failed state of Lebanon? Well, MidEast Muslims in transit to Christianity, that's who. @RamiAmerDabbas provides specifics at @IsraelToday. <https://t.co/pNM2vehipn>
- Robert Spencer (@jihadwatchRS) eviscerates a dishonest @CNN puff piece on Islam & concludes with a brief quote from me: "Why would #Islamists need to engage in violent #jihad when they have so many of America's great institutions promoting their cause?" <https://t.co/XWzO6cqrUd>
- Omar bin Laden, 40, the youngest of OBL's sons, was offered leadership of Al-Qaeda but declined. In fact, he feels "shame and horror" toward his father. He hopes to visit Israel ("a beautiful country") along with his Jewish-origin wife. Me: How amazing. <https://t.co/7I9Gf6VYuU>
- Israeli politicians exchange views: Joint Arab List leader @AyOdeh: "My dream is that there will be no more prisons, no more occupation." Otzma Yehudit leader @ItamarBenGvir: "My dream is that there should be ... no terror supporters in the Knesset." <https://t.co/8uqHRvzbdz>
- My article today in @IsraelHayomEng: Germany's Establishment exploits the country's Jewish leadership to discredit the civilizationist @AfD and boot it from parliament. The Jewish leadership, depending on funds from the government, supinely plays along. <https://t.co/4E9pDL4YJ5>
- Hayder al-Shakarchi of @AIBawabaEnglish interviewed me about 9/11. I explain how counterproductive that attack was & how Islamists increasingly worked through the system after 2001. Also, after the "United We Stand" moment, US politics became more toxic. <https://t.co/jN89G7RA1G>
- Think it's bad for conservatives in the USA? It is, but it's worse almost everywhere else. In France, e.g., #ThaïsdEscufon said it's "scandalous that a migrant can cross the

- border." For this, she got a €3K fine and a 2-month suspended prison sentence. <https://t.co/AWdMS1gcKm>
- @TheDemocrats in charge, America retreats from the world: AP: "The US has removed its most advanced missile defense system & Patriot batteries from Saudi Arabia in recent weeks, even as the kingdom faced continued air attacks from Yemen's Houthi rebels." <https://t.co/5sJMPGJvo6>
 - Note any difference in the headlines about the same story in 2 New York newspapers? @NYTimes: In U.S. Drone Strike, Evidence Suggests No ISIS Bomb. <https://t.co/8qaPRu0IPF> @NYPost: Biden droned the wrong guy, innocent aid worker killed in Kabul strike. <https://t.co/9ZPV4pBaTQ>
 - In 2014, Obama exchanged 5 Guantánamo detainees for #BoweBergdahl, an American soldier who had deserted to the Taliban. All of those 5 now hold key positions in the Taliban regime. - Wasn't Obama a brilliant commander-in-chief? - Could Biden surpass him? <https://t.co/bRH8Wr23kM>
 - Have you seen the architectural rendering of the #AbrahamicFamilyHouse in #AbuDhabi, with each of a synagogue, church & mosque? Designed by @DAdjaye, the interior spaces are dazzling. Has there ever been such a project before? I cannot think of one. Bravo to the #UAE for this. <https://t.co/1ssHL3ZE7S>
 - 20 years later, @CAIRnational magically turned 9/11 from an Islamist attack on America into ... an American attack on its own Muslim population. Plus, CAIR raised buckets of money from this sleight-of-hand. So, @TheIPT came up with this clever graphic as a hats-off to that heist. <https://t.co/8OgqRxyo80>
 - Americans live in a new world, one in which racial issues alone matter. #Islamist "School Board Member Whose Father Led 9/11 Hijackers' #Mosque Opposes Resolution Honoring Victims: Says resolution honoring victims of terror attacks is not 'anti-racist'." <https://t.co/DFpzWtcCfj>
 - I reviewed "Iran Is More than Persia: Ethnic Politics in the Islamic Republic" by @ProfBShaffer. She makes the important point that modern-day #Iran is a small empire, with over ½ the population not Persian & quite repressed. Time for policy to note this. <https://t.co/gnBjAA7E3c>
 - For Polish-speakers: An in-depth analysis of the long-term impact of 9/11 based in part on my reflections, namely: - 9/11 led to 2 wars (Afghanistan, Iraq) that reduced the global US role - It began an internal debate over causes of the attack that far worsened US political life <https://t.co/rb8gGXJmIf>
 - True to @TheDemocrats' identity politics mantra, @SecBlinken worries more about the interim #Taliban government's gender balance than its ideology. "Despite professing that a new government would be inclusive, the list of names consists [of] no women." <https://t.co/tnDN9rpNEs>
 - Islamists & their Leftist allies are rampaging on this 9/11. One example: Farah Brelvi of @MuslimAdvocates, as reported in the @NYTimes: "Much work remains to dismantle the anti-Muslim industry." Me: Wondering exactly what this verb "dismantle" means. <https://t.co/Ow2vYdLt5r>
 - Provisional results in Morocco's elections: The Islamist party, Justice & Development (#PJD), went from 125 to 12 seats. Me: While local factors predominate, this partly results from a reaction against the Islamists taking over in Afghanistan on Aug. 15. <https://t.co/Ctbp59uBj>
 - I reviewed "Fertility and Faith: The Demographic Revolution & the Transformation of World Religions" by #PhillipJenkins: High-fertility societies tend to be devout & the lower the fertility rate, the greater the tendency to detach from organized religion. <https://t.co/GoKOAncKGA>
 - Really? @ConradMBlack: "Joe Biden is not up to the job. Barring a miracle, he will not go on for 3½ years. The powers in the Democratic Party appear already to be trying to shuffle the VP out of the deck & bring in someone to hold the commanding heights of American government." <https://t.co/LsV3yMx4VL>
 - Excuse me if I am skeptical of the show-piece trial of the #Bataalan jihadis. It: - Is almost 6 years after the fact - Has 14 defendants, 330 lawyers & >1.8K plaintiffs - Takes place in a purpose-build courtroom - Includes a former president giving testimony - Will take ¾ year. <https://t.co/QR97dLYzVz>
 - @TheDemocrats' core positions boil down to two: "antiracist" & "pro-choice." Trouble is, they are inherently contradictory. To embrace one is inarguably to reject the other. To understand why, go back to #RichardEly & the purported "science" of eugenics. <https://t.co/v59jz64roL> <https://t.co/F8Qo27cuQM>
 - An amusing illustration of the U.S. dollar's steep decline: In #DashiellHammett's 1930 novel, "The Maltese Falcon," the value of the solid gold bird statue is estimated at an astonishing \$2mn. In 2013, the plaster prop used in the movie starring #HumphreyBogart sold for \$4.1mn. <https://t.co/ijRJ3PhpzU>
 - @MoshePhillips3: Harvard's new chief chaplain, @GregMEpstein, has radical ideas not just about God & Judaism but also about Israel & the Holocaust. E.g., he has denigrated Israelis as "Jewish supremacists." Me: It's getting ever-more embarrassing to be associated with @Harvard. <https://t.co/ixuRcqV2RW>
 - I reviewed this book in the @MEQuarterly. Plus: Carl Yonker (@IsmiFallah) meticulously traces the #SSNP, one of the MidEast's most interesting organizations Minus: His disappointing study follows those twists & turns without seeing their larger significance for Lebanon & Syria <https://t.co/0CCR4hp7Ls>
 - I published an analysis of the @Harvard_History Dept. showing that 80% of its faculty have endowed chairs. This means they can just address historians & ignore everyone else. "Deans do not demand they fill classrooms; spouses do not clamor for royalties." <https://t.co/PvQ2vTKhPB>
 - The good news from #Qatar: Legislative elections will take place on Oct. 2. The bad news: You cannot vote unless your family lived in Qatar before 1930. If such a rule existed in the United States, I could not vote, as both my parents arrived in 1940. <https://t.co/EzlgndV0y>
 - Was @Starbucks a signatory of the U.S. Constitution? Judging by this sign at the National Constitution Center (@ConstitutionCtr) in Philadelphia, it took a leading role. Ah, good old capitalism. <https://t.co/u24XrHdsS1>
 - Nice to see, after 1½ years, that students are back at college. This is from @Penn today. Excitement was in the air. I just wish they were not undergoing leftist indoctrination. <https://t.co/g4tRrEmLL7>
 - With #RFK's killer #SirhanSirhan in the news, note my 2008 blog: #WilliamAyers, Obama's close associate at the Chicago Annenberg Challenge, dedicated his co-authored 1974 terrorist manifesto, "Prairie Fire," to (among others) Sirhan Sirhan. Shocked yet? <https://t.co/jowN6Pquy0>
 - Read about the #NewZealand #jihadi, Ahamed Aathill Mohammad Samsudeen, and cry. The ineptitude, denial, and plain idiocy of the politicians & police defies reason. But NZ is typical of the West. Now, in which country will the next massacre take place? <https://t.co/6muMrVzL7l>
 - I reviewed Stephen J. Shoemaker's "A Prophet Has Appeared: The Rise of Islam through Christian and Jewish Eyes, A Sourcebook" and calling it "one of the most readable & exciting books in Islamic history" because of its original information. @MEQuarterly <https://t.co/xo1htJgJMZ>
 - French institute @Fondapol published a book on #jihadi attacks since 1979, finding: - 48,035 attacks by Islamists around the world, or >3 per day - 210,138 dead from these attacks, or almost 14 per day But the Left—as recently as today in NZ—shuts its eyes to this vast danger. <https://t.co/jUvEjPc2f4>
 - Passing a budget in Israel was a "personal victory for @AvigdorLieberman as architect of the project to topple @Netanyahu. It began in Nov '18, when he shocked everyone by handing in his resignation as defense minister. It has been a long slog since then." <https://t.co/tMGSjdgllR>
 - A quiet but major move in U.S.-Israel relations took place yesterday: #Israel was moved from the military's European command to its Middle East command. Me: This shift results from the diminished Arab state hostility to Israel. And also #Trump's resolve. <https://t.co/JC8gmZe5M9>

- @PeggyNoonanNYC: Biden's "people think [Afghanistan] will all just go away. ... But the essence of the story will linger. Its reverberations will play out for years. The damage to the president is different & deeper than his people think, because it hit at his reputational core." <https://t.co/Hs1kUGmSFI>
- NZ PM @JacindaArdern compounds the folly by avoiding the naming of the #jihadi's #Islamist motive, saying the attack "was carried out by an individual — not a faith, not a culture, not an ethnicity. ... He alone carries the responsibility for these acts." <https://t.co/XOixejf3t>
- Headline: NZ police shoot dead an #ISIS #jihadi who stabbed 6 in a store. Absurd backstory: - Laws did not permit jailing him - Police tailed him 24/7 - He picked up a knife in a store & rampaged - They killed him after 50 seconds Me: This is craziness. <https://t.co/BXFFzY5T5l>
- It's pretty amusing that @CAIRNational just invited me to take part in its survey "To better understand what Muslims in America have experienced in the twenty years" since 9/11. That shows just how useless is CAIR's survey research; any random person can opine as a U.S. Muslim. <https://t.co/hwRrDaBXz8>
- @BahroozJaafar: If Iraq's "water problem is not solved, Iraqi civilization could disappear completely." Me: And its 40mn population would likely move to the West. <https://t.co/7n2frCLJ7f>
- @ArminLaschet, perhaps Germany's chancellor in a month: Afghanistan "is the biggest debacle that NATO has suffered since its founding." Me: - Strong words but accurate ones - Biden was clever to appoint @KamalaHarris as his poison-pill <https://t.co/zNaarFp2dE>
- Speaking of Austria's PM @SebastianKurz, he won an astonishing 99.4% in the vote to head his party, the People's Party (@VolksPartei). That's more than his 98.7% in 2017. His tough stance on immigration was key. But still, it feels spookily Stalinist. <https://t.co/V547mFb5Vo>
- Austria's PM @SebastianKurz on why he won't allow more Afghans into the country: "Taking in people who cannot be integrated is a huge problem for our country." Me: That's a novel & clever way, without reference to religion, to exclude difficult migrants. <https://t.co/yxdhlgan5G>
- For an early critique of the folly of spending untold amounts to nation-build in Afghanistan, see @JSchanzer's & my article from Jan. 2002, "Attack U.S. and Win Aid." You may enjoy the allusions to #PeterSellers' comic 1959 movie, "The Mouse that Roared." <https://t.co/kGCcpESJqO>
- That an unrepentant #SirhanSirhan, who still denies murdering #RobertFKennedy, will likely soon be released, with the support of RFK's sons & no opposition from the DA, provides one more indication for the moral & political decline of the United States. <https://t.co/GDKOonwfXf>
- Sen. Josh Hawley (@HawleyMO) on @JoeBiden's failure in Afghanistan: "It is now painfully clear he has neither the will nor capacity to lead. He must resign." Me: Does Hawley really want to replace Biden with @KamalaHarris? Surely, that's a terrible idea. <https://t.co/U4d9Y2wrwZ>
- #Biden: "To those who carried out this attack ... know this: We will not forgive. We will not forget. We will hunt you down and make you pay. I will defend our interests and our people with every measure at my command." Me: Pathetic bravado by a weakling. <https://t.co/jaELofSEJr>
- @Richard_Landes collected some of the colorful insults that #EdwardSaid hurled at "anybody who says things he does not approve of about the Arabs and Muslims." Me: In Said's spirit, I call him a venomous, bogus, self-deceiving & preposterous mediocrity. <https://t.co/bdc5O0Rkb5> <https://t.co/PKowGafac9>
- Just months ago, traveling by train from NYC to Philadelphia meant going from Penn Station to 30th St. Station. But now, @Amtrak has plastered dead Democratic politicians' names (#DanielPatrickMoynihan & #WilliamGrayIII) on the stations. Dutifully kow-towing here to my masters. <https://t.co/xgeTfjxSIC>
- Of the myriad reasons to study Hebrew, such as understanding Judaism, Jewish history, or modern-day Israel, how does @Georgetown Univ's @ACMCU present it? For those "interested in learning about the Middle East Conflict." In other words, it's a way to learn more about the enemy. <https://t.co/8GyJKPlv4>
- @ThePolForum: "#Hitler's National-Socialist German Workers' Party was just one more in a long line of attempts by leftist ideologues to fashion a workable model out of #Marx's mishmash of economic & social nonsense" by incorporating nationalist passions. <https://t.co/v3RdeNwldV> <https://t.co/z7NrtPaffm>
- I signed #AJCaschetta's petition on behalf of Palestinian children & urge you to do so too. "We...denounce the systemic abuse of Palestinian children by adults who turned them into soldiers in their war against Israel. We say, enough of this child abuse." <https://t.co/y7hFscJPzu>
- Priceless! @CAIRNational now denies that the #Taliban are #Islamists: CAIR's #LaniHabrock says she heard the Taliban referred to "as Islamists & that's incorrect language. The Taliban should not be defined by a religion." Me: Instead, call them bunnies? <https://t.co/NscfKzAQM1>
- It was 823 passengers! "The US military's Air Mobility Command said the original estimate of 640 Afghans, seated on the hard floor of the giant C-17 Globemaster III—already more than double the normal capacity—omitted children passengers...seated on laps." <https://t.co/0WfHA7fbNW> <https://t.co/pyxUnMJPvT>
- At Washington's request, three western Balkan governments (of #Albania, #Kosovo & #NorthMacedonia) will temporarily take in ~2K Afghan refugees until they move on to the US. Me: - Who are the Afghans? - Why the indirection? - What is the quid pro quo? <https://t.co/hNPSZVhDo>
- The VP, the NSA & the secs of defense & state stood behind Biden at his Friday presser. @Charles_Lipson: "Why have them stand there, mute? To convey to the public that the administration was united...and to convey to his advisers that they were all on this sinking ship together." <https://t.co/nPeNqXsRaj>
- #Islamists at the ready: "The Taliban will very likely implement Hudood...as they have done in the past. That will provide Islamophobes with yet another opportunity to attack Islam, Muslims & rekindle the Sharia freakout. Please have your spokespersons trained on talking points." <https://t.co/5RNvEvOfNV>
- Looking for a definition of "jihad"? #Mawdudi, "Jihad in Islam," p. 6: "Islam wishes to destroy all states & governments anywhere on the face of the earth which are opposed to the ideology & programme of Islam...Islam requires the earth—not just a portion, but the whole planet." <https://t.co/gy1JqlhcFN>
- @RamiAmerDabbas: The supervisor of a Facebook page about atheism in #Jordan finds the number of atheists in Jordan to be "shockingly large." But most remain silent about their beliefs & some go through the #Islamic religious motions to deflect suspicion. <https://t.co/BWSQ7xgrrU>
- Wonder about #Taliban-#AlQaeda relations? @Cynthia_Farahat: In 2015 & 2016, AQ leader Ayman al-Zawahiri twice offered his formally bai`a (Islamic allegiance) to the Taliban leader. On Aug 16, the Taliban released all AQ & ISIS jihadis from Afghan prisons. <https://t.co/UMtJmWsdVH> <https://t.co/SrpNai6gG8>
- @Dhume: In 2002-18, "Pakistan ensured the failure of America's Afghanistan project by surreptitiously sheltering, arming & training the #Taliban." Me: Will the US government finally wake up to Pakistan's enmity? Or continue to self-delude? <https://t.co/1EFarVMiJq>
- The open back door to Europe—a stretch of easily crossed territory at #Evros, Greece—has now been closed with a high wall fitted with a hi-tech, automated electronic monitoring system. #Turkey's regime will now find it harder to dispatch illegal migrants. <https://t.co/2qNp09INd3>
- First, Turkey starved #Iraq of water via its "Southeastern Anatolia Project," a complex of dams. Now, Iran follows with the dams of its "Tropical Water Project." At this rate, Iraq will be a dead desert before long. #Mesopotamia no more. Good neighbors? <https://t.co/EnoxThZJFD>
- I offer some predictable and some unpredictable thoughts on the international impact of the debacle in #Afghanistan in an interview for the Italian publication L'Informale

- (@InformaleEu). For example: This development will harm #Islamism and even Islam. <https://t.co/yI9Xp9LQGH>
- @BilalWahab: "Iraq could go #Afghanistan's way unless both Iraq and the United States recalibrate their relationship." Me: That requires that the Biden administration recognize that Afghanistan was a debacle for the US. So far, there's precious little sign of that happening. <https://t.co/zaYXU10CPr>
 - #DavidStilwell, former @StateDept official: The fall of Afghanistan could benefit the United States in the long term. "Beijing won't have time to attack Taiwan because we'll take advantage of their distraction to carve Xinjiang and hopefully Tibet away." <https://t.co/d0eJVUrSyj> <https://t.co/ibH9hg6VXi>
 - "The Taliban triumph in Afghanistan has given a new lease on life to the world's Islamic extremists & neighbors including Russia & China had better watch out...From China to Chechnya & throughout the Arab world, jihadis came for military training & combat." <https://t.co/MjxqhojuOE>
 - Old-fashioned #antiZionism still occasionally rears its ugly head among Arab leaders. Case in point: #Algeria's president partially blamed "the Zionist entity" for forest fires ravaging the country. Me: How stale, unconvincing, boring & anachronistic. <https://t.co/JESXodiYKW>
 - @CAIRNational: "Words such as 'Islamist' & 'jihadist' are fictional terms with no Arabic equivalent." Me: - You're kidding. In Arabic, these words are Islami & mujahid - CAIR is again trying to deceive non-specialists, this time by sanitizing the Taliban <https://t.co/gdj3GdQmIW>
 - Hamas murdered #DavidBoim, an American, in 1996. For 25 years, his counterjihadic heroic parents have pursued a financial verdict, now \$156mn, against #Hamas' American affiliates, now @AMPalestine. The Boims just won a major legal victory. Learn more at <https://t.co/3Fuz7jveWk>
 - In an excellent analysis, @Mike_Pence explains: - What the Trump administration's Feb. 2020 deal consisted of - Then how Biden, not wanting "to abide by the terms of a deal negotiated by his predecessor" specifically "broke the deal" that led to disaster <https://t.co/g5LRJ1LXNa>
 - Sound familiar? @JoeBiden arguing against aid to Cambodia in 1975: "I may be the most immoral son of a gun in this room. I'm sick & tired of hearing about morality. There's a point where you are incapable of meeting moral obligations that exist worldwide." <https://t.co/GYOCRQFfzx>
 - Thanks to the staff at @Islamist_Watch, there's a record of American #Islamist joy at the #Taliban victory in Afghanistan. I wonder why the subsequent deletion? Pray tell us, @Mufti_Yasir.  - @Jeff_Jacoby on Afghanistan as a supposed "forever war": - No fatalities at all in 1½ years - Just 2½K troops, fewer than Djibouti (3K), Bahrain (5K) or Kuwait (13K) - Troops there for just 20 years, far less than the over 70 years in Germany & S Korea <https://t.co/5u8dPh1mUI>
 - 2005: #SebastianFarmborough went to #SaudiArabia to make known the "humane facets" of its culture. 2021: "The enslavement & injustice" he experienced leave him disillusioned & intent on exposing its "rotten, corrupt & inhumane" ways. Me: A voice to heed. <https://t.co/jzuwzVbwTZ>
 - The #CCP threatens China will "crush ... US troops present on Taiwan." Me: It's time to renew full diplomatic relations with Taipei. If Beijing does not like this, too bad. After Afghanistan, it's time for a robust, principled stand with friends & allies. <https://t.co/eKqHcyeR7>
 - The fall of #Afghanistan to the #Taliban means the imposition of an anachronistic law code, the #Shariah, on its population of 38 million. That prompts me to post a 4-page excerpt from a 1983 book of mine, "Islamic Law: A Primer." You may find it useful. <https://t.co/vRStrl08Hz>
 - This is the photograph that for me will enduringly define the fall of #Afghanistan to the #Taliban: It's the inside of Reach 871, a U.S. Air Force C-17 flying from Kabul to Qatar on Aug. 15, 2021, carrying 640 Afghans fleeing the #Islamist totalitarians. <https://t.co/yCQpVovpWa>
 - Virendra Pandit (@vpandit_author) offers the most astonishing interpretation yet of the Afghanistan earthquake. Calling it "the West's carefully laid strategic trap" for China, he predicts Taliban jihadis will "liberate" Uyghurs from their CCP repression. <https://t.co/JjxW5n7atE>
 - @VDHanson has written the most astute analysis of the current moment: The "explosion of revolutionary fervor in just a few months has made America almost unrecognizable. ... we are in the midst of a revolutionary epoch & probably most don't even know it." <https://t.co/oiUKJaoAxx>
 - Vietnam yesterday. Afghanistan today. Which country tomorrow? Well, Xi has thoughts on this: "Chinese media claims US will abandon Taiwan like Afghanistan." <https://t.co/YcPYXLEjtY>
 - @WardahKhalid: "Some of this coverage/commentary on what's happening in #Afghanistan, especially around women and girls, reeks of Islamophobia and orientalism."  - Biden on #Afghanistan: - He's right that the US never should have nation built or fought in some else's civil war - He's wrong that, after 2.3K lives lost & >\$1 trillion spent we can just walk away - He's mistaken not to point to #Pakistan as the culprit <https://t.co/fKISEXHYeu>
 - You know what's missing from the current discussion of Afghanistan falling to the #Taliban? Pakistan's role. This event never would have happened without the support of @ImranKhanPTI & his several predecessors. #Pakistan is an enemy of the United States. <https://t.co/MgAgCYXdih>

 - Great to see that Germany's Defense Minister Annegret Kramp-Karrenbauer (@AKK) appreciates her country's role in the Western alliance as well as America's leadership. Now, translating those words into action would be a great idea. <https://t.co/gsgP1UiXmk>
 - #PeterPry: Not only can one nuclear electromagnetic pulse (#EMP) warhead kill 300mn Americans. So too can ~12 non-nuclear EMP (#NNEMP) warheads delivered by drones or cruise missiles, programmed to attack electric power centers & transformer substations. <https://t.co/Th7tAzgRTV> <https://t.co/ys4E8vuGm9>
 - @David_Pollock_: Survey "data paints a highly counterintuitive yet convincing picture of Gulf Arab publics open to key US policies on Israel, Iran & their Arab neighbors, increasingly moderate on Islamic issues & unlikely to rise up against their rulers." <https://t.co/H7fhWjYefu>
 - @EmilAvdalani: "The American expansion into Afghanistan ... represented a historical anomaly. It could not continue for long without expanded cooperation with the neighboring states, which did not occur." Me: It should have been an overthrow of the #Taliban, not an "expansion." <https://t.co/zH4Vy17KvE>
 - Simon Sharwood (@ssharwood): "Chinese espionage group targets Israel while suggesting the source could be Iran. @FireEye says Israeli defense agencies were alert to compromises as China works to protect Belt & Road investments." Me: More #CCP aggression. <https://t.co/klykSvxihc>
 - "For decades, commercial businesses in #SaudiArabia have shut their doors as soon as the first call of prayer is heard... patrons and customers at pharmacies, restaurants & supermarkets would have to wait outside. Those days of inconvenience are now over." <https://t.co/TzQuhRfbfK>
 - @MnsorAbbas & @Waleedt68 of Israel's #Raam party visited the foreign ministry, meeting with FM @YairLapid. Me: This is an unprecedented step & it is precisely the sort of move toward integrating Israel's Muslims that is most necessary for the future welfare of the #Jewishstate. <https://t.co/KHO3B2HfHr>
 - According to a TV channel, the Israeli government gave the visiting @CIA director a dossier on Iran's new president, finding Raisi to be "exceptionally extreme, cruel, corrupt and unstable." Me: - Sounds just about right - But even that won't deter Biden <https://t.co/QUXuNjCjFw>
 - See my interview, "As Iran Approaches a Nuclear Breakout," for some thoughts on Iran, Israel, Europe & the US. Bottom line: I expect the Israelis will stop the Iranians, as they earlier did the Iraqis & Syrians. At least, I hope they do. With US support. <https://t.co/4ObLESMnqP>
 - To be a #Hindu in #Pakistan: - An 8-year-old boy accidentally urinated on a carpet in an #Islamic school - He is charged with blasphemy, with a possible death penalty - A Muslim mob attacked & vandalized a Hindu temple and terrorized the Hindu community <https://t.co/76911qYJmH>
 - Yi Fuxian (@fuxianyi) advises ignoring the #CCP's phony & deceitful demographic numbers: "China's population in 2020 probably amounted to about 1.28bn—some 130mn fewer people than reported. That makes India, not China, the world's most populous country." <https://t.co/QfCYgzgM5N>
 - @KhaledAbuToameh: "With the exception of Qatar, most of the Arab countries have long regarded the Muslim Brotherhood and other Islamist groups as a major threat to security, stability and peace." Me: How much have things changed since just a decade ago. <https://t.co/T3ue7myw90>
 - Geopolitics is endlessly surprising. Who of you would have guessed that the 125,000-strong Christian Turkic #Gagauz minority in #Moldova has a key role in Moscow's foreign policy & that #Erdoğan's Turkey is seducing it away? Read @PaulGoble1 for details: <https://t.co/5C8Paf0Tu2>
 - Not wanting to show bias in favor of either a Sunni or a Shii #Islamist, @CAIRNational's Philadelphia office quotes one of each—namely Qaradawi & Khamenei—to prove Islam's peacefulness. Now, do you need more proof of CAIR's extremism & anti-Americanism? <https://t.co/hfSMod7IQP> <https://t.co/hXoQGlaGfR>
 - Read this, about one of the greatest accomplishments of Western civilization, and weep: Classical Music's Suicide Pact. Succumbing to specious charges of racism, America's orchestras, opera companies, and conductors are abandoning the Western canon. <https://t.co/CjsgorQyzu>
 - Andrew Zimbalist (@azimbalistw): "Let's have one city be the permanent host and stop pretending the Games are athletic events. They're construction events." @TimothyNoah1 <https://t.co/8aSqVr4GAL>
 - Imagine that the @RTErdogan regime in #Turkey is so precarious & thin-skinned that it takes offense at the @Twitter hashtag #HelpTurkey, claiming that "sock puppets" have spread the phrase. Prosecutors are even looking into the matter. Megalomania alert. <https://t.co/bcNzXv2QUd>
 - @HavivRettigGur: As #Israel's economic crises occur every 18 years or so—1985, 2003, 2021—politicians think big to take advantage of the opportunity. The current government's budget signals its intention to follow in this tradition. But will it succeed? <https://t.co/oiMoUjMavZ>
 - Heather Mac Donald (@HMDatMI) does a fine job navigating between the hysterics that are flourishing on Left & Right in response to #COVID19 & the vaccine against it. Me: The sensible middle has narrowed on this & a dismaying number of other issues. It sure feels lonely out here. <https://t.co/9vqmZakGwW>
 - Cursing Lebanon's government for the lack of medicine & the high price of food, a Beirutite concluded: "The best thing for us would be for some foreign country to come occupy us so we could have electricity, water & security." Me: Nationalism's dismal end. <https://t.co/0wP2kSRcdh>
 - Iran's exiting Pres. Rouhani admits about his eight years in office: "What we told people was not contrary to reality, but we did not tell part of the truth to people. Because I did not find it useful and I was afraid it would harm national unity." <https://t.co/yWs5qaiU2k>
 - Startling & dismaying: "Jordan was once seen as a force of calm in a region of chaos. It now appears to be a fragile kingdom with an increasingly despised monarch who would like to follow Sisi in opening his country to Iran's influence, a change seen as safe under Biden's regime" <https://t.co/FEMJtejqKV>

- Masked men yesterday threw a Molotov cocktail at the #HatzorHagilit industrial area & caused a large fire. Local leader: "One at a time—businesses, agricultural plots, industrial complexes... The State of Israel is losing the Galilee with no end in sight." <https://t.co/kMaNvvgxMO>
- @Aykan_Erdemir: To avoid defeat in 2023 elections, #Erdoğan hopes to disenfranchise 6mn pro-Kurdish voters. In other words, he "is willing to bury Turkey's democracy & rule of law ... if that's what it takes to keep him in power." Me: Turkey ≠ democracy. <https://t.co/JSNg8YMnw>
- A @Harvard lecturer was harshly criticized ("dangerous") by a colleague for defending terms like "pregnant women" and "male & female." Oh, and that colleague is a "Blewish feminist mermaid." Nope, this is not a joke. This is today's university madness. <https://t.co/PstvWpzwlg>
- @DanPerry knows his stuff & I agree with him that the status quo is untenable, but \$100bn to the #Palestinians? No, that will only increase their appetite for more & more concessions until Israel disappears. First, they must give up the war; only after, benefits. #IsraelVictory <https://t.co/b0nvFvTgsA>
- I argued in "Give War a Chance: Arab Leaders Finesse Military Defeat" that losing wars usually does not diminish rulers' power or popularity. Now, a big thank-you to #BurakBekdil for applying that analysis to Turkey in general & @RTErdogan in particular. <https://t.co/gT4U1p3n9Y>
- Sadly, the @JoeBiden administration rewarded @DeborahLipstadt today for her unconsidered & ugly partisanship (in comparing Trump to Hitler, see below) by nominating her to serve as the next U.S. special anti-antisemitism envoy. Shame on her, shame on it. <https://t.co/vdlikURrdT> <https://t.co/VOxMtzIBAV>
- Ever get the idea that #Islamists, smitten with the idea of victimhood, are obsessed with promoting the notion of "#Islamophobia"? One example: Canada's @NCCM used this neologism no less than 167 times in a mere 72-page report replete with graphics. That's 2.3 times per page. <https://t.co/5PX60OBZvy>
- John Jenkins (@JohnJen96660941) has dug deeper into what's now sometimes known as islamo-gauchisme for @Policy_Exchange at "#Islamism and the Left: An essay in two parts." Read it and weep for the future of Western civilization. <https://t.co/rT9vKi3PUL> <https://t.co/ImtKhxSA7y>
- @JoeBiden has most of the time made sense when talking off the cuff, but sometimes, as in this reply about vaccinating children under 12, he reverts to dismaying fogginess. C'mon Joe. I may have voted against you, but we Americans need a lucid president. <https://t.co/d1gjzylCu8>
- The Global Internet Forum to Counter Terrorism (@GIFCT_official) has classified Robert Spencer's (@jihadwatchRS) #JihadWatch as "violent extremist." That's repugnant & absurd. Obviously, JW never advocated violence & it's a mainstream conservative group. <https://t.co/XSdS1M99li>
- Replying to obnoxious Haredi politicians' attacks on Israel's government: "Dear ultra-Orthodox MKs—have you gone mad? Criticize, get angry, but keep things in proportion." Good for #HananGreenwood & @IsraelHayomEng. Cool the rhetoric, avoid real damage. <https://t.co/egPhKUGMxl>
- "Hatred of Syrian refugees grows in Turkey": see the impressive range of quotes and statistics gathered by @AlinOzinian. After decades of teaching Turkish supremacism, it's hardly a surprise that Turks reject Syrian immigrants in their midst. <https://t.co/Zf30ztfNch>
- #ChrisFarrell: "The @FBI needs to go away. ... Congress should create an investigative division in the US Marshals Service & open applications for law enforcement officer seeking to be rigorously screened, vetted & then accessed into the new organization." <https://t.co/Tol3r2geD5>
- The @UN Refugee Convention's 70th anniversary this week—created to handle a mainly European problem—is an apt opportunity to revive my argument that refugees should be settled in their own cultural zone: Africans in Africa, etc. Not everyone to the West. <https://t.co/d6qWiu9LU7>
- If you happen to be in #Gaza and want to relax at the beach with a fine & flirtatious meal, may I recommend #BiancoResorts to you? The video at its Facebook page eloquently makes its luxurious case. Me: Maybe Gaza is not the hell-hole of its reputation. <https://t.co/B8vkMAt0lc> <https://t.co/NX8RMOU2IN>
- @Mittaloak: "I am not antisemitic." Me: When a public figure denies being something, it usually means the accusation is accurate. See my blog documenting this sad pattern at "From 'Not a Crook' to 'Not a Liar': A Potted History of Political Denials." <https://t.co/15X001ISzE> <https://t.co/Ji2zJ3XkeD>
- Austria's PM @SebastianKurz' urgent warning to the EU: The #Taliban advance in Afghanistan is causing a mass migration that will overwhelm Europe, as in 2015-16. - Predictably, few Europeans are listening - Here we go again - Where is the next civil war? <https://t.co/KXOP3NFAMx>
- Rejecting the usual American flag, @CAIRNational has come up with its own version, one that eliminates the stars & adds the Basmala (or Bismillah) in Arabic script, no less. Is this a preview of changes to the flag when @IlhanMN reaches the @WhiteHouse? <https://t.co/mmdSeFUMoh> <https://t.co/5alc2Cftx5>
- @DPatrikarakos: "Welcome to the Middle East of the 21st century—one obsessed not with oil but with water. The new wars are coming, and this time they will be fought not over the liquid that powers industry but one that forms the basis of life itself." <https://t.co/xJvfr25gpk>
- The current crisis in Tunisia—where the president has fired an Islamist prime minister—brings to mind my 2012 article, "Better Dictators than Elected Islamists" (and the memorable @IQ2US debate with my ally @DrZuhdiJasser on which that article was based). <https://t.co/MmkJUIRAht>
- Saeid Mollaei (@iammollaei), a judoka who fled #Iran & now represents #Mongolia, says "todah" to Israelis for their support. And Israeli judoka @SagiMuki, who had a disappointing finish, congratulates his unlikely friend: "I'm so happy ... He deserves it." <https://t.co/CyViubjGUL>
- Official statistics: "By 2065, #Israel's #Haredi community is expected to make up 32% of Israel's population, up from 12% now, according to official estimates. Only about 50% of ultra-Orthodox men work. The other half study religious texts in seminaries." <https://t.co/v8B62leHiF>
- I have a super-long blog on how #niqabs & #burqas pose security threats. But here's a way I never imagined until now: A man with #COVID19 dons a niqab to pretend to be his wife & so get on an airplane. He got caught because he tired of it & took it off! <https://t.co/G6SyOnu1kw>
- Why I am glad to be 71, not 21, years old: - Electromagnetic pulse (#EMP) - The Chinese Communist Party (#CCP) - #Islamism - The Global Left - Declining birth rates except in the most problematic places It looks like a scary future. (What does not scare me? Climate change.) <https://t.co/DAJuFAsC4S>
- Kudos to the International Judo Federation (@Judo) that has now in at least three cases held the line and demanded that athletes from Algeria, Egypt & Iran face their Israeli opponents or be suspended. All other sport federations should emulate the #IJF. <https://t.co/89j3c3wJo7>
- In today's analysis, @ThePolForum refers to Karl Marx's "crackpotastic interpretations of economics and history." That made me laugh. You too? <https://t.co/YXPPp3HWGx> <https://t.co/YLmk6nHEXg>
- @AmbDennisRoss has published an eye-raising article, arguing that Biden should provide Israel with 30K lb. GBU-57 bombs & a B-2 to deliver it. This, he says, will clearly signal the Iranians that we are serious about preventing them from acquiring nukes. <https://t.co/tyDFbvd9gP>
- @LJukic has published an important article documenting the insanity of the #TurkishHistoryThesis & the #SunLanguageTheory, two #RepublicOfTurkey foundation myths that once seemed to be disappearing but now, thanks to the Soviet collapse & Erdoğan's rise, are greatly flourishing <https://t.co/qbknltKKmf>
- @RealLifeLore22: Did you know? England/the UK has invaded 117 out of 195 (or 60%) countries in the world. Further, fully 65 countries celebrate their independence

- from it. Despite this, I remain an #Anglophile. And it did give the world a lingua franca. <https://t.co/bCX3nuoV8x>
- @Netanyahu is ruining his legacy & hampering the Government of #Israel from functioning properly with such shenanigans as speaking to vaccine producers without informing @NaftaliBennett. Time for them to stop. There's only one prime minister at a time. <https://t.co/NY3mlp6u0Q>
 - #Islamist attacks on Chinese personnel caused the #CCP to postpone work on the \$65 billion China Pakistan Economic Corridor (#CPEC), its largest foreign investment & the key to its #BRI. I.e., #jihad fends off "a new brand of grotesque totalitarianism." <https://t.co/EhRXKzOo6b>
 - Ten years after the Nazi #AndersBreivik murdered 77 Norwegians, the #counterjihadis he despises continue to be blamed for him, although his manifesto quotes the Left just as much. Why this disparity? Because the Left attacked first & its narrative stuck. <https://t.co/Pr4vv0gFeb>
 - @Haaretz, memorably called by the late #StevenPlaut "the Palestinian newspaper written in Hebrew," shames itself by publishing a defense of #BDS. Happily, #Israel's Left is disappearing. Unhappily, the global Left is ever more anti-Israel, something Ha'aretz feeds & encourages. <https://t.co/QEJkOIAAcX>
 - I argue in a letter in the @WSJopinion: "Conflicts typically end not with goodwill gestures but with one side giving up on its war goals. Think: 1865, 1945, 1975 and 1991. Handsome apartments & late-model cars will not spur Palestinians to accept Israel." <https://t.co/H1qgBBicRs>
 - Interesting insight from Daniel @Haqiqatjou. But why stop with @IlhanMN? There's also @RashidaTlaib, @LSarsour, @KeithEllison, @OmarSuleiman504, and the whole crowd at @CAIRNational. <https://t.co/pWwFyOVQpM>
 - The #EU's highest court (#ECJ): Private sector employers may prohibit employees from wearing #hijabs in the workplace. @SoerenKern: This hugely important decision "has effectively blocked a back-door effort to enshrine #Sharia law in European labor law." <https://t.co/eV26To8GrJ>
 - "The revelations of #Turkey's most notorious mob boss, @Sedat_Peker, have made Ankara's open secrets even more open: bribery, murder, political assassination, corruption, rape, drug smuggling, arms shipments to jihadists in Syria and torture & violence to silence the opposition." <https://t.co/OHc6qQG2vX>
 - For a hair-raising account, see @PRivlin, "The Forgotten Crises in the Gulf: Electricity and Water in Iran and Iraq." It features stifling heat, inadequate water, and an aggressive theocratic regime. <https://t.co/4kCD0vxTkV> <https://t.co/Hi4mmCeY9K>
 - Headline: "Antisemitic Slur Found SprayPainted On Center City Building." Me: Guess which building that might be? The one pictured below, an @ATT store at 15th & Walnut in downtown Philadelphia. One more confirmation that radicalism leads to antisemitism. <https://t.co/cQEUuACTor> <https://t.co/2MkiY5yZyq>
 - @GabrielCSGavin: "The acute European migrant crisis of 2015 has passed, but cracking down on illegal migration is now an accepted part of European politics." In fact, the EU is paying for a fence in #Lithuania to keep out illegal migrants from #Belarus. <https://t.co/evn3enIOEI>
 - #FaisalHHusain: The Tigris & Euphrates rivers "emerge together from the same rocky womb of the Taurus Mountains and they perish together in the same shallow tomb of the Persian Gulf." <https://t.co/LkItX2yr4> <https://t.co/3eSfjdsC9P>
 - Lance Morrow: "It was said in the era of #JoeMcCarthy that he and his followers saw a communist under every bed. The single-minded ideology of critical race theory [#CRT] sees racism in every white face—a racism systemic, pervasive, inescapable, damning." <https://t.co/VT7gdTVgl0>
 - Who says Europe's illegal migrant crisis is over? Yesterday saw an all-time record number (430) cross the Channel to the UK. To deter this movement of peoples, a parliamentary bill now under consideration would have illegals facing up to 4 years in jail. <https://t.co/961KajwXXf>
 - Really? A @UCBerkeley publication calls me "one of the leading counterjihad intellectual" & says my goal is "the subjugation" of Islam. My "dangerous delusions will inexorably lead to massacres...between major religious groups" & "could lead to war between nuclear-armed nations" <https://t.co/NrWfgRIKlq>
 - @TimothyNoah1: "You wouldn't hold the Salzburg Music Festival in Akron, or the Rose Bowl in Burkina Faso. Why would you host the Olympics anywhere but where they began?" - meaning, Greece. He's right. Time to end the quadrennial road show. <https://t.co/y4s25H19kD>
 - #FortressEurope is becoming a reality. A case in point: Greek authorities are towing illegal migrants back to the Turkish waters whence they came, intending to send a very strong signal that #Greece does not welcome them. Will that message get through? <https://t.co/KFmYVDuBCj>

 - #TeemuPauha & #AtefehAghae on the paradox of modern faith: "Despite the 'global resurgence of religions' (#SamuelHuntington), atheists seem to be growing in numbers."  - While Americans indulge in narcissistic self-criticism, they tend to ignore frightening accomplishments by our enemies. Here is one: #Russia's military just successfully launched the hypersonic cruise #Zircon missile that goes ~5.5K mph & is unstoppable. <https://t.co/r0b8HD5G1O> <https://t.co/SzDce393NG>
 - I argue today at @GatestoneInst that the numbers in a major poll of Europeans by @Fondapol, "The Conversion of Europeans to the Values of the Right," prove quite the opposite: that Europeans are moving strongly to the left, except as regards economics. <https://t.co/0eP1Q4Rah2>
 - One change after another is taking place in #SaudiArabia. Now, stores no longer need to close during Islamic prayer times. Bit by bit, KSA is becoming a normal country. Go #MbS. But try to make fewer errors, please. Think before you act. <https://t.co/4HiPAy8pcD>
 - Israel's military, the @IDF, "has seen a large increase in the number of #Muslims [joining it] and a decrease in those finishing their service early." This despite the recent war with #Hamas. The IDF sees in this "a high motivation to continue to serve." <https://t.co/5QPbxXxhqj>
 - Can this really be? The Israeli government has for some months allowed #Jews to pray & study on the #TempleMount, in an apparent reversal of an infamous policy dating back to 1967 that forbid these activities. Hoping for a change and for #IsraelVictory. <https://t.co/lu6NcotcnA>
 - In 2008, @Jonathan_Spyer warned #Lebanese about an eventual Iranian occupation but "no one wanted to hear this from an Israeli." Indeed, "We'd rather have them than you," came one response, to applause. "So be it. Now she has her wish & its consequences." <https://t.co/aakUnbkBD8>
 - Headline: "Likud activists stab effigies of PM Bennett, Yair Lapid." Me: - I hope @Netanyahu is proud of this - Seriously, such incitement can lead to terrible consequences - Did Netanyahu not learn his lesson in 1996 with the #YitzhakRabin assassination? <https://t.co/hdV61q53SU>
 - To combat low fertility, #Iran's regime has unveiled a dating app, #Hamdan, to facilitate "lasting & informed marriages," but "only for bachelors seeking permanent marriage

- & a single spouse." I.e., no #sighe & no polygamy. - Sorry, guys - How Western <https://t.co/JRovnjvQ4n>
- @MarkGaleotti: Angry at the EU, #Belarus' dictator #AlexanderLukashenko is importing Iraqis & others, then helping them breach Lithuania's border, creating a MidEast illegal migrant crisis in a most unlikely place. This will not end well for Lukashenko. <https://t.co/slyYU7Y3r>

 - @JTANews: "Poll finds a quarter of US Jews think Israel is 'apartheid state'." Daniel Greenfield (@Sultanknish): "The poll was conducted by @GBAOSTrategies, ... a favorite pollster for assorted lefty advocacy groups." Me: "Caveat emptor" still applies. <https://t.co/HoBZoGuu58>
 - @BariWeiss: "Affluent parents, terrified of running afoul of the new orthodoxy in their children's private schools, organize in secret." Me: How good life is, not being connected to liberal establishment institutions & not having to censor what I say. <https://t.co/U2EC8YmOMR>
 - @Geoffrey_Cain on leading US companies that helped to suppress the #Uyghurs: - @Microsoft trained >5K AI researchers - Intel & @Nvidia supplied microchips - @Qualcomm helped with facial recognition - @ThermoFisher Scientific sold DNA sampling equipment <https://t.co/HFWAAe4117>
 - Egypt: If Ethiopia fills the #GERD dam, each reduction of 1 bcm of water knocks ~200K families (from ~40mn) out of farming. That in turn could cause youth to travel illegally to Europe or join terrorist groups. Me: Wow, talk about heavy pressure tactics. <https://t.co/OMFSKItixe>
 - @MelAyton123: Robert F. Kennedy's assassin #SirhanSirhan: "Kennedy got what was coming to him." RFK Jr: Sirhan is a "sweet man" who should be paroled.  - I can agree with some of what @CornellWest wrote about @Harvard Divinity School in his scathing resignation letter, such as this: "The disarray of a scattered curriculum, the disenchantment of talented yet deferential faculty & the disorientation of precious students loom large." <https://t.co/z198VS03FI>
 - ICYMI: The world's tallest building, @BurjKhalifa in #Dubai, displayed the U.S. flag on July 4th. Me: Some flag-hating American leftists must have had conniptions over this display. I extend sympathy to them. It must feel awful. <https://t.co/0Fuklpiz1> <https://t.co/jLcTwk6SaK>
 - My new article, "The Perilous Path from Muslim to Christian," offers an overview of a major but largely-hidden conversion phenomenon in #Muslim-majority countries, looking at the numbers involved, the motivations, the complications, and the implications. <https://t.co/hvxU5AcU5P>
 - Oh, the ever-surprising MidEast: Now, PA head #MahmoudAbbas appears to be the one who arranged a call between Turkey's & Israel's presidents to reduce hostilities. Not his usual role? True, but he probably did it to deflect Erdoğan from supporting Hamas. <https://t.co/yz88vcswck>
 - The news from #Belgium: @IhsaneHaouach resigned as government commissioner at the Institute for Equality between Women & Men. But was this due to racist & sexist attacks on her or; due to her links to the #MuslimBrotherhood? Read up & decide for yourself. <https://t.co/L8YPJ7hMMr>
 - @EdyCohen: Arabs took much less interest in the change of PM in Israel than in the fact that the Islamist party #Raam joined the ruling coalition, which was widely reported in the media, especially in Gulf monarchies & resonated across social networks. <https://t.co/glFFXwiZL>
 - #YitzhakYosef, the Sephardi Chief Rabbi of Israel, has once again made a fool of himself & insulted his fellow-citizens. As #DavidMWeinstein says, it's time to give him the boot & replace him with a chief rabbi who respects non-Haredis & supports Israel. <https://t.co/G63l3jJeUb>
 - Who lost #Afghanistan? The seemingly certain return to power of the horrific #Taliban could harm the Democrats in 2022's elections, as #Biden cannot escape the blame for a major setback both geo-politically & for women. Or will anyone care about 20 years of wasted money & lives? <https://t.co/yxdkkRu8ON>
 - Surprisingly, the same idea of locating centers to handle would-be immigrants abroad, has surfaced among the ruling coalition in #Germany—but it is to be placed in southern Europe, not in remote Africa or a south Pacific island. Real or immigration theater? I suspect the latter. <https://t.co/VmTidrnHVy>
 - Learning that @RudyGiuliani wanted to help @RTERdogan get his hands on #FetullahGülen further appalls me & he also lobbied on behalf of #RezaZarrab. Worse yet, he apparently broke the law by not registering as a foreign agent. Just how low can you go? <https://t.co/sRgTbQbMK3> <https://t.co/UyqEbbR1jN>
 - The "@Harvard & Radcliffe Class of 1971 50th Anniversary Report" is out, weighing in at 1341 pp. - The many whiney, self-indulgent entries justify our reputation as Harvard's "worst class ever" - I published my entry, elaborating on this precise point, at <https://t.co/V9Kw2oYYhG> <https://t.co/JZlCRFpsh>
 - @DrCharlesJacobs presents a stirring account of how just regular folk in #RaleighNC to overcome the moral flaccidity of the failed Jewish "leadership" in their city and defend themselves & their interests. May others be inspired by this signal success. <https://t.co/tT1758MtxT>
 - #Ethiopia's rogue government under #AbiyAhmed not only invades its own province of #Tigray but blows off Egyptian complaints about the #GERD depriving it of life-sustaining #NileRiver waters.  - @Cockburn_DC: Beware #ViktorOrbán the authoritarian! He "doesn't stick his opponents in jail or ban political parties or rig the votes in elections. He's a much deadlier kind of authoritarian: the kind who wins elections but believes wrong things." <https://t.co/xEHnhytqQO>
 - The Establishment in Germany fears & despises the #civilizationists of the @AfD party, so it resorts to legal actions to ban it on the basis of alleged extreme-right sympathies. This recalls the Soviet abuse of psychiatry to dispatch its pesky dissidents. <https://t.co/h5lTQRAN4m>
 - 45 Israelis died at #MountMeron in April because religious pressure trumped engineering. A similar tragedy with comparable deaths could happen any day in Jerusalem, at the #TempleMount's failing #MughrabiBridge, because political fears trump engineering. <https://t.co/6NxEKroBdS>
 - The Left has captured nearly all the old, prestigious & wealthy universities, foundations & media organizations. That means the Right must find the imagination, money & energy to establish new organizations. So far, the record is poor. Will further pressure inspire success? <https://t.co/ZUuMEw89Vm>
 - Today marks the 10th anniversary of #SouthSudan's independence but it offers little opportunity for joy. The hopes of 2011 were long ago dashed. One can only hope that the country's second decade proves happier. <https://t.co/51lji1zAO>
 - @Charles_Lipson tweaks @Harvard for its pretentious lies about not discriminating. Of course it does & does so proudly, citing "social justice."  - A hilarious picture of Israel's @PresidentRuviv Rivlin in disguise came out today. The clean-shaven and white-haired prez went on the streets with black beard and hair, surrounded by security, so he could briefly taste life as ordinary people experience it. Like Harun ar-Rashid. <https://t.co/nvvZfBj9k>
 - It's wickedly hilarious that the genocidal Islamic Republic of #Iran cannot manage to keep the lights on the clock counting down the seconds to Israel's supposed destruction in 19 years. "they," or some made-up word. <https://t.co/Og0HAPsYbz>

- Germany's government nominally banned #Hezbollah a year ago. The @AfD's @Beatrix_vStorch dismissed this as a fraud: "You are barking loudly but you are not biting." @SoerenKern now reviews the ban at @GatestoneInst & finds she was depressingly accurate. <https://t.co/FXuEPUSJn>

- @MRubin1971 has the best analysis of the Biden-Erdogan meeting I've read. He portrays the Americans as naifs: "While Biden & Sullivan are keeping secret the substance of their deal, the fact that they are making any suggests that Biden just got played." <https://t.co/kxlqBVM0C0>
- #EbrahimRaisi is widely expected to win today's election in #Iran for the presidency. I am fine with that; indeed if I were Iranian, I'd vote for him. - #BurakBekdil nails "Sultan" @RTErdogan's grandiose ambitions for Turkey, all of which are now deep in the trash can. - @SonerCagaptay: If Turkey's voters one day reject Erdoğan, "he might simply refuse to accept the outcome, claiming falsely, for instance, that the polls were rigged." Me: Yes, but not "might." But when author @Nostra_Duncan himself asked for a correction, the editors refused him. <https://t.co/l9qKbbNqPu> <https://t.co/BT0JWqSbOY>
- The scurrilous attacks by #Haredi political leaders (Deri, Gafni Litzman, et al.) on @NaftaliBennett are shameful, discrediting both themselves & their communities. <https://t.co/44xcek0gco>
- It's looking more & more like the Change government will take over in Israel. In which case, how ironic that @Netanyahu broke the deal he made with @GantzBe to rotate as prime minister. Had he kept it, he would have remained PM until November 2021, or for another five months. <https://t.co/JjGelGkLFI>
- I ask "Who Won, Israel or Hamas?" in the @Jerusalem_Post today. My answer: It's just too early to draw conclusions: "success or failure depends on whether #Hamas initiates another round of fighting against Israel. If yes, Hamas won; if no, Israel did." <https://t.co/ELLSjC9jt2>
- Curious: Governments in Syria, Jordan, Egypt and beyond exclude the #MuslimBrotherhood from power. But Israel is about to permit precisely this. <https://t.co/QbWkk89XzW>
- #Hamas is taking power from the #PalestinianAuthority. Many see this as a catastrophe, spelling the end of diplomacy. Me: Better an openly jihadi organization that consistently calls for the elimination of the Jewish state than one that fools the world into thinking it peaceable <https://t.co/CTFZZdjcpf>
- 40 years ago today, on June 7, 1981, Israeli jets attacked #SaddamHussein's nuclear facility at #Osirak, destroying it. All these decades later, it is perplexing to recall how controversial that operation was. Imagine the possible consequences in 2003 had this not taken place.
- @NaftaliBennett: "I call on Mr. Netanyahu to relax, to release the country & to let it move forward. People have the right to vote for a government which is not let by you. - Two contradictory views of the "Change" government about to come to office in Israel: - @Netanyahu: It's "dangerous, left-wing" - #Hamas: It's "even more extreme [right]" than Netanyahu Me: Hamas is correct, for once. <https://t.co/uUCKYeLPyR>
- Just another day in Jordan: - The Amman Municipality allows the Bible Society to post Matthew 5:5 ("the meek ... shall inherit the earth") on a city overpass - A huge controversy follows, in good part because the quote is said to be pro-Zionist propaganda <https://t.co/lUJ6iDlvel>
- ICYMI: Edwin Black (@EdwinBlackBook) brilliantly identifies the first genocide as Germany vs the #Herero people in SW Africa (now #Namibia) in 1904-08 & then connects both its personnel & its concepts to the future Jewish Holocaust. It's a tour de force. <https://t.co/lh104RdlUs>
- @AlbertoMiguelF5 explains the context of the sudden appearance of 10K Africans in #Ceuta, a Spanish (ie, EU) enclave on the coast of Africa. In brief, Moroccans are far more savvy at hybrid warfare than Spaniards, who are focused on pushing far-leftism. <https://t.co/ggw20ZOi6Q>
- V strong words by @UNRWA against #Hamas: It "condemns the existence & potential use by Palestinian armed groups of ... tunnels underneath its schools in the strongest possible terms. It is unacceptable that students & staff be placed at risk in such a way." <https://t.co/cXf0HN4bzb>
- @PalWatch: During the recent violent riots by Israeli Arabs, to incite more unrest, the #PalestinianAuthority showed a music video of people stomping on the US flag. A week later, @SecBlinken announced the US taxpayer will provide \$75 million to the PA. <https://t.co/qaf6mitWii>
- #QaduraFares, a senior #Fatah member, on his new respect for #Hamas: "Anyone who makes the Israelis afraid, he's a hero for us." Substitute any other nationality for "Israelis" to appreciate the depravity of this casual, only-stating-the-obvious comment. <https://t.co/jcLj9u7hFr>
- In a bizarre & sad statement, a #Haredi (ultra-Orthodox) member of Israel's parliament, #YaakovAsher, thanked those Israelis "who don't see the Haredim as leeches, parasites & spreaders of disease." Have inter-communal relations really become that awful? <https://t.co/EvP9xKOjGi>
- For all those shocked by the recent U.S. Muslim-on-Jewish violence accompanying the #Hamas attack on Israel, may I refer you to my 1999 article in @Commentary Magazine on this topic, "American Muslims vs. American Jews"? It's not exactly a new problem. <https://t.co/pJ6zkYSyLE>
- A Turkish publication, @TurkiyeGazetesi, claims that Turkey's 2018 "Security & Cooperation Agreement" with the #PalestinianAuthority means that "the Turkish military can go to Palestine," i.e., fight Israeli forces, at any time, at @RTErdogan's discretion. <https://t.co/IBRvEMT1SZ>
- Xi "saw how the coronavirus crippled his own society. If he wanted to cripple other societies to level the playing field, he would have done exactly what he did. The only explanation that fits the facts is that Xi maliciously spread #Covid19 to the world." <https://t.co/0hAxBaYFsn>
- Edwin Black (@EdwinBlackBook): "Israel is fighting the same Hitlerian principles today that civilization fought in the 1940s." Me: #Islamism is not "Hitlerian principles"; yes, influenced by them, but a deeply different ideology that needs understanding. <https://t.co/arJFiraGfC>
- Heard of the Antalya Diplomacy Forum (@AntalyaDF) on June 18-20? No, well neither has any one else. It's @RTErdogan's brainchild, his grand entry into high diplomacy. Too bad no major power is attending. Sad Erdo & his attempts to throw his weight around. <https://t.co/xzZORJIGCC>
- A most surprising criticism of leftist culture, coming from #LamaAbuOdeh, a Palestinian professor of law at @Georgetown Univ.: "The increasing dominance of the 'woke' culture on campuses reminds me of the rise of #Islamism in the Arab world in the 1980s." <https://t.co/Wm6w6iL6y7>
- Fortress Europe has a new weapon in the arsenal to exclude illegal migrants: sound cannons at the 200km-long Greek-Turkish border that "are only the size of a small TV set but are capable of unleashing a blast as loud as a jet engine." Color me skeptical. <https://t.co/4R8N1eRPFI>
- From Pakistan's Express Tribune (@etribune): In the June 1967 Six-Day War, "Pakistan Air Force pilots downed several Israeli aircraft ... without losing a single plane of

- their own." True? I've never heard this before; it sounds like fantasy. Anyone know? <https://t.co/ZezmE7bpaF>
- @UNRWA the absurdity: -Its head, @MatzSchmale agreed that Israel's attacks on @ Hamas wee very "precise" -The Palestinians attacked him -He "deeply" apologized (see below) -Nope, not enough, he's taking a "long leave of absence," i.e., is likely finished <https://t.co/YFnQGAY2Tv> <https://t.co/TVUgNXmO6u>
 - Did you know? @DavidMakovsky: "8 of the new [Israeli] coalition's 61 members are Arab, offering a powerful rebuke to critics who label Israel an apartheid state." That's 13%, which approaches the 20% of the Arab population in the Jewish state. <https://t.co/aBp3CreHJC>
 - @Google condemned antisemitism and moved @KamauBobb to another division: "He will no longer be part of our diversity team going forward and will focus on his STEM work." Me: - That's called a slap on the wrist - Imagine if he had insulted another group <https://t.co/TMKrhCT8VJ> <https://t.co/h85ImRIIJA>
 - 1. @RTErdogan announces: "I spoke with our Central Bank governor today. It is imperative that we lower interest rates ... in July or August." 2. Turkey's currency cascades down to a historic low. Me: Erdo can't stop himself. He's literally out of control. <https://t.co/NKMoPwsy54> <https://t.co/XZW9zXn67O>
 - @KamauBobb, @Google's head of diversity strategy, writing in 2007: Jews have an "insatiable appetite for war" & an "insensitivity to the suffering [of] others." Me: Remember it's still a free market & you can always switch to @DuckDuckGo's search engine. <https://t.co/0QAL3fuOKT>
 - Amusing to learn from #SyahReza of the Islamic Institute of Aceh that #BernardLewis, #FouadAjami & I are soulless "soldiers for the government who do intellectual work to aid American policy" by "building bad narratives & stereotypes of Arabs." Oh really? <https://t.co/pkjYPSxigC>
 - @TimesofIsrael: "Health Minister @YuliEdelstein plans to challenge PM Netanyahu for the leadership of Likud, should the party head to the opposition." Me: - Likud is not a suicide pact - If @Netanyahu is no longer leader, #Likud can join the government <https://t.co/52HVSAq5Kq>
 - @BenCaspit: Three people—Naftali Bennett, Gideon Saar, and Avigdor Liberman—were instrumental in @Netanyahu's downfall. "All three worked closely with Netanyahu until he kicked them out—and have come back to haunt him." Me: Character truly does matter. <https://t.co/SFluLtxhHg>
 - Despite its many problems, #Lebanon was long a fascinating & colorful country with a vibrant civil society & a dynamic culture. But now, with a GDP plunging from \$55bn in 2018 to ~\$33bn in 2020, it's just another dreary failed state. How very sad for all. <https://t.co/yRMVj7DpCI> <https://t.co/gQp0Gekmh2>
 - @Breitbart: @Princeton U no longer requires students majoring in classics to take ancient Greek or #Latin, a change that follows on the school's effort "to address systemic racism." Me: The destruction of American higher education is proceeding rapidly. <https://t.co/DCxnlA0zA>
 - Great news from the @IAEAorg in a confidential study: Iran's production of nuclear fuel plunged by about 3/4s following the sabotage of its main nuclear facility at #Natanz on April 11. Of course, Tehran ascribes this to Israel, which is mum. #Golsrael. <https://t.co/PQ5KBhrOWF>
 - @TalSchneider draws a connection between banks not servicing Israeli Arabs & the epidemic of organized crime & high murder rates in their communities. In other words, when regular loans are unavailable, loan sharks get the business, which too often leads to trouble. <https://t.co/oC5JBams64> <https://t.co/qpR7Kl2Jh8>
 - Curious how Israeli Arabs voted in the March 2021 elections? The two specifically Arab parties won 80% then, followed by Likud, Meretz, Yisrael Beiteinu, Yesh Atid, Shas, New Hope & Blue-White. That's definitely not the order I'd have predicted. <https://t.co/2VTyesC9ie> <https://t.co/93ilxkbwTV>
 - #FarizMehdawi, the so-called ambassador of "Palestine" to China, is happy to step on #Uyghur corpses in #EastTurkestan (aka #Xinjiang) to win #CCP favor. I sure hope that Uyghurs remember this betrayal when they assess whom to support in the Palestinian-Israeli conflict. <https://t.co/jTghxhBeYv>
 - @ElmasDean: In winning its 2020 war with #Armenia, #Azerbaijan expanded its border with Iran from 500km to 600km. Now, #Teheran struggles to monitor that longer "gigantic, fenceless border," worried in part about Baku's "robust collaboration with Israel." <https://t.co/ZTMZ27UEjXa>
 - #Chicago Mayor @LoriLightfoot "decided to celebrate two years in office by granting one-on-one interviews, but only with 'people of color'. ... She sent out a press release to everybody bragging that she would not grant interviews to those awful whites." <https://t.co/rDX09BTdYI>

 - @RodDreher: "The future of Western civilization, if it exists, is being born in Central Europe." Me: Yes, and related to this, for the first time in history, Central Europe has a chance to lead Europe. Accordingly, I plan to spend serious time there when life finally re-opens. <https://t.co/HraU8S2pyj>
 - Another way to say this: "The threat #Hamas posed through the rocket firepower it directed at Israeli cities should set off warning bells about a possible Israeli withdrawal from the #WestBank. A Pal'n state on the 1967 borders will not be demilitarized." <https://t.co/4MAbHPWkfO> <https://t.co/LQgwwOh8oN>
 - It's painful to see Benjamin @Netanyahu reduce himself as he is now doing, becoming a shrieking, resentful politician, exposing to the world his obsession with remaining prime minister. What happened to dignity & statesmanship? How about ideas, not insults? <https://t.co/NB5s2igrj>
 - #AbbasKamel, Egypt's intelligence chief: "The war against the #MuslimBrotherhood, of which #Hamas is a member, is a joint interest to [Egypt & Israel]." Me: This realization has been a very long time coming. I'm glad Sisi's people finally acknowledge it. <https://t.co/7cgrWXtSg>
 - #ValerieSobel at the @TimesofIsrael: "'Jews for Democratic Party' is as risible as 'Queers for Palestine' or chickens for KFC." <https://t.co/1mnf9hORCs>
 - Definitions: - Rockets go where they are initially pointed. - Missiles have guidance systems. #Hamas relied on rockets which #IronDome 90% knocked down. Surely, it will learn from this & develop missiles, which Iron Dome can't handle. h/t @IMRA_UPDATES <https://t.co/hRAliGgdWq> <https://t.co/evhPMq5IY0>
 - @DiePressecom: #Tunisia has emerged as the key state for illegal migration to Europe & will soon benefit from major #EU funding in return for keeping its illegals from sailing to Europe. Me: Imagine how many other countries will eventually follow suit. <https://t.co/M7M8OZ0ouQ>
 - Official #PalestinianAuthority TV, May 18, 2021: "We'll rise up every day against this tyrannical occupation ... We'll continue to confront it until the liberation of #Palestine from the [Mediterranean] Sea to the [Jordan] River." PA goals = #Hamas goals. <https://t.co/KgyvRCJgbX>
 - Israeli CoS #AvivKochavi: @AP journalists in Gaza drank their morning coffee with #Hamas operatives in the high-rise building that the @IDF bombed, whether or not they knew it. Me: If so, that tells what one needs to know about the state of US journalism. <https://t.co/8htPFOwnA>
 - First-ever #Islamist humor coming out of Iran. #EsmailGhaani: "I'd advise all Zionists to go back and repurchase the houses they sold in Europe, the US, and elsewhere, to come to Palestine, before those houses become more expensive than they are today." <https://t.co/vTYL1dsWOU>
 - @IsraelHayomEng: - @GidonSaar promised not to join @Netanyahu - Netanyahu offered him to be PM first for the first 15 months - Sa'ar turned him down to be merely Justice Minister in a "Change" government Me: Sa'ar is a remarkably principled politician. <https://t.co/FOXXy3n5H1>

- Wendy R. Sherman (@DeputySecState) to Turkey's leaders, per @ahval_en: "Either Turkey will move the #S400 missile defense system out of the country or send it back to Russia." Me: Glad to see the Biden administration staying tough on this critical issue. <https://t.co/CWUZbUyrRf>
- Bad news from @HusseinAboubak: "American culture is starting to gradually resemble that of the MidEast. As such a shift moves further, #Palestinian symbolism will become more intelligible to wider segments of Western societies than arguments for #Israel." <https://t.co/AQ8HeUeQiJ>
- @GlennKesslerWP is dead wrong: "The full name of Hitler's party was Nationalsozialistische Deutsche Arbeiterpartei. That translates to National Socialist German Workers' Party. But it was not a socialist party; it was a right-wing, ultranationalist party." <https://t.co/pNEibiGaVM>
- Hillel Frisch (@hilfri): Israel's "most important & immediate objective must be to confiscate, with force if necessary, the 10Ks, if not 100Ks, of illegal weapons possessed by the country's Arab citizens," especially the criminal gangs. Words to the wise. <https://t.co/Os48pFHEdc>
- "The Left believes we should judge harshly even the distant past without exemptions. Why then, in venomous, knee-jerk fashion, does it fixate on a nation born from the Holocaust, while favoring Israel's enemies, who were on the side of the Nazis in WWII?" <https://t.co/x1IKftATEL>
- @GaryCGambill helpfully surveys the multiple views of @MEForum staff, fellows & guests on the topic of the Palestinian-Israeli conflict. Me: We're coherent without being monotonous. (P.S. Note the major contrast between Israeli & #Hamas forces, below.) <https://t.co/zeaw3NDL37>
- #YeichielShabiy: "Anyone who identifies with Israel's enemies at any time, let alone in wartime, should forfeit his citizenship of the country he is attacking & should not continue to benefit from its advantages." Strong words; Shabiy should explain them. <https://t.co/uWVK1vPjIG>
- Another aspect of Turkey going rogue under Erdoğan's criminal enterprise: it's become a major drug trafficker to Europe and the Middle East. <https://t.co/8CywbStihQ>
- "Calif. Senate Overwhelmingly Passes Divestment From Turkey Bill." Bravo & thanks for being - so far as I know - the first Western institution to initiate a divestment campaign against #Erdoğan. (BTW, the Turkish currency reached an all-time low today.) <https://t.co/9fRvP4RZIZ>
- Such vicious anti-Israel sentiments do not aid @Harvard's fundraising, at least not with me. <https://t.co/dsA6a3klAm> <https://t.co/vng7zWlppT>
- "Global Review" interviewed me on the recent Gaza fighting in "The Key Issue of Hamas vs Israel: Will There Be a Fifth Round?" In other words, we don't yet know who won this round. That depends on what happens in the future, if Hamas attacks again or not. <https://t.co/P1e6bRXwjj>
- @SecBlinken: "America's words matter, America's actions matter, America's engagement matters." Me: - If that were the case, the U.S. secretary of state would not have to state the obvious - This is a dismaying sign of weakness in the Biden administration <https://t.co/f6UYTFs6Oj>
- @BensmanTodd provides a first-hand report from the US-Mexico border on how "America's burgeoning mass-migration phenomenon has become something nationally historic." It's dismaying and doubly so because the MSM willfully ignores the whole phenomenon. <https://t.co/y8MQzu2xns>
- Has anyone else noticed this curiosity concerning Israel? - 4 elections in two years - 4 attacks from Gaza since 2008 No one wants a 5th of either but most Israelis expect a 5th of both. <https://t.co/eFPMgMdY48>
- Jonathan Nizar Elkhoury (@Jonathan_Elk): "While in the UAE&Bahrain, normalization with Israel was a top-down decision, changing public opinion in Lebanon & the growing calls for normalization with Israel hopefully will lead to a bottom-up transformation." <https://t.co/qnOC9IOJdg> <https://t.co/UM1V0TmWjD>
- Florida just enacted a "Big Tech Bill" that makes it illegal for @Twitter, @Facebook etc. to remove candidates for office&enables law suits against those companies. Me: I endorse the goal but am skeptical of having government dictate to private companies. <https://t.co/oXxSi08Mhc>
- @WRMead: #Antisemitism did much to build #Israel and turn it into the powerhouse that it now is. Today, as it spreads on American streets, it will likely further strengthen the #JewishState. Ponder that, antisemites. Me: And will it also awaken US Jews & move them to the Right? <https://t.co/NJLh09syTO>
- Israel's historic patrons: -USSR -France -USA In the nick of time, as the USSR & France rejected Israel, the next patron turned up. This time? Well, as US support fades, Washington matters less to Jerusalem than at anytime since 1967. @Max_Fisher explains: <https://t.co/mytEzhkcpD>
- In contrast to Biden & Blinken, who understand the threat facing Israel, an allied democracy, the junior members of their campaigns are fanatic anti-Zionists. Here's a handy list of who should be excluded from positions in this & future administrations. <https://t.co/vvQnk5zL9o>
- @SecBlinken: "The United States fully supports Israel's right to defend itself against attacks such as the thousands of rockets fired by #Hamas indiscriminately against civilians." Very good to hear. <https://t.co/0KnwNsy7qP>
- And here, I have the old-fashioned, out-of-date idea that a university is an institution for learning. Judging from this dumb statement signed by the 4 heads of "#Palestine Studies" outfits, it's obviously become a just fancy version of a lobbying firm. <https://t.co/3wugwq1O4p>
- @KhaledAbuToameh: The recent attacks on Israel have caused "a significant increase in the popularity of Hamas" & decrease in the PA's standing among Palestinians, as shown by street demonstrations & polling data. So much for the prospects of diplomacy. <https://t.co/S74vqFYI3f>
- The #honorkilling of Muslim females is an unfortunately common fact of life. Of males too is surprisingly common. But elderly parents in Iran calmly killing their son & son-in-law, plus their daughter, then not even expressing any regret? That's freakish. <https://t.co/p65ojVonUY>
- Woe is us. My experience teaching for two years at the U.S. @NavalWarCollege leads me to believe that the American military officers' wish 1. to keep up with the times & 2. be liked makes them vulnerable to this kind of leftist pressure from politicians. <https://t.co/RlIjXD7kRI>
- A hint of America's future? At the request of Broward County, FL Commissioner Barbara Muhammad Sharief (@bestmom39), a Muslim, @BrowardCounty designated May 13, 2021, as Eid Al Fitr/Muslim Day. - Read up on the latest installment of #Turkish mob boss @Sedat_Peker's many & credible accusations against @RTERdogan's kleptocratic government. My prediction: This will hasten Erdoğan's further descent into dictatorship, as he can't afford to lose power. <https://t.co/rdRPgJOJFS>
- @FarzadBonesh: Hey, world, please don't give up on secularists in #Afghanistan. They exist, they are numerous, they have both a history & a future. And, by the way, the #Taliban know this & are worried. Me: That's an important message to keep in mind. <https://t.co/NzGrGGtBHu>

- Are Europeans waking up about #Turkey? They are alarmed by the "hyper-centralisation of power" & "Turkey's hostile foreign policy," mentioning Greece, Cyprus, Syria, Libya & Nagorno-Karabakh, saying this "consistently collides with the EU's priorities." <https://t.co/GB7u5fR0KM>

- Very disappointed to learn that #RobertStraussHupé, founder of @FPRI (which I headed for 7 years), ran a nasty eugenics-based program for #FDR to distribute Jewish survivors of #WWII around the world—and thus, to keep them well outside the United States. <https://t.co/npeR0HtAOB>
- This key article finds that the "change has come from European societies themselves & is symbolic of something deeper. Facing terror attacks in the last few years, #Europeans have increasingly associated #Israel as a country facing similar challenges, the canary in the coalmine." <https://t.co/7ifWKDS3W1>
- Here's my candidate for least informative headline of the year, from @PewResearch: "U.S. Jews have widely differing views on Israel." Who woulda guessed? <https://t.co/ZifHGIQre7P>

- #Bangladeshi offers another example of the great change now underway: As the Global Left turns against Israel, Muslims increasingly accept the Jewish state. - Such bias surprises even a wizened @MESA_1966 watcher: "The Board of Directors of MESA condemns the ongoing & intensified Israeli government assault on the #Palestinians of East Jerusalem, the West Bank & the Gaza Strip & those who are Israeli citizens." <https://t.co/a8NvXxgP2Q>
- Predictably, the # Hamas-Israel cease-fire that began nearly a day ago has led to euphoric claims of victory by #Palestinians (note the picture below) & agonized debates among Israelis. But, in fact, Hamas has been nearly destroyed. More "victories" like this will end it for good. <https://t.co/XuDEDfNkEe>
- With trademark incoherence, @Hatembazian spouts his crude antisemitism: "The idea for [Israel], there's been the effort to try to rebuild the Third Temple by destroying Al-Aqsa Mosque and the Dome of the Rock ... They already have the designs, the plans." <https://t.co/8FQSStgqK3>
- Workers union at the #IsraelElectricCorporation: Employees will not repair power lines to Gaza until #Hamas returns 1 civilian & 2 bodies of IDF soldiers. Me: It's remarkable when a union has a better strategic sense than a government-owned corporation. <https://t.co/WYPoF6hoMP>
- Trying to understand @JoeBiden's stance vis-à-vis Israel? Here's the clue: "Biden's decades-long pattern with Israel: Public support, private scolding." In other words, he's one confused politician who, over time, can be pressured to change his position. <https://t.co/Jg4Fx4HQGY>
- 1. The USG correctly criticized @RTERdogan for his antisemitic speech. 2. A very high Turkish official responded, saying that "those who attack our president as antisemitic" were also behind the coup attempt in 2016: "We all know that." Me: Bravo, Biden. <https://t.co/lnjckuAD8>
- The #Hamas-#Israel war is so hard to follow & assess because it has 5 main arenas: 1 The military battlefield 2 Israeli Muslims 3 The formation of an Israeli government 4 Regional responses 5 International responses #1 drives all the others. #2 is ultimately the most important. <https://t.co/aXH5FMP00i>
- Well the Spanish government's response was more impressive than I expected: "By Wednesday, #Spain had expelled 5,600 of [the 8,000] who had entered illegally over the previous two days." - Here's an unusual & positive sight: Mansour Abbas (@mnsorabbas), head of an Israeli #Islamist party, #Raam, visited a burned synagogue in Lod & condemned the anti-

- Jewish violence – in Hebrew, against the backdrop of the adhan (the Islamic call to prayer). <https://t.co/F80nvkmTmk>
- I nominate this @WashingtonPost headline as the dumbest (so far) of the current #Hamas war on #Israel: "Israel's military assault on Gaza threatens to worsen the pandemic in the enclave." It: 1. Blames the wrong party. 2. Focuses in on the wrong topic. <https://t.co/dD3gg4RGhz>
 - In his wisdom, @SecBlinken has replied: "An Iran with a nuclear weapon ... is an Iran that is even more likely to act with even greater impunity. ... So the talks go on to see if we can return to mutual compliance with the #JCPOA, and those will continue." <https://t.co/MSxSh8D6Nc> <https://t.co/P6nv1eWzeK>
 - The @IDF apparently faked a ground assault on Gaza by making announcements & moving troops. This brought #Hamas troops out of their tunnels & exposed them to a heavy air attack. - That's the IDF of old—clever & innovative - Go Chief of Staff #AvivKochavi <https://t.co/Su8FnsIC8k>
 - #JalalBana on the crisis: "The sane, humane voices on both sides must raise their voices loudly & clearly against those who would like to take us lightyears back in time. We will not let them, not this time. We Jews & Arabs will stop this hatred together." <https://t.co/6iAtRpJ9vd>
 - 40 US senators to Biden: "We call on you to immediately end negotiations with Iran, and make clear that sanctions relief will not be provided. Doing so would demonstrate a firm commitment to our closest ally in the region and to our own security interests." <https://t.co/Y5i3bAhwhl> <https://t.co/Xj3yX3RhWt>
 - I am broadly sympathetic with the just-announced anti-Trump "#CallForAmericanRenewal." But I do not plan to join it, and for two main reasons: 1. A 3rd party is almost certainly doomed to fail 2. There is no alleged "disenfranchisement of voters" underway <https://t.co/Pxz4RwBBA1>
 - A silver lining: "In a rare display of unity, Israeli politicians from across the spectrum—from #Islamist Arab to far-right Jew—expressed shock & condemnation of the paroxysms of internal Jewish-Arab violence that erupted across the country in recent days." <https://t.co/MDajlyU03U>
 - Israel's "descent into civil war is potentially more threatening than the enemy across the border. A country without internal cohesion simply cannot survive in a perennially dangerous region. A country tearing itself apart from within is no place to live." <https://t.co/JztBks9u7g>
 - #Italy's civilizationist leader, @MatteoSalvini, strongly supports Israel as it comes under assault from the #jihadis. In a typical & predictable response, Italy's Left & #Islamists threatened him with death: <https://t.co/1EoCj3NU0M> Happily, he leads Italy's most popular party. <https://t.co/nmNSVfpuS>
 - Yardımcı Derneği (@Yardimeli), a Turkish Islamist "charity" (in English, "Helping Hand") says the Israeli air force destroyed its 5-story building in #Gaza. The pictures suggest it was specifically targeted. If this is true, how will @RTErdogan respond? <https://t.co/GitWrr7cwf> <https://t.co/YmuLHntTL9>
 - Good to see that some Israeli Arab leaders are calling for an end to violence, including Mansour Abbas (@mnsorabbas), Esawi Frej (@EsawiFr) & Ayman Odeh (@AyOdeh). To me, the future of Israeli Arabs is yet more important than that of #Hamas or the PA. <https://t.co/C2acoCsUll>
 - Lod Mayor Yair Revivo: "Civil war" has broken out, decades of coexistence efforts have collapsed. @YosephHaddad, CEO of Together: The rioters are just several 100s out of 1.9 million Arab Israelis & do not represent them. Me: I hope Mr. Haddad is right. <https://t.co/vYNDI58Did>
 - Brava @RepLizCheney: "This is not about policy [or] partisanship. This is about our duty as Americans. Remaining silent and ignoring the lie emboldens the liar. I will not participate in that. I will not sit back and watch in silence while others ... abandon the rule of law." <https://t.co/4aBmaYgavk>
 - Sima Shine of @INSSIIsrael on Israel's position vis-à-vis #Hamas: "There is no policy." Very true, and that's where the goal of #IsraelVictory comes in. This clears away confusion & offers a simple, clear path forward. When will Israel's leaders adopt it? <https://t.co/Yp77EafwsN>
 - Confused why just now there's street violence in & rockets aimed at #Jerusalem? @YaakovLappin offers the best explanation I've yet seen at @JNS_org: Anger over the Palestinian elections & exploiting the disarray post-Israeli elections. Me: A good reason to avoid 5th elections. <https://t.co/O0QfbtVXXP>
 - The president of @Harvard called my class of 1971 the "worst ever." On the occasion of our 50th reunion, I conclude that, sadly, he was correct. More sadly, I review how Harvard has degenerated, as symbolized by my suggested change in the shield, below. <https://t.co/V9Kw2oYYhG>
 - #AvrahamShusteris: "Something incredible happened last week, perhaps even historic. In a maritime border dispute with Lebanon ... Israel prepared to respond to Lebanon's newly expanded claim with its own increased territorial claims." #IsraelVictory. <https://t.co/KTYmUpUj6u>
 - @IdiazAyuso, Madrid's triumphantly re-elected moderately conservative leader: "When they call you a #fascist ... you know you're on the right side of history." Me: - Sad that things have reached this point - I cannot & will not embrace the "fascist" label <https://t.co/jFZwalyOfX>
 - Today marks the centenary of a very black day in the history of Israelis & Palestinians. On May 8, 1921, #HerbertSamuel appointed Amin al-Husseini as mufti of Palestine, enshrining as the Palestinian future his absolute rejectionism of Zionists & his future alliance with Hitler. <https://t.co/EATAm3QB4R>
 - How does the @Guardian today celebrate its 200th birthday? By ruing its support for the #BalfourDeclaration, which eventually led to the creation of Israel, of course: "Israel today is not the country the Guardian foresaw or would have wanted." For shame. <https://t.co/TybmuMPAuL>
 - How rich an irony: It turns out that 9 of 11 northern breakaway (i.e., Turkish) #Cyprus "ministers" hold passports from the legitimate Republic of Cyprus. Hey guys, time to call off the pretense of a #TRNC after 47 years of failure and go quietly home? <https://t.co/NSupmfGKeL>
 - Greek Orthodox Priest Abdullah Yuliu to the international community: "If you want peace & stability in your countries ... it is necessary to achieve peace & stability in [Palestine]." Me: - Surreal Palestinian egotism - Ultimate linkage - Ultimate threat <https://t.co/D3XcfcB8K0>
 - @KevinBossuet, a French professor of history, who 10 years ago was on the Left: I discovered the "suburbs," the growth of Islamism, the anti-white racism & the antisemitism. I realized the ideology I had promoted was destroying this country. Me: A sport or the start of a trend? <https://t.co/gSWMVicYGV>
 - @BarbaroSansalFN on life in Turkey now: "Today you have to be pro-government, you have to be pro-religion, you have to be pro-nationalism, you have to know the right people, the right officials, and then you can be everybody, you can be everyone. ... These things made me tired." <https://t.co/1JL0MgGnD>
 - @CDCgov has released the U.S. birth statistics for 2020 & they're as depressing as the year 2020 itself was. Birth rates are down in almost every category. The Total Fertility Rate (#TFR) is 1.63, or ~¼ of what's needed to maintain today's population. <https://t.co/3btPZmatij> <https://t.co/8plaFeytuF>
 - We can agree, no, that the Left dominates US universities? Then, it's noteworthy that it can present itself as the victim of vicious articles in a conservative publication, @CampusReform. The Left wallows in victimization. Enough with this ploy, already. <https://t.co/VDMaORsmOv>
 - What Israel wouldn't do for Turkey forty years ago. It's not a pretty sight but raison d'état has its own logic. <https://t.co/ui10c5tJxb>
 - #Istanbul municipality spokesman @Mrt_Ogun: It's true, Mayor @Ekrem_Imamoglu is under investigation for disrespecting Ottoman Sultan Mehmet the Conqueror (1432-81) by walking near Mehmet's mausoleum with his hands behind his back. Me: @RTErdogan invents new forms of despotism. <https://t.co/qqU3ZwjTKo>

- @RichardAbelson (at @Parler): "The EU & European mainstream media are so eager to get rid of [#Hungary's PM] #ViktorOrbán, ... they will literally ally with the actual far-right if that's what it takes." Finally, an analysis of the Left-#Jobbik alliance. <https://t.co/EDCMpmcf3g>
- @AshleyRindsberg's exemplary study of the @NYTimes is now out. Beyond showing outrageous, persistent distortions (Hitler was "actuated by lofty, unselfish patriotism"), it explains these resulting from the owners' psychological issues. See my full blurb: <https://t.co/UHhdCUoe6E> <https://t.co/chrn60m2UM>
- Beat this: A 14-page article contains 185 mentions of the word "Islamophobia" or "Islamophobic," including the title: "The Innovative Role of the Islamic World to Counter the Phenomenon of Western 'Islamophobia' during the Post-Corona Era." 13 per page. <https://t.co/lhQbsEmVRs> <https://t.co/XFYdivNI9F>
- Pakistan's PM @ImranKhanPTI: "There will come a time when people in the West ... will be scared of blaspheming against our Prophet (peace be upon him)." Be warned: #Islamists seek to impose censorship about Islam on the whole world. Remember #Section295C. <https://t.co/vzT2thw00w>
- @Intel CEO Pat Gelsinger (@PGelsinger): "I've been visiting Israel for four decades and it's been amazing to see our growth from just four employees in 1974 to over 14,000 employees now." #StartUpNation. <https://t.co/7eANDTDLh> <https://t.co/hJHKOo2Vf>
- Good news from Mansour Abbas (@mnsorabbas), leader of the Ra'am #Islamist party in Israel's parliament: He resolutely stands by his condemnation of the #TapuahJunction shooting attack yesterday on Israelis. "I am a man who believes in tolerance & peace." <https://t.co/qiNYpl4XGn>
- Israel's #Haredi (Ultra-Orthodox) population is hugely growing as a percentage of #Israel: - 3% of those aged 75-79 - 6% of 50-54 - 13% of 25-29 - 23% of 0-4 Any doubts as to why the Haredim urgently need to be integrated into mainstream Israeli society? <https://t.co/FCe0ToPKFj>
- DouglasFeith (on pp. 27-37): - 1945-2009: USA sees the MidEast as particularly important - 2009-?: USA picks a couple of issues (Iran, Palestinians-Israel) as critical, avoids the others (eg, Islamism, Syria). Feith: Lots of luck with the new approach. <https://t.co/DrWIE8gBKr>
- #GeorgeWBush: Talk about "Anglo-Saxon ideals" suggests that Trump enthusiasts want the @GOP "to be extinct." Me: - "Anglo-Saxon ideals" is a clumsy, inaccurate way to say something positive about traditional American values - Conservatives market so badly <https://t.co/MnWfVzdiiC>
- Lesson time on Iran political terminology: Real differences do exist in the corridors of power, but not between "moderates" & "hardliners," for nearly everyone agrees on ultimate goals. Rather, the real division is between "pragmatists" & "ideologues." ie, tactical flexibility. <https://t.co/CIYQDnkm5J>
- #Idaho State government, worried about public schools & universities "indoctrinating" students with a leftist agenda, passed a law barring students from having to "affirm, adopt, or adhere" to #CriticalRaceTheory. Me: Good intentions but a dubious law. <https://t.co/qssPCXin8Z> <https://t.co/KVvFMpSEDR>
- "#ZebulonSimentov endured Soviet invasion, civil war, Taliban rule and the US takeover, but now he says the dangers are too great and it is time to leave." Thus does over 2,500 years of history sadly end with a whimper. Islamists, as usual, are to blame. <https://t.co/KpKdLts9q8>
- Eat at the #HaidilaoHotPot restaurant in #Vancouver & be monitored by one of more than 60 surveillance cameras. This information will be sent to China, where the #CCP calculates your "social credit" score. Lovely. Welcome to China's world-wide #dystopia. <https://t.co/aqyFHYlMV4>
- Age 71, I read with no little dismay #HGWells' description of a man of 70's "desolate decrepitude" in his "Story of the Late Mr. Elvisham." That 1896 picture anticipates #FScottFitzgerald's in 1922 of a 65-year-old awaiting death in "O Russet Witch!" (<https://t.co/NPEyWCRp0i>). <https://t.co/8iXjobQv7>
- @LiQiangNYC, director of @ChinaLaborWatch: "The entire Belt & Road initiative is based on forced labor. Chinese authorities want the Belt & Road projects for political gain & need to use these workers." Seems like the world is waking up to an abomination. <https://t.co/NSuFwdeQjs>
- @Said_Djabelkhir, a specialist on #Islam, has been sentenced to 3 years in prison because his analyses allegedly "offend Islam" and contravene Article 144 Bis 2 of #Algeria's penal code, about not insulting Muhammad or ridiculing Islam. #FreedomForSaid. <https://t.co/5twHYTD3O3>
- @DerSpiegel: German law enforcement (Bundesamt für Verfassungsschutz, @BfV_Bund) has put the civilizationist website @P_I News under observation, calling it "proven extremist," because of its criticism of #Islamism, etc. Me: The walls move in yet closer. <https://t.co/iJ4glAngcC>
- Why is it impolite to refer to the #ChinaVirus but perfectly fine to refer to the British, South African, Brazilian, Californian & Indian variants? Because the #CCP is tougher & meaner than any of the other governments? Just asking. <https://t.co/ZaqBBhlp14>
- @ThePolForum picked up on this tweet. It then: 1 - Suggests a 3rd explanation: A cost-free publicity/PR tactic. 2 - Notes the @ATT annual general meeting is tomorrow at 10 AM EDT & proposes a question for CEO #JohnStankey. Will someone please ask it? <https://t.co/FibhrTGyED> <https://t.co/2MkiY5yZyq>
- @ArminRosen expertly exposes the @QuincyInst of @TParsi as a cesspool of corruption & an ideological mess. In it, Rosen makes good use of documents from the @MEForum-supported lawsuit defending Hassan Dai (@IranianForum) from Parsi's predatory lawfare. <https://t.co/2k024ksNrH>
- The good news: That @Harvard permits alumni to vote for one of the two boards that ultimately run the university. The bad news: That all the candidates, whether official or nominated by petition appear to be #woke. This conservative will abstain. It's my version of protesting. <https://t.co/ZLQfBd7NoR>
- @CAIRnational welcomes Biden's "effort to enrich the federal judiciary with American Muslim judges. ... However, questions remain about aspects of Judge #ZahidQuraishi's background." Me: Hey #Islamists & other totalitarians, be careful what you wish for. <https://t.co/6qsPhARNON>
- Good one. "John Kerry recently made a trip to Israel for climate talks but was delayed at the border. According to sources, Israeli forces asked him to remove his explosive vest before entering the country." "How DARE you, young man! I...am John Kerry." <https://t.co/Cmv8cdMirm>
- @PowerLineBlog: The class of 2025 at @Princeton University is "only around 28% ... white Americans. Less than 1/2 of that relatively small group are male." In other words, white American males went from nearly 100% in 1969 to ~13% soon, a reduction of 6/7s. <https://t.co/n40Ut7stH4>
- Seen today at the @ATT store in Philadelphia. Questions: - Does using the 1960s radical power fist represent woke corporate policy? - Or is it the price AT&T pays upfront to protect its store during a next round of leftist riots? In either case, the answer is utterly dismayingly. <https://t.co/0dvBgy8tl6>
- While @MEForum's investigative work on an #AlQaeda-linked "charity" in Sudan will not stop @SamanthaJPower from being appointed @USAID director, it points to her utter unsuitability for the job. Mark my words, the #Senate will rue this failure to do its job evaluating a nominee. <https://t.co/ifuBZTloWu>
- The bad news: @CentCom boss USMC Gen. Kenneth McKenzie.: Drones "proliferating across the [MidEast] present a new & complex threat. ... For the first time since the Korean War, we are operating without complete air superiority." The good news: We woke up? <https://t.co/bLsewd3KAI>
- #DoronMatza explains the # Hamas rocket attacks coming from Gaza: "In the merciless Middle Eastern neighborhood, the 'resistance forces' are keenly aware of the political instability in Israel and smell blood in the water." I.e., Israel badly needs a fully functioning government. <https://t.co/EwODBeftgS>
- @Josh_Hammer: Iranian FM Mohammad Javad Zarif (@JZarif)'s revelation about @JohnKerry exposing Israeli maneuvers in Syria have "helped solidify his odious

- legacy as a dunderhead par excellence, at best—and a traitorous anti-Western ideologue, at worst." <https://t.co/kGAX3wR30e>
- Belated condolences on the death of Isi Leibler (@ILeibler), a wonderful human being, a fearless leader, and a fine conversationalist. We met occasionally on three continents - Australia, Israel, the United States - and I learned much from him over the years. <https://t.co/aWiJdBiyj7>
 - Here's a bright spot at his dismal moment for American conservatives: The 2020 census shows a distinct advantage for the @GOP, following an existing & historic pattern. I.e., Americans prefer to live where conservatives predominate. #Utah, here I come? <https://t.co/UvRHZ9mO86>
 - Coincidence? Just as the US & Iranian government's agreed to resume negotiations on April 2, 4 Iranian ships harassed 2 US ones in the #PersianGulf. Me: - This shows how deeply the mullahs despise Americans - Will @JoeBiden show them how wrong they are? <https://t.co/PW0sVZoiSv>
 - @RTErdogan shut down all alcohol sales in Turkey, supposedly because of #COVID19. The real reason: Fulfilling his #Islamist agenda of applying the #Sharia. Will sales resume after COVID-19 abates? Will Turks go quietly into the night? <https://t.co/cbc1O1DC6m> #alkolümedokunma
 - @LimorYoav: For Israel in its war with Hamas, "total victory is not on the table at the moment." Me: - "total victory" is not the goal, just plain victory. - it cannot & need not be immediate but it should be built up steadily over time. #IsraelVictory <https://t.co/INBMVbiaaG>
 - Slight changes to @ArkadyOstrovsky's phrase in the @TheEconomist: "Russia's history shows that repression at home leads to aggression abroad." Me: - This pattern holds for most other countries too. - Three cheers for democracy & "#democraticpeace." <https://t.co/aTUfCcNswt>
 - #AlejandroMacarrón: The number of Spaniards 20 to 39 years old has plummeted by 1/3 in the 20 years since 2001. But the #6Ps (police, politicians, press, priests, professors and prosecutors) seem not to notice this fact, as though it were some triviality. Will they ever awaken? <https://t.co/mfvZUEPBgg>
 - @JeffJacoby of the @BostonGlobe elegantly builds on my argument about solving #Israel's current political impasse with reference to the #Koran being a proto-Zionist document. He brings in additional voices confirming this surprising but undeniable fact. <https://t.co/AsG7kb2cdb> <https://t.co/8VPeklZZxv>
 - "If only we could find a communality in all these terrorist attacks" in France between 1995 and 2021. Okay, on the case, will get back to you ASAP. <https://t.co/Zh5t9654N5>
 - Interesting GDP per-capita figures from @Forbes: 1–Luxemburg \$117K 2–Switzerland \$87K 3–Ireland \$84K 4–Norway \$67K 5–US \$63K ... 19–Israel \$44K 20–Canada \$43K 21–NZ \$41K 22–UK \$40K Ireland (twice the UK) & Israel (bigger than Canada) are the big surprises <https://t.co/q6kx5F9Bji>
 - Hello, Israel: The wrong side is celebrating "victory celebrations." Are you going to fix this? #IsraelVictory. <https://t.co/0j8R8ybael> <https://t.co/ereldf2wto>
 - Iran's FM Mohammad Javad Zarif (@JZarif) spills the beans, admits in leaked chat that he's basically a figurehead, while #Khamenei & the #IRGC make the key decisions: "the military rules." - Nice to have this basic truth confirmed - @JoeBiden, take note <https://t.co/MVmf9g2Pnq>
 - When Algerian police caught #HabibaKouider, a Christian convert, with copies of the Bible, it charged her with "practicing a non-Muslim religion without authorization." - Read that charge a 2nd time & let it sink in - Religious freedom? Hmm, what is that? <https://t.co/kcBpV6RtAY> <https://t.co/OXLXb4XuP>
 - So, after years of threats, how did big-bad bully @RTErdogan respond to Biden's #Armeniagenocide statement? He sent a message to the Armenian Patriarchate expressing his "condolences." The loud & clear message: It's past time to stop appeasing Erdoğan. <https://t.co/aOAFgdm47W> <https://t.co/56tEqoYMeN>
 - I really like the new direction of #SaudiArabia under #MbS: As part of @Vision2030Saudi, its students now learn about Hindu epics like #Ramayana & #Mahabharata. A parent responds: This "will help build a future that is inclusive, liberal, and tolerant." <https://t.co/biOth8MVLO>
 - Christian man converts to Islam to marry a Muslim woman whose face he had never seen despite their knowing each other for 4 years. Where might this have taken place: Nigeria, Yemen or Afghanistan? No, studying psychology at the @UofT in Ontario, Canada. <https://t.co/ADBiGLOyOr>
 - @JoeBiden: "Each year on this day, we remember the lives of all those who died in the Ottoman-era #Armeniagenocide." Me: - Bravo, even if it took 106 years - Policy toward Turkey is the best thing about Biden - @RTErdogan gets his deserved comeuppance <https://t.co/tkxp1TAyXz>
 - (המאמר שלי מאתמול (פורסם במקור באנגלית) על היותו של הקוראן פרוטו-ציוני ובשל כך, הוא גם יכול לסייע ביציאה מהפולנוטר הפוליטי בישראל (ומידע שבאופן כללי כדאי להכיר <https://t.co/QyaLosvuCT>
 - My article yesterday (in English) about the Koran being a proto-Zionist scripture and therefore possibly helping to break Israel's acute political deadlock (and in any case, this fact needing to be a better known) is now available in Hebrew at @Arutz7Heb. <https://t.co/QyaLosvuCT>
 - I suggest at @IsraelHayomEng today that the Koran's proto-Zionist verses could provide—surprisingly—the key to breaking the impasse in Israel's parliament by building a majority for @Netanyahu. Even if this fails, it brings those Koranic verses into play. <https://t.co/Fo2l76s5yu>
 - News item: "Pakistan's @ImranKhanPTI calls on West to criminalise blasphemy amid protests over prophet cartoons." That reminds me of my 2012 article, "A Muhammad Cartoon a Day," in which I argue that routinization will solve the constant Islamist outrage. <https://t.co/PPZsPxNBNS> <https://t.co/gadr3LHbAN>
 - @CIA: Lowest Total Fertility Rate (#TFR) - Taiwan 1.07 children per woman - South Korea 1.09 - Singapore 1.15 - Macau 1.21 - Hong Kong 1.22 Highest - Niger 6.91 - Angola 5.90 - DR Congo 5.70 - Mali 5.63 - Chad 5.57 Notice a pattern? Get ready for Africa <https://t.co/BWQHVCQW5x>
 - Fancy French company @EvianWater tweeted an appeal for customers to drink a liter of water today! But whoops, it's now the month of Ramadan, so Islamists deemed this "Islamophobic." Heroic Evian apologized for its maladroitness. No provocation intended. <https://t.co/sNQHBI0H6D> <https://t.co/T9hXagyXSK>
 - @NateRosenblatt looked at the geography of #ISIS recruitment & found that 75% of foreign #jihadis were recruited from areas that constituted just 11% of the region's population. He calls these areas "hubs" & usefully works out their multiple implications for making U.S. policy. <https://t.co/zlllog5RIH>
 - Remarkable: @KishwerFalkner, the Muslim chair of the UK's Equality & Human Rights Commission (@EHRC), says anti-Muslim public sentiment is "understandable" due to Islam's association with "violent religious extremism, terrorism and ... sex-grooming gangs." <https://t.co/ivaCc56oc4>
 - Don't despair, not all Middle East studies specialists in North America are hopeless. @CampusWatchMEF has compiled a list that includes 69 active & 24 emeriti recommended professors who can provide a good education. They are a minority but they do exist. <https://t.co/rxcSR5EZxy> <https://t.co/p2R9kcligD>
 - Watch as Belgium (and all of Western Europe) become the new Middle East: "One man dies in violence between Chechen & Kurdish gangs in #Liège." Meanwhile, the #civilizationist forces trying to stop this transformation are stalled, mainly due to #COVID19. <https://t.co/1T9YboP2zx>
 - I am reading this great book by Steven Soukup (@ThePolForum) about the Left's current attempt to seize control of American big business, the one bastion that's eluded its grasp, and how to resist this takeover. All conservatives should join me & read it. <https://t.co/UhXG3AWeyW>
 - Today marks 35 years since Palestinian #NezarHindawi tried to use his pregnant Irish girlfriend as a mule to carry a bomb to blow up an #EIAI plane & its 375 travelers.

- Happily, security stopped her. Happily, he still rots in jail. For the full story, see <https://t.co/2N0tCsDSAw>
- Surprisingly, #Erdoğan supporta Ukraine vs Russia. But he by himself cannot stand up to Putin, so this might presage a return to the Western camp. "It will require humility for Erdoğan to admit that Turkey needs the West more than the West needs Turkey." <https://t.co/QyjY8uTAHc>
 - Good to learn that Iran's dictator, Ali #Khamenei, has dismissed initial U.S. offers in negotiations to return to the #JCPOA as "not worth looking at." I tend to see this as quite sincere, as more than a bargaining tactic. He never liked the nuclear deal. <https://t.co/Sf3MMIKx7T>
 - Fun. A Rihana eau de parfum called "Oud Al Safwa EDP for Men & Women" offers Saudi consumers a "seductive oriental fragrance" even as it "Represents a European romance between men & women." The best of East and West? The twain shall indeed finally meet? <https://t.co/L6y3JAN5lx> <https://t.co/aRi3y9xk5L>
 - Ra'am wants "a budget, to be managed by them, for the good of the Arab sector ... to improve infrastructure, for education & the war on crime." Likud: those demands are "reasonable, logical, correct, good for the Arab sector & good for the Israeli public." <https://t.co/RXnuh4SwQQ>
 - @TarekFatah on the weird outlook of Jordan's ruling family, which was kicked out of #Mecca by the Saudis: Never did they raise a voice "to end the occupation of Hejaz by #SaudiArabia, even as they continue calling for the end of 'occupation' by...Israel." <https://t.co/yFpiAETHxH>
 - @PalWatch: Out of 36 political parties running in the Palestinian legislative elections, 11 display maps of "Palestine" that eradicate Israel. Me: That's typical of Palestinian extremism & barbarity. There's only one way to deal with this—#IsraelVictory. <https://t.co/ulvAezaB1q>
 - @NewRepublic: "The grip of orientalism on US knowledge production has only tightened since Said's passing. In 2002, the historian @DanielPipes ... founded the organization @CampusWatchMEF." Glad to know our side is winning. Does not always feel that way. <https://t.co/NyzQLM1z87>
 - Typical of UK universities, @UniOfHull finds that a high level of proficiency in written English can be seen as "homogenous, North European, white, male and elite." Me: As traditional universities collapse, what will replace them with rigor & excellence? <https://t.co/eSszXjXjI>
 - #Sisi's government is engaged in rank blackmail against the owners of the #EverGiven, demanding ~\$1bn in compensation. As though Egyptian pilots were innocent. As though accidents don't happen & it did not get paid fees in full. #ReleaseTheEverGiven now. <https://t.co/Jve1aOfDgT>
 - @Charles_Lipson: - The Great "Awakening" is America's latest quasi-religious revival, comparable to those of the 1740s & 1850s - "This frenzy of self-flagellation is unsustainable. It will fade away." But, in the meantime, how much damage will it wreak? <https://t.co/cBKIOBf0Fk>
 - Israel's @PresidentRuvy addressed young people at a Memorial Day ceremony: A free people need "love of the homeland, dedication to mission, aiming for victory, comradeship, purpose, personal example & the purity of weapons." Me: #IsraelVictory advances. <https://t.co/67R3VWGTqa>
 - Headline: "@PeteButtigieg's First Big Project Is Taking Down a Racist Texas Highway." Me: Notice there's no quote marks around "racist." @Slate & Buttigieg (= Abu Dajjaj, Maltese spelling of the Arabic for "Father of Chicken") are both serious. Bad I-45. <https://t.co/Z8d7U3JZOK>
 - A #CCP dominated China wants #AbdulkadirYapuan extradited from Turkey on terrorism charges but a Turkish court turned it down, to Beijing's fury; it now threatens "serious negative influence on China-Turkey relations." Bravo to @RTERdogan. Stay strong. <https://t.co/ZN0RdB1riz> <https://t.co/v14ZEWKTKKE>
 - Finally! Ariel Kahana (@arik3000) ever-so cautiously, in @IsraelHayomEng no less, argues that, for a government to form in Israel, @Netanyahu must resign as the head of the @Likud_Party. He is the obstacle. Will others now join Kahana? Will Likud wake up? <https://t.co/xjKd61Vw6X>
 - #OvedLobel dramatically recasts the Houthi-Iran connection: "The #Houthis, far from being a local movement, are a core, organic component of #Iran's Islamic Revolution & always have been." They are "Iran's most successful revolutionary experiment to date." <https://t.co/FGCcmzMEaA>
 - Good news from pollster @David_Pollock_: "Surveys show that many #Arabs now prioritize stability and economic sustenance over politics, revolution, or even religion. Most accept coexistence with Israel, and even more despise Iran & its sectarian allies." <https://t.co/Tt93tm3YdW>
 - The ideal solution: "New Hope has not ruled out #Likud as a party, only @Netanyahu, giving rise to scenarios in which he becomes either president or alternate prime minister, enabling @GidonSaar to join & form a coalition headed by another Likud member." <https://t.co/b3Rzbdbsg3>
 - @WSJ: The attack on Natanz apparently also caused structural damage. Inspecting it, Iran's Atomic Energy Organization spokesman, #BehrouzKamalvandi, fell down a hole over 20 feet deep, cutting open his head & fracturing his ankle & going to the hospital. <https://t.co/aK8A8y5E1B>
 - For a snide, leftist, academic reaction to #IsraelVictory, see #AharonKleiman's put-down: "a potentially lethal mix of fantasy & fanaticism, totally divorced from Israeli, Palestinian & Middle Eastern realities." Me: Okay prof, what do you really think? <https://t.co/jNdcPj184f> <https://t.co/zN204yOyNH>
 - The usual bad news from #Pakistan: Asked to tidy a Muslim head nurse's locker, 2 Christian women innocently scratched off a sticker bearing a #Koran verse. A riot followed, with 1 of the 2 possibly murdered. Me: That's pure #Islamist barbarism in action. <https://t.co/fjBVdBPbIsD>
 - Excellent article by @NatalieLKahn (and bravo to @TheCrimson for publishing it) on the reprehensible near-absence of conservative faculty at @Harvard, with some great quotes from the few exceptions. One of them, Robert J. Barro, predicts: "It looks like it's just getting worse." <https://t.co/6Cn1vv5PPZ>
 - @NYTimes: The explosion at Natanz "dealt a severe blow to Iran's ability to enrich uranium and ... it could take at least 9 months to restore production." If this was an Israeli operation, it is another amazing accomplishment by its intelligence services. <https://t.co/bf5iOl6ncl>
 - News item: "@Harvard College accepted 3.43 percent of applicants to the Class of 2025—1,968 students out of the 57,435 who applied—marking the lowest admissions rate in history." Me: How vain to take pride in this, like a pretty girl rejecting suitors. <https://t.co/UDszfKkiXU>
 - Turkey's main opposition party, the CHP (@herkesicinCHP) is asking, "Where is the \$128 billion?" (128 milyar dolar nerede?), a reference to the rather huge hole in the Turkish Central Bank's foreign reserves. Maybe supporting the Turkish lira? Or stolen? <https://t.co/ajKeuM5e1l>
 - How charming, how typical of the #Palestinians: At least 10 candidates in their forthcoming legislative election are convicted terrorists, one of whom (Jamal Abu Al-Hija) is serving 9 life sentences plus 20 years. What is it about the Palestinians that leads to such depravity? <https://t.co/bu8K1vvOPV>
 - #Kuwait was the Dubai of the 1980s, the richest, hottest-shot Gulf state, but is now quite obscure. And in political & economic trouble. Read all about its tensions, plus its quite depressing prospects, in #EranSegal's fine report for the @DayanCenter. <https://t.co/PgNNDZSILR> <https://t.co/bjenHO7iFf>
 - #LBJ's attorney general and #SaddamHussein's apologist, the wretched #RamseyClark, has died at age 93. As a photographer for @TheCrimson, I encountered him in 1969 on the streets of Boston & at an @ADAction dinner. He and I did not exactly hit it off. <https://t.co/jxn7PlxYLw> <https://t.co/NOjDOvDV3C>
 - 100 years ago today, the country now called #Jordan came into existence. It's been a shaky century, replete with internal challenges & external threats. Thus did I title a 2017 article "Jordan at the Precipice." But, best wishes for the next 100 years. <https://t.co/uAL6kDJYOC> <https://t.co/ZwLJbp5pkl>

- @JSchanzer explains why: - All the external stakeholders in the forthcoming #Palestinian legislative elections are staying strangely mum - If elections do take place, "a new Palestinian political crisis is slated to begin on May 22" Me: As ever, no good news from "#Palestine." <https://t.co/sCSx8mZ2tl>
- Bravo bravissimo: Italy's PM #MarioDraghi has the courage to call Turkey's @RTERdogan a "dictator." (Even if the precipitating event was the absurdly trivial & not even improper #Sofagate incident.). Now that he's opened the breach, will others follow? <https://t.co/D66bkhq41s>
- See @SamWestrop's powerful analysis of the "#Islamist underbelly"—the #jihadis' support network in the West of "attorneys, accountants, lobbyists, businessmen, PACs & foundations." Since ~2008, US law enforcement lost interest in it, so it is flourishing. <https://t.co/zQW19rP9LF>
- Forces from Egypt & Sudan have finished joint military exercises, sending an unmistakable message to #Ethiopia about its Grand Ethiopian Renaissance Dam (#GERD). It's time for @AbiyAhmedAli to compromise on filling the dam. (And pull troops from Tigray.) <https://t.co/73CNBNOsT1>
- Kinda El-Khatib (@elkhatibkinda), 23 & Lebanese, was arrested when 16 masked men barged into her home. Her ostensible crime? "Violating the law boycotting Israel" for texting with a journalist. But her real offense was criticizing #Hezbollah. #FreeKinda. <https://t.co/WWwPzedNGB>
- Isn't this #Apartheid? <https://t.co/el3VmtcbDU>
- @WSJ: What set off the current fracas in #Jordan? "Separate visits to a small farm town laid bare the rivalry between King Abdullah II and his half-brother, #PrinceHamzah." Imagine that a MidEast crisis might be set off by this. How ineffably petty. <https://t.co/FvxqRug2oT>
- Wonder what's behind the unrest in #Jordan? @TyJoplin did some fine reporting on #Aqaba, where luxury gated communities leave the locals bereft. I expect trouble unless the king awakens to the country's economic travails. Step #1: Deal openly with Israel. <https://t.co/1VdEvZ5Ufz>
- @United Airlines "sets new diversity goal: 50% of students at new pilot training academy to be women & people of color." @DanielPipes, a UA (& #AA) #MillionMiler is appalled. He wants to fly with the best pilots, not ones chosen for gender or skin color. <https://t.co/3NsgP0b94p> <https://t.co/8Zbip6MoCI>
- "#Iran probably has nuclear warheads for the Shahab-III medium-range missile which it tested for making #EMP attacks. ... At a time of its choosing, Iran could launch a surprise EMP attack against the United States by satellite." @NRO then offers policies. <https://t.co/UVnJRQFeeb>
- #PeterPry: "China apparently blacked-out Mumbai, India, by cyber-attack." This "could be one of those 'Monitor vs Merrimack' moments in military history when a revolutionary new way of warfare suddenly becomes recognizable." We are warned. Will we act? <https://t.co/Px2SQarolg>
- What has happened to grammar? In Gmail, @Google instructs me that it's improper not to split an infinitive. O tempora, o mores. <https://t.co/eMqyO8MB30>
- @Netanyahu at his best: "We are not bound in any way to an agreement with Iran that paves the way for nuclear weapons. We are obligated to only one thing: To prevent anyone who seeks to destroy us from carrying out their plot." Biden, you are on notice. <https://t.co/uOv9evbvcQ>
- Déjà vu: July 2016: The #Erdoğan government knew about the coup attempt but let it proceed to jail military opponents. March 2021: The government knew about the admirals' petition but let it proceed to jail military opponents. Anyone notice a pattern? <https://t.co/xmJvkYGhgo> <https://t.co/PnjUz1T53d>
- #ConorCruiseOBrien in 1977: Democracy mitigates but does not abolish inequality. "So one way of distancing oneself from one's own privileges, without abdicating any of them, is to detach oneself internally from the democratic system, to pride oneself on seeing through its shams." <https://t.co/RRNRxDTQdd>
- @SFrantzman: "People are imprisoned in Turkey for minor criticism that might not land them in prison in China, Russia or Iran—leading to questions over why NATO-member Turkey is now one of the most authoritarian regimes in the world." Me: Good question. <https://t.co/QqDV3UcVnT>
- ICYMI: The #ArabLeague, long obsessed with Israel, devoted a session on Mar. 3 to the crisis of Iranian (and also Turkish) interference in Arab countries & had tough things to say about this. But hardly any one noticed because Israel was not the topic. <https://t.co/GKHS6W9UeK> <https://t.co/WePkpJ1kny>
- ICYMI: @Sanotized's Nitric Oxide Nasal Spray (#NONS) has proven 99.9% effective in preventing transmission of viruses, including COVID-19. It has been approved in 2 countries. It is an Israeli discovery made by biochemist #GillyRegev. #RemarkableIsrael <https://t.co/OnDfT1QvJ7> <https://t.co/6G6flcHHZD>
- US Special Envoy for Iran @Rob_Malley talks about "mutual distrust" and the need to lift US sanctions "inconsistent" with the #JCPOA so Iran "enjoys the [deal's] benefits." To which a senior Israeli official responded: "He's acting like he's from the UN." <https://t.co/5Rpwnxzd3K>
- Betzalel Smotrich (@bezaelsm) argues that if the @Likud_Party relies on the #Islamist #Raam party in any way, that "will lead to the loss of power for the right for decades to come & to the end of the #JewishState. No less." Strong words but plausible. <https://t.co/bebbPs87uK>
- Bravo to Turkey's 103 brave retired admirals. Let's hope: - Their declaration encourages others to speak out against the @RTERdogan dictatorship - They do not pay a high price for their principled stance - The outside world pays close heed to their message <https://t.co/vnSpZf2OVM>
- Prince @HamzahHKJ of #Jordan: "This country has become stymied in corruption, in nepotism and in misrule. ... It's reached the point where no one is able to speak or express an opinion on anything without being bullied, arrested, harassed and threatened." <https://t.co/WruK54my1y>
- Zvi Galil on the difficulty of establishing in 2014 his wildly successful #MOOC program at @GeorgiaTech: "Universities are conservative institutions, second only to the Catholic church." Professors, especially tenured ones, "usually object to any change." <https://t.co/cs7XaYFDsB>
- News: "Biden directed the Pentagon to begin removing some military capabilities & forces from the Gulf region ... to realign the US global military footprint away from the Mideast." Me: You may not be interested in the Mideast but it is interested in you. <https://t.co/hcpi2bom1C>
- France continues to surprise, in a good way: The @EmmanuelMacron government rejected the term "#Islamophobia" as a term "imposed by #Islamists." Could this seemingly hopeless country truly be waking to the Islamist danger? I am yet skeptical. @SG_CIPDR. <https://t.co/Rmt3xiaa4w>
- A coin struck in Yemen in 1693 was just found in #Rhodelsland. It may unlock the mystery of the whereabouts of #HenryEvery, the master pirate who plundered the Ganji-Sawai, a vessel owned by India's Emperor #Aurangzeb that was carrying #hajjis back home. <https://t.co/Vu9DCzPkGy>
- The #ISIS string of conquests is appalling and no less than astonishing. Some highlights: Mosul, Iraq—2014 Marawi, Philippines—2017 Palma, Mozambique—2021 When will responsible states finally band together to defeat these murderous, marauding #jihadis? <https://t.co/RWYss4mrJN>
- Question: If it's offensive to the Chinese to call #COVID19 the #WuhanVirus, #ChinaVirus or even the #CCPVirus, then why is acceptable to label its variants the South African, UK, and Brazilian strains? Just askin'. <https://t.co/3hCNhYy59J>

- #Ethiopia's dam building gets scary. Pres. Sisi: Egypt's share of #Nile River waters are "untouchable ... No one can take a single drop of water from Egypt and whoever wants to try it, let him try." He also warned of "instability that no one can imagine." <https://t.co/l3Tg4mShz5>

 - Headline: Iran & China sign 25-year, \$400bn economic cooperation agreement. Me: It will never be fulfilled. Dictatorships can't possibly plan 25 years ahead. Either the Chinese will disappoint or the Iranians will rebel. I'll bet \$400 this mutual disgrace will not turn out well. <https://t.co/mEHHgOBvWN>

 - Asked to account for @RTERdogan's bizarre move, firing the central banker, leading to a entirely predictable currency collapse, an aide replied he may have engaged in "non-economic mental gymnastics" & that no one should try to understand him.  - An academic, @whatevie, calls "Middle East" a "colonial regional designation." Oh-oh. You heard it here first. <https://t.co/bxVfBlnTLk>

- #ElieRekhes: "One can predict that the approaching elections for the 24th Knesset ... will go down in the political history of the Arabs in Israel as a milestone in breaking the taboo of including Arab parties in the government coalition." Me: Good news. <https://t.co/Q6mefP5qeN> <https://t.co/5WHWHA3WIL>
- Very sorry about the Schadenfreude, but there's something deliciously ironic when radical @Columbia University, led by famously liberal #IraKatznelson, is struck by exploited graduate students & student workers who demand higher wages & improved benefits. <https://t.co/E3CKCs0u0g>
- I went to 7 @MESA_1966 meetings in 1974-82 & published in its "International Journal of Middle East Studies" in 1988, then pulled away. Looking at the current @IJMES1 masthead makes me realize how time goes by, as I know no one—and recognize only one name, that of #JoelGordon. <https://t.co/1AVHWSEL7I>
- This article builds on the tweet about @AbramsElliott preceding this one: "Liberals Grow Impatient With Biden's Foreign Policy Decisions." In other words, in could be (and likely will be) worse. <https://t.co/J8zjw9G6Fe>
- "So far, so good." That's how Trump's special rep for Iran, @AbramsElliott, summed up his view of Biden's Iran policy in a presentation for the @MEForum yesterday. Watch him (along with my questions to him) on @CSPAN. <https://t.co/7M1ybNWvVB> <https://t.co/lbSg9HRd7S>
- @RTErdogan simply cannot control his #Islamist instincts (i.e., to reduce, if not eliminate interest on money). Anyone want to play office pool, predicting when Turkey's

- currency (TRY) will reach 8, 9, and 10 to the US dollar? My sympathy to all Turks. <https://t.co/ts1J2EbrFE>
- Amusing to be called by #EdwardSaid's biographer #TimothyBrennan a "State Department intellectual." Much less amusing to be accused by him of "racialized scholarship." I challenge him to find a single instance of my ever interpreting anything through race. <https://t.co/NY8CZSj36D> <https://t.co/ZFcDU29jMe>
 - In the Middle East, politicians and their factions fight & ally & fight again with impressive frequency. I document this pattern today for @BESA_Center, quote Middle Easterners themselves remarking on their always "shifting sands," and then explain this. <https://t.co/ciSAD7gAcJ>
 - If you are wondering when I first appeared in print, here is the answer: 65 years ago today, in nothing less than the @SFChronicle. I appeared not as a writer but an artist: "Birds Eating Pinocchio's Nose Which Grew After He Told a Lie." Was a great talent wasted? I think not. <https://t.co/U7kk9575UB>
 - @Kedar_Mordechai draws 5 conclusions: - The attack came from close by, not Yemen - Allies won't defend Saudi - DC keeping quiet not to impede a deal with Tehran - Saudis are too scared to finger Tehran - Israel should not commit to defending Saudi or make major concessions to it <https://t.co/7rGnh7s8Z4>
 - The former chief investment officer of Sustainable Investing at BlackRock, the world's largest asset manager (\$8.7 trillion in assets): "The financial services industry is duping the American public with its pro-environment, sustainable investing practices." It's "greenwashing." <https://t.co/YijmBv9T4S>
 - #YvesMamou: "A war is being waged against the police in France ... To shouts of 'Kill them; kill them all,' police patrols are attacked with explosives & pyrotechnic devices. ... many members of the media, rap singers, actors, experts & others are joining." <https://t.co/KODEImbrvC>
 - "We are all with you, Abu Ya'ir [father of Ya'ir]." I.e., @Netanyahu. That's the slightly astonishing sign in Arabic in Arab-majority areas of #Israel ahead of the Mar. 23 elections. Shows that the Arab vote finally counts in government formation. That's unmitigated good news. <https://t.co/NXmEtOsPQE>
 - As everyone knows, the Palestinian-Israeli conflict hardly surfaces for Jews in the campaigns ahead of Israel's Mar. 23 elections. Of equal note: The conflict has also disappeared for Israel's 20% Arab population, which is instead focused on a crime wave. <https://t.co/ODZzJPCgWA>
 - Congratulations to @gcaw for a very moving article about the indomitable @XiyueWang9, the @Princeton graduate student who learned deep truths about #Iran's #Islamist regime during his long imprisonment. May others in turn learn from Wang about the horrors of the mullah's regime. <https://t.co/Fw4c4oQ2Kx>
 - Headline: "Jesuits pledge \$100 million for descendants of enslaved people the Catholic order once owned." Me: Why are the military & religious are the final repositories of received wisdom, the bottom feeders of intellectual life? It need not be that way. <https://t.co/m2mrkyNB2M>
 - @BruceGilley3 is that rarity, an academic hero who writes his truth, no matter the consequences. Here's how his academic union responded: "PSU-AAUP stands for academic freedom. PSU-AAUP does not stand for hostile work environments created under the guise of academic freedom." <https://t.co/o6kBD9reQc>
 - Prof. #KlausKinzler of the University of Grenoble in France dissented from the consensus on "Islamophobia." Now his life is in danger. Solidarity with Kinzler! <https://t.co/SitxU9CvE8>
 - Israeli PM @Netanyahu to police commanders: You may need to "kill some" Arab crime leaders. "There is a point in a battle where you break the will of the enemy to fight, when you break its spirit." Me: So true. Now, apply this to the policy level as well? <https://t.co/LVGxdHgWeC> <https://t.co/7kfCj0HJCG>
 - Scoop! @TheNationalNews reports on the US @StateDept's memo on a "Palestinian reset." But of course it mentions "rolling back certain steps by the prior administration that bring into question our commitment or pose real barriers to a two-state solution." <https://t.co/WGz9JBI3dR>
 - University College London (@UCL) sponsored a "Decolonising the Curriculum" week in 2019. A sample: "Philosophy has a traditional canon composed almost entirely of wealthy white men, some of whom were notably involved in colonialism and racist thought." <https://t.co/Mi5OlcIrmN> <https://t.co/UyByIOPZok>
 - @TheTimes of London has uncovered the extraordinary story of #HansGlobke, who "framed the anti-Jewish #Nuremberg race laws [and] also played a key role in #Israel's development of nuclear weapons." Do read it. In short, he was not who he appeared to be. <https://t.co/x8yt8j4Uly>
 - With almost no one noticing, #Kosovo became the 3rd country & the 1st European & 1st Muslim-majority country to open an embassy in Jerusalem. (Guatemala was the 2nd.) It's basically a thank-you for Israel going against Serbia's wishes & recognizing Kosovo as a sovereign country. <https://t.co/W4bfsv8Qm>
 - @Columbia University is offering virtual ceremonies for Native American, 'LGBTQIA+', 'Asian', 'Latinx', 'black', and 'First-generation and/or low income' students." CU points out that these are in addition to the main ceremony, as though that fixes things. <https://t.co/EWnMreWGrV>
 - Thoughts on monarchy: It's reasonable as a young person, when the king or queen is your elder. It's nonsensical as an old person, when the king or queen is a kid. You're supposed to defer to a grandchild? Give me a break. That's bad news for monarchs as the world ages & ages. <https://t.co/IF9lwqfrt6>
 - @DavidSchenker1: "Within the State Department, I did not find there to exist the archetypical 'Arabist' out there who thinks that relations with Israel are a drag on US ties with the Arab world & I don't believe that if it ever existed it exists anymore." <https://t.co/BgTi4Q2fWf>
 - @OulaAlrifai has reviewed 42 years of the surprisingly close connection between Tehran & Damascus, providing important details especially about the earlier years, when such information was very closely held. Brava to her & to the @WashInstitute for this research. <https://t.co/WSa2SHVvT>
 - "A Muslim outfit in #UttarPradesh has called for the beheading of former UP Shia Central Waqf Board chairman Wasim Rizvi for filing a [motion] in the Supreme Court seeking the removal of 26 verses from the Quran that he alleged promote terrorism & jihad." <https://t.co/RD6is2LFoj>
 - Amatzia Baram (@baram18433356) offered an important message to the Biden administration in today's @MEForum webinar: If you want to help Iraq's PM @MAKadhimi (and you should, as he's the best available), do so now, well ahead of the elections in October. <https://t.co/KQSNXTLKqx>
 - What a suitable way to commemorate a decade of the Assads' brutality versus the Syrian people: Deprive the "Desert Rose," Asma al-Assad, of her British citizenship. All indications point to her being a full-fledged participant with Bashar in the horrors. <https://t.co/qYJX6f8ith>
 - @LisaDaftari on a new opposition to the mullahs: "A campaign launched by dissidents inside #Iran is rapidly gaining support amongst individuals & groups opposed to the regime, bringing Iranians from various backgrounds all around the world together." Here's wishing them well. <https://t.co/gECL7jqUFv>
 - Idea of the year: With the UK out of the #EuropeanUnion & only Ireland & Malta using English, the EU needs a new lingua franca. What could it be? What has the necessary history, culture & prestige. Taking inspiration from Israel, it can only be ... Latin. <https://t.co/w55VFRuZu2>
 - Look at this. In an article on "The Psychology of Conspiracy Theories," @Karen_Douglas & 2 other @UniKent professors equate disbelief in #globalwarming with belief in a #JFK assassination conspiracy. In other words, no more debate about science, period. <https://t.co/LhwGQCqLS> <https://t.co/sE3XcjKLR>
 - #Syria's rebellion, which evolved into multiple civil wars, began 10 years ago today with a "day of rage" that saw demonstrations across the country demanding reforms. #Assad responded brutally & the tragedy began. Of note: Mar. 15 is winter, not spring. It was an "Arab winter." <https://t.co/OhgPflmsCH>

- @BingWest: Why the absence of US victory in Vietnam, Iraq & Afghanistan? Primarily due to a @WhiteHouse grown "too confident of its own quixotic infallibility, unchallenged by a divisive Congress." Worse, there is "no sign" presidents have the humility to grasp this basic fact. <https://t.co/55wJD3DvVN>
- An update two years later by #AlejandroMacarrón finds that the plunge in #TFR continues apace in 4 northern European countries. At this rate, linearly extrapolating out, there will be no babies at all born in #Scandinavia in about 2065. So, when will the decline finally stop? <https://t.co/RMiYykg6NN> <https://t.co/u12SulAWqj>
- ICYMI: @MKulunk, a leading @AKParti figure, tweeted a map of Turkey that includes territory from all 8 of its land neighbors (Greece, Bulgaria, Cyprus, Syria, Iraq, Iran, Armenia, Georgia, Azerbaijan), plus Cyprus. Me: File this away to anticipate #Erdoğan's expansionist moves. <https://t.co/wupNrgSQpr>
- Whew. It looked momentarily like Cairo accepted Ankara's crazy maritime claims. But an urgent, high-powered response from Athens prompted the Egyptians to fix their error. Erdoğan's "Blue Homeland doctrine" must not find any traction in the neighborhood. <https://t.co/LjW3w0aqRA>
- The war between #Israel & #Iran expands: "Israel has targeted at least a dozen vessels bound for #Syria and mostly carrying Iranian oil [and] other cargo, including weaponry. ... Damascus has said disruptions of Iranian oil imports are causing shortages." <https://t.co/812NYoDWOp>
- @DavidSchenker1: "@MAKadhimi is perhaps the best Iraqi prime minister since the 1958 coup. ... Courageous and nationalist, Kadhimi has demonstrated a willingness to make difficult decisions in the interest of Iraq." For a change, good news from #Iraq. <https://t.co/glv4i6q3oJ>
- She got fired for this: "I hate to say this. I end up having this angst every semester that a lot of my lower ones are Blacks. Happens almost every semester. ... You get some really good ones, but there are also usually some that are just plain at the bottom. It drives me crazy." <https://t.co/JdsWWmtack>
- I've paid @SocialSecurity taxes since 1978 and I now receive a pittance in return. @BrettArends explains why: Those funds don't go into stocks, commercial bonds, real estate or commodities. They go into U.S. Treasury bonds, with their anemic rate of return. #GovernmentWorkers. <https://t.co/Hgg9YvdGJG> <https://t.co/YulfyOWul2>
- Hungary's Justice Minister @JuditVarga_EU: "The Hungarian government has made it clear ... that the preservation of our Jewish-Christian heritage is the key to the survival of European culture & the European future." Which other politicians talk like that? <https://t.co/kZM8kMeELX>
- The Islamic State in the #Congo? Yes, so sorry to report that yet another franchise exists. While there is no evidence of direct command & control from #ISIS, its activities under #MusaBaluku's leadership suggests that it seeks to implement ISIS' agenda. <https://t.co/tL2Hjd8CAY>
- Counting in Islamic (hijri or hegira) units, today marks 100 years since #Atatürk abolished the #caliphate on Rajab 27, 1342 = March 3, 1924. Today is Rajab 27, 1442. #ISIS tried to re-establish it but failed. I await a more serious candidate, most likely Turkey's Pres. Erdoğan. <https://t.co/yIm3QEAjF9>
- Erdoğan can't seem to abandon his son-in-law & low interest rates, despite the obvious devastation they effected on the value of Turkey's currency. Will he return to this self-indulgent, quasi-Islamist policy regardless of the damage it does? Stay tuned. <https://t.co/20i1H7nTaP>
- #JalalBana on Israeli progressives' intolerance vs Muslim views on homosexuality: "It's sad that the Left, which espouses pluralism, pushes its Arab partners ... into a corner instead of being sensitive & appreciative of the nuances involved." Me: Typical. <https://t.co/o10sXU915p>
- Appalling news from Turkey on the freedom of action of #ISIS & #AlQaeda members to collect funds, hold slaves & build up arsenals. How come? Because "police had grown reluctant to take on #Islamist groups unless they receive explicit orders from Ankara." <https://t.co/6U1FQ5I3w8>
- ICYMI: The former head of the Dutch central bank #NoutWellink, referring in 2013 to the Dutch Tulip Mania of 1636-37, history's first well-known economic bubble: "@Bitcoin is worse than the Tulip Mania. At least then you got a tulip. Now you get nothing." <https://t.co/ji90nbILRC>
- John Pepper, former @ProctorGamble CEO & former @WaltDisneyCo chairman: "I'm often asked: 'Can a history major be of any value in business?' "My answer: 'I can't imagine any course of study being more valuable.'" A heartening reply for we historians. <https://t.co/bPAvdz1bEd>
- @Sam_J_Mullins: At least 140 border-crossing migrants killed & maimed over a 1K Europeans in 2011-18. @ToddBensman: At least 104 border-crossing migrants engaged in terrorism against Americans in 2014-18. Me: When will Westerners wake up to this danger? <https://t.co/rAWkH3P5Rk>
- Headline: "Egypt, Jordan discuss activating land transportation at \$130 per ticket." But their idea of "land transportation" is a ferry crossing 78km in 2½ hours. Hello over there. Has anyone ever heard of Israel? It offers a very short land connection. <https://t.co/oL4unl5yu3> <https://t.co/4rBICS3F1h>
- 20 years ago, on Mar. 9, 2001, I announced "the unveiling of my personal website, <https://t.co/PcmRpWrOVP>." - It opened just in time for 9/11 six months later - It has grown from 650 pages to 4,300 - Readers have added 161,000 comments - It has become a central activity for me. <https://t.co/eUM3YQFpvB>
- #Estoril, Portugal was once where exiled royalty & other worthies lived. Lately, the #UAE seems to have inherited that role: - Syria's president's mother & sister - Pakistan's ex-PMs Benazir Bhutto & Pervez Musharraf - Spain's ex-king Juan Carlos - Who else might I be missing? <https://t.co/uo1ZqwPGpO>
- Many predicted the enforced & protracted intimacy of the #COVID19 pandemic to spark a baby boom. But provisional US data from 29 states shows a 7.3% decline in births, the biggest drop since 1964. Me: Basically, there is never good demographic news, ever. <https://t.co/s9rajcfHdN>
- @Penn sponsors a "#Muslim Life Residential Program" in its dormitory that in theory allows "students of any background" to apply but makes clear it really "offers a space where Muslim students on campus can comfortably explore their own faith identity." <https://t.co/Yfv0silcFS>
- @SamanthaJPower, nominated for head of @USAID, is in trouble for lobbying to remove a terror-designated group from the sanctions list. Bravo to @MEForum's @SamWestrop & @CliffSmithZBRDZ for uncovering this Obama-era scandal with #Biden-era implications. <https://t.co/zlftP9QJXC>
- MK @AyoobKara: "The Abraham accords have helped us [Likud] a lot. The Arabic sector has had a change of heart. ... They see that Israel & the Arab powers in the Gulf can help one another. That means that Arabs hating Israel from within [Israel] are wrong." <https://t.co/S5EazRABSJ>
- 2 Swiss referenda concerning Islam: 2009—ban on building minarets passes 57.5% to 42.5% 2021—ban on face coverings passes 51% to 49% @WSJ: It's "a further sign that a pushback against Islam is gaining ground in Europe." Me: Quite the opposite, actually. <https://t.co/r6LIHfdM3f>
- I am sad belatedly to learn of the death of Tom Bethell (1936-2021), a wonderful human being and an excellent writer, mostly for the @AmSpectator. He interviewed there me some years ago on Islamism & the Middle East. Great questions. Hope decent answers. <https://t.co/zGdskVJOTR>
- On this, my 10,000th tweet, what I like & dislike about @Twitter: Like: I can send out miniature essays, opining on almost any topic from the most whimsical to the deeply serious. Dislike: How Twitter management deplatforms anyone who dares breach its complacently Leftist bias. <https://t.co/NN2vdLSBF9>
- A U.S. policy of releasing funds to Tehran is sure to make the Islamic Republic of Iran less Islamist, less oppressive, less ambitious, and less bellicose. Appeasement always works with ideological dictators - just think of Hitler, Brezhnev, Arafat & Kim. <https://t.co/jr7IICPqwh>

- The great essayist & critic #JosephEpstein notes the decadence of literature: "Ask yourself whose next novel among living novelists you are eagerly awaiting. Name your three favorite living poets. Which contemporary critics do you most rely upon?" Touché.<https://t.co/ahA2ILx8UO>
- ICYMI: - The U.S. Civil War ended in 1865 - A 93-yo veteran married a 17-yo girl, #HelenViolaJackson, in 1936 - She died at 101 in 2020 That's 155 years after the war ended. In other words, the expense of war continues v long after the lost shot is fired.<https://t.co/C3GHKZYkoL>
- @ZaraKayK, founder of @FaithlessHijabi: "Unfortunately, even in countries that claim to be secular, #exMuslims remain at risk." She should know, having been threatened, jailed & detained in #Tanzania for #LeavingIslam. Time to accept modernity, people. <https://t.co/LMj8X5ag5C>
- #COVID19 update: Totting up all my #creditcard expenses for 2020, they come to slightly less than half those in 2019. - That's what barely traveling, entertaining, etc. will do - I wonder how typical my case is <https://t.co/oKTP7do9jb>
- Taking Turkey's population & this month as typical, then its ~400 honor killings a year per ~80mn comes out to ~6K murders annually in the whole Muslim umma. That's strikingly close to @HBVAwareness' estimate of 5K a year. "There is no honor in killing." <https://t.co/WPUqEh12Vm> <https://t.co/FSfShGrus1>
- @IMPACT_SE: Sad but not surprising conclusions from a study of the curriculum in Turkey: - It has been radicalized in recent years - #Jihad is a central value; martyrdom is glorified - Islam is political - Christians & Jews are characterized as infidels, not Peoples of the Book <https://t.co/Q2cWyNw8VR>
- Writing in @InternetHaber, Nureddin Ceylan (@CeylanNrddn) warns Turks to "Beware the Moderate Islam Project!" that he ascribes to me & my slogan, "Radical Islam is the problem, Moderate Islam is the solution." And I warn Americans of Ceylan's Islamism. <https://t.co/7uXHXUkn9P> <https://t.co/nDzjgszQTM>
- Prediction time. #COVID19 will pass & life will return to normal, with one exception: it made businesses & employees realize the full implications of electronic communications. The remote-work revolution will have vast geographic & economic consequences. <https://t.co/gbwJLvCJNu>
- Muhammad Sajjad Kamaruz Zaman, aka #NurSajat, a transgender model, was charged in a #Shariah court for "insulting islam" by dressing as a woman. He responded by #LeavingIslam. 100+ police are searching for him, so far unsuccessfully. The drama continues. <https://t.co/gB308XIHC>

- Demography is destiny: Europe's population will hardly change between 1950 and 2100. Meanwhile, Africa's population will increase 19 times in that 150 years. Graph & projections by #AlejandroMacarrón <https://t.co/uqebt6iPLf>
- Good news: A German court has ruled that the @BfV_Bund may not surveil the @AfD, nor call it, the largest opposition party in the German parliament, "suspect" of extremism. <https://t.co/716kILPfQm> <https://t.co/oZxKxPMDed>
- @MeretzParty "struggles against the occupation, the fascism, and the dictatorship creeping into Israel." Let's see how far that approach gets it in Israel's elections in 18 days. <https://t.co/Yhdk8BuNfb>
- I am deeply uneasy about this development & urge Israel to stick with its bloc. <https://t.co/WbvurShift>
- Europe's "conservatives" show their true identity by starting the process to evict Hungary's @FideszEP from the European People's Party (@EPP) grouping within the #EuropeanParliament. Fidesz is far from perfect, but it's a lot better than Germany's @CDU. <https://t.co/6LU42v8pLt>
- #ZoomFatigue: "We have to take a step back & realize that just because you can be in a video conference doesn't mean that you have to. There were many decades in this world in which the phone worked just fine, didn't it?" Precisely—and why I decline Zoom. <https://t.co/bZEOMtJ62r>
- An Afghan immigrant to #Sweden, probably a #jihadi, injured 7 in a stabbing rampage. Police initially treated this as a terrorist crime, then changed it to attempted murder. Me: Good idea! Big help for integrating #Islamists. Let's do the same with 9/11. <https://t.co/8ORLkpdmsA>
- Germany's Bundesamt für Verfassungsschutz (@BfV_Bund), a.k.a. the secret police, apparently is secretly surveilling the @AfD, the country's conservative party. Me: - Rather, the BfV should protect the AfD from violence - Is this what the @GOP can expect? <https://t.co/9edtNumAQZ>
- While the Biden administration pushes the Saudis toward China, it hopes to win over the Iranians. That is not likely to end well. <https://t.co/H0NYMQYneL>
- It's good to see that the #IDF has incorporated a "Victory doctrine" on the tactical level. Next step: #IsraelVictory on the policy level. The Palestinians must lose not just skirmishes but the whole war. Then they give up. And the conflict finally ends. <https://t.co/WcIgw1eJY>
- I had a bit of fun reviewing the "#Oxford Handbook of Contemporary Middle Eastern & North African History," calling it "just as eccentric, politicized & uninformative as one would expect from a compendium dated 2021." @OxUniPress @AmalGhazal #JensHanssen <https://t.co/XIASI4kPuv>
- News: Israel accused Iran of deliberately causing the major oil spill that has despoiled Israel's Mediterranean coastline, an act its official described as "environmental terrorism." This takes the breath away. A wretched new battlefield has now opened. <https://t.co/3SjBYzrFGE>
- Out of sight, Armenia is going through an "inevitable" coup d'état as the military demands the resignation of PM @NikolPashinyan in the aftermath of the country's military loss to Azerbaijan last autumn. And Armenia will likely depend yet more on Russia. <https://t.co/xdc8bE7wcu>

- @LimorYoav has written a very important assessment of #Hezbollah's military capabilities versus Israel. In brief: Israel allowed a "monster" to be built in Lebanon. But its "resolute action ... in Syria is largely a consequence of its failure in Lebanon." <https://t.co/vZ2UfCipBx>
- In addition to the usual 2 explanations for why Israelis have turned right (Palestinian aggression, demographics), @HerbKeinon adds a 3rd: The Left has effectively given up on winning domestic support & instead focuses on getting foreign governments to apply pressure on #Israel. <https://t.co/nD10fZ3Ncc>
- The 2nd half is now out, on "Modern Christian Responses to Islam and Muslims" in the @MEQuarterly. The article looks at several kinds of changes, then at several kinds of continuities. As this summary implies, the modern era is much more complex than the first 1,100 years. <https://t.co/hx5S54pHE2>
- I read W. Somerset Maugham's 1915 novel "Of Human Bondage" as a teenager. Now, I listened to it (thanks, <https://t.co/1aXpEDXU1D>). But I found it a terrible book, for 4 main reasons, listed below. <https://t.co/pVytM3zke1>
- Former U.S. secretary of state @MikePompeo: "I hope that the Kingdom of Saudi Arabia can find its way to join the #AbrahamAccords. I know that many inside that country want that to take place." Me: #MbS, the time has come to make peace with #Israel. <https://t.co/OixNm5YEJV>

- #Khamenei's mouthpiece "#Kayhan" implies that Iran was behind the carefully calibrated attack on the Israeli-owned #MVHeliosRayan ship. Israel's DM Gantz concurs with this. Me: - How will @Netanyahu respond? - Will the @JoeBiden administration take note? <https://t.co/wDxHQaVsj>
- ICYMI: @AkNukleer is Turkey's first nuclear power station 2010—Ankara & Moscow sign Akkuyu deal 2015—Launch ceremony 2018—Major construction starts 2023—First unit operational 2025—All units completed Me: Here we go again, as with Iran, major drama over building nuclear weapons <https://t.co/1yFi3Owcl>
- @Aykan_Erdemir: Putin & Erdoğan both see Bartholomew I, Ecumenical Patriarch and spiritual leader of ~300mn Orthodox Christians, as an obstacle, so portray him as an agent of Western interests & take steps that threaten the patriarchate's very survival. <https://t.co/luhMkFrMw>
- I am very sad to report that the erudite, elegant & brilliant polymath #ManfredGerstenfeld died yesterday, age 84. I learned much from him, especially on antisemitism, and was privileged to be interviewed by him on "The End of American Jewry's Golden Era." <https://t.co/j7kriRWYE9>
- My article "Getting Bashar al-Assad Very Wrong" just appeared in #AcademicQuestions. It looks at "The New Lion of Damascus" by #DavidLesch of @Trinity_U & suggests this may be the worst-ever embarrassment in #MidEast studies. And that's saying something. <https://t.co/pPiJic2b17>
- I helped write a 375-page study for the @USNavy that appeared 40 years ago today, Feb. 26, 1981. Replace "#SovietUnion" with "#China" and the problems related to a "decline in American will" feel very familiar in 2021. Some things seem never to change. <https://t.co/j2JbQFGDUQ> <https://t.co/G0e1UD9QHs>
- #RondellHenry of Maryland, an immigrant charged with planning an #ISIS-inspired attack near DC to kill as many "disbelievers" as possible, has been diagnosed with delusional disorder & probably will not stand trial. Me: How very convenient for the #jihad. <https://t.co/GrmN0UU1oz>
- A unique indictment of #MiddleEastStudies: A befogged graduate student, @XiyueWang9, waded into Iran & was jailed. "Nothing I'd learned during my years in the ivory towers of academia had prepared me for the reality I encountered in an Iranian prison." <https://t.co/VxYtsRDYjL> <https://t.co/Xfa8gwn5EJ>
- #LothropStoddard (1883-1950) was execrable—a pro-Nazi who helped the KKK. But he was well educated & in 1921 wrote a book, "The New World of Islam," full of insights into Muslim life that is worth reviewing on its centenary. I discuss it at @GatestoneInst. <https://t.co/ufBeC5r8Ed>
- Abandoning Erdoğan's nutty ideas about inflation led to a major hike in the value of Turkey's currency & foreigners have bought liras—but not #Turks, who remain suspicious & keep buying foreign currency. Do Turks know something hedge-fund managers do not? <https://t.co/610bsPuMnO>
- Publicly, @Facebook cherishes free speech: "We believe freedom of expression is a fundamental human right." Privately, it censors #Kurds like the People's Protection Units (#YPG) to keep access to Turkey's large market of Facebook users. Me: For shame. <https://t.co/0yyemGwA8n>
- Leave it to a #MiddleEastStudies specialist to apologize for the #CCP's persecution of the #Uyghurs; @Joshua_Landis dismisses the accusation of Chinese genocide as a "far-right" talking point. How about a retraction and apology, Josh? It's the right thing. <https://t.co/kS7LxI7ABf>
- Aphorism: In the MidEast, "Laws and regulations are treated as suggestions that one may observe, ignore, or use as a basis for negotiation." Robert B. Cunningham and Yasin K. - #Civilizationists under assault: "While the leftist media like to portray the @AfD as a danger to democracy," in fact 47% "of all political violence in Germany is directed against the AfD." Me: The #6Ps ignore this fact because it suits their interests. <https://t.co/bG2DsqqDwo>
- Thank you, @RepJoeWilson, for cosponsoring the much-needed International Spending Transparency Act. @CliffSmithZBRDZ calls it a "great step" forward in the article you tweeted because "Humanitarian aid has a terrorism problem" that is getting worse with time. It is just that. <https://t.co/tzZ6N6bhTw>

- How are things going with Biden's foreign policy? Not so good. But it could be worse. Iran is very worrisome. But Turkey is a bright spot. <https://t.co/BHhPiB6oLk>
- How cheery: #EdwardSaid acolyte #GovandKhalidAzeez argues that 1. Said's followers "blindly regurgitate ... the same old Saidian line" 2. Said's opponents "quashed the rebellion" & "excluded [it] as inferior" Me: 1. Yes 2. It sure does not feel that way. <https://t.co/W8gLLIZDOI> <https://t.co/XbMyiggmJR>
- How times do change. When I was a child: - The N-word was used in nursery rhymes ("Catch a N- by the toe") - The F-word used got you fired (policy at IBM) Now: - The F-word is so common, it is used commercially ("FCUK") - The N-word merely quoted gets you fired (Donald McNeil) <https://t.co/51jtO2WBWV>
- @basma_ha @BaderALhjrAf No need to apologize, Basma! Just be careful.
- The tragedy of Africa: Vast Muslim vs Christian wars take place, with horrible consequences, yet few on the outside even notice, much less care. E.g., read below about the #Seleka vs #AntiBalaka warfare in the #CentralAfricanRepublic, raging since 2013. <https://t.co/qRFOwHj6c> <https://t.co/4SISAWsEv2>
- The prospect of @KarivGilad, a rabbi in Judaism's Reform Movement, entering Israel's parliament has prompted a shockingly ugly torrent of words from the #Haredim. Me: It's yet one more reason why Haredi parties need to be isolated & kept out of government. <https://t.co/FIGMqL5g3o>
- What, according to @TheEconomist's @NicolasPelham (at 10:01), is the major cause of the MidEast's many honor killings? Not Islam. Somewhat tribalism & the legacy of European legal codes. But the "most plausible" reason is ... feminism. Yup. @DJasonPalmer <https://t.co/BNfxFXxZXg>
- I tweeted (here: <https://t.co/9LyvYJHyM4>) that "The Kuwaiti artist known as Basma al-Kuwaitiya has renounced Islam and converted to Judaism." @BaderALhjrAf responded with a document alleging Basma is actually Eritrean. - So, the Israeli & Syrian governments are arranging a swap of prisoners: A Haredi woman who wandered into Syria in exchange for 2 Syrians held in Israel. But whoops. The Syrians don't want to return, preferring life in Israel. What next in the negotiations? <https://t.co/ant2K1Hugb>
- @JNS_org: "@Netanyahu's challenger @GideonSaar may cut @ProjectLincoln consultants loose." Here's hoping he does precisely that. They got the U.S. election all wrong, wasted money & will likely do the same in Israel. <https://t.co/ZDH6BaLqbm>
- @James_ARobins: When a historian researches horrors, he can experience "#vicarious trauma." In extreme cases, this can lead to suicide. - Malaysian cultural imperialism? First I hear of it. Perhaps the beginning of a trend. Malaysia's Aman Palestin Foundation agreed to pay \$1.1mn to rebuild the Khalil al-Wazir Mosque in Gaza "on condition that it be done in a Malaysian architectural style." <https://t.co/K3D6jK1NTI>
- Very, very sad to see how #Dubai's Princess #LatifaAlMaktoum is maltreated by her father, the emir. Drugged when fleeing & since then held hostage in isolation? Horrible. Dubai has partially entered the 21st century. Time to respect human rights, starting with the ruling family. <https://t.co/mF1Xr5AAzI>
- #ElliottAbrams: The Obama administration's left-wing foreign policy resulted not from a change in @TheDemocrats but from Obama's personal left-wingery. Minus him, the same crew may be more centrist. "The coming four years [are] a fascinating experiment." <https://t.co/yXxLPYrJZo>

- The National Endowment for Democracy (@NEDemocracy), headed since its founding in 1984 by #CarlGershman, does a great job when it comes to combating secular tyrants. But it is blind to #Islamism, which it supports. Viz, its mistaken funding for @NetraNews. <https://t.co/QDnFUq4E2j>
- The Council on Foreign Relations (@CFR_org) celebrates its 100th anniversary in an unexpected way. Nice face-mask. But, if I wear it, am I not announcing to everyone that I am a member of the one-world conspiracy? <https://t.co/G1lvTV1dw>

- Were I a senator, I would vote to convict Trump. A red line must be drawn for future presidents. <https://t.co/VoOru4Bzd8>

- This rates as a minor surprise. Investors from which country sunk the most money into Turkey in Jan-Nov 2020? Italy with \$970m. It was followed by the US with \$769mn & the Netherlands with \$491mn. I suspect those investors one day will rue their choice. <https://t.co/cjIS8wQgju>
- Another very positive step toward the integration of Israel's Muslims into the mainstream: #AliSalam, the "Arab mayor of Nazareth endorses @Netanyahu for PM." Maybe, after 70+ years, the anti-Zionist parliamentary bloc will begin to thaw. None too early. <https://t.co/S1d0FFoRE>
- Yes, India's #MahatmaGandhi opposed Zionism but his Chinese counterpart, #SunYatSen (1866-1925), the founder of modern China, supported Zionism. Amazingly, a 1920 letter from Sun to this effect has just surfaced in the National Library of Israel. (@NLIIsrael) <https://t.co/3kxLak1stm>

- British TV personality #SairaKhan came out as an ex-Muslim. "Killing other people in the name of religion is a sin, not plucking eyebrows." "Saying I'm Muslim ... and living a non-Muslim life only brings guilt, self-loathing ... & a feeling of being caged." <https://t.co/feD1PwinDn>
- It's reassuring to learn that @TheJusticeDept does not see female genital mutilation (#FGM) as a multicultural benefit but, rather, considers it harmful, traumatic, heinous and illegal. These days, I count every correct governmental policy as a pleasant surprise, if not a shock. <https://t.co/28Ac4TgPCr>
- There's nothing scarier. @GordonGChang, @GatestoneInst. <https://t.co/JDck9mWgi>
- How amusing & surprising that the French, who have unburdened one bizarre leftist ideology after another (e.g., structuralism, deconstructionism) on we Americans, are now complaining about leftist American ideas about racism, etc. Me: Well, good for them. <https://t.co/aAkyz8Stdy>
- Another reason to root for #Raam: Its leader, Mansour Abbas (@mnsorabbas) just referred to Palestinian murderers as "terrorists." And he was attacked by the #PalestinianAuthority for this. What a fascinating saga; I eagerly await the next installment. <https://t.co/p3PMvmiPFR> <https://t.co/KkAVPvGCC6>
- News: A draft bill in Denmark requires clergy preaching in a foreign language to translate their sermons into Danish & send them to the authorities. Ben Johnson: That's "invasive and ineffective." - Iran's intelligence minister #MahmoudAlavi warns: "Our nuclear program is peaceful ... but if they push Iran ..., then it wouldn't be Iran's fault but those who pushed it. If a cat is cornered, it may show a kind of behavior that a free cat would not." <https://t.co/UNaJVTEJFY>

- Because Israel was the first country to use #F35s to strike targets in combat, all other air forces - including the U.S. - deploying F-35s turn to it to learn from its experience. Me: The small silver lining of having to survive in a tough neighborhood? <https://t.co/8gQob7y5zx>
- On Jan. 28, the University of Pennsylvania (@Penn) hosted a lecture titled "Is the Talmud Racist?" It featured Rabbi #MiraWasserman of the Reconstructionist Rabbinical College (@RRC_edu). Me: Jewish studies are as much a swamp as are Middle East studies. <https://t.co/p4w1gtOz4a>
- In Philadelphia, where I live, the holiday on the 2nd Monday of October has been changed from "Columbus Day" to "Indigenous People's Day." Next up: The "United States of America" becomes the "Democratic People's Republic of America"? And then what next? <https://t.co/6SYEhcfvjJ>
- #IsraelVictory is applicable across the board: #AlexNachumson points out that this approach would have been the most effective way to combat the #PalestinianAuthority's lawfare campaign against Israel in the @IntlCrimCourt. It's time to wake up, Israelis. <https://t.co/mbfWoe86c1>
- Israel has the highest percentage of #COVID19 vaccinations but the numbers have halved since the campaign started due to widespread skepticism about the vaccines. Me: - Presumably the same pattern will follow in other countries too - What does that imply? <https://t.co/T4flLDE2xd>

- Sad to learn of George P. Shultz's death at 100. I worked for him in the @StateDept and met with him at the @HooverInst. He was judicious, knowledgeable, and intellectually vibrant. <https://t.co/E0Erb1LOZP>
- @IDIsrael poll: 25% of Israel's Arabic-speakers are willing to work with PM @Netanyahu. 44% Druze 39% Christians 21% Muslims Me: - Those are decent numbers. Time to put heads together to increase them. - This is hugely important for Israel's future. <https://t.co/IEYHgkMb5M>
- Israel allows the #PalestinianAuthority to rule atop the #TempleMount. Instead, I argue today in @IsraelHayomEng, it should take advantage of the rivalry following from the fact that 4 Muslim states seek a role there: Jordan, Saudi Arabia, Turkey & Morocco. <https://t.co/zNicjkZSj7>

- @SenTomCotton: "Liberal activists have lost control of the judiciary [and] have turned to a different hub of power to impose their views on the rest of the country," creating "the Dictatorship of Woke Capital." h/t @ThePolForum Me: The battle never ends. <https://t.co/iB1Aljvtg>
- UN-sponsored talks in Geneva produced a consensus government for #Libya? I have a tough time imagining that but share in the "mixture of cynicism and hope" that reportedly prevails within the country. It's been a rough 52 years since #Qaddafi's coup. <https://t.co/Cafu1ZFJKh>
- @Charles_Lipson notes the morally-driven current renaming frenzy; for example, San Francisco's politicians actually removed #AbrahamLincoln's name from schools in their city. Lipson then asks: "How long before Washington and Lee University is simply named 'And'?" Good question. <https://t.co/hqNOulOZFL>
- Here's a rare, nice surprise coming out of Washington these days: Only 3 Democrats voted against keeping the U.S. Embassy in #Jerusalem—Tom Carper, Bernie Sanders & Elizabeth Warren. The other 47 see that it does no harm. Indeed, it has a positive impact. <https://t.co/dzXg6v3Mku>

- I never expected to say this, but I hope that Israel's Islamist party, the United Arab List (القائمة العربية الموحدة), known as Ra'am, gets into the #Knesset next election. That's because it argues for a pragmatic approach to politics, exactly, what Israel's Muslims need to hear. <https://t.co/VJyjcK4zWz>
- Turkey's Interior Minister @SuleymanSoylu (a possible successor to @RT Erdogan): It was not the #Gülen movement that organized the alleged coup d'état of July 15, 2016, but the US government. Me: Things are getting really interesting among @NATO "allies." <https://t.co/wEod4VAOBm>
- @LimorYoav: No #IsraelVictory in Lebanon: #Hezbollah tried to kill Israeli soldiers & the @IDF allowed them to flee. This event "provoked the condemnation of the military echelon, which wondered if the political-security elite has lost its will to fight." <https://t.co/fHGWrUkVLN>
- If @EmmanuelMacron & #MarineLePen qualify for round 2 in the French presidential election, polls show: Today, Macron winning by 52-48 In Nov' 19, he led 55-45 Before: In 2016, he beat Le Pen, 66-34 In 2002, #Chirac beat her father, 82-18 Notice a trend? <https://t.co/OJb2NUbW6e>

- Doesn't the Left just love the #CCPVirus? It offers a wonderful opportunity to lock people up randomly & make sure they remember just who's in charge. E.g., the case of #SteveDuesing, kept in a jail-like hotel room for 3 nights near the Toronto airport. <https://t.co/rtp37Amatl>
- #DavidLodge in his 1984 novel, "Small World" - years before the appearance of the Internet: "Information is much more portable in the modern world than it used to be. ... As long as you have access to a telephone, a Xerox machine & a conference grant fund, you're OK." <https://t.co/dfY8XvDiVb>

- News: Australian police charged 2 Iranian nationals (a man, 30 & a woman, 26) with importing ~250kg of #methamphetamine, with a street value of ~A\$187mn, in multiple consignments. My question: Are they just plain criminals or agents of the Iranian regime? <https://t.co/5PIWZ8X1wm>
- @SamWestrop of @Islamist_Watch documents the sad fact that Trump's administration gave far more money to American #Islamists than did Obama's. "Meanwhile, not a single domestic reformist Muslim organization received any support at all." So much for that. <https://t.co/togFchEyvQ>
- J.M. Phelps interviews me on the topic of #Islamists, with a focus on @YusufZKavakci: Now that Islam is out of the post 9/11 spotlight, thanks to the CCP & its virus, they have become less discreet about their ambitions to take over the United States. <https://t.co/P5MgJsSjKG>
- From an exchange in John le Carré's "The Spy Who Came in from the Cold": "What do you believe in?" "History." ... "Oh no. You're not a bloody Communist?" Me: Does that mean all historians are Communists? <https://t.co/tyvGqBXPqL> <https://t.co/jqoahJwCge>

- @KhaledAbuToameh: "Instead of storing medicine & vaccines, Hamas & PIJ are storing rockets & explosive devices ... in the homes of Palestinians & in public institutions throughout the Gaza Strip, including schools, hospitals & mosques." Surprise, surprise. <https://t.co/lpat8AZpmx>
- E. Shouby, a native Arabic-speaker and psychologist, reported in 1951 about receiving the confidential report of two young friends: an English woman and an Arab man. It offers a classic case of cultural misunderstanding. <https://t.co/CASBjX2J8b> <https://t.co/6R845SmD0P>
- Good news: The Biden administration has just sent 2 long-range, nuclear-capable B-52 bombers from Barksdale AFB in Louisiana to the MidEast as an explicit deterrent versus Iran. Let's hope Tehran gets the message loud & clear. <https://t.co/sGEJHNL2NW>
- The #SchengenArea of free travel quietly disappears into history ... For example, the French government just closed 8 border crossings with Spain "to strengthen and rationalize border controls" & "with the aim of reinforcing the fight against terrorism." <https://t.co/2Dy8byKFUs>
- Unless something dramatic happens, Israel soon faces a crisis with its #Haredi population due to the terrible behavior of some Haredis during the #COVID19 crisis & the widespread anger at them. Me: Better that this tension be resolved sooner than later. <https://t.co/HeCSnXEC8q>
- Here's something I bet you never thought of, but it makes logical sense: Indian Major Gen. (ret) Gagan Deep Bakshi has called for a Greece-India alliance to counter Turkey, China & Pakistan, with exercises between their 2 navies to begin immediately. <https://t.co/UKkdr2In29>
- Aphorism: "If one thinks he can live without writing, perhaps he should not write at all." — #RainerMariaRilke, Poems <https://t.co/sOKiQTHC16>
- Israel is in flux. Just as the Arab population - via #MansourAbbas & the #Raam party - edges closer to mainstream politics, so the #Haredi population is moving away from it. Me: Integrating these two communities remains the historic challenge to Zionism. <https://t.co/CKYRU1kO6K>
- Something important just quietly happened: The Biden administration has adopted the clever but malign 44-year-old "saving Israel in spite of herself" doctrine first enunciated by #GeorgeBall. It neatly justifies anti-Israel steps under a pro-Israel cover. <https://t.co/ZW6CLYbQ2n>
- A long, detailed, fascinating & important study by Hay Eytan Cohen Yanarocak (@hayeytan) & Jonathan Spyer (@jonathan_spyer) on Turkey's private military forces concludes that "#Erdoğan now has a private military and paramilitary system at his disposal." <https://t.co/XtFgQsuC1Q>
- @AnshelPfeffer: Erdoğan is so isolated and in such bad trouble that he may actually put the squeeze on his #Hamas buddies in order to appease the Israelis. Me: I'll believe this when Turkey has systematically ended all support for Hamas. Fool me twice ... <https://t.co/v6mOFYzauQ>
- I greatly respect @DavidMakovsky. But I strenuously disagree with his new proposal of mutual "gradualism on the Palestinian issue" by e.g., "encouraging a range of trust-building exercises." Hasn't that endlessly been tried & failed? Viva #IsraelVictory. <https://t.co/qWiBS5D7Pr>
- My kind of Arab rivalry: Riyadh recently started a campaign, part of Programme HQ, "under which blue-chip companies and multinationals from Google to Siemens are being offered incentives to relocate their regional hq from Dubai to Riyadh." (@AlMonitor) <https://t.co/p2ZTTmVCII>

- @Jarida: Tehran has laid down 7 demands to restart JCPOA talks: 1-All or nothing 2-Compensation 3-Only nukes, nothing else 4-Just 5+1 5-No MidEast issues 6-Let's discuss Israel 7-Referendum on "Palestine" Me: If this is accurate, hard to see US back in. <https://t.co/jmvGVfonnL>
- Ayman Ibrahim (@al2ostaz) shreds @JRICole's apologetic for Muhammad as the "prophet of peace": Juan Cole "is careful to emphasize peace & only peace. If the Arabic sources tell different narratives elsewhere, it seems these are unimportant to incorporate." <https://t.co/5n6TcolzLu> <https://t.co/plsn3moNzn>
- Here's another prediction by @NewtGingrich to keep in mind two years hence: "If Mr. Biden governs from the left ... the number [of deeply alienated and angry Americans] will grow rapidly, and we [conservatives] will win a massive election in 2022." <https://t.co/Q85w7eBfFh> <https://t.co/izNkmSrEq7>
- A remarkable statement: Opposition figure & former Ayatollah Abdol-Hamid Masoumi-Tehrani has "no problem" with Israel. "It is time for [Tehran] to stop inventing enemies that don't exist. I have not met any Iranians who had a negative opinion of Israel." <https://t.co/SZQd6k6WMr>
- This 9-minute @BBCWitness podcast offers an affecting first-hand account by @RamiJarrah of the momentary ecstasy in the 2011 Syrian uprising in Damascus' #UmayyadMosque against tyranny, followed by its long-term and brutal repression. - Efrat Aviv (@efratav7) argues, spurred by the park renaming for Hüseyin Nihal Atsız, that "The true danger facing modern Turkey is not religious extremism but ultra-nationalism," not the @AKParti but the #CHP & #Iyi parties. - Comparing billion-dollar-plus palaces of Erdoğan (L) & Putin, I conclude: E's (public, near the capital city) is designed primarily to house bureaucrats to who run the country. P's (clandestine, remote, overlooking the Black Sea) primarily caters to his own personal lavishness. <https://t.co/J8NFY3dekE>
- @Charles_Lipson: Biden "will govern like a monarch, issuing orders, modifying legislation ... & directing his bureaucracies to promulgate rules. Such is our democracy that we are seldom governed by detailed laws, duly passed by our elected representatives." <https://t.co/YebNmmwPYX>
- @WashingtonPost: "Babe Ruth's record [of 714 home runs] was a mythical monument of white superiority." Me: Really? And here I thought it was a mythical monument of sports achievement. I am so behind the times. <https://t.co/X8Hq4ARbWb>
- #HLMencken: Democracy is the ... Theory that the common people know what they want, & deserve to get it good & hard ... Worship of jackals by jackasses ... - Former US ambassador to Egypt Lucius Battle recounts how Mohamed Hassanein Heikal, the Gamal Abdel Nasser confidant & famed journalist, advised him: "Don't try to understand us [Arabs]. - @Najat_AISaeed creatively argues that the best way to finesse Biden administration backsliding on the Palestinian-Israeli conflict is for "the Arab countries that have recently normalized relations with Israel [to] encourage those that haven't to separate politics from science." <https://t.co/a60s2gJ3vl>
- Good to have support from #AlexNachumson, CEO of #MivtachiIsrael, for #IsraelVictory: Before there can be negotiations over "land, borders or Jerusalem, the Palestinians must accept that the war against the Jewish state is over and they have lost." <https://t.co/K5EJciwQgZ>
- Efraim Karsh (@efka48): Palestinians have undergone 3 radicalizations: 1 Amin Hussein dragged them into the 1948 #nakba 2 Yasir Arafat distorted Oslo to forfeit a state 3 Israel's Arab leaders incite against their state Just as 1&2 ended in disaster, so 3 is heading there too. <https://t.co/Edng15EJ5c>
- The #MuslimBrotherhood "did not hide its 'joy' over Biden's arrival to the White House, believing his presidency will give it another opportunity to revive its project in the Arab region, with the support of Qatar and Turkey." Me: Presumably Biden supporters are fine with this. <https://t.co/Bftd4IHMEU>
- As Trump leaves the public stage, I conclude that he: - Had the worst personality of 46 US presidents - Effected the best policies of 46 US presidents And that he: - Short term achieved much - Long term did great damage It's a uniquely ironic, confusing & contradictory record. <https://t.co/fN3BZ8jYHy>
- @Telegraph: Erdoğan sent an agent, Feyyaz Öztürk, to Austria to murder @Berivan_Aslan_, an ethnic Kurdish MP critical of him to "send a message" to other critics. Fortunately, Öztürk turned himself in. Hey, @NATO, are you paying attention to this "ally"? <https://t.co/PMjwxzCC49>
- The estimable Gershon Hacoheh (@GHacoheh) needs to make up his mind: - Jan. 10 headline: "The term 'existential threat' [to Israel] is passé" - Jan. 12 headline: "Israel Is Facing a Domestic Existential Threat" Actually, he's saying the Arab threat is not external but internal. <https://t.co/WFcvHGT9K0>
- Extraordinary news from Israel about the @IDF's appeal to Arab-speakers. 2020 e.g.s: - 1K Israeli Arabs volunteered - Volunteers for combat roles increased - 700 volunteers from hostile countries - 100 volunteers for the "Ambassadors in Uniform" program <https://t.co/W725s1nUEF>
- Very, very dangerous: Ethiopia PM @AbiyAhmedAli aggresses on 2 fronts: - militarily oppressing the people of the #Tigray region - hydraulically filling the #GERD With time, the two are increasingly intertwined, possibly leading to war with Sudan & Egypt. <https://t.co/WufnLrjuTl>
- Me in @TheCriticMag: "The @English are (contradictorily) serene and moody; brotherly and concealed; fair and greedy; haughty and deferential; hypocritical and noble; stolid and humorous. Such a string of opposites, needless to say, says nothing at all." <https://t.co/PtFNRNKTdH>
- How extraordinary: Peter Wang, identified as "a Christian Chinese entrepreneur," paid for a good chunk of the \$320K required to bring 162 Falash Mura from Ethiopia to Israel on aliyah. "God has heard their cries & seen their longing for the promised land." <https://t.co/QHFEGWYyql>
- I admire @GidonSaar but not his decision to hire the @ProjectLincoln. @JonathanS_Tobin captures the absurdity: Knesset ad campaigns reverse the trend of Israelis receiving aid from Americans because, when it comes to elections, Americans fleece Israelis. <https://t.co/c1uCREgBjb>
- How polite I am. I use @TextExpander, a macro program, to use shortcuts for oft-repeated phrases.  - The @USAmbIsrael Twitter account description today was changed to: "This is the official Twitter account of the U.S. Ambassador to Israel, the West Bank and Gaza."  - Pre-9/11, Islamists spoke freely of their ambitions to Islamize the USA. Post-9/11, they clammed up. But now, they are yapping away again. Eg, @YusufZiyaKavakci tells us that "there's only one thing America needs, and that's Islam." Thanks for the candor. <https://t.co/0t88XZdcDW>
 - Sad, but not surprising that the @FBI complaint against a US soldier, #ColeJamesBridges, for aiding #ISIS, ignores his being a Muslim, though he says "may Allah سبحانه وتعالى help us establish a Khilafah and grant us victory against the #kuffar, Inshallah." <https://t.co/R5WtwEP72> <https://t.co/ugNDod6fHb>
 - A thought for Jan. 20, 2021: Just as not a single analyst predicted the rise of Trump, still no one fully understands it. It will take historians years or decades to do so. <https://t.co/n2KQIRM815>
 - Xi, Khamene'i, Maduro and Abbas get ready to celebrate. <https://t.co/ghjCDmqlhV>
 - @WSJ: Trump is talking about starting a new political party, the "#PatriotParty." - This would roughly undo the lasting good Trump did with judicial appointments - Let's hope the @GOP has the institutional strength to tamp down such a devastating split. <https://t.co/sYLH3r3Jki>
 - Policy toward Turkey is my one realistic hope for an improvement under Biden. @ABlinken says: "Turkey is an ally, that in many ways ... is not acting as an ally should & this is a very, very significant challenge for us, and we're very clear-eyed about it." <https://t.co/Fc04oCNhFJ>
 - Reflecting on #InaugurationDay tomorrow, I wonder which is worse for the country: - Trump's disgraceful behavior, which discredits and harms conservatives for years to come, or - Biden's taking over, a blue wave, and a resulting long, dark period. Woe to us, we Americans. <https://t.co/8GmiT0Nc3l>

 - As Qatar makes amends with its Arab rivals, it's important to keep in mind how tight its government is with the #MuslimBrotherhood.  - Security-related deaths in Israel: 26 in 2018 9 in 2019 3 in 2020 - #COVID19/@CCPvirus presumably helped lower the 2020 number. - 9 suicides in 2020 make that, sadly, the IDF's biggest killer. - All this amid the IDF operating simultaneously on 6 fronts. <https://t.co/9vnDGafUnf>
 - Fun polygamy facts from @PewResarch: - Polygamous households almost everywhere are <0.5%. - Major exception: the "polygamy belt" in Africa. - Globally, 2% live in polygamous households. - Polygyny is largely connected to Islam. - Polyandry is super-rare. <https://t.co/mib78aYjuH>

 - No surprise here, but important to keep in mind: In case of war between Greece & Turkey, armed drones provide an advantage to Turkey—being far less expensive & more replaceable than tanks, while not exposing the operator or depending on foreign suppliers. <https://t.co/POXdV2pwDt>

 - 20th century: American liberals & conservatives fought viciously 21st century: American liberals stopped arguing and started, successfully, delegitimizing conservatives Welcome to pariah status, folks. But woe to the country that progressives dominate. <https://t.co/ayCam9nMpF>
 - Trump "as always refuses to accept responsibility for defeat. ... He's now spinning conspiracy theories and election falsehoods daily on Twitter. He doesn't seem to care what damage he does in promoting the myth of his victory." So true. It's all about him. <https://t.co/b6a2xVZcMj>
 - #MarthaLee of @Islamist_Watch exposes "Democracy for the Arab World Now" (@DAWNmenaorg) as "yet another Islamist-support organization determined to advance an illiberal, anti-democratic agenda, all somehow under the cover of liberal, democratic rhetoric." <https://t.co/5iQjG9nkry>
 - How clever but unscrupulous of Sen. Josh Hawley (@HawleyMO) to take up the utterly futile cause of challenging the Electoral College in Congress. - Clever because it gives him the jump on inheriting the Trump crowd. - Unscrupulous because it harms his Republican colleagues. <https://t.co/GcUMiZzzZm>
 - As the Chinese Communist Party (#CCP) extends the repression of #Uyghurs in #EastTurkestan to other ethnic minorities (like Tibetans) elsewhere in China, with the intent of turning everyone into a Han Chinese ... the outside world is disgracefully quiet. <https://t.co/wYDz2ptMe5>
 - Yes, rub your eyes in disbelief at the naïveté & shortsightedness of @NATO: "Turkey takes charge of NATO high readiness force." What outrage does @RTERdogan have to commit for NATO's leadership to wake up to its inner enemy? I sure hope it wises up soon. <https://t.co/kYKYlh4bGI>
 - Wise words from @BenSasse: The US has a legitimacy crisis because "Democrats spent 4 years pretending Trump didn't win the election & now (shocker) a good section of Republicans are going to spend the next 4 years pretending Biden didn't win the election." <https://t.co/lcRRyLKu4W> <https://t.co/ZMylQhLmgI>
 - Trace the decline of Israel's center-left parties in #s of #Knesset seats: 49 - 4/19 44 - 9/19 40 - 3/20 30 - 12/20 (polling) Conclusions: - Only in Israel is the Right ascending - If only the Right could unify - Now, about tackling the "Deep State" ... <https://t.co/HvvhRqV208>
 - 2020 was the first year that I did not leave the United States since 1982. It was a good 37-year run. Looking forward to renew travels in 2021. <https://t.co/vcDjEisDrZ>
 - @StateDept: The leaders of Islamic Relief Worldwide (@IRWorldwide) engage in a "consistent pattern of spreading the most vile #antisemitic vitriol." This calls for government bodies to examine "IRW activities & their relationship with IRW." Bravo, State. <https://t.co/pFNvclaiLd>
 - @IDIIsrael: Israel's #Haredi (Ultra-Orthodox) population is growing at a 4.2% rate vs 1.9% for the whole country & 1.2% for non-Haredi Jews. Me: I sure hope Haredim start to take interest in larger issues than just funding their parochial institutions. <https://t.co/MwJATxYp6X>
 - @PNCBank sent me a feedback questionnaire after my visit to a branch yesterday. Fine. But it's a surprise to find Spanish and Polish as the alternatives to English. #Polski? <https://t.co/7JgWXJpgtc>
 - @PNCBank announces that it "will be closed on Friday, December 25 for a federal holiday." Gee, I wonder why there's a US federal holiday on Dec. 25. Maybe a winter festival? Or a solstice celebration? Why doesn't PNC mention #Christmas? Political correctness? Woke capitalism? <https://t.co/WOcbtMb28u>
 - Do stop grousing about 2020 for a minute: That's because, during the past year, Israel suffered the fewest number of security-related fatalities in its entire history: just 3 (2 civilians ! 1 soldier). Here's hoping for zero in 2021. Happy New Year to all. <https://t.co/v7WgFKKDG4>
 - In case you did not realize that something called "#PalestinianAirlines" existed, now you know that it just went out of business after failing to sell its two remaining, aged aircraft. Oh well, this seemed like a plausible idea when it was founded in 1995. <https://t.co/tqa1YyA7La>
 - @GatestoneInst reminds us that, sadly, @RTERdogan's @AKParti is not the most disgusting party in Turkish politics. Two other parties, the CHP and Iyi, just joined together to rename an Istanbul park after a hideous pro-Nazi activist, Hüseyin Nihal Atsız. <https://t.co/vPKZyQoANC>
 - #FromTheArchives: This report on activities from 1988-89 gives a sense of the intense activity and intellectual ferment at @FPRI back then, as the Cold War shuddered to a close. Too bad that excitement could not be sustained. <https://t.co/xJfruQBvB> <https://t.co/deZ7pmiVaL>
 - @CAIRNational: #Xenophobia "has been one of the defining ideological foundations of American society since even before 1776." Me: That explains why Americans have rejected all immigrants & everyone in the country traces his roots back to colonial times. <https://t.co/JJfUaSIWwG>
 - Ah, the MidEast: Asked about UAE & Bahraini normalization agreements with Israel, 85% of Jordanians see them as at least "somewhat negative," more than in any of 7 Arab states polled. That's weird, as #Jordan has had a peace treaty with Israel since 1994. <https://t.co/d6ue8s6n0u>
 - That a @PhillyPolice counterterrorism truck (check the ID on its front) is prominently parked outside a large @ATT facility in #Philadelphia 4 days after the Nashville bombing implies law enforcement sees the attack resulting from an anti-5G #conspiracytheory. Makes sense to me. <https://t.co/2UNbviJ243>
 - Winter requires more robust accommodations for outdoor dining. Here's one restaurant's quite elegant facilities in #CenterCity Philadelphia today: lots of tiny rooms. Me: For owners to make such a large capital investment implies owners expect the #CCPVirus to last a long time. <https://t.co/ajYOEIbLwh>
 - How unexpected that Pres. Trump recognized today as the 850th anniversary of the death of #ThomasBecket & invited Americans to observe it "in commemoration of [his] life and legacy." It's very good to see a sense of history in political circles. <https://t.co/uhScZreH9e>
 - #FromTheArchive: 80 years & 10 days ago, my grandfather, #MarekPipes, announced the "The Mark Candy Kitchen" in #Elmira, NY with a charming ad in the @StarGazette. Most remarkable is that he arrived in the USA (as a refugee) only 5 months earlier & here he is, with a staff of 6. <https://t.co/rJlez7qrIB>

- I note today in @Newsweek that I've known @Netanyahu for 37 years & argue that he's accomplished great things, but it's time for him to let younger talent take over as prime minister of Israel - and for him to become the country's president in half a year. <https://t.co/zX5ysEOD6s>
- Does Trump have an "after me the flood" mentality, whereby he wants the Republican party to fail because he was not re-elected? His actions vis-à-vis the Senate elections in Georgia suggest this hypothesis, as does his vindictive personality. Hoping not. <https://t.co/0s259or4x8>
- I am glad to see that Israelis are not being taken in by a weak @RTERdogan's transparent deception: "He can't have it both ways. You can't strengthen relations with Israel & also be the place where # Hamas operatives feel most comfortable." Fool me once ... <https://t.co/OQfUf0vRgA>
- #NathanLewin & @JNS_org are too gentle. Signing "on to roster of those who minimize the #Holocaust" ignores the sheer outrage of what @DeborahLipstadt did in comparing Trump with Hitler. Unless she apologizes, no one should take her seriously ever again. <https://t.co/NzztVR0gXz>
- So, the Russian authorities cooked the books, admitting to 3 times the #COVID19 fatalities previously reported. Me: - Do we have its real, honest figures now? - Which dictatorship will come clean next? I propose China, Vietnam, Thailand, Iran, or Turkey. <https://t.co/MDL98D71U7>
- It's tough to keep up with #Erdoğan's foreign policy twists, but here's his latest: "Ankara appears on course to enter the new year with a #panTurkic perspective at the expense of angering Moscow & Tehran." Me: Well of course. Why did it take him so long? <https://t.co/FRoUcHqQrw>
- #AntiZionists try desperately to keep attention focused on Israel. Here is the notorious @SamiAlArian, now a guest of honor in Erdoğan's Turkey: The umma cannot achieve its potential without "defeating and dismantling the Zionist project." Good luck, Sami. <https://t.co/sdWy6x48jV>
- Headline: "Chinese vaccine's arrival in Turkey delayed, as #Ankara is forced to agree to extradite #Uighurs to China." Me: - The #CCP plays rough - #Erdoğan has no choice - Turkey is falling fast under CCP influence - Hello, @NATO, please wake up to this <https://t.co/OssheoCWjk>
- The bad news: Islamists assaulted a Muslim man, 20, living in #Belfort, France, because he attended a Christmas lunch. The good news: As the interior minister indicates below, the government takes this aggression very seriously. For more information, see <https://t.co/vsXonnL459> <https://t.co/9HYidenEMT>
- "Mr. President, it's time to end this dark charade. ... You had every right to investigate the election. But let's be clear: Those efforts have found nothing." I agree. Some denounce the @NYPost editors as weak; I hail them as courageous. Focus on Georgia. <https://t.co/YYK3ZmdoR3>
- Quite a statement by Hamad bin Khalifa Al Nahyan of Abu Dhabi's ruling family on investing in Jerusalem's #BeitarJerusalem soccer team: "I am thrilled to be a partner in such a glorious club ... in such a great city, the capital of Israel." Note: Capital. <https://t.co/z9ZS6txqli>
- If this report is correct, that Athens plans to double Greek territorial waters in the #AegeanSea (something perfectly legal & normal), it could lead to @RTERdogan's Turkey responding with military force. So, watch very closely developments in the Aegean. <https://t.co/MP20GE57Rh>
- It's almost funny how the @AP hides the news (about Hawazen Sameer Mothafar being arrested in Oregon for helping ISIS) behind a boring, uninformative headline. That's the #6Ps (police, politicians, press, priests, professors and prosecutors) hard at work. <https://t.co/W7FTL4n5Lj>
- The best of Trump: Comparing decisions by his appointees to federal trial courts with more than 117K opinions dating to 1932 finds his judges "exhibit a distinct decision-making pattern that is ... significantly more conservative than previous presidents." <https://t.co/pQRkTkdd2B>
- I have my school textbooks like the one below ("English Is Our Language") from grade school in the 1950s. Does anyone know if there a library I can donate these to? I suspect not too many survived the decades. <https://t.co/PBhpgD2kY7>
- I did not realize that there's a group of mostly Democrats that was convinced election fraud denied @JohnKerry the presidency in 2004 & that's it's still consequentially pursuing electoral reform. Makes one wonder what's next with Trump's holding out. <https://t.co/OzZZr7lw8g>
- Please watch the beautiful, inspiring Muslim-Jewish collaboration on the song #Peace_among_neighbors. It's time to end the fighting. Bravo to: - The Arab Council for Regional Integration (@theArabCouncil, المجلس العربي للتكامل الإقليمي) - @JosephBraude <https://t.co/9uI0uxaqeT>
- @RTERdogan: "Our heart desires" better relations with Israel. Me: - Yeah, right. - You want to reach Biden through Israel. - You realize Sunni Arabs have better relations with Jerusalem than Ankara. - Israel, take advantage of this but be very, very wary. <https://t.co/fRRZPIeIFk>
- #JamesJoyce: "I've put in so many enigmas & puzzles [in "Ulysses"] that it will keep the professors busy for centuries arguing over what I meant & that's the only way of insuring one's immortality." Me: I've finally found the key to "serious" modern art. It's for the professors. <https://t.co/zmGm2esQp0>
- Everyone has a favored Biblical quote. Here is mine, from Psalms 146:3: "Put not your trust in princes" (אַל-תִּבְטְחוּ בְּנְדִיבִים). Giving the phrase a modern gloss, I mean by it: Stick with ideas and ideals, not the fallible politicians who promote them. Until they do not. <https://t.co/YenRfR3YMx>
- #Israel is unique among modern democracies in becoming steadily more conservative, both on domestic issues (less socialistic) & on the Palestinian problem (more realistic). The next parliament promises to be the most conservative ever. #RemarkableIsrael. <https://t.co/SYNUHSzbw6>
- 1. @Northwestern U drops #JosephEpstein as emeritus professor due to his "kiddo" remark to @DrBiden 2. @UCMerced keeps #AbbasGhassemi as emeritus, saying his sickening antisemitism is just his "private" view That's symbolic of the contemporary university. <https://t.co/1amGe0ap9M>
- Is it just me or is #Christmas gradually disappearing as a social & cultural event? It used to be a huge presence, dominating much of December. Now, it seems hardly more of a phenomenon than Easter, which is not saying much. Secularism? Multiculturalism? Anxiety? Something else? <https://t.co/gx8ktua65g>
- It's risky to be optimistic about the MidEast but I go out on a limb today and see good things happening among Israeli Arabs. Led by Mansour Abbas (@mnsorabbas), they might become less ideological and more pragmatic. That would be great news for everyone. <https://t.co/dAOK7qoxNb>
- I've said for a year that joining Israel's #Likud party is not tantamount to signing a suicide pact - i.e., that sooner or later the leadership would turn against @Netanyahu. Well, that moment has arrived: 1. @GideonSaar leaving to start #NewHope 2. @Zeev_Elkin joining New Hope <https://t.co/IQUyuTbbBI>
- @CapitalResearch Center: In the #publicpolicy arena, liberals out-donate conservatives by a ratio of 3.7 to 1. Me: Is that because 1. more rich people are liberal or because 2. liberals give more to this kind of philanthropy? Tentative reply: Mostly #1. <https://t.co/XkBrKeApxp>
- @davidhorovitz on Israel's next elections at @timesofisrael: "It'll be Bibi. Or maybe it won't be Bibi. But our next leadership & our next legislature, will be unprecedentedly right-wing." Go, Israel, the world's only democracy becoming more conservative. <https://t.co/SYNUHSzbw6>
- Great to see that a conservative, especially a musician with career ambitions, comes out and dares to use his real name. Bravo to #DavidAcevedo and to the @NASorg. <https://t.co/ddTgIHoupV>
- Rubbing my eyes here. Very high-ranking Pakistani Islamic leader Muhammad Khan Sherani: Islamic theology instructs that the land of Israel "belongs only to the Jews" &

- he apparently endorses recognition of Israel. Might Pakistan also end the state of war?<https://t.co/l6qeGPOE9k>
- Turkey falls ever more under China's influence: The "China Export Train" just left Istanbul & covered 8,693 km (5,402 miles) crossing Turkey, Georgia, Azerbaijan, the Caspian Sea & Kazakhstan to reach China. It cuts travel freight time from 30 to 12 days.<https://t.co/RwJv1bjcUp>
 - My unsolicited advice to #BDSers: You need urgently to focus on the #PalestinianAuthority where 70% of external trade (54% out, 86% in) is with Israel. What an outrage! A betrayal the Palestinian cause! Idea: Let's boycott, divestment & sanction the PA! <https://t.co/AvN4oEf130> <https://t.co/gAW9C3Cw03>
 - As Trita Parsi (@tparsi) may be under consideration for a top Biden administration job, this is a good time to recall that a US court fined him & @NIACouncil \$183,000 for discovery abuses in a frivolous case they brought against Hassan Dai (@IranianForum).<https://t.co/toLyVmXQGf>
 - Thanks, @VictorKattan, for this information about @MEForum's good work: "Pipes has, almost incredibly, succeeded (together with likeminded groups) in establishing a foothold & following in the Arab world, an area that Palestinian activists have neglected."<https://t.co/Y0KYnJ3hKS>
 - My parade proceeds in sunlight. So far, 3 others have followed in just 4 months. Maybe time to get out of the prediction business, @daoudkuttab? FYI, here's my track record on predictions: <https://t.co/LwrXl2bcT> <https://t.co/n6yZRIex26> <https://t.co/HfckEbYQP0>
 - Fascinating to see what @ThePolForum makes of the brand-new information that Mr. Johns Hopkins (1795-1873), founder of @JohnsHopkins Univ., the home of American progressivism, was no abolitionist but owned slaves. Get out the popcorn for the drama ahead. <https://t.co/dNpsxcXTa3> <https://t.co/5cC6W5pMB7>
 - I am sad to hear of Jerrold M. Post's death. I worked with him when he was in the @CIA & I was in the @StateDept. His #psychobiographies of foreign politicians made for fascinating & insightful reading. One day, they should be declassified for all to read. <https://t.co/cLCOynhIFZ>
 - I am reading the #PickwickPapers, published in 1837, not only #CharlesDickens' first novel but a literary sensation and the first modern bestseller. But I find the story silly, exaggerated, bloviated & dull. Taste must have hugely changed over the course of almost two centuries. <https://t.co/tMn6TzIthX>
 - Amid the buzz about #Pakistan-Israel contacts, note the purported reason: "#Islamabad wants Israel's support in various international forums, including improving relations with Arab countries and its general international standing." Arab countries, really?<https://t.co/ZfbZwy2g9J>
 - Sadly, another unforced Kurdish error has led to Turkey's & Iraq's governments joining forces against the #PKK, with Iraqi #Kurds joining in too. This could spell disaster for #Rojava, the Kurds' enclave in northern Syria, and strengthen Bashar al-Assad. <https://t.co/DcQnBpOiHg> <https://t.co/a8B4DxtNJU>
 - Ruderman Family Foundation (@RudermanFdn) on US #Jews' presidential voting priorities: 43% Health care 28% The right to bear arms 25% Other 4% Israel Me: - Guns matter to 7 times more Jews than Israel does? That's hard to understand - Where's abortion? <https://t.co/fR2eFM8nEI> <https://t.co/Q6WaaImZqz>
 - @AlexaInternet: The 21 most-frequented websites in the world are all either US (11) or Chinese (10). No other country comes remotely close. That's a good indication of tomorrow's superpowers. No surprise, but it's a dramatic quantitative confirmation. <https://t.co/x3FRpfP4qW> <https://t.co/v5i5pBp0wk>
 - @TheIPT: "While @ReverendWarnock may claim 'I Stand With Israel' today, can you really trust he will tomorrow when, as recently as last year, he was comfortable signing his name to the claim that #Israel was comparable to many racist, totalitarian states?"<https://t.co/LzJ6qF6j9J>
 - Today marks 10 years since Tunisian vendor #MohammedBouazizi self-immolated, setting off what was optimistically termed the "Arab spring" but quickly turned into the "Islamist winter." For who he was, see my article, "Mohammed Bouazizi, Historical Figure."<https://t.co/O7194cqY9h>
 - @KhaledAbuToameh: "Islamists are calling on Moroccans to revolt against their government & king. This shows that they have shifted from rhetorical attacks on Arabs who establish relations with Israel to calls to violence against Arab rulers & governments."<https://t.co/oexEz5Uevy>
 - August: The #PalestinianAuthority denounces the #UAE normalization with Israel as "despicable," "a betrayal," "a stab in the back," etc. December: PA is dead silent about #Morocco's doing the same. Conclusion: The name-calling did not turn out so well. <https://t.co/Bolz024DvT>
 - My 250th birthday present to Ludwig: An article explaining why "You Need #Beethoven to Modernize." In brief, "to be fully modern means mastering Western music; competence at Western music, in fact, closely parallels a country's wealth & power." Go Japan.<https://t.co/pOgsUViSgl>
 - Offering my moral support to the brilliant & witty #JosephEpstein, under siege for his biting commentary about @DrBiden's use of "Dr." I concur: "In contemporary universities, in the social sciences & humanities, calling oneself Dr is thought bush league."<https://t.co/pFaJHm3QgY>
 - So amusing. Self-professed Christian Craig Considine (@CraigCons) says anything to win #Islamist approval. But many #Muslims reject his distortions. For their criticisms, see @ADHarrod's fine exposé at "Muslims Reject Interfaith Fraud Craig Considine." <https://t.co/arLeFo3Rk6>
 - The U.S. Congress passed a veto-proof annual defense spending bill that requires sanctions on Turkey because of its purchasing Russia's S-400 missile defense system. Me: - About time. - Perfect. <https://t.co/4ja4airZU0>
 - The Electoral College met today & confirmed Biden's election. I hope Republicans will finally drop the fantasy of reversing the presidential election & instead get serious about the two Senate races in Georgia, which will determine whether or not Americans face a "blue wave." <https://t.co/2vXWlzoj1a>
 - Bravo to Rep. Doug Lamborn (@RepDLamborn) & 21 of his #USHouse colleagues for their letter to Trump calling on him to declassify Senate Report 112-172 that reveals how many of the 5.3mn "#PalestineRefugees" are actually refugees. (Me: Probably about 30K.) <https://t.co/qfbgd8xwtL> <https://t.co/Z8jbi7w5yh>
 - Beautiful @WSJopinion editorial, "Trump's Challenge Is Over": - Tomorrow the Electoral College votes - Time to quit the challenges & concede gracefully, as all predecessors did - Bitterness will do no good - Better to tout accomplishments, which are many <https://t.co/5oEgLi7pJc>
 - Given that nothing else has worked to increase the birth rate, it should not come as a shock that #Japan's government is spending taxpayer funds to come up with computer programs to match men & women so that they will have children. Still, it is dismaying.<https://t.co/qrt2sHJ16b>
 - I am very pleased about plans for formal relations between #Morocco & #Israel. But I recall Lebanon's aborted agreement with Israel in 1983 & in this light, I worry about the wide opposition that exists within Morocco to this step. So, I hope it goes well, ready for it not to. <https://t.co/6mJROXanHf>
 - Hello, Hafiz Zakariya of the International Islamic Univ. Malaysia: I can't wait for the English version of your article: "Debunking #Islamophobia: The Roles of Daniel Pipes in the Representation of the Muslims."  - Sign the Petition to @McGillU calling for it to keep @MEForum Writing Fellow Philip Carl Salzman as an emeritus professor in good standing & not to give in to the baying mob that wants to eject him because it disapproves of his hugely insightful analysis. <https://t.co/JYQxazHj07> <https://t.co/YK06Yye6j8>
 - Gideon Sa'ar (@gidonsaar), one of Israel's outstanding politicians, has just left his long-time home in #Likud to found a new party, "New Hope." Here is wishing him well &

- hoping he continues to promote #IsraelVictory as he has eloquently done in the past.<https://t.co/UxMB9Bw0BA>
- "Is it possible the #NeverTrumpers were right all along? Is it possible that, when all's said & done, the President's narcissistic antics would only help the Democrats in the long run? Is it possible that he would destroy the Republican party from within?" <https://t.co/WpjRx9vdfD>
 - Did you catch this appalling bit in DNI #JohnRatcliffe's @WSJ article? "U.S. intelligence shows that China has ... conducted human testing on members of the People's Liberation Army in hope of developing soldiers with biologically enhanced capabilities." <https://t.co/K4dnTit2SB>
 - I met #LloydAustin in 2014, when he headed @CENTCOM. The most memorable thing he said then was to endorse a mild form of "linkage": "If you can make progress [in the Arab-Israeli conflict], you make other issues easier, even if this does not solve them." <https://t.co/a9Y1y2xCwa> <https://t.co/BjVGh7MzBj>
 - #ShmuelSandler: The new MidEast alignment means that Israelis must be prepared to accept a novel kind of commitment: "to take military action in situations where there is not necessarily an existential threat to Israel" but, rather, to its new Gulf allies.<https://t.co/ski7q9l82E>
 - In totalitarian countries, dissent pokes up in brief, unexpected ways, such as this, an Israeli flag & "Thank you Mossad" draped on a central pedestrian bridge in Tehran. It's an important reminder that most Iranians reject their hideous government. They deserve unstinting help. <https://t.co/FSpbDnRXRP>
 - We knew that the #COVID19 relief funds were given out ineptly. We did not know, until now, that they went to #Islamist organizations dedicated to overthrowing the #USConstitution. Thanks to @SamWestrop's fine work for @Islamist_Watch, details are public. <https://t.co/Okxxq6HpAp>
 - #TheodoreRoosevelt: "The Chinaman & the Hindoo ... can never change the status of the white laborer in his own home, for the latter can always protect himself, and ... always will protect himself, by protective tariffs & stringent immigration laws."  - See the leaked 30-page powerpoint, "White Privilege: Understanding Power and Privilege in Education." It carries on about San Diego being stolen land, "You are racist," white people "consume unearned privileges, positions & power," and so on.  - Some illegal migrants find the good life on arrival in Germany: In Ebersberg, Bavaria, the government rented a ritzy villa in the "millionaire's district" & where 12-14 of them soon will take up residence Me: Perfect incentive for more illegal immigration.<https://t.co/ayXwNQDf3F>
 - Intriguing: Jordan's leadership fears Israel may offer official control of #Jerusalem's Haram al-Sharif to the Saudis as "the centerpiece of a normalization deal." Me: - That sure would tempt #MbS - Amman's cowardice means it richly deserves such a rebuke <https://t.co/JZpgf6TQuB>
 - @RTErdogan to Israel: Make a maritime deal with #Turkey, ditch your relations with Cyprus, Greece & UAE, get handsomely rewarded with oil & natural gas fields. Israel to Erdoğan: Forget it. Instead, start treating us with respect. Me: Erdo is flailing. <https://t.co/7G297vhSwH> <https://t.co/1usq9eVT5S>

 - @KatyaSedgwick wittily compares an aged @JoeBiden with—who else—#LeonidBrezhnev.  - @WSJ: "Iran has sent arms & dispatched paramilitary operatives to help #Venezuela President @NicolasMaduro maintain his hold on power." Me: - The #AxisOfEvil is getting closer - Striking how 2 oil giants have simultaneously become economic basket cases <https://t.co/BgLJBaPIWW>
 - If honest, the editor would reply: "While we disagree with much that Baghdadi, Soleimani & Fakhrizadeh did, they suffered from imperialism & had to use what tools at their disposal. Let's not impose our values on them. Indeed, in their circumstances, we would have done the same." <https://t.co/FQnzP8lb8E>

 - @ShoshanaBryen: "Today, Israel lies in @US_EUCOM—the US European Command—while some analysts suggest it belongs in @CENTCOM—the Central Command, encompassing the MidEast & parts of SW & Central Asia." Bryen makes a strong case for keeping the status quo. <https://t.co/s1BcSRlIBX>

 - @UofHaifa's late #StevenPlaut called @Haaretz "the Palestinian newspaper written in Hebrew." But now it's in Arabic. For example, this headline asks, "Is #MansourAbbas in @Netanyahu's pocket?" and calls on the Arab Knesset leader to turn against the PM. <https://t.co/krepC8rTky>
 - @PalWatch: Why depriving @UNRWA of funds does not suffice; Palestinian students are brainwashed as victims & enemies of Israel. - "The Jews stole our land." - "Every day, every minute I imagine that I'm in Lod." - "I will return and liberate Palestine." <https://t.co/olBpMZvkuY>
 - 53 years after I was a college freshman, little has changed: "Any political conversation at @Harvard takes place under the assumption that all participants are liberal." - Campus politics are as stultifying today as in 1967 - Time for students to grow up <https://t.co/YaYAMHtORN>
 - Reviewing vast inconsistencies in Iranian reports about the demise of #MohsenFakhrizadeh, Potkin Azarmehr (@potkazar) raises the wild, intriguing, improbable, but possible idea that his death may be due to a regime "purge." Why? 1. Easier to rejoin #JCPOA 2. #Israel gets blamed <https://t.co/CbXbifbw4m>
 - Few #progressives acknowledge that "#socialjustice," now a favorite term of theirs, was first used as a magazine title in 1936-42 by the massively influential pro-Nazi Detroit priest, #FatherCoughlin. How does this fact not discredit the phrase for them? <https://t.co/qF0AqTgJec> <https://t.co/0ZCOKJYT7k>
 - @michaeldjohnsjr of the @HarvardJMEPP interviewed me & asked for predictions about Biden policies in the #MidEast. Gist: He intends to reverse Trump's & is the personification of the #DemocraticEstablishment. The specifics will follow from those 2 facts. <https://t.co/5xNHQyIS1q>
 - Here's another indication that the most vile & violent forms of #jihad are moving to the further lands of Islam—Nigeria, Mozambique, Bangladeshi, Philippines & now Indonesia, where 10 Islamists murdered 4 Christians, complete with mutilations & a beheading.<https://t.co/GNDFbwiOAD>
 - 1 French imam Hassen Chalghoumi (@Imam1chalghoumi) denounced jihadi murder of #SamuelPaty 2 Belgian Islamist put €150K bounty on his head 3 Chalghoumi

- moved his family to the Persian Gulf for safety Me: So ironic that #AbuDhabi etc are safer than Paris.<https://t.co/mAVFWecu1Q>
- Note the important analysis by @CarmiOmer about Iranian intentions vis-à-vis the #JCPOA. Given #Khamenei's outlook, especially his suspicion of the West & his emphasis on overcoming sanctions, his price will probably be too high for Biden to be able or willing to pay. Good news. <https://t.co/lC5sGTBTCn>
 - Another sign of the Left going full-tilt #antiZionist, this time—of all places—in Germany. @Jusos, the youth wing of the #SDP, the historic social-democratic party, just made Fatah's youth wing its "sister organization." I.e., it opposes Israel's existence.<https://t.co/4AVie3r1Kw>
 - @CampusWatchMEF fellow #MitchellBard asks: Why did the Palestinian Authority donate 259 gifts worth \$4.5mn to U.S. universities? It pleads poverty but gave, for example, \$643K to @BrownUniversity for a professorship. Worst of all, @USedGov long hid this. <https://t.co/MX6c5JvoFg>
 - News headline: "Erdoğan calls for establishment of Palestinian state with East Jerusalem as capital." My reply: Netanyahu should call for establishment of Kurdish state with East Ankara as capital. And, while we're at it, the return of Constantinople. <https://t.co/P34Jq5biff>
 - Basketball news: #Israel upsets #Spain's national team 95-87 in a @EuroBasket game. Me: Some Spaniards may just have learned that, in fact, "there is a country with this name" of Israel. <https://t.co/qzLSs7ujZ0> <https://t.co/1OroV5uTog>
 - Tired of heroic statues? Make your way to Kostanay, in northern Kazakhstan and find across this statue of a young woman working on her laptop. <https://t.co/6v20wqVn89> <https://t.co/maPZ2bo2dp>
 - New frontiers in anti-Zionism: A Spanish website asks, "Where is Israel?" and then replies: "There is no country with this name. Perhaps you are referring to Palestine." Me: #AntiZionism must be considered a mental disease. There's no other explanation. <https://t.co/Aq0tf6ztUH> <https://t.co/4Fey5Tbb2>
 - This page (stating that "the number of deaths by #COVID19 is not alarming") was taken down - meaning @JohnsHopkins Univ. disavows it? Me: Better to discuss it than to erase it. Whatever the reason, the article can be found at <https://t.co/tJbDgCPG0f>, at <https://t.co/xDLtQNKGuO> <https://t.co/PPCYL6IFMc> <https://t.co/zA4n1bqloO>
 - Goes in the interesting-if-true file, from #OvedLobel of #AIJAC: "Turkey's involvement in the latest #NagornoKarabakh war was an extremely negative development for Israel politically & because Turkey could now ... replicate Israel's most advanced weaponry."<https://t.co/L3DsIsroUX>
 - #GenevieveBriand of @JohnsHopkins University: "The number of deaths by #COVID19 is not alarming. In fact, it has relatively no effect on deaths in the United States. ... deaths due to [other causes] may instead be recategorized as being due to COVID-19." <https://t.co/JLtOhbdUaN>
 - Trump's Georgia lawsuit does not inspire vast confidence. "IN THE UNITED STATES DISTRICT COURT, NORTHERN DISTRICT OF GEORGIA, ATLANTA DIVISION" Two self-evident typos in just the boilerplate? <https://t.co/9VHFfsUjSXi>
 - @NYTimes headline: "Seeking Restart With Biden, Palestinians Eye End to Prisoner Payments." @PalWatch headline: "Palestinian Terrorist Prisoners Will Continue to Receive 'Full Rights'." And which, dear reader, do you think is the more accurate? <https://t.co/NbxOOpJGw0>
 - Turkey's government news agency, @AnadoluAjansi, interviewed me about #Muslims living in France, then (for some reason, I can't imagine why), scuttled my replies. Well, here they are anyway, uncensored by @RTErdogan & Co. Basically, I blame both sides. <https://t.co/3fx9s7rbah>
 - ICYMI: #DavidSchenker addressed the rumor that the USA will recognize #Morocco's control over #WesternSahara in return for Rabat normalizing relations with #Israel. He said that's not "on the table right now," specifically not rejecting a future such deal.<https://t.co/VtGLnRP9rZ>
 - Ignore the fact that the @LockheedMartin senior fellow explaining laser weapons can't count (2020-50=1960?) & this is a fascinating, inspiring & scary account of how those weapons will soon become a battlefield reality. Let's hope only the USA can make them long into the future. <https://t.co/eiCOSHjXU4>
 - #Momentum, the @IDF's new battle plan, focuses on tactical victory through the rapid destruction of enemy capabilities. Me: That's great, now how about a victory plan on the political level too, to convince the #Palestinians that the gig is up & they lost?<https://t.co/QXMQ8fJfEW>
 - @NaveDromi: Israel "had a golden opportunity to ensure there would have been no return to [PA] violence" by achieving victory during Trump's presidency. But it did not, so "the conflict will now return to the exact situation it left off in 2016." Tragic.<https://t.co/ub6Xuol29r>
 - @AIJAC_Update: "Turkey & Iran have close ties & are becoming closer." Note Turkey's "sanctions-busting in support of Iran's nuclear program, facilitation of Hezbollah & Hamas, cooperation against the PKK or blowing the cover of Israeli spies in Iran" True.<https://t.co/11sOV0UTxU> <https://t.co/qDTFqiSmVi>
 - I don't usually read @MiddleEastEye & its transparent apologetics for #Islamism, but this article provides an excellent overview of Turkey's currency dropping from 2 to 8 per USD. Basic point: It resulted from Erdoğan's self-indulgence. A self-goal. The whimsy of absolute power. <https://t.co/bhuUx8hSwU>
 - Important insight from @phtavoillot: The Left-Islamist alliance has 3 major components. - Islam is the religion of the oppressed - The West needs to import an active & revolutionary proletariat - #Islamism is the legitimate response to Western imperialism <https://t.co/Yvgb24Fyv3>
 - Keep an eye on #MansourAbbas, an Arab member of #Israel's parliament. He is breaking with 72 years of stale, negative & self-defeating Arab behavior, replacing it with positive, constituent-oriented policies. The implications are huge for all of Israel. <https://t.co/f9tNnHKDxO>
 - Fascinating to see the U.S. economy in one graph over 124 years: the #DJIA since 1896, on a logarithmic scale. Basic message: Invest for the duration but get nervous when there's a 1920s-style bubble. <https://t.co/8BwdEVPdUF> <https://t.co/5eF2dR9NUh>
 - Stock market boom! What does it mean? My reading: Investors see #COVID19 as the equivalent of an extended ice-storm. It's massive, overwhelming & it temporarily interrupts normal life, causing deaths. But life then resumes as though nothing much happened.<https://t.co/X7t4XdznLj>
 - @EmilyFlake: "No, it's just sheer coincidence that the only country in the world I am obsessed with demonizing, that I spend hours tweeting about & organizing protests against & interrupting their speakers on campus and telling people to boycott, happens to be filled with Jews." <https://t.co/EjO06RbRK7> <https://t.co/chYnK87gge>
 - #CJGlover: 214 Republicans should join with the now-5 Squad members to elect @AOC speaker of the #USHouse. Why? Because it flushes out @TheDemocrats, forcing them to vote for or against socialism. Too clever by half? No, it brilliantly exposes the deceit.<https://t.co/2DvRfPONL9>
 - Conservatives in the USA: 34% Conservatives at @Harvard University: - 1.5% of the faculty. - 7.4% of the class of 2024. Could there be a cause-and-effect connection at work here? Are conservative college applicants discriminated against? Just wondering. <https://t.co/LsQTAzwJle>
 - It's almost funny: 9 anti-Zionist organizations will host a webinar on Dec. 15, "Dismantling Anti-Semitism, Winning Justice: A Panel Discussion," that features a bevy of antisemites & others: Rashida Tlaib, Marc Lamont Hill, Barbara Ransby, Peter Beinart. <https://t.co/9ukp6ln3KP>

- With Trump implicitly acknowledging that Biden won, 2 key questions arise: - Will Trump make a concession speech? (See below for its vast importance for democracy.) - With a reduction in Trump Derangement Syndrome, will Democrats move back to the center? <https://t.co/JXaXj3NlBA>
- Important news hardly anyone noticed: Greece & UAE just signed a defense & foreign policy cooperation agreement that includes a mutual defense assistance clause, should either country's territorial integrity be threatened. (Hi, Turkey.) h/t @Larisaios2. <https://t.co/ZJoZsWK33L>
- @YeniSafak, a pro-Erdoğan rag (and so, not the most reliable source), reports that the Israeli, Egyptian & Sudanese governments are working together to counter #Turkey's presence in the #RedSea. Me: - Interesting if true - Things move fast in the MidEast <https://t.co/PZ7Rz94oFX>
- @AbdBozkurt, an @MEForum writing fellow: Iran's Quds Force reports on #HakanFidan, head of Turkey's MIT intelligence agency, that he "wants to wipe the US & Israel from the face of the earth & he loves [Iran's] revolution." Me: Presumably Erdoğan agrees. <https://t.co/0bKYZbg13m>
- #ErikaJames recently took over the @Wharton School at @Penn. She says she will respect conservatives: "We don't all ... need to agree on everything, but we do need to understand how to engage with and respect the views ... of all of our community members." <https://t.co/7m9B7F57M6> <https://t.co/JDWlyueHs>
- The rector of Farid Hafez's (@ferithafez) university, @UniSalzburg, stated Hafez will face "consequences" for comparing Austria's current steps to protect itself against "radical Islamist tendencies" to the Nazi pogrom of Kristallnacht. Me: I am skeptical of any "consequences." <https://t.co/W1HVWxhukM>
- @WSJ: "It would be healthier if politics & media narratives were shaped less by ... snapshots of quantified opinion. Public figures could make decisions based more on what they think is right. Journalists ... could develop insights ... by actual reporting." <https://t.co/bP2Ye0g1Qf>
- The @FBI's "Uniform Crime Reporting" (#UCR) for 2019 lists religious hate-crimes (below): - Many more crimes are vs Jews than all other religions combined - Anti-Muslim bias is ¼ of anti-Jewish bias Me: Americans should focus primarily on #Judeophobia. <https://t.co/2dyi87Jh7j> <https://t.co/5sxdOpUsTe>
- #HillelFrisch: #Algeria's "first step toward democracy" in the constitutional referendum on Nov. 1 offers hope that Algerians now "desire to normalize relations with Israel," benefiting both countries. Me: Here's hoping that stagnant Algeria does change. <https://t.co/Xzbu75XGFM>
- @AmirTaheri4: Erdoğan's "mini-victory" over Armenia may whet his appetite for further conquest & "may threaten Armenia's very existence" Other potential "infidel" targets include Dagestan, Chechnya, Ingushetia, Charkes-Qarachai, Tatarstan & Bashkortostan. <https://t.co/Zeld2PCPvT>
- ~18K illegal migrants reached Spain's Canary Islands (off the coast of southern Morocco) so far this year, or more than 10 times the number in 2019. Me: - Mediterranean controls are working - The influx will keep increasing until Europe gets truly serious <https://t.co/6acojVg1sQ>
- - #SudeshAmman was jailed on terrorism charges in the UK, then released - Police worried about him, 3 trailed him - Despite this, they could not act in time to stop him from knifing 2 random people on a busy London street Once again, the useless UK police. <https://t.co/ukJgVH4r0X>
- So interesting that Islamist ire came down so hard on @EmmanuelMacron (this tweet calls 9 times for a boycott of French goods) ... but hardly a word against the CCP's genocide in #Xinjiang/#EastTurkestan. Why? China's Xi scares them while Macron does not. "The strong horse" bit. <https://t.co/Z8cO18h1sI>
- Mark down this optimistic prediction by a retired Israeli brigadier general: "Biden & Vice President-elect Kamala Harris are traditional Democrats, with a fundamental commitment to Israel, whose roots are in part emotional in nature (in contrast to Obama)." <https://t.co/FTqolEyk1H>
- @Georgetown's pro-Islamist @BridgelNit outdid itself with a screed by @ferithafez claiming that Austria's government is "heading in a totalitarian direction" & compares it to #Xinjiang? Why? because it proposes "to make political Islam a criminal offense." <https://t.co/CrZ2Q8oaOq>
- #EmilAvdaliani points out that in May 2020, #Azerbaijan for the first time became the #1 supplier of gas to Turkey, replacing Russia. That goes far to explain Ankara's extreme support for Baku in the latter's war with Armenia & why further trouble looms. <https://t.co/72gxRJAKUa>
- @hamed_samad: "#PoliticalIslam, which destroyed the countries of the East and cast them into the darkness of ignorance, fanaticism, and civil & sectarian wars, has infiltrated Europe & is now attempting to impose its laws on the descendants of Voltaire, Immanuel Kant & Mozart." <https://t.co/TAWcR1CgXB>
- 3 out of 4 juvenile delinquents in #Paris are foreigners & the percentage is growing. Adults show a similar trend. As do the provinces. Me: Wondering how horrible things must get for the French people to wake up to this crisis & take steps to address it. <https://t.co/bOX0AUM4hI>
- It's 400 years since the signing of the "#MayflowerCompact," the limited but extraordinary document that served as the basis of Pilgrim political life & served as the distant ancestor of the #USConstitution. It's to be celebrated at this moment of rancor. <https://t.co/10Sfa4vF7Z>
- I called #ShannenRossmiller an "American hero" in 2004 because of her creative, brave & generally outstanding efforts to protect the United States from jihadis. I now mourn her premature death at the age of 50. <https://t.co/pdPh96nmkt>
- #CharlesLipson on Trump's challenge to the Nov. 3 election results: "We've heard enough rumors & conspiracy theories. We've heard enough opening arguments. Now's the time, as they said in those Westerns, to back 'em up or shut 'em up." I strongly agree. <https://t.co/CHKk1JA3Sm>
- Ethiopia update: - Civil war threatens the giant Nile dam (#GERD) militarily & financially - That central government forces apparently bombed the Tekeze Dam from the air has harrowing implications for GERD - @AbiyAhmedAli has gone from peacenik to warlord <https://t.co/hYG316L1HO>
- "Linkage" once meant that Israel got blamed for the problems of the whole #MidEast. Now, Bahrain's FM has reversed that equation & said that his country's cooperation with Israel "will pave the way to a dawn of peace for the entire Middle East." Stunning. <https://t.co/ShHwYolw8Y>
- #Armenia surrendered militarily to #Azerbaijan on Nov. 10, ceding control of the disputed Nagorno-Karabakh enclave located within Azeri territory. #PeterPry: "This was the first time in history that a war has been won almost entirely by unmanned aircraft." <https://t.co/VqxLViDv1L>
- Have you noticed? Violent #jihad has generally moved from the #MidEast, #Islam's central & most dynamic region, to its outskirts, places like Nigeria & Mozambique. This follows a historic pattern of innovations starting in the Middle East, then moving out. <https://t.co/z8vAu2r2Pq>
- "Anti-Zionism is anti-Semitism." It does not simplify, clarify, or truer than that. Thank you, @SecPompeo. <https://t.co/5n2qDqLc8P>
- @RickHasen: Trump's unwillingness to concede the election jeopardizes "whether the American people will keep believing that this is a country that can settle its disagreements peacefully and through a legal process." Me: Character really, really matters. <https://t.co/CmEwCmzmcu>
- An unnamed 41-year-old Jew quoted in the @PhillyInquirer who is about to buy a gun for himself: Jews "had a great run here in the United States. For 200 years we weren't openly targeted as Jews. But it's over, and now it's time for us to arm ourselves." <https://t.co/yOhdMYmbbP>
- Heartwarming news from Indiana's first Palestinian & Muslim state senator, #FadyQaddoura: I "never was, never will be, a member of the BDS movement, never supported it personally. I will not be supportive of any law that ... attacks ... the State of Israel." <https://t.co/Zx5mDHZyR2>

- Two weeks after the U.S. elections: - Trump is focused on Pennsylvania - Biden is focused on Georgia Something tells me the latter is the better idea. The Senate truly is in play and with it the "blue wave." <https://t.co/Bxcrc8ZDs5>
- Want to know the 40 worst-of-the-worst professors of Middle East studies? @CampusWatchMEF has helpfully compiled a "Professors to Avoid" listing. You'll find here the superstars of the Islamist, far-leftist, anti-America, anti-Israel, pro-slavery fringe. <https://t.co/jEVcSX03ND> <https://t.co/GMPfvJnJlq>
- #MeirZamir's research once again inspires a true tale of intrigue & daring-do in the building of Israel. He tells how the Zionists in the 1940s actually had a prime minister of #Syria, #JamilMardam, on their payroll as a spy. You could not make this up. <https://t.co/PeEiQlmlXq> <https://t.co/b7j2tFGjvO>
- I was privileged to receive a #WoodrowWilsonFoundation grant in 1971. I rue that #WoodrowWilson—actually, someone I have little regard for—is being canceled for his racism. "Institute for Citizens & Scholars" is bland to the point of anonymity. It's an all-around bad decision. <https://t.co/vbVjkhKY39> <https://t.co/KJNAsFmQgb>
- Jordan's King Abdullah tells how his father Hussein in 1999 announced a surprise change of plans & for Abdullah (not his uncle) to become the next king: - Abdullah: "Yes sir, but I don't want this" - Hussein: "Well that's one of the reasons I picked you" <https://t.co/RQWzrjbR2E>
- @ZaidJilani offers an explanation for this surprise: "In the 4 years that marked Trump's first term of office, Muslim Americans have not only survived—in many ways, we've thrived. Americans have grown increasingly accepting of Islam & Muslim civic participation has skyrocketed." <https://t.co/tFqzPQtYWN>
- The @WSJ review compared the new #iPhone12ProMax to #BuckinghamPalace and a skating rink. So, I was expecting something suitable huge. In fact, it's only microscopically larger than my ancient #iPhone6Plus (on the right, below). How disappointing. But, otherwise, it's great. <https://t.co/lme8VKgtKC>
- Sensational report in the @NYTimes that Israeli agents killed #AIQaeda's #2, the Egyptian "Abu Muhammad al-Masri," on the streets of Tehran. If true, it shows the extraordinary reach of the US & Israel when operating together. Jihadis of the world, beware. <https://t.co/anhXRgKYo>
- @AndrewCMcCarthy shows that Trump's attempt to turn the election results around are hopeless, requiring too many votes in too many states. It's time for him & his ardent supporters to come to terms with the bitter reality, the more effectively to fight it. <https://t.co/6X6ld41qQD>
- Why did only Muslims systematically use slaves as soldiers? My PhD & 1st book provided an answer. I just posted a 1979 article, "The Strategic Rationale for #MilitarySlavery," answering this question in just 5K words. Short reply: #Sharia demands too much. <https://t.co/RKXgeCLlr4>
- #Sweden's Interior Minister @MikaelDamberg: "One cannot look only at specific terrorist threats but must also look at the environments in which radicalization takes place." This may sound trite but it's a major shift as it points to #Islamist motivations. <https://t.co/HvAMnrg1nD>
- How did Israel fare in elections for the #USHouse 10 days ago? @AhronRShapiro of @AIJAC_Update counted up the critical races & founds the Jewish state emerged "a clear winner" because so many #antiZionist leftists lost their races. Me: That's great news. <https://t.co/ttkdF3leZw>
- Surprise! @Khuldune: "There was an almost 3-fold increase in the number of #Muslim voters who turned out for Trump compared to 2016. This marks a stark contrast to Obama and GW Bush," who lost much of their Muslim support. His bark is worse than his bite? <https://t.co/Y8aL0XX6cK>
- Today marks 50 years since Hafez al-Assad staged a coup d'état & became dictator of #Syria. He ruled 30 years, followed by his son Bashar for 20 years. It's hard to choose which of their reigns has been more calamitous. Suffice to say, both are inhumane monsters. سوريا المسكينة
- @UCLA prof Khaled Abou El Fadl (@Kh_Fadl), the stealth Islamist, yet again sees my evil influence at work, this time on the leaders of 4 countries - France, Egypt, Saudi Arabia & the UAE. Aww, Khaled, such flattery. How can I thank you for promoting me? <https://t.co/x8sFzw6Jlf>
- Strangely, the most savage #jihad operations these days are taking place not in Israel, Armenia, or even France—but in #Mozambique. Up to 50 people were killed during a 3-day rampage that included beheadings & dismemberments. No one is safe from #Islamism. <https://t.co/qa22aUwbLJ>
- @KarlRove: Trump hopes for voting changes in 6 states but his "efforts are unlikely to move a single state from Biden's column, and certainly they're not enough to change the final outcome" of the election. Me: Folks, it's time to get real. Biden won. <https://t.co/yyEtOWFGvC>
- The Italian daily @IlSussidiario interviewed me about the prospects for US domestic & foreign policy. To see if you agree with my opinionated replies, click here for the English translation: <https://t.co/GbT8w2yWfd> <https://t.co/RuRQ9oG1Oy> <https://t.co/Jt2NGTspLz>
- It's inspiring * heartwarming to learn that the key scientists behind the most advanced #COVID19 vaccine are #UğurŞahin & #ÖzlemTüreci, an ethnic Turkish married couple, both raised in Germany. Amusingly, Türeci describes herself as a "Prussian Turk." <https://t.co/OJ311Vpt7h>
- Today marks 400 years since the #Mayflower, after sailing 66 days from England, dropped anchor off Cape Cod in today's Massachusetts. The small ship with its 132 passengers, 37 of them Pilgrims, founded the first settlement, Plymouth, of what eventually became the United States. <https://t.co/yvVb2dtFXp>
- @MRubin1971: "Just as many Israel activists were in denial about Turkey's changes a decade ago, a naïveté which @RTErdogan exploited, ... so too does there now appear to be a growing gap" between the reputation & the actions of Azerbaijan's #IlhamAliyev now. <https://t.co/pc449UxvO4>
- Wonderful & almost surprising news: - The MB took refuge in #SaudiArabia in the 1950s, which became its main home & financier - ~2010 Saudi leaders woke up to the MB being a republican outfit & moved away from it, culminating in this momentous decision <https://t.co/1yKVf3a7Sm>
- Investigate & litigate, yes, by all means. But (I argue in @SpectatorUSA), for the election truly to end & to move on, the country supremely needs the losing candidate to make a concession speech. Otherwise, all Americans go down a dark, perilous spiral. <https://t.co/JXaXj3Nlba>
- "My peace brother"? Such a shame about @Martin_Indyk, a wonderfully talented analyst who became so consumed by the "peace process" that he no longer could distinguish between a true peace brother & a Palestinian rejectionist who devoted his every energy to #Israel's destruction. <https://t.co/MBRE6FSirQ> <https://t.co/7h5acDuz3H>
- @ThePolForum finds 4 responses to the "electoral fraud" allegations: 1 Liberals: That's ridiculous 2 Moderates: Embarrassing 3 Conservatives: Very unlikely but investigate 4 Trumpers: Election was definitely stolen I'm #3 and getting huge flack from #4. <https://t.co/B5FDnT72wu> <https://t.co/8t0fVIXBGS>
- @Paul_Sacca collected videos from several cities - Washington, Madison, Columbus, Philadelphia - of crowds attacking Trump effigies. It's almost amusing that Biden had called for unity. Will he denounce these ugly crowds? Don't count on it. He needs them. <https://t.co/4DgJBuFdOC>
- About a 1K people milled about #PhiladelphiaCityHall this afternoon, centered around a cone-shaped pillow-like item bearing Trump's face. People ritualistically kicked, slammed, and punched it to much applause. It's disturbing because symbolic violence leads to actual violence. <https://t.co/m3o9PrGggl>
- My neighborhood of Philadelphia has erupted spontaneously into a honking, hooting, yelling, waving celebration of Biden's victory. Me? I feel sick to the stomach.

Counting on the Senate. <https://t.co/t5NIA8skMd>

- More good news from the #UAE: a big overhaul of personal laws for expats, reducing the role of the #Sharia in court procedures, alcohol, wills, divorce, suicide, Good Samaritans, sexual harassment, unmarried couples & honor killings Next: For Emiratis too? <https://t.co/04Y0RM4yPV>
- I find it inspiring, reassuring & heart-warming when the loser in a U.S. presidential campaign graciously concedes to the winner. Most of all, this means we live in a democracy where the rule of law prevails. I sure hope this tradition continues in 2020. <https://t.co/Cf6vsQASXJ>
- After 37 days of intense legal wrangling in 2000, @AlGore conceded with magnanimity & vision: "I say to President-elect Bush that what remains a partisan rancor must now be put aside & may God bless his stewardship of this country." Now, try to imagine Trump speaking like that. <https://t.co/DoVSCvIwB9>
- Adding to the depressing prospect of 4 years of @TheDemocrats in the @WhiteHouse, Americans now must endure Trump making outrageous claims that he won & that the election was "stolen" from him. It feels like we're living in an incipient banana republic. <https://t.co/PMz34Ka33o>
- #RuthWisse on the complex issues raised by @GeorgeSoros in relation to Jews: "This is one of the most difficult situations one can be in: when you have a Jewish anti-Jew who is attacked by antisemites." <https://t.co/OYSqLu2YX1>
- Have you tried the new Dutch liquor, #RumiVodka? No, well hurry up because #Islamists object to its being named after the great poet & philosopher—who happened to write in praise of wine (not sure about vodka)—and demand that the entire stock be destroyed. <https://t.co/sgbqD98SBp>
- To be clear, as my prior tweet raised a small storm: - I am fine with Trump pursuing every legal avenue to get his rights. - I am not fine with his claiming "fraud" without basis. That is extremely destructive & dangerous. A president must not engage in loose talk of this sort. <https://t.co/RPFvXaysF7>
- 1800 1824 1876 1960 2000 There have been many disputed presidential elections in the United States. Until now, each losing candidate gracefully accepted his loss because some things—like legitimacy & stability—more important than winning. The time has come for Trump to concede. <https://t.co/wihXF4SKQe>
- #TimStorey on the static state legislature elections in 2020: "It's jaw dropping to me how little change there is. It's almost like trench warfare. There was all this smoke & fire & stuff aimed at each other, and at the end of the day, only inches moved." <https://t.co/Ng3upKTGDx>
- A striking pattern: In the 15 most costly #USSenate races, @TheDemocrats raised more money in 14 but only won in 2 (with 5 still undecided). Me: - Money, apparently, is not the key to electoral success. (@MikeBloomberg would no doubt agree.) - Go ideas. <https://t.co/DKok4KfKBJ> <https://t.co/3EweKzOj0d>
- On your next walk, listen to @Roger_Moorhouse on the German invasion of #Poland in Sep 1939. It will erase the silly notion you might have of Polish cavalry taking on German tanks, replacing it with a real sense of the 5-week war with its great complement of heroism & brutality. <https://t.co/Jn9hoVHwd>
- Seeing how @realDonaldTrump is persistently censored at @Twitter, I suggest he instead move to Parler (@parler_app). Many of his 88.2 million followers would follow him, instantly giving credibility to this fledgling platform. Plus, he would no longer be censored. Just sayin'. <https://t.co/c1Bq0oXtX0>
- #VictorHernándezHuerta: "A disputed presidential election would take the U.S. into uncharted territory." Of 178 presidential elections in 1974-2012, 38 were disputed, setting off violent unrest, constitutional crises & civil wars. Don't go there, Trump. <https://t.co/VMrnAqBIFC>
- News from the #Netherlands: "80% of illegal migrants from #Uganda cite an #LGBT justification when applying for residence permits." Me: - Is this what they call the law of unintended consequences? - Just 80%? - Do ponder the vast implications of this. <https://t.co/FCrxarDyW>
- Wonderful news from #SaudiArabia (how strange to write that): The #kafala (sponsorship) system of indentured servitude will soon end for 2/3 of the 1/3 of the population that is foreign workers. Next, domestics. No more groveling. Open the economy. #GoMbS. <https://t.co/BGJ74KVSzo>
- @ThePolForum: "A Biden caretaker presidency giving way to Kamala Harris ... is a disaster. But with a Senate majority, control of a majority of states, a 6-3 Supreme Court & the [good news] racial & ethnic bifurcation, this loss doesn't sting anywhere near as much as it might." <https://t.co/FqWDSA16ET>
- Sadly, it was not just @TheDemocrats who were delusional about the election results yesterday. Here's @NewtGingrich on Aug. 18: The Biden-Harris ticket be "a repeat of McGovern in 1972." (He won 17 electoral college votes). Accountability is so important. <https://t.co/c5zxMjIhdR>
- Nevada! Who imagined it would be the key battleground state? Unless Trump wins there, and he is microscopically behind with 86% of the vote counted, it's going to be President Biden. It will need a minor miracle. <https://t.co/9e2R6wulFn>
- Thoughts on the US 2020 election: Surprising: - How very little changed from the elections in 2016 & 2018 Wonderful: - No "blue wave" will transform the country Terrible: - Biased MSM coverage - Biased polling predictions - Trump's outrageous 2am statement <https://t.co/dZxO5dl0bb>
- @MaryDejevsky: If Joe Biden wins, "Donald Trump will fold his tent with a degree of dignity, suggest with regret that prophets are rarely respected in their own land & shake the DC dust off his feet as he returns to his Manhattan tower." I agree. His bark is worse than his bite <https://t.co/gClnHvKwYU>
- @JoshShapiroPA is the attorney general of Pennsylvania - i.e., the person ultimately responsible for counting the ballots. His rank partisanship for @TheDemocrats does not inspire confidence that my vote for Trump (I live & vote in Pennsylvania) will be properly tabulated. <https://t.co/CWZfA1Ux38> <https://t.co/aSvn4jHMgb>
- News flash from #CenterCity, Philadelphia: Many of the city's fanciest stores preemptively boarded up ... just in case @JoeBiden wins today's election & thee vicious Republicans go on the rampage, breaking windows & looting. Don't believe me? What about the #TeaParty? Oh, right. <https://t.co/WpPI65q2Pc>
- What happens when a security guard in England's Manchester @AOArena spots someone "dodgy" & "dangerous-looking," but does nothing, out of fear of being branded a "#racist"? 22 people die, 800 are wounded. I draw some sober conclusions from this tragedy. <https://t.co/GgXI8VLSam>
- If you have not seen the 2-hour-plus military parade held in #NorthKorea, complete with the largest missile launcher in human history, goose-stepping troops & masses of adoring #KimJongUn fans, watch the 28-minute version below. Be prepared to be spooked. <https://t.co/95iapMli08>
- @GordonChang at @GatestoneInst: China is now pouring ~\$3bn into the #Bahamas. This makes no economic sense, but unless the US stops it, the #CCP will control a naval base 87 miles east of #PalmBeach. Me: That's like 1962, when the #USSR was in Cuba, 90 miles south of #KeyWest. <https://t.co/MLsrawAPFY>
- Headline: "@UWMadison student gov votes to remove Lincoln statue, a 'remnant' of 'white supremacy.'" Next: Remove #Churchill statues because he was a Nazi? Do students at the Univ. of #Wisconsin learn that Lincoln was a racist? Or are they just ignorant? <https://t.co/buREJlyVgg>
- @Joachim_Kuhs: "As EU Budget Rapporteur 2019, I have been shocked to find out that the far-left & anarchist organizations protesting outside PM @Netanyahu's house are allegedly financed from abroad, mainly by the EU & Germany." Me: I wish I were shocked. <https://t.co/3BfKr59j0o>
- @Nave_Dromi, my colleague at the @MEForum, explains that victory was the IDF's initial goal, then it got enmeshed in the use of force for diplomatic purposes. Now, finally, with "#LethalArrow," it has returned to #IsraelVictory. Bravo to CoS #AvivKochavi. <https://t.co/qSvE2vNwUA>

- 2 Arab-Americans are running for the #USHouse in California's 50th district. @DarrellIssa, R - Lebanese father @ACampaNajjar, D - The IDF killed his grandfather, a PLO leader Amazingly, they are battling over their pro-Israel credentials Only in America.<https://t.co/zTk7IRg080>
- Just 72 years late, the U.S. government has accepted reality and decided today that #Jerusalem actually is in #Israel. Bravo to Pres. Trump & @SecPompeo.
<https://t.co/zB0BNTPY6g>
- #Malaysia's ex-PM Mahathir Mohamad (@chedetofficial) wrote today on his @Facebook page: "Muslims have a right to be angry and to kill millions of French people." But then, apparently, he decided to delete the article. Here it is, in its full abomination: <https://t.co/EUNJaQLPuW> <https://t.co/3NJ4DuWHIH>
- "Money, and even property and land, is arbitrarily taken away from hardworking people to be distributed to [@RTErdogan's] AKP [elite] supporters." @PinarTremblay calls this "reverse Robin Hood economics." Meanwhile, Erdoğan is "isolated ... from reality." <https://t.co/pK836BLMUa>
- Even more remarkably, Muhammad endorses #IsraelVictory: In 1945, Japan & Germany "were defeated & destroyed. ... The enemies of yesterday [now] coexist, trade & cooperate on mutual interests." Exactly: Only a sense of defeat leads to rehabilitation & prosperity. Hello, Israel. <https://t.co/KDzPifQb5N>
- Astonishing news from the UK. I assumed that @JeremyCorbyn was the new face of Great Britain, that its Jewish population would feel increasingly unwelcome in their homes. So, this comes as especially welcome news. And bravo to the @EHRC & @keir_starmer. <https://t.co/MG56knaAGM>
- Did you know that the United States is home to an indigenous form of #Islam? Its origins go back to the mysterious #NobleDrewAli (1879-1929) & the #MSTA. In a classic of detective work, #JacobSDorman figured out his identity & traces his unlikely biography.<https://t.co/QkYaD4FJ50>
- #Macron: France doesn't "believe in a political #Islam that is not compatible with stability & peace in the world." This provoked criticism & boycotts in Muslim-majority countries. Me: Where are Trump, Johnson, Merkel, et al.? Time for Western solidarity.<https://t.co/dSA2w5oF6s>
- #JalalBana: Many #Muslim #Israelis express "growing frustration over their representatives on the national political level, whose positions & activities in the Knesset increasingly reflect leftist, secular-liberal policies that shun their basic values." <https://t.co/OYaDeO61xK>
- @ThePolForum wonders that Biden is almost precisely repeating #HillaryClinton's 2016 mistake of not campaigning during the last two weeks & so "failed to visit swing states like Wisconsin." It concludes that Trump actually just maybe has a chance to win. <https://t.co/GfP63s1GMI> <https://t.co/2d5Nlq6H2B>
- @Israel21C: Goodbye, start-up nation. Hello scale-up nation. Countries with highest number of privately-held companies worth \$1bn with their main operations or headquarters in a country, per million population: 0.81 USA 1.06 Singapore 1.58 Israel Sorry, #BDSers, you're doomed <https://t.co/qylve71hbO>
- @BenWeinthal at @GatestoneInst: The massive gap between #Merkel's rhetoric & actions reveals a largely pro-Iran policy: she "has shifted away from the West and toward #Russia's Vladimir Putin, the Communist Party of #China & the Islamic Republic of #Iran."<https://t.co/KikMzmEyWr>
- Bravo to Turkey's Kurdish party, HDP, for refusing to join the country's 4 other parties (AKP, MHP, CHP, Iyi) in condemning French President #Macron's critical comments about #Islamism as "sick rhetoric" that could cause "destructive conflicts." Go #Kurds.<https://t.co/EbgXawSPoq>
- You don't have to know Turkish to get the gist of this brief "Who Are You?" video for young people put out by Turkey's ruling #AKParty. After a smattering of Islamic & Turkish celebrities, it culminates in a picture of—who else?—@RTErdogan. I.e., you are the Führer & he is you. <https://t.co/tjXXKPS1tM>
- I was skeptical from the first of @EmmanuelMacron's "war" on Islamism. Now #MarthaLee of @Islamist_Watch explains how his government turned over the reforming of Islam to an ... #Islamist organization, the Conseil français du culte musulman (@CfcmOfficiel).<https://t.co/HY2JqN3tJx>
- @RTErdogan is suing @GerrtWildersPVV for this tweet. Me: - Erdo is merrily oblivious to the phenomenon known as the "#StreisandEffect," where bringing legal action makes far better known exactly what you wish to keep hidden - Will Erdo now also sue me? <https://t.co/VmT7gjZxtU> <https://t.co/4jFN7c4L4T>
- Latest from @RTErdogan: 1 "Never give credit to French-labelled goods, don't buy them" 2 Muslims are now "subjected to a lynch campaign similar to that against Jews in Europe before WW II" Me: 1 Good luck 2 Is this Holocaust acknowledgment or denial? <https://t.co/tpfA7NxnX>
- Djibouti? @EhudYaariJLM: "Morocco, Oman, and Qatar are weighing the possible advantages of upgrading their relations [with Israel]—though all three may be overtaken on the bumpy road to Jerusalem by Djibouti." <https://t.co/5iY5sDz3Ak>
- @Stella_Morabito has compiled a chilling list of threats against anyone who in any way supports Trump's reelection. Me: - The United States feels less & less like a mature democracy, more like Turkey - In the 1990s the insane Left appeared defunct; where did all this come from? <https://t.co/7puFz3Si8v>
- @mazalm3: "Direct flights to the UAE & Bahrain are scheduled to begin over the next few weeks, & quite a few Arab-Israelis are expected to be on them. This reality is likely to have a greater impact than any bellicose & shortsighted [political] statement."<https://t.co/hMBurHSnXk>
- ICYMI: 193rd anniversaries don't typically get much attention. That the #Putin government decided to note the Battle of #Navarino this year sends a message to #Erdoğan's Turkey: Don't get your hopes up; Russia's heart remains with Greece. And we like the Europeans more than you. <https://t.co/Wq9A6ORbTV>
- My current favorite article title: "The World is Endorsing Palestine's Disappearance in the Name of 'Peace'." In it, Ramona Wadi (@walzerscent) informs us that "Peace ... is an Israeli conjecture." Hmm, she's right about that, if inadvertently. <https://t.co/WsqDrzX4eQ>
- My Aug. 6 prediction that the #TurkishLira would hit 8-to-the-dollar in late 2020 came true, as the #TRY burst through that benchmark today. - Maybe I am in the wrong business? - Maybe the Turks should ditch @RTErdogan? - Maybe the TRY will still reach 9 to the dollar in 2020? <https://t.co/C1hqpNhJCJ> <https://t.co/U5AwQnWn3A>
- @IDFSpokesperson: The army launched a major military exercise focused on the northern front with the aim to improve offensive capabilities "while implementing the Victory Concept," a reference to the work-plan inspired by @MEForum's #IsraelVictory Project.<https://t.co/bhaynOCKYU>
- Stricken with #COVID19, @ErakatSaeb spurned Palestinian medical care, forsook BDS principles & went to the @Hadassah hospital. @PalWatch commemorates this choice with a collection of Erekat's venom & hypocrisy. Might he learn a lesson from his experience?<https://t.co/efMcQvGPVV>
- @RTErdogan to the U.S. government: "Impose the sanctions [on Turkey] already, whatever they may be." Me to the U.S. government: Let's get started, already. Me to Turks: How much longer will you acquiesce to & be complicit in Erdoğan's malign leadership? <https://t.co/hLDd87UInf>
- Democratic insults for Trump supporters: - Hillary in 2016: "Deplorable" - Biden in 2020: "Chumps" Me: - Not a good way to win elections (or to govern afterwards) - What arrogance - Don't liberals love "the people"? <https://t.co/18Vp9sgAhe>
- @KhaledAbuToameh, one of my favorite journalists, usually keeps his personal opinions out of his reporting. , Today, however, he offers a cri de coeur about the #Palestinian leadership that drags its subjects to extremism, poverty & war. Read it and weep.<https://t.co/NAOKXmRn9>

- @RTErdogan: "What is the problem of this person called Macron with #Muslims & #Islam? Macron needs treatment on a mental level." Me: - The charming Erdo makes more friends & influences more people - #Islamists must bud into what's none of their business <https://t.co/sEAmPDzM3p>
- News report: The EU Parliament voted not to ban the use of meat-related terms (such as "veggie burgers") to vegetable-based products. Me: Glad to hear it has nothing more important - say, Russia, China, Turkey, Syria, Libya, or Venezuela - to worry about. <https://t.co/UfAcCdAfpW0>
- #AramHamparian of the Armenian National Committee of America (@ANCA_DC): "A lot of people have bought a lot of summer homes and fishing boats and put their grandkids through college by lying about Armenia and covering up for Azerbaijan." <https://t.co/EueeKDvVKG>
- Your handy outline on MidEast policy choices in the election: TRUMP: great on Iran (+2) & Israel (+2), poor on Islamism (0), terrible on Turkey (-1). BIDEN: good on Turkey (+1), terrible on Islamism (-1) & Israel (-1), catastrophic on Iran (-2). Totals: - Trump: +3 - Biden: -3 <https://t.co/RgEVjWn7DN>
- It's not just peripheral universities like @SFSU & @UHManoa that are bemoaning would-be murderer #LeilaKhaled's not being able to indoctrinate American students. It's also @NYUniversity, which calls her a "Palestinian liberation advocate" & celebrates her. <https://t.co/cw4CTYW3dq> <https://t.co/8Ytmq5Sa9>
- #AbdulazizSachedina of #GeorgeMasonUniv spoke about "Practical Suggestions from Islam on #ClimateChange" at the American Academy of Religion's meeting in 2019. Me: This talk quite perfectly symbolized the symbiosis of #Islamism & Leftism. <https://t.co/k7cDhK7EAY>
- Breaking news: Sudan has agreed to normalize relations with Israel. Me: - "Yes, yes, yes" has finally replaced 1967's "three no's of Khartoum" - This is a major development, confirming Israel's increased acceptance by Arabic-speaking governments <https://t.co/o7cUleHNKh>
- #HamitBozarslan: "Perpetual conflict is not an undesired state for Turkey's domestic policy, as Erdoğan's regime can't survive without radicalizing itself. As domestic issues become more insoluble, external fronts will become more of a tool for legitimacy." <https://t.co/yZ4YxskOyP>
- @FrankPallone introduced legislation in the #USHouse calling for "international recognition of the Republic of #Artsakh." Me: - Make it part of #Armenia, not a separate country - Make it just the Armenian-majority areas, return the rest to #Azerbaijan <https://t.co/N6BqWcG0un> <https://t.co/sSEaxcB05N>
- The presidential debate: Trump: subdued, failed to show Biden's corruption or the Democrat's radicalism Biden: lies beautifully Kristen Welker (the moderator): intensely irritating w/ her "Let's move on" mantra. Let them argue In all, much better than Debate #1 but still poor <https://t.co/Css4i7TwDw>
- Oh no! A long list of former US ambassadors to Arab & other countries, as well as assorted other Establishmentarians have endorsed Biden for president. Given their immense popular following, Trump must be absolutely miserable. So am I. 😊 <https://t.co/7ohdk81CPS>
- Recommending this @MEForum event to any and all interested in the growing role of #Islamists in American elections. Happily, some Muslim candidates are not Islamists but most of them are. Learn more at 1pm EDT. #Election2020 <https://t.co/2j3BpwOtTc>
- The old days: Communists inhabited a different mental world from me, a mainstream American conservative. The new days: Liberals inhabit a different mental world from me, still a mainstream American conservative. This is a huge & scary shift, with the most profound implications. <https://t.co/3PwkWcN3e2>
- I agree with #ZevChafets that Israel must: - Recognize that Armenians suffered a genocide - Take every possible step to insure that arms it sells to Azerbaijan are only used vs Iran, not Armenia These are not easy steps to take but they are very overdue. <https://t.co/dylmB78Sxd> <https://t.co/mwJYRp2nsZ>
- @BariWeiss: "American #liberalism is under siege. There is a new ideology vying to replace it. No one has yet decided on the name for [this new] force. ... At some point, it will have a formal name. ... Until then, it is up to each of us to see it plainly & explain it to others." <https://t.co/kMZ9xDM2DJ>
- The language police have arrived at @WholeFoods. You may not say "Thanks brother," "Hello ladies," or "Hello sir." There's no punishment for transgression, yet, but that's surely next. No Pumpkin Spice Latte for a month? Or something more serious - \$100, maybe a week in prison? <https://t.co/8xR68U30PS>
- Who says Philadelphia is an insular city? This list of 99 languages from Afrikaans to Zulu comes from the city's Department of Revenue. In other words, you can pay your taxes 99 ways. Even Latin & Yiddish. Well, it's just #GoogleTranslate. But still, I am impressed. <https://t.co/E2alhb41P>
- This is what REAL election interference looks like: false-flag e-mail threats, apparently from Iranian sources, threatening: "You will vote for Trump on Election Day or we will come after you." Anyone out there shocked that the mullahs want Biden to win? <https://t.co/moOWWu4k7n>
- #MalcolmX: "The white liberal is ... the worst enemy to the black man. ... [They] have perfected the art of selling themselves to the Negro as a friend of the Negro. ... - 1. @RTErdogan's Turkey thumbs its nose at @NATO 2. It buys Russia's #S400 missile defense system 3. After many months Turks finally test it 4. @Avia_pro reports that the missile missed its target Oops. - - Oct 2: French Pres. Macron gave a major speech vs #Islamism - Oct 16: A jihadi beheaded #SamuelPaty - Oct 20: Macron promised tough action I am very skeptical: So many #jihadi attacks, so many promises, nothing changes. But could THIS be the turning point? Yes, just possibly. <https://t.co/RDOU26qTNm>
- Former mufti of Jerusalem #EkramaSabri: Foreign Muslims coming with Israel's approval are not welcome at Al-#AqsaMosque. Me: I've heard of Muslims being unwelcome at a mosque for religious reasons but never for political ones. This may be unprecedented in all of Muslim history. <https://t.co/aR5Jne4te1>
- The Office of the General Counsel at @USEdGov has issued a bombshell report under the boring title, "The Institutional Compliance with Section 117 of the Higher Education Act of 1965." - Attention authors: - In the age of paper, you could count on libraries storing your works - No such assurances in the internet age, when publications might in- or advertantly dump your writings Therefore: It's imperative to arrange the posting of your work on enduring websites. <https://t.co/vHLBaJaD1D>
- I just published an article at @GlobeOpinion arguing that it is a mistake to focus too much on the person of a presidential candidate, that voters should instead "focus on a party's overall outlook." Of course, this larger view applies especially to Trump. <https://t.co/WERl1deaPj>
- #YehudaWagman at @MEForum: "There is confusion in the upper ranks of the IDF. It has no concept towards reaching victory but rather sees itself as part of the diplomatic process. Diplomatic processes & reaching understandings are not how you end conflicts." <https://t.co/cpomwj9HYk>
- @PinarTremblay: One subtle repercussion of the Saudi-Turkey rupture: a likely decrease in #hajj & #umra visas for Turks to make the pilgrimage to Mecca & Medina. This both undercuts @RTErdogan's religious legitimacy and hurts the @DiyaretVakfi's finances. <https://t.co/eczs6vR73B>
- 2018 study: - 1/3 of Muslims (basically, those not in Africa) have a birthrate (#TFR) lower than the global average - 41 out of 53 Muslim-majority countries have declining birthrates - Bosnia has by far the lowest birthrate, a catastrophic TFR of just 1.3 <https://t.co/lpLh7Xpi0d>
- #Israel's Knesset has 120 seats. Put aside the anti-Zionist, mostly-Arab Joint List with 15 seats & polls show: 70 seats - Right 35 seats - Left i.e., the Right has governed

- About time: The US Dept of Education (@usedgov) is suing @Yale U for discrimination against whites & Asians. In other words, there is systemic racism, except the victims are not who the Left claims. Only if Trump is re-elected will this case be continued. <https://t.co/rZxiLrmpy3>
 - @AfifAbuMuch: "A significant number of #IsraeliArabs ... support the [UAE] agreement, believing that it will afford them an opportunity to build bridges & establish ties with the Arab world, something that has been denied [to] them until now because of their Israeli citizenship." <https://t.co/ePxmuaHcGl>

<https://t.co/XSzaN7J0wZ>
 - How will the #BDS fanatics explain that, when in search of life-saving medical attention to treat his #Covid19, PLO leader @ErekatSaeb went to a hospital in "occupied Palestine"? Slightly undercuts the grand boycott. (So does their use of smartphones, but that's another matter.) <https://t.co/TlwuX3Ap6i> <https://t.co/kw5byKBqKv>
 - Thanks in large part to help from Ankara, @ErsinTatar defeated @MustafaAkinci_1 to become the new "president" of the Turkish breakaway polity on #Cyprus. Me: - @RTERdogan intervened & prevailed - Look for more tensions with the (Greek) Republic of Cyprus <https://t.co/LGKo37gZF2>
 - Yet again, @ErekatSaeb turned to #Israel's medical services, this time for #COVID19. It's a little ironic, as he has accused Israelis of "spitting on Palestinian cars & property to transfer the Corona disease." This proves he was self-consciously lying. <https://t.co/KUNSUOHSQO> <https://t.co/0DeDiWhde0>
 - The #MeK, a reliable source on the Iranian regime's nuclear shenanigans, has just revealed, complete with aerial photographs, yet 2 more hidden bomb-making facilities, near Tehran & near Abadeh. Conclusions: - The regime cheated all along - It's another reason to scrap the JCPOA <https://t.co/P4OUy02QJe>
 - #EmilAvdaliani: Goodbye #BRICS, hello #QUAD. QUAD? That's the "Quadrilateral Security Dialogue," a budding anti-China alliance of Australia, India, Japan & New Zealand. It effectively obstructs the prospect of a Russia-China condominium in Asia. Go QUAD. <https://t.co/mPBDESgiV8>
 - This is the best analysis I have read about the convoluted #NagornoKarabakh conflict & its many implications for the neighbors. @AmirTaheri4 shows how #Stalin & @RTERdogan are the main culprits. P.S., Did you know #SergeyLavrov ditched his birth Armenian name, Serge Kalantarian? <https://t.co/aXnldpJaYm>
 - Responding to "reports of a possible test of the #S400 air defense system by Turkey," the DoD "strongly condemns the test." Me: It's important to send a loud, clear, strong & consistent message to @RTERdogan that #Turkey is no longer viewed as a U.S. ally. <https://t.co/sslZM84exn>
 - To those Egyptians upset over @GalGadot, an Israeli, being cast as #Cleopatra in a forthcoming movie, #Egypt's leading critic, Tareq el-Shinnawi retorts: "Instead of complaining, ... Egyptian filmmakers should produce their own version of the film." Indeed. <https://t.co/NI0S3gM3rZ>
 - Is the UK finally waking to the threat of @RTERdogan's Turkey? Apparently so. It just announced "the largest-ever deployment of Royal Navy ships to #Cyprus & the first-time UK & Cypriot forces will train together on Cypriot soil." Good move, @BorisJohnson. <https://t.co/D7r7iJJqhn>
 - @TheTimes headline: "China bans haj for Muslims who fail patriotism test." But that's not even the worst: The #CCP also issued "a GPS tracker to about 3K [#hajj] participants, which provided 24-hour monitoring of their location & movements." Totalitarian. <https://t.co/OcEqIMPqET>
 - Benjamin @Netanyahu, yesterday: "They say peace is made with enemies. False. Peace is made with those who have stopped being enemies." @DanielPipes, 2009: "One cannot 'make peace with one's enemy,' as [PM Yitzhak Rabin] imagined. Rather, one makes peace with one's former enemy." <https://t.co/ETNj8Tiww9>
 - #FromTheArchive: Calling all #conspiracytheorists. In case you're wondering, here's documentation that #DavidRockefeller himself, the ultimate globalist & pillar of the Establishment, welcomed me to membership in the Council on Foreign Relations. Just think of the implications. <https://t.co/pxQUUy8AqR>
 - Look: The European "#Quint" (DE, UK, FR, IT, ES) has raised the despised #UNSC2334 from the dead. "We call for the full implementation of UN Security Council resolution 2334 with all its provisions." "Insanity is doing the same thing over & over again ..." <https://t.co/w2ev67H5mE>
 - @SecPompeo has chosen sides: "We're hopeful that the Armenians will be able to defend against what the #Azerbaijanis are doing." I agree. It's a complicated situation: I support Baku vs #Iran but oppose Baku vs #Armenia. Easy to say, harder to implement. <https://t.co/ECwhHr9FGo>
 - My, my, the @NYTimes finds a catastrophic decision here and a tragic one there. One might think the United States is Haiti or Yemen. <https://t.co/m5WLSvjrc>
 - @Najat_AISaeed: "The Obama administration saw the #Islamists as moderates, while the Gulf states see them as terrorists. This is a complete, vast difference of opinion." That's one reason why she is voting for Trump. <https://t.co/cDpoPVzZg2>

 - Yes, you still find only Biden signs in my Philadelphia neighborhood. But that also means that Biden signs are the only ones trampled on. Normal wear & tear or a sign of dissidence by the oppressed masses? I don't know. <https://t.co/vttrxe3118> <https://t.co/jBeNGVt526>
 - The Azerbaijan-Armenia fighting is very complex, involving many actors & ironies. Here is one angle I had not thought of: @ProfBShaffer: "Israel's close cooperation with Azerbaijan seems to be building appreciation domestically in Iran itself for Israel." <https://t.co/aEvblQmSPf>
 - Illegal migrants reach Europe lots of ways - dinghy, stowaway, even hijacking. But this must be a first: A family of 4 fled Iraq because of a threat of FGM for both mother (44) & daughter (7). They arrived Munich by ... business jet. The onslaught goes on. <https://t.co/vD1wZKUIFs>
 - @TheNatlInterest on the Azerbaijan-Armenia conflict: "If full-scale war resumes, #Ankara & its ally Baku may ultimately end up losing the most. ... Turkey is already experiencing imperial overreach—fighting too many wars simultaneously on too many fronts." <https://t.co/E6EmcztY6c>
 - #PalestinianAuthority "PM" #MohammadShtayyeh: "God help us ... if there are 4 more years of Trump. Trump has wasted 4 years of everyone's time ... The US is just too biased." Me: - Good to know the PA endorses Biden - That's not exactly shocking news, is it? <https://t.co/eu826KLHP7>
 - A mini-reflection on "#WokeCapitalism": #KarlMarx saw capitalism as the enemy, as did 1960s & the other radicals. But today's socialists are much canner. Instead of fighting #capitalism, a doomed undertaking, they seek - with considerable success - to harness it to their aims. <https://t.co/nGZX2AYGu2>
 - @CAIRnational: If you are pro-Israel, you are a "#Zionazi." But @KamalaHarris has offered CAIR her "gratitude & admiration," partnered with it, hosted it & took \$1,750 of its money. So, if you care for Israel's security & welfare, do not vote for Harris. <https://t.co/5onKWzoCil>

- Le pauvre @TariqRamadan est tellement désespéré qu'il fait connaître au monde entier mon tweet le décrivant comme "un menteur" et "un hypocrite de l'espèce la plus grotesque et repoussante." Non, rien à ajouter. <https://t.co/xspZgYMzkg>
- @EmgageAction's report suggests some #Islamists appreciate the kafir USA a wee bit: @USCMO's "very troubling" expelling of EA were done "with pernicious foreign-based attacks that reflect the back-home politics...we thought Muslims in America left behind." <https://t.co/tyZqhTTLeh> <https://t.co/kUm2t2PPFI>
- #YacineMebarki, 52 & a member of #Hirak, was sentenced to 10 years in prison & fined \$77K for inciting atheism, insulting Islam & undermining national unity. Why? The police found 1 page missing in a Koran from his grandfather. Me: Well, that's a new one. <https://t.co/ZlqSveP763>
- #TheodoreDalrymple on the @TariqRamadan case: TR is a "liar" & a "hypocrite of the most grotesque & repellent kind." But, thanks to his maltreatment "by the French criminal justice system, he has a chance to rehabilitate himself as a victim." Précisément. <https://t.co/ENK4lyCdgS>
- @ElianaYJohnson at @FreeBeacon: @SecPompeo today will demand that think tanks wanting to deal with the @StateDept make public their funding from foreign gov'ts. Me: - A great idea - @MEForum will quickly do so - For context, see my blog on this topic: <https://t.co/MmlwUREygs> <https://t.co/7pUbCvLnQi>
- - Israel's NGO authority: The EU gave €110mn to terror-related groups in Israel since 2012 - @NGOMonitor: And individual European governments give them €100mn each year. Good old Europe, which just can't seem to leave Jews alone, even after they're gone. <https://t.co/AnRuf75CjI> <https://t.co/4eLd6dEUPx>
- Turks helping the Azerbaijani regime make war on Armenia is like Germans helping the Iranian regime make war on Israel. I was about to say that's unthinkable, until I recalled until Trump pressured Merkel, Germany was about Iran's largest trading partner. <https://t.co/M2fwyGTBuj> <https://t.co/QEjVDjrOdj>
- In an interview, I reply to a number of provocative questions centered on #Islamism, including Turkey, Iran, and immigration to the West, with a bit on Russia thrown in. There's sure a lot going on. <https://t.co/8rvTyY1J1r>
- #ArnaudBeltrame voluntarily gave himself over as a hostage in 2018 & was murdered by an #ISIS #jihadi. France honored him in many ways, including a garden in Paris. Very touching. Except for the bottom line: "A victim of his heroism." Frankly, can you imagine anything stupider? <https://t.co/YEMsUeUv0c>
- @KhaledAbuToameh at @GatestoneInst: In his scathing interview about the #Palestinian leadership, Saudi #PrinceBandar spoke for many Arabs. Me: Bandar's statement may be a game-changer in the Sunni Arab states' approach to the Palestinian-Israeli conflict. <https://t.co/irop9HrjK3>
- Iranian officials disagree whether US sanctions strengthen or weaken the country. What explains this contradiction? @AmirTaheri4: Easy. "Strengthen": When addressing US Democrats "Weaken": When addressing Iranians Me: It's very clear which is the truth. <https://t.co/7VFX7TYRAT>
- @ArabYouthSurvey: There's a huge difference in attitudes toward #Islam as a primary identity among 18-24 year-olds in Arabic-speaking countries, ranging from 72% in #Algeria to 8% in the #UAE. Me: This is a close a map to the MidEast's future as exists. <https://t.co/5D4VtEP6t4> <https://t.co/g5s15GUv08>
- Oil & gas revenues in the MENA region (source: #IMF). 2012: US\$1 tn 2019: \$575 bn 2020: \$300 bn Me: - Short term, the region faces serious disruption - Little wonder there's an openness to new thinking - I dream of the day revenues go to \$0 bn & there's a new & better MidEast <https://t.co/yQRAA0qedC>
- @MustafaAkinci_1, president of Turkish Cyprus' self-styled republic: "the one who governs #Turkey" sent him a message "that it would be good for my family & loved ones if I didn't run in the elections." Me: @RTErdogan is again using mafia-style tactics. <https://t.co/zqNcGjGLCG>
- In my neighborhood of #Philadelphia, yard signs give the impression of a one-party state. Biden signs everywhere, not a single Trump sign. And, yes, there is intimidation: anyone who dared put up a Trump sign will find it torn down-or worse. See the link. <https://t.co/szCsMJtyZ3> <https://t.co/86ryVgZD1j>
- #MiddleEastStudies: Former Iranian political prisoners & human rights activists wrote @OberlinCollege's President @CTAmbar, demanding she fire Presidential Scholar in Islamic Studies Mohammad Jafar Mahallati for his alleged role in crimes against humanity. <https://t.co/LURKCiZX8p>
- 15K Americans, including me, signed the Philadelphia Statement (@phillystatement). I urge you to do so as well. "STAND UP FOR FREE SPEECH. Our public discourse is being undermined by cancel culture & ideological blacklisting. Your voice can change that." <https://t.co/5YjEKizO16>
- Perhaps the most striking aspect of the #Azerbaijan-#Armenia conflict: Only the governments of Turkey & Azerbaijan want it - but not those of China, Russia, Iran, Armenia, Georgia, Israel, or in the West. Such a wide consensus should make it possible to stop further escalation. <https://t.co/qySmbQIMTY>
- Good news: @Jonathan_Spyer just received a visa to enter United States. Welcome, Jonathan. Even better news? If @ErakatSaeb were to have his visa rescinded. Or at least, for @Harvard's @BelferCenter to terminate his disgraceful teaching position. <https://t.co/9gtionCjq0> <https://t.co/KIKK9sB1WE>
- A great, great book you won't want to miss: "Breaking Broken English: Black-Arab Literary Solidarities and the Politics of Language." The blurb informs us that the author "defly analyzes Arab American work with Black Studies as a critical lens." Indeed. <https://t.co/SrluWj17c4> <https://t.co/YcCEDkmWDB>
- ICYM! - If women talk during sex, the child will develop a stutter - Wife beating is recommended when a woman refuses to wear makeup for her husband These tidbits derive from a book, "Marriage & Family Life," that Turkey's #AKP gov't distributes gratis. <https://t.co/i68HEeifHS>
- @Netanyahu's WB annexation move was strategically terribly but tactically brilliant. Count its benefits so far: - UAE recognizes Israel in return for dropping annexation - Saudi leaders are furious with #MahmoudAbbas - EU states stop their funding the PA <https://t.co/Hfs1VRwzCP>
- Yemen's civil war involves a dizzying number of actors with an even more dizzying range of relations, from allies to adversaries. Elana DeLozier (@ElanaGulf) has helpfully combined 12 actors & 66 relationships into a "Yemen Matrix" to make sense of it all. <https://t.co/HWAIU9vbTk>
- Where does #IsraelVictory stand in this era of Arab-Israeli peacemaking? Slightly diminished, but not by much. Sunni Arab states have changed but not the rest of the Palestinian support system. Israel Victory offers the only path to end Pal'n rejectionism. <https://t.co/wilbVB458D>
- Trump, 74, and Biden, 77, are but spring chickens compared to Kuwait's rulers: - Emir Sabah, 91, just died - Emir Nawaf, 83, succeeded him - Meshal, 80, is the new crown prince. Me: I believe in experience, but this is going just a bit too far. Patiently wait your turn, kids. <https://t.co/aEnn2Lh9Ub>
- @Bloomberg reports a stunning statement from #VladimirPutin: He sees grounds for cooperation with a #Biden administration because "the values of the Democrats are similar to those of the Soviet Communist Party, of which he'd been a member for 18 years." <https://t.co/WZf6RbOkho>
- So openly extreme an #antiZionist has #MahmoudAbbas become that the Iran's openly eliminationist proxy, #PalestinianIslamicJihad, now wants to join his PLO. Me: As the years pass, the #OsloAccords look more & more to be a joke, failure, idiocy & disaster. <https://t.co/2lTxqntoeK>
- Polls in Israel suggest something remarkable. @NaftaliBennett a year ago lacked the votes to enter Israel's parliament. Today, his #Yamina party wins 23 seats vs Likud's 26. If the trend continues, Bennett - a religious true conservative - could soon lead. <https://t.co/k2p2ZpZiua>
- The Middle East Studies Association (@MESA_1966) sponsored a study, "Teaching #BDS to Undergraduates," that is the topic of a session at its annual meeting,

- currently underway. "How low will they go," I keep asking myself. So far, they always go yet lower.<https://t.co/BC7pozC6TS> <https://t.co/EOjcEczeln>
- ICYMI: After 652 days without a government, #Belgium finally has one, made up of 7 political parties. Basically, it took so long to cobble this together because the main purpose is to keep the #civilizationists, here #VlaamsBelang (@vlbelang) out of power.<https://t.co/emolSO5Myd>
 - The "#ChicagoPrinciples" enunciated by @UChicago in 2014 bravely stood up for freedom of speech at a time when most universities tamped down dissent. How disappointing now to find @ChicagoBooth (its business school) parroting the far-Left's "privilege" nonsense. Marxism indeed. <https://t.co/ZXp2rfwBmr>
 - @AlbertoMiguelF5 elegantly & definitively exposes @MichelAoun as a disaster for all Lebanese, but especially the Christians whom he claims to represent. Worst of his many errors is his alliance with #Hezbollah since 2006, much helping Iranian ambitions. <https://t.co/NbUOI5dfHh>
 - Bandar bin Sultan, a very senior #Saudi prince, gave the Palestinian leadership, both the PA & Hamas, a piece of his mind in a scathing interview. In what may be a all-time first for an Arab leader, he denounced Amin al-Husseini for allying with the Nazis.<https://t.co/iRpCkYFCOG>
 - Do read #HusseinAboubakr's spectacular article in @Commentary on how #AbuDhabi's brave move to recognize Israel could change the whole MidEast. Also, read the author's striking passage (below) about the meaning of "Palestine" to him growing up in Egypt. <https://t.co/QZJD1gaK0M> <https://t.co/5UgZliHbut>
 - Interesting statement along Israel Victory lines by a former #Kuwait minister: "The victory of the #Palestinian cause means defeat of the Palestinian leaders, because they only care to keep the 'cause' intact." I.e., Palestinians win when their leaders lose.<https://t.co/DRzNmhDbMq>
 - Unconfirmed reports: Turkey has activated its Russian-made S-400 air systems. Me: If this is true, it's the final nail in the coffin of #Turkey's Western orientation. How long will it take until @NATO members vote (it must be unanimous) to expel it from that military alliance? <https://t.co/B6wYKpGuuw>
 - @Gallup: Just 10% of Republicans trust the MSM. Daniel Greenfield (@Sultanknish): For conservatives, "When you listen to the [mainstream] media, it's like you're vacationing in France and watching the local news. The media's content isn't meant for you." <https://t.co/WERUm5BwTG>
 - Dick & I became friendly in the Reagan @StateDept. He stayed active to the very end; his final note to me on Sep. 17 included the text of a webinar he had delivered for @EMET4u the day before. He devoted his life to the very most important & righteous of causes. I will miss him. <https://t.co/75389HcpTZ>
 - John @ZogbyStrategies' poll today on the Jewish vote vs 55% Biden, Trump 43%. (Overall, Biden leads 49-47.) But then check the fine print: the total sample is 28 people. I doubt this is the long-awaited Republican breakthrough moment among Jewish voters. <https://t.co/agyDe7GPAQ> <https://t.co/fChRuF1cmf>
 - Is the UK finally serious about stopping illegal migrants? A leaked government report suggests so: "Trials are currently under way to test a 'blockade' tactic in the Channel ... whereby migrant boats would be physically prevented ... from entering UK waters"<https://t.co/nwzrCDVF8l>
 - Quite a statement today from @EmmanuelMacron: "The problem is Islamist separatism." It "deviates from the values of the Republic & often results in creating a counter-society." The solution? "Anything contrary to secularism & equality will be prohibited."<https://t.co/MFzSYUvgjk>
 - @RTErdogan: Jerusalem "is where Turks had to leave in tears during WW I & traces of Ottoman resistance still remain there. So #Jerusalem is our city." Hmm, so any city Ottomans lost in fighting is Turkey's; like Budapest, Athens, Baghdad, Cairo & Algiers?<https://t.co/RE6vliVf4S>
 - Famed Belgian detective #HerculePoirot was born 100 years ago this month, not in a hospital but in #AgathaChristie's novel "The Mysterious Affair at Styles." And even if his birth was irregular, he did earn a deserved front-page @NYTimes obituary upon his death on Aug. 6, 1975. <https://t.co/hfSDx6WKwC>
 - 2 October 1919 - US President #WoodrowWilson permanently incapacitated by a stroke 2 October 2020 - US President #DonaldTrump tests positive for #COVID19 <https://t.co/NaT6KskGLn>
 - News: Lebanon & Israel, although in a state of war, have agreed to US-mediated talks to end their dispute over land & maritime borders. Reactions: - Bravo, @StateDept - It's win-win for Lebanon & Israel - Another step toward Israel's regional acceptance <https://t.co/zfoEhVJuAK>
 - These Dining Room Rules are from @BBNSchool in Sep. 1958 (when it was just B&N and only for boys). I was in the 4th grade. The strictness ("A double bell means absolute silence") would presumably leave students today aghast & amazed. <https://t.co/QHhmKajPZm>
 - The UK government is exploring the idea of building an asylum processing center for migrants on #AscensionIsland, >4,000 miles from the UK in the south Atlantic. Me: Unending illegal migration is prompting some rather 'interesting' ideas, like this one. <https://t.co/EmAI1SNfOL>
 - Want to enjoy some fun at the Islamists' expense? #LenGetz recounts in a 4-minute video how the @MEForum's Counter-Islamist Grid disrupted the annual lobby day on Capitol Hill sponsored by "American Muslims for Palestine" (@AMPalestine), a Hamas offshoot. <https://t.co/cKZqq32xeX>
 - Headline: #AmyBarrett "represented controversial Iranian group." That would be the Mujahideen-e Khalq. My opinion: Good for her. - MeK was not a terrorist group at the time of designation or now, probably it never was - It is an important ally vs Tehran <https://t.co/oYIGlvLn62>
 - Like everyone else, Trump's aggressive, boorish, disruptive comments in the debate with Biden dismayed me. But I still will vote for him. Because: - We already knew his character faults - His conservative policies matter more - Biden et al will implement a radical leftist agenda <https://t.co/CVbRTRZSw5>
 - @GeorgeWill: "For the sake of the country, cancel the remaining debates." Me: Go through with the debates but give the moderator a button to cut the mics. When the candidates interrupt and otherwise break the rules, let their mouths flap soundlessly. <https://t.co/vNROwqcAdh> <https://t.co/Ysqvtcw6fq>
 - A Turkish author, #MehmetBabacan, reveals in the journal @UPAkademisi the existence of an "Orientalist movement" & he exposes Samuel Huntington, Elie Kedourie & myself as part of it. Sadly, the other two being deceased, I must run all operations on my own.<https://t.co/ljwKOqMlal> <https://t.co/jghi6FEunf>
 - #Jordan has had a peace treaty with #Israel since 1994, but you'd be excused for disbelieving that. For example, in a listing of countries' #COVID19 status, @RoyaNews lists the neighbor to the west as the "Occupation Entity" (كيان الاحتلال). Hey, guys: it's time to get serious. <https://t.co/1gIKNUm89l>
 - Meir Y. Soloveichik's "1620 Project" muses on the 400th anniversary of the Mayflower leaving England with ~100 Pilgrims, their Hebraism, their engagement with Judaism & "the seed of the Hebrew Bible they planted" that "would flourish with American freedom."<https://t.co/osNmflpRsn>
 - Reflections on the Trump-Biden debate this evening. It's: - A national embarrassment - Vulgar, unpleasant, dull, boring - Like 2 ten-year-olds brawling - How low will our debased public discourse go? Oh, for the UK Parliament's #QuestionTime, with its decorum, elegance & wit. <https://t.co/WASIS3VJJSF>
 - I review (in @WSJopinion) #JacobDorman's book on the origins of African-American Islam. He solves the mystery of #NobleDrewAli's identity & then explains how Islam went from a fun identity (think the @Shriners), to a serious one (think the #NationOfIslam).<https://t.co/q9u86usToL>
 - #UAE's FM gets scathing about Erdo's Turkey: "The tensions in Yemen, Syria, Libya, Iraq & other states are all related to blatant interference in Arab affairs made by states ... that have historical delusions of restoring their domination & colonial rule."<https://t.co/jxx6TjDFrJ>

- Middle East studies flourishes more than ever in the person of @AbdulahdiRabab, the director of @SFSU's Arab & Muslim Ethnicities & Diasporas Studies: "We really idolize somebody like #LeilaKhaled, somebody who ... actually goes to a plane & hijacks it." <https://t.co/F380GMpjPY>
- After seven months of not stepping onto a public airplane, train, ship, or bus, I braved it today and took an @Amtrak train. The tickets are about half price and the cars about 20% full - or 80% empty. It's bad for business but good for travelers. <https://t.co/2glaA7Lf95>
- Beautiful: "In honor of the hope-inspiring peace agreement, Israeli orchestra Firqat Alnoor (فرقة النور)... created this clip as a tribute to the United Arab Emirates." The song, "I Love You, احبك , انايحب", is by Emirati musician @7sainaljassmi.<https://t.co/5zkNKyStae>
- China's dictator, #XiJingping, on oppressing the #Uyghurs: "#Xinjiang is enjoying a favorable setting of social stability with the people living in peace & contentment ... our national minority work has been a success." #CCP strategy is "totally correct." <https://t.co/blsEXzADy>
- Heard of the "Palace of the Soviets," the 100-story Moscow building with a giant #Lenin status on top, planned by #Stalin in the 1930s but never built due to the Nazi invasion? It would have been the tallest & ugliest structure in the world, a true testament to #totalitarianism. <https://t.co/3cnR94geL0>
- The great & brave #YuriOrlov died two days ago, age 96. A nuclear physicist, he took on the giant totalitarian apparatus of the #SovietUnion & had a key role in its collapse. Read #NatanSharansky's moving first-hand testimonial in today's @TimesOfIsrael. <https://t.co/1yZMzejYMy>
- In one year, Turkey's government probed 36,066 Turks for "insulting" @RTErdogan, tried 12,298 of them & sentenced 3,381. Before Erdoğan, the highest number of people sentenced for "insulting" a president was 44, 1% as many. Me: E is a #ThinSkinnedDictator.<https://t.co/4s5PJJEVT8K>
- I am sad - but not surprised - to see that my alma mater, @Harvard, ranks #50 out of 55 in a rigorous test of free speech at American colleges, as seen by conservatives. Why not surprised? Because it was already very bad when I was a student 50 years ago. <https://t.co/4taPjkWsCC> <https://t.co/2hc2Abo5ca>
- In this article about the Greek navy pushing illegal migrants back to Turkey's waters, the @Guardian highlights the quote about a "catastrophe for human rights." But far more significant is the migrant who states "I am losing hope." I.e., he got the message. <https://t.co/25MET7uOhY> <https://t.co/VsD6Me1ApJ>
- In 1978, #EdwardSaid turned the respectable scholarly inquiry of Orientalism into a disreputable handmaiden of Western imperialism. How curious, then, that a prominent & extant Cairo emporium is called "Maktabat al-Mustashriq," the Orientalist Bookstore. I patronized it in 1972. <https://t.co/smsh4OFb7i>
- Wonderful news you may have missed: the new Algerian constitution states that "#Tamazight [i.e., #Berber] is a national & official language" and the governmental will develop & structure" it. Me: This is a major leap forward for human rights in #Algeria. <https://t.co/6VurO9BJO1>
- Those noted humanitarians & Iranian allies, #Yemen's #Houthis, are preventing access to the #FSSoSafer ship as it decays in the water. If it leaks, it will do huge environmental damage & also close the port of #Hodeidah, with terrible economic implications.<https://t.co/Ciil4shP6a>
- Today marks 50 years since Gamal Abdel #Nasser died. I commemorate this event with an assessment of his 18-year rule with a @WashTimesOpEd. My view? His delusional tyranny brought "disaster to #Egypt in the form of political, economic & cultural decline." <https://t.co/BT4MVriOQ5>
- Australian Strategic Policy Institute (#ASPI): China's #CCP has completely demolished ~8,500 mosques in #Xinjiang since 2017, more than 1/3 of the region's mosques. Me: - And hardly a peep from Muslim leaders around the world - For shame - Such hypocrisy <https://t.co/qmAHhmZnEt>
- @JoeBiden about Trump: "He's sort of like Goebbels. You say the lie long enough, keep repeating it, repeating it, repeating it, it becomes common knowledge." Me: - Outrageous, disgusting - Shows Biden is desperate - It should be quite a debate on Tuesday <https://t.co/geNjglF7az>
- Another Arab state speaks up against @RTErdogan's aggression, this time #Syria's FM: "the Turkish regime reigns supreme" when it comes "to sponsors & financiers of terrorism." Plus, the "rogue & outlaw regime" threatens the MidEast's "security & stability."<https://t.co/hFmkugljdr>
- All these years after the 2015 massacre, the staff of @Charlie_Hebdo_ magazine in Paris require the protection of 85 police officers. Me: It's always the case that #jihadis roam freely & their would-be victims live in fear. Time to reverse that absurdity. <https://t.co/kTmW3oDWHk>
- @MEForum writing fellow Abdullah Bozkurt (@abdbozkurt), an exiled Turkish journalist, was assaulted in a Stockholm suburb by 3 unknown assailants. Is this, I wonder, the thin-skinned tyrant @RTErdogan sending him & MEF a message? We stand with Abdullah. <https://t.co/0B3yOhtumU>
- Thought-provoking article by #DanielLieberman on why with age one needs to exercise: that's the role grandparents have in helping to raise the next generation. "The Fountain of Youth runs with sweat. That sweat, moreover, needs to keep flowing as we age." <https://t.co/ZqkTZtehgp>
- Those noted humanitarians & Iranian allies, #Yemen's #Houthis, are preventing access to the #FSSoSafer ship as it decays in the water. If it leaks, it will do huge environmental damage & also close the port of #Hodeidah, with terrible economic implications.<https://t.co/Ciil4shP6a>
- @BeilinYossi today published an open letter to #MahmoudAbbas, his 1995 partner in the "Beilin-Abu Mazen Agreement," pleading with him to end his rant against the Arab states & the United States, and instead to "make peace." Me: - Sad - Useful - Hopeless <https://t.co/Av1tARRrsu>
- Lots of Americans see #Islamists as snakes entering their garden. But Islamists are so settled in the US by now that some went nativist & portray #Hindu immigrants as snakes entering their garden. For example, see this post by @ShaikUbaid of @ASPAIREUSA: <https://t.co/m4WqlEyzOg> <https://t.co/ibvPbUV96c>
- Startling headline: "#Dubai soccer team signs Israeli midfielder." Granted, it's #DiaSaba (ضياء سبع), an Arab Israeli. But still, nothing like this has happened during 26 years of #Israel's peace treaty with Jordan nor the 41 years with Egypt. #WarmPeace.<https://t.co/2JsFO9uc9W>
- #PhilipJenkins: "High-fertility societies ... tend to be fervent, devout & religiously enthusiastic. Conversely, the lower the fertility rate, ... the greater the tendency to detach from organized ... religion." Me: This profound truth has huge implications. <https://t.co/8NwxTHLpNd>
- News item: A group of Saudi subjects (note, that's subjects, not citizens) living abroad, have taken the first step to challenge their country's absolute monarchy. Me: - About time - But it needs to go slowly; democratization entails much more than voting <https://t.co/WTMogxTTAs>
- Should @JoeBiden be elected president, the Palestinian-Israeli "#peaceprocess," with the hoary & forlorn goal of pleasing the Palestinian leadership, returns with a vengeance. Those nasty "peace processors" who have failed for up to 4 decades will be back to scare the children. <https://t.co/uAVMyzvBtv>
- The brave & brilliant #RuthWisse asks about #Holocaust education, "How did teaching about hate to prevent hate become an American priority?" Her shocking but too-true answer: "Holocaust education ... fit anti-Zionism like the protective sheath of a sword." <https://t.co/xrgjFlhuFr> <https://t.co/mXfkniog0z>
- #LynnMahoney, president of @SFSU, doubled down on hosting #LeilaKhaled, an unrepentant criminal in a class. Her statement needs to be read to be believed. One taste: Zoom canceling Khaled is "deeply wounding" to some at SFSU, who "feel themselves silenced."<https://t.co/N63uiBg8UL> <https://t.co/qZZirEfwEN>
- "The fame of Egyptian #cotton is much like that of Italian olive oil or French wine, where provenance has become a shortcut for quality. ... Cotton is the only commodity for

- which the adjective '#Egyptian' adds grandeur, the way 'German' does for cars." <https://t.co/Y9baP3M41g>
- So, this is the state of affairs today: - @ErakatSaeb, inciter & apologist for jihad (aka terrorism), waltzes into the US to teach at @Harvard's @BelferCenter - @Jonathan_Spyer, anti-jihadi stalwart, is refused a US visa & cannot teach Army Special Forces Something wrong here? <https://t.co/TCARjqXMTt>
 - Interesting: @Google's #Ngram measures how often a word or phrase has appeared in English-language books since 1885. #Christianity was once far more in use than #Islam. Now, they are about the same. That speaks volumes about the religions' decline & rise <https://t.co/Z8xVBiutoS> <https://t.co/NsrZSMQQRe>
 - Germany's ex-FM @SigmarGabriel: "If the EU's foreign policy is now vegetarian, German foreign policy is vegan." @DenisMacShane explains: "In many EU capitals, the Greece-Turkey dispute is complicated, arcane & lost in every sense in many mists of history." <https://t.co/IHJxl9aYr7>
 - Read Neal Sher's (@nmsher) excellent open letter explaining why @ErakatSaeb must not be allowed into the US to take up a @Harvard Univ. fellowship: "The law bars entry of any persons who incited terrorist activity or endorsed terrorist activity. Erakat clearly is such a person." <https://t.co/sXxDikeL0y>
 - #Turkey's notoriously thin-skinned president, @RTERdogan, hauls Turkish journalists into jail & tries to do the same with foreign ones too (like Germany's @janboehm). So, he sure noticed when Greek newspaper @DimokratiaNews insulted him. (See the lower right for the translation.) <https://t.co/WOaOioBF4E>
 - #TassosSymeonidis of #RIEAS asks "Is Greece Ready for War?" Short answer: Not really. Turkey is better armed & more determined. Greece has more allies but they are feckless. Key problem: "Greek politicians have followed the path of appeasement for years." <https://t.co/m1sCsTeTO0> <https://t.co/jwFRHRGkjz>
 - Recall Hezbollah's July 18, 2012 bus bombing at Burgas airport, Bulgaria that killed 5 Israelis & a Bulgarian? The trial found 3 Islamists guilty. So far, routine. But their nationalities are not: Australian, Canadian & French. Infiltration proceeds apace. <https://t.co/VJDHR7qvSS> <https://t.co/k4dAcyXmof>
 - I first landed in #Egypt in 1971, almost 50 years ago. I've followed its politics & culture ever since. I've never seen anything comparable to the sexy glamor of Mona Elshazly's show on the CBC tv channel (معكم منى الشاذلى). Rubbing my eyes: this is Egypt? <https://t.co/fXf93dz2fP>
 - #IoannisEKotoulas at @TheIPT: Syrian jihadi Suheil Mohammad Hammoud has said that "The time has come to repay our debt towards our Turkish brothers. ... If they ask me 'Will you go on the frontier with Greece to fight?' my answer shall be 'Yes!'" Be warned. <https://t.co/Ap4Udqzw9>
 - #Trump: "We moved the capital of Israel to Jerusalem. That's for the Evangelicals.... You know, it's amazing - the Evangelicals are more excited by that than Jewish people." I.e., his pro-Israel policy is not for the Jewish vote. Me: That is indeed amazing. <https://t.co/MsHEuvEaFH>
 - #FromTheArchive: We just unearthed this 1994 report on a talk by @BarhamSalih, then the Kurdish rep in DC, now the president of #Iraq. 1994 was a particularly dark moment for the #Kurds, so it's especially gratifying how they & Barham are now flourishing. <https://t.co/tpwbXGm5Bt> <https://t.co/kI0p64IXam>
 - #Morocco's Coast Guard reports stopping "makeshift boats, kayaks & jet skis" with 168 would-be sub-Saharan immigrants wending their way to Spain. Kayaks & jet skis? The illegal migrant assault on Europe takes creative new forms. I wonder what's next. <https://t.co/cOIXoW0pRe> <https://t.co/yhKDzvKLF7>
 - Confused by the confusing #RezaZarrab scandal? Finally, the details are beginning to emerge - remarkable ones - thanks to @KlasfeldReports, @CourthouseNews & others. In brief, @RTERdogan is key to the gigantic conspiracy, from protecting money launderers to dealing with Trump. <https://t.co/cY5DSUJXh3>
 - Update on the #ISIS insurgency in #Mozambique: "Mysterious" jihadis have targeted luxury tourist islands, "the latest chapter in a horrific bush war" raging since Oct '17. The toll thus far: 1.5K dead (including mass IS-style beheadings), 250K displaced. <https://t.co/GsxSWmbNnZ>
 - Banned forever from the USA? @MEForum fellow @Jonathan_Spyer recounts his bizarre exclusion. He figures that @RTERdogan's fans in the @StateDept, wanting to punish his Kurdish sympathies, pretend he's "associated with a terrorist organization." Disgusting. <https://t.co/tz6z1OVgpW>
 - Here's a different perspective on the prospect of @RTERdogan starting a war with Greece, from @New_Europe: doing so "will immediately trigger the secession of the Kurdish territories in south-east #Turkey." I am skeptical. Turkish armed forces will brutally & quickly stop this. <https://t.co/GJdBWg3CXp>
 - @Issacharoff notes that the PA has little to offer Palestinians: "There are no negotiations; the settlements are growing; there is no real political horizon; the economy is in a terrible state; #COVID19 is hitting the #WestBank hard." Time for a change? <https://t.co/o90R4kPYLQ>
 - Will the Saudis or won't they (make peace with Israel, that is)? @WSJ: It's King Salman, 84, vs MbS, 35. - Salman says not until there's a Palestinian state - #MBS wants the economic & anti-Iran benefits of a treaty Well, time is clearly on Israel's side. <https://t.co/qNpeeZ66LA>
 - The @Democrats are now ruining California like they previously ruined Detroit. - 1962: Last @GOP mayor Detroit (when it was the US' richest city) - 1998: Last (real) GOP governor of California The Golden State is going the way of Motor City, with a 36-year lag. Time to get out? <https://t.co/elbzVAI361>
 - The @DailySignal quotes me on the Southern Poverty Law Center (@SPLCenter): It "is a hugely rich institution with a formidable reputation lacking a raison d'être or even a moral conscience. It has become a parody of itself." Anyone seriously disagree? <https://t.co/leCa7EPikY> <https://t.co/3XIGk7PAsP>
 - As the #TurkishLira almost daily tumbles to new lows, @BarronsOnline observes: "The economic ravages of the #Covid19 pandemic have not spilled over into a financial crisis in any large emerging market, yet. #Turkey seems hellbent on becoming the first." <https://t.co/kQsgxoj2G9>
 - What if @JoeBiden wins? @KurtSchlichter predicts: - @KamalaHarris tries to pull the #25thAmendment on him - Jill @DrBiden leads the resistance - Jill needs the Republicans to stop Kamala - She cuts a deal with them - Leftist surge is stopped Makes sense. <https://t.co/2oIqMZrN1>
 - @ThePolForum picks up today on my idea of a tectonic shift in attitudes toward Israel: Arabs: More friendly Leftists: More hostile It concludes by noting Trump's positively disruptive role. I agree, but any conservative would have done about the same. <https://t.co/UTBABS HVaL> <https://t.co/i6YA8c07rv>
 - @JohnKerry in 2016: "There will be no advance and separate peace with the Arab world without the Palestinian process & Palestinian peace. Everybody needs to understand that. That is a hard reality." Me: The man is a genius! Almost as smart as @JoeBiden. <https://t.co/kPPH6V3gkQ>
 - Voices of peace coming from all over the MidEast. The "Virtual Iraqi Embassy in Israel" writes (in Arabic & Hebrew): "We are Iraqis, Palestine is not our concern. The state of war between Iraq & Israel had ended." - Pinch me - Has the tide turned? - @JoeBiden would mess this up <https://t.co/kxTnwyGg0J>
 - @Princeton U Pres. Eisgruber: - "Racism & the damage it does to people of color persist at Princeton" - "Racist assumptions [are] embedded in structures of the university itself" US Dept of Education: Really? We're investigating you. Me: How very funny. <https://t.co/6waXoFIFw6>
 - Confidential report: #SaudiArabia likely has 90K tons of mineable uranium ore reserves, or far more than enough to produce fuel for nuclear weapons Me: - Oh no, yet another source of MidEast instability - I support MbS but not to the extent of Saudi nukes <https://t.co/73ldMieDVw>
 - UAE FM: One day "we will see far more radical extremists and terrorists coming out of Europe because of lack of decisionmaking, trying to be politically correct, or assuming that they know the Middle East & that they know Islam ... far better than we do. ... That's pure ignorance." <https://t.co/SiB5GXOOCv>

- ICYMI: Dutch taxpayers pay up to €15K to illegal migrants when their asylum applications are not processed within ½ a year. The total amounts are rapidly increasing. "Crazy" comes the response. Yes, but it's policy. Does anyone have the will to change it?<https://t.co/NEV9KsQKxl>
- Why do people of goodwill still look to the #PalestinianAuthority as Israel's "partner for peace"? Its latest: "There is nothing that harms Palestine...more than making an alliance with the Jews" "Obedience to the Jews...will lead to humiliation and shame" <https://t.co/nkPxURfMQ1>
- I first wrote about the tiny & remote but arch-strategic Greek island of #Kastelorizo in 2012, predicting it would someday become a flashpoint. As @RTErdogan's aggression escalates, I note in the @SpectatorUSA that this flashpoint may soon be approaching. <https://t.co/F8vKaMoM78>
- Arson update: So successful was arson at the #Moria camp on Lesbos Island in getting illegal migrants off to the European mainland that other illegals elsewhere in Greece adopted what's come to be known as the "Moria Tactic," for example, on Samos Island. <https://t.co/QzFEUG1W9> <https://t.co/HNaY7KSuxv>
- Sorry, but I can't help chuckling over the fact that @RTErdogan of Turkey can't even get along with the leader of the Turkish Cypriots, @MustafaAkinci_1. E's heavy-handed ways alienate even the very small population most in his debt. No one likes tyrants. <https://t.co/CDa0fBaiVB>
- @Islamist_Watch has just published a (gratis) readable guide with much new information on "Lawful #Islamism in the United States." It goes beyond the usual focus on the #MuslimBrotherhood to look at #JamaatIslami, #Salafis, #Deobandis & the #Khomeinists. <https://t.co/Q23xFCRIFq>
- Watch or listen to #DanSchueftan's magisterial discussion of the MidEast's cold war comprising two blocs, #1 led by Iran & Turkey, #2 by Saudi Arabia, UAE, Israel & Egypt. China & Russia back #1; US backs #2. EU irrelevant. Putting my money on #2. You? <https://t.co/km2mGjlo3x> <https://t.co/G07oMVpRHx>
- Founded by Hamas, @CAIRnational of course sees the UAE & Bahrain treaties with Israel as a horrible betrayal of the Palestinian cause. But it decided this view is unpopular with Americans, so its media advisory today focuses exclusively on a case of alleged high-school bullying. <https://t.co/uWBzMTRcKT>
- The UAE-Israel peace treaty mentions the #Palestinian issue only twice in vague generalities ("just, comprehensive, realistic & enduring solution"). In contrast, the appendix goes into bilateral relations in considerable detail; e.g., note the list below. <https://t.co/mReu5Z7HLc> <https://t.co/YcpgEcp2yM>
- As the @UN reaches its 75th birthday, the best one-liner about it remains @JairBolsonaro's, who called it "a communist meeting place" (local de reunião de comunistas). Time to replace this democracy of non-democracies with something better, such as @NATO. <https://t.co/HiscGCnWlz>
- Arab-Israeli peace treaties: 1979 - Egypt 1994 - Jordan 2020 - UAE 2020 - Bahrain - A long wait but worth it if these turn out to be real, i.e., a warm peace - Hoping for more soon - Great to see the moderate camp strengthen relations vis-à-vis would-be hegemony Iran & Turkey. <https://t.co/kTNQTwbQ5r>
- Como, Italy: An illegal Tunisian migrant murdered a Catholic priest distributing breakfasts to the poor. How does the local head of the Catholic charity Caritas respond? "Unless we stop hating each other, tragedies like this will be repeated." Each other?<https://t.co/BXy2Y2Xzq7>
- Asked about the Israel-UAE & Israel-Bahrain peace treaties to be signed today at the White House, @SpeakerPelosi dismisses them as a "distraction" from #COVID19 Me: - So petty - Imagine the hoopla had a Democrat achieved this - Today's event is momentous <https://t.co/eSyv2NOd56> <https://t.co/XJ8gHCrwMy>
- This video plays a snippet of #Israel's anthem, #Hatikvah, being sung in #Dubai, in the square near #BurjKhalifa, the world's highest building. Me: - Nothing comparable took place in Egypt or Jordan prior to their peace treaties with Israel - Here's hoping for a truly #WarmPeace <https://t.co/QyTCu2bvoO>
- And now, 5 days later, #Germany accepts another 1,500 illegal migrants from #Lesbos, confirming that burning down the #Moria camp was a smart tactic to get into Europe. Me: How come no discussion of their returning to the MidEast? Why is the burden entirely on Western countries? <https://t.co/7OdQ3jrtCA>
- Speedboats going 40 knots (74 kmh) are changing the face of illegal migration in the Mediterranean. Going from Algeria to Spain in 5 hours, they avoid the authorities & bring uncouneted "harragas" safely to Europe. And Spaniards sleep on, quite undisturbed.<https://t.co/gBhx8zW4VG>
- Typical of coverage about the mess on #Lesbos, Greece, the @NYTimes: - Blames only Europeans, never the illegal migrants - Thinks only of the illegals going to Europe, never back home or elsewhere in the MidEast, their culture zone That's 2 big mistakes. <https://t.co/MHxz9z9n81>
- Call me old-fashioned, but I dismiss someone, like this person, who provides "preferred gender pronouns" in a serious (if unsolicited & misguided) business letter. (It rues the "disturbing context" of recent Israeli diplomacy.) This is not just politically correct but childish. <https://t.co/Y2MWZvGnIW>
- Read the short, impressive first-hand account by #HannaGerber, a young Orthodox Jewish woman who recently interned at the @UAEEmbassyUS: "At the embassy, there was a profound cultural respect for Israeli and Jewish society." Here's hoping for a warm peace.<https://t.co/uS6PyPKECa>
- Sara Khan, the Muslim who leads the UK's official Commission for Countering Extremism" (@CommissionCE): "I've lost count the number of times I have been labelled as an Islamophobe." - Me too - We're all "#Islamophobes" now - This insult has lost its sting <https://t.co/h2tjPle43E>
- "Sisi threatened to use the army to erase whole villages constructed on farmland." As usual, Sisi's too draconian but, also as usual, he has the basics right. Egypt cannot afford its meager farmland to be consumed by housing. What's the desert for, anyway?<https://t.co/GMFnxDS9a3>
- When I taught history at @UChicago (1978-82), it was the arguably the world's most dynamic university. And look at it now; this from the English Dept.'s homepage. For 2020-21, it "is accepting only applicants interested in working in & with Black Studies."<https://t.co/mPghYXm3E0> <https://t.co/wJUqjc7EpA>
- @BarnabasFund: "At least 500 Ethiopian Christians reported slaughtered in relentless door-to-door attacks since June." Me: The most active jihad is not in Syria/Iraq but in Africa, in part because the Christians there actively respond against aggression. <https://t.co/HI5yl1KM2>
- Good that Greek Pres. Katerina Sakellariopoulou visited #Kastelorizo Island today, after @RTErdogan had threatened it. But her too mild remarks ("We are going through a difficult & dangerous period" was all she could say) could incite Turkish aggression. <https://t.co/LVV4wz8LoV>
- @RTErdogan's dilemma: - Turkey has a deep historic commitment to #Uyghur liberation from imperialist Chinese control - But he badly needs China's help vs the West Clever Erdoğan! He deports Uyghur dissidents to #Tajikistan, which hands them over to Xi. <https://t.co/fidVEADKTR>
- @Lululemon: - Sells jogging pants for \$148 - Netted \$490mn last quarter - Is valued at \$45bn Despite this, it promoted an event to "decolonize gender" & "resist capitalism." How to respond to this idiocy? Decolonize Lululemon by resisting to shop there.<https://t.co/0a9WTgZKil>
- @IfopOpinion: How fares French support for the freedom to caricature #Islam's Muhammad? 2006: 38% support that freedom 2020: 59% support it Good, but: 2020: 69% of Muslims oppose it 2020: 47% of everyone under 25 oppose it i.e., support is now peaking.<https://t.co/dt58heofAh>
- UK jihadi #AbuHamza, now resident at the Colorado "supermax" prison, complains mightily about his treatment. Most unexpected whine? That he must eat #Kosher, not #Halal, food because its trays are "easier to eat from." Oh, the poor, misunderstood darling. <https://t.co/ojhug5bMoO>
- @NBCnews informs us that Marjorie Taylor Greene (@mtgreene), a @GOP candidate in Georgia, "pushed an anti-Semitic conspiracy theory." Oh, no. What did she

- say? That @GeorgeSoros collaborated with the Nazis. Really? Well, then color me #antisemitic too. <https://t.co/3RPE1k0uzD>
- As part of an anti-separatism effort, French Interior Minister @GDarmanin wants to penalize doctors who produce certificates of virginity in advance of a marriage, arguing that these are discriminatory and therefore contrary to French law. Me: Good idea. <https://t.co/NfSob9Cu3e>
 - @RTErdogan's ally & lapdog, @dbDevletBahceli: War with Greece is "just a matter of time. ... It seems that Greece's appetite & desire to be thrown into the sea has swelled again." And some people still think that Turkey is an ally? Time to wake up, folks. <https://t.co/zMcW4JYjzo>
 - The fashion house @TommyHilfiger sells a hijab with its name on it. Ameena Shareef condemns this in @BylineTimes because the "spiritual dimension is degraded through branded hijabs" and "it fits into the British state's wider security strategy." Really? <https://t.co/UnxOXMuRZO> <https://t.co/OWWfOq1Hpx>
 - A fascinating chart based on work by the #CenterForSystemicPeace shows a bell curve for post-1945 coups d'état, 550 in all, 200 successful, peaking in 1980 with a coup every 19 days. In all, it's a good thing they are in decline. Do you agree, @ELuttwak? <https://t.co/zMSyHCutJ9> <https://t.co/Lc6JrGu1aX>
 - Heard about the #TehranStockExchange fiasco? Due to government manipulation, its value more than quadrupled over the past 6 months, even as Iran's economy tanked. Finally, reality just caught up with it. Result: The regime now has even more angry subjects. <https://t.co/4fUWPykYVq> <https://t.co/RkD5qEUBYL>
 - Move US military assets at #Incirlik airbase out of Turkey, perhaps to #SoudaBay in Greece? Finally, this idea is getting some attention. Of course, the Pentagon will fight it, fantasizing that the Turkey of old will return. Remember, #ErdoganIsAnEnemy. <https://t.co/kBHWIZjexb>
 - #Bahrain! I visited only once, in February 1991, as part of a trip to inspect Kuwait immediately after the war that expelled Saddam Hussein's forces. Kuwait lacked functioning facilities, so the group bunked in Manama, which coincidentally means "a place for sleep." Great place. <https://t.co/YBZ8LPkRWQ>
 - Bahrain & Israel just agreed to a peace deal. As I wrote to a reporter, this is "is hugely important. It means that the UAE is not isolated but part of a larger movement." US elections? "Americans who appreciate this news are not that numerous & likely voting for Trump already." <https://t.co/io5eqn8rIB>
 - Thinking about 9/11 these 19 years later, I recall my conclusion just 5 years later, in 2006: "9/11 mobilized conservatives against radical Islam even as it mobilized liberals against conservatives." In other words, "United We Stand" was but an illusion. <https://t.co/5CN0z4JDMq> <https://t.co/JwUFWyZrLc>
 - @IfopOpinion: Young French Muslims are 3 times more radical than their elders. 74% of Muslims under 25 prioritize #Islam over #France 25% of Muslims over 35 do so Me: We are just at the beginning of the Islam-in-the-West crisis, with much worse ahead. <https://t.co/liyQ6vwwve>
 - News item: The EU will fund the immediate transfer to & accommodation on the Greek mainland of 400 unaccompanied "children" displaced from shelters at Moria, the Lesbos migrant camp that suffered massive fires. Me: Sorry to be so cynical, but arson worked. <https://t.co/U2xXS90Nkk>
 - Dubious publication, to be sure, but an important analysis & conclusion by #PravinJethwa: "If the current Xi-Putin bromance fails to tamp down China's geostrategic ambitions across Eurasia, expect a war between the two nuclear-armed states in the 2020s." <https://t.co/KnHCdvQpPc>
 - In an unprecedented open letter, 43 senior faculty at @USC have condemned the campaign of "vicious online harassment" & "blatant discrimination" against #RoseRitch because she is a #Zionist. The worst of it is, all media are boycotting this key statement. <https://t.co/kWrNO8XjkM>
 - Big changes afoot in the MidEast: - Mecca's Grand Mosque preacher recalls Muhammad's good relations w/ Jews - #ArabLeague turns down the PA's anti-Israel resolution - And the UAE "advises" all hotels "to include Kosher food options" in all food offerings <https://t.co/o8Hj2zYaOW> <https://t.co/DyLur0wfEu>
 - France's @EmmanuelMacron has taken the surprising lead in standing up to @RTErdogan: "I am forced to say," he said, "that #Turkey is no longer a partner in the [Mediterranean] region" because of its "unacceptable" behavior. Listen closely, Trump & Merkel. <https://t.co/UP8y22aiei> <https://t.co/5rBeD00FNy>
 - @IMPACT_se reviewed the #UAE's Moral Education (التربية الأخلاقية) course & found it "a wonderful template for school systems across the region." Me: - Let's hope others will learn from the Emirates - It's a great basis for a warm UAE-Israel peace <https://t.co/LxliBuqTsR> <https://t.co/OR9x8Om8jD>
 - In to "Make the Senate Great Again," Sen. @BenSasse makes many fine suggestions but the most important is to repeal the 17th Amendment to the Constitution & return the selection of US senators to state legislatures. The founders knew what they were doing. <https://t.co/QmZsyPTRCT>
 - @NYTimes on some of the unexpected consequences of #COVID19 in #Japan: Not just silence in sports stadia but "On public transit, people are asked not to speak, to reduce the possibility of emitting aerosolized virus particles." What next & for how long? <https://t.co/17hFvNOLUO>
 - #DownMemoryLane: In March 1971, conservatives at @Harvard audaciously sponsored the "Counter Teach-In: An Alternative View" (about the #VietnamWar) in the largest hall on campus. Listen below how the Left, as intolerant then as now, rudely disrupted it. <https://t.co/WkxF78G5E1> <https://t.co/WQGpqsoeR4>
 - This must be a first: The PA demanded that the #ArabLeague condemn the UAE for its diplomacy with Israel ... and got turned down. Coming right after the pro-Jewish statements in #Mecca's Grand Mosque, it feels like things are really changing among Muslims. <https://t.co/ci3v74Seoe>
 - In a sermon at Mecca's Grand Mosque, Imam al-Sudais listed 3 examples of Muhammad's good relations with Jews. Me: This is - Surely a first since the #Wahhabis conquered #Mecca in 1925. - The ultimate indication that a new spirit prevails in #SaudiArabia. <https://t.co/BRELoLUH17> <https://t.co/oPbmzVQ3BN>
 - I focus on a quote from "that old sourpuss @DrHananAshrawi" about Palestinians battling unto the end of time to eliminate the Jewish state & subjugate the Jews, then offer an antidote to her today in the @WashTimesOpEd. No big surprise: it's #IsraelVictory. <https://t.co/YZ92liPQwp>
 - So manic is the EU about not recognizing Jerusalem as Israel's capital that it might exclude Serbia & Kosovo from EU membership if they open embassies there. Me: Something about this obsessive hostility to Jewish self-determination smells not at all right. <https://t.co/V2a1ldH8oV>
 - Can't say I've had any regard for #SuhaArafat until now but her standing up for UAE-Israel diplomacy ("I want to apologize ... to the Emirati people") & admonishing the PA's rejectionist midgets is highly bracing. Good to see sensible Palestinians emerge. <https://t.co/2LZ1eJKU2K>
 - The full version of my August @WSJ article, "When Muslims Leave the Faith," is now available. One excerpt: "Born #Muslims who leave Islam have a far greater impact than do converts to Islam. ... [They] push believers to think critically about their faith." <https://t.co/Hm7zjAPmp>
 - #DownMemoryLane: I studied Koran in Cairo in 1972 with Ahmad Hasan al-Baquri. I knew him only as a former Min. of Awqaf under #Nasser. Only years later did I learn he was in the #MuslimBrotherhood's #NizamKhas & "a de facto leader of the MB in 1949-51." <https://t.co/rdyR0liKpU> <https://t.co/GlnDddBOXK>
 - Mustafa @AkyolinEnglish: "If Islamic authoritarianism persists, it is likely to produce mass secularization in Muslim societies. Islam may... count as the fastest-growing religion in the world, thanks to high birthrates, but it will lose some of its best & brightest" via apostasy. <https://t.co/YaNTGVbAXW>
 - ICYMI: @UweSiemon-Netto bitterly contrasts how the church hierarchy in Europe ignores the overriding Islamist danger with its more pleasurable focus on sexual exotica like "gender mainstreaming." "Where Muslim Dreams May Lead," #Quadrant, Jan-Feb 2016. <https://t.co/vRmwgLanaP> <https://t.co/ime66tYY0m>

- @RTErdogan threatens Greeks with war: "Understand the language of politics & diplomacy or feel pain in the field." He also denounces existing agreements: "Turkey has the political, economic & military power to tear up imposed, immoral maps and documents." <https://t.co/dX7gXKOiEB>
- Utterly amazing news: @NoorBinLadin, niece of #OsamaBinLaden ("the DEVIL"), despises #Islamism & the Left, is deeply pro-American, and a Trump supporter ("he must be reelected ... it's vital for the future of not only America, but Western civilization"). <https://t.co/v5ds3WFDg4> <https://t.co/dUuLmUU5Fj>
- Adam @Kredo0: "Nuclear experts predict that Iran is now just 3.5 months away from the 'breakout time'. ... The State Department ... said the administration will keep increasing pressure on Iran until it backs away from the pursuit of a nuclear weapon." Good. <https://t.co/gf14uM7uED>
- Refugee accords were written & signed in a different era; they clearly do not work anymore. #Malta, so tiny & very close to Africa, is leading the way to make inevitable, fundamental changes. Rather than condemn it, let's be both sympathetic & creative. <https://t.co/NlfcWQf59>
- Even more impressive. @Netanyahu: #Kosovo will recognize Israel and open an embassy in Jerusalem, making it the first Muslim-majority country to do so. (Earlier in the day, #Serbia had announced that it would move its embassy from Tel Aviv to #Jerusalem.) <https://t.co/MQa7GnQeSy>
- Pres. Trump: "Serbia has committed to opening a commercial office in Jerusalem this month and to move its embassy to Jerusalem by July." Me: Impressive. <https://t.co/QkSCqZof7j>
- Wang Xiyue, a PhD candidate in history at @Princeton, was imprisoned in Iran for 40 months. He sums up his education there. Rapprochement with Iran is a fantasy: theocracy's survival & its elite's prosperity require maintaining hostility against the US. <https://t.co/7eZIErdihX>
- How reassuring that the ever-trendy Hagop Kevorkian Center for Near Eastern Studies (@nyukevo) at @NYUniversity will devote its ample resources to a project on "Global Uprising 2020-2021." And, oh my, look at the fascinating topics & accomplished scholars. <https://t.co/04f4n4S0xV> <https://t.co/D7wSqwRwMV>
- @SamWestrop: In contrast to the bad advice about Islamism, no analysts "claim that white-supremacist ideology does not lead to white-supremacist violence. No one suggests partnering with a lawful fascist movement to temper the threat of violent neo-Nazis." <https://t.co/SqeyPHz5aQ>
- @Paullddon: Athens is getting serious about upgrading the Greek air force with French #Dassault Rafale jets & US F-35s. Turkish journalist @HalukOzdalga: These could turn the Aegean into a "Greek lake." Me: Good to see growing deterrence vs @RTErdogan. <https://t.co/YWYGr86zC3>
- The blah-blah reply from Lynn Mahoney, president of @SFSU, is just as awful as #LeilaKhaled's speaking there: - not be construed as an endorsement of point of view - opportunity to hear divergent ideas - academic freedom - a welcoming and nurturing campus - Division of Diversity <https://t.co/nrWXXjA0u3> <https://t.co/UiONYTsq9F>
- You can't make this up. In Oct. @TariqRamadan will open a research & training center, CHIFA شفا, to teach (among other topics) feminism & ethics. - What absolute gall - I sure hope this does better than his canceled @OxUniPress book on "Islamic Ethics" <https://t.co/6z76y55tEu> <https://t.co/shZQjWWnSv>
- #HillelFrisch: Budding UAE-Israel relations have led to "no demonstrations of consequence in ... Amman, Beirut, Tunis, Algiers and Rabat, where demonstrations against the Israeli 'occupation' ... and other charges against Israel are generally well-attended." <https://t.co/YTslhijPnX>
- My interview discussing @RTErdogan with the #Cyprus Center for European and International Affairs: - "Greeks should worry that, fueled by jihadi motives, Turks seek to conquer all of Hellas and Cyprus." - #Kastelorizo "could be Turkey's next 'reconquest'." <https://t.co/rpl6UtGlcB>
- Quick bio of #LeilaKhalid: 1969 - Hijacked TWA 840 to Jordan 1970 - Tried to hijack EI Al 219, overpowered 2020 - Speaker at @SFSU? If you oppose this travesty: - Call @CalState Chancellor Timothy P. White at 562-951-4000. - Write SFSU Pres. Lynn Mahoney at president@sfsu.edu. <https://t.co/0y7shn2oqr>
- Good to see this modest change in an odd US policy in place since 1987. Hoping it is a first step to helping the Republic of Cyprus to protect itself from potential attack by Republic of Turkey forces stationed in the north of Cyprus. Who knows what @RTErdogan might do with them? <https://t.co/YaJ5cBHgYz>
- The inimitable #JosephEpstein explains how college has gone from tough teachers to nurturing ones. Best line of all: "I had a number of bright & winning students, but if I learned anything from them, I seem long ago to have forgotten it." @EpsteinQuotes <https://t.co/d4vko7OirZ>
- Brilliant piece by @YHazon. The short version: - Long thought dead, Marxism is very much alive - Marxists long ago sidelined conservatives from education, media, corporations, etc. - Now they are doing the same to liberals - Libs & cons: Unite to survive! <https://t.co/TndLFMA3U2>
- How tragic to watch as #HongKongers become boat people, desperate to flee their #CCP prison. And then the CCP hunts them down. But heartwarming to see they are going to Taiwan, which welcomes them. (So should the United States, but that's another story.) <https://t.co/FWR7CvJQP>
- #GershonHacohen: Levi Eshkol, in charge of immigration in Israel's early years, told an aide "Don't bring everyone at once. We lack houses, tents, work & food." Then Ben-Gurion summoned the aide: "Everything Eshkol told you is true, but bring everyone immediately & all at once." <https://t.co/82QcMapDdo>
- Palestinian fury vs the UAE is counterproductive. Rather than turn other Arabs & Muslims vs the Emirates, it creates new-found sympathy for Israel & an understanding of its plight. Me: - Finally! - Next, the Left? - Will Palestinians ever learn & change? <https://t.co/uZVu41Mzln>
- @Welt: To boost himself politically, Turkey's @RTErdogan asked the military to sink a Greek ship without loss of life, but it refused him. Me: I believe he'd ask for such a gambit. But I do not believe the generals could say "No" to him. He is El Supremo. <https://t.co/6zOAr5pvev>
- We've known all along @TParsi represents @Khamenei_IR's regime in DC; now comes the best proof. He parroted a tweet by Iran's FM @JZarif about "all options on the table" now being used as a threat against the American people." Adam @Kredo0 has the details. <https://t.co/daDNPIYI3D>
- "We've waited for you for a long time," the head of the UAE Jewish community says to Israel's national security adviser. Then a shofar is blown (just a little ahead of the new year) & a prayer is recited for the Emirati government & armed forces. V moving. <https://t.co/p0Sd2rdV2D>
- 5½ years after the massacre of its staff by #jihadis, @CharlieHebdo has republished the 12 Danish cartoons & explained in a beautiful, powerful editorial why it chose to do so now (because the murder trial is starting). Freedom of speech for all, always. <https://t.co/By9Bki0XG4> <https://t.co/AqSyt6DDEO>
- The #Islamist snowflakes (now, that's a novel concept) at @CAIRnational have blocked me on @Twitter. But I have access to another account, one belonging to a CAIR member no less, where I closely track its supremacist speech & activities. Guys, you can run but you can't hide. <https://t.co/kMG57G8J98>
- Today, Sep. 1, 2020, marks the centenary of the country of Lebanon, decreed by French Gen. #HenriGouraud. But what a dismal birthday, dominated by a jihadi group (Hezbollah), the economy wrecked & the largest conventional blast ever. Here's hoping year 200 is much more cheerful. <https://t.co/Ajskzpi36j>
- This postcard came to me from @Amazon today. Interesting: It's offering a wage of \$15 or more an hour, starting in as soon as 7 days, no resumé or experience required. Note: It's postcard, not an e-mail. It's also an important sign of these times, as Amazon dominates retail. <https://t.co/G3A833AGB4>

- Stunning news from @CDCgov: "For 6% of [US] deaths, #COVID19 was the only cause mentioned. For deaths with conditions or causes in addition to COVID-19, ... there were 2.6 additional conditions or causes per death." - Only 10K US deaths - Back to work now <https://t.co/VA9wCE4BPb> <https://t.co/PKBJg48WCb>
- Are you aware of Ankara's focus on Africa? Turkish increases since 2002: Embassies: from 12 to 42 Business councils: 6 to 46 Turkish Airlines routes: 4 to 60 But, @FehimTastekin concludes, @RTERdogan is jeopardizing by his military & other aggression. <https://t.co/UGG7Zi6Oyp>
- Here is an unusually constructive idea to come from a Palestinian insider, @BahbahBishara: #MahmoudAbbas, leave your rut, make 2 bold moves: - Go to Trump with a reasonable peace plan - Get Arab states to back that plan Me: Let's hope for this post-Abbas.<https://t.co/DsZwX8gAZ>
- #AdhamAminHassoun, Palestinian & #AlQaeda pal, was held for 15 years in US jail, then detained for 3 years in an immigration jail before being deported to #Rwanda. Reactions: - @ACLU: "Chilling" - @DanielPipes: "Thank you, USG, for protecting us citizens" <https://t.co/hzoiJqZqPm>
- Almost as important as the fact that #EIAI971 is now flying to Abu Dhabi is that the #Saudi government permitted it to traverse Saudi airspace. That makes the trip far shorter & more significant than it would otherwise be. (It could also be a practice run for an attack on Iran.) <https://t.co/9dxGvXYxH9>
- @RTERdogan "vowed to sacrifice 83 million Turkish nation." Thoughts: - Wondering how 83 million Turks feel about that - Reminds one of Hitler in his final days, wanting every German to go down with him - China's Xi must be savoring this. Istanbul to follow Tehran into his lap <https://t.co/6lFQkC6EdH>
- For 1½ years after #WoodrowWilson's stroke, #EdithWilson was effectively the US president. That leads me to wonder, given @JoeBiden's poor mental condition, who his wife Jill is & what her politics are. This should be a much investigated & discussed topic in the next two months. <https://t.co/GapFmjdkan>
- @Harvard's Belfer Center has hired the #PLO's @ErakatSaeb, a "respected global leader," for this academic year. @ElderOfZiyon: Erakat is "known for egregious lies, denying Jewish history & justifying terror attacks." Me: My 2 Harvard degrees are sullied.<https://t.co/RAW4MC0hLq> <https://t.co/paYhBVfwl>
- Oh, the difference 85 years makes. Read the first lines of this scholarly article by the esteemed Swiss psychiatrist #ManfredBleuler about his applying Rorschach tests to uncover "racial psychology" in Morocco. Strange, mysterious ... it feels zoological. <https://t.co/Y2ow76MMXn> <https://t.co/16pq7iLSh0>
- At this moment of heightened tensions between Arabs & Turks, my late friend #UlrichHaarmann's scholarly study on "The Arab Image of the Turk from the Abbasids to Modern Egypt" (1988) shows how pungent anti-Turkish views have existed for a full millennium. <https://t.co/IWQSPpHXIT> <https://t.co/ZOAUmsTUPf>
- #HananShai presents the grandest interpretation ever of the Trump vs Biden contest. It's: - Traditional values vs Transformation - Democracy vs Ideology - America vs Europe - Bible vs Hellenism - Universal logic vs Human logic Vote which side you are on. <https://t.co/WVRbg1zdvD>
- Watch this video to see the Koran burning take place (with an English translation of the running commentary) as well as the first hints of the Muslim response in Malmö. <https://t.co/OztT1vF3n1> (Note that it's had 200K views in just one day; also take a look at the 1K comments.) <https://t.co/W99UnNLDpZ> <https://t.co/4xNsOu2f1Y>
- #DanPark, a Swedish provocateur, burnt a Koran in Malmö, leading to out-of-control riots (see the linked video). Me: Maybe it's time for Muslims to accept the rules of freedom of speech & not to take the bait? Rioting merely encourages repeat provocations.<https://t.co/VDKbluZtKi>
- @AmjadT25 points out some hard truths on Dubai TV about the #PalestinianAuthority's utter disregard for the welfare of its subjects. Note the the sign with a dove in the background reminding viewers that "The Emirates Is a Message of Peace." Me: Great verbal & written messages <https://t.co/bfpzhLcN1F>
- @JoeBiden, on negotiations with @BernieSanders to work out a joint position: "I had to be sure that Bernie was serious, that he wasn't going to make this an ideological jihad." Me: Nice to know that a potential US president looks unfavorably on #jihad. <https://t.co/WHevXypS8H> <https://t.co/JwMLlfmms1>
- It appears to be Turk vs Turk in Libya's GNA government. PM Sarraj suspended Interior Minister Fathi Bashagha - both of #Kuloğlu (ie Turkish) heritage - fearing a coup by him, backed by the @RTERdogan regime. Who imagined? The MidEast is full of surprises.<https://t.co/3blW4r0CFp>
- So rarely does anything sweet take place on the public level in the #MidEast. Here's a great exception: The #EIAI flight to #AbuDhabi is LY971. The return flight is LY972. (+971 is the UAE's international dialing code. +972 is #Israel's. It's like they are next-door neighbors.) <https://t.co/AgCyrj0g1M>
- Hard-left Turkish lawyer #EbruTintik died on the 238th day of her hunger strike that protested her imprisonment. Me: @RTERdogan's despotism reaches into new & ever-uglier aspects of life in Turkey. <https://t.co/OreFx4VMMM>
- Slowly, painfully, the message is reaching #Gambia & elsewhere that the pain & risks of migrating illegally to Europe are just not worth it. For one example of how that is happening, see the @CNN story on "Youth Against Irregular Migration" (@YAIM_Gambia). <https://t.co/yCXNdnJJZw>
- I am very sorry to learn of the death of #EdwardAlexander, emeritus professor of English at the Univ. of Washington (@UW) and a passionate critic of academic anti-Zionists. His last words to me, on May 17: "I liked your recent NYT piece against annexation and hope Bibi listens." <https://t.co/Oow9kvyGJG>
- Headline: "Egyptian news media warned not to criticize UAE-Israel deal." - Such control is bad for democracy in #Egypt - But it's good for peace & stability in the region Me: Overall, worth the price of short-term censorship to gain long-term stability. <https://t.co/9nNOLkMCUX>
- @YouGov asks: Should the EU be a protective, global, or market Europe? Ie, should it be civilizationist, leftist, or globalist? The replies are reassuring - 10 of 14 countries vote civilizationist, with Greece most so, UK least. Romania is #1 in my book. <https://t.co/xbYX1AWFFa> <https://t.co/fpaqw9thqS>
- GermanFM @HeikoMaas: "Germany & the whole European Union stand by Greece in firm solidarity" as Turkey's military provokes & its ships explore for oil & gas. Me: - Let's hope these are not just pious words - Time for Berlin to stand tall vis-à-vis Ankara <https://t.co/8e7qLWmVCN>
- WIN-Gallup International asked "would you say you are a religious person, not a religious persons or a convinced atheist?" Striking to note that only 1 of the 10 most religious countries, Iraq has a strong Muslim-majority. Note: Not Iran or Saudi Arabia. <https://t.co/rS9pgRmlht> <https://t.co/wGLs1UGPiE>
- Another reason I avoid the word "#terrorism": The #Saudi counterterrorism law of Mar. 7, 2014, includes such acts as "calling for atheist thought in any form or calling into question the fundamentals of the Islamic religion on which this country is based."<https://t.co/yLTxjMIl10>
- ICYMI: @AkyolinEnglish argues that "#Erdoğanism" has morphed "into an ideology unto itself." It includes: - A cult of personality, which the average #Islamist finds "bizarre, if not heretical" - Secular figures who praise Erdoğan for making Turkey powerful <https://t.co/5nxReVaW17>
- @ShayKhatiri: In Iran, "#Islam is the fastest shrinking religion..., while Christianity is growing the fastest." That's something to ponder: - Iran's Islamic Republic is in play - Islam in not the fastest growing religion - #Islamists are destroying islam <https://t.co/KQxEYPIRD9>
- The #ISIS vision continues to inspire #Islamists, who have seized cities in Syria & Iraq, Libya & the Philippines; on Aug. 12, they took the key port of Mocimboa da Praia in #Mozambique. Needed: An international alliance to fight this totalitarian scourge.<https://t.co/Uhu2VSq4zC>

- Remember #LaraKollab? She's the Ohio medical student who intended to give Jews the "wrong meds," said Israel supporters should have their "immune cells killed" & called for violence against Jews. Well, Ohio has permanently revoked her training certificate.<https://t.co/eWqPntjIE0>
- The wonders of archeology: Israeli teens volunteering on a dig discovered 425 mainly Abbasid but also Byzantine coins made of pure gold dating from ~900AD. Their combined weight, 845gr, would have sufficed to purchase a luxury home in Cairo. <https://t.co/g1ZrIFVdTE>
- Israel & UAE need to translate their statement into a diplomatic document. The sticking point likely concerns "suspend declaring sovereignty" over West Bank areas. Emirati demands to make it permanent will cause a great debate in Israel but I expect UAE demands will be accepted. <https://t.co/5HjmmFvWnL>
- @TheEconomist: "It was not quite Anwar Sadat speaking before the Knesset, or King Hussein & Yitzhak Rabin clutching hands in the Rose Garden. ... The agreement between Israel & the UAE ... had all the pomp and circumstance of a tariff agreement." So true. <https://t.co/mVYMsXi4zk>
- 1 Hamas oppresses Gaza 2 Gazans become discontent 3 To distract, Hamas attacks Israel with arson balloons 4 Israel responds by cutting fuel going to Gaza 5 Hamas responds by sending sewage into Israel Me: Arson & sewage neatly symbolize Hamas & #Islamism. <https://t.co/eOytmGLJEX>
- Turkey's @RTErdogan has signed a contract with #Putin for a second batch of #S400 anti-aircraft missile systems. Me: - This step further solidifies Turkey's enmity toward @NATO - It's also a bit curious, give that the first batch has not yet been deployed <https://t.co/D4aloRG3wE>
- Remember how the #IbizaGate videos brought down Austria's coalition government in May 2019? Now we learn the videos were selectively edited to undermine the civilizationist party, the #FPÖ; the full version exonerates it. We also about @GeorgeSoros' role. <https://t.co/tZCL0QW2Xq>
- "F-16s from #UAE Arrive at Their New Base at #SoudaBay" in Crete. They are there, obviously, to beef up the anti-#Erdoğan alliance. This is perhaps the first concrete side-benefit of the UAE-Israel joint statement 10 days ago. Welcome, UAE, to the West. <https://t.co/0fNonaSKd9> <https://t.co/Yb1RkuKdj1>
- 116th Congress, Concurrent Congressional Resolution 1090, proposed by @RepAlGreen: "Recognizing Islam as one of the great religions of the world." Me: When the globe's second-largest religion needs Congress to proclaim it "great," it has a serious problem.<https://t.co/NVhcgCoyvu>
- ICYMI: A @CNN story about new guidelines for cancer testing began: "Individuals with a cervix are now recommended to start cervical cancers screening at 25." "Individuals with a cervix"? Once upon a quaint time, very long ago, we called them "women." <https://t.co/hWXHm2w6cS> <https://t.co/FZbZmmhqKN>
- ICYMI: #PhilippeMonguillot, a bus driver in Bayonne, France, demanded that 4 passengers wear face masks for health reasons. Well, Mohamed C., Mohammed A., Moussa B. & Sélim Z. were insulted & would not stand for that. So they murdered him. #LaRacailleTue. <https://t.co/a2kHY3VGpm>
- @AlonBenMeir writes about "The Inevitable Emergence Of An Israeli-Arab Alliance." I like the sound. But it's hardly inevitable. Yes, almost no Arab state hostilities vs Israel in 47 years. But anti-Zionist emotions still seethe. It will take much work. <https://t.co/g1wEvAe4JS> <https://t.co/ZM42JyZB7U>
- Michael Rubin (@mrubin1971): The 320km-cubed Turkish discovery of gas in the #BlackSea, if true, won't do much for Turkey's economy. - It's not so big by world standards (#Ohio alone has twice as much) - It allows Dictator @RTErdogan to make more mistakes <https://t.co/Pj3mgdA7GT>
- @SHendersonGulf brings good news from Riyadh: "Apparently, #MbS sees the kingdom's relations with India's world-class economy as more important than its ties with Pakistan." Me: - Pakistan is already in China's pocket, so okay. - Good to have US allies working closer together. <https://t.co/3HyRKTbFY3>
- In addition to #Islamism, France suffers from "violence gratuite" (gratuitous violence), thrill-seeking nihilistic attacks on total strangers, usually carried out by young Muslim immigrants. #GuyMillière documents this horrifying pattern at @GatestoneInst. <https://t.co/8Xaz7yaMeu>
- For those of us who know next-to-nothing how the @USPS operates, @DavidDitch of the @Heritage Foundation provides a sober, helpful primer. In brief: Nothing untoward is happening, the election is not being sabotaged. The Left is manufacturing an issue where none at all exists. <https://t.co/ofRMFbju4L>
- With "Biden prepares to accept nomination," the @WashingtonPost is doing its best #Pravda imitation, telling us: - What we already know - Something predictable - What is not important (Biden has been the known nominee for 5 months) Hey, #WaPo, how about give us some real news? <https://t.co/6pOelBU7Jl>
- @StandWithUs: A prayer for the welfare of the government of the #UAE, recited in Hebrew in Dubai? Yes, remarkable. Watch! Courtesy: Jewish community of the UAE. <https://t.co/kFtt86dTg0>
- @JonathanS_Tobin: "Conservatives & moderates don't care about the imprecations of extremists. They [reject] attempts to trash Western culture & free speech. ... The most vulnerable targets for canceling are liberals who crave the good opinion of their tormentors." So true. @ADL.
- Amusing to see how @Martin_Indyk, who's been "peace-processing" for 40 years with zero results, blasts Trump's triumph, which even he calls "historic." But MI says UAE-Israel peace does "nothing to advance a resolution of the Israeli-Palestinian conflict." Really? #IsraelVictory <https://t.co/glle3g3yJL>
- Elana DeLozier (@ElanaGulf) reports good news from #Oman, where the new @SultanHaithamT1 "gave up the titles of defense minister, foreign minister, finance minister & chairman of the Central Bank." Many other positive moves, too, in the not-easy transition away from absolutism. <https://t.co/za3PNrffWX> <https://t.co/HpWVhykbiD>
- The EU paid big bucks to study Palestinian textbooks. @IMPACT_SE exposed its staggering incompetence: - It includes Israeli textbooks - It shows "poor Arabic comprehension, unfamiliarity with Palestinian culture & contains factual inaccuracies" - And more <https://t.co/jfZBUwhTLi> <https://t.co/X5ik28Rzpy>
- Warships are steaming to the eastern Mediterranean from Greece, Turkey, France, Russia, and the US. Basically, @RTErdogan is isolated. Will he go through with drilling for gas & oil? What will the response be? Stay tuned to potentially high maritime drama.<https://t.co/UBQL3v0FH7>
- @KhaledAbuToameh reflects on the PA's temper tantrum responding to the UAE-Israel joint statement at @GatestoneInst: "At this rate, the Palestinians will soon wake up to discover that they have more support in China & Europe than in their own backyard." <https://t.co/8VO6AZfAMy>
- @RogerBoyes: the head of #Mossad, #YossiCohen, is quoted quietly saying: "Iranian power is fragile; the real threat is from Turkey." I have been saying something similar for years: #Iran is the immediate, urgent danger but #Turkey is the long-term one. <https://t.co/lp0rY3oFY4>
- Amjad Taha (@amjad25), a top UAE MidEast specialist, urges Israelis to hang tough vs the PA - and does so in @IsraelHayomEng: "We hope to see a revolution among the Palestinians against the PA. ... We hope Israel will not negotiate again with terrorists." <https://t.co/5BXFSvuyHf>
- Just another indication of European feebleness, but a telling one. There's nothing to discuss when Ankara trespasses on the Cypriot EEZ to drill for oil & gas. But the Financial Times (@FT) weakly calls for "talks that will inevitably involve trade-offs." <https://t.co/07hoeKXreU>
- Rubbing my eyes: #Mauritania's foreign ministry praised the UAE-Israel joint statement, trusting the "wisdom & good judgment" of the UAE leadership while respecting its "absolute sovereignty" in making such decisions. Now, will #Nouakchott walk the walk? <https://t.co/mVnabFkgI6>

- How times have changed. #DonaldTrump: "Evangelicals are more excited about [the embassy move to Jerusalem] than Jewish people. It's incredible." @BenCaspit: "Israel not only is ... no longer being boycotted & punished as the neighborhood bully, it is now the belle of the ball." [https://t.co/...](#)
- #Sudan! I understand the logic (friendly relations with Israel is the fastest way to be taken seriously in DC), but still, who could imagine this? Odd to think how for decades the conventional wisdom held that Lebanon would be #2. Now it looks like #22. <https://t.co/WlysrUOI5x>
- #Palestinian leaders live in their own, very special bubble. First, they break relations with Washington. Then, their mufti issues a fatwa banning prayer at #AlAqsa Mosque if one's presence there results from the UAE-Israel agreement. Me: You're kidding. <https://t.co/vvg7r9ErXC>
- Refreshing candor from @JaredKushner: "We're not going to chase the Palestinian leadership. Their credibility is just really falling to an all-time low." The world is even "starting to block out the noise" coming from them. Arabs agree. Hey, Europeans? <https://t.co/bC06NvGV1B>
- @RTErdogan leading with his chin: TPOA (@trpetrolleri), #Turkey's state-owned (and US-sanctioned) oil company is, as of today, illegally operating in Cypriot waters. It even has the nerve "strongly to recommend [others] not to enter the working area." <https://t.co/mrVW2IPsZj> <https://t.co/K3BrrgTUSG>
- @ThePolForum neatly defines today's political Left as a "byproduct of attempts by arrogant 18th-century men to discover & apply a 'science of the mind,' that replicates for human relations & interactions what Isaac Newton had done for the natural world." <https://t.co/bYRfKjseoa> <https://t.co/j7w6bzYCld>
- ICYMI: "In 2017, ~800K Egyptians ... submitted applications to Western embassies in Egypt. Only 3.5K were approved." Me: - The backup of would-be migrants to the West outnumbers the number of Westerners - The migration crisis has only just begun; watch out <https://t.co/TNJVEF049I>
- Illegal migrants are getting creative, artistic & mercenary. For example, a Moroccan named #ZouhirBounou is video-blogging his trip across a dozen Latin America countries to reach the US. He has a massive following & has inspired many imitators. Oh great. <https://t.co/TMmWICpl40>
- My article in the @WashTimes recounts how: - The #QuietRoom at Philadelphia Airport (@PHLairport) favors #Islam over other religions - The #PHL authorities agreed to make some, but not all, of the changes I requested I conclude by asking for public help. <https://t.co/aXNtA6XxnW>
- @VDHanson in @NRO: "Walking in San Francisco today reminds me of visiting Old Cairo in 1973, although the latter lacked the needles and feces of the former." <https://t.co/qapH5YnNj8>
- As part of #IsraelVictory, I advocate Israel respond to attacks from Gaza by cutting off water, food, fuel & medicine. Happy to report that fuel deliveries have stopped, cutting electricity in Gaza from 12 to 4 hours a day. That should be just the start. <https://t.co/Ynk0Y3FiNK>
- #Israel's Channel 12 polled voters about ties with the #UAE vs annexing parts of the #WestBank: 77% say go with UAE 16% say annex 7% no preference/do not know Me: Israelis are smart. UAE ties have major, positive implications. Annexation is a dead-end. <https://t.co/d5ZnTwxMfD>
- Robert L. Woodson (@rwoodson2) on the falsehood of "institutional #racism" in American life & how it harms those it purports to help. "Black Americans must refuse to surrender" to this "pity, patronage & pandering." @WSJ makes the whole article available. <https://t.co/Kc5LcfMSOF> <https://t.co/oJZN2Y6yU>
- Analogy: Israel giving up partial #WestBank annexation in favor of formal ties to the UAE is like selling an unwanted, tattered, old coat for enough money to buy a gold ring with the proceeds. Or, less originally: It's like turning a lemon into lemonade. Well done, @Netanyahu. <https://t.co/1chZtIW3bU>
- Remember #AsiaBibi? She's the Christian Pakistani jailed for a decade & nearly executed on trumped-up charges of blasphemy against Muhammad. Happy to learn she's safe with her family in Canada. Not happy she is hiding from local jihadis. Where is it safe? <https://t.co/qi6salFYaa>
- #FromTheArchive: Hamani Diori, president of Niger (1960-74) is on the right; US ambassador Robert J. Ryan is next to him & I am on the left. Diori's meeting with the Operation @CrossroadsAfrica team in Niamey in August 1968 was my first opportunity to chat with a head of state. <https://t.co/8JfYZDj0a0>
- Here's my debut article as a columnist for the US edition of the @SpectatorUSA, the new publication of the British magazine dating back to 1828. (Not to be confused with the also-great @AmSpectator.) I contemplate some idiotic statements by intellectuals. <https://t.co/n6tCZifesw>
- Emirati leadership: There's talk of Bahrain & Oman following the #UAE lead vis-à-vis Israel. But wait: "Morocco said likely to be one of the next states to normalize ties with Israel" "Lebanese president hints at possibility of peace talks with Israel" <https://t.co/dIHPE8vUuv> <https://t.co/wUxxAdSezK>
- Out-of-touch academics: @ChapmanU's president #DanieleStruppa says he has cut spending "brutally," such as canceling a new gym & giving up 20% of his \$720K base salary. Me: How will he possibly survive on a mere \$600K base salary? Time for food stamps? <https://t.co/NdQHPH8lp3>
- How ironic: #Spain's left-wing government is building a wall to keep illegal migrants out that is one yard higher than Trump's (10m vs 9.1m). Me: - With a potential 100 million illegals en route, Madrid has no choice - All Europe silently says "thank you" <https://t.co/xkq4vcHAGE>
- 2 puzzles about @RTErdogan's threats to downgrade diplomatic relations with the #UAE after the joint statement: - Why just the UAE & not also #Israel? - Why the fury with UAE for recognizing Israel when Turkey was the first Muslim-majority country to do so & still does so now? <https://t.co/E0ddl69wgB>
- @YeniSafak ardently supports @RTErdogan & sometimes floats his trial balloons. It just published a front-page article about a war with Greece & Turkey invading 16 Greek islands in the Aegean Sea. Let's hope this is just letting off steam. #ErdoğanIsRogue <https://t.co/akJR4ei8b5>
- This report claims the Greek authorities are taking unwanted migrants to the Turkish border & leaving them there. If that's true, it's only to be expected. Illegal migrants threaten to overwhelm the country. The old system is broken. New rules are needed. <https://t.co/aFNW0k0OfI>
- I have belonged to something called @Nextdoor, a neighborhood information app. But no longer. I bailed rather than click on "I agree" to the page below. Not clicking it means no access to the website. This feels too much like #NorthKorea, where every activity becomes political. <https://t.co/MiFaZ3m6UA>
- "Under certain conditions ... more than 100 million Africans are likely to cross the Mediterranean Sea over the next two generations." Stephen Smith in his book, "The Scramble for Europe: Young Africa on its way to the Old Continent." What implications! <https://t.co/AifJQzBKIH> <https://t.co/7VPXR6aXMz>
- By way of background: - I'm as anti-Iranian regime as anyone - I'm no maritime law expert That said, the US seizing 4 ships carrying gasoline from Iran to Venezuela strikes me as dangerous; it implies a free-for-all & anarchy on the high seas. Be careful. <https://t.co/Hjphof1SfZ>
- Here's my enthusiastic take today in @TheNatllInterest on the UAE-Israel joint statement. This comes from someone who learned over the decades never to be optimistic about the MidEast. So, I am really going out on a limb by proclaiming myself optimistic. <https://t.co/yKutRyt8N>
- The US-Israel-UAE joint statement has it exactly right: "Israel will suspend declaring sovereignty over [the #WestBank] & focus its efforts now on expanding ties with other countries in the Arab & Muslim world." UAE "agreed to the full normalization of relations" with Israel. <https://t.co/FBpN0sgQSu>
- Have any of you lost telephone coverage because you passed along inaccurate news? No? Well, I hold that @Facebook, @Twitter & the other social media resemble

- phone companies & should not sit in judgment over the veracity of what passes through their websites. #FreedomOfSpeech <https://t.co/iFCm0DVwLW>
- Bravo to @MEForum's Matt Mainen (@MattMa86) for predicting what no one else saw: That Israel's @Netanyahu would abandon #WestBank annexation in exchange for diplomatic relations with the Gulf Arabs. That's precisely what happened today. I now await Matt's next ace prediction. <https://t.co/zakhS9cf3T>
 - This is great news because: - The #UAE & #Israel need each other to face the Iranian threat specifically & the Islamist threat generally - It terminates the wretched, counterproductive #WestBank annexation plan - It re-establishes the positive U.S. diplomatic role going way back <https://t.co/hGjtkDt1LV>
 - A big thanks to 4 key members of Congress who for 2 years have quietly stopped US arms sales to @RTErdogan's rogue Turkey: - Jim Risch, R-ID - Mike McCaul, R-TX - Eliot Engel, D-NY - Bob Menendez, D-NJ Nicely bipartisan, no? Keep up the good work, team. <https://t.co/3TZJ4RFxV6>
 - @JonathanS_Tobin: While "the Biden-Harris ticket is probably the optimal Democratic outcome for the pro-Israel community," their aides (eg, Susan Rice, Karine Jean-Pierre), are far more radical & anti-Israel. The administration's policies will be in play. <https://t.co/pB8guXCRt0>
 - Well, that's a complete surprise. Look who wrote me on 9/11, commissioning an article for the @Spectator; it's then-editor and now-UK prime minister, @BorisJohnson. For reasons I can't recall, my article came out not there but in the @DailyTelegraph. <https://t.co/vAOBY7WUaC> <https://t.co/Pj0m59Fuei>
 - A Sharia court has sentenced Nigerian musician Yahaya Sharif-Aminu, 22, to death on #blasphemy charges because a song he recorded on WhatsApp in March allegedly too highly praised an imam of his tariqa (Sufi brotherhood), the #Tijaniya. Time for protests. <https://t.co/fMCKZqU5zW>
 - @MEForum fellow @MarkDurie: @JoeBiden's endorsing a #hadith (saying of or action by Muhammad) "that promotes the divine duty of Muslims to command & forbid, to compel & prevent, is shameful." Yes, politicians should address Muslim, not Islamic, concerns. <https://t.co/Xdl0gE62y7>
 - Well, Philadelphia is becoming an international city. Seen taped to the floor of a local grocery store: almost-correct signs in Arabic with instructions about #SocialDistancing. Oddly, the right-side one adds at the bottom, "And love is in our hearts." <https://t.co/BQBqVAKKX4>
 - Israel's Border Police (note: not its military) has just deployed the world's first laser beam to knock out kites, balloons & drones coming from Gaza. Responses: - Wow - Is such high-tech really needed for this simple job? - Must be part of #IsraelVictory <https://t.co/bq1kRFtG1F>
 - Were @TheDemocrats serious about combating racism & sexism, they would reverse the @JoeBiden-@KamalaHarris ticket, making Harris their presidential nominee, Biden their VP. Not switching the two reveals them to be hypocrites. (Just kidding. But this is the Democrats' logic.) <https://t.co/sN0dgieNaL>
 - As the Turkish "#OruçReis" ship begins illegally exploring for gas & oil in Greek waters off #Kastelorizo island, Hellenic warships have surrounded it; their collective noise prevents the Oruç Reis from carrying out its delicate operations. Clever, I say. <https://t.co/bzfZTCXPhH>
 - The @NAACP's mission is "to ensure the ... equality of rights of all persons." The #NationOfIslam is a self-proclaimed racist organization that considers whites to be "blue-eyed devils" & excludes them as the enemy. Question: So, how can @RodneyMuhammad7 head a NAACP chapter? <https://t.co/pAUnhZYLAU>
 - Here's testimony from a (necessarily) anonymous ex-Muslim UK woman who converted to Judaism, telling about the police ignoring her pleas for help. Me: - She's entirely credible given the "police" record in #Rotherham & elsewhere - #ExMuslims everywhere deserve serious protection <https://t.co/HF3xplxcYs>
 - A major Pakistani website, @SiasetPK, pirated my @WSJ article about ex-Muslims. Some comments are interesting: "Former Shia say, 'If what we saw in Iran is #Islam, then we want nothing to do with it.' If anyone is religious, he is suspected to be #Basij." <https://t.co/Ry7Y6PKomZ> <https://t.co/0dRxs6ZFAE>
 - A little harmless fun at @JoeBiden's expense. <https://t.co/7UKYiiANe9>
 - @BernardGoldberg: "@JoeBiden is a puppet candidate. I don't think he has a clue as to what he stands for. His political team puts words in his mouth & on a good day he repeats them without forgetting what he's talking about." And that team is very scary. <https://t.co/DHoSREbkNd>
 - 61K people signed a petition for the French government to save Lebanon from itself by taking over. That's 1% of the country's population. That turns leftist theories about imperialism into mush, as everyone is supposed always to reject European control. <https://t.co/A8NEJ0CT7Q>
 - How ironic that today, on the 100th anniversary of the #TreatyOfSèvres that dismembered the #OttomanEmpire, the Turkish lira has cascaded to its lowest value ever. Maybe it's time to ditch @RTErdogan's model & go back to Atatürk's? (Because he led the effort to reject Sèvres.) <https://t.co/PsA3qqmYJW>
 - @Dr_Rafizadeh: The Iran-China deal recalls the infamous 1872 concession to de Reuter, which gave "significant control over Persian roads, factories, extraction of resources, telegraphs, mills & other public works in exchange for ... revenue for 20 years." <https://t.co/3VDjwWWTg6>
 - Alex @Traidman: From #Israel's point of view, it was a "miracle" that those 3K tons of #ammoniumnitrate were not deployed for murdering Israelis. The only solution for both Israelis & Lebanese is both obvious & urgent: the total disarmament of #Hezbollah. <https://t.co/Z90f7Ujuf6>
 - The Mistress Bedroom? "The push to stop using the term 'master bedroom' comes in the wake of George Floyd's death & the resulting Black Lives Matter protests and as the industry grapples with issues of housing discrimination & diversity within its ranks." <https://t.co/xnzY7c2ezs>
 - I have long noted & wondered about the rich west & poor east patterns of city settlement around the world. Good to see a plausible explanation, that it has to do with prevailing winds from west to east carrying pollution eastwards. Thank you, @Cheddar. <https://t.co/WdfgnOwfcW>
 - Notice a pattern? Lebanon: The explosion appears to be due to Hezbollah, the local Iranian agent, storing an explosive for future conflict Yemen: 1.1mn barrels of fuel endanger the country due to the Houthis, the local Iranian agent playing for advantage <https://t.co/UOm4tBU6K>
 - Iran's naval forces had fun at American expense by building a large mock-up of a US aircraft carrier & then attacked it with total impunity. But the fun ended when the mock-up sunk in shallow waters outside a key Iranian port, endangering its own traffic. <https://t.co/oSrpHEyx6z>
 - #FromTheArchive: Boston's Revolutionary Student Brigade in 1976 found "putting on a bathrobe & slippers, and then having to walk through a quarter mile of snow to stand in line for a full breakfast ... decidedly unappetizing." Oh, the poor dears. What revolutionaries must endure! <https://t.co/iWE3eU5b7a>
 - From the archive: "Muhammad Speaks" (The Nation of Islam newspaper), Oct. 24, 1975, ad for "Muslim Imported Sardines, Imported Fancy Quality." Elijah Muhammad had died earlier in 1975 & his son Wallace would soon break with NOI traditions, so this was a big moment of transition. <https://t.co/Sx3Voym7BE>
 - "Egypt & Greece Sign EEZ Agreement" sounds pretty routine, even boring. It's not. Pull out your atlas. If these 2 states share a maritime border, then Turkey & Libya don't. Or the reverse. Not both. It's a Mediterranean cold war that could soon turn hot. <https://t.co/64EoLLbxF>
 - 1932: Atatürk founds the Turkish Language Association (TDK) to rid Turkish of Arabic & Persian words 2020: Erdoğan tasks the TDK to rid Turkish of English words. 2108: Which language will it be next round? Hard to imagine Chinese. Probably still English. <https://t.co/NZDaFcodJs>
 - @DavidPGoldman: "No amount of American economic pressure can cripple the Iranian economy, let alone topple the #Islamist regime in Tehran, if China does not want it

- to happen." Me: The Soviet Union was more aggressive but the #CCP is much, much richer. <https://t.co/ls9wsczKjZ>
- My @WSJ article today, "When #Muslims Leave the Faith," argues that ex-Muslims in the West are growing in number, organizing & acquiring an influence as never before, and that this development has profound implications for the future of #Islam everywhere. <https://t.co/2TQVkJmII>
 - After spending billions & billions to keep the Turkish lira under 7-to-the-dollar, it looks like Ankara has run out of cash or of will to sustain this effort. When will the dictator's erratic, eccentric, evil & egomaniacal ways bring on 8 lira to the dollar? I say in late 2020. <https://t.co/PHkeXvVMWM>
 - Buckling to pressure to rename Berlin subway station #Mohrenstrasse (Moors Street), the BVG decided to rename it for Russian composer Mikhail Glinka, who lived nearby. Whoops. Glinka was an antisemite. What's a politically-correct government agency to do? <https://t.co/41ubH7dOqe>
 - The @FBI found that the Oct '83 bomb that destroyed the US Marine barracks in #Beirut was "the largest conventional blast ever seen" by it. And now Beirut is again the site of the new largest conventional blast ever. Strange; what is it about Beirut? <https://t.co/tb1nhfYQzq> <https://t.co/dXSrBlSL4t>
 - @ShoshanaBryen: "Pres. Trump's pullout of troops [from #Germany] sends a message to Western European countries that if they want to defend themselves, they had better get started." Me: - It's not 1945 anymore - Tough love is needed - Will it work? Maybe <https://t.co/rHy6EN2f99>
 - An unnamed senior European diplomat quoted in the @NYTimes: "There is a big conversation to have about what to do about #Turkey. But it's not for now." Me: - Ridiculous! That conversation is already 18 years overdue - As though delay helps - What cowards <https://t.co/Rk2kXC9AAL>
 - @FehimTastekin: The Egypt-Emirati-Saudi axis ... might create serious troubles for Ankara by edging into restive areas along Turkey's borders, primarily through ties with the Kurds." Me: @RTErdogan's many enemies are finding each other. It's revenge time. <https://t.co/PyhC9Cbamb>
 - Headline of the year: Illinois State Rep. La Shawn K. "Ford Today in Evanston to Call for the Abolishment of History Classes in Illinois Schools." Me: - Well, at least they take history seriously - Is this country going mad? - Is a quiet reaction brewing? <https://t.co/vagBYzvdTF>
 - Kenneth S. Brower at @BESA_Center: "Compared to Israeli military capability, neither the US nor Russia can project meaningful conventional military power into the Middle East" unless they have many months to mobilize & no opposition during that deployment. <https://t.co/W4ZGstgahR>
 - @SoerenKern: #BlackLivesMatter (BLM) "is an ideological descendant of the Black Power Movement, the Black Panthers, the Black Liberation Army and the Weather Underground, all of which sought to overthrow the U.S. political system." 1960s, here we come. <https://t.co/HFT5ICEqKq>
 - Today marks 30 years since the Iraqi forces of #SaddamHussein invaded Kuwait. It seemed like a gigantic event at the time but has now disappeared from consciousness. That's because Saddam represented no larger ideology - just greed & brutality - so his passing had little impact. <https://t.co/CsRkQJkMmO>
 - On July 29, #Baghdad recorded an all-time high temperature of 125°F (51.7°C) & suffered electricity shortages, causing protest demonstrations. Me: Rooting for PM Mustafa Al-Kadhimi مصطفى الكاظمي (@MAKadhimi), hoping for cool weather & lots of electricity. <https://t.co/TlcoQulmre>
 - Oved Lobel of @AIJAC_Update: While no one is paying the Palestinians much attention, Putin has intruded Russia as a "key stakeholder" in the Palestinian-Israeli conflict "to plant itself in the middle of the conflict and make itself an essential player." <https://t.co/bjbHcNbBAV> <https://t.co/berPKHc9dp>
 - #COVID19 has brought out the worst in American politicians. Republicans: Masks are "part of the dehumanization of the children of God." Democrats: #Hydroxychloroquine cannot be the cure, censor that now! Mentally, Washington has become a kindergarten. Time to grow up, people. <https://t.co/oYbVK7PsYf>
 - Israel's FM Ashkenazi: "No one is talking about [#WestBank annexation], justifiably ... Not the Americans, either at the moment." But, he added: "I can't say for sure that it is off the agenda." Me: Great news, hoping this diversion is permanently defunct. <https://t.co/5FZ3muOQGe>
 - If no one else is particularly enthused about a @JoeBiden presidency, he can console himself with the knowledge that the mullahs in #Iran are big, big fans - as these covers suggest. "Maybe, maybe, just six more months of Trump," they tell themselves. "Then back to the warpath." <https://t.co/pl8L1WIVbw>
 - Bad enough that the @RTErdogan regime has endorsed #CCP oppression of the #Uyghurs, its Turkic brethren in China. Worse that it is actually handing over refugee Uyghurs living in #Turkey to Chinese authorities. In another way, this shows Erdo's turpitude. <https://t.co/fidVEADKTR>
 - It's amusing to see how the @RTErdogan regime manages to keep the Turkish lira microscopically under the psychological barrier of 7 to the USD. But it can't sustain this effort. The dam will break. For details, see the @FT: "Erdoğan's gamble has failed." <https://t.co/PPBFXL5CXN> <https://t.co/QKZ1Q5d2Yr>
 - @NASorg: "The University of Texas at Austin (@UTAustin) is plunging head-first into the murky waters of 'diversity, equity, & inclusion,' as per a recently proposed plan." Me: If this plan is adopted & spreads, US universities will further prioritize politics over scholarship. <https://t.co/NMwSoVjum6>
 - @VDHanson predicts: Antifa, BLM, rioters, a sissy Establishment & appeasing Dems make it "likely that we'll see more fireworks after Labor Day — and a pushback like we haven't seen since the early 70s," leading to Trump's re-election. I hope VDH's right. <https://t.co/lrxQIFhJz>
 - More self-incrimination from @CAIRnational, now celebrating 9/11: "it was only Bin Laden turning airplanes into guided missiles that unleashed the Islamophobia hiding just below the pre-9/11 tranquility, shattering the siren call of American assimilation." <https://t.co/r1E1blv4Ra>
 - What does @CAIRnational say about the Holocaust? What you'd expect. #Jews have devoted "untold resources" to maintain "the priority of the Holocaust" and exploiting the Nazi Genocide "to delegitimize criticism of Israel's occupation of Palestinian lands." <https://t.co/YjuJMa9ANZ>
 - Himself a former @AP journalist, @MattFriedman has the personal experience to prod and analyze the baffling journalistic obsession with and hostility toward #Israel. His insightful (and well-written) analysis deserves your time: "the Israel story is a kind of sacred template." <https://t.co/lbTlrvDyn>
 - Instead of the usual 2.5mn pilgrims attending the annual #hajj, it's one measly thousand this year. The picture of them at the Kaaba in Mecca differs from the usual packed scene. Indeed, it has a surreal quality. (The women are in black, the men in white, the umbrellas in red.) <https://t.co/BFjjsqky7k>
 - Mongolia (population 3mn), Eritrea (4mn), Cambodia (17mn) & Vietnam (97mn) each claim not a single death from #COVID19. And the world's richest countries with the best medical systems have the most fatalities? That strikes me as unbelievable. The books are getting well cooked. <https://t.co/bUEy2HF6yX>
 - Simple. Clever. Effective. "The latest reason Australia won't take back citizens detained in Syria's prisons for IS? Coronavirus." <https://t.co/dauv5ZzfMo>
 - Given @RTErdogan's bellicosity, his calling off Turkish drilling for oil & gas in Greek & Cypriot waters during negotiations comes as a surprise. Too much of a surprise, actually; I bet he has a trick or two up his sleeve & will soon resume the drilling. <https://t.co/X4UgYXd2mK>
 - #Germany is disappearing: Those with a migrant background (#Migrationshintergrund; meaning they, or at least one parent, were born without German citizenship)

- reached 21.2mn in 2019 or 26% of the population. This is something very profound to contemplate. <https://t.co/F9tlharHX6>
- A Turkish Islamist magazine, @Gercek_Hayat, is calling for a caliphate in #Turkey. Hmm wonder who it has in mind for caliph. Maybe, just maybe @RTErdogan? I put this into context in a blog that monitors the growing, scary appeal of a renewed caliphate. <https://t.co/QzX0OsNC7D> <https://t.co/8593iFUCmL>
 - Tamar Hermann of the Israel Democracy Institute (@IDIsrael): Recent polls show "approximately 15% of Israelis now define themselves as being on the left, 35% in the center, and 50-60% on the right." Plus, the younger are more conservative than the older. <https://t.co/ujwPcbpLXO>
 - I have my doubts about silencing oneself as a means to protest #antisemitism - powerful arguments are more effective than muteness - but in solidarity, I am off Twitter for the next two days. #NoSafeSpaceForJewHate <https://t.co/DJkXbDFVMf>
 - A sign of the times. A law office in suburban Philadelphia puts up a pro-Trump sign with "God Bless Us Everyone". And then a secondary sign that counts the number of times the pro-Trump sign has been damaged. But the anti-Trump signs remain immaculate. Some build, some destroy. <https://t.co/qyV1cjyz2j>
 - Surprise headline of 2020: Mahmoud "Abbas sets positive example for world leaders" from @MauriceHirsch4 of Palestinian Media Watch (@PalWatch). (Abbas urged star students to study hard, i.e., not engage in jihad.) This shows how deeply fair PMW always is. <https://t.co/KKIQc8oyCf>
 - ICYMI: Eric Kaufmann (@EPKaufm) asked US liberals some unhinged survey questions & got back amazing, dismaying replies. E.g., over 1/3rd of them want to change the name "United States" to one "that better reflects the contributions of Native Americans & our diversity as a people." <https://t.co/LWFGpmbEI9>
 - Einstein allegedly said that "The definition of insanity is doing the same thing over and over again & expecting different results." Whether he said or not, the US House of Representatives has fulfilled this adage. Time to be smart: Try #IsraelVictory. <https://t.co/3STIQuny38>
 - The Church of Sweden has 1,533 women priests & 1,527 men, a historic first, especially as women were first ordained in 1960. The church is mighty proud of this reversal. But I wonder if it's not a sign of men fleeing the church, followed by its collapse. <https://t.co/31pnEJOGG0>
 - @GiulioMeotti sums up at @GatestoneInst the French campaign by "anarchists, thieves, militant leftists, Satanists & Islamists" to destroy the patrimony with 3 daily anti-Christian acts. Worse is the muted reaction. Is this how European civilization ends? <https://t.co/2Yvxsq4d4a>
 - Whoops. @IRWorldwide was caught red-handed, so it claims "unreservedly [to] condemn all forms of discrimination, including #antisemitism" Who believes that? Not me. For details why not, see @MEForum's report, "Islamic Relief: Charity/Extremism/Terror." <https://t.co/KcdhmF2Cu1> <https://t.co/En4yNbv35q>
 - Meir Javedanfar (@MeirJa): "Since March, we have witnessed [perhaps 1K fires across #Iran]. Why would a foreign entity do ... this? What interest does it have in attacking a hospital?" MJ speculates: It's Pres. Rouhani's enemies who wish to discredit him. <https://t.co/Ji8YX5c5AG>
 - The volatile MidEast surprises yet again: Israel's Channel 12 reports that Putin has recruited a militia that includes Caucasian Muslims, the "Huran Army," to control a region of Syria near Israel. Jerusalem is happy about this, not so Damascus & Tehran. <https://t.co/Zq3Si0wNqm>
 - @PinarTremblay shows how even #Turkey's secularists are sounding like Islamists these days because Islamism so dominates that they are shy to dispute it. Me: Turkey has entered a long, dark night. Come back, maybe, in 2050. Meanwhile, such a heavy price. <https://t.co/x2P4odgvqc>
 - Top Turkish religious official Ali Erbaş (@DIBAliErbas) today delivered the first sermon in "The Hagia Sofia Grand Mosque." If that's not bad enough, he spoke with a sword in hand as symbol of its "conquest." "The longing of our nation ... came to an end." <https://t.co/9Roq6X4CI4>
 - Abraham H. Miller (@abrahammiller) raises an astonishing but logical idea: "Given the alarming spike in campus #antisemitism, maybe it's time the Jewish community in the US built its own higher education system." Me: Is the situation really that hopeless? <https://t.co/1mEvpq01Nr>
 - @EdyCohen: The brave Abdul Hameed Al-Ghabin (@Abdullhameeds, #عبدالحميدالغبين), a Saudi subject, has been jailed on false allegations & faces a sentence of 10+ years because of his pro-Israel writings - despite the regime itself becoming pro-Israel. Nuts. <https://t.co/9GvQYLhher>
 - Judy Maynard of @AIJAC_Update: The @WHO mistreats #Israel just as badly as you would expect of a #CCP dominated @UN agency. Eg, its "reports routinely blame Israel for all shortcomings in Palestinian healthcare while absolving the Palestinian leadership." <https://t.co/dqus7Aq8QI> <https://t.co/LGduhLEC6R>
 - #Lexico defines affirmative action as "the practice or policy of favoring individuals belonging to groups known to have been discriminated against previously; positive discrimination." Me: * Isn't that racism? Just asking * I support 1960s colorblindness <https://t.co/RrZANLJQu2> <https://t.co/LVTu8KOWBx>
 - A few comments: * The #CCP urgently needs the PA's support. Thanks, guys * But Xi no doubt appreciates when a prominent Muslim endorses his repression of the (Muslim) Uyghurs in #Xinjiang * This confirms my rule of thumb: Whatever Palestinian leaders endorse, support the reverse <https://t.co/bxo2ITPW1Z>
 - @toby_greene.: "Judeo-Christian' is increasingly invoked interchangeably with 'Christian' on the populist radical right" in Europe. Me: - How can "Judeo-Christian" be a "radical right" slogan? - Academics will do anything to discredit #civilizationists <https://t.co/io4wdQ03Ea> <https://t.co/crDfz9O20B>
 - #Poland's Education Ministry announces: The #Latin language & ancient culture will now be taught in the core curriculum of secondary school (at age 15 or so). Me: - This is an unexpected & wonderful way to connect to Europe's heritage. - Go #civilizationists, Polish & elsewhere. <https://t.co/WA1TviuJ7r>
 - Good: The @StateDept urged Turkey "to halt any plans" to drill for hydrocarbons in the waters south & east of #Kastelorizo, a Greek island. Outrageous: State called this self-evidently Greek territory "disputed waters." Why constantly appease @RTErdogan? <https://t.co/6BdWoogs3P>
 - News item: Israeli authorities detained Suhail Khoury, director general of the Jerusalem-based "Edward Said National Conservatory of Music" for financing terrorist organizations. Me: Will the Edward Said Professor at Columbia University be arrested next? <https://t.co/pMtlccZD9k>
 - Scary: #Turkey's forces are encroaching on sovereign but distant Greek territory, the island of #Kastelorizo. I have long worried about @RTErdogan making it a flashpoint. As his aggression mounts (Syria, Libya, #HagiaSofia), the moment may have arrived. <https://t.co/mpk1UJlft2>
 - @Chevron's merging with @NblEnergy has potentially major implications: this is the first time a major energy corporation invests in #Israel. This change reflects the #JewishState's growing importance as well as diminished Arab state hostility to it. All good news all around. <https://t.co/BlhWbBXXfR>
 - Ignore immigrants & just look at indigenous populations of #Europe's 5 largest countries: Alejandro Macarrón projects their numbers to decline between 1/3 & nearly 2/3 over the next 80 years - within the lifetime of today's infants. Unless things change fast, it's bye-bye Europe. <https://t.co/mnGoWEg7tH>
 - Iran officially reports a measly 270K cases of #COVID19 in a population of 82mn. No one believes that, not even Iran's Pres. @HassanRouhani, who announced that 25mn have the virus. If so, #Iran has about twice as many cases as everyone else combined. <https://t.co/iCiwNS1HwH>
 - Admittedly, @TurkishAirlines (#THY) offers fine service & seats, good prices & an amazing lounge in Istanbul. It's even part of the great @StarAlliance. But it's half-owned by Turkey's government, so every ride helps support @RTErdogan's #Islamist aggression. So: Don't fly THY. <https://t.co/bKcgOsbD7>

- My new article at @AcadQuestions: I look at Rodney Stark's history of #Europe, "How the West Won," a riposte to the academy's dominant multiculturalist & self-flagellating outlook. Stark's book is revisionist, pugnacious & exciting. It's worth your time. <https://t.co/iS4XAHYD8j>
- Have you seen the remarkably brave article by Kareem Abdul-Jabbar (@kaj33)? He denounces the "recent incidents of anti-Semitic tweets & posts from sports & entertainment celebrities" as "a very troubling omen." He needs & deserves support against the Woke mob of cynics & bigots. <https://t.co/aUnil8VbRi>
- Everyone knows that sending merchandise by ship costs a fraction that it costs by land. So, Iran's "International North-South Transport Corridor" makes no economic sense & cannot challenge Egypt's Suez Canal. But the mullahs are desperate. <https://t.co/gHQAt2HUXU> /قناة-المويس-شحن <https://t.co/5sLEEDcyXI>
- Trouble ahead: Sudan reports that #Nile River levels went down by 90mm m3 because Ethiopia's #GERD is stopping the flow of water. Me: Irresponsible behavior in Addis Ababa could yet lead to conflagration. Adults: Get Nobel Laureate @AbiyAhmedAli in line. <https://t.co/vhKjHjeMTf>
- #JackDulgarian plays out a scenario of @RTErdogan, in need of a boost ahead of the 2023 elections, seizes the Greek island of #Kastelorizo. Turkish forces take Kastelorizo without a shot & Western powers then supinely acquiesce. Me: It's realistic & scary. <https://t.co/Rf91CRqHul>
- Remember #EmnaChargui? Tunisian, 27, she reposted a gentle mock-Koranic verse about #COVID19. Now, a court has sentenced her to 6 months in prison and a \$700 fine. Note that Tunisia may be the most open-minded Muslim-majority country in the entire world. <https://t.co/DE8P4oLRUD>
- The harshest condemnation of turning #HagiaSofia back into a mosque? It comes not from a Greek but from a Turk, the distinguished & brave Professor Taner Akçam of @ClarkUniversity. Akçam calls the move one of "barbarism" & explains this with much detail. <https://t.co/J24W6Ry9kj>
- Everyone should read @BariWeiss' powerful letter of resignation addressed to the @NYTimes publisher, AG Sulzberger (@AGSNYT). She notes the "constant bullying by colleagues who disagree with my views. They have called me a Nazi and a racist." Brava Bari. <https://t.co/idXMa4LG1m>
- Tehran has stopped murdering Iranian dissidents based in Europe & instead "uses lawfare and plays politics" to shut them down. @IrinaTsukerman at @BESA_Center explains the logic, success, & implications (for Washington too) of this clever shift in tactics. <https://t.co/4H6P21eoFh>
- No #WestBank annexation? That's what Knesset Speaker #YarivLevin reports. He explains that the Trump administration's attention is elsewhere & "it is not listening." Me: Great news. Time to end this counterproductive distraction & focus on #IsraelVictory. <https://t.co/dtGc5fNc73>
- #BurakBekdil at @GatestoneInst interprets @RTErdogan's turning #HagiaSofia again into a mosque: "An Islamist leader decides to convert a monumental cathedral into a mosque, and his fans, are spilling out hatred against Jews. This is Turkey's new normal." <https://t.co/Z0dQWbV3O1>
- Two @LancasterUni professors, Benjamin Lee & Kim Knott: @CampusWatchMEF' recommending some MidEast studies professors & criticizing other ones "feeds into" a trope that ends up with the "mass murder of political opponents." Me: Whoa there, profs. Really? <https://t.co/rH4fdwPIht> <https://t.co/VgJTzqFe1T>
- I disagree with @AndrzejDuda on many issues but am glad he was reelected president of #Poland because I see the former #WarsawBloc countries as Europe's new leaders, taking over from west Europe's deep failures. Yes, they will make mistakes but eventually find a true path forward <https://t.co/rxfYDMKAsi>
- Even Turkey's @RTErdogan realizes that turning #HagiaSofia into a mosque is a terrible idea: In 2019, asked about Islamists pressuring for this move, he replied: "They don't know the world. ... As a political leader, I [will not] be deceived by this trap." <https://t.co/b1pbZSICRK>
- I've long said that I'd hate to try to get a job in Europe named Muhammad. Now, it turns out, if Muhammad does get a job, his employer might call him "Antoine". Hey Europe, why let in so many immigrants & then discriminate against them? What's your logic? <https://t.co/3jxOKihnfe>
- Michael Rubin (@mrubin1971): "#Turkey, @NATO member or not, increasingly ... fulfills any definition of terror sponsor more than the #PKK does." Hello, @DeptofDefense & @StateDept: It's time you both wake up. Work with the Kurds & kick Ankara out of NATO. <https://t.co/83c5sJiQf>
- I rooted for Sweden's experiment of minimally limiting economic life in response to #COVID19. Looks like it failed. "It is simplistic to portray government actions such as quarantines as the cause of economic damage. The real culprit is the virus itself." <https://t.co/gXlzAck7KQ>
- Turkey's Total Fertility Rate (#TFR) is dropping precipitously: 2017: 2.07 2018: 1.99 2019: 1.88 Me: - This hides a huge gap between high Kurdish & low ethnic Turkish rates, ~3.4 vs ~1.7 - Poor @RTErdogan & his bloated dreams of glory, doomed to failure <https://t.co/8HM5HFvkql>
- 1. Did anyone mention nepotism? 2. There ought to be a law against this. 3. @IlhanMN misbehaves again. 4. Typical, all so typical of the corruption that defines most #Islamists. 5. And this is @TheDemocrats new star along with @LSarsour? How pathetic. <https://t.co/ZJBrlirziz>
- Turkey's President @RTErdogan: "The resurrection of #HagiaSophia heralds the liberation of #AlAqsaMosque" in Jerusalem. Me: Erdoğan ignores the fact that Israelis did not emulate Turks turning Hagia Sofia into a mosque by turning Al-Aqsa into a synagogue. <https://t.co/FDLGZa7Fq4>
- #HagiaSofia's chronology: 537-1453 cathedral 1453-1934 mosque 1934-2020 museum 2020-20xx mosque 20xx- museum In other words, @RTErdogan's little gambit is not the final step. It's just an act of desperation by a failing politician vainly trying to appeal to his shrinking base. <https://t.co/keulPLWhgi>
- Turkey's ambassador to France, @ihakkimusa: "Imagine @NATO without #Turkey! You would have no NATO." Me: - Actually, NATO without Turkey would finally return to being a functional alliance vs #Islamists, Russia & the CCP. - It's past time to expel Turkey. <https://t.co/3unFXHOpPm>
- @IranWireEnglish reveals an extraordinary 18-page document in which #Iran's Islamist dictators voluntarily turn their country into a satrapy (colony) of China's #CCP for 25 years in return for economic relief. Me: Anything to stay in power, eh @Khamenei_ir? But it won't work. <https://t.co/h108tpIMpl>
- Judy Maynard of @AIJAC_Update helpfully contrasts the deceitful #BDS map of "Palestine" with the accurate one by Shany Mor (@ShMMor). Point is, Palestinians claim territory they never controlled. It's only thanks to Israel they they have political power. <https://t.co/Vuk59uJ7tP> <https://t.co/eaowpWBxLH>

- A blog at my website titled "Advice to Non-Muslim Women against Marrying Muslim Men" (with 21K comments) has had a direct impact on countless individuals. For example, Rosie explains how she "fell for the wrong Egyptian man in the UK during the pandemic." <https://t.co/HeYDAIDcaW> <https://t.co/jhMFhcjWUJ>
- How many deaths from #COVID19 in Iran? It depends who you ask: 12K government 66K Mojahedin-e Khalq The mullahs lie about everything all the time, so I sooner believe the #MeK, which also finds that 18mn, or 20% of Iran's population, has been infected. <https://t.co/0g96VW4Np3>
- @NickCohen4: "Iran, Egypt, Syria & dozens of other countries that could not tolerate [SalmanRushdie's] magical realist novel can live with the mass sterilisation of [#Uyghur] Muslim women" in #Xinjiang. In other words, Islamic solidarity buckles in face of an aggressive #CCP. <https://t.co/8JjZDaUNSz>
- Raphael G. Bouchnik-Chen: #DavidBenGurion made a huge mistake naming the #JewishState "Israel" & not keeping the name "Palestine," abandoning the latter to the region's Arabs. Me: Interesting idea but it's hard to see history different because of a name. <https://t.co/GMkrGXbq1b>

- Look what I found in the basement: #ThomasStemberg (1949-2015) founded the immensely successful @StaplesStores company & became a prominent philanthropist. We were college classmates and worked together at the @Harvard Student Agencies (#HSA) - he on publicity & I on computers. <https://t.co/k39LoVaLhy>
- New research points to #COVID19 (aka the #CCPVirus) having been developed in a laboratory. Norway's #BirgerSørensen: "We found ... that this virus was exceptionally well adjusted to infect humans." He pauses for a second. "So well that it was suspicious." <https://t.co/UnyrMqAAIZ>
- #HillelFrisch adds another factor to explaining #Israel's timid security establishment: "Much of the IDF brass and former brass pine for the tried and true." Me: Sclerosis threatens every bureaucracy, no matter how innovative, dynamic & crucial it may be. <https://t.co/NRVjYXAcMP>
- #Wuhan turns out not only to be the source of the #CCPVirus but also ground zero for a \$2.8bn gold-bar fraud by #Kingold, a @Nasdaq-listed company headquartered there. Me: How does the world's largest economy intelligently disengage from the 2nd largest? <https://t.co/YcBld5yp6X>
- "Plot" has 2 meanings in English: conspiracy & piece of land. In this sign, apparently serious & in #SaudiArabia, an Anglophobe looked up "plot" in an Arabic dictionary & located the word for "conspiracy." Thus, the hilarious & deeply insightful sign reads "Conspiracy for sale." <https://t.co/B1lIO6XIYg>
- We hear incessantly about the rise is #COVID19 cases in the USA and that is important. But what about the steady decline in deaths, why is that ignored? Maybe b/c the media loves bad news. More cases but fewer deaths; in all, that's an acceptable trend. <https://t.co/gbVQeC5lum> <https://t.co/TfEszRavn>
- Somerville, MA has unanimously recognized "#polyamorous relationships" as equal to marriage. The discourse is trendy & leftist but I hear something v different: the validation of #Islamic polygyny. If this takes off, monogamy becomes a life style option. <https://t.co/brQnRPgOuD>
- "Erdoğan sucks" is neither eloquent nor informative but Turkish basketball player @EnesKanter does the essentials right here. Good to see that nearly 22K people like the jersey. <https://t.co/yfsEUi22zU> <https://t.co/6c4xb3uqhs>
- Israeli plans to annex parts of the #WestBank have pushed #Fatah & #Hamas to put aside differences & work together. Those differences being tactical, this could be a turning point for anti-Zionist forces. It's another negative consequence of annexation. <https://t.co/UEHvb6YCmS>
- Did you know? #ISIS has become a major dealer in amphetamines. 14 tons or 84mn Captagon pills worth over \$1bn were just seized in Italy, the biggest haul ever. It's a perfect Islamist tool: lucrative while damaging the kuffar. It also emboldens jihadis. <https://t.co/LW6tBRWuF>

- When the Nazis banned the music by #DariusMilhaud (1892–1974), a French Jew, two French pianists successfully evaded the ban by listing the composer of "#Scaramouche" as ... an Arab named "Hamid-al-Usurid." Now where did they get that name? Hint: It's a margana (read backwards). <https://t.co/KWHOdIL78I>
- The Israeli authorities are at again, cracking down hard on Jews who dare in any way criticize Islam or (in this case) engage in activism vis-à-vis the #TempleMount. Read the wrenching testimony of 14-year-old #YedidyaEpstein & his maltreatment by police. <https://t.co/RKihbHQURL>
- Today, the Chinese Communist Party (#CCP) turned #HongKong into just another province. It's both a travesty & a tragedy. From a US perspective, this is a great opportunity to invite highly-qualified, democratically-minded, English-speaking immigrants. They need us, we need them. <https://t.co/IT1JmfcGje>
- The notion of Israel turning territory to the Palestinian Authority has re-emerged after months of dormancy. That sounds reasonable but I explained below why this will not work. <https://t.co/m7kKYictDA> <https://t.co/K5Vux7YmYB>
- From a May 1966 questionnaire sent out by the headmaster of my high school, #CommonwealthSchool: Q: It you had Johnson's power, what would you do about #Vietnam? A: I would handle it much the way he is, perhaps with more force yet. Conclusion: I am an instinctive conservative. <https://t.co/Gk5qdiyF25>
- Wishing @AIPAC well, but 2 factors make its life difficult: 1. A reckless mood in #Israel intent on annexing parts of the #WestBank, no matter the cost of a symbolic move. 2. A leftward surge among the @TheDemocrats that emphasizes & celebrates hostility to Israel. I do worry. <https://t.co/NGZz8c0XT2>
- Eric Kaufmann (@epkaufm) sees this moment as a potential turning point: "America may have stepped over the precipice toward cultural revolution." - @AdrianZenz: Birth rates in the mostly #Uighur regions of Hotan & Kashgar in China plunged by more than 60% from 2015 to 2018. Through extreme repression, the #CCP has turned #Xinjiang from one of China's fastest-growing regions into one of its slowest. <https://t.co/qRVV6XtmYi>
- I explain "Israel's timid security establishment" today. Why did the armed forces that defeated 3 states in 6 days & heisted Iran's nuclear archive need 50 days to end a minor military operation & could not stop burning balloons from coming out of #Gaza? <https://t.co/RolhhUzjgo>
- See @Jeff_Jacoby's beautiful article on #MuhammadAlissa, the Saudi head of the @MWLOrg_en, & the implications of his peaceful message, one which represents the hope for the decline of Islamism & a reform, peaceful Islam. Will it prevail? I am optimistic. <https://t.co/Mo4aVJk8yt>
- @Princeton calls #WoodrowWilson a "racist president" & is removing his name. Me: "Princeton" is named after King William III of England. Hmm, he was anti-republican, anti-Catholic & an unelected monarch. Time, I say, to change "Princeton" to "Commonton." <https://t.co/TwVXSBhA3P>
- @SFrantzman raises a new issue: "The problem with annexation ... is that Israel hasn't applied sovereignty in Jerusalem. ... No one who deals with east Jerusalem thinks the city is really unified. Go to Isawiya or Jebel Mukaber ... and see the unified city." <https://t.co/FNe8CXliyw>
- Great news: #Ethiopia has agreed in principle to take the needs of downstream neighbors #Egypt & #Sudan into account when filling its Grand Ethiopian Renaissance Dam (#GERD) reservoir. Me: It's so important that these 3 governments work out a compromise. <https://t.co/iBOWTujVAm>
- Spanish newspaper @ABC_es reveals: Venezuela's communist dictator #HugoChávez gave Italy's left-anarchist Five Star Movement (@Mov5Stelle) €3.5mn in July 2010, less than a year after its founding in Oct '09. Where would M5S be now without that infusion? <https://t.co/hn7A5RFTXL>
- Excellent response by a Pakistani to her PM, @ImranKhanPTI, declaring that "The Americans came to Abbottabad and killed Osama bin Laden, martyred him." Me: That Imran Khan apologizes for a vicious killer is no surprise, for Islamists instinctively stick together. Poor #Pakistan. <https://t.co/MVAL5KdQ3I>
- #NeilGandal of @TelAvivUni: "Old-age homes ... cause deaths" from #COVID19. "Many fewer would have died if they had been living at home." He estimates 28% of the difference between mortality rates in European countries can be attributed to old-age homes. <https://t.co/ieJQ2WxQMg>
- News item: "Trump's top aides are unable to reach a decision on whether to support #Israel's plan" to annex parts of the #WestBank. Me: - Good to see that there's a real

- In a stemwinder of a speech, National Security Adviser #RobertOBrien compared China's Xi to #Stalin, stated that China aims to "remake the world" & called bipartisan blindness to this fact "the greatest failure of American foreign policy since the 1930s." <https://t.co/l9fnYSUB6y>
 - @KhaledAbuToameh: The Association of Religious Scholars of Palestine (رابطة علماء فلسطين) only pretends to care about Israeli annexation of the #WestBank. In fact, it opposes the very existence of the #JewishState of #Israel. The borders hardly matter. <https://t.co/bustWgGdQV> <https://t.co/b0J0qRBzZI>

 - I also note with sadness the death of #NemirKirdar. I worked for him for 3 years, 1996-9, helping him to polish public speeches on such topics as "Practices & Challenges Facing Arab Managers" & "The Need for Economic Integration." From diverse backgrounds, we had much in common. <https://t.co/d1xkJf8zml>
 - I hope @RepEliotEngel manages to keep his seat in the #USHouse. But if he loses, here's a commemorative picture from 2003 of me, him, and the current president of Lebanon, @General_Aoun (now, sadly, an ally of Hezbollah). <https://t.co/LVMCmHEXhz>

 - Major @WashInstitute study by @David_Pollock_ on Palestinian attitudes shows the need for #IsraelVictory is greater than ever. E.g.: 2015: 56% #WestBankers & 44% Gazans accept 2-state solution, i.e., accept Israel 2020: Now 9% & 21% - a huge 2/3 decline <https://t.co/d7QWzFngPd>
 - @HerbKeinon: Should #Egypt & #Turkey go to war in #Libya, both of their leaders, Sisi & @RTErdogan, will try to win Muslim support via anti-Zionism. If Israel annexes parts of the #WestBank, they will respond venomously. Me: Another reason not to take this merely symbolic step. <https://t.co/uv3xQBmLZ>
 - @Business & @Kpler on Iran's oil exports: - 2.3mn barrels per day in January 2018 - 1mn bpd in April 2019 - 287K bpd in March 2020 - 70K bpd in April 2020 Me: How much lower can it go? How long can the mullahs rule Iran? Whither Islamism? Go Trump. <https://t.co/F5cJPeBmso>
 - It looks like the war between Turkey & Egypt for control of Libya has begun in earnest. Western powers: Time to come to the aid of #Sisi to defeat the Islamist imperialist @RTErdogan. The Turkish dictator needs to be taught a lesson once & for all time. <https://t.co/uOi9MqDxAI>
 - Have you heard of #Megasis? No? Well, it's a supermarket chain-in-the-making in Venezuela. What makes it special, if not unique, is it's being Iranian owned and mostly stocked with Iranian foods. Solidarity of the rogues. Totalitarians cluster together. <https://t.co/zvlc456JYK>
 - Notice any similarities? 2003-05: Israeli PM Sharon abandons all of #Gaza, perhaps to distract from his legal problems. 2020-: Israeli PM @Netanyahu annexes parts of the #WestBank, perhaps to distract from his legal problems. Conclusion: - Similar problems - Opposite policies
 - It's wonderful to see Republican members of the #USHouse full-throatedly supporting #Israel. But isn't this passage completely unrealistic? "We write ... to emphasize that Israel has the right to make sovereign decisions independent of outside pressure." <https://t.co/3S7MsfioGZ>
 - I decry Amman's slipping into semi-Islamist, semi-Palestinian rhetoric at "Jerusalem, Jordan, and the Jews" in @IsraelHayomEng. "The Ancient Jews came, they attacked, killed and destroyed everyone and everything they could." Really? You can do better. <https://t.co/HG0pU7S8Fz> <https://t.co/PAD24NS9zg>
 - @AmbJohnBolton's book clarifies that #JamesJeffrey, the "US Special Representative for Syria Engagement" is an apologist for Turkey's dictator @RTErdogan. He needs to be let go. ilhan tanir (@WashingtonPoint) exposes the full, gory details at @Ahval_en. <https://t.co/DQTXRBz8IX>
 - The personal savings rate in the United States has long been abysmally low. But the #CCPvirus fixed that. It was: 8.2% in February 13.1% in March 33% in April The collapse of travel, entertainment etc. instantly & amazingly quadrupled the savings rate. <https://t.co/ddBfldKIP3>
 - As ever, the Palestinian-Israeli conflict is local politics in the USA, specifically in two #USHouse Democratic primaries: Eliot Engel vs Jamaal Bowman Ilhan Omar vs Antone Melton-Meaux The results will say much about the future of American liberalism. <https://t.co/o0vJ9ysbUY>
 - Adding my voice to support Alberto Fernandez (@AlbertoMiguelF5), a great American who did a spectacular job at Middle East Broadcasting Networks, overseeing the 2 Arabic-language outlets @AlHurraNews television & @RadioSawa. Reinstate him pronto, with apologies. @DanNassif <https://t.co/Qe3utTXxwM>
 - We've long known that Turkey is about the worst of Trump's foreign policies due to his weird bromance with Dictator @RTErdogan (with #JamesJeffrey's encouragement). Now, @AmbJohnBolton's book reveals the complex & ugly details. @Ahval_En summarizes them. <https://t.co/gfThrxjn4n>
 - @LibyaReview: Libya's GNA paid #Turkey's government \$12bn for providing military & economic help. This money floats @RTErdogan's regime at a very difficult time economically. And #Libya is on its way to becoming a Turkish colony again. Meanwhile, the West sleeps peacefully. <https://t.co/dAXWunFj7I>
 - Is a war in Libya between Egypt & Turkey looming? @ArabWeekly: "Sisi opened the door Saturday for direct military intervention in Libya to stop the advance of the Turkey-backed GNA militias by clearly stating that 'Sirte & al-Jafra are a red line!'" US government: Support him. <https://t.co/08bmqaWdVv>
 - ICYMI, here's an adorable article by #SabihaAllouche from the International Journal of Middle East Studies (@IJMES1) with the easy-to-understand title, "Queering Heterosexual (Intersectarian) Love In Lebanon." Me: #MidEast studies is such fun, making simple topics impenetrable. <https://t.co/CtW9xjwUo5>
 - Daniel Greenfield (@Sultanknish) points out dismaying L.A. news: "There is an unbridgeable moral gap between the @Chabad synagogue that opened its doors to the National Guard & the Modern Orthodox synagogues that opened their doors to black nationalists." <https://t.co/BgPwFMIEmt>
 - Turkey's Justice Minister @AbdulhamitGul wants the #HagiaSophia, the greatest Christian cathedral of antiquity, to serve as a mosque because this will "restore" it to its original function. Me: That's exactly the Islamists' imperialist version of history. <https://t.co/O3TimbB5mN>
 - Governmental of Iran income from gas & oil exports: 2017 \$55bn 2018 \$67bn 2019 \$20bn 2020 \$?bn Despite a 70% drop in revenue, regime has spending continued as in the good old days. 2020 looks disastrous. @ADadpay: "Iran's economy [seemingly] has reached the end of its tether." <https://t.co/gUIQvaKxMp>
 - Startling news: #Egypt's government may build a military base on Eritrea's #Noralsland in the Red Sea. Me: This mostly concerns pressuring Ethiopia's decisions on filling the #GERD, its mammoth new dam on the Blue Nile that provides 60% of Egypt's water. <https://t.co/ufzgOxn4JI> <https://t.co/lu1nVE9q3g>
 - @FrankGaffney and I recently discussed "U.S.-Turkish Relations in Context" on his show, Secure Freedom Radio. In brief: The biggest problem is that Westerners don't see or accept that #Turkey has gone rogue & become an enemy state. How long will it take? <https://t.co/F2aPztejSr>
 - "Take down the #pyramids #Slaves built them." Serious or sarcastic? The ultimate anti-racist call or making fun of the war on statues? See the informed discussion by #ShariraAmin at @AlMonitor. <https://t.co/ka1WNPVIXt> <https://t.co/ORLXxgKatY>

- #WEOG asleep: The Western group at the @UN nominated @Volkan_Bozkir of Turkey, a member of @RTErdogan's #AKP party, to become president of the #UNGGeneralAssembly. He was just elected to this position for a year. Hello, West, can't you see that Turkey is a rogue state & an enemy? <https://t.co/hD4UoJJaGx>
- One more sign that #AngelaMerkel is a leftist: Her office donated €1mn to the Soros-funded NGO "Neue deutsche Medienmacher" (New German Media Makers – @NDMedienmacher). This NdM in turn supports violent Antifa organizations. Hello, German taxpayers. <https://t.co/NTrNtRPpzS>
- It's painful to read about @AmbJohnBolton's book on working for Trump. - Surely, Bolton fully knew Trump's faults before taking the NSA job - It appears he wrote out of pique, the consequences be damned - He gives his life-long opponents a boost. But why? <https://t.co/QZuLM179P5>
- Check out the excellent analysis by #OvedLobel of @AIJAC_Update on Israel's connection to Libya's civil war. - #Trump on #victory yesterday: "Let our enemies be on notice: If our people are threatened, we will never, ever hesitate to act. And when we fight, from now on, we will fight only to win. As MacArthur said: 'In war, there is no substitute for victory!'" <https://t.co/pktEO26NnB>
- What with #COVID19, the #ChiComm threat, US riots, the economic crisis & much more, the MidEast & #Islamism are no longer dominating the news, as they steadily had since Sep. 11, 2001. And 7 of my last 11 articles are not on those topics. It's a new era. <https://t.co/Aj1d5uYv2b> <https://t.co/ZfBD4iiC7E>
- My @GatestoneInst article introduces a new game: #DecipherBidenese. (1) Prune gibberish & (2) add what is needed to make sense. I try this out on a major statement by @JoeBiden about #Turkey, turning prattle into a pretty impressive policy announcement. <https://t.co/F0j3xliv4C>
- My @WashTimesOpEd today looks at the far-leftist surge now underway in the context of the #1960s. I conclude that this one is the more dangerous because it has far more acceptance in "the real world." Conclusion: The USA may go the way of most of Europe. <https://t.co/obzHJ1FBUH>
- Until now, the governments of Syria & Turkey have mysteriously not targeted the Republic of #Cyprus for waves of illegal migrants, especially Syrians. It looks like that good fortune is coming to an end. I worry deeply for the future of Greek #Cypriots. <https://t.co/210BjktCRr>
- Here's an insight into Mediterranean politics: Ethnic Turks make up ~15% of Libya's population & generally support the GNA faction headed by Fayeze al-Sarraj, himself an ethnic Turk. This helps explain the GNA's willingness to join up with Turkey's @RTErdogan government. #Kuloğlu <https://t.co/f3abBHFdJr>
- As Ethiopia's government threatens to start filling the massive #GERD dam next month, tensions with both Sudan & Egypt are reaching new heights, with talk even of full-scale war. This crisis needs urgent international attention before it does great damage. <https://t.co/lcgOlgzJ7e>
- #Israel's Settlement Affairs Minister @TzipiHotovely: "There are gaps between the Americans & us on [annexation of the #WestBank] and between" Likud & Blue&White. Me: - It looks like the annexation plan is defunct for now - If so, that's excellent news <https://t.co/aCA6TFyYRr>
- US "maximum pressure" vs #Iran's dictatorship is a great success. For example, the head of its media service announced that @PressTV (its English news channel) & @AlAlam_channel (same in Arabic) will be "taken off the air in the days or weeks to come." <https://t.co/dkeWyNVBsM>
- Have you heard about the legislation in #Iran that would make ownership of any Israeli technology a crime (ie, 5 years in jail for using an #iPhone)? Ofira Seliktar & Farhad Rezaei explain how this absurdity originated in the legal woes of 2 hardliners. <https://t.co/7GGFUNcfaX>
- "Silence is violence." @DavidHarsanyi meditates on this terse bit of revolutionary rhetoric to explain "why your apolitical local lawn-care company is sending out emails promising to dedicate itself to Black Lives Matter." - This important survey by @JohnDDavidson documents the high-profile jobs lost on account of not exactly toeing the #BlackLivesMatter's revolutionary line. Here's a curious, unnoticed, implication: Only liberals are vulnerable to this defenestration. Conservatives are still safe. <https://t.co/NfyxP7cSiw>
- @AIPAC serves as Israel's lawyer in Washington. About once a decade, the lawyer disagrees with the client & very cautiously signals this. Annexing any part of the #WestBank is one of those rare occasions. And rightly so, too, as this harms said client. <https://t.co/JhPIhiUBzb>
- Today marks 100 straight days at home. Except for 1 dinner out by car, I have walked everywhere. - Lost one stone (=14 pounds) - Got around to tidying up the basement - Wrote more than any time since graduate school days So, while I worry about the world at large, life is good. <https://t.co/8uEyObBkt>
- Brilliant 1993 insight by #IrvingKristol: "Now that the other 'Cold War' is over, the real cold war has begun." - Why I am ditching Amazon for Walmart: @Amazon's statement on the left: "Black lives matter: Amazon stands in solidarity with the Black community" @Walmart's statement on the right: "We're taking steps toward real change to address racism head-on" I urge all to do likewise. <https://t.co/5uQIMZVguc>
- @JohnBrownstein of @Harvard: The study of hospital car parking and search engine words in Wuhan suggests that the #COVID19, aka #CCPVirus, began as early as Aug 2019. Me: - Does anyone still doubt a CCP coverup? - Never trust communists - #ChiComms. . <https://t.co/uDOKRzbXyN> <https://t.co/wPRul8g5Sr>
- Things are really heating up in #Libya. @The_NewArab: "A large convoy of Egyptian military hardware - including tanks & attack helicopters - has reportedly crossed the Libyan border." Me: The Trump administration must pay attention to this growing crisis. <https://t.co/2moGb6wzpw>
- Good to see that Greece now has a valid, mutually-agreed upon exclusive economic zone (#EEZ) with Italy. Albania is next. Turkey is another matter. Greedy, Islamist @RTErdogan wants the Aegean islands, if not the Greek mainland. Where's the EU support? <https://t.co/dCiL71uibG>

- #HaimShine: "Jewish history won't forgive those who foil sovereignty bid." Me: - Really? - Why not honestly & openly assert, "God won't forgive those who oppose #Israel's annexation of the #WestBank" - @IsraelHayomEng should not publish such declarations <https://t.co/Z5Ck5th17U>
- Could it be that a massive \$100mn kickback from the #Saudi king to ex-King Juan Carlos of Spain (as part of a \$8bn contract to build a train line connecting #Mecca and #Medina) ends up destroying the Spanish monarchy? It's possible; there's an investigation going on. Stay tuned. <https://t.co/pEwOYRgoXX>
- #ClimateChange #MeToo #AbolishICE #BlackLivesMatter Why is the Left so much better at packaging its causes than the Right? I nominate these as core conservative slogans: #SecureTheGrid #AbolishTheAdministrativeState #StopRacialPreferences #EndDeplatforming #ProtectTheBorders <https://t.co/ULhlyYZCMM>
- Tax-payer funded @NPR does not overtly call for burning "racist" books. But Juan Vidal (@itsjuanlove)'s demand that white people "take a moment to examine your bookshelf" & his reference to "casting aside colonialist ideas" gets uncomfortably close. <https://t.co/E0Y5wga0rF>
- I commend @DavidPGoldman's brilliant article on the current crisis. Two main takeaways: - Effective policing necessarily implies increased humiliation for blacks - Affirmative action in education has spectacularly failed black men - another humiliation <https://t.co/fCeguckq8M>
- Breaking news: There's "an agreement in principle on the delivery of the second set" of Russia's #S400 missile systems to #Turkey. Me: - In other words, @RTERdogan is doubling down on his anti-@NATO policies - It's way past time to boot Turkey from NATO. <https://t.co/srJ8h2GbHF>
- The resignation of @NYTimes opinion editor @JBennet & re-assignment of deputy editor @JimDao has personal meaning for me, as both were directly involved in publishing my May 7 oped (on #WestBank annexation). I thank them, noting the NYT is now closed shut to someone w/ my views. <https://t.co/CiwTcZ9ucC>
- @JeffBarak asks "why Netanyahu seems so determined to press on with a plan that brings no real benefit to Israel & carries some very real dangers." Barak's reply: "to distract attention from ... the sight of a sitting PM in court." Me: I am less cynical. <https://t.co/5bvfpilF8g>
- Stan Wischnowski, @swischnowski, ex. editor at the @PhillyInquirer, resigned b/c a "Buildings Matter, Too" headline outraged the leftist mob. Me: - It's easy to lose one's job these days - The thought police may be stronger than the blue-uniformed police <https://t.co/kjQvVy1Vau>
- #DzenanCamovic, 20, a Muslim of Bosnian origins, who is accused of shooting 2 police and stabbing a third in Brooklyn, screamed "Allahu akbar!" three times during the unprovoked attack, police report. Me: After a long lull, will the jihad now restart? <https://t.co/DJRIknUlyL>
- @ThePolForum: "If you have a home in one of the major urban cores ... a brownstone in Brooklyn, a greystone in Chicago, a Capitol Hill townhouse in DC, a turn-of-the-century Craftsman in Jefferson Park in LA; get out now. Let us repeat: GET. OUT. NOW." <https://t.co/4MHMYgyXQa> <https://t.co/yM4EzU2h8z>
- @KhaledAbuToameh exposes @RTERdogan: "While portraying himself as the defender of the Palestinians & of the holy Islamic sites in Jerusalem, he is also depriving 1000s of Palestinian refugees of basic rights, including access to education & medical care." <https://t.co/A1NVq9z8AQ>
- Have you heard about the case of #NicholasMeriwether v Ohio's Shawnee State Univ., a public institution? A court ruled that his addressing a male student with masculine pronouns is not "speech" protected by the First Amendment. Outrageous. He is appealing. <https://t.co/2IDfXZLaHX>
- Today marks a century since the #TreatyOfTrianon, when the Kingdom of #Hungary was forced to give up 71% of its land & 64% of its population to neighboring countries. Vengeful decisions like this contributed to WWII & still cause tensions today in #CentralEurope & the #MidEast. <https://t.co/7u03dXMdpJ>
- I published "A Reluctant but Unhesitating Vote for Donald Trump" in @Newsweek. "Slowly but inexorably over the past 3 years, my approval of the policies has outbalanced my distaste for the person. ... I will do my small part to help Trump get re-elected." <https://t.co/xdwnK00Lw>
- Report: Jared Kushner urged PM @Netanyahu to "downplay enthusiasm" for annexation. Me: Assuming this is accurate, it appears that the annexation flap is over. Trump began it & Trump ended it. And now, back to serious business, including #IsraelVictory. <https://t.co/YVRRdJ2Mle>
- So, #Philadelphia has had: - 3 months of pandemic; - 4 days of rioting; and now - 1 hour of tornados. What next? <https://t.co/lyOKnp6R88>
- Brilliant move by @BorisJohnson to help both the valiant, skilled & politically moderate peoples of #HongKong and also the UK, which has a too-low birthrate. I hope other low-#TFR countries do likewise. Mighty few communists or #Islamists in this group. <https://t.co/iAtMwWf7bC>
- #AlejandroMacarron has produced a mind-boggling chart of 2018 births in the town of Salt, Catalonia, Spain, north of Barcelona. 28 percent Spanish. More Moroccans than Spaniards. More Africans than all others combined. I believe these are the most extreme figures in all Europe. <https://t.co/BU8upPBK2g>
- It's a rule that when a university establishes a "studies" unit (black, women's, etc.), it serves not to further scholarship but to train activists. So, here we go, with @BrownUniversity just founding the USA's very first "Chair in Palestinian Studies." <https://t.co/dg8dEd1sXG>
- In "De-platforming in Daily Life," I look beyond social media, to how de-platforming is closing in on conservatives: ride-share companies, a hotel chain, an Internet provider, banks, credit-card companies, a payment system, governments, hospitals. Scary. <https://t.co/FzTjPBrDwU>
- Note the plunging lows & surging highs in this graph of worldwide daily deaths from the #COVID19. - Can someone explain the wild pattern? - Is it typical for a pandemic? - Does it point to governments fooling with the numbers? - Is it likely to continue? <https://t.co/HBjMJaasKt> <https://t.co/CT53b8J1Rn>
- #HaiyunMa of @FrostburgState University: "The People's Republic of #China has become the world's foremost purveyor of anti-Islamic ideology and hate." He shows that the hostility goes back centuries, moderated, and now is worse than ever. #PRC #ChiComms <https://t.co/nnXdWfA55e>
- Finally, the "deradicalization" crowd has concluded that some jihadis are ideologues who cannot be reformed. It's been a long 40 years since jihadi violence began in the US & Europe (the murder of Ali Tabatabaei near DC on July 22, 1980). #SlowLearners. <https://t.co/PaFGZKQycK>
- #BernardLewis: Middle East studies sees "the acceptance & acclamation as authorities, even as 'standard works,' of books of breathtaking superficiality & inaccuracy. Unfortunately such books ... are cited, recommended & even read by many people, in many places, for long periods." <https://t.co/mTUisi2AkC6>
- To Israelis & friends of #Israel delighted with the Trump plan: Yes, it endorses Israeli annexation of 30% of the #WestBank, but don't forget that's on condition that "Palestine" makes up the remaining 70%. In other words, the plan rewards Palestinians for rejectionism & jihad. <https://t.co/eadysqW9ld>
- A new sight for me: 9 police riding on bicycles in semi-formation in Center City Philadelphia this morning. A counter-swarm? <https://t.co/QJrLDBLvNI>
- Amerikkka? Back to the 1960s thanks to Antifa rioters in Center City Philadelphia. <https://t.co/QnuTQBUD4E>
- I wonder if a @BernieSanders supporter sprayed the hammer & sickle symbol of Communism onto a building in Center City Philadelphia last night. <https://t.co/mTWGxQHbjG>
- It's ugly in Center City Philadelphia. The only good news is that the general response is one of disgust against the rioters. Said one clean-up person: "If they are so upset, why don't they break their own windows?" That's an @ATT store below. <https://t.co/isXUBQ1un>

- Philadelphia is under curfew until 6am tomorrow due to rioting. This is the second time in my life I am under curfew. The first was during the bread-price riots in Egypt on Jan. 18-19, 1977. <https://t.co/iaFH7WGChF>
- @USAFricaCommand: "As Russia continues to fan the flames of the Libyan conflict... We're looking at new ways to address mutual security concerns with Tunisia, including the use of our Security Force Assistance Brigade." Me: Is a Russia-US faceoff ahead? <https://t.co/IVGu3bQIAO> <https://t.co/6Zj8nksGp>
- Paraphrasing the threat from a top Turkish politician & @RTErdogan ally: Hey, Greeks, remember how Turkey massacred your ancestors in eastern Anatolia in 1919-22. Beware, this time, we may invade Greece & you will have to "swim to Sicily" to flee genocide. Me: Our @NATO "ally." <https://t.co/Ez1eCJVtU1>
- @Nave_Dromi, a colleague at @MEForum, and I disagree whether Israel's annexation of the #WestBank forwards or impedes #IsraelVictory. I say the latter. We also disagree on what #DavidBenGurion would do if he were PM now. For my take, see below. @JNS_org <https://t.co/gspJY1VUa9>
- @FrankGaffney interviewed me today on #SecureFreedomRadio about: - US-Turkish relations - Russian-Turkish relations - The #Turkey-Libya "naval passage" - The state of Turkey's military - The state of Turkey's economy - Turkey's future role in @NATO <https://t.co/s9RIBYax8W>
- Major statement by PM @Netanyahu. Asked if Palestinians who live in the #JordanValley will receive Israeli citizenship after the region is annexed to Israel, he replied: "No. They will remain [in] a Palestinian enclave." Me: This way lies perdition. <https://t.co/np930BGdfU> <https://t.co/QNTS9xWXkG>
- Confused about "Obamagate"? Well, you're hardly alone. @Charles_Lipson helpfully unspools its 3 key elements - illegal surveillance, political spying, covering up the spying - and he draws conclusions. In short: It's huge & dismaying. Prosecute them all. <https://t.co/vTFJ4RAvpP>
- Headline of the year? "Berlin study reveals 92 percent of left-wing activists live with their parents." Just imagine them childlike & carefree in their teenage bedrooms or in the basement, plotting the next #Antifa campaign or some other act of violence. <https://t.co/FcOwJbAQLv>
- It was always obvious that Israel's ignominious unilateral retreat from Lebanon on May 24, 2000, would end very badly for it. - I predicted that at the time (see the article below) - Now, #EfraimKarsh & #GershonHacohen reveal the full extent of the damage <https://t.co/SCkShyQmu4>
- #MicahLevinson: The introduction of the 4th-generation Russian warplanes to #Libya "might tip the balance of power in the LNA's favor" vs the Turkish-backed GNA. Me: It looks like things will quickly heat up in Libya. Time to pay that civil war attention. <https://t.co/HuHJelXFFg>
- Israeli Army Radio: Israel's military liaison to the Palestinians warns of a potential wave of violence following annexation of parts of the #WestBank. Me: That's counterproductive symbolism. Better to go for real steps that lead to #IsraelVictory. <https://t.co/SXsl78OOiM>
- An amplified #adhan (the Islamic call to prayer) has come to Los Angeles, arousing mixed feelings. <https://t.co/k2GuGVtPpYp>
- "Why #Turkey's Ruling #AKP Party's Coronavirus Plan Could Be a Disaster" is a respectable, conventional analysis by @Stratfor at @TheNatIntInterest. But it assumes that @RTErdogan will respect democratic elections in 2023. I'll bet my mortgage he will not. <https://t.co/A0ZawjS9hq> <https://t.co/7nFenGfr6D>
- Interesting picture issued by Iran's dictator, @Khamenei_IR, showing a host of thugs, alive & dead, praying in Jerusalem. Play the game: Can you find #QasemSoleimani? How about #HassanNasrullah? #IsmailHaniyeh? A hidden #BasharAlAsad? And that cloud in the back, who might it be? <https://t.co/GHRA5v0slW>
- #Libya's civil war marks the first time - and I hope the last - that I root for Russia's ally to defeat America's ally. (Weirdly, Washington backs the Islamists.) My general rule: Better secular dictators than #Islamist ones. Go LNA & #KhalifaHaftar. <https://t.co/7dGr4G5Tzd>
- @SFrantzman in the @Jerusalem_Post: "Israel-Turkey Relations Could Be In for a Change." Me: Oh no, the Israeli, are at it again. Some sage advice: Drop it. Don't get burned again. Treat @RTErdogan's Turkey as an enemy with some shared tactical interests. <https://t.co/TWGWc8iSNe>
- #PinhasAvivi in the @Algemeiner: "The dormant status of the Palestinian issue is to Israel's benefit." Me: Don't throw away a precious asset in return for mere symbolism. <https://t.co/GMiD505LrE>
- As I warned: Talk of Israel's annexing the #WestBank leads not to #PalestinianDefeat but the reverse. Buoyed by near-universal support, Palestinians are acting more aggressively toward the #Jewishstate. #IsraelVictory requires smarts, strategy & vision. <https://t.co/ma1nSRTxFM>
- Big thinking here: As #China, with its vast economic & military power, its technological advancement & brutal determination, emerges as the West's preeminent threat, #Islamism seems puny & gets pushed aside. Back we slide to pre-9/11 days. Until events remind us it's not puny. <https://t.co/A4iNvuKSzs>
- Bravo, @MESA_1966. Good to see that you responded so quickly with an open letter to @RTErdogan about "Recent developments in Turkey targeting Istanbul @SehirUniversite." Me: It's a good letter, focusing on Erdo's conflict with former PM @Ahmet_Davutoglu. <https://t.co/M1YLID2BSu> <https://t.co/BmKVNUh9gV>
- News item: In place of the adhan (call to prayer), several mosques in #Izmir province, #Turkey, played the Italian song "#BellaCiao" from their minarets. Izmir's religious directorate: "An unidentified person sabotaged the central call-to-prayer system." <https://t.co/Q8WGsaHOft>
- New law in #Iran: "Activities of the Israeli software platforms in Iran & using its hardware & software products is forbidden." Me: Great news! The mullah dolts have thus totally cut themselves off from the modern world, including its economy & weaponry. <https://t.co/ViNli4lrjl> <https://t.co/hydm46Bd2>
- @RTErdogan's domination of #Turkey continues to expand. For example, a new law permits Turkish academics to be punished for engaging in behavior deemed outside "public morality & decency" or their circulating "'banned publications.'" Where is @MESA_1966? <https://t.co/6Ya9FcVtOP>
- Notable #Jerusalem resident stats: - Over 60% are Arab - Nearly 1% left so far in 2020 - Way fewer are employed than national average - Housing is more expensive - Jewish women give birth to 4.4 children vs 3.1 for Arab women In short, an unusual place. <https://t.co/JqhVvDhoda>
- How depraved can today's university become? A forthcoming book from @PrincetonUPress, "The Joshua Generation" by @RachelHavrelock (Univ. of Illinois, Chicago) argues that a "biblical tale of conquest & genocide became a founding story of modern Israel." <https://t.co/UIqYLSVmLb>
- @WSJ: The Pensacola #jihadi, Mohammed Alshamrani, "had been communicating with al Qaeda operatives shortly before the attack [&] as early as 2015." Me: Good news that 5 years of planning led to the deaths of just 3. Bravo to US law enforcement for this. <https://t.co/7iOyl8UmUc>
- A @WashingtonPost scoop: "On May 9, shipping traffic at Iran's bustling #ShahidRajaeiPort terminal [near #BandarAbbas] came to an abrupt and inexplicable halt ... - creating massive backups on waterways and roads leading to the facility." Go, #Israel, go. <https://t.co/QaWmMgqnKs>
- Israeli Jewish BDSers - "Boycott me!" - would seem to do much damage to Israel. But #DouglasAltabel says no, Ironically, they "play a salutary role" by uniting "the rest of society ... in contempt for them." Me: As ever, going too far is counterproductive. <https://t.co/kFAACOivMb>
- Once again, now concerning Mohammed Saeed Alshamrani, the #Saudi #jihadi who killed 3 on a rampage at Naval Air Station #Pensacola, @Apple obstructs justice by

- not making available the information on the murderer's iPhone. Security must have priority. <https://t.co/tGJe5IVQuu> <https://t.co/CGRZyeCoNz>
- #Sisi continues to gain new dictatorial powers in #Egypt : "The army now has the right to arrest and investigate with citizens before the military prosecution — powers previously limited to the country's law enforcement officers & the public prosecution." <https://t.co/cpRA43mQ6V>
 - My take on Trump & the pandemic. He: - Makes a fool of himself talking about it & should stop - Correctly blames the virus on the #CCP - Has wisely desisted making a power grab, letting states, etc. make the key decisions (h/t @Charles_Lipson) In all: B+ <https://t.co/pwERIICAsC>
 - @V_of_Europe: The geniuses running the #EuropeanUnion are, via its Instrument for Pre-Accession Assistance (IPA), helping to fund the ships, armored vehicles & surveillance equipment @RTErdogan's Turkey uses to harass & threaten #Greece. Smart move, EU! <https://t.co/UlUnLsRXKo>
 - @AmirTaheri4: "Today, #Iran owns ... a wide range of obsolete missiles that may be of archeological interest to students of warfare history. ... "The #mullahs' missiles kill Iranians & passengers of foreign jetliners but cannot ensure Iran's ... security." <https://t.co/UdBnURRxLn>
 - The indifference of the UK's 6Ps (police, politicians, press, priests, professors, prosecutors) to #Islamist barbarism, preying on society's weakest - young girls - leaves one speechless. As does the lack of response to this powerful article. This Anglophile is most pessimistic. <https://t.co/UJ6Vev9Zps>
 - The irony & complexity of face coverings in #France: - Anti-#COVID19 masks are required - #Niqabs are mildly illegal - "Yellow Vests" (Gilets Jaunes) protestors' masks are very illegal Yet, they all hide the face in similar ways. Intent is what counts. <https://t.co/B5CQAD6mnC>
 - With 35 ministers, #Israel's new cabinet is gaining on the Guinness-record 52 ministers in a 2008 Sri Lankan government. As everyone knows, only 5 ministers matter: PM, foreign, defense, justice, finance. These days, maybe health. The rest are eyewash. <https://t.co/TIB2ykKiFb>
 - Historical news: Meir Zamir shows that Ben-Gurion pushed for declaring #Israel's statehood "on the basis of a judicious appraisal of the situation derived from precise intelligence & a thorough examination of the capabilities of the forces of the Yishuv." <https://t.co/9kosrU3Q0C>
 - NATO's boss @JensStoltenberg: "NATO is ready to give its support to the government of Tripoli" in Libya (aka the Turkish-backed #Islamist GNA). Me: - If @NATO is backing our enemies who needs it? - Stoltenberg is soft on Islamism, like nearly all leftists <https://t.co/siuOHg8dfJ>
 - @SamWestrop at @NewAgeIslam: "Whereas once @OmarSuleiman504 excused the killing of adulterers & denounced homosexuality as a 'repugnant shameless sin,' today he is an ardent advocate for ... alliances with the progressive Left, including 'LGBT' movements. <https://t.co/MDJ0rzKH9L>
 - @SoerenKern exposes an astonishing pattern in #COVID19 Europe: "Gov'ts are ... grant[ing] mass amnesties to 100Ks of illegal immigrants. ... While #Europe is experiencing ... economic shock ... migrants in Europe illegally are being showered with" benefits. <https://t.co/acBWBbRShOW> <https://t.co/PRYODhfcmq>
 - @KingAbdullahII warns of a "massive conflict" between Jordan & Israel if Israelis annex the West Bank. (He's not explicit, but presumably he means any part of the #WestBank.) Me: - Take him seriously - Even the lousy status quo is better than annexation <https://t.co/pP6G4QQd1z> <https://t.co/Og3U49AICx>
 - Jean Dussine, 63, a French pro-illegal migrant activist, was murdered, apparently by a young male Afghan to whom Dussine generously opened his home. Assuming that account is accurate, this tragic event symbolizes the deepest agony of contemporary Europe. <https://t.co/OeHy5KsmME>
 - Now that's taking the #COVID19 really, really seriously: In #Qatar, face masks will soon be compulsory outside the home (except driving alone in a car). Violators face up to 3 years in jail and \$55,000 fines. <https://t.co/mAxpyp9yK5>
 - @RTErdogan wallows in aggressive #Ottoman nostalgia, suiting up mustachioed young men in cheap knock-off uniforms to resemble old-time Turkish soldiers. Below: Mock-#Janissaries (i.e., slave soldiers) surround Erdoğan & his wife in a delighted moment of pure #Islamist kitsch. <https://t.co/xBMHn3rZFw>
 - Political correctness? No, the problem runs much deeper than that. William S. Lind (@TradRight) has written the best brief explanation of how cultural #Marxism came so thoroughly to dominate educational institutions. - Read it and weep. - How will this scourge ever be lifted? <https://t.co/Nhalm57fld>
 - After all that @RTErdogan has done, I hope that this headline and what it implies is completely wrong: "#Israel seeking to rebuild full diplomatic ties with #Turkey" How many humiliations must the Israelis endure before they get the message & stop trying? <https://t.co/c0WSKqgamo>
 - Happily, the really key figures at @DukeU are safe in their jobs, such as: - VP for Institutional Equity & Chief Diversity Officer - Asst. Dean & Chief Diversity Officer And my favorite: - Asst VP for Harassment & Discrimination Prevention & Compliance <https://t.co/kAZUmRVh1B>
 - @NYUniversity's Scott Galloway (@profgalloway): "At universities, we're having constant meetings, and we've all adopted this narrative of 'This is unprecedented, and we're in this together,' which is Latin for 'We're not lowering our prices, bitches!'" <https://t.co/7OQZNzx7F1>
 - @ACOM_es: The Spanish antisemitic organization @BDSPaisValencia, that tries to strangle the only #JewishState, received taxpayer funds to teach a course. Worse: Not just any course, but a course on #antisemitism. I kid you not. What's wrong with #Spain? <https://t.co/Ea3X8HglGT>
 - @MEForum writing fellow #PhilipCarlSalzman has a radical idea for re-opened universities: They "should open with sciences & engineering, medicine & business, but keep the other, nonessential & counterproductive [departments], closed," maybe permanently. <https://t.co/A9karmkXoz>
 - @RTErdogan plays dirty: 2016: He staged a "controlled coup" in #Turkey to reinforce his power 2020: He accuses the main opposition party, the CHP (@herkesicinCHP) of plotting another coup Might he be setting the stage for another piece of high drama? <https://t.co/H9ZF2F8uEe>
 - Oddly, #Islamists seek infidels' approbation & compile lists of endorsements of Islam by such figures as Gandhi, Gibbon, Goethe, Napoleon & Toynbee. Odder still, @ImamSWahhaj recently used me for this purpose, triumphantly reading out from a book of mine. <https://t.co/h6xf2S2gtb>
 - Thank you, Esor Ben-Sorek (@BenEsor), for defending my disapproval of #Israel annexing any of the #WestBank. "I agree with the article written by Daniel Pipes. A copy of it should be sent to the #Nobel committee in Norway. ... More power to Daniel Pipes." <https://t.co/PfNEVWAqrx>
 - @RaphaelAhren interviewed me in the @TimesofIsrael, probing further why I oppose Israel annexing any of the #WestBank. Because it's "a "nominal, theoretical, abstract game that could result in painful repercussions for Israel." Now folks, can we please return to #IsraelVictory? <https://t.co/UwLYIH9H3w>
 - A big bravo to the Foundation for Individual Rights in Education (@TheFIREorg) for reminding petty college tyrants in Arizona that: - Yes, they do live in the United States, where the Constitution still holds - Discussion of jihad is a legitimate topic in a world politics class <https://t.co/IF80mMPiV5>
 - It sounds oxymoronic, but there's good news about hardening the electricity grid from a deadly electromagnetic pulse (#EMP): #Trump followed up his Mar '19 executive order with one on May 1, 2020. Together, the EOs begin to solve this terrifying problem. <https://t.co/o7u3CaRWNo>
 - "My [NYT] analysis prompted ... a deranged Twitter mob of Leftists (Bernie Sanders' foreign policy advisor), Islamists (CAIR), and Israel haters (IfNotNow). Extremists slithered from their holes to bay at the moon with long, boring, incoherent refutations." <https://t.co/m7qo3PA4Lh>

- Well, of course. Who would expect otherwise? I hope Israel's leaders pay attention. <https://t.co/A612ieJBCK>
- It would be hilarious if it weren't so serious: @RTERdogan's Turkey has won favorable publicity by selling anti-#COVID19 protection gear worldwide. Oops: "all 400,000 gowns flown from Turkey for NHS fail UK standards" & the UK is demanding a full refund. <https://t.co/P0mQjJF0rl>
- "Maduro Distrusts Cuba; Now His Personal Guard Is Iranian." @PanAmPost explains how Venezuela-Iran ties keep deepening, to the point that #Chavista oil minister Tareck El Aissami (@TareckPSUV) is giving the #Islamist regime control over its oil sector. <https://t.co/fINQJ675uPX>
- NEWS ALERT: @tassAgency_en reports that @RTERdogan's government of #Turkey has "activated ... certain elements" of its Russian-made #S400 missile system. Me: That amounts to a final, complete break with @NATO. It's now time for the heave-ho, you got to go. <https://t.co/VH0ih2nEHE>
- Another @SamWestrop exposé of @IslamicRelief: - IRUSA hosts the wild-eyed antisemite & Islamist preacher @AbdulkafyOmar (aka Abdelkafi) - It pretends to have no knowledge of his high-profile & hideous views - It collects a cool \$2mn from the US government <https://t.co/Gn1wsedGgU>
- Dr Walaa Alqaisiya is a Fellow of Gender, Conflict and Sexuality, Department for Gender Studies, at the UK's v prestigious #LSE. Please read the (not-a-parody) abstract of her breakthrough study, "Palestine and the Will to Theorise Decolonial Queering." <https://t.co/dHaTJdUBTS> <https://t.co/CuJPqfLQOC>
- @NYTimes editorial editor @JBennet comments on my article today at "A right-wing case against Israeli annexation." One snippet: "Daniel Pipes, a right-wing, pro-Israel analyst ... has taken ... some extreme positions over the years, but he's an expert." <https://t.co/fRcVOFODqg> <https://t.co/v1zKYdk7Eq>
- I explain today why #Israel's annexing parts of the #WestBank is a bad idea. In brief: - it's a symbolic move that does real harm with many constituencies - It does not help achieve #IsraelVictory - It likely brings more Palestinians into the #JewishState <https://t.co/nScWaH8T9K>
- @BenWeinthal: #Sudan's leader, Abdel-Fatah Al-Burhan announced that "Sudan should not be in a state of hostility with any party, religion or sect." Translation: We're ready to normalize relations with #Israel. Me: Remarkable MidEast shifts are underway. <https://t.co/zlGBWYuH0>
- Now, this is interesting: The theme of the 17th Annual Conference of the Assembly of Muslim Jurists of America (@AMJOnline) is "The Challenge of Atheism among Muslim Youth." Until now, I've not seen such a frank and public acknowledgment of this issue. <https://t.co/9mN9wD2MgV> <https://t.co/Z6stk4BzVA>
- Nice symbolism. Khomeini founded "#QudsDay" (Jerusalem Day) in 1979 on the final Friday of #Ramadan to promote the elimination of #Israel. Let's hope that the cancellation this year of a rabidly antisemitic hatefest augurs well for all, especially #Iran. <https://t.co/rRS1UV54C2>
- Time for some unmitigated good news: "#Sudan outlaws female genital mutilation." - Make sure that infractions are criminally prosecuted & punished. - Who will next outlaw #FGM? <https://t.co/NoJaaYUA1x>
- Thinking about the #Democrats & @JoeBiden: - They're saddled with a terrible candidate - Adopting "always believe the woman" has 2 benefits 1. Moral consistency 2. Bumps Joe out of the way - Can nominate @NYGovCuomo Prediction: A Dem heavy (#Obama?) will call to dump Biden. <https://t.co/ZpLsMG9rj3>
- Despite frantic efforts by @RTERdogan's government, the Turkish lira (₺, TRY) fell below 7 to the US dollar, a significant psychological barrier. My question: When will the dictator's erratic, eccentric, evil & egomaniacal ways bring on 8 lira to the dollar? I say in late 2020. <https://t.co/3aMdklQQ4e>
- @Frontex on illegal migrants entering the European Union by land in 2019: Most came via the Western Balkans region and those "detected attempting to enter clandestinely (a risky modus operandi) are 97% male." Me: - 97%! - So much for those asylum claims <https://t.co/JLy7Pn0cdc> <https://t.co/NG3Wkyq0Od>

- I have repeatedly criticized @GenFlynn but I now condemn FBI agent @PeteStrzok who pursued an anti-Trump vendetta. He and "corrupt agents at the top of the FBI ... deliberately set up and framed" Mike Flynn. This is alarming & needs to be severely punished. <https://t.co/WUXSsqSDtcb>
- @EdyCohen notes: - On average, #Arab leaders remain in power for ~30 years - They almost invariably use hospitals and healthcare outside their borders - For the time being, they have no choice but to remain at home, even when they need medical attention <https://t.co/uFG9uKnHG4>
- Volkert van der Graaf assassinated Dutch politician #PimFortuyn, an early civilizationist. on May 6, 2002, to protect Muslims. Van der Graaf was released from jail on parole in May 2014. Today, that parole ends & he's completely free. Some punishment. <https://t.co/gS08eFsQtG>
- @Charles_Lipson: The silver lining of the #COVID19 (aka #CCPvirus) pandemic lies in waking the world to "a much darker global view of #China and its communist regime. Once seen as economic partners and occasional security rivals, they are now seen as dangerous, predatory foes." <https://t.co/9kk391UwSO>
- #Israel's Chief of Staff #AvivKochavi today, addressing the country's enemies: "The IDF is there: ready, powerful & aggressive. We will be there for every mission, prepared & determined. - Good news from Germany's #civilizationist party, the @AfD: It fired press spokesman @ChristianLueth because he "is said to have repeatedly referred to himself as a 'fascist' and to his 'Aryan' descent." There's no higher priority than purging such views. <https://t.co/lKMiguZi0d>
- The #SanRemo conference ended 100 years ago today. - "#SaudiArabia to abolish flogging." This hardly solves the country's many and deeply problematic laws, but it is a significant step away from medieval #Sharia practices, and so worthy of enthusiastic applause. Go, #MbS. <https://t.co/MLbr9gafGF>

- I was once proud of my 2 degrees from @Harvard but am less so with time. Take the latest: 2 Chinese dissidents, @TengBiao & @IGuangcheng, were told to cancel an event because Harvard's president had just met with Pres. #XiJinping. That's academic freedom? <https://t.co/ZfvyQnWIOS>
- A snapshot of #Pakistan's big problem: The government: To fight #COVID19, close the mosques & celebrate #Ramadan at home. The mullahs: That would anger God & #Muslims, so the mosques will be open & more crowded than ever. Government: Okey-dokey, boss. <https://t.co/C92agHIEJO>

- I've never praised an Arab member of #Israel's #Knesset before, but hats off to MK @MnsorAbbas, head of the United Arab List party, who gave a moving tribute to the Jewish victims of the Nazis on #HolocaustMemorialDay. May this be the start of a new era. <https://t.co/o3AekEid6a>
- - Spain has an very high #COVID19 death toll - Illegal migrants now find it very tough in #Spain - #Morocco prohibits even its nationals from entering - Illegal Moroccan immigrants pay smugglers ~€5.4K to return - that's ~8 times more than to go to Spain <https://t.co/ThLMQLdcwE>
- Thinking about #COVID19, aka the #CCPVirus, based on my writing two books on conspiracy theories: "Where a communist party is involved, no one is a conspiracy theorist." - "The Jewish state was born in San Remo." - Did you know? The geniuses in charge of #Belgium in 2015 burned 63 million, that's MILLION, FFP2 face masks to "make room" for #Merkel's illegal migrants. Oh, and the genius minister of public health then, @Maggie_DeBlock, remains in that position today. <https://t.co/L1bludDnuy>

- Pretty good company I'm in, with alleged "Islamophobes" @BorisJohnson, @realDonaldTrump, @NarendraModi & #XiJingping. - My now-50-day long #COVID19 life: - No travel, no alarm clock, less money, less weight, more exercise, more work - Not a single car, bus, train, ship, or airplane ride - Almost stopped following the very boring news - Getting around to projects postponed for as long as 35 years <https://t.co/DcsQmxPkOL>
- I argue today in "Erdoğan's Turkey Is Not Coming Back" that US policymakers need to forget the good old days of alliance with #Turkey & accept that @RTErdogan has wrought changes that will keep Ankara, like Tehran is since 1979, hostile for a v long time. <https://t.co/cJQYr90NYr>
- Oil prices have collapsed for the third time in 12 years, today reaching the slightly unbelievable price of US\$10. Adjusted for inflation, that's ~\$1.65 in 1973 terms. - A new Bible Society translation into Danish cleansed the #NewTestament of the word "Israel," replacing it with "Jews," "the land of the Jews," or nothing at all. Me: The editors wish to avoid associating ancient Israel with modern Israel. I do wonder why. <https://t.co/SXdw4i4ZL0>
- 100 years ago today, the all-important San Remo conference started at the Villa #Devachan, attended by the UK, French & Italian PMs, plus US & Japanese reps. - A curious survey: Residents of 12 countries & "Palestine" were asked if they'd want to start a new life in the place they live. #Israel & #Algeria are on top, #Netherlands & "#Palestine" on the bottom. - Should Muslim husbands in #Egypt help their wives with housework? - #Salafis say yes, it demonstrates their love. - #MuslimBrothers say no, it demeans men & distracts from more pressing issues. Me: These replies reverse what I would have predicted. <https://t.co/Mi9fvpN8Dz>
- Today marks the 25th anniversary of the #OklahomaCityBombing. I am a fan of @realDonaldTrump's 2008 book, "The Third Terrorist: The Middle East Connection to the Oklahoma City Bombing," for too many loose ends remain unresolved to dismiss her research. <https://t.co/BbpY09wrk6> <https://t.co/dz5gBg24uG>
- @KhaledAbuToameh: Arab governments that long welcomed # Hamas leaders & permitted them plan terrorist attacks on Israel, are now pushing them out. So, where are they moving to? ... To #Turkey, where @RTErdogan personally welcomes them. Our "ally" Turkey. <https://t.co/rHxHj4xeEQ>
- Two #COVID19 thoughts: - Because everyone's lives are disrupted, that - and not the deaths - feels like the main story - The great question is, will people want the old normal back or make big changes? Think travel, office space, concerts. Huge consequences follow on the answer. <https://t.co/wWbh8kCVWu>
- Ta Da! As #COVID19 unemployment soars in #Turkey, the @RTErdogan regime announced that temporary state support for the jobless amounts to ... less than 20¢ US per day. h/t #BurakBekdil @GatestoneInst <https://t.co/HNGkvDYYwp>
- William R Polk (1929-2020) just died. While not a big admirer of his work, I do respect his publishing a 656-page book at the age of 88. Also, noting the parallels between his career and my own, I shamelessly cribbed from the brief bio he published on cover of that final book. <https://t.co/lJzL43fqRg>
- Ah, media coverage of conservatives. Now the @WashingtonPost: Feb 17: Dismissed @SenTomCotton's concern that #COVID19 originated in the Wuhan Institute of Virology as a "fringe conspiracy theory" Apr 14: Published an article strongly suggesting that's exactly where it came from <https://t.co/l3pJxZ1vSc>
- According to this @GreekCityTimes map, #KhalifaHaftar's forces (=LNA) control an astonishing 97.2% of Libya's land, though just 62% of its population. - @MiamiUniversity in Ohio has permanently shuttered its PRC-funded #ConfuciusInstitute. Hoping this is a good omen for #MidEast studies too. Goodbye to funds from #Qatar especially, but also #SaudiArabia, #Turkey & others. A first step to rehabilitation? <https://t.co/sP7pEmOX2S>
- @DavidPGoldman implies that what Russia's #Sputnik was in 1957, China's #COVID19 virus can be in 2020: A profound shock, a revelation of American weaknesses & a spur to massive technological innovation that pays off a generation later. Let's hope it is. <https://t.co/TSI3eUoNkX>
- Contrary to the received wisdom in Washington, I argue (in a just-posted video) that: - @RTErdogan has deeply changed #Turkey - Ankara not returning to a pro-Western orientation - Stop with the nostalgia already - Treat Turkey as the hostile state it is <https://t.co/wpRLpfBDKr>
- "Mrs. #Jellyby had very good hair but was too much occupied with her African duties to brush it." Thus, #CharlesDickens wonderfully introduces his caricature of a modern liberal - obsessed with good works but ignoring her own children - in his 1853 novel "#BleakHouse." So true. <https://t.co/kQoOiriQ5y>
- "Mutant Enzyme Recycles Plastic in Hours, Could Revolutionize Recycling Industry." If true, this has a major impact on oil & gas producers, who will see a drop of demand

- Bravo to the @UChicagoPress for making some of its out-of-print books available as free & searchable (but - sadly - not copyable) PDFs. I just downloaded Gustave von Grunebaum's classic "Medieval Islam: A Study in Cultural Orientation," 2nd ed., 1953. <https://t.co/9wtsAdrMO0> <https://t.co/2tGLU5Zcju>
 - Remember the scorn for @SarahPalinUSA's talk of "death panels" in the 2009 #Obamacare debate? Well, they now exist in Italy & Spain: #COVID19 prompted "govt directives that instruct medical personnel effectively to abandon elderly patients to their fate." <https://t.co/GQsfQL0LGG>
 - #Mozambique has become an honorary MidEast state. It hosts: 1. A vicious & violent Islamist insurgency headed by Ansar al-Sunna 2. ~20 billion barrels of natural gas in its coastal waters So, expect to hear much more news in the future datelined #Maputo. <https://t.co/upUavoINwt>
 - I find the #MSM more than usually frustrating these #COVID19 days. Its headlines focus on what politicians say about it. But what do they know & who cares what they say? Instead, I want to know what's actually happening - history, geography, math, science, policies, technology. <https://t.co/n3iiq5THvW>
 - A #COVID19 silver lining? To wake us up to the potential of catastrophe. Two others loom ahead & need urgent attention: - An electromagnetic pulse (#EMP) knocking out the electricity grid. - Low birth rates & high immigration ending Western civilization. <https://t.co/zbEicTpOMK>
 - Final results: - An impressive 36K votes - 50% prefer "CCP virus," 33% "China virus," 15% "Wuhan virus" & 2% "Xi virus" Me? I like "CCP virus" best. It precisely places the blame on the whole Chinese Communist Party, not all of China or Wuhan, nor just Xi. So, a great outcome. <https://t.co/uSNRalo5Z>
 - <https://t.co/KoxWQAdIsI>
 - #SezenŞahin: In #Turkey, as in #China, doctors had better shut up. One truth teller "was called to the local police department to testify about his statements. An investigation has been started into him for ... 'creating fear & panic among the people!'" <https://t.co/ZEq8imczNX>
 - 20th-century MidEast history moment: Which were the 5 most consequential politicians? All of my nominees founded new states: Atatürk, Turkey Ibn Saud, Saudi Arabia David Ben Gurion, Israel Gamal Abdel Nasser, independent Egypt Khomeini, Islamist Iran And which are your choices? <https://t.co/f3IZ1xOsMT>
 - How to deal with the #COVID19 economic crisis? I'm no fan of governments printing money to hand out, but if a stimulus package truly is unavoidable, best that all the money go to individual citizens; otherwise, imagine the inconceivably vast potential graft from US\$2 trillion. <https://t.co/cQ6BAibore>
 - Here's an original thought from #FrankMusmar at @BESA_Center that I endorse: "The #ArabLeague's resolutions are prefabricated, out of date, out of touch & reflexively anti-Israeli, all of which keeps the League in a state of paralysis." So, close it down. <https://t.co/CccuZPVXPo>
 - Time to celebrate the power of ideas. Two major mid-20th-century British thinkers, John Maynard Keynes and Isaiah Berlin, offer timeless aphorisms. Keynes notes the influence of "defunct economists"; Berlin the concepts that emerge from "the stillness of a professor's study." <https://t.co/B2VtI71v44>
 - Classic @RTErdogan: "#Turkey is sending illegal immigrants infected with coronavirus to #Greece, likely in the attempt to create clusters in migrant camps" and so to spread the #COVID19 disease. Me: Lucky Greeks. What a great neighbor. <https://t.co/swiDcP3oEo>
 - Official Iranian figures: 60K infected with #COVID19, 3.7K dead from it. But Hamid Sourì, a health official, says it's really 500K infected, ~8 times more. Me: - Don't ever believe #Iran's rulers - There's every reason to think the official numbers wrong <https://t.co/2yY6pdHGly>

 - I stand with the Henry Jackson Society (@HJS_Org): Communist #China must compensate the world, starting with US\$4tr for the G7 countries. And if Beijing refuses? Perhaps consider a universal default on everyone's debts owed to the #ChiComms? That would begin to right this wrong. <https://t.co/vqzsGSiU23>
 - 2005: Denmark's @JyllandsPosten newspaper gets into in huge trouble with Muslims for publishing the Muhammad cartoons 2020: @JyllandsPosten is again in trouble, this time with #ChiComms, for cleverly replacing the stars in #China's flag with coronaviruses <https://t.co/x19YmFAsSS>
 - The verb "infest" is yet more repulsive now that 3 years ago, when #RashidKhalidi first wrote this phrase. But it has the distinct advantage of revealing exactly who is the #EdwardSaid Professor of Modern Arab Studies at @Columbia University. 'Nuff said. <https://t.co/Uinr2ZrVLu> <https://t.co/zvPUQSHQwi>
 - Looking at #Europe, I conclude from reading & from polls about #COVID19's political impact: - The two rising issues, climate change & #DIMI (demographics, immigration, multiculturalism & Islamization) have both been sidelined ... no airplanes! - Whoever is in office gains support
 - The first-ever jihadi attack under lockdown? A knife-wielding, "Allahu Akbar" yelling Sudanese #Islamist killed 2 & injured 9 who were waiting outside a bakery in the French town of Romans-sur-Isère. Me: The #jihad never goes on vacation or self-isolates. <https://t.co/8dDxklCgcj>
 - Did you hear about the Venezuelan gunboat's unprovoked firing on an unarmed cruise ship, the #RCGSResolute, then ramming it? Guess what: the gunboat sank, the cruise ship is fine. Me: #Maduro's evil, lawless, paranoid rule reaches new forms of absurdity. <https://t.co/qv6357evwt>
 - @JonathanS_Tobin on why Israel's Arab party can't be in power: It combines "advocates for a Communist state, an #Islamist state, a Palestinian nationalist state & a pan-Arab state, and has no place in any government of a state that they wish to destroy." <https://t.co/izurlJ06xp>
 - The Art of the Double Game: 1980s: Syrian Baath government takes Westerners hostage, then makes a big show of liberating them. 2020: Chinese Communist government bungles #COVID19, then makes a big show of flooding Europe with defective medical equipment. <https://t.co/91S5pXkYH2>
 - Abu Muhammad Al-Maqisi, #Islamist: "There is nothing wrong with a Muslim praying for the deaths of infidels & wishing that they contract coronavirus or any similar fatal disease." Me: Is it wise to declare war on the 4/5s of the world that is not #Muslim? <https://t.co/zPz1VUqeGz>
 - Sweden is about the most lax country vis-à-vis #COVID19, Israel one of the most stringent. They make a good comparison: similar size population, non-Western element, GDP, advancement. S has a 30-per-million death rate, I's is 4. We know what works best. <https://t.co/yG5cU2PWaN> <https://t.co/2lob6po7LJ>
 - Mazal Mualem (@mazalm3) is right: #Israel's Leftists "must abandon the illusion ... that their return to power is imminent. If they want to remain viable, they must confront reality. The last time a left-wing leader was elected prime minister was in 1999." <https://t.co/yJ48hedc0L>
 - Yes, the official name of the virus is #COVID19. But that hides the Chinese government's responsibility. Vote here for your preferred name. (CCP = Chinese Communist Party)
 - Anyone remember the presidential election? @HGurdon: It's "between a president fixated on today and a challenger dwelling on the past. Trump carries his party or, as critics contend, beats it up & sweeps it before him. Biden is propped up by his party." <https://t.co/9sS2iAOo2U>
 - This is a good moment to recall what Iran's @Khamenei_ir's first said on Feb. 23 about #COVID19, dismissing news about it as "negative propaganda" by regime

- enemies, intended to discourage voting in elections "under the pretext of an illness and a virus." <https://t.co/ENNcwCrERg>
- Australia's @AJAC_Update has provided an excellent survey of the many ways in which #Israel's government & entrepreneurs are tackling the #COVID19 crisis. My favorite: A test that detects the virus merely by listening to a patient's voice, even remotely. <https://t.co/N13RsiuxUn>
 - Good news from #Syria. Really? Yes: "The lowest monthly toll ever of civilian fatalities: 103 civilians killed in March 2020." Me: - A silver lining of #COVID19 - 405 fighters died in March - #Russia's & #Assad regime forces carried out 2,802 strikes <https://t.co/RxwkD34kBY>
 - Did you know? @Dr_Rafizadeh: "The Iranian regime now has enough enriched uranium to refine and build a nuclear bomb if it desires to do so." Me: The mullahs are apocalyptic psychopaths who need urgently to be stopped NOW. <https://t.co/gDGomGI3QO>
 - The @FBI arrested a #jihadi, Hasher Jallal Taheb, in Jan '19 for planning to attack the @WhiteHouse; he just now pleaded guilty. This important & sensational news was hardly covered. Hmm, why not? Where's the MSM? Is this "Project Protect the Islamists"? <https://t.co/bkBeNyytNB> <https://t.co/lbRsnDn54F>
 - #Israel politics update: Last week, it appeared that "magician" @Netanyahu has pulled a fast one on political neophyte @GantzBe. Now, perched as #Knesset speaker & promised truckloads of ministries, it appears that Gantz maybe pulled a fast one on Bibi. <https://t.co/L2iADNw7bh>
 - How very odd that EVERY analysis of the oil market's price plunge portrays this as an "unparalleled disaster" or something similar. Sorry Texas, Venezuela, Russia & Iran, but this consumer is celebrating. It's our turn now. May prices always stay down. <https://t.co/qz13m8jtrC>
 - @DennisPrager: "Hysteria is to the Left what oxygen is to biological life." <https://t.co/fPS8Pe9dVc>
 - Netflix canceled a 2nd season of "Messiah" due to Muslim complaints. Me: - I watched it & noted its pro-Islamic message, so this baffles me. - Imagine @Netflix so solicitous of Christians, Jews, Hindus, et al. - The Messiah actor's real name is Mehdi. <https://t.co/JSEbemJth9>
 - @KhaledAbuToameh at @GatestoneInst: Despite warnings of a #COVID19 "catastrophe" in the Gaza Strip, #Hamas & PIJ "care less about the safety & health of their people than the "struggle" against Israel. Me: What else is new? Could one imagine otherwise? <https://t.co/kFHOdOUrIX>
 - #Trump & #Putin are colluding to raise the price of oil? Now, that's crazy. <https://t.co/SZAidQt2Hi>
 - Note that I respectfully disagreed with @ibrahimkaragul's claim & he replies with a long string of insults ("causer of all massacres in our region, notorious enemy of #Turkey"). As they say, "When you resort to name calling, you've lost the argument." Sorry, about that, Ibrahim. <https://t.co/FMXbcxWguy>
 - #DominiqueMoisi: The #COVID19 crisis may have a positive impact on the West "by reinforcing trust in experts and exposing & disqualifying charlatans," which "would be good news" for Macron & bad news for Trump. Me: Have experts really done so well lately? <https://t.co/KiS2iZiWJ8>
 - I daily check <https://t.co/fyTHUQnCWJ> for the progress of #COVID19. Conclusion: Statistics from Western countries about numbers of cases & deaths are useful; but percentages have no value b/c so few tests have been made of general populations, rendering sample sizes arbitrary. <https://t.co/UvjdgMM5Lq>
 - From @ibrahimkaragul, the Sage of Istanbul & @RTErdogan sidekick: "The West's financial system, political system & discourse, security & social theories are collapsing. Humanity no longer has any expectation" of it. Me: Oh really? And #Turkey's is rising? <https://t.co/13yMqUtSAB>
 - @GokhanBacik: In Turkey&Iran, #COVID19 has raised the prestige of science, reduced funds available to #Islamists, "dealt a heavy blow to traditional religious interpretations" & built on existing trends to spur "a growing demand for secularism." I agree <https://t.co/xz505dmKso>
 - I am an anti-conspiracy theorist, with 2 books for proof. But communist regimes do engage in conspiracies, so the huge question now is: Did the #ChiComms in some fashion intentionally perpetrate the #COVID19 crisis? So many aspects of the story make one suspicious. Your opinion? <https://t.co/T04KgnHK1q>
 - News item: #Mossad has brought 500K #COVID19 test kits to #Israel from undisclosed foreign locations. Me: This recalls the 1969 "boats of #Cherbourg" caper, when Mossad abducted 5 of its paid-for naval ships from France. Do read about that great heist. <https://t.co/WadiMOH4cw> <https://t.co/1a862nK5gt>
 - News headline: "Saudis suspected of phone spying campaign in US." Details: Millions of requests from #Saudi companies for tracking information about Saudi-registered phones as they move about the USA. Me: #MbS wants to control every Saudi everywhere. <https://t.co/osaLVtDECG>
 - London Mayor #SadiqKhan: "Liberties & human rights need to be changed, curtailed, infringed." @Jeff_Jacoby rightly worries about a "civil liberties pandemic" - that would-be authoritarians among us will exploit the crisis permanently to deny our rights. <https://t.co/fSPoCwHRAI>
 - Dmitri Shufutinsky (@dmitrishuf) is my kind of cynical analyst. Turkey's invasion of Syria to protect #Idlib serves Israel's interests in 3 ways: It - Bogs Turkey down in an unwinnable war - Severely weakens the #Assad regime - Might oust Iran from Syria <https://t.co/bXkM8ptYF3>
 - Until now, the cataclysmic consequences of electromagnetic pulse (#EMP) have been too far-fetched for most Americans to take them seriously. Perhaps, just maybe, the #COVID19 crisis makes us more open to the possibility of catastrophe? And prepare for it? <https://t.co/UXEVA18GnW>
 - Wonder about #COVID19 mortality by age? Numbers are finally in, thanks to the Chinese Journal of Epidemiology. Age is an extremely important variable. <https://t.co/aQ1UOritN> <https://t.co/0fPCU7DWBZ>
 - @SelimKoru on @RTErdogan: "He wants to dominate the political space and transform [#Turkey], but he isn't quite willing to engage in the scale of repression that would require." That neatly explains some of E's many oddities, mysteries & inconsistencies. <https://t.co/JwfaWSmad>
 - Read @giulioeotti's cri de coeur about the danger posed by Communist #China, wake up, stop buying Chinese goods, and push politicians to end our dependence on China's manufacturing & largess. #ChiComms. Imagine the #Soviets with a successful economy. <https://t.co/ID8Q3Xhb6U>
 - #ISIS is not dead, as the headline below indicates. But it's also a bit deceptive, for no central ISIS command parcels out tasks. Rather, local #jihadis, inspired by ISIS' goals, proclaim themselves representing it. Beware: That's not less of a worry. <https://t.co/BMg7nV4rzS>
 - Daniel Greenfield (@Sultanknish) argues against treating media companies as essential business allowed to operate during the #COVID19 crisis. Essential news comes via the Internet; #MSM either whips up panic or sends reporters to do unwanted interviews. <https://t.co/kAbKEwv9hJ>
 - This is the perhaps most negative book review ever. The headline is the point because the review tells almost nothing about the book's contents. Takeaway: No matter how favored you are, upset today's guardians of public morality & you too will be trashed. #TheNewVictorianism <https://t.co/eBQaUk70W0>
 - In Europe, is #COVID19 helping the Establishment or #Civilizationists? #1. #WernerReichel: The "Corona Revolution" is not only taking Europe "from social democracy to socialism," but the Greens openly dream of going from there to full-blast eco-communism. <https://t.co/Jyu4s3Rde>
 - News item: @Khamenei_ir talks of Iran's enemies being #jinn (demons) & human, claims that they work closely together. Me: To understand this mentality, read #DanwPerlmutter's pathbreaking 2013 article, "The Politics of Muslim Magic," in the @MEQuarterly. <https://t.co/wUvilXA6tz>

- @YaakovLappin at @BESA_Center summarizes #COVID19's impact on the mullahs' aggression: "While the nuclear program continues to make alarming progress, #Iran's subversive & terrorist activities in the region are decreasing due to the domestic strain." <https://t.co/BZKGiejN21>
- Remember the classic definition of #chutumpah as a child who murders his parents, then begs for mercy because he's an orphan? This headline is a non-joke version of that: "#Hamas says will 'hold Israel responsible' if it fails to curb coronavirus in Gaza" <https://t.co/1OcBSG8k9q>
- #Turkey's interior minister: 410 people were arrested for "provocative" social media postings "attempting to stir unrest" about #COVID19. Me: @RTERdogan is already the world's biggest jailer of journalists. Now also of COVID-19 dissidents? But of course. <https://t.co/y6QAbC1mh1>
- @Jeff_Jacoby in the @BostonGlobe, noting that @JoeBiden can't campaign for president in person because of the #COVID19 crisis, but must stay put at home: "No one has ever been elected president from his basement." <https://t.co/axYp4Vg7JX>
- Hilarious. <https://t.co/iYaGMBuECd>
- @canarymission See my explanation of this phenomenon at <https://t.co/UIIFWCoNml> and more examples at <https://t.co/RbJnAf2A>. Daniel Pipes
- Leave it to the #Palestinians to innovate fiendish new ways to harm Israelis: Now, they ponder sending rockets at #Israel to force its population (including the 20% who are Muslims) into bomb shelters - where they will be much more susceptible to #COVID19. <https://t.co/PMamizCRz1>
- #AlexSelsky: Israeli willingness to suffer short-term for an eventual victory over #COVID19 has implications for an #IsraelVictory over the Palestinians: There too, Israelis are willing to do what it takes to end the problem. Go ahead, leaders, test them. <https://t.co/jBvKCGCinu>
- Did #Turkey's government ask some of its Palestinian agents to burn down a Swiss-run migrant camp on the Greek island of #Lesbos? That's the stunning implication of @NikosMichailid4, quoted in the @Jerusalem_Post. Me: I would not put this past @RTERdogan. <https://t.co/wFCVbQD4RZ>
- "Shame" replies @Netanyahu to the Blue & White party planning to appoint an anti-Zionist, @Ahmad_Tibi, chair of the Israeli parliament's committee dealing with victims of Palestinian violence & other sensitive issues. Me: B&W is showing its true colors. I shudder at what's next. <https://t.co/hA4UANWqYg>
- In the bad old days, @RTERdogan relied on the #Gülen organizations to do his dirty work. But then the two sides hugely fell out. Now, Erdo relies on an even more shadowy outfit, nicknamed "The Pelican Group," to take care of business. Learn about it here. <https://t.co/bWmX8L4pAB>
- @DanSiryoti in @IsraelHayomEng: A health & economic collapse among the #Palestinians in the West Bank & Gaza due to #COVID19 is "inevitable." And so is the certainty that #Israel will have to intervene, secure, pay for & fix the mess. Me: Lucky Israelis. <https://t.co/Fh9n9aiHzn>
- Tehran's hypocrisy elegantly exposed. - Poor us, American sanctions cause #Iran's #COVID19 woes - No thanks, horrible foreigners, we are proudly self-sufficient Conclusion: Keep the US sanctions in place & increase them. Bye-bye mullahs, hello #FreeIran. <https://t.co/mGtASi9IhE>
- Jonah Goldberg (@JonahDispatch): Were Americans the heartless capitalists of Leftist lore, they would not willingly accept a giant economic hit to protect the elderly, who are less economically productive. That no one even notices this makes it heroic. <https://t.co/3Pdn1iHBbh>
- A video captures how #Turkey's government pushes refugees & criminals to cross illegally into neighboring #Greece. Me: Expect this crisis to escalate as the weather warms, Turkey's economic problems multiply & #Idlib falls further under #Syria's control. <https://t.co/cVhphmwueC>
- Classic #PalestinianAuthority behavior: "#Israel criticized for closing mosque, while #Hamas criticized for not closing mosques, on same page in official PA daily," Al-Hayat al-Jadida, جريدة الحياة الجديدة. h/t Palestinian Media Watch (@palwatch) <https://t.co/z7kJO2Y3gj> <https://t.co/ohVdGCXeAY>
- Well, that's a fair deal. - Israel sends Gaza KITS (to save Gazans from the #coronavirus). - Gaza sends Israel KITES (to murder Israelis). Further improving the deal, conspiracy theorists even accuse #Israel of creating the virus to harm #Gaza. And MidEastern life rolls on ... <https://t.co/PLGv55k5rU>
- #Raphaelsraeli "Anyone who doesn't serve in the [#Israeli] military should be a resident & not a citizen, whether we're talking about a #Haredi Jew or an #Arab Israeli." They "should pay a price." Me: Interesting idea. But how would it practically work? <https://t.co/Ww5GZ7VK8R>
- Senior PA official: If #COVID19 spreads to #Gaza & the public health system there collapses, thousands of #Palestinians "will try to reach the Israeli border" in search of healthcare. Me: Yet again, needy Palestinians turn to #Israel for their salvation. <https://t.co/Eylic1K4A>
- #NeverBernie? Never heard of it. What's that? Kevin Williamson (@williamsonkev) explains why, unlike the #NeverTrump movement 4 years ago, NeverBernie did not happen. In short: #Democrats do worry he won't win but do not have a problem with his policies. <https://t.co/DNxAAtlZKj>
- #Syria's health minister: The first case of #COVID19 was reported today. Me: Given #Iran's huge presence in Syria & the country's catastrophic state of health, this news says more about the unreliability of statistics than an actual absence of the virus. <https://t.co/6BYzftigs8>
- "The Shield - App for the Corona War" It's a new app from Israel's Ministry of Health. It tells you the location & time when your smartphone (and therefore you) was exposed to a verified #COVID19 patient, then connects you to get help. h/t @IMRA_UPDATES: <https://t.co/YQpKEzrJDr> <https://t.co/auglowngMj>
- Could #COVID19 have originated at the Wuhan Institute of Virology? Major media like @USAToday all say NO. Trouble is, on controversial topics I know well, like #Islamism & universities, MSM consistently hides the truth. So, I am now wary of believing it. <https://t.co/acpY0saSBa>
- More & more changes in #SaudiArabia. Now, a leading #Islamic figure tells Islamists in France to cool it: "You must respect the constitution, the laws, and the prevalent culture ... if you do not like it, you may choose another country more to your liking." <https://t.co/rOIPFKdv8o>
- In a contrarian spirit, @NawafEObaid argues that #MbS does know what he is doing by flooding the oil market. Indeed, it's nothing less than "a new oil market with new fundamentals." Oh, and #OPEC is finished "as a united functioning organization." Maybe. <https://t.co/07Uodz3iCB>
- Ready for some #COVID19 humor? "Creative #Turks have come up with their own 'cures,' from cannabis to sheep's trotter soup." Underlying this, however, is a serious problem: An #Islamicate reluctance to accept "Western," ie, modern medicine, esp. vaccines. <https://t.co/VpCUHyKtxj>
- 40 years ago today, my first research article on contemporary (and not medieval) history appeared: "This World is Political!!!: The Islamic Revival of the Seventies," #ORBIS, Spring 1980. (I later edited ORBIS, 1986-90). And thus my new career was born. <https://t.co/5q7dlqrbgR> <https://t.co/C3x9rGLeiM>
- Which countries consume the most energy? Out of 13.8 mtoe (=millions of tons of oil equivalents) consumed in 2018, four countries used 7.2 mtoe, or over half: - China 3.2 - US 2.3 - India 0.9 - Russia 0.8 Wondering what the 2020 figures will look like. <https://t.co/hdduqiykFF> <https://t.co/8ldC7upW0c>
- Which countries produce the most energy? Out of 14 mtoe (=millions of tons of oil equivalents) produced in 2018, three countries made 6.2 mtoe, or nearly half: - China 2.5 - US 2.2 - Russia 1.5 China as #1 producer? And Saudi Arabia is just #4 at 6.8? <https://t.co/7ck5GWV3iB> <https://t.co/VqGoPIIXJL>
- ICYMI: To remove "common confusion" & "open wider horizons" internationally, #ISESCO changed names to "Islamic World Educational, Scientific & Cultural Organisation

- (#ISWESCO). Me: - Not following why the name change - "Islamic World" (العالم الإسلامي) is a v unusual formal name <https://t.co/KuZuzDJu2p>
- ICYMI: @IlhanMN tweeted this picture as one of many of herself at the "Twin City Pride." Her description of the event reads: "#HappyPride! I had a fantastic time dancing, hugging, and celebrating #TCPride with everyone this weekend! ❤️🧡💚💙💜 #Pride" <https://t.co/eoSMxChThX> <https://t.co/c2qgweYtGS>
 - More good news from the @AfD, #Germany's #civilizationist party: Pressured by secret police surveillance, it ordered the "Wing" (#Flügel), the trouble-making soft-on-Nazis sub-group of 7K members, to disband by Apr. 30. And now, onward to a clean AfD. <https://t.co/yTZimGktIA> <https://t.co/QGIlSfQrpy>
 - What about #Turkey's pressuring Europe by sending migrants to cross illegally into #Greece? It worked. The EU abandoned Greece. Merkel promised more money. #Erdoğan called off the migrants. Will the price be just money or also visa-free travel for Turks? <https://t.co/z8FxCisZiw>
 - There's a new television channel: Makkah Live, قناة القرآن الكريم. It's several camcorders at the Great Mosque in #Mecca playing a continuous #Koranic recitation. It's about as close as 4/5s of the world's population will get to visiting this unique site. <https://t.co/gxG5QHY1SV>
 - \$935,360,675.56. That's the amount - call it a billion - that @MikeBloomberg spent on his grand vanity project to become president of the United States. - Happy vendors. - Happy electorate, knowing the presidency cannot be bought. - Unhappy antisemites. <https://t.co/SkyJs1LZzu> <https://t.co/Shq6TgImPc>
 - Granted, I am a bit late to finding @m_marrouchi's graceful 2001 appreciation of me, but it still makes me SO proud: "Pipes, a mind-suppressor, will not hesitate to ... drive them out of their homes ... to aspire to mediocre intellectual respectability." <https://t.co/l9QZWIJWFN> <https://t.co/4MOYOH6oGm>
 - @JonathanS_Tobin speaking for @MEForum: Just as #Hamas & the Palestinian Authority agree on ends but disagree on tactics, so too with #Likud & Blue&White parties in Israel. Me: That also explains why the 3 Israeli elections focused on secondary matters: @Netanyahu & secularism. <https://t.co/RMyHTn0N1f>
 - Oh, the tough morning commute to the home office. <https://t.co/ARRHh4EGHo>
 - Great news from Germany: @AfD, the #civilizationist party, has thrown @Wolfgang_Gedeon out of the party along with a very statement why: "There is no place for antisemites in the AfD." <https://t.co/Nlm0Dxv01T>
 - I worry more about the economy than about public health. <https://t.co/3dnDYipNno>
 - I spoke for the @MEForum's inaugural stay-at-home webinar on the way #conspiracytheories concerning #COVID19 fit a nasty 900-year pattern. This video & write-up present both my introductory comments & @garycgambill's fine summary of the Q&A exchange. <https://t.co/eVSU0VdulQ>
 - #Pennsylvania's @GovTomWolf has ordered all non-life-sustaining businesses to close by 8pm tonight. He lists who rates as "Life-sustaining businesses." Me: Wonder why oil & gas rate, coal does not So glad @MEForum is outside his purview;.Our work goes on <https://t.co/HQclQnoxye> <https://t.co/DmF2UXnlgV>
 - In #Philadelphia, rice, potatoes, fruits, vegetables, meat, dairy & frozen goods are plentiful in stores. Cans are a bit shaky. Mysteriously, the mad run is on bottled water, toilet paper & paper towels. (The empty shelves below once held paper goods.) Can someone explain this? <https://t.co/tSZt9Kgnw0>
 - The authorities in several countries (Algeria, Saudi Arabia, UAE) have added after the #adhan, the Islamic call to prayer, twice the phrase: الصلاة في بيوتكم, As-Salatu fi-buyutikum, Prayer in your houses. As far as I know, this is an unprecedented step. <https://t.co/7yUYigWU88> <https://t.co/guE32R3sQl>
 - For the record, speaking as a total amateur in matters epidemiological but also a contrarian who has intensely followed the current drama: The long-term economic price of #COVID19 will prove to be worse than its health consequences. As usual, humanity will rue having panicked. <https://t.co/TirmleBa8C>
 - When arguing against #socialism, no need to bring up distant examples like Venezuela. The #ReallD fiasco suffices to expose government incompetence. - Congress mandated a new, more secure driver's license by Oct. 1 - But 3/5s of Americans don't have it yet <https://t.co/UDg3yp7VSS>
 - My nomination for most insane #COVID19 virus crisis reaction yet, courtesy of @LegalAidNYC: "City Hall must place an immediate moratorium on arrests." Lovely. An overt invitation to criminality. I wonder if @BernieSanders will endorse the idea. <https://t.co/WIHq7OTCsa>
 - News report: 13 Republican senators asked Saudi CP #MbS to reverse his recent decision both to drop the price & increase the output of oil. Me: - Do my eyes deceive me? - And I thought Americans want low energy prices - Maybe I am a populist, after all. <https://t.co/laCVxSHseO>
 - Perhaps the single most dramatic picture of how #COVID19 has changed life: The Great Mosque in #Mecca and the #Kaaba within it. Normally full of pilgrims through the day & night, it's now starkly empty. I believe this has never before happened in 1,398 years of Islamic history. <https://t.co/5dGHIHa2c7>
 - In new anti-#COVID19 virus regulations, #Israel's Ministry of Health has actually banned all visits to all of the country's beaches. Me: Now, that's getting really serious. <https://t.co/F6ELe8oPvm> <https://t.co/lLPus49JWQ>
 - What is #dhimmitude, the condition of Jews & Christians living under #Muslim rule, in practice? Read this passage about a Muslim seeking Jesus & the petrified priest who turns him away, fearing his church would be closed down if he welcomed the young man. <https://t.co/mWwPJ8lhxP> <https://t.co/4guDFT826P>
 - What's going on? Leading voices in China, Russia, Iran & Turkey, and lesser ones elsewhere, now blame #COVID19 on the UK, US & Israel. I explain in the @WashTimes how this fits a medieval pattern of #conspiracytheories focusing on secret societies & Jews. <https://t.co/UIIFWCoNml>
 - Much of the world, such as students & office workers, is staying at home - The same health & economic worries are on everyone's mind - The approaching equinox means everyone shares a similar climate There's never been a shared world experience like this. Will others follow? <https://t.co/Sonu67VJKB>
 - Announcing @MEForum's new, special virus-time, stay-at-home activities, including Webinars, Ask Me Anything, Conference calls, Middle East Insider & Podcasts. I kick off the webinars Wed @ 1pm with a discussion of #COVID19 & #conspiracytheories. Sign up! <https://t.co/3TnsvmoPIL> <https://t.co/wJOiwEI0UB>
 - While Turkey's Pres @RTErdogan obscenely compares Greece to the Nazis for its efforts to keep out illegal migrants, his forces have reportedly killed 447 truly desperate refugees trying to enter Turkey from Syria. That's another reason why I despise Erdo. <https://t.co/e42RYybzUH> <https://t.co/DsPk6cvZll>
 - Calling the source of the current crisis the "Wuhan virus" makes one a #racist in liberal circles. Me: - Really? - Actual #racism - prejudice based on racial differences - hardly exists - "Racist" has instead become an all-purpose insult & a way effortlessly to win any argument <https://t.co/LQ3QNMAbEN>
 - @MEESenergy: #Libya's oil production has crashed from 1.2mbd to 0.1 mbd due to #Haftar's LNA blockading the GNA, losing US\$3+bn in revenues. Me: - Rooting for Haftar quickly to finish off the Turkish-backed #Islamists. - Looking forward to Libyan product re-entering the market. <https://t.co/ruN2qa8dl2>
 - It's a long way (1,200km, 750miles) from #Turkey to Italy, but as Greek doors slam shut on illegal migrants, the prospect arises that @RTErdogan will put them on ships & send them over. Me: I would not put it past the Turkish despot. He has no scruples. <https://t.co/9XvIz0T705>
 - See what #MbS has wrought in the energy market in this 12-year graph from @MEESenergy. The good news: American #frackers can survive this price decline for a good while. <https://t.co/BmxbcStBSb>

- The first-ever laser zap-gun? It's called the "Light Blade" (Hebrew: Lahav-Or) it's made by #OptiDefense (a start-up) & it can knock bomb-laden kites & balloons from #Gaza out of the sky. It's another example of #Israeli path-breaking ingenuity. Bravo. <https://t.co/WnP9XdpPpe>
- #DavidSolway argues in "#Canada: A Totalitarian State-in-Progress" that as "Canada races to keep up with the Leftist conformity of the modern international elite," freedom of speech & action are rapidly eroding, with no end in sight. O, read it & weep. <https://t.co/Y6ZllgkXma> <https://t.co/rDFCc4bjcg>
- @MEForum Radio scored the final interview given by #Israel's MIGAL Galilee Research Institute which on Feb 27 announced "an effective vaccine against [another virus, that will] be adapted soon [to] create a human vaccine against #COVID19." Read & listen. <https://t.co/B3bydp7Zsu>
- #MustaphaElturk, imam of #IONAMosque in Warren, Michigan, articulated what we all know but #Islamists don't normally admit to: "I immigrated to the US [from Lebanon] because here people can freely spread Islamic ideology." USA: A welcome to all Islamists! <https://t.co/bJtvj2logs>
- @GovernorTomWolf unctuously praises @CAIRnational & makes me ashamed to be a #Pennsylvania resident. Read the cloying references to its promoting justice & freedom of religion, not to speak of its "legacy of service." I know liberals deeply ❤️ #Islamists; but must they slobber? <https://t.co/G6COFEvwnH>
- Reportedly, scientists at the #Israel Institute for Biological Research are on the verge of announcing a #COVID19 vaccine for the novel coronavirus. Me: If accurate, that's fabulous in at least two ways - health and #Zionism. Bye-bye social space & #BDS. <https://t.co/skoxTsBkWn>
- It's weird to be self-grounded because of #COVID19, staying at home & venturing out only for exercise or supplies. But at least we have the internet, meaning everyone can communicate, learn & be amused while many can do their work. Imagine if the internet were down. Then what? <https://t.co/IME4QfIKIs>
- When #Iran's Supreme Leader @Khamenei_ir, said the #COVID19 tragedy "will turn into a blessing for us," what did he mean? I see 2 main alternatives: - Iranians who survive it will be toughened - Iranians are incubating it so as to spread it to the kafirs <https://t.co/Mm3LD3TT5a> <https://t.co/yOnV7JxB61>
- @IlanBerman asks the \$64 question at @NRO: "Will #Iran's regime survive the current crisis intact? It might. But it is not beyond the realm of possibility to think that ... the coronavirus might end up accomplishing" its collapse. For the record, I agree. <https://t.co/KRgjXa5S2j>
- Even a dictator has to worry about his subject population - just ask Bashar al-Assad or Nicolás Maduro. Now, for the first time, @RTERdogan has to worry. Wars in #Syria & #Libya are going badly, as is the economy, foreign relations & much else. @SemihIdiz <https://t.co/AwbiRhTCld>
- During the 2008-09 financial meltdown, @JHKunstler wrote an article for @Newsmax: "10 Ways to Prepare for a Post-oil Society" predicted a radical return to 19th-century ways I mention this now because #COVID19 is making some of his insane ideas come true. <https://t.co/56c7jOURCO>
- #AbbasTabrizian, Iran's "father of Islamic medicine," has devised a brilliant "Islamic" solution to #COVID19: "Before sleeping, put a cotton ball dipped in violet oil to the anus." Me: - I kid you not - The funniest thing yet to come out of this tragedy? <https://t.co/abqpoZaTMN>
- At Greek request, Bulgaria opened the #Ivaylovgrad Dam to flood the #Evros River & thus impede migrants in #Turkey from crossing, Me: - This time, Europeans seem serious about stopping a surge of illegals from entering - @RTERdogan must be having a fit <https://t.co/ewo21UMo3N>
- #LeonardGetz asks: If the feds rejected @CAIRnational as a census partner, why does Penna. @GovernorTomWolf include this Islamist terrorist-supporting front organization that seeks to overthrow the US government & the installation of an Islamic theocracy? <https://t.co/fmvvRhUvLT> <https://t.co/jYbLoF3mgu>
- Okay, we've all heard & participated in discussions of #COVID19's impact on health, the economy & social life. But what about demographics? Which will have more of a legacy, husbands & wives shut up at home or lovers unable to get together? We'll find out in a few short months. <https://t.co/ycAkZOWFXg>
- How many #COVID19 cases are there in #Iran? The government says 6.5K. Using a multiplicity of methods, Graeme Wood (@gcaw) calculates 2mn, or 300 times more than acknowledged (and 25 times more than #China). No news here; the mullahs constantly lie. <https://t.co/jfT4f8t9j9>
- "@HussamA endorses Bernie." Me: Is it possible that @BernieSanders, a nominal Jew, will win the public support of every prominent American #Islamist, #antizionist & #antisemite? Waiting for @LouisFarrakhan to endorse him. And don't forget @DrDavidDuke. <https://t.co/5JiSzWkkaL> <https://t.co/RXSaQF2dFK>
- Bracing to see that @SPLCenter and @CAIRnational are openly colluding. - Amusing title for 2 hate-filled groups - Impressive that they are not ashamed of working with each other - Expecting that their two names on the cover automatically delegitimizes the study for most readers <https://t.co/ZCwxRw7S4z>
- How amusing. Mr Big, #Turkey's dictator @RTERdogan, not only has to cool his heels for two very long minutes in Moscow to see #Putin, but Russian television taped and showed him impatiently & irritatedly doing so. Guess we know who's the Top Dog Dictator - and it ain't Erdoğan. <https://t.co/RBWLbQJhv7>
- The #Saudi "shock & awe" oil strategy: - Not reach accord with Russia, let the market go down by \$9 Friday to \$45 - Announce largest cuts ever to the price of Saudi oil - Announce a major increase in production I wouldn't want to be #Putin or #Khamenei. <https://t.co/V2GrIFng4l>
- As @GantzBe & @AvigdorLieberman agree on terms to form a government in #Israel, presumably one relying on Joint List (ie, Pal'n) support, does @Netanyahu ever ponder the idea of resigning, thereby enabling his #Likud party to remain in power? Just askin'. <https://t.co/iVdFwvltX1>
- @LindseySnell snapped a billboard today in #Benghazi, Libya. Right side: #Turkey's Pres. @RTERdogan appears as an #ISIS fighter with an ISIS flag. Left side: E's normal appearance against a Turkish flag and (in Arabic) "Down with the lunatic sultan." <https://t.co/CMVawWm3qf> <https://t.co/iSMrDDW92b>
- Follow the moves of master strategist @RTERdogan. He - gutted his military command - shredded his @NATO duties - buddied up with Putin - invaded #Syria to fight Russian-backed forces - ditto in #Libya Guess what? Things aren't going well for poor Erdo. <https://t.co/1jnes3mMuy>
- @GettyImages caption to this picture: "Migrants chant slogans as they demonstrate in the #Turkey-#Greece border buffer zone, near #Pazarkule crossing gate in #Edirne, Turkey, on March 6, 2020." My caption: And would you be eager for these fine gentlemen to enter your country? <https://t.co/djjiimiKHNC>
- @WSJ: #MbS has arrested his uncle Ahmed bin Abdulaziz & his cousin Mohammed bin Nayef bin Abdulaziz (#MbN) & accused them of treason in plotting a coup against the king & him. The two face lifetime in prison or execution Me: A rough ride but I'm with MbS <https://t.co/pGwr05HePK>
- Explaining #Israel's electoral impasse: It's not @Netanyahu's legal issues. It's that Naftali Bennett Zvika Hauser Yoaz Hendel Avigdor Lieberman Avichai Mandelblit Reuven Rivlin Ayelet Shaked Moshe Yaalon et al. agree with him on the issues but are personally alienated from him. <https://t.co/6twyJCNsgq>
- @CKChumley has an interesting theory: One reason for @BernieSanders' inability to bring out the youth vote, despite spending \$115mn, is the legalizing & decriminalizing of #marijuana. His voters just may be too stoned to bother visiting the ballot box. <https://t.co/f9b3d5yxBp>
- This routine landscape would be of no special interest, except ... Except that it's not the Earth. It's #Mars. It's part of a billion-pixel picture from @NASA's Curiosity Rover taken in late 2019 and just released. <https://t.co/puDeT0hhDF> <https://t.co/dYOxtuPyVn>
- If I properly understand this un-narrated video, a solid line of Greek security personnel faces across a border road to #Turkey, where a roughly equivalent number of

- would-be illegal migrants is waiting to dash into the EU zone. Me: Welcome to the future. <https://t.co/q8W5luHPjI>
- Read this sordid account with compassion. - How the other half lives - Abducting a wife by helicopter - Torturing a daughter who sought freedom - Crisis in UK-UAE relations - Sunlight disinfects - Hooray for democracy - Hoping some good comes from it all <https://t.co/SqgpAABbcV>
 - Not only is #Turkey's government using refugees as pawns (to pressure the EU to help it vs Russia) but this report indicates it is forcibly taking them to the border with #Greece & throwing them out of the country. Me: That sounds precisely like #Erdoğan. <https://t.co/9bBfXwvng>
 - 1974: Awful that #Turkey's armed forces attacked & occupied northern #Cyprus 2020: Worse that @RTErdogan wants to impose #Islamism on Cypriot Turks because, @GokhanBacik explains in @Ahval_en, "In the eyes of Anatolian Turks, Turkish Cypriots look like '#kafirs' or infidels." <https://t.co/wTaDmjIsYA>
 - The death toll from #COVID19 among #Iran's leadership - a Supreme Leader advisor, 3 IRGC commanders - is unique. Plus, 10% of the parliament. The deputy minister of health. And on & on. Makes one wonder. <https://t.co/TVruT9Hsb>
 - News to me: ~140K #Ethiopians annually cross the Red Sea & land in #Yemen, hoping to make their way to #SaudiArabia. In combination, ruthless Ethiopian smugglers, a raging Yemeni civil war & Saudi police ferocity make the Med crossing to #Europe comparatively look like a picnic. <https://t.co/qlazvWgtKD>
 - @Con_Coughlin at @GatestoneInst brings rare good news from the weak-kneed Europeans: They "might have fallen for Mr #Erdogan's bully-boy tactics in the past. But all the evidence from the latest migrant crisis suggests they are not about to do so again." <https://t.co/Uo4xsQTrxa>
 - Very thoughtful analysis by Rafael Castro (@rafaelcastr1978): European #Holocaust celebrations tend to downplay the unique Jewish tragedy at Nazi hands in favor of bemoaning the alleged current plight of #Palestinians & #Muslims in Europe. Me: Appalling. <https://t.co/tIVsmDGI1o>
 - Well, that was a lot faster than expected - not 3 years but 4 days. As I've been saying for decades: #Islamists need to be defeated, not accommodated, just like Nazis & Communists before them. I'll clap on their giving up, not for some phoney agreement. <https://t.co/9kjaqSga7V> <https://t.co/GrxQKf0ShK>
 - A first for #Israel's parliament, the @KnessetIL: Iman Khatib-Yassin, a #hijab-wearing member of the Joint List. Me: Wondering if she'll be more loyal to Israel than America's first hijabi, @IlhanMN, is to the United States. Let's see. <https://t.co/hdFDMGZIXD>
 - Turkey: An opposition CHP (@herkesicinCHP) MP, @EnginOzkoc dared to criticize @RTErdogan in parliament for disrespecting the fallen in #Syria. Ruling @AKParti MPs then mobbed Özkoç & a free-for-all followed. Watch it & enjoy Turkish democracy in action. <https://t.co/mJD87gnrAn>
 - Wonder where talk about the richest 1% is leading? Note this clue from a meeting of #Germany's Left party (@dieLinke): A participant called for revolution & alluded to shooting the 1%. Party leader @B_Riexinger laughed in response. Americans, take heed. <https://t.co/bB9Inj7Suo>
 - The Democrats' presidential race is going as well as this conservative could have hoped for: - No "revolution" - Money can't buy the presidency - No "husband" - Likelihood that the #BernieBros won't fall into line - No @EWarren - The dumbest & weakest nominee since ... @JohnKerry <https://t.co/vwZSeKaYud>
 - - Good to see how Biden is trouncing Sanders so far in the Super Tuesday primaries. - Good to see Bloomberg's money can't buy him votes. But wait! He got half the vote in #AmericanSamoa. Maybe he should move there and become its governor? Think what \$55bn can do for the Samoans. <https://t.co/q6KWewDaUu>
 - Take a look at Sen @EWarren's "plan" for #Muslims. Note how she refers to "people who have accepted the Muslim faith — whether they are Latino or Native or Black." Why no whites? Because this way she can treat all Muslims as victims. How very patronizing. <https://t.co/livluF7KZ5>
 - How rich: When anti-gun advocate @MikeBloomberg is confronted with the fact that he is surrounded by bodyguards ("Does your life matter more than mine?"), he weakly replies that he gets many threats. So, yes, his life does matter more than yours or mine. <https://t.co/0QXEyxZcw5> <https://t.co/Bj8Ka6U376>
 - #SimonTisdall: "The humbling of #Turkey [in #Syria] is no cause for cheer in Europe and the US." Me: It sure is. When a nasty dictator turns an valued ally into an enemy, his humbling is both a source of cheer & a message to others tempted to follow him. <https://t.co/kSMQ3dviPg>
 - However #Israel's politics sort out, the most notable result of yesterday's election is the entire Zionist Left combined winning a trivial 7 seats, or 6% of the vote. Is this once-dominant sector heading toward extinction? Will variants of the Right be the only non-Arab choice? <https://t.co/n4Z1Exvi13>
 - @HagaiEIA, the head of @BTselem, calls the #IsraelVictoryProject's poster showing Abbas & Haniyeh giving up on the battlefield "this election's victory image" & says they are "etched in the collective consciousness" of #Israel. Me: Hoping Hagai's right. <https://t.co/F0i6JsgAaF>
 - As @RTErdogan unleashes millions of unwelcome migrants on Europe, Europeans sit & watch helplessly. @Mrubin1971 to the rescue with a stunning idea: For each migrant entering from Turkey, forcibly return a Turk to #Turkey. Me: That will get E's attention. <https://t.co/fkBuFRfnC2>
 - If 2 top Iranian officials (Vice President Masoumeh Ebtekar & Iraj Harirchi) are sick from #COVID19 and 1 died (Mohammad Mirmohammadi), that strongly suggests that the number of cases in #Iran far, far exceeds the mere 1,501 that the authorities admit to. <https://t.co/P2r1RvGJ7T>
 - On Jan. 20, 2021, Inauguration Day, the ages of leading candidates will be: Sanders 79 Biden 78 Bloomberg 78 Trump 74 Weird that the oldest president ever is about to be the youngster. He's also the only Baby Boomer among them. Jimmy Carter, who will be 96, should jump in. <https://t.co/DGirKRst7a>
 - Best to use humor when taking on the establishment: Muhammad Syed, president of Ex-Muslims of North America (@ExMuslimsOrg) uses the sarcastic abbreviation PBUM (Praise Be Upon Me) after his own name and his Twitter handle is @MoTheAtheist. <https://t.co/Thu44Y1usp>
 - The room erupted in cheers today on the #Taliban & the U.S. government signing an "historic" peace agreement. Me: The Taliban will rupture this agreement within 3 years, confirming the utter futility of 18 years' worth of American hopes, dollars & lives. <https://t.co/XINcep4hbk>
 - There's a fascinating @Wikipedia entry, "List of converts to Christianity from Islam." But where is @BarackObama's name? He was born & raised a Muslim, then converted in his 20s to Christianity. How long will this incontrovertible & simple fact be denied? <https://t.co/DLFlOuZCB>
 - @PrimeMinisterGR: "no illegal entries into Greece will be tolerated." #Turkey: Packed busses to the border. Prisoners released. #Greece: Total closure of Turkish border. 50 warships & 10 helicopters deployed. Tear gas & pepper spray. Very high tensions. <https://t.co/fsnovJugle>
 - Jewish Electorate Institute (@JewishVoters): While 91% of American Jews are "generally pro-Israel," only 35% support @Netanyahu's policies. Me: - @JStreetDotOrg & @BernieSanders have a huge constituency - Conservatives are far more more pro-Bibi than Jews <https://t.co/LQJFPs4qct> <https://t.co/gD5GWlo24P>
 - Me just past my 21st birthday. I show it here because I looked faintly #Islamist avant la lettre, no? <https://t.co/tnV1Poze8j>
 - Good to see that @MikeBloomberg does not disavow #NYC's counter-terrorist focus on #Muslims: "All of the people came from the same place ... if they'd been [followers of] another religion, we would've done the same thing." Me: That's plain common sense. <https://t.co/2MFakeE3Av> <https://t.co/n3FCX54u6k>
 - 2016: EU agreed to pay billions to #Turkey to not send its refugees to Europe. Feb. 28, 2020: To put pressure on @NATO to provide them help in #Syria against #Russia,

- the Turks have ended this deal. Me: Forget it. Deploy your new S-400s against Russia. <https://t.co/ADwY64gokk>
- Academic malfeasance: @AndreaDess for the London School of Economics (#LSE) pronounces me an "ardent supporter of both #Trump & @Netanyahu." I often criticize both, especially Trump. But why should a senior fellow at @IAOnline even bother to do research? <https://t.co/77BxKpcMVu>
 - @ThePolForum on today's Left: "Adoption of the postmodern ethos was the Left's way of coping with the failures of Marx's vision. If reality says that Marxism is a bag of bat guano, then you simply deny the existence of reality. Problem solved." Bingo. <https://t.co/YPKXMwd2fH> <https://t.co/eLXD28J8vg>
 - Israeli scientist: "in a few weeks, if it all works, we will have a vaccine to prevent coronavirus." Me: - Wow - I hope anti-Zionists in Iran's government & elsewhere are true to their principles & boycott this vaccine. What a principled way to go, right? <https://t.co/foj7qcebsw>
 - In 2008, I temporarily became a Democrat to vote for the less dangerous Hillary against the more dangerous #Obama. In 2020, I am thinking of becoming a Democrat to vote for @BernieSanders, to deprive the nominee of \$1bn or so of @MikeBloomberg's money. <https://t.co/5cjsaRU6lt>
 - Three contemplations of #Islam: - Egypt's #MuslimBrotherhood: "Islam is the solution" - Netherlands's @GeertWildersPVV: "Islam in the problem" - Me: "Radical Islam is the problem, moderate Islam is the solution" Take your pick or devise your own interpretation.
 - @Semihldiz, one of the finest analysts of Turkey, shows why @RTErdogan's #Syria policy is a disaster. Basically, it comes down to his trust in #Putin, of all people. Me this is oddly typical of dictators; recall Stalin's mistrust of everyone but Hitler. <https://t.co/Kw2epdbmcQ>
 - Really, truly amazing news: #Austria's parliament UNANIMOUSLY passed a resolution condemning #BDS (the boycott, divestment, and sanction movement) as #antisemitic. Me: - Go Austria - If Austrians can make this happen, anyone can. Who's next? <https://t.co/08UNBh6wPR>
 - A top specialist on infectious diseases, #DidierRaoult, says those diagnosed with coronavirus #COVID19 can be treated with simple #chloroquine, a synthetic drug created to fight malaria: <https://t.co/JkceID1jEO>. The @NIH agrees, calls it a "breakthrough": <https://t.co/QwkrveErSL>
 - More Charles Petersen (@petersenplusone) in @NYBooks, now on the extreme unlikelihood of winning a tenured professorship at a top university: "Pursuing a life in academia has become more like trying to become a professional athlete or a star musician than a doctor [or] a lawyer" <https://t.co/qRfqrYp7m>
 - @MikeBloomberg on Israelis & Palestinians: "You have 2 groups of people, both who think God gave them the same piece of land." Me: #Palestinians make lots of absurd claims but I don't recall them claiming God gave them the Holy Land (ard al-muqaddasa, الارض المقدسة, Koran 5:21). <https://t.co/32NijJNQfA>
 - As #Israelis endure one caretaker government after another, there's an unexpected consequence: Because ministries can't punish localities by cutting their funds, there's public transportation on Shabbat for the first time ever since independence in 1948. <https://t.co/uCgVBK9vaj>
 - #WilliamDiPuccio's short new book, "Can Islam Transform the West?" convincingly makes the case that, yes, "#Islamists are a force to be reckoned with ... as they work to gradually erode Western values." Their influence, he concludes, "is a threat" to all. <https://t.co/D2FbE0eDkw> <https://t.co/t2fla3AZQ>
 - I've been listening for some time now to @TheEconomist's daily podcast. At the end of every interview, host Jason Palmer (@djonpalmer) thanks his guests. Instead of saying "You're welcome," they all in turn repeat, "Thank you." What an odd verbal tic. <https://t.co/NoVxVX2nQw> <https://t.co/7ZloPtmwE>
 - @BernieSanders on #FidelCastro's Cuba: "I think teaching people to read & write is a good thing." Me: It sure is, but that recalls praising the #Nazis for their fine highway (Autobahn) system. It's ignoring the horrors in favor of a trivial consolation. <https://t.co/S7KaQS1XFA>
 - #HosniMubarak, 91, #Egypt's dictator 1981-2011, died today. In 1984, I called him the "Mayor of Egypt," a welcome relief from the Nasser & Sadat adventures. Then he became the "New Pharaoh," consumed by his vast ego. He ended up the "Frail Prisoner," rejected & discarded by all.
 - @JonathanS_Tobin asks, "Will Bernie turn Jews into Trump supporters?" He correctly answers no. "Not even the victory of a socialist backed by a coalition of #Israel haters will persuade liberal #Jews to abandon their party, let alone to vote for" Trump. <https://t.co/HdDFKmjnhA>
 - "Odious" "Shameful" Great to see @AIPAC dropped its every-critic-is-a-future-friend dreaminess & is willing, without apology, to criticize a powerful politician like @BernieSanders. Even better: Criticize politicians not just for skipping your conference but for their policies. <https://t.co/d8yZg8qtij>
 - The brilliant Daniel Greenfield (@Sultanknish) argues convincingly that @GeorgeSoros should be deported from the United States on account of his WWII crimes on behalf of the Nazi regime. The 2010 #HoltzmanAmendment is crystal clear. Heave-ho, time to go. <https://t.co/n3yoeaU0ry>
 - Vindication for @SenTomCotton, who suggested that the #coronavirus originated in the #Wuhan Institute of Virology? Steven W. Mosher of @PRIsource looks closely at the evidence, including PRC statements, and finds that they jibe closely with this theory. <https://t.co/g1KpSjXlWj>
 - Charles Petersen (@petersenplusone) in @NYBooks: In 2017-18, an average of 122 applicants vied for each tenure-track position in #history, with some openings receiving ~700 applications. Meanwhile, such trivial topics chase students from studying history. <https://t.co/dkbNcZzkm7>
 - On Feb. 13, @MEForum put up 5 #IsraelVictory billboards in Tel Aviv stating that "Peace can ONLY be made with defeated enemies." On Feb. 14, the mayor had them removed, ignoring our free speech & spoiling our property. We're suing. Read the details below. <https://t.co/UiZqailXZD>
 - @NYUniversity's policy on pronouns breaks new ground in its complexity: - Students can choose their pronouns - Or they can also decide not to use them Advice for faculty: Stay out of trouble by referring to everyone by name, never use dangerous pronouns <https://t.co/LKoQRjMPPGg>
 - You are invited! See the event for select Congressional staffers & look at the topic: a "discussion of the pro-#Israel lobby in the United States and the Foreign Agents Registration Act (#FARA)." Me: Looks like @AlJazeera is feeling the heat about registering as a foreign agent. <https://t.co/EJO5y8mSsk>
 - News: The #Utah Senate unanimously passed @DeidreHenderson's bill decriminalizing polygamy among consenting adults. Me: They are thinking of #Mormons, of course. But the larger implication concerns #Muslims. Assuming this becomes law, I foresee a major influx of Muslims to Utah. <https://t.co/cAEKTAOBfo>
 - If anyone who still doubts that #antiZionist = #antisemitism, well, here's your proof: The Iranian regime might punish local #Jews by razing a beloved tomb in order to strike a symbolic blow against #Israel. Happily, the pathetic, sick Islamists ruling #Iran will soon be gone. <https://t.co/RVEjWiPoie>
 - @RTErdogan has hostile relations with just about everyone - even @MustafaAkinci_1, the leader of Turkey's ward in northern #Cyprus. Good for Akinci, bravely standing up for Cypriot interests against a thug. <https://t.co/mCR92fzQR6>
 - #Israel's police arrested @YehudahGlick - rabbi, former Likud MP & gunned-down-by-a-jihadi-victim - for "walking too slowly" on the #TempleMount, then ransacked his house. Lesson: Don't dare to upset the Israeli police. That includes even PM @Netanyahu. <https://t.co/0tGj3oDObp>
 - @EmmanuelMacron: "Political Islam has no place in #France." Sounds good, no? Sadly, that looks to mean that the government will exercise more control over mosque funding & imam training. Given Paris' dismal record, you can expect little to come of this. <https://t.co/DpMcFzP78K>

- "Are you a young European or Palestinian photographer? Do you want to be part of the EU Photo Marathon in Palestine?" If so, apply now - Feb. 20 deadline - for an #antiZionist boondoggle paid for by EU taxpayers. Me: The EU is a bad joke. @EUpalestinians <https://t.co/fVT7VcWuSH>
- For a long critique (more than twice the length of my chapter), see Martin Lichtmesz (@lichtmesz), "Die Versprechen des @DanielPipes" (The Promises of DP). He is particularly annoyed by the Jews' post-Holocaust moral authority - which is not even my topic. <https://t.co/FDdet6DfZ2> <https://t.co/WKweEPcdSZ>
- As an occasional speaker at universities, I endorse #StanleyKurtz' "Campus Intellectual Diversity Act" that @NASorg promotes. The act sets out rules for public policy events on campus. Good to learn that #Arizona & other states might adopt it as the law. <https://t.co/SKvQ1fKJXL>
- Welcome to the wonderful, wacky world of Jordanian logic: - The electricity company buys Israeli gas because it's cheaper - Electricity consumption goes up due to a harsh winter - Consumers in #Jordan blame the price hike on ... the purchase of Israeli gas <https://t.co/r0fN7Y2bLQ>
- J. @Freedland: What @BernieSanders & @JeremyCorbyn share: Biography "Rumpled authenticity" Ambition Free stuff Economics Foreign policy Intra-party critique Followers Electability How they differ: Scrutiny Antisemitism US "imperialism" Rhetorical skill <https://t.co/ITZe9qs8hs>
- Thank you, @SoerenKern & @GatestoneInst, for noting a "seismic" & positive verdict that (of course) the MSM overlooked: Europe's highest court, the #ECHR, has permitted governments summarily to expel illegal migrants. Just think of the vast implications. <https://t.co/8V1yJU54Z>
- From #Bahrain, the most unexpected headline so far in 2020: "3-Year Sentence for Demonstrator Who Burned #Israel's Flag." Me: Sunni Arab elites have had it with #Palestinians intransigence. But when will the masses follow? It could be a long time coming. <https://t.co/zV4JYfBcsg>
- Die @AfD macht so große Fortschritte, daß die nervösen Narren in der @CDU jeden rausschmeißen, der eine Zusammenarbeit der beiden Parteien vorschlägt. Die CDU schiebt das Unvermeidliche hinaus & zieht damit einen erheblichen Preis für sich & das Land ab. <https://t.co/f2mbykUCno>
- We have all countless times seen the picture of #Hitler with the #Palestinian mufti, Amin al-Husseini. But were you aware of a video of the two meeting? Here it is. It needs to be played and replayed. Husseini, Arafat & Abbas are all connected to Hitler. <https://t.co/eYVn9KnHrg>
- The Saudi newspaper @OKAZ_online has published a remarkable historical dossier on the #MuslimBrotherhood's deep #Nazi connections during WWII. It even photoshops MB founder Hasan al-Banna so he wears a fez with #swastika. Does this convince #MbS doubters? <https://t.co/Kxp1fz1fUO>
- Germany's @AfD is making such progress that the nervous nellies in the @CDU kick out anyone who proposes the two political parties work together. Me: The CDU is postponing the inevitable & doing so extracts a substantial price for both it and the country. <https://t.co/f2mbykUCno>
- To understand the conundrum of contemporary Germany, read & learn from #JayTechau's essay, below. Basically, it comes down to "heavy self-doubt"; what if Germans again get it so very wrong? He calls for allies to "play a constructive psychological role." <https://t.co/WuXly5P7Vc>
- Even though it's the middle of winter, I had an unusually good week, exercise-wise, with an average of over 11,600 steps or 5.1 miles per day. (My usual average is 7,200 steps or 3.2 miles per day.) #HealthApp Okay, now back to the usual serious topics. <https://t.co/ctWx74ZUok>
- Ever wonder how the West's conquest of #Muslim-majority territories took place so that, by 1919, ~95% of Muslims lived under Western control? The process started in 1764 & ended in 1919. Here's a summary, excerpted from my 1983 book, "In the Path of God." <https://t.co/gf1aD4kMc7> <https://t.co/eDI9zvthBM>
- Garrison Nelson, a political scientist at @uvmVermont & a friend of @BernieSanders: "Bernie's the last person you'd want to be stuck on a desert island with. Two weeks of lectures about health care, and you'd look for a shark and dive in." <https://t.co/SOUqc63IVS>
- News from the Syrian front: It looks like the Assad regime, with Russia's & Iran's support, had nearly pushed Turkey's @RTErdogan regime out of Aleppo province, a major step toward ending Syria's 9-year old civil war. The battle for Idlib could soon - at last - end the fighting. <https://t.co/ZwnXDVSJ>
- @NihadAwad (real name: #NehadHammad), the head of @CAIRnational, calls me "a central figure in the Islamophobia network" & he compliments me, saying I fund "serious organizations." Gee thanks, Nehad. And you're a central figure in the #Islamist network. <https://t.co/5G24OYiSrs>
- It's pretty sad that the UK @JewishLabour Movement backs @LisaNandy to be @UKLabour party leader. Nandy heads Labour Friends of Palestine (@LFPME). She consistently attacks #Israel. Eg, she calls for an end to the "selling of arms to Israel." Me: It would be better to abstain. <https://t.co/wX1CostySN>
- Lord Cromer (1841-1917), British imperial ruler of Egypt: "#Islam cannot be reformed; that is to say, reformed Islam is Islam no longer; it is something else." Me: It's amusing that #Islamists like Turkey's Pres. @RTErdogan agree with this essentialism. <https://t.co/TfnKNHBCzs> <https://t.co/MYSELzKmRN>
- Who knew? #ValentinesDay in #Baghdad serves as a symbol of "patriotism, love for peace & desire to live in dignity." It's also become a battlefield against #Islamists led by the dour Muqtada al-Sadr. Me: It's fascinating to see how Western customs travel. <https://t.co/Xtf54XLemB>
- Did you know? Egypt's government has built a 2nd wall along its #Gaza border, this one 6m high & 5m underground, to block tunnels & keep jihadis out of #Sinai. Me: - Gaza is a threat to both its neighbors. - Odd that the @UN doesn't care about this wall. <https://t.co/gcM3gU6Ekj>
- @CengizCandar, one of #Turkey's most senior political analysts, does not mince words about @RTErdogan's policy in Syria, describing it as both "a sort of lunacy" and "a frenzy that betrays a lack of rationality & sobriety." Me: The attack won't end well. <https://t.co/fkX6r5uKSQ>
- Good one, this: Asked about #Israel's involvement in an aerial attack that struck 5 weapon depots around Damascus, PM @Netanyahu replied: "I don't know what happened at night. Maybe it was the Belgian air force." That implausibility speaks volumes. <https://t.co/h5hkbhxSwE>
- #Israel's military just unveiled a new work-plan called "Momentum," designed to increase its capabilities sevenfold. DM @NaftaliBennett commented: "The plan puts the principle of victory back at the top of the list of priorities." Me: Go #IsraelVictory! <https://t.co/3o2MDfjEx9>
- Oh no, the international Zionist plot against @TariqRamadan continues: Today, he was charged with raping another 2 women, in addition to the 2 prior charges of rape. He, memorably, is the author of a book titled "Islamic Ethics." Marvelous hypocrisy, no? <https://t.co/FvUeFBqdAZ>
- Has @AvigdorLieberman broken #Israel's electoral impasse? He signaled he might join a Blue&White-led coalition. But that makes a majority only if the Arab party joins too, which is not a prospect. In short, the Palestinian & Haredi issues self contradict. <https://t.co/qlmWR6t5TR>
- Here's today's funny typo, from an @AP analysis of @BernieSanders' nomination: "Democrats are sharing their worries that Sanders' ... unyielding embrace of controversial proposals like "Medicare for AI" ... will repel voters." Medicare for AI? Who is AI? <https://t.co/YpxF76KnrV> <https://t.co/VEDzEFWhMr>
- The @UNHumanRights Office issued a blacklist of 112 businesses "involved in certain activities relating to settlements" in the #WestBank. How about a "boycott" of the 112? That is, everyone buy from them. Yum, I will start with @GeneralMills' Cheerios. <https://t.co/EXW9lpxkR7>
- @DeptofDefense: 109 US soldiers at the Asad base in Iraq have suffered traumatic brain injuries from the Iranian missile attack on January 8. Me: Wondering why

- #Trump dismisses these wounds as "headaches." It's not how to "Make America Great Again." <https://t.co/QfcxuvHI5H>
- Here's today's unequivocally good news: For the 300K deaths in Darfur in 2003, #Sudan's new rulers will deliver ex-President Omar al-Bashir to the International Criminal Court (@IntlCrimCourt) to face charges of genocide & war crimes. Next: Kim Jong-un? <https://t.co/a5Eq3iNMlf>
 - Headline: "#GeorgeSoros launches \$1bn move to educate against nationalism" Questions: - Why are leftist billionaires so much more generous, activist & effective than their rightist counterparts? - Where is our answer to Soros, @JeffBezos & @MikeBloomberg? <https://t.co/Acy2gqz4w1>
 - Turkey's MHP leader Devlet Bahçeli (@dbdevletbahceli): "If necessary, the Turkish nation should plan to enter Damascus." Yes, he's actually saying that Turkish forces might have to occupy Syria. Me: #Turkey's politics are getting ever more out of control. <https://t.co/sjw04H7A3x>
 - To my knowledge, nothing like this has EVER before happened at the @UN: "Fearing 'humiliation,' #Palestinians pull UN resolution against #Trump peace plan." Only 5 of 14 states supported its initiative. Is this a sport or a turning point? Me: The latter. <https://t.co/Go7RX1yju>
 - I'm working for #IsraelVictory, not #IranVictory. Good thing, too, as Iran's Sunday launch of a satellite named #Zafar (Victory) failed to reach orbit. All the happier given the satellite's first transmission would have been a picture of #QassemSoleimani. <https://t.co/9naJl5pMT0>
 - There's a political crisis today in #Germany as #Merkel's hand-picked successor, AKK, abruptly resigned, leaving the governing CDU party in turmoil. - Cause? The @AfD's steady rise - Problem? Trying to ignore this reality - Solution? Face facts, embrace Civilizationism & the AfD
 - #Fatah to #Trump: "Shove [the deal] up your [ass]" or "we'll declare a war only God can extinguish" Me: Post-Oslo, #Palestinians have reverted to their tired, old "never miss an opportunity to miss an opportunity" negative policy. Lucky for #Israel, that. <https://t.co/etveH5241E>
 - @GiulioMeotti at @GatestoneInst about her government condemning 16-yr Mila for criticizing #Islam: "#France is rapidly going from laïcité (secularism) to lâcheté (cowardice); from freedom of expression to unconditional surrender." Me: Sadly, he's right. <https://t.co/Rj0aATkaej>
 - My reasons for opposing #Israel's annexation of the #JordanValley: - It brings no security benefits - It alienates many or most Israelis (and so, runs contrary to #IsraelVictory) - It infuriates @TheDemocrats, thus weakening US ties - It offers citizenship to ~10K #Palestinians <https://t.co/mg2XTxbG9T>
 - Shocking but not surprising news from the #Netherlands: The PM & other politicians insisted on @GeertWildersPvV's prosecution for "hate speech" when the prosecutor decided against this. Me: The Establishment will do anything to suppress #Civilizationists. <https://t.co/FXD7tLOazW>
 - Speaking of @TheDemocrats, I noted their move away from #Israel already in 1992. See below for my argument why anyone concerned with Israel's welfare & security must vote for the @GOP. Well, that summer afternoon is upon us & the ice is rapidly melting. <https://t.co/qLlyWsf0DE> <https://t.co/xzVktXUJKt>
 - It's remarkable how central the debate over policy toward #Israel has become among @TheDemocrats, with younger #antiZionists challenging their #Zionist elders. For a case in point, note the #Illinois 3rd House district, where @RepLipinski is under attack. <https://t.co/a99AeEloQg>
 - I'm a conservative. So, I want a centrist Democrat to be nominated for president. But each of the main contenders presents a major problem: - Biden: Is dumb as a rock - Bloomberg: Buying the election - Buttigieg: Has a husband Given this dismal choice, I guess I prefer Biden ...
 - The #Saudi government will soon abolish the #kafala system that dates to the 1950s, whereby employers have vast powers over migrant workers, including the right to forbid their changing jobs or even leaving the country. Me: Hooray. This ends huge abuses. <https://t.co/RJZXn3EVAk>
 - A letter from 107 House Democrats condemning Trump's Israel-Palestinians plan suggests they dislike it more than the #ArabLeague's 22 members. Me: It's Another sign that as Muslims fracture in attitudes toward Israel, the Left hardens in opposition to it. <https://t.co/vh8sNiWhQP>
 - Are you following the drama about Thomas Kemmerich (@KemmerichThL) in the German state of Thuringia? Feb. 5 - He became state premier with @AfD help Feb. 6 - A national uproar prompted him to resign Me: This silliness merely delays the inevitable (& welcome) CDU-AfD coalition.
 - Noteworthy results from the @WashingtonPost survey of #Iowa voters: - Under-29s voted 16 times more for #Sanders than #Biden - Over-65s voted 8 times more for Biden than Sanders Any more argument over which direction @TheDemocrats are headed these days? <https://t.co/hamtyeQU5Z> <https://t.co/Wk1msNffh8>
 - Yes, I agree, definitely: The folks who ran the Democrats' Iowa caucuses also should take charge of the country's healthcare. <https://t.co/4JJ1Tx1NfP>
 - The #TrumpPlan suggests that a mostly Arab part of Israel come under Palestinian Authority control. Sounds like win-win, right? But no. As I explain in the @Jerusalem_Post, "Israeli Arabs Say No to Palestine." They prefer to stay in the hated Jewish state. <https://t.co/KPct14iLdM>
 - If you thought all the publicity about the "grooming" (i.e., preparing non-Muslim UK girls for sex) in #Rotherham ended the scandal - well, you were wrong. Police statistics show that the number of victims has increased nearly 6 times in the past 5 years. <https://t.co/6fiu7wAGWz>
 - #AbbasBarzegar of @CAIRNational: "@MEForum is perhaps the largest purveyor of disinformation & #Islamophobia in the country." Me: - Thanks! No compliment is so sincere as a back-handed one - And CAIR is the USA's finest #Islamist & pro-totalitarian group <https://t.co/a4DRICjIPH>
 - @MiddleEastMnt, relying on @Intel_Online: #Morocco received 3 Israeli #Heron reconnaissance drones as part of \$48 million arms deal. The drones will be deployed in the Western Sahara. Me: A new breakthrough in #Israel's relations with Sunni Arab states. <https://t.co/Mmug8dwhY5>
 - Looking for a symbol of #Islamist idiocy & perversion? I found it: a factory outside Tehran that manufactures up to 2,000 US & #Israeli flags a month for the sole purpose of burning them in protest. Me: Waiting impatiently for #Iran's counter-revolution. <https://t.co/RBAaALhdEG>
 - Greece already has a fence at the #Evros River to exclude illegal migrants coming from Turkey. Now, with the same purpose, it will build a 2.7km sea barrier off northern #Lesbos. Me: This is just the start of the West's experiments to protect its borders. <https://t.co/y10jl1JFhk>
 - Can you guess what this is a photograph of? The sun. It's the highest-ever-resolution photo of the sun, taken by the Inouye Solar Telescope in Maui, Hawaii, and just released. Each of those chunks is about the size of Texas (or France). <https://t.co/hmvUnXoKKN> <https://t.co/ITQ3WZQZWY>
 - Here's a historical curiosity, a 1919 pamphlet by H.I. Katibah titled "#Syria for the Syrians Under the Guardianship of the United States." He argues that Syrians wish for this "from the bottom of their hearts" - and it would also benefit Americans. Hmm. <https://t.co/5SoOuZxtdq>
 - How light the #Turks once were in American culture, how little its controversies mattered. Proof: The 1953 song, "#Istanbul (not #Constantinople)" by The Four Lads. Why did Constantinople get the works? That's nobody's business but the Turks' Istanbul!!! <https://t.co/xGOaC2mG3L> <https://t.co/pSv28whWZN>
 - I'm no fan of French PM @EmmanuelMacron, but he occasionally sees further than his peers. Case in point: He's sending warships to stand by #Greece as #Turkey's air & naval forces constantly violate Greek sovereignty. Me: Hello, where are American forces? <https://t.co/qTzApxwhFx>
 - @ThePolForum takes the idea of a tectonic shift in attitudes toward #Israel (namely: Muslims are increasingly fractured & leftists are growingly hostile) & creatively

- applies it to responses to Trump's #Palestinian-Israeli peace plan. It fits perfectly. <https://t.co/V5F16ynBHF> <https://t.co/c2WGL0Q19B>
- Some dictators love to impose their will by imposing vast but disastrous ecological campaigns. Think: - #MaoZedong's "Smash Sparrow Campaign" led to 15-45mn dead. - @RTERdogan's "National Forestation Day" led to 90% of the saplings dead within 2½ months. <https://t.co/EMCcpp8uEfC>
 - What's the absolute easiest way legally to enter the #EuropeanUnion? Sign up to study in Turkish northern #Cyprus, fly there on @TurkishAirlines, then cross into the Republic of Cyprus. Bingo. Me: This situation may well bring on a new Cypriot crisis. <https://t.co/3XZc9H7o7i>
 - I remember when a packet of cigarettes cost US\$0.25 & boasted a handsome box. Now in Germany it's €7 (about 30 times more) & comes in an ugly box with warnings about cancer & what appears to be a picture of a tracheotomy. The brand name is barely visible. <https://t.co/HcgzTUz4fp> <https://t.co/5GV4wAUGtE>
 - The modern world's cultural dilemma: - Dwindling births cause a crisis of continuity - Available immigrants come from alien cultures It comes down to a miserable Morton's Fork dilemma of how best to endure cultural disaster: die out from too FEW people or from a NEW population? <https://t.co/MChcoQkiiH>
 - Israel's Benjamin #Netanyahu made a remarkable statement, comparing Jan. 28, 2020, with May 14, 1948, the declaration of #Israel's independence. Responding as a historian, I don't think so, as the #Trump plan has roughly 0% likelihood of implementation. <https://t.co/XuIABgKaib> <https://t.co/zGaCLUicfW>
 - My take on the #Trump plan? Mixed. Bravo for improvements over prior plans. Wonderful celebration of strong U.S.-#Israel relations. But who asked for a plan, anyway? And it once again promises benefits to #Palestinians when they need to hear tough words. <https://t.co/3oGNrplp5B>
 - The subtitle of "Peace to Prosperity" (the #Trump plan to solve the Palestinian-Israeli conflict) reads: "A Vision to Improve the Lives of the Palestinian and Israeli People"/ My question: Do the plan's authors truly think that Palestinians & Israelis constitute a single people? <https://t.co/MSU6bPJK7q>
 - The #Trump plan ("Peace to Prosperity") mentions the "State of Palestine" 1,397 times. Hard to see why Israelis should swoon over that. <https://t.co/IRSaudTYPm>
 - All #Israeli leaders over the past half-century resisted plans imposed from outside to "solve" the Arab-Israeli conflict. But now, the country's top two politicians have dashed to Washington to welcome #Trump's plan. I wonder if this is a wise move. I suspect they soon will too. <https://t.co/3f6ocZ5Bwn>
 - My views on the persistent threats to Israel from the #PalestinianAuthority's leaders to collapse that entire enterprise, as published in @SputnikInt: It confirms that they obsessively seek to eliminate the Jewish state of #Israel. That alone matters. <https://t.co/l8aOEmG447> <https://t.co/BdZiXDS4cj>
 - Just how low will it go? The Middle East Studies Association (@MESA_1966) worries that @NYUniversity's inquiry into the execrable Students for Justice in Palestine (@NYUSJP) "weaponize[s] allegations of anti-Semitism ... to advance a political agenda." <https://t.co/BIIYQES0ax>
 - Note the collapse in #Iran's live births: 2015 - 1,570K 2016 - 1,527K 2017 - 1,480K 2018 - 1,366K 2019 - 1,188K This 25% decline in 5 years - probably a world record - has immense & negative implications for nearly every aspect of the country's future. <https://t.co/m6TPJdUM1m>
 - That punishments imposed by the Countering America's Adversaries Through Sanctions Act (#CAATSA) have not been applied to #Turkey after buying Russian #S400s, encourages other governments (eg, the Indian, Saudi, Emirati, Qatari & Egyptian) to follow suit. <https://t.co/xpEABbuvxs>
 - @Prof_AhmetKuru: "We might say [the Gülen movement] is dead in #Turkey, and even globally, as it does not have a bright future." @DLepeska: "Few global organisations have fallen as hard and as fast as that of #Gülen." Me: @RTERdogan has won yet again. <https://t.co/NaD4CK8kWh>
 - #Europe's small, historic cities are bursting with tourists: 8mn Prague 10mn Krakow 11mn Florence 20mn Amsterdam 30mn Barcelona 31mn Venice Me: Modernity (ie curiosity, wealth & leisure time) sure leads to some unexpected & nearly unresolvable problems. <https://t.co/k35HaxLz2>
 - 2019 statistics from the National Council for Crime Prevention (Brå, @myndigheten_bra) of #Sweden (pop. 10mn): - 257 crimes involving explosives, 60% more than 2018 - 320 gangland shootings, 41 fatal But, of course, Brå does not tie this to immigration. <https://t.co/hM8UDJgK6y>
 - The #nannystate expands even to #fatherhood. A street ad in Washington DC informed me that the US Department of Health & Human Services (@HHSgov) sponsors something called the National Responsible Fatherhood Clearinghouse (@FatherhoodGov). Do we need such government instruction? <https://t.co/KVBI5Vg4t>
 - See how the @Guardian is utterly clueless about #civilizationism's appeal in #EmiliaRomagna, Italy: "Other than change for the sake of change, it is difficult to find reasons why so many people are switching allegiances" to the League & @MatteoSalviniMI. <https://t.co/77Tf24p5UJ>
 - Do you know about Princess Alice of Battenberg (1885-1969), mother of Prince Philip & grandmother of Prince Charles? -She became a nun & is buried in #Jerusalem - While living in Nazi-occupied Athens in 1943, she sheltered the Cohens, a Jewish family of 3 <https://t.co/TpHsZ70dG9>
 - Abdullah Bozkurt (@abdbozkurt): "Brutal torture ... in the heart" of Istanbul." #TurkeyTheNextIran <https://t.co/wqAoZK19lq>
 - Quandary: In 3 Swedish towns, Botkyrka, Södertälje & Haparanda, the majority of the population has a foreign background. @NimaGAP: "The question then becomes how to integrate foreigners if the majority of the people in a city are of a foreign background." <https://t.co/u0afXoCUbG>
 - 10.3% is already low, but then look at the details: "unions for police, teachers & firefighters helped push rates up to 33.6%, compared with just 6.2% in the private sector." Wondering why the public rate is 5 times the private one? Simple: competition. <https://t.co/lk5WSDGmjt>
 - The purported new version of the #Trump plan for Israel & the Palestinians differs profoundly from & is hugely better than what reliable sources described in May '17. It precisely promotes #IsraelVictory. Let's hope this report really is accurate & final. <https://t.co/iGzfwWCh0F>
 - The Greek residents of Lesbos, Samos & Chios, islands near Turkey, are fed up serving as warehouses for illegal migrants. They want the migrants to move to the mainland. But no changes are likely, as stuffed islands are vital to deterring future migrants. <https://t.co/oaP6A6zfmI>
 - I find this story perversely hilarious: #Jordan needs to import energy & #Israeli natural gas is by far the least expensive source. The gas started to flow earlier this month. Jordan is broke. Yet its parliament has voted 130-0 to ban the Israeli imports. <https://t.co/dBkzTcQjor>
 - Brooklyn Borough President @BPEricAdams called on American newcomers to NYC to "go back" to Iowa & Ohio. Note that he conspicuously did not tell newcomers from Puerto Rico or Somalia to "go back." I wonder if he's a racist. <https://t.co/TlwXuFEVOM>
 - Given past battles, it is remarkable that #Israel's by-far-the-largest two political parties (#Likud, Blue & White) pretty much agree on the #WestBank, #Iran & foreign policy in general. In fact, they mostly disagree on the person of Benjamin @Netanyahu. <https://t.co/NmRSbmkh23>
 - @AaronBlake of the @WashingtonPost says @SenSanders "appears an increasingly solid bet to win the 2020 nomination" for president. Hmm. - Does he know something the rest of us do not? - Or is this the expression of a deep-seated wish? - Something else? <https://t.co/5E6OrA1JRR> <https://t.co/n4p0efHGWO>

- For those interested in #Breivik's motives, I explain them - how he wanted to discredit the counter-jihad movement - here: <https://t.co/Hirh7XWsoW> If you want to know how the Left falsely turned Breivik into acolyte of the Right, see the statistics here: <https://t.co/Pr4v0gFeb>. <https://t.co/wwlKCeHyJP>
- Norway's @NRKno TV is now running a drama series about #Breivik's 2011 murder rampage. Trouble is, it devotes more attention to impugning counter-jihadis, especially @Fjordman1, than to Breivik. Note the names in this fictional view of a journalist at the newspaper @Aftenposten. <https://t.co/aKlGDCi5oH>
- @PetrBystronAfD gave a rousing (if slightly vulgar) speech in Germany's parliament on the need to support the US & #Iran's protesters vs the "mullah regime." Bravo, @AfD; no one else speaks like this in the #Bundestag. Watch him with English subtitles. <https://t.co/KMMlMfMqav>
- A surprising @Haaretzcom headline: "Bargain Prices and Great Hotels Lure Israeli Tourists Back to #Turkey: Despite ... tensions, the number has broken the 2008 record." The final paragraph explains the surprise: Oh, the "great majority" are #IsraeliArabs. <https://t.co/SuBDCDU16Z> <https://t.co/HtZJaFusPO>
- I find talk of different generations tedious. Happily, Barbara Fields of @Columbia University agrees (as quoted by @JayNordlinger): "The habit of generational generalization shares a fallacious premise with astrology [but] without the entertainment value." <https://t.co/QfrLralBMx>
- Fun fact should @BernieSanders win the Democratic nomination: In 1979, he sided with Khomeini & the Iranians who seized the US embassy & held American diplomats captive for 444 days. Just wondering how well that will go over in the 2020 general election. <https://t.co/VWNLdCuxLr>
- What #Andalucia looks like within the happy precincts of a gated community in #BocaRaton, Florida. It's a no-go zone all right, but the opposite of the sort found in Spain, such as #Ceuta's miserable El Principe. (On which, see the @EL_Pais report at <https://t.co/UeGyEKziwO>.) <https://t.co/JKjtg3QOMk>
- #ManfredGerstenfeld's fine advice for #Israel: Respond to the @IntlCrimCourt's obnoxious inquiry into its alleged genocide of Palestinians by showing how the ICC's "deficiencies...grossly exceed its merits." Eg, it spent \$1.5bn & has almost no convictions. <https://t.co/qzntXoC9sN>
- Good to see Dalia al-Aqidi (@Dalia4Congress) is running as a Republican against Ilhan Omar (@IlhanMN) for the #USHouse. Dalia is everything Omar is not: a serious person, an anti-Islamist Muslim, a grateful refugee & a patriotic American. It's a tough climb but she can do it. <https://t.co/1REoafgIXS>
- US politicians insisted that no troops were wounded in Iran's Jan. 8 missile attack on Iraq's al-Asad air base. Now, we learn that 11 suffered concussions. Where are the American demonstrations protesting the lies? I guess Iranians are more moral than we. <https://t.co/4K26bm5QuU>
- @Harvard has decided that American democracy is ailing and has come up with the solution. Ta-da. The attached map shows the 127 states it will carve out of Washington, D.C. Yup, 127 tiny but solid Democrat states. Just what Madison & Jefferson intended. <https://t.co/UDwoj5RzS1> <https://t.co/FITqLmxM8y>
- Daniel Greenfield (@Sultanknish) ridicules @MikeBloomberg's wildly overpriced & mildly absurd campaign for president at @FPMag. It's a funny & completely original take that has an aura of prediction about it. Or will billions make up for the awkwardness? <https://t.co/Uyu8IYE4EQ>
- "Turkey becoming a second Iran" summarizes Israel's military's view. It's also the gist of my Dec '2019 talk at the @MEForum conference on #Turkey. The US government needs to see @RTERdogan's Turkey as an enemy, like it does #Iran. It's not coming back. <https://t.co/aqVxPbsft>
- I watched the @MessiahNetflix movie so you don't have to. Great topic Fine acting Excellent production Lots of Arabic dialogue But the story limps, the actors agonize, and this viewer hardly cared what happened to the characters or even whether Al-Masih really is The Messiah. <https://t.co/iwVsJDNbpm>
- @Charles_Lipson asks what's the reason for DC's Trump Derangement Syndrome, including impeachment? It's his unprecedented assault on the vast, unelected, un-supervised #AdministrativeState that Democrats have been building since FDR. Makes sense to me. <https://t.co/XtOtN60wE3>
- @OilandEnergy: Might Tehran again attack Saudi installations or block oil shipment through the Straits of Hormuz? These steps would bring higher prices & 2 advantages: - More money to #Iran - Economic troubles for #Trump, helping his Democratic opponent <https://t.co/hUvdOY6wUo>
- The @Guardian: 2K Turkish-backed Syrian fighters are on their way from #Syria's killing fields to #Libya's. Me: - It's a clever way for @RTERdogan to remove a troublesome ally to where it might even do him some good. - It's also pure MidEast amoralism. <https://t.co/KVJKmT2sF>
- So much for those early reports that the Iranians lobbed some missiles at the US soldiers in Iraq. Some of those soldiers report how they expected to be killed. Me: Had the missiles killed Americans, there could now be a full scale US-Iran war underway. <https://t.co/exiWbWJ2KV>
- IDF Military Intelligence: If Tehran moves full speed ahead with enriching uranium, Iran could build a nuclear bomb by late 2020. After that, it would need just another year to achieve military nuclear capability. Me: Time to get very serious about this. <https://t.co/SpH85EVSix>
- Here's my talk to @YHazon's #NationalConservatism conference. In it, I predict: - #Civilizationists will run nearly all Europe by 2040 - E Europe will (for the first time) lead W Europe - Civilizationists will lead the continent way back to conservatism <https://t.co/KfrnUnfdFY>
- AG #WilliamBarr: 21 Saudi cadets were "disenrolled from their training curriculum" in the US military and must leave the United States after an investigation showed their computers either had child pornography, Islamic extremist, or anti-American content. <https://t.co/PpDV3MGVn5>
- A flamboyantly idiotic tweet. <https://t.co/kjtS0SygQX>
- Bravo, Investigative Project on Terrorism (@TheIPT) for compiling about 60 cases of criminal prosecutions of cases #Iran & #Hezbollah in the US. Me: Let's hope #QasemSoleimani's successor will be less competent at organizing such jihad-supporting cells. <https://t.co/iWYWBtvWes> <https://t.co/f8P94VXLXE>
- Could an economist explain how Iran's oil exports can go down 90% since 2 years ago but its economy as a whole only go down 3%? Given Iran's very heavy dependence on oil exports, the sanctions' impact must be much greater. Is someone fudging the figures? <https://t.co/JBIOyZnZIA> <https://t.co/IQ5ybn0vUD>
- Curious about #Oman? I dubbed it "The Middle East's Most Surprising Country" after visiting there in 2017. One quote to indicate its uniqueness: "Jihadism [there] has so far been non-existent, with no acts of violence in Oman and no Omanis joining #ISIS." <https://t.co/sNsJuPuVwl>
- The late Sultan #QaboosbinSaid of #Oman was about as good a non-democratic ruler as the MidEast can produce. And how interesting the story below of the sealed letter appointing his successor, #HaithambinTariqAISaid. May Oman continue to avoid #Islamism. <https://t.co/DJUyPHNGy5> <https://t.co/SjAU7sdUWS>
- @AB_Insights: The US shows a ~65% decline in Energy Intensity, meaning energy consumption per unit of GDP, resulting from greater energy efficiency & a shift from manufacturing toward services. Meaning: 2/3s less vulnerable to energy spikes than in 1973. <https://t.co/uuEYOHCKpn> <https://t.co/GnD6eC9pAK>
- #Hungary's PM #ViktorOrbán: "I would like for the European stance, which is not clear on the Iran issue, to be oriented toward the Israeli-American stance." And he's accused of being antisemitic? Give me a break. <https://t.co/pu9FYiPaTE>
- Due to recent hostilities & especially after the crash of #PS752, airlines are avoiding #Iran's and (less so) #Iraq's airspace. Me: These safety decisions inadvertently isolate Tehran from the outside world, further damaging it economically & politically. <https://t.co/hv2AbNNQNI>

- Archival discovery by @UCLA's Steven Zipperstein: In 1929, Prince Mohamed Ali of Egypt suggested to the British authorities that Muslims "accept a sum of money" from Jews for the #WesternWall in #Jerusalem, thus ending the conflict over it. Me: Startling. <https://t.co/EGo68HrXxJ>
- Penn's @Wharton School is the world's oldest collegiate school of business & one of the most prestigious. But look at its current MBA application: "Do you identify as a lesbian, gay, bisexual or transgendered person?" What outrageous political signaling, nosiness & irrelevance. <https://t.co/tnJ8NN7qvn>
- In 2011, Israelis invented #IronDome to destroy rockets & artillery shells fired from 4 to 70km away. Amazing. In 2020, they invented an electric laser that reduces the cost per interception from the Iron Dome's \$49,000 to a mere \$3.50. Doubly amazing. <https://t.co/ChXuAOYptR>
- Islamists habitually lie to deceive kafirs (infidels). An example from London: A #jihadi, #MohiussunnathChowdhury, boasted to undercover agents how he fooled a jury about his purpose in using violence. Me: When will #kafirs learn to mistrust #Islamists? <https://t.co/J1QtVlgFFX>
- The otherwise robust @SecPompeo has taken the weak step of ordering the @StateDept to stay away from 6 Iranian opposition groups, including the Mujahedin-e Khalq (@MEK_Iran). Me: Is this really the moment for the US gov't to get fastidious about allies? <https://t.co/CXi6wwo5U5>
- @AMCHAInitiative's new report finds that college instructors who support the #BDS effort to eliminate #Israel overwhelmingly assign readings by fellow BDSers. In other words, they use their classes to indoctrinate students. Me: Wake-up, administrators. <https://t.co/Dz45BMJZi5> <https://t.co/s46pSgivrR>
- I predicted just yesterday at @RebelNewsOnline that Tehran won't directly confront the US militarily. Bam, today, it does just that, shooting missiles at 2 US military bases in Iraq. - Well, I blew this one - Nothing like a dumb move to surprise everyone <https://t.co/1Q97dTvVZP>
- #Japan in 2019: 124mn population 1.42 TFR 1,376K deaths 864K births = 512K more deaths than births 13th straight year of population decline fewer marriages, more divorces In other words, healthy & rich Japan leads modern peoples into demographic winter. <https://t.co/XgpfFU1cl2>
- #Iran's government posted a picture on @QasemSuleimani's Twitter account showing him received into heaven by no less than the Shiite figure Hussein ibn Ali. Caption: "The great general, filled with the glory of Islam, ascends to heaven." Me: The Iranians do love their martyrs. <https://t.co/duYQHYx0K4>
- Encouraging news from #Libya: LNA forces seized the city of #Sirte from the GNA. (Ignore that GNA is "internationally-recognized" and LNA is "rebel"; GNA is more Islamist, LNA is less so.) Let's hope the fighting will soon end, so rebuilding can begin. <https://t.co/nrRzj6znnh> <https://t.co/DQXfJtb0v7>
- Heard of #Erdoğan's "Crazy Project" to build a canal between the Black & #Marmara seas? "While the Black Sea dries up & disappears.... The Marmara Sea will become a putrefying water mass that is irreversibly altered, with devastating consequences for marine & Istanbul urban life." <https://t.co/0wqjBcX1xi>
- Hatred of #Israel has declined among some Sunni Arabs but hostile reserves remain, as recently shown in the election of #KaisSaied as president of #Tunisia. I explore this worrisome phenomenon today in the @Jerusalem_Post, "Will Arab Anti-Zionism Revive?" <https://t.co/tNU2MuZ5sX>
- Religious establishments in #Iran & #Turkey signed an 18-point agreement to increase religious relations. It's ominous development that the 2 #Islamist powerhouses are cooperating. But it's a sign of desperation when Sunnis and Shi'is make common cause. <https://t.co/zk3Du6U4GI>
- Egypt's United National Organization for Human Rights: Nearly 10,000 citizens of #Turkey have "disappeared" at the direct orders of @RTErdogan. Me: That's yet another sign that the Turkey's gone rogue. Its government should be confronted, not appeased. <https://t.co/uERA4vDWva>
- @ClarionProject: Vigilante justice rules in #Brooklyn, where @SirajWahhaj's Muslim Community Patrol sacrificed a former employee to the Bloods gang to avoid an ongoing blood feud between the 2 groups. This on the streets of NYC, self-styled world capital. <https://t.co/LRmp8rqk7h>
- I explain why I think the #QasemSolaimani execution is a major event only if it signals a major & lasting shift in US policy toward #Iran, meaning a willingness to use military as well as economic tools. Otherwise, it's just taking out a mere operative. <https://t.co/h0ojYbHs7a> <https://t.co/J7dlRHfdUx>
- There's much talk about Tehran avenging #QasemSoleimani's death. My predictions: - Yes, cyber & other indirect actions vs US - Yes, violence against Israeli & Jewish targets - But little violence against Americans. US forces are too strong & #Trump is too unpredictable for that <https://t.co/ZuKWJkdQWx>
- The #EastMed gas pipeline signing got shoved aside in the news because of the #QasemSoleimani execution. But 1 or 10 years from now, the \$7bn, 1,900km pipeline from near Israel to Greece will have vastly more importance than the taking out of a mere operative who will be replaced <https://t.co/qU19X3doT2>
- @MiPeck1: After the alleged coup of 2016, "#Turkey's government ... purged its air force so badly that it can barely fly its F-16 fighters." Me: - Another example of @RTErdogan making a major & unforced mistake - Turkey's bark is way worse than its bite <https://t.co/ekNFR1lhZ>
- My take on the execution of #QassemSoleimani: - It has minimal operational impact, much like taking out OBL - It has huge US policy impact, but ONLY if this marks a consistent change. With #Trump one has no idea if it's a one-time thing or a huge shift. We must wait to find out <https://t.co/dl4hx5iaUO>
- @WashingtonPost headline. Reversed? <https://t.co/tgviwlyMpf>
- According to #Turkey's @NTV, with Turkish forces now in #Libya, they are present there, Northern Cyprus & 9 other countries: Afghanistan Albania Azerbaijan Bosnia-Herzegovina Iraq Kosovo Qatar Somalia Syria Looks a lot like "imperial overstretch" to me. <https://t.co/OSzibsPoXB> <https://t.co/7YERYoHu9h>
- @Marketplace: "according to the @PewResearch Center, in #Japan there are now more diapers produced for adults than for babies." Me: It's ineffably sad. And Japan is the cutting edge of a vast trend affecting the whole modern world (well, except #Israel). <https://t.co/BG3n3Hip1G>
- @Gallup poll: Among Americans, "Obama, Trump Tie as Most Admired Man in 2019." Each has 18% support, no one else has more than 2%. Me: I shake my head in disbelief at the poor judgment of fellow Americans. <https://t.co/881d9kLVKk>
- The European Union is so hapless that the money it sends to #Libya for the welfare of migrants is systematically stolen by human-traffickers & used (with @UN connivance) to exploit those very migrants. Time for the EU to close shop? Power to the nations! <https://t.co/AER7fTogAR>
- Yet another Iran-Turkey parallel: Leading figures openly talk about the coming of the Mahdi who will bring on the end of days. In Iran, that's #MahmoudAhmedinejad. In Turkey: @AdnanTanriverdi, head of the SADAT paramilitary force patronized by @RTErdogan. <https://t.co/vZCvs14oX0>
- Algeria's @Daoud_Kamel: "one of the great miseries plaguing...the #Muslim world...is its sick relationship with women. ... What long seemed like the foreign spectacles of faraway places now feels like a clash of cultures playing out on the West's very soil." <https://t.co/IVS3zENDMs>
- What is this? No, it's not what the American flag will look like when #Muslims take over. Rather, it's the "Jalur Gemilang," the flag of #Malaysia. Supposedly, it has no connection to the much older US flag but was designed de novo in 1947, reflecting purely Malaysian themes. <https://t.co/8DIcNTCBWr>
- #Trukey gave a copy of pertinent land registries from the #OttomanArchive to the #PalestinianAuthority to help it fight legally & in PR terms against #Israel. My reactions: - History is ever alive - Israel should get its own copy for legal & PR purposes <https://t.co/iZrK6FRDec>

- @SoerenKern at @GatestoneInst "roughly 3,000 Christian churches, schools, cemeteries & monuments were vandalized, looted or defaced in Europe during 2019." The perps "are rarely caught. When they are, police & media often censor information" about them. <https://t.co/bEmAfuQskd>
- What with the gargantuan US embassy in #Baghdad now the focus of #Iraqi protests & violence, this is a good time to recall the hubris & folly that lay behind the building of this wildly excessive building. I explained all that almost exactly 10 years ago. <https://t.co/VQEnFPlll2>
- #ChiComm checklist for #Xinjiang: - Use technology to control every aspect of #Uyghur life - Uproot Uyghur culture & the Islamic religion - Abduct Uyghur children, Sinicize them - Turn Uyghurs into robotic workers On this last phenomenon, see @NYTimes: <https://t.co/ot0x5LVMR4>
- Bu kısa videoda #Türkiye'nin @RTErdogan'ın gitmesinden sonra bile neden tekrar Batı müttefikli olmaya gelmediğini açıklıyorum. <https://t.co/k7ZBQpkbVc>
- Battle of the titans: #Istanbul's Mayor Ekrem İmamoğlu called Pres. Erdoğan's signature project, a canal linking the Black & Marmara seas "a disaster" and "a betrayal," says E "lost touch with reality." Me: I put my money on E winning, as he always does. <https://t.co/G7yLz9XRJh>
- Islamic authorities in #Bangladesh condemned a "milk bank" where donated human breast milk went to orphans & others. Why? Because sharing milk is "rada" & makes M&F "mahram" (unmarriageable kin) to each other. Later marriage between them would be incest. <https://t.co/Gw58qLxzyM>
- Israeli law requires withholding from the PA whatever funds the PA pays to families of terrorists. #ShinBet chief #NadavArgaman lobbied against implementation, warning it makes the PA unhappy. Me: Again, #Israel's security establishment is far too timid. <https://t.co/ajrlVrk1eN> <https://t.co/AY8vEdVTdy>
- The pretty card from the #PalestinianAuthority's Tawfiq Tirawi (@GTirawi) says "Merry Christmas & Happy New Year." But the text claims Jesus was "the first Palestinian & the first Muslim martyr." Me: Does he intentionally wish to offend pious Christians? <https://t.co/GF7mlAkV3W> <https://t.co/w95fN86IJM>
- Do you think the world is falling apart? If so, you're in plentiful company. But @Jeff_Jacoby - original, as is his wont - proves why the 2010s were a time of unprecedented "tidings of comfort and joy." Specifics include longer lives, poverty reduced, girls educated & more trees <https://t.co/4XZQAD0VPq>
- @MedeniSungur: Erdoğan's economic success created a new middle-class demanding modern freedoms his "authoritarian style" denies. Me: Perhaps. But as dictator, he (& his heirs) can prevail for a very long time, denying the middle class what it aspires to. <https://t.co/NjZ4uiTLaj>
- Until I read this report about deracinating #Uyghur children of their culture, I expected Chinese efforts in #Xinjiang to fail as France's had in Algeria, Russia's in Central Asia. No longer. Now, I expect the #ChiComms will succeed in their ugly effort. <https://t.co/hUhhYwEJc0>
- Social Democrats (@Socialdemokrat, S) dominated #Sweden's politics for a century. But the upstart civilizationist #SwedenDemocrats (@SDriks, SD) won 6 of 11 recent polls, one by 8.0%. Prediction: S will be out of the next government, SD will be in it. <https://t.co/X9sfITxOD5> <https://t.co/CG1aE85fi>
- @KenRoth heads @HRW, one of the most powerful human-rights groups in the world. He makes it his business to monitor "illegal" activity by governments. So, which one did he find engaged in 93% of world illegalities in November 2019? #Israel, of course. <https://t.co/4eeD5RWuk7>
- I argue that #Turkey is undergoing a slower-motion, more intelligent, but similar version of #Iran's revolution of 1978-79. Here's another indication: a major pro-Erdoğan media outlet, "Yeni Akit," calls the United States the "Great Satan" (Büyük şeytan). <https://t.co/HpHzwazqEwY>
- #Sputnik in 1957. #Avangard in 2019. With a Mach 27 hypersonic missile that carries nuclear bombs & moves evasively, Russia for the first time is at the forefront of weapons development. China is not far behind. It's terrifying. Where are the US defenses? <https://t.co/kyOXDBXF93>
- Do Zionist donors to @NewsIsraelFund realize that NIF gave \$750K to Adalah (@AdalahEnglish), an NGO that in turn helps the International Criminal Court (@IntlCrimCourt) prosecute Israel on the absurd & noxious charge of war crimes? If not, time to wake up. <https://t.co/CoegruAzgS>
- We already knew that US universities are leftist "islands of repression in a sea of tolerance." Now, we learn that they are Little Chinas, using smartphones to track students, supposedly to help them with studies & life, but really to know their ever move. <https://t.co/jDulc6SwqA>
- Merry Christmas to 8 Turkish companies (see below) for winning a \$95mn contract to build infrastructure at #Incirlik Air Base in #Turkey. But the poor US taxpayer, spending money on a base likely soon to be abandoned because @RTErdogan went rogue on us. <https://t.co/ddiNaZzMYG> <https://t.co/JygnPKfCbF>
- As @RTErdogan turns Turkey into a threat to its neighbors, they are starting to organize - most notably in the "Eastern Mediterranean Gas Forum." Then there is Dmitri Shufutinsky (@dmitrishuf)'s charming notion of an "Axis of Antiquity": Greece, Israel & the Republic of Cyprus. <https://t.co/CNDTMSrOC>
- I watched @Netflix' movie, #TheTwoPopes. As fiction, it's compelling. As history, John Waters in @FirstThingsMag calls it "dangerous and misguided." I call it politicized trash, a leftist fantasy that falsely pretends to be "Inspired by true events." <https://t.co/Ki65DoC9tT>
- @BeilinYossi: Israel's civilian leaders "don't really know how to criticize the army, even when they work up the nerve to do so. As a result, they tend to give in to its demands, even when ... excessive." Me: That's the main obstacle to #IsraelVictory. <https://t.co/wLAFWlxGL>
- It was once a joke: Open a fortune cookie & find inside: "Help, I'm trapped in a Chinese fortune cookie factory." No longer a joke: A UK Christmas card reads: "We are foreign prisoners in Shanghai Qingpu prison China. Forced to work against our will." <https://t.co/rYDwslXnit>
- The effort to win freedom for #SovietJews to leave their country-sized prison began with a failed effort to steal an airplane in #Leningrad in June 1970 and lasted about 25 years. "Operation Wedding" captures that unique event in a brilliant documentary. <https://t.co/52DrHtBTHH>
- See the extraordinary sight from today's #HongKong rally for the #Uyghurs. Note the "Trust CCP? Seriously?" & China's flag with a #swastika. Hong Kongers rightly fear that the #ChiComms will establish concentration camps for them like those in #Xinjiang. <https://t.co/9cbdpQV8k4> <https://t.co/UeYqjTYaJp>
- ICYMI, from the @ArabWeekly: #Algeria's Higher Education Minister Tayeb Bouzid "declared that 'the French language does not get us anywhere' and ordered the country's 77 universities and higher education institutes to use English rather than French." <https://t.co/VY45ZHNTJ1>
- @RTErdogan has signaled that #Turkish exploration for natural gas will take place in Greek waters. Specifically, he continues with the self-serving notion that islands have virtually no territorial waters. In other words, #Kastelorizo amounts to nothing. <https://t.co/YVqfSi4tPb>
- The Left's poor electoral record is a solace. But its domination of the culture (education, media, the arts) continues to grow, leading this observer to predict that the electoral pattern @GoodwinMJ notes is temporary. I make this argument for this here: <https://t.co/XkLOtYiF8z> <https://t.co/ONWEZgm2rR>
- For possibly the first time in any of the six Democratic debates, I vehemently agreed with what a candidate said - and not just any candidate but the leftist Elizabeth Warren (@EWarren). She eloquently argued for the U.S. standing by its #Kurdish allies. <https://t.co/7DqthZzoTI> <https://t.co/MtakaLWMC1>
- When the #Armenian patriarch of Turkey publicly condemns as "inappropriate" the #USCongress having passed an #ArmenianGenocide resolution, which Sahak

- Maşalyan (@SahakSrpazan) just did, you know Turkey has become a despotism bordering on the totalitarian. <https://t.co/M8YgLvCgn0>
- Have you yet seen Aedan O'Connor's brilliant, witty & incisive book, "The Case for #Palestine: The Compendium"? It's 243 pages short, full of catchy phrases & haunting pictures. Its arguments are irrefutable, its morality irreproachable. (Actually, it's a volume of blank pages.) <https://t.co/Hdbr6kSHeP>
 - Proud that the Middle East Forum (@MEForum) was invited to endorse an important new book, "The New Anti-Semites." The report focuses on the #BDS movement, exposing its evil double role of: - radicalizing activists - delegitimizing #Israel It's gratis at <https://t.co/Wjsa6GjX9e> <https://t.co/WgzNEEIH5F>
 - Bravo to UK footballer @MesutOzil1088 for calling out the #ChiComms' mistreatment of the #Uyghurs in #Xinjiang, as well as his denouncing the immoral but near-universal silence of Muslims concerning Beijing's crimes. Where are the other #Muslim voices? <https://t.co/cmzWukrRXy>
 - Truth: It's wrong to assume that the whole world shares American tastes, inclinations, aspirations, fears and hopes. Counter-truth: But malls the world a-round are nearly identical. (Pictured below: #BugisJunction in Singapore.) Counter-counter truth: They sell different items. <https://t.co/tpvoPU1zk1>
 - Be careful of antagonizing @RTErdogan! If he gets really angry at you, he'll accuse you of taking part in the July 2016 "coup," place you on his terrorist red list & put a \$1.75mn bounty on your head. He just did this, for example, with @Mohammad_Dahlan. <https://t.co/wSj8cVt1UY>
 - Yet again, #jihadis have seized hostages, separated out the #Muslims from the non-Muslims, and massacred the latter. This time, it was a bus traveling in NE #Kenya. Non-Muslims can check my website to learn how to pass as Muslim. It could save your life. <https://t.co/wOAL7rRMRW>
 - I just discovered the world's best vending machine. It's called #iJooz and it makes a glass of cool, fresh orange juice right before your eyes for US\$1.50. Away with soft drinks, already. It's a #Singapore invention that needs to spread the world around. <https://t.co/0mf7yRXksn>
 - A student publication, "The @Harvard Communist" founded in 1935 lasted a few years. But its spirit was very much alive when I attended college 30 years later & arguably is now more powerful than ever. Why does totalitarianism so appeal to intellectuals? <https://t.co/WQAmYk3qGd> <https://t.co/yS1gHbPgs7>
 - Do you recall the ghastly 2009 Shafia murders, when 3 daughters & a senior wife were drowned in a car in Kingston, Canada? Well, one of the murderers - the 2nd wife - found liberation from her husband in ... jail. Read the full bizarre, significant story. <https://t.co/blZrON9yLg>
 - The good news: The government of #Cyprus just signed a landmark deal to build a €290mn terminal to import liquified natural gas for electricity. The bad news: It's with a multinational consortium led by the commie "China Petroleum Pipeline Engineering." <https://t.co/GVkyExkDWY> <https://t.co/zePVAviknc>
 - Are you maybe curious about the #UNGGeneralAssembly 135-1 vote on the "Oceans & the Law of the Sea" resolution? Turkey stood alone because #Erdoğan wants the right to drill at will in Cypriot waters. - He is utterly isolated - He will anyway drill & drill <https://t.co/0s9MCXZBRv> <https://t.co/AN7PUVeNjp>
 - Using @MEForum research, Cong. Denver Riggleman (@RepRiggleman) wrote Sec. DeVos about the pro-BDS & anti-Zionist shenanigans at @Georgetown U. Support his demand that the Dept. of Education (@usedgov) review GU's taxpayer funding by calling 800-872-5327. <https://t.co/3h9qbaOoiL> <https://t.co/3HyfOwjrHE>
 - BREAKING: #USSenate just unanimously recognized the #ArmenianGenocide, Along with the prior near-unanimous #USHouse vote, this puts Americans firmly on record. Now: - Will @RTErdogan just stew or do something dumb? - Will #Trump endorse this or keep playing footsie with Erdoğan? <https://t.co/QrgWxBnqEx>
 - Very happy & relieved that British voters so thoroughly repudiated @JeremyCorbyn & #Corbynism. Let us hope it is the end of his career & that the UK hard-Left goes back to its gutter. As an odd coda, I spoke with Corbyn on a panel in 1996; he then was apparently not so radical. <https://t.co/He3FSk3iuu>
 - Has anyone else noticed that airport gates are starting to resemble study halls? Here's a picture of Newark's @EWRairport at 5am two days ago. It's just missing a proctor. <https://t.co/xgNsLdZlgn>
 - Will @RTErdogan's political demise occur in the waters off of Cyprus? Could be. His FM replied "of course" when asked if Turkey might use military force to stop drilling in the Cypriot EEZ that Ankara claims for itself. It will be Erdo vs the whole world. <https://t.co/d8YQGS2yGn>
 - What I dubbed the #JungleKnesset - 3 weeks when any member could aspire to become PM - was a big dud. Noteworthy as Israel goes to its 3rd straight election: Palestinians & Iran are not the issues. Rather, it's @Netanyahu's alleged criminality & the #Haredim role in public life. <https://t.co/l2CdfEOAqo>
 - The mayor of #JerseyCity states the Kosher store was "targeted." Now, the question is: Was the attack's motivation Islamist, Nazi, leftist, or something else? The question emphatically is not whether it was "terrorism" or not. That's a useless, abstract & meaningless discussion. <https://t.co/5uJKWoeR4g>
 - And here's why I could not be a Democrat: Asked, "Who was a better president: #GeorgeWashington or #BarackObama?" 37% of registered Democratic voters said Washington & 63% picked Obama. That's nearly 2-to-1. So, I am doomed to be an Independent voter. <https://t.co/Jbneml5iac> <https://t.co/71MAxW2vd7>
 - Nicholas Morgan at @Ahval_en has helpfully documented in one place #Trump's extensive financial ties to #Turkey - it's a lot more than an office complex. This data helps to explain the president's distinctly soft approach to the @RTErdogan dictatorship. <https://t.co/hdBeP8IIR4>
 - #BruceBawer at @GatestoneInst: What to do about the #Koran's hostile bits? #Norway's #Muslims neatly solved this problem by hiding them, ie, not translating them. Me: The essence of reforming Islam lies in confronting, not hiding, the difficult aspects. <https://t.co/xHdQhtWmOC>
 - The event saw general concurrence that #Turkey is gone, with @llanBerman holding out for managing #Ankara. @GreggRoman proposed an alliance of ethnic & political groups vs @RTErdogan to have more impact in DC. The video of the 1:45-hour-long event will soon be available online. <https://t.co/BPB8uAFDs>
 - In an astonishingly symbolic step, #Norway's government has directed \$540K in taxpayer funds to pay for converting several churches into mosques! No kidding. Me: Is this a pathbreaking step for the future of Europe or just a weird anomaly? Stay tuned. <https://t.co/lRkKilqfDPQ>
 - @MEForum's event on Capitol Hill, "Is #Turkey Coming Back? Updating US Policy," starts a few minutes after 12pm today & will be live-streamed. After I make the case that no, Turkey is not coming back, speakers will focus on specific policy implications. <https://t.co/KqdyeFelrh>
 - I attended the "#Islam & Modern Jazz" program at the National Museum of American History (@AmHistoryMuseum) this evening, met @PLManseau, Jackson @SinnenbergMusic, & had a great time. Here's the Smithsonian Jazz Masterworks Orchestra as it played @AliDrum's "Prayer to the East." <https://t.co/TAq9CikXs4>
 - Trump speaking yesterday to a mainly Jewish audience: "You have people - Jewish people - and they are great people & they don't love Israel enough." This complements a pattern I have followed: "American Politicians Who Adopt a Harder Line than Israel's." <https://t.co/aPAVU5O2QA>
 - I took @QatarAirways in 2015 & <https://t.co/PcmRpWae4h> was accessible on the in-flight wifi. But, I just learned, DPO is now banned. I guess #Qatar's rulers are not too happy about @MEForum's & my criticism of "one of the world's ... most sinister states." <https://t.co/u1o9MQyNt8> <https://t.co/UGfyZCjZAm>

- FM @Israel_Katz, asked about a possible Israeli military strike on #Iran: "Yes, it is an option. We will not allow Iran to produce or obtain nuclear weapons. If it were the only possible way to stop this, we would act militarily." That's a relief to hear. <https://t.co/iEokRxE60N>
- #UsmanKhan, the London Bridge #jihadi, conned to perfection the "deradicalization" bureaucrats who ran his life, cooing to them, "I have learnt that many of my past beliefs came from my misinterpretations of #Islam." Me: Lock 'em up & throw away the key. <https://t.co/JwnU9aTPt2>
- I mentioned my proof that Obama was born & raised a #Muslim to a liberal friend. News to her. An otherwise empirical & rational person, she responded by denigrating & dismissing my work. Conclusion: A liberal is someone closed to unsettling new evidence. <https://t.co/IQOT90gN4J>
- ICYMI: @Lyft again shows its wokeness by adding in June 2019 a list of "Pronoun" choices to its app. The list reads: - They/Them/Theirs - She/Her/Hers - He/Him/His - My pronoun isn't listed - Prefer not to say Me: - Just 5 meager choices? - Again, I say: #deleteLyft. Go @Uber. <https://t.co/9mj8cFVb1H>
- @AIMonitor: Good news for the anti-#ArmenianGenocide bill that passed the #USHouse by 405-11 but stalled in the Senate due #Trump's pressure: Trump is "slowly running out of Senate allies willing to take the political hit for blocking the resolution." <https://t.co/cbxpfUhtFb>
- Heard of #KiryasJoel, a unique Jewish town (pop. 25K) in New York State, dominated by Satmar haridim? Among its U.S. distinctions: - Poorest - Youngest - Most children - Most Jewish - Most Yiddish-speakers - Most Hungarian ancestry It also has among the fewest English-speakers. <https://t.co/BcyW13Be9h>
- @BabyCenter: Two specifically #Muslim names, Aaliyah & Muhammad, entered the top 10 list of US baby names in 2019. Me: As Muslims grow in number, will they assimilate as thoroughly as did prior waves of immigrants? America's future hangs in the balance. <https://t.co/jb3inOLY3b> <https://t.co/NpAbHfD8JB>
- Soviet media routinely attacked enemies w/o naming them, fearing its subjects would learn too much about them. The Coalition for Civil Freedoms (@civil_freedoms) just launched a broadside against @MEForum without mentioning our name. Good work, comrades! <https://t.co/eS1P0rTiK1> <https://t.co/uQVdc3SDA6>
- Notice a pattern? - Kobili Traoré (Muslim) murdered Sarah Halimi (Jewish) in Paris; prosecutors dropped all charges - Taha Ewis Bakri Abdel Ghani (M) tried to kill Martin & Sharon Colmans (J) in Amsterdam & was found not criminally responsible It's open season on Europe's Jews.
- @AurelSari: @NATO's treaty may not mention suspending or terminating a member found in material breach but the "Vienna Convention on the Law of Treaties" does indeed allow it to do so. So, time for NATO leaders to find their courage & kick Erdoğan out. <https://t.co/yNOJoMtQaW>
- Idea: The name of that new organization, the exact duplicate of the North Atlantic Treaty Organization (#NATO) but minus Ankara could be the "North Atlantic Turkey-less Organization (NATO)" Same name but the #1 problem has been solved. Bye-bye @RTErdogan, "bag and baggage." <https://t.co/Q6ppU2EUSB>
- I am very saddened to learn that the brave & innovative #AllanGerson, 74, has died. He & I began the effort to "sue the Saudis" for 9/11, as I explained here: <https://t.co/2Gsvx9uC3b> For the history of that effort over the next 15 years, see this blog: <https://t.co/jZP7AO2YSc>
- @JensStoltenberg, head of @NATO, here's an idea how to dump a member state (#Turkey) that's you can't expel but has become hostile to the alliance: Shut down NATO & start up an exact duplicate organization - but this time without Turkey. Voilà! Mess resolved, deed accomplished <https://t.co/fftkjnOfmS>
- @Fondapol's study is the largest & best of jihadi violence. Me: - The 34K attacks confirms other studies - The 168K deaths due to #Islamism is startlingly high - Still, it's a trivial fraction of those killed by fascism (28mn) or communism (94mn) - Islamism just needs more time <https://t.co/5NGtkD24gl>
- Well, that's probably my coolest accomplishment ever; I'll be there. For that 2013 article, "Islam and Bebop Jazz," click here: <https://t.co/d0wvp1x1RH> @PLManseau, by the way, is the Lilly Endowment Curator of American Religious History at the @Smithsonian's @AmHistoryMuseum. <https://t.co/7a0qzG2mEb>
- Now, for a word from our sponsor, @MEForum (it pays my salary). Today, #GivingTuesday, is an important day for non-profits like ours. On behalf of our 39 specialists (staff & fellows), we thank you for your past support & ask you to support our efforts. <https://t.co/l3jGZGwHT4>
- @SFrantzman discovered an alarming new problem: @RTErdogan wants to (1) colonize Libya & (2) control the waters between #Turkey & #Libya. Me: Again, I predict that either Erdoğan's foreign adventures or his weird economic ideas will lead to his demise. <https://t.co/wmloSvRU72>
- Yes, #Iran has the appearance of a democracy (parliament, etc). No, it is not a real democracy but a pretend-democracy. For an insightful simile, see #AJCaschetta in @TheHill: "Iranian democracy is like a landscape painted onto a concrete wall in a zoo." <https://t.co/cvqz8GdZsG> <https://t.co/hEe1wFUJkt>
- Asked which was the better president, #Trump or another Republican, here's the percentage of Republicans who prefer Trump: Reagan 41 Lincoln 53 Eisenhower 65 GWB 71 GHWB 71 Ford 82 Nixon 86 He's better than #Lincoln! That's a clue to why I left the GOP. <https://t.co/J0YbbEnGIF> <https://t.co/mHcRdqKFT1>
- To anti-Zionists indifferent to #Palestinian assaults on #Israelis & Jews: Are you also indifferent to how the Palestinians torment & torture animals? @PREhov takes up this stomach-turning but v revealing topic in his brand-new, 14-minute documentary, "Palestinian Animal Abuse." <https://t.co/B7ENou7vYW>
- How encouraging to see that the far-left @Guardian newspaper has published an article by @SimonMontefiore arguing that @JeremyCorbyn's "antisemitism poisons any good Labour might do." Here's hoping a historic lose permanently cleanses Labour of Corbynism. <https://t.co/3BRllvQ7km> <https://t.co/EvWihY94Mq>
- Listen up, Corbyn, Sanders & their growing cohort of socialists: @johanknorberg shows how Israel's #kibbutz offers an important lesson. Its glorious start & ignominious finale showed how, without coercive power readily at hand, every socialist experiment inevitably collapses. <https://t.co/ZVtMBCYR9S>
- Today marks 50 years since the 1st #SelectiveService lottery of the #VietnamWar era. Only males with #195 & lower were inducted. My birthday, 9/9, ranked #263, so I was not drafted. How profoundly different my life would have been had I been born just 1-2 days earlier or later. <https://t.co/KXyn36ZgHb>
- #UsmanKhan, the #LondonBridge #jihadi who killed two, offered a teaching moment: - Forget silly attempts to rehabilitate hardened ideologues - Stop automatically releasing would-be murderers on a schedule - Ankle bracelets & other electronics don't work <https://t.co/izjPRvjYp1>
- #ColinShindler: Anti-colonialism explains leftist anti-Zionism: The 1960s New Left identified with #Palestinians, not with social democratic #Israel. This hostility was present in Europe before the 1967 Arab-Israeli war & before the West Bank settlements. <https://t.co/tkw3RJQPGh> <https://t.co/gvRgGYeefC>
- France's presidential elections take place in 1½ years. Macron & Le Pen strongly lead the polls with ~28% each. Assuming they both qualify for round 2, polls show: Macron winning by 55-45 In 2016, he beat Le Pen, 66-34 In 2002, Chirac beat her father, 82-18 Notice a trend here? <https://t.co/hkb67qyRDS>
- @ICIJorg: "As neighbors disappear based on the workings of unknown algorithms, #Xinjiang lives in a perpetual state of terror." Read the "#ChinaCables" for official & detailed confirmation of the oppression & horror #Uyghurs undergo at the hands of the #ChiComms. #BoycottChina <https://t.co/yuPuZhmcbJ>
- I explain today in "Why I Am Not a #Populist" at the @WashTimes that the problem is not the elite but the Left. Right-ward elites get it right, left-ward ones get it wrong. Time to be focus on the real problem, which for 300 long years has been the Left. <https://t.co/bxPftBDhC5>
- Heard about #SalmanRashid, 23, the Miami Beach student who wanted to replace the USA w Sharia, then unhappy with his college deans, he called on #ISIS to blow

- them up? Sadly for Rashid, the purported intermediaries worked for the @FBI & he's under arrest. <https://t.co/UXXrDdlF9R> <https://t.co/l9pcxgs9VC>
- @Milliyet: #Turkey's military has tested the Russian-made #S400 missile defence system. Me: - This ends the futile of those who hoped the S-400s would remain in their packing cases - Time to give up on Ankara returning as an ally - #TurkeysTheNewIran <https://t.co/4I7OH1ECF9>
 - Last week saw two of #RichardPipes' students prominent in the news: - Chrystia Freeland (@cafreeland) became Deputy Prime Minister of Canada - Fiona Hill gave key testimony at the US House impeachment hearings <https://t.co/Qbb8A6vfgK>
 - Roger W. Robinson, Jr.: "The Chinese are waging economic & financial warfare against us every day" but we ignore this threat, though it is ongoing, indeed getting worse, and there is much we can do to blunt it. Time to wake up to this existential danger. <https://t.co/pBAv2ruTy2>
 - "Arabia" by English poet Walter de la Mare (1873-1958): No beauty on earth I see But shadowed with that dream recalls Her loveliness to me: Still eyes look coldly upon me, Cold voices whisper and say — "He is crazed with the spell of far Arabia They have stolen his wits away." <https://t.co/aSLOdFvZKy>
 - Geographer Isaiah Bowman asked in the 1920s "whether the modernists of [Turkey] or the orthodox Mohammedans of Arabia & India will become ascendant, the former emphasizing the importance ... of political & economic considerations, the latter of religious motives." Good question. <https://t.co/Gh3fHC4V5h>
 - Using the example of #Rotterdam, @B_Judah shows that "the emerging political fight across #Europe really is about cultural assimilation," not economics. Me: Not about the EU & #Brexit but #DIMI (demographics, immigration, multiculturalism, Islamization). <https://t.co/GTzmTnIrUa> <https://t.co/py2SPtVJMo>
 - @JeremyCorbyn: "A @UKLabour government will immediately recognise the state of #Palestine" & will "immediately suspend the sale of arms ... to #Israel." Me: Corbyn makes the most powerful argument for ending the conflict "immediately" via #IsraelVictory. <https://t.co/rSILuP9Na4>
 - I have no opinion on whether PM @Netanyahu is innocent or guilty. But I do agree with @DavidHorowitz that "His ferocious assault on Israel's agencies of law enforcement, his appeal to the public to side with him and against the state, is a step too far." <https://t.co/GgoTNWG6uF>
 - In an unprecedented act of contrition, #UlfKristersson, leader of Sweden's @Moderaterna party, has apologized for his party's - Facilitating uncontrolled immigration - Denigrating critics of this policy Me: Let's hope this is a turning point for Europe. <https://t.co/Jt01o8AcYk> <https://t.co/S9KyD1Zgb8>
 - Another indication that Athens plans to contain a potential tidal wave of illegal immigrants from #Turkey by bottling them up in pretty miserable conditions in closed camps on islands. That's a strong disincentive to leave Turkey for #Greece. Will it work? <https://t.co/7Eoe5PI42J>
 - Looks like today will be very eventful for politics in #Israel: - The "#JungleKnesset" begins, in which every member is invited to find 60 partners and form a government. - AG #AvichaiMandelblit is expected (finally) to announce his decision about indicting @Netanyahu - or not. <https://t.co/zt5r34b1V8>
 - Finally, someone has devoted book-length attention to the phenomenon of #Egypt's military economy. @SayighYezid finds it to be a disaster not just economically but for many other reasons (see the attached). Me: I don't see how this wretched system ends. <https://t.co/Ab4Os8HFVe> <https://t.co/iLC8tB5FDH>
 - #Israel's DM @NaftaliBennett blessed victory for the troops at a meeting: "Strengthen the hands of those who defend our holy land, grant them deliverance, and adorn them in a mantle of victory." Me: That's a remarkable & wonderful change for the #IDF. <https://t.co/ABW2IXnDHJ>
 - @AttorneyNitsana Darshan-Leitner of @ShuratHaDin has sent me the most original (and feisty) New Year's card I've ever received: May we continue to go from Strength to strength In the relentless battle To defend the Jewish State And to Bankrupt terrorism - One lawsuit at a time. <https://t.co/Y1D9tsuYv2>
 - I did some historical sleuthing & found when the American Establishment first began to apologize for #Islamism: It was 40 years ago with the founding of something called "Islamic Centennial Fourteen." It disappeared but its approach remained & prevailed. <https://t.co/CQeNwdLF50>
 - Some say @RTErdogan is a bad interlude & good U.S.-Turkish relations will return. Others say "no way." Join the @MEForum at the #USCapitol on Dec. 9, 12-2, for a discussion of "Is Turkey Coming Back? Updating U.S. Policy." I'll be arguing for pessimism. <https://t.co/Hc7HHi4hjJ> <https://t.co/CHStQHLT0D>
 - Headline: "Faced with financial hardships, women in Turkey turn to sex industry." Me: That's not exactly what @RTErdogan aspired to when @AKParti rule began 17 years ago. But widespread #prostitution is a common by-product of Islamism. E.g., Iran & Sudan. <https://t.co/bFM0BpcpWT>
 - @EdyCohen at @BESA_Center: "In Lebanese politics, if you can attain a public/government position you're going to be rich." Me: This is not specific to #Lebanon but is an #Islamicate pattern: Power usually leads to wealth - and not the healthier reverse. <https://t.co/RHnKmYtzXI>
 - This article by Tara Isabella Burton (@NotoriousTIB) scared me & should scare you too. She shows how #occultism has become the Left's answer to organized religion in general, Evangelical Christianity in particular. It's ominous, ugly & dangerous. Spare us. <https://t.co/CU9TNnHxft>
 - There's so much anti-Zionism in Europe's north - think Sweden, Scotland, Iceland. But there's one grand exception: The tiny #Faroelands (pop. 52K). Says its FM, "the Faroe Islands loves #Israel" as he prepares to recognize Jerusalem as Israel's capital. <https://t.co/q4x3sFFxjB>
 - #JamesGelvin of @UCLA: "#Turkey is the largest investor in Iraqi Kurdistan ... [and] supported Kurdish independence from Iraq during the 2017 referendum." He's so bad a historian, he even gets wrong what happened 2 years ago. Now, that takes real talent. <https://t.co/8NEuC36LcZ> <https://t.co/PpQSfrQlZp>
 - Peter Kurti (@pwkurti) of @CISoz & I discussed "We Now Talk More Openly About #Islam." How are things going in terms of information and understanding in the nearly two decades since 9/11? What are the divisions of Left and Right? Is there a reform Islam? <https://t.co/iWdm4s0NzC> <https://t.co/9Ozj0z79q>
 - The Social Democrats (@Socialdemokrat, S) have dominated #Sweden's politics for a century. But 4 recent polls show it behind the upstart civilizationist #SwedenDemocrats (@SDriks, SD). Prediction: S will be out of the next government, SD will be in it. <https://t.co/X9sfiTgdLx> <https://t.co/PJq4d5ZPf8>
 - MEK (@Mojahedineng): #IranProtests set off by a massive increase & simultaneous rationing of fuel have reached 65 cities, 8+ dead. Me: - US sanctions are working - Add in the protests in #Lebanon & #Iraq: mullahs are in trouble - Is this, at last, the counterrevolutionary spark? <https://t.co/VlRtRpSm6h>
 - The #JungleKnesset is about to start. That's a 3-week period when any member of #Israel's parliament (@KnessetIL) can hunt for 60 partners to form a majority & a government. The big question: Will this free-for-all break the logjam? Me: It's possible. <https://t.co/sqlLg8gbFq> <https://t.co/TmkhvvXRSP>
 - The #UNGA renewed @UNRWA until 2023 by a vote of 170-2, with Israel & US being the 2. Me: - This proves UNRWA's forever - #Palestinians are even bigger victims than Israelis - The only way to fight its vicious role is to use donor funds to wrest changes <https://t.co/ilH0zjflwJ>
 - "We refuse to vote Labour on 12 December." See the remarkable statement by 24 leading UK figures protesting @JeremyCorbyn's & the @UKLabour Party's antisemitism. Signatories include John le Carré, Fay Weldon, Frederick Forsyth, @MaajidNawaz & @Ed_Husain. <https://t.co/ORYuFeUaw6> <https://t.co/ngX3PtnkGs>
 - Here's what appeasement looks like in the raw. At a May 1938 soccer game in Berlin, the #NevilleChamberlain government instructed English players (in white) to offer a

- Sieg Heil salute prior to kickoff to make nice to the Nazis. Appeasement always fails. <https://t.co/wkDgi0PVkb>
- @RTErdogan: "We regard [#Trump's] proposal to completely remove the S-400s as meddling in our sovereign rights. There can be no question of us leaving the S-400s." Me: So, what was all that chumminess in the Oval Office about? Was Erdo simply lying? <https://t.co/AldvCXIngl>
 - Will the conservative parties in #Sweden finally start cooperating with their natural ally, the Sweden Democrats (@SDriks)? A major first step in this direction just occurred. (See below.) Is it a one-time fluke or the start of a trend? Stay tuned for the ride. @TundraTabloids <https://t.co/fM38dBLWWhn>
 - "Scores of #Muslim Candidates Win in Races Across the Nation" blares out the headline from @CAIRnational. Then look at the map that accompanies the story, with #Islamic crescents spread across the US map. Is this graphic possibly intended to intimidate? <https://t.co/X0pLg7wOCU>
 - @USAToday says I am part of a trend: "About 20% of people 65 & older are in the workforce in 2019, up from an all-time low of 10% in 1985." "#Unretirees" is our unlovely name. But really, aren't the #MidEast & #Islamism a bit more compelling than golf? <https://t.co/BJR1WrqAly>
 - #Trump to @RTErdogan: ""You're doing a fantastic job for the people of Turkey." Me: Speechless. <https://t.co/wFzj1nluG>
 - As leader of Turkey, @RTErdogan has now had exactly 8½ good years & 8½ bad years. I document this contrast today in @TheNatlInterest. (My first article there since 2007.) Oh & my title for it was: "No Thanksgiving for Turkey: Erdoğan Leads It to Ruin." <https://t.co/W1no5FKgsk>
 - @AmbJohnBolton is detailing what a mess Trump's foreign policy decision-making is. But we already knew that. What's yet more worrisome is Bolton's concern about a re-elected #Trump going full-blast isolationist & nominating a liberal to the #SCOTUS. <https://t.co/y26ucUy4CU> <https://t.co/tq49fVZOHC>
 - Here is #MbS' & #SaudiArabia's economic predicament in a nutshell: Not so long ago, foreigners rushed to invest in the KSA but that's nearly ended. Instead, they are taking their money out, plus locals are investing abroad. The big question ahead: Can KSA become like #Dubai? <https://t.co/OgGGjFAMz>
 - @NihadAwad (real name: #NehadHammad) of @CAIRnational: "We are going to work ... to elect at least 30 Muslims in the Congress,... including at least two [U.S.] senators." Me: - He does not want #Muslims in politics, he wants #Islamists - Good luck, Nehad <https://t.co/c9lMe83AjG>
 - Whoops. Nov. 10: Iran's President Rouhani announces an oil discovery of 53bn barrels. Nov. 11: Iran's Oil Minister Zanganeh says, well just 2.2bn barrels can be extracted. <https://t.co/MdlZp80Dij>
 - I offer an overview of Middle Eastern topics in today's @WashTimes: Oil, water, anarchy, youth, Islamism, Iran, anti-Zionism, America, Russia & China. It's mostly bad news but a few bright spots shine through, especially the decline of MidEast #Islamism. <https://t.co/Bho1VGZwfa>
 - So, #Austria's "conservative" party, the ÖVP (@Volkspartei), is entering coalition talks with the Greens (@Grueue_Austria). That pretty much sums up the state of "conservatism" in Europe today; it stands for just about nothing at all. Go #civilizationism. <https://t.co/yxOCzfJONV>
 - @VOX_es, Spain's civilizationist party, had no representation 11 months ago in any government institution. In today's elections, it won 52 seats out of 350, becoming the 3rd largest faction in national politics. Me: It appears that #Spain, with all its problems, is waking up. <https://t.co/dH11azFjh5>
 - #OriNissimLevy at @BESA_Center: An Iranian nuke would likely kill 1K #Israeli civilians & 80 atom bombs would kill 300K, or 3% of the population. Conclusion: this means life will go on, that "a nuclear strike scenario is not an endgame military maneuver." <https://t.co/A2NQe9qtCu>
 - Turkey's @RTErdogan is making his first DC appearance since his thugs attacked peaceful protestors on its streets 2½ years ago. Is the city prepared this time around for this "ally"? My guess: Nope, officialdom still has its collective head in the clouds. <https://t.co/GY2Nyz49yo>
 - @JamieMcintyre looks to #Trump's real estate experience to decipher his foreign policy: - Ignore problems & relentlessly self-promote - Figure out a rival's self-interest & satisfy it In other words, wishful thinking & mirror imaging run US diplomacy. <https://t.co/uPqrFPTC67> <https://t.co/XY45f0RnYa>
 - We can agree that #Iran's regime is bigoted, vicious & murderous, right? @UNWatch: The genius governments at the UN Human Rights Council (@UN_HRC) disagree. 49 "glowingly" praised Tehran, 46 "expressed some praise." Only 16, led by the US, criticized it. <https://t.co/1VfixUDJlv>
 - India's Supreme Court decided in favor of #Hindus at #Ayodhya, letting them control the land of a former mosque to build a temple to #LordRam; #Muslims will receive nearby land for a mosque. For the context of this controversy, see my 2001 article below. <https://t.co/1rOBTPym2S>
 - ICYMI: A study by @ONDRP of rapes in #Paris in 2013-14 finds 52% were committed by foreigners. Me: The wonder is that strictly controlling borders has not become more of an issue in #France. How many rapes must take place, how long till people wake up? <https://t.co/rln3wBoSOp>
 - Is #Russia's intervention in #Syria unique or will it be repeated elsewhere? A @RANDCorporation study finds such a large-scale action unlikely but smaller-scale ones are likely. Also, "expect Russian forces ... to be present in nearly any conflict zone." <https://t.co/pJl9dYnm0W>
 - Given the vulgar, brutal, misogynist lyrics of today's hip hop music, someone please explain why there's such a fuss over the ever-so-mild-and-suggestive question "What's in this drink?" in the 1944 song, "Baby, It's Cold Outside." Double standards, perhaps? <https://t.co/eLDkPqF7Vu>
 - As I walked through @DrexelUniv, I could hardly believe my eyes: a US educational institution displaying a field of Old Glories? But it was no illusion. It's an "American Flag Installation Honoring Student Veterans at Drexel University." Bravo, Drexel U. <https://t.co/EetjLtkGWE> <https://t.co/4VPd3VName>
 - @JasonDHill6: "The gravest internal threat to this country is not illegal aliens; it is leftist professors who are waging a war against America & teaching our young people to hate this country. ... We need to defund [universities], disband & rebuild them " <https://t.co/qsJQ1TwFoe>
 - #ShinBet, Israel's domestic intelligence agency, thwarted 1½ terrorist attacks a day so far in 2019. Me: Obviously, that's 1½ too many. But it's 10% of the number of attempted attacks 15 years ago. So, things are very much going in a better direction. <https://t.co/vOi7OvFRLU>
 - #Civilizationists are surging in #Finland, where the Finns party (@persut) has opened a big lead on the other parties since the April 2019 elections. (See the yellow line below.) I see this as part of a larger, fitful but clear trend. h/t @TundraTabloids <https://t.co/bvrWaDkoxV> <https://t.co/KMXSWH8Qby>
 - @Con_Coughlin at @GatestoneInst: "#Iran's attempts to expand its malign influence throughout the Middle East have suffered a severe setback as a result of the unprecedented anti-government protests that have erupted in #Lebanon and #Iraq in recent weeks." <https://t.co/jWcleBBFso>
 - @Amnesty Int'l: Hundreds of people have been detained in #Turkey for commenting or reporting on Turkey's recent military offensive in northeast #Syria and are facing absurd criminal charges as the government intensifies its crackdown on critical voices." <https://t.co/kGhJGWUTN3>
 - The thumping the GOP suffered in yesterday's elections worry me that my July 2016 prediction about #Trump destroying the conservative movement is coming true. Yes, the judges are great, education, taxes & deregulation fine, but there are yet deeper issues. <https://t.co/2Ba1jmhF2> <https://t.co/A2sr7Df8w2>
 - News from the front: Kurdish "hostility toward the Turkish army is mounting by the minute since its Oct. 9 assault against the US-backed People's Protection Units

- (#YPG)." As I have written previously, this will war not end well for Turkey & @RTErdogan. <https://t.co/INpLC5LEsH>
- Summarizing his book, @MyronMagnet shows how #ClarenceThomas alone of the Supremes is trying to wrest the Court back to the Constitution by pushing aside many, many decades of awful decisions. He's taken a lonely & brave path; let's hope it's vindicated by many future justices. <https://t.co/Oadiwk8OPk>
 - Strong words: After attending a talk at @Georgetown by #Islamist pseudo-liberal academic @MuqtedarKhan, @AEHarrod concluded that Khan is a "charlatan" whose "cynical pretense of chastising extremists while simultaneously excusing their beliefs" won him \$1mn+ from the @StateDept. <https://t.co/iMZcaahEMf>
 - #Civilizationist news: @Vox_es was founded in 2013. It got zero seats in the 2015 & 2016 elections, 24 in those of May 2019. Polls show it winning 46 seats in the Nov. 10 elections. To appreciate its surge, note the green line below, now the 3rd highest. <https://t.co/NwP7sAy4z6> <https://t.co/keA1QlkyTs>
 - Iraq's #Kurds have begun to boycott products from the aggressor state of #Turkey. Time of the rest of us to join with them in solidarity. Look at labels, don't buy foodstuffs from Turkey or manufactured goods that announce "Made in Turkey." #BoycottTurkey <https://t.co/8VnXZvFGM6> <https://t.co/qhBolKuqv>
 - 1934 - #ARAMCO formed 1988 - Saudi government takes control of ARAMCO, renames it @Saudi_ARAMCO 2019 - Saudi government offers part of ARAMCO for sale to individuals 20?? - Saudi government again takes control of ARAMCO "Fool me once, shame on you. Fool me twice, shame on me." <https://t.co/3sgEn7OLrU>
 - #StevenMosher of @PRISource on the murderous brutality of Communist regimes in general and the #ChiComms in particular (not on line): 400mn dead makes them "the biggest killing machine in human history." That's more than the entire population of North America. The mind boggles. <https://t.co/tBGe5a022b>
 - The latest addition to my #IdiotsFile: @JensStoltenberg, @NATO Secretary General: "One must acknowledge that #Turkey is an important ally. ... In the fight against ISIL it has made crucial contributions for physically destroying the so-called caliphate." <https://t.co/vBg7qLhyk0>
 - One Mukhlis bin Muhammad was lashed 28 times for adultery in the Islamically v strict #Aceh region of #Indonesia. What makes this global news is that Mr Mukhlis was part of the Aceh #Ulema Council that helped impose flogging for adultery. Too delicious. <https://t.co/Fhx2IM5Ucd>
 - Did you know? @KyleMizokami: "The United States stores an estimated 90 B61 nuclear bombs at Incirlik Air Base [in Turkey], with 50 allocated to US Air Force pilots and 40 allocated to Turkish Air Force pilots." Yes, they are under US control. But still. <https://t.co/1wOKBR8rYJ>
 - Hoping the food at @LebaneseTaverna at @Reagan_Airport is better than their Arabic. "Thank you" is "Shukran," not "Shukrun." <https://t.co/yOC4171pEz>
 - Can you imagine that? The land of Cheez Whiz, Velveeta & cheese slices has now produced the winner of the 2019 World Cheese Awards. That would be #RogueRiverBlue of Oregon. It's a "taste party" with "different sensations, balance, sweet & spicy notes." <https://t.co/cYBoHeZcS3>
 - My father, #RichardPipes, translated #IvanTurgenev's "Senilia, Or Poems in Prose." I am pleased to announce that this unpublished work is now available in full, with an introduction by his biographer, #JonathanDaly, at @Harvard's DASH project. What a remarkable range of topics. <https://t.co/puINvgHCZ6>
 - How refreshing to hear a Western politician call @RTErdogan what he is, namely "a radical Islamist megalomaniac." #Trump, are you paying attention? <https://t.co/wLJO2KK1s3>
 - @AEHarrod: What happened to gratitude? The #Saudis spent millions on buying the loyalty of @Georgetown Univ.'s MidEast specialists - and the profs turned against KSA in favor of #Iran. It confirms that you can't buy intellectuals. You can only rent them. <https://t.co/WXcoYlex9T>
 - #Belgium, arguably one of the world's most #antisemitic countries (look up #Aalst if you need proof) as of Oct. 27 has a Jewish prime minister. That would be Sophie Wilmès (@Sophie_Wilmes). Me: Unfortunately, this reminds me of #LéonBlum serving as PM of #France in the 1930-40s. <https://t.co/QtG1sTfAOK>
 - Have you heard of the "Coalition of Committed for a Secular Democratic Iran?" @IlanBerman explains how it is doing crucial work to support imprisoned anti-#Islamists in #Iran, with the goal of getting 5 million people on the streets to protest the regime. <https://t.co/mfilamDirZ>
 - 36 years having gone by, I've gone ahead & published an article (in @AmSpectator) about a supposedly confidential 1983 Moscow conference. Titled "My Disastrous Meeting with the #Soviets," it colorfully dissects the futility of such "track-two" encounters. <https://t.co/wfg9gXjzjA>
 - In an unusually eloquent resolution, the #USHouse today voted 405-11 to recognize "the #ArmenianGenocide, the killing of 1.5mn Armenians by the Ottoman Empire from 1915 to 1923." (Note: No mention of Turks or Turkey.) Now, the #USSenate must follow suit. <https://t.co/euTjsTzgdK> <https://t.co/vYpbDaK98l>
 - An "Alums for @CampusFairness" report on @Columbia & @BarnardCollege found these to be "arguably the most prominent settings for university-based antisemitism in the US." Note the very prominent role of Middle East studies professors in the snippet below. <https://t.co/CSpOAFWzgo> <https://t.co/POucD4X7sp>
 - With US-Turkish relations bad & getting worse, is this the right moment for Congress to pass a resolution recognizing the Turkish genocide against the #Armenians during WWI? @JoshuaKucera lays out the arguments pro & con. Me: Do this, but do it carefully, not in a fit of pique. <https://t.co/0qQPmDkIDy>
 - The #BDS movement to eliminate the Jewish state of Israel has hit hard times: @GolbargBashi's much-publicized talk at @HPPLNJ had an audience of 7 - all of whom were protestors who walked out on her talk! Plus 125 protestors outside. Give up, you BDSers. <https://t.co/0V80nLmBxR>
 - An unprecedented ex-Muslim movement started in 2007 with Germany's Zentralrat der Ex-Muslime (@ex_muslime) & now consists of some 30 groups internationally. The newest? Atheists at the #BrighterBrainsInstitute soon to open a "safe house" in Abuja, Nigeria. <https://t.co/RyupQryQwD> <https://t.co/4k58ILx7C6>
 - In case further proof is needed that @RTErdogan's government in Turkey supports #ISIS & other jihadis, @HadeelOueiss provides it, below. This tweet from the FSA commander also tells us about the @ArabCenterWDC's real agenda, as opposed to the puffy one it wants us to believe in. <https://t.co/lrbXVOOeFx>
 - #Civilizationist parties: My small role has 2 parts: 1. Explaining why they are necessary & legitimate 2. Admonishing them to moderate on such topics as Jews & Muslims @BjoernHoecke's success in #Thuringia, Germany brings out #2. His views of Nazism threaten the @AfD's future.
 - @EliLake: Desperate for Russian & Chinese agreeing to the #IranDeal, Obama conceded an end to weapons sales ban to Iran in 5 years. That's now just 1 year away. Think it's bad now? Expect an even more aggressive Tehran once the weapons freely flow again. <https://t.co/puSVdJdogb>
 - @Jeff_Jacoby: "For principled conservatives ..., the #Trump presidency has delivered some undeniable benefits. ... But those gains have come at a terrible price. ... [Trump] is about to be impeached. This would be a good time for his party to jettison him." <https://t.co/e5W28gwPgw>
 - Note the huge win (56½-60½%) for the Right coalition built around the League in Italy's #Umbria Province yesterday & the equally terrible loss for the Left (35½-39½%). My take: #Italy seems to have jumped ahead as western Europe's civilizationist leader. <https://t.co/8t9C9moN90>
 - Sadly but wisely, #EyalZisser concludes that the anti-regime demonstrations in #Lebanon & #Iraq will likely not make much difference b/c the protestors will "revert to backing the same types of leaders who have managed [the countries] politics" until now. <https://t.co/gczN5UxVYc>

- The execution of al-Baghdadi is a superb piece of news, just as was Osama bin Laden's in 2011. But #OBL's death made almost no difference to the #Islamist movement or the global #jihad & neither will #Baghdadi's, for both are far bigger than any individual, no matter how famous. <https://t.co/xuSpyJgx7u>
- Of course, the wheels of justice turn slowly, but Israel's AG #AvichaiMandelblit announced on Dec. 20, 2018, he would "work quickly" on the indictment of PM @Netanyahu. Ten months later, the world still awaits his decision. How much more time is needed? <https://t.co/Z3HCKZQDpd>
- I attended a rally for #Lebanon near the @UN yesterday, with the loong flag, rousing civil society slogans & strong appeals for the population to rise up against their corrupt overlords. Strikingly, the whole of it took place in Arabic, not English. Now, if only this succeeds. <https://t.co/1RTx4eJUwt>
- #Islamists, their fellow-travelers & apologists all claim that the notion of unbeliever (#kafir) is defunct, that Muslims fully respect non-Muslims. Oh. Then why did @RTERdogan, in a mosque no less, talk now about the kafirs & their enmity toward Muslims? <https://t.co/rnA50Kapvb>
- The Social Democrats (@Socialdemokraterna, S) have dominated Sweden's politics for a century. But recent 3 polls show it behind the upstart civilizationist Swedish Democrats (@SDriks, SD). Prediction: S will be out of the next government, SD will be in. <https://t.co/X9sfITgdLx> <https://t.co/8htXzUnl0k>
- Today marks 25 years since the Jordan-#Israel peace treaty was signed. Unfortunately, @KingAbdullahII has not stood by it, so goodwill has nearly vanished. Perhaps, as the percentage of #Palestinians in #Jordan drops, he will find the courage to build on his father's achievement. <https://t.co/cp9pxEu7rV>
- Survey: 28% of Danes agree with the #StramKurs party's view, "Muslimske invandrere bør sendes ud af landet" (Muslim immigrants should be sent out of the country). Me: Stram Kurs won just 1.8% of the June 2019 vote, so expect big changes ahead in #Denmark. <https://t.co/g1VBDQhetZ>
- Given how Democrats are racing to the Looney Left (see prior tweet) & Trump is ever-more impetuous, unstable & scary, Mr "Nanny State" @MikeBloomberg offers a feasible alternative. He's a D but a moderate one; perhaps Rs will recuperate, even rediscover their conservative souls.
- Sanders & Warren are leading the Democratic party on an unprecedented sprint to the Left. The big question: Will they also move the country to the Left or is this a quixotic effort that ends in a resurgent moderate wing? Our future depends on the answer. <https://t.co/keUxafNSUS>
- Here's a hotspot few are watching: #Ethiopia's rulers are playing out the clock to fill their new #NileRiver dam as quickly as possible, to immense distress in #Egypt. It's just possible Cairo will use military force to stop the filling process. This could quickly get very ugly. <https://t.co/wjMNBLE1x0>
- @RichardBranson made a remarkable gesture as he accompanied the first @Virgin flight to Israel, bowing at Ben Gurion International Airport & kissing the ground. My suggestion to the airport authority: Create a grassy patch, so visitors don't have to kneel on and kiss asphalt. <https://t.co/CiBcoCCpsl>
- A scene from modern life: I went to a coffeehouse today to talk to a friend. But it had a library-style quiet; the humming of computers was the only sound. So we left to find a place where our conversation would not be so rude or conspicuous. Who ever heard of a too-quiet café? <https://t.co/YDCI3Oh66L>
- I look pessimistically at Turkey's future after the invasion of Syria in the @WSJ. Its subhead reads: "@RTERdogan is no friend to America. He's a dictator with strange ideas, not unlike Nicolás Maduro." Time to get tough with Ankara's grandiose padishah. <https://t.co/0bxlXJWu31> <https://t.co/wu6iOob653>
- The #Trump speech today claiming a Russian-Turkish agreement to exclude the United States as an American triumph (!) also contained much about victory. Given this topic's context in that speech, I'm not sure his robust advocacy helps to forward a critical & usually ignored idea. <https://t.co/LuYnjkiHGv>
- I watched #Trump's triumphant speech today about Russia, Turkey & #Syria. It was a surreal experience, as though he lives in an alternate universe from me. Where is this going? Will no one in the administration stand up & tell the truth, that the United States is in big trouble? <https://t.co/LvLiQEmaqf>
- Kudos to the International Judo Federation (@Judo) for suspending #Iran's participation until its team ends its bigotry & engages #Israeli opponents. Now, how great if only other international organizations, sporting & otherwise, shared its principles. <https://t.co/Jvw393sAUU> <https://t.co/HWQA4eWwvtv>
- #EvelynMarkus produced "Never Again Is Now," a moving personal documentary built around her & her family's story, and from there documenting the global resurgence of #antisemitism. It was released today on Amazon @PrimeVideo. Watch it & spread the word. <https://t.co/RRYlpL57jA> <https://t.co/5GZldTeU0C>
- Is getting banned from @Twitter, @Paypal & @Uber good for building a political career? It would seem to be so for #LauraLoomer. Running in FL for a US House seat, she outraised the Democratic incumbent 3-2 & the next-best GOP candidate 8-1 in the 3rd qtr. <https://t.co/o8gMkW0os5>
- Asked if he would make aid to Israel contingent upon ending its control of the West Bank, @PeteButtigieg replied: "Aid is leverage to guide Israel in the right direction." Me: Another reason, for the benefit of both sides, why US aid to Israel should end. <https://t.co/RyHVtZrZVZ>
- Superb analysis by @SimonWaldman1 showing the huge costs to Turkey of the (very popular) assault on Syria & the ethnic cleansing. In sum: "Turkey has transformed itself from being a pivotal member of NATO to little more than a minor piece on Russia's strategic chessboard." Ouch. <https://t.co/JUOtUASDd2>
- Leftists chatter on about widening wealth inequality. @CreditSuisse actually did the research for its "Global Wealth Report" and found that inequality declined both within most countries & also between countries. It's time really to unfetter capitalism. <https://t.co/SwFZOVaoRB>
- The municipal government in Konya, Turkey's most #Islamist city, dominated by the AKP, posted billboards quoting Koran 5:51: "Do not take Jews & Christians as allies. ... God does not guide wrongdoers." Me: - Turkey is becoming Iran #2 - When will the world awaken to the danger? <https://t.co/5iUKaZVu74>
- #HansWehr's #Nazi role has - after 70 years - suddenly become a public issue at the University of Minnesota "after second-year student @Rodrigo_Tojo Garcia found information online about Wehr's background." RTG: Please tell us more about what you learned. <https://t.co/sCp1V04Buy> <https://t.co/oYiaGalHny>
- I spent most of the academic year 1977-78 as a fellow at @Princeton University's Near Eastern Studies Department; it was a wonderful, scholarly place. And now? its speaker says #Israelis "are biped bloodhounds drinking the blood of one million children." <https://t.co/6a3iyCIFQs>
- I offer some thoughts on the Turkish invasion of Syria to @InformaleEu, an Italian publication. Excerpt: "while I enthusiastically endorse a number of specific steps [the JCPOA, Jerusalem] – I worry about the general thrust of U.S. policy in the region." <https://t.co/ejBrS82aWP>
- Good to see that one important MidEast analyst, Hillel Frisch (@hilfri), agrees with my assessment that #Islamism in the region has declined. Frisch surveys a number of countries while warning that Turkey & Iran are pulling strongly in the other direction. <https://t.co/2Ntys2qI5D>
- Would this be an appropriate moment to recall that @RTERdogan said in 2016 that he would like powers in Turkey such as #Hitler enjoyed in Germany? This is the despot that Trump acquiesces to. <https://t.co/DymKe8UhiV>
- News coverage of #Swiss elections today is agog over Green Party success. While true, that ignores the more important fact that the Swiss People's Party (@SVPch) last election received the largest % of votes of any party in modern Swiss history & that now only slightly declined.
- @DeanObeidallah pretends to be a comedian but is a malign crank. Note below how he distorted me: "letting enemies of the US fight each other to exhaustion" ≠ "let the

- Muslims kill each other." Many Muslims (eg Kurds, Emiratis, Indonesians) are allies. <https://t.co/7lh6X5NYSc> <https://t.co/MaXWOIV2FY>
- If you have a moment, read the insightful, charming & upbeat interview with Austria's outgoing ambassador to Israel, @MartinOWeiss, as he reflects on his four years in the country. <https://t.co/CQJnBuWYO9>
 - #Hungary's PM #ViktorOrban warns he'll "use force" to stop migrants from Turkey if @RTErdogan makes good on his threat to release them into Europe. Me: Once again, Orbán boldly takes the lead to defend the West. Which other politicians dare to follow him? <https://t.co/ZbJyDhNzfR>
 - #Trump still labors under the idea - almost 3 years into his presidency - that his uncouth & vulgar behavior plays as well internationally as it does domestically. @RTErdogan's throwing that absurd letter in the trash should settle that illusion for good. <https://t.co/jHelRA12ep>
 - Very distressing to see New York Police Department Muslim officers associating with "great pleasure" with #Turkey's dictator, @RTErdogan. Given how Erdoğan calls petition-signers "terrorists" & brings criminal charges against them, what should we expect from @NYPDMuslim members? <https://t.co/Ht2utBQOVQ>
 - Here's a way quietly to put massive pressure on #Turkey's @RTErdogan: Unless he pulls Turkish troops out immediately from #Syria, the Trump Administration will soon join 49 out of 50 states & 31 foreign governments in recognizing the #Armenian massacres of 1915-16 as a genocide. <https://t.co/iuvTi1KXxK>
 - This is a very appropriate moment to recall that @RTErdogan in Feb 2018 threatened to deal an "#Ottoman slap" to US troops in Syria, unless Washington abandoned its #Kurdish allies. In retrospect, it looks like Trump caved before this nonsensical threat. <https://t.co/ffk60T9Rhxe>
 - I agree with @dcexaminer on the US-Turkey truce: - "American diplomacy has simply replaced Turkish tanks as the means to Turkey's victory" - why, after Trump abandoned them, "would the YPG now listen to the US & accept American demands that it surrender?" <https://t.co/EiBMwZL8sq>
 - ,@CollinFMcMahon: An @AfD member "asked the German government to name the capital of #Israel in one word only. It wasn't a complicated question. ... The government was not able to." Me: The AfD again shows itself to be #Germany's leading pro-Israel party. <https://t.co/P28sDuZYMU>
 - Read for yourself what is possibly the most bizarre letter sent by a US president to a foreign leader. The Trump-to-#Erdoğan epistle went out the day Turkey's invasion of Syria began. It is all the more strange when one recalls Trump's docility in a telephone call 3 days earlier. <https://t.co/Sp6V7P6Wvt>
 - Media reports indicate the #Kurds launched a counteroffensive against Turkish-backed forces and gained back control over the town of Ra's al-Ayn in northern #Syria. Me: Hoping this is the start of endless troubles for #Turkey, @RTErdogan & the occupiers. <https://t.co/CWlopGaS98>
 - File this one under "Absurd Non-Muslim Bureaucrats Defining Islam." Here, the silly busybodies work for the Washington State Department of Corrections (@WACorrections). You won't believe whence their information comes, nor their diktats on #jihad & women. <https://t.co/MbBqsAkhQH>
 - "@Volkswagen pauses \$1.4 billion investment in #Turkey over #Syria invasion." The foreign costs are just beginning: investment, military sales, currency, tourism, aid. More to come. Lesson: You cannot just one fine day unprovoked invade your neighbor. <https://t.co/bTOwpOewZg>
 - How can doctors & nurses be trendy while actually knowing one's actual, physical gender? Easy, in the patient profile, they ask for both "Gender Identity" and "Sex Assigned at Birth." Me: I expect "#SAAB" to become a routine items on forms. (Helpful that Saab Autos is defunct.) <https://t.co/WT8II7Xl6W>
 - I have long predicted (see the talk below at 5:01) that @RTErdogan will do something idiotic internationally that will shake or even end his rule. The intense negative reaction around the world to his invasion of Syria suggests this could be that trigger. <https://t.co/hQq28ggUDK>
 - Hello PM @BorisJohnson, am I reading this right? "UK experts in Iran to upgrade heavy water reactor. As the Iranians breach nuclear deal, ... British embassy says 'we are upholding our obligations to cooperate' with Tehran on modernizing #Arak facility." <https://t.co/rTiXzkm2V7>
 - Asked if #Turkey is really a US ally. US Secretary of Defense Mark @EsperDoD replied ungrammatically but clearly: "No, I think Turkey, the arc of their behavior over the past several years has been terrible." Me: Really, the Pentagon is finally waking up? <https://t.co/Li16rUhfHD>
 - @BenWeinthal: Michael Blume (@BlumeEvolution), a German "commissioner tasked with combating antisemitism ... liked an antisemitic @Facebook post ... that compared Zionists to Nazis." Me: The German Establishment daily gets more sour. So, I prefer the @AfD. <https://t.co/LC261H3GVD>
 - Today's @ThePolForum tries "to figure out what to make of Pres. Trump's decision last week to remove US troops from northern #Syria & thus to greenlight a Turkish incursion into the area." I am honored it turned to me ("horrified & shamed") for guidance. <https://t.co/BUiVuC0oL6> <https://t.co/eFjTq549q>
 - Poland's ruling PiS Party (@pisorgpl) just increased its vote from 38% to 44%. Despite my many criticisms of PiS (the judiciary, economics, the Holocaust), I support it because of its correct key policies about #DIMI (demographics, immigration, multiculturalism & Islamization). <https://t.co/07MrKz61QA>
 - Did @RT_Erdogan direct Turkey's forces to intimidate the few US troops in northern Syria? That seems to be the case in the "bracketing" episode near Kobane. #Brett_McGurk: "This was not a mistake." Me: E is out of control. It will not end well for anyone. <https://t.co/DaAcLfmnrk1>
 - Let's talk about #Africa's population boom & its vast implications for Europe. See the 7 quotes from #ChristopherCaldwell's article in @NRO, drawing on Stephen Smith's "The Scramble for Europe: Young Africa on its way to the Old Continent" (@WileyGlobal) <https://t.co/TGSYUJPN60> <https://t.co/xkbPlnOkDz>
 - Replacing a population requires a Total Fertility Rate (#TFR, number of children per woman) of 2.1. Europe's is 1.6 or 3/4s of what's needed. At this rate, each generation is 1/4 smaller than the preceding one: 1 0.75 0.56 0.42 0.32 0.24, etc. What future has Western civilization?
 - The #USAF "Combined Air and Space Operations Center" has controlled aircraft from North Africa to South Asia since it opened in 1991 at al-#Udeid Air Base in #Qatar. But now there's a copy of the center in South Carolina. Hmm, sending a message to Qatar? <https://t.co/olkikSmKh5>
 - ,@RT_Erdogan personally manages some \$12 million a year to "prevent the Judaization of #Jerusalem," i.e., undermine Israeli sovereignty in its eastern parts. Israel's government has finally declared "The days of the #Ottoman Empire are over." About time. <https://t.co/FnStTATFG>
 - ,@Hyatt Hotels announced in Sep. 2018 that it will not host "hate groups." Great decision. But then, why is it now hosting a @CAIRnational fundraiser? Doesn't an #Islamist group boycotted by the @FBI & banned in the #UAE for terrorism exactly fit the definition of a hate group? <https://t.co/aiXHcMbZg8>
 - As a constant @Amtrak user in the Bos-Wash corridor & occasional would-be user in places like Florida, the MidWest & California, I enthusiastically endorse @DickSpotswood's proposal in @RailwayAge to divide the national railroad company into two parts. <https://t.co/lp0jKDbBwi>
 - In 2007-08, I proudly helped @RudyGiuliani's presidential campaign. He was "America's mayor," a clean, articulate, moderate conservative. I now look back & wonder how he turned into today's erratic, irresponsible & soiled figure. Was he fooling us then or did he radically change? <https://t.co/InviCa8qpi>
 - Here's a new US problem: Leftist anti-police agitation translates into a shortage of police. In fact, it's a triple threat: a 63% decrease in applications, more early exits & higher rates of retirement. This trend "keeps police chiefs up at night." Me too <https://t.co/uKnKw4OUM0>

- What's going on in Egypt? Sisi's economic reforms are working but there's new unrest on the streets. @AIMonitor explains how repression, corruption, public debt & unemployment remain major unaddressed problems and that the US is crucial to their solution. <https://t.co/i7nnvQeTl8>
- I have been unsure if #Czech PM @AndrejBabis is a #civilizationist. This strongly suggests he really is: "We do not see migration as a means of counteracting a shrinking population, as in Western Europe. We want to get the Czechs to have more children." <https://t.co/1WMvIV4wjV>
- Great that the US Congress is working on economic sanctions against Turkey so long as it occupies northern Syria. Greater yet if it keeps the sanctions in place so long as TK occupies northern Cyprus, 35 years & counting. h/t @MichaelHanni For more, read: <https://t.co/bPkD5mzk3l> <https://t.co/cCbz77WAQ>
- #Rojava, the Kurdish enclave in Syria, bizarrely attempts to apply "democratic confederalism," a melding Marxism & anarchism by the American @MurrayBookchin (1921-2006). It's like Maoism, only much further left. Yup, and just as appealing as that sounds. <https://t.co/fAA7FcMbgN>
- Alexis Br  zet (@abrezet), editor of the French newspaper @Le_Figaro, has coined the term "#d  nisl  misme" (in English: #denislamism), meaning the denial of #Islamism. It's useful, because it pinpoints the key problem wracking nearly all Western countries. <https://t.co/8rcrGZ4liq>
- Great! Congress is gearing up to pass veto-proof sanctions on #Turkey. They prohibit any US involvement in military or energy trade & apply #CAATSA. My favorite part: They ban @RT_Erdogan & others from even entering the US. We're not a dictatorship yet. <https://t.co/3Jvplojkuk>
- @MattKLewis on impeaching #Trump: "there is at least a chance that 20 of the 53 Republican senators could vote to convict." With that, I've revived my "Trump Impeachment Watch" blog after 2½ years of quiet. What had seemed fantasy begins to appear real. <https://t.co/fVN7LpXhHD> <https://t.co/41KJLThNRS>
- I am horrified and shamed by Trump's betrayal of America's Kurdish allies.
- Trump has so many headaches - Republicans nearly unanimously in condemning the Syria policy, Democrats intent on impeachment. I bet he thinks the presidency is no longer worthy of his "wisdom," that he best resign on his own defiant terms. I can't wait to welcome Pres. Pence. <https://t.co/lmojOZuZJI>
- Europe's unstated method to deter illegal immigrants is visible in places like Lesbos, Greece, where "hellish" & "inhumane" conditions send a strong signal to would-be asylum-seekers: "Stay away, it's worse here than where you are." Is it working? Not yet. <https://t.co/daKzj7w22b>
- As #Trump himself admitted in 2015, that bit about building a Trump tower is not hyperbole: "I have a little conflict of interest, because I have a major, major building in Istanbul. It's called Trump Towers." There's no precedent for this in US history. <https://t.co/4YVURoUhnR> <https://t.co/348z2pb94Y>
- There's a general assumption that when #Turkey's forces imminently invade Kurdish-held territory in NE Syria, it will be a cakewalk. But: - Turkish forces are debilitated by political purges - #Kurds have proven themselves formidable fighters So, it could be a Turkish quagmire. <https://t.co/rif6HE1zqH>
- Stunning media report: In #Israel: "93% of shootings are perpetrated by Arabs, as are 64% of murders, 61% of arson incidents, 56% of illegal weapons sales and ownership, 47% of robberies, 40% of extortions, 30% of drug crimes, and 29% of physical violence" <https://t.co/m8mWkxQRD7>
- Here we go again: In an ignoble tradition going the whole way back to #RichardNixon, #Trump is again betraying the #Kurds, America's most reliable ally in the #MidEast other than the #Israelis. #Trump's fascination with dictators, this time @RT_Erdogan, does real damage to all. <https://t.co/vq6hgZ9b0U>
- @Libe: "#Micka  lHarpon adh  rait    une vision radicale de l'islam". Les mots de Jean-Fran  ois Ricard, procureur du Parquet national antiterroriste saisi apr  s 24 heures de flottement,   cartent le doute sur les motivations jihadistes de l'homme de 45 ans." <https://t.co/Y1gS8VXAH>
- Trump, the new Obama when it comes to US foreign policy? Appears so. 2012: #Obama drew a red line in Syria, then drew back, with terrible consequences. 2019: #Trump did not respond to Iran's attack on Saudi, with repercussions just now becoming apparent. <https://t.co/FX2FiHlblw>
- @RaymondIbrahim5 at @GatestoneInst: "A jihad of genocidal proportions has been declared on the Christian population of Nigeria, spearheaded by that nation's president ... even as Western media & analysts present Nigeria's problems as products of economics" <https://t.co/CcGIZPdYh9>
- @HadeelOueiss: "The rhetoric of resistance against #Israel is faltering" among Arabs." Confrontation with #Iran puts the Arab-Israeli conflict in context because Iran's crimes committed "have been far worse than the stereotypes depicted ... about Israel." <https://t.co/Q7SmKsxEOZ> <https://t.co/0pyT5QPNa>
- #Turkey: Conventional analysis assumes that @RT_Erdogan must retain popular support to stay in power. To that I offer one word: Venezuela. He might well, Maduro-like, stay in power no matter what the costs to the country, including tyranny, economic collapse & massive emigration <https://t.co/c2kius6haY>
- I call #Europe's police the "police" because they are so feeble. Read this description of the response to the attack on the "police" in #Paris. Note the key words: "weeping," "tears," "crying" and "panic." Are these school kids dressing up as officers? <https://t.co/3fgZzPCsRV> <https://t.co/XHQ69YfmL4>
- Two unusual butcher trucks, seen on two successive days in #Philadelphia: - #SenatPoultry's truck promises #zabiha (or halal) slaughter by hand - #Alrayyan Food Market's truck shows animal carcasses neatly lined up Me: The country is changing. It feels increasingly #MidEastern. <https://t.co/iULVPOTRL3>
- @HenleyPartners' annual #HenleyPassportIndex gauges how many countries one can visit visa-free on each country's passport. Do those ranked highest & ranked lowest share anything in common? Well, yes. The former are all capitalist & democratic. The latter are all #Muslim-majority <https://t.co/vDiiE3Ovpg>
- For those who vilify #RenaudCamus & reject his "great replacement" theory, note #Filipstad, Sweden (pop. 10K), which 640 native Swedes have departed & 963 foreign-born people moved into. As one official notes, "We are experiencing a population exchange." <https://t.co/Rvx4UzHclD>
- Great news for the Middle East Forum (@MEForum) & its supporters: Charity Navigator (@CharityNav), "your guide to intelligent giving," has given us its highest ranking "for demonstrating strong financial health & commitment to accountability & transparency." With thanks to all. <https://t.co/yp4UUXlhip>
- So, China unveiled terrifying weapons today, which the US can neither match nor defend itself against. Sounds like a #Sputnik moment to me. But with US debt service & social spending what they are, can we even afford to keep up with the latest weapons? <https://t.co/Ne8p9c6Xod> ...
- To commemorate my career studying the #MidEast, I published an article on Sep. 29 ("Fifty Years of Fascination: The Middle East and Me"). Now, here are 50 pictures to go along with that. <https://t.co/RT6FUWA5r> <https://t.co/hCISBcUsoG>
- @BenWeinthal: Uwe Becker (@itsuwe), "one of Germany's leading commissioners tasked with combating #antisemitism, has urged Chancellor #AngelaMerkel to withdraw from the Iran nuclear deal to protect Israel's security & instead impose sanctions on Tehran." <https://t.co/al37ImVoty>
- French Montana (@FrenChMonTanA), a Moroccan-American rapper, has 6 niqabis on the cover of his new album. #Islamists hate it & I also don't care for the mainstreaming of #niqabs. He says he's honoring Islam. What think you: Annoying or good clean fun? <https://t.co/csTCf3mqEm> <https://t.co/UaPMnvwDpx>
- @YavuzBaydar4: @RT_Erdogan's many mistakes mean the walls are closing on him, so he might do something rash. Me: Yes, he might act rashly, but it will be for aggressive reasons, not defensive ones. He does what he wants; I fear Turkey becoming Venezuela. <https://t.co/tjyjNtnfac>

- #PeterPry raises a horrifying scenario: - Obama gutted US intelligence capabilities - It could be wrong about Iran having no nukes - If so, Khamenei could be waiting for the chance for an #EMP strike - Retaliation for #Abqaiq could provide his rationale <https://t.co/5FKB65kRi4>
- Once again, civilizationists pay for the inexperience & foolishness of their leaders, this time in #Austria. In the vote today following @HCStracheFP's #IbizaAffair, the #FPÖ lost about 1/3 of the support it had 2 years ago. Time to get serious, time to save Western civilization. <https://t.co/Z96k4RtEJS>
- I published today "Fifty Years of Fascination: The MidEast & Me." It's based on a letter I wrote my parents on Sep. 30, 1969, announcing my taking up this new topic, stating: "I just hope I stay interested in this area, but I do not see any reason not to." <https://t.co/PZjf2m1Ui>
- #EdwardSaid's academic acolytes won't let go of his hodge-podge of pernicious ideas but, to the contrary, celebrate the anniversary of his death like a saint's day. For example, note this recrudescence by one @HaidarEid, "professor of Postcolonial & Postmodern Literature" in Gaza <https://t.co/Wez8EOvYok>
- Demographic facts just out from Israel: - Population tops 9mn - TFR = 3.09 - Average life expectancy: F 85, M 81 - 4/5s of households are traditional - 38K immigrants in prior year Me: I nominate Israel as the world's healthiest country, demographically. <https://t.co/P5BOKfuXeu>
- "Turkey plans \$27 billion housing project in northeast Syria" for 200K units. @RT_Erdogan presents this as a humanitarian investment for ex-refugees. But I smell imperialist ambitions in a land that a century ago was under the Turks' control. Who agrees? <https://t.co/dzXxsjRRLD>
- I contributed a chapter in a new book published by the brave souls at @inJafD, "Was Juden zur AfD treibt" (What drives German Jews to the @AfD). I analyse growing tensions between Europe's Jewish leaders & Israel over working with civilizationists or not. <https://t.co/XX3Cnc18oi>
- News: Tourist visas to Saudi Arabia available tomorrow! Also: - No more head-to-toe #abaya for foreign women, just "modest clothing" - Some hotels will not ask about the marital status of guests The decline in energy prices accounts for this. Plus #MbS. <https://t.co/mr4deUwrof>
- Sign near the US Capitol building: "AOC Staff Only." Is this about @AOC (Alexandria Ocasio-Cortez, the bartender-turned-stateswoman driving @TheDemocrats leftwards), and the unique privileges given to her employees? No: Happily, here AOC = Architect of the Capitol (@USCapitol). <https://t.co/BU288EyRL3>
- I was in the US House of Representatives yesterday & stumbled across this event: The 5th Dog Lovers' Day to prohibit the eating of dog & cat meat. #IAmNotFood. Responses: - In my innocence, I did not know Americans are eating dogs & cats - Really, prohibit this? By law? No way. <https://t.co/EMiGImUm8a>
- Extraordinary statement from Iran: "It was up for debate what sanctions will be lifted [in exchange for a Trump-Rouhani meeting] and they (the United States) had said clearly that we will lift all sanctions." Believable? Yes Operational? No. Won't happen <https://t.co/ye6UHMynb4>
- Astonishingly good @UN report on #antisemitism by former #Maldives FM @AhmedShaheed: "alarmed by the growing use of antisemitic tropes by white supremacists ... and members of radical #Islamist groups ... meant to incite & justify hostility, discrimination & violence against Jews." <https://t.co/2llt4Xz7gV>
- How fares @MatteoSalviniMI after his glorious Italian flare-out? "For now, it's still possible that [his opponents] will manage to deliver their plans & outflank Salvini. If they fail, he will likely return to power, stronger than ever." So, keep turned. <https://t.co/iX42W16qmH>
- @TheAtlantic: The "#nones" (or religiously unaffiliated) in the USA tripled in number over the past 30 years. @DKThomp muses on this gigantic shift & despite being a none himself, is none too happy about its implications. The same goes for me too. Scary <https://t.co/J9PtzmUQHl> <https://t.co/NPih7oADZu>
- @JudithBergman: Amid the bleak news from #Sweden - 120 bombings in 2019 thru July - there's a positive item: The #2 largest party, @Moderaterna, has finally figured out that there's an immigration, integration & security problem. Maybe changes lie ahead? <https://t.co/OJyVVbID4a>
- Good for #Trump at the @UN: "Fanatics have long used hatred of #Israel to distract from their own failures. Thankfully, there is a growing recognition in the wider MidEast that the countries of the region share an interest in battling extremism & unleashing economic opportunity." <https://t.co/vuv1GOOUXN>
- My 70th birthday is this month. Curious that all 4 major presidential candidates (Biden, Sanders, Trump, Warren) are older than me. Is this: - The Baby Boomers' last laugh? - The United States turning into Japan? - A replay of the great 1960s battles 50 years later? You tell me
- #Pakistan's PM @ImranKhanPTI admits his gov't trained #AlQaeda: "The Pakistani Army, ISI [military spy agency], trained Al-Qaida and all these troops to fight in #Afghanistan. ... there had to be links, because they trained them." Me: Pakistan is an enemy. <https://t.co/Nxjf2MN2hZ>
- Read @riskparty63's eye-opening analysis: When 130 major banks with a combined value of \$47 trillion signed the "Principles for Responsible Banking" at the UN climate-change summit, they committed to reduce investments in oil & gas. Expect "a major earthquake" in energy markets. <https://t.co/3vzI0CBIYo>
- I've been struggling - and mostly failing - to understand the Left through my adult life. Here's a new puzzle. How can the @Guardian readers find @GretaThuberg, the child climate-change alarmist, so fascinating that the #1, #4, #5 & #6 most popular stories now are all about her? <https://t.co/5hiTgoyW2a>
- How should the USG respond to #Iran's attack on #Saudi? #MichaelMandelbaum: "Do to Iran what Iran did ... by conducting a limited aerial attack on Iranian oil facilities. This would signal ... that the US will match Iranian attacks but not go beyond them." <https://t.co/JaiSjgPwnm>
- There's much talk in #Israel about invading #Gaza to stop Hamas' aggression. But the debate is about tactics. I suggest it should be, rather, about goals. And that goal should be - you guessed it - #IsraelVictory. Or, less politely, #Palestinian defeat. <https://t.co/T8ETHCtZe7>
- @Jeff_Jacoby: "For the first time since WWII ... the US government's debt (\$22.02 trillion) is bigger than America's entire economy (\$21.06 trillion). ... yet all the political class wants to talk about is how much more money the government can spend." <https://t.co/W54pu0gl1a> <https://t.co/Ql76KB7uzc>
- Abdul-Majeed Alani, 60, an Iraqi immigrant to the US & an @AmericanAir mechanic, sabotaged a plane. Why? He claimed to be upset over contract talks & wanted more income. Hmm, really? The true reason appears to be that he's an #Islamist engaged in #jihad. <https://t.co/qGoA1eWsiR> <https://t.co/dQsTYHR1QB>
- Good news, #antizionists! There's a Jewish (Haredi) group even more fringe, kooky & #Israel hating than @NetureiKarta: #LevTahor. In addition to allegations of kidnapping, sexual abuse, child abuse, etc., Lev Tahor is seeking asylum in - get this - #Iran. <https://t.co/qIUySBevcs> <https://t.co/D1ZV6ReAKD>
- A German-Jewish organization, Aktion Deutschland Hilft (@ADH102030) is playing an extremely dangerous game by subsidizing the "sea taxis" that promote mass illegal immigration to #Europe. My unsolicited advice: Get immediately out of this dirty business. <https://t.co/1EUJJobSbF>
- #HaiyunMa of @FrostburgState U on Beijing's attempt to repress #Islam in #Xinjiang & across China: "I really doubt they can eliminate religious faith. That is impossible." I strongly concur. Such efforts also failed in #Algeria, #Albania & #CentralAsia. <https://t.co/ObMoDe9vab>
- Today marks 500 years precisely since the first full day of the #Magellan-Elcano voyage, the first circumnavigation of the Earth. Yes, 14 out of every 15 sailors did not make it but it changed the course of history. It's a gripping story, do read about it. <https://t.co/Q92CJ8X3vH> <https://t.co/zNYsPxEpC>
- @SooMD: Nice to see this slogan in circulation. But I suggest to you my version, which is more ambitious: "Radical #Islam is the problem, reform Islam is the solution." (I

- see the solution not just in individual reform #Muslims but in the formation of a reform Islam movement.) <https://t.co/kXbyYjuGxu>
- You probably recall when @RT_Erdogan's henchmen beat up peaceful protesters on a DC street in May 2017. Now, court documents reveal many more problems behind the scenes, including the Turks punching & bloodying a local policeman. What delightful guests Erdoğan and his thugs are. <https://t.co/OLrQ6bI3kX>
 - I see 3 possible outcomes of #Israel's electoral impasse: 1. A party leader (Gantz, Liberman, Peretz) who swore not to join in a coalition with @Netanyahu relents & does so 2. The @Likud_Party deposes Netanyahu as its leader 3. Another election (groan) is held My prediction? #2
 - @Dr_Ariel_Cohen points out #China's immense investment in #Iran's economy (\$400bn in Iran = \$8tn in USA) & notes how much these funds will blunt the impact of US measures. But he also concludes that Beijing's gambit "may backfire" & lead to "a severe case of buyer's remorse." <https://t.co/5JKXjdC9Ab>
 - @IlanBerman convincingly explains why "A Formal US-Israeli Defense Pact Is Still A Bad Idea." - It ends #Israel's constructive ambiguity. - It could spur US #antizionism. - It formalizes & constrains a "special relationship" best left informal & fluid. <https://t.co/84x8Dz9R9m>
 - @EurobarometerEU found in 2018 that 40% of Europeans see immigration as the most important issue facing the EU, trailed by terrorism with 20%. #ClimateChange ranked a measly 5th with 16%. Me: So, why do #Europe's politicians obsess over climate change? <https://t.co/fKn9dktQti> <https://t.co/All5IEAZQO>
 - @AIMonitor is so biased that it won't let me subscribe under my own name & its Washington editor, @JPecquet_ALM, attacks me. But even it has to admit that "#Palestinians lose trust in PA ...due to young Palestinians' lack of trust in their government." <https://t.co/Bx6msWoQYj>
 - There are few things more naughtily fun in public life than watching the Left squirm as its adepts fail to keep up with the ever-changing & ever-more-demanding strictures of identity politics. Yes, @JustinTrudeau, I'm talking about you. And you too, @RalphNortham. Who's next? <https://t.co/3JfFupNmj>
 - #Israel's nasty & partisan ambassador to #Germany, the reprehensible @Jlssacharoff, outdid himself by officially sponsoring an attack on PM @Netanyahu: "a nightmare circus," "deception is by far his greatest talent." When will Jerusalem fire Issacharoff? <https://t.co/SsfBIM8Ki2>
 - Rare good news from the hard Left: While, as noted below, "The @WomensMarch has replaced the loathsome @LSarsour with the depraved @ZahraBilloo," it quickly dumped Billoo for her antisemitism. Brava! Now, will @CAIRnational also fire her? Fat chance. <https://t.co/gNu4QQXCjn> <https://t.co/1qYDK82ZiF>
 - Richard A. Schulman (@FoundersBroadSh) interestingly compares the inutility of #THAAD & Patriot anti-missile batteries protecting Saudi installations to the #MagenotLine protecting France. In both, the enemy (Iran, Germany) simply went around the defense. <https://t.co/DaZqUx4C3i>
 - @JacksonRichman of @JNS_org asked me about @RobertCOBrien as Trump's new NSA. My response: He "has reassuringly conventional conservative views ...But I worry when ... he writes that 'we implore their captors to release the hostages as an act of humanity.'" <https://t.co/Y3kSzGL15j> <https://t.co/rsEchdmmNk>
 - #Trump on the now-empty NSA position: "It's a great job. It's great because it's a lot of fun to work with Donald Trump. And it's very easy, actually, to work with me. You know why it's easy? Because I make all the decisions. They don't have to work." <https://t.co/X2Vr5kUMT6> <https://t.co/YAL3hnKqsZ>
 - Is @Pontifex Francis under worrisome stress? #KenBriggs argues yes at @NCRonline: - Francis "speaks as a leader whose movement is falling apart" - His "disquiet & urgency ... warrant close attention to the pope's well-being and the politics of the Vatican" <https://t.co/Q2rv929wPU>
 - It looks like @Netanyahu's squabbles with former staffers - and with @AvigdorLiberman in particular - have come back to haunt him. How easily he could continue to govern if only they had stuck with him. As is, Liberman appears to be in the catseat, deciding the next government. <https://t.co/8krQEaFVSh>
 - I am watching @Netflix' new movie, "The Spy," about Israel's espionage in Syria in 1962-65 featuring #EliCohen. Having visited #Israel in 1966 & #Syria in 1972, I am v impressed how this movie uncannily captures the sights & sounds of those two countries over a half-century ago. <https://t.co/AJOBIZPD9>
 - Does one laugh or cry? The @WomensMarch has replaced the loathsome @LSarsour with the depraved @ZahraBilloo. Me: - The Left's taste in Islamists keeps getting more extreme - Who's next? I nominate #AafiaSiddiqui. Wait, she won't be out of prison till 2096 <https://t.co/ESn38ddk82>
 - What does it say about the US of A that @BetoORourke, a serious candidate for president, routinely & publicly uses the most vulgar swear word in the English language? Does this make the country stronger or better? Solve our problems? Enhance his stature? <https://t.co/47A8bHkAD0>
 - #Iran's massive damage to the #Saudi oil processing plant at #Abqaiq appears to have a substantial silver lining: - It aborted #Trump's worrisome moves to appease the mullahs - It opens the possibility of a US strike on Iranian assets, maybe nuclear ones <https://t.co/MtlQslmTSO>
 - More on #HansWehr's #Nazi role: The #ThirdReich recruited him to translate #MeinKampf into Arabic, which he did, though the war ended before it could appear. His great dictionary resulted from these efforts on behalf of the barbarians. h/t @Jolidort. <https://t.co/2YtrAEA6KV> <https://t.co/pgtiYK1XtD>
 - @DustinCraun, one of the wise, eminent leaders at @CAIRnational tells the world that "#Muslims are Semitic people." I shred this statement to pieces & have some fun with it below, in the context of my 15-year-and-still-running blog, "A CAIR Miscellany." <https://t.co/YjuJMa9ANZ>
 - #TimTreadgold in @Forbes: The quick growth of natural gas supplies is rendering #OPEC irrelevant and may lead to its demise. Also, @McKinsey predicts: the US "is poised to"become the largest LNG exporter globally by 2022, overtaking #Australia & #Qatar". <https://t.co/2hslSBNlIF>
 - Want to understand the war against #Israel? Then read this outstanding investigative piece by @JaySolomon for the @WashInstitute on "The North Korean-Israeli Shadow War" That war's decades old, it's bitter, it's murderous & it's been hiding in plain sight. Regime change, anyone? <https://t.co/f95uVFJZNa>
 - This month marks 50 years since #MuammarQaddafi seized power in #Libya. Especially the first decade was one of frenetic rampage. But he achieved none of his goals & ended up lynched by his own subject population. His rule represents a study of bad ideas. <https://t.co/lzdm5BLF88> <https://t.co/3DTi0wa3BM>
 - Sorry to learn this, but @wolfggswanitz informs me that 2 of my Arabic teachers personally translated for #Hitler: - #AnneMarieSchimmel, whose course I took at #Harvard & whose apartment I housesat - #HansWehr, whose dictionary I used almost hourly with while studying in Cairo <https://t.co/a79Ce9xWwv>
 - Breathless headline news: #Israeli intel suspected of spying on the @WhiteHouse. Before anyone gets too excited about it, read my article on how - The USG spies on #Israel - Everyone spies on everyone So, everyone please take a deep breath & calm down. <https://t.co/q9SHvs7bX0>
 - @Islamist_Watch has initiated a campaign to "Tell the City of Champaign, Illinois, to Fire its Anti-Semitic Human Relations Commissioner." That would be one Ahmed Taha. For details on how to reach the mayor & the human relations commission, click below. <https://t.co/v55w8dHm35>
 - Is the @EU_Commission actually going to pay some attention to the #DIMI issues of demographics, immigration, multiculturalism and #Islamization? Maybe: @MargSchinas of Greece has been appointed its VP for "Protecting our European Way of Life." Promising. <https://t.co/ZcMAYOLfax> <https://t.co/9Q4Q8hmDmJ>
 - Oh no, the poor dears. "@CAIRnational Appalled by Appointment of #Trump's New Acting National Security Adviser," Charles M. Kupperman. And there CAIR was,

- rejoining mightily in the dismissal of @AmbJohnBolton. Guess that pleasure did not last too long. <https://t.co/rHGiet4z4p>
- Relying on @IlanBerman's work, I argue in a @WashTimesOpEd that Communist China is the great external threat to the #MidEast & I focus on 3 specifics: U.S.-#Israel relations, the #Uyghur Muslims of #Xinjiang, and the "China Model" of high-tech repression. <https://t.co/Zzbwe0rfxi>
 - Former Australian PM @HonTonyAbbott does not mince words about border security. And he speaks them in Hungary, the West's leader vis-à-vis immigration. We need more politicians like him & @ViktorOrban, who look to the future & anticipate problems. <https://t.co/Ra2fj8bJf>
 - is this not the stupidest reason in history to commit suicide? "Climate Change Economist [Martin Weitzman of @Harvard University] Commits Suicide Nearly a Year After Not Winning Nobel Prize." <https://t.co/BYA5m9kAX5>
 - #ChristopherDeMuth wrote convincingly about cosmopolitans & locals (what he calls Anywheres & Somewheres). But I note that author DeMuth, editor #CharlesKesler & reader @DanielPipes are all Somewheres with Anywhere bios. Each of us makes up his own mind. <https://t.co/z2A3ihEy3h>
 - Is @IlhanMN Omar's hijab merely a prop? I ask because: - she is notoriously impious (who marries her brother?) - she does or says nothing specifically #Islamist -> She appears to be a cookie-cutter leftist with an exotic ethnicity. Reactions welcome. @Imamofpeace @ShireenQudosi <https://t.co/jH8rOMgPM8>
 - I've long argued that Europe's #civilizationists (what the press calls the far-right) are amateurs who make major mistakes & need experience governing. In recent months, two deputy PMs - Austria's Strache & Italy's Salvini - confirmed this in spades by overnight losing all power. <https://t.co/vckGehfp5N>
 - @Reuters headline: "@RT_Erdogan says it's unacceptable that #Turkey can't have nuclear weapons." Me: Here we go again. Prepare for a near-repeat of the #Iran drama, as Ankara pretends to want only nuclear power but in fact starts building nuclear bombs. <https://t.co/Ji4FeBB2e5>
 - I'm particular pleased with the audio quality & the substance of this interview with #TomSwitzer of @CISOz on @ABCnews. We focused on two main issues, #China's #Uyghurs (& the #Muslim world's neglect of them) and #Europe's response to immigration, etc. <https://t.co/YP5cuRJbLt>
 - A traveler's questions: - Why do hotels use heavy bed covers in summer, forcing intense use of the a/c when one sleeps? - Why do airports put down carpet on their floors, obstructing wheeled baggage? - Why do Western airports seemingly prefer that #hijabis handle their security? <https://t.co/q7AJ1GidQM>
 - In the space of a single tweet, @YasMohammedx cuts to the core of the "#Islamophobia" nonsense: - When #Muslims follow medieval-style #Islamic laws, insist #Islam is totally irrelevant - When Muslims perceive any kind of slight, assume it's prejudice & rancor against Islam. <https://t.co/c6XRLLNGNS>
 - @NYTimes front-page: "The #Israel-#Iran Shadow War Escalates and Breaks Into the Open." Me: I can't see the mullahs directly taking on Israel & the US. Theirs will most likely remain a surreptitious conflict, with feints & explosives, not all-out war. <https://t.co/jiHRyeU3Gx>
 - @UNHumanRights received 2 competing letters about #Xinjiang: - 22 Western gov'ts criticized #China's brutality - 37 Non-Western gov'ts, many #Muslim-majority, praised its "vocation education & training centers" Me: It's so clear where morality resides. <https://t.co/Y8Rgns7Baz> <https://t.co/xRHZ7opXHV>
 - A sign of the #MidEast times? -#Iran's gov't orders judoka #SaeidMollaei to lose a match so as not to fight the Israeli #SagiMuki -Mollaei furious, tells all, flees Iran & congratulates Muki on becoming world champion -Muki calls Mollaei "an inspiration" <https://t.co/0U3WBgobg5>
 - #AngelaMerkel, global busybody. Her latest: Demanding that Italy's @Mov5Stelle & the Democratic Party (@pdnetwork) join forces to expel @MatteoSalviniMI from office. Me: She can't complain should #Trump call German parties to unite against her, can she? <https://t.co/d1ZxrhBH0>
 - One day, when U.S. #Islamists get serious & gain real power, Americans will look back wistfully to the clowns who now dominate the political scene, such figures as @LSarsour, @IlhanMN & @RashidaTlaib, whose grotesque actions (marrying her brother?) alienate far more than attract. <https://t.co/9CdFpO5AJ8>
 - I welcome Israel's PM @Netanyahu saying peace requires Palestinians to "decide to stop being an enemy." This is step 1 to #IsraelVictory. Step 2, PM: Please explain how they will give up their war goals only by experiencing the bitter crucible of defeat. <https://t.co/f1yMSBqFFq> <https://t.co/4SeE4O92SE>
 - Today, September 1, 2019, marks: - 80 years since #Hitler's attack on #Poland, the start of #WWII in Europe, and the moment both my parents' (separate) lives in #Warsaw were disrupted - 73 years since my parents were married in NYC - 70 years (minus 8 days) since I was born <https://t.co/hl8LcAv2uF>
 - Read this statement, "Korea Has Entered a State of Emergency," by 70 of #SouthKorea's former diplomats - and weep. In brief: Pres. SK's #MoonJaemin is breaking ties with #Japan & the U.S. in favor of #NorthKorea. It's a slow-motion disaster in the making. <https://t.co/AgXnN4TErO>
 - I agree & it's how I tweet: "All of us [should] continue to engage in political debates without resorting to invective when confronted by opposing views. Even the most strongly held political convictions are no excuse for refusing to learn to disagree without being disagreeable." <https://t.co/VPJZcpa3WN>
 - As part of the goal of #IsraelVictory, I've long advocated that the Government of #Israel respond to violent aggression by #Hamis by cutting supplies to #Gaza. I'm very pleased to see PM @Netanyahu has now done precisely that, halving the fuel deliveries. <https://t.co/bLr3NTCKwe>
 - Recently in #Indonesia, I had a chance to speak with the remarkable Yahya Cholil @Staquf, general-secretary of the huge (~40mn member) Islamic organization #Nahdlatul Ulama. For an idea of his thinking, see this interview, "Terrorism & #Islam Are Linked." <https://t.co/yAxrHRgPW1>
 - Have you heard about Sudan's brand-new PM, #AbdallaHamdok, as of Aug. 21? He has vast experience in "governance, institutional analysis, public sector reforms, regional integration & resource management." But can he now translate that into power politics? <https://t.co/bhI326tbTS>
 - I've been tracking since 2003 how #Islamists have derailed efforts to eradicate #polio by resorting to #conspiracytheories. It's been tragic & unnecessary. But now, good news: Polio is limited to #Afghanistan & #Pakistan. Could its end really be in sight? <https://t.co/KAfngGxhe7>
 - In a uniquely brilliant marketing move that cost it billions of dollars, @ProcterGamble insulted #Gillette's mostly male customers with an ad denouncing "toxic masculinity." I have a great idea: Follow that up now with @Tampax tampon ads that attack women for "catty femininity."
 - If I were #Trump and #Macron had invited #Iran's FM #Zarif to a meeting without giving me advance warning, I would have stalked out. <https://t.co/S7A0Fb1dIlg>
 - Since 1497 & 1580, respectively, #Spain has controlled 2 enclaves on #Morocco's coast, #Melilla & #Ceuta. In recent months, Rabat has impeded trade (both legal & not) with the 2 towns. @ICembrero suspects it wants to push Madrid to give up control over them. Me: Troubles ahead. <https://t.co/GJN5bKmt3m>
 - Care to see what #dhimmitude looks like? Check out the apology by the UK's Jewish Chronicle to @InterpalUK. Never mind that the USG in 2003 deemed it a "Specially Designated Global Terrorist Organization," @JewishChron clears it of support for terrorism. <https://t.co/helsW4fQDI>
 - @The_NewArab: "Palestinian politician's son arrested in #Egypt for anti-Israel #BDS activism." That would be #RamyShaath, 48, son of Nabil. Given the source, I'm not sure it's true. But maybe we can learn something important from #Sisi. (Just kidding.) <https://t.co/Fi4RT3BYmz>

- Is the obsession with #JeffEpstein just the annual August silly season or are Americans deeply clueless? #PeterPry notes how the explosion of #Putin's #Burevestnik, a "nuclear Frankenstein monster," was barely noticed. Read about it and get very scared. <https://t.co/VaZxYDFAvb>
- #Syria's Bashar Assad has finally met his match: "#Trump Threatens #Assad With Feminists." How about this? "Nationwide shortage of blue hair dye as feminists mobilize for upcoming Women's March." Read more at the @HeraldHubris, a start-up version of @TheOnion for conservatives. <https://t.co/BNmJOSJ9vP>
- Why do #Indonesians ignore the #Uyghurs' plight? @DekaAnwar provides no less than 7 reasons for this silence vis-à-vis #China's government, many of which have echoes in other Muslim-majority countries. Me: Hoping #Muslims will find their collective voice to combat this outrage. <https://t.co/zUrZ8PeAR6>
- @RT_Erdogan has dumped 3 elected mayors in the mainly Kurdish SE towns of Diyarbakir, Mardin & Van, for (preposterous) links to terrorism. Me: - If he can do it these cities, he can also do so in Istanbul, Ankara & Izmir - I predict he will do just that <https://t.co/lZUB4tHM2X>
- Had a great meeting with leading Islamic intellectuals at #HumanitasGlobal in #Jakarta today. We agreed on: - The danger of #MidEast influences - The evil of #Islamism - The need for #Indonesians to promote their consensus understanding of #IslamWasathiyah to the outside world <https://t.co/ZvPgadV5S>
- @NYTimes editorial writer @MaraGay: "nearly everything that has made America exceptional grew out of slavery." As historian, I am speechless at this ignorance As American, I am appalled at this ugly revisionism As media observer, I am not surprised by this vile anti-Americanism <https://t.co/eVDoGXIZYc>
- #AngelaMerkel moved #Germany's historic conservative party, the @CDU, far to the left (on immigration, environment, etc.). It now looks like those resisting this change, the @WerteUnion, will be thrown out of the party. Fine, such a split will be healthy. <https://t.co/99yEIQnIVV>
- I argue today at Washington @PostOpinions that "Trump Put Netanyahu in an Untenable Position" concerning @IlhanMN & @RashidaTlaib. In other words, I blame #Trump for this fiasco, for making #Netanyahu (& other allies too) choose between lousy alternatives. <https://t.co/iZfBfFdPoU>
- This story of rank hypocrisy is doubly rich because @TheDemocrats wanting to exclude @GeertWildersPVV of the #Netherlands in 2015 were the #USHouse' only two #Muslim members, @KeithEllison & @RepAndreCarson. Me: The wheel of history turns inexorably. <https://t.co/bOve1f9euc> <https://t.co/XtlupZjuHt>
- Why, contrary to #Trump's wishes, @IlhanMN & @RashidaTlaib should be let into #Israel: - They don't gain a new argument - They might even learn something - Israel looks friendly - Israel controls the narrative - Excluding political opinions will harm Zionists more than help them
- Flew over the #NorthPole for the first time and enjoyed the view. Quite the ice floes. <https://t.co/kOWFmepSpA>
- Remember @RT_Erdogan of #Turkey's threats just a week ago to invade NE #Syria & attack the #Kurds? As I then predicted, a tough US stance has prompted this bully to back down. For details on his capitulation, see @cengizcandar's analysis at @AIMonitor. <https://t.co/GH3ySHgEJB> <https://t.co/hZSYyVPcl>
- @KhaledAbuToameh: That the world is so focused on #Israel's misdeeds means that the far worse behavior of #Hammas goes virtually unnoticed. Put more directly: #Palestinians pay the price in repression & backwardness for the Left's #antiZionist obsession. <https://t.co/ANQdFUpCjM> <https://t.co/ZFgXtk4NH9>
- The Total Fertility Rate (#TFR) among #Israel's #Muslim women fell from 3.37 in 2017 to 3.20 in 2018. That's 1/6th of 1% in a single year. Extrapolated out, it's a huge 1% drop in 6 years. Either now or soon, Israel's #Jewish women will have a higher TFR. <https://t.co/EIFHDQg2E8>
- In 2008, I exposed the conspiratorial, antisemitic book covers for sale in #Cairo. Now, I've updated that with the similarly outrageous covers at #RiyadhBookFair. Me: It would be really nice if #Mbs' moderate views trickled down to his editors & hacks. <https://t.co/lfOPQ9LQvp>
- One of my favorite possessions: A 500bn dinar note from #Yugoslavia (=#Serbia) in 1993, showing Serbian poet, satirist and physician Jovan Jovanovic #Zmaj. How much was it worth? With inflation rampant, it depended on the time of day. Lesson: Don't follow dictators into wars. <https://t.co/HigmvtmSQz>
- That's curious: The South Texas Merchants Association (#STMA) operates more than 375 convenience stores & appears open to everyone of this description. But no: "To be eligible to join the STMA, you have to be a member of the Shia Imami Ismaili Community" <https://t.co/CY377YO7x0> <https://t.co/J8GnBwPJPK>
- Exactly 1/6 of the US #HouseOfRepresentatives or 72 members (41 Democrats & 31 Republicans) are now visiting #Israel. Me: - This might be the largest-ever #CODEL ever, anywhere. Anyone know for sure? - Israel can probably thank @IlhanMN & @RashidaTlaib for this massive turnout. <https://t.co/Q95mTpKoQI>
- ICYMI: Enjoy @RoryDavidMiller's review of #JBK Kelly's posthumous book, "The Oil Cringe of the West" & Miller's description of how Kelly eviscerated incompetent academics. Me: Imagine what Kelly, who lived 1925-2009, would say about today's largely degraded #MidEast professoriate. <https://t.co/zhxGsoTWyQ>
- 37 years after Palestinians massacred Jews at a kosher restaurant in Paris, the head of the DST intel service admits he made a deal with the attackers: "Don't attack in #France & we'll leave you alone here." Me: Worse, the British & Italians did likewise. <https://t.co/Uxl1zpw0a> <https://t.co/hLbr4mkfe6>
- My public vs private poll just ended: - 81% agree with me that public statements by #Arab leaders are more indicative than their private conversations. - 19% agree with Eric R. Mandel (@MepinOrg) that whispers predict better than shouts. Conclusion: My readers are deep & savvy. <https://t.co/e09bueOwlw>
- I watched @Netflix' film, "Red Sea Diving Resort." It is: - A wildly implausible but true story of #Mossad setting up a hotel in #Sudan to smuggle #Ethiopian #Jews to #Israel - The most #Zionist movie made in years - Unjustly panned for racial reasons <https://t.co/xxR9tqjbnF>
- It's one thing for a non-Muslim politician to host an #iftar banquet, another to join (ineptly) in prayer - as #Pennsylvania @GovernorTomWolf just did. Question for #Islamic authorities: Does this make Wolf a #Muslim, as though he recited the #shahada? <https://t.co/oEdnZDZZzL> <https://t.co/H8KfCIN0E4>
- @BillMaher: "All Democrats have to do to win in 2020 is to come off less crazy than Trump. And...they're blowing it, coming across as unserious people who are going to take away all your money so migrants from Honduras can go to college for free & get a major in 'America sucks'."
- I've been following the ugly career of @HaneenZoabi for over a decade now, since she was first elected to #Israel's parliament, the #Knesset. She's gone from there since April but her troubles are just starting - she's the subject of a criminal indictment. <https://t.co/20kITFAXZS>
- @judithbergman at @GatestoneInst: In France, "'hate speech' -- as speech that fails to comply with current political orthodoxy is conveniently labelled -- appears to have become comparable to terrorism & violent crime." But Awlaki's videos are available. <https://t.co/8WYyMRqoVb>
- "The disintegration of the People's Republic of #China is now under way" as a result of the disturbances in #HongKong. - Arthur Waldron, professor of history, Univ. of @Penn (also: my college roommate) Pin this to your refrigerator. Watch it happen. <https://t.co/l9L1XuFLPp>
- #IsraelVictory supporters had an original idea today in #TelAviv: rename some streets: they "were renamed after late #YasirArafat & Hamas leader #IsmailHaniyeh, and hastily erected signs designated thoroughfares as 'Sderot Runs to Bomb Shelters Street!'" <https://t.co/NXPY5yBtpE>
- Want to understand @UKLabour Party's antisemitism crisis? #ManfredGerstenfeld summarizes it & predicts: - The party welcomes everyone* irrespective of race, creed, gender identity, or sexual orientation (*except, it seems, Jews) - It's not going away soon <https://t.co/U4V4QhNkqT>

- In 1986, I published a long article titled "Fundamentalist Muslims Between America and #Russia," explaining why #Iranians, despite centuries of wars with Moscow, preferred it to Washington. I should now reuse the same title, this time explaining #Turkey. <https://t.co/pTl6hoYkKN>
- This spoof by Rob Long is my favorite item about the 2020 US presidential race. In brief: Marianne Williamson & Donald Trump face off in their 3rd debate. She full blast turns on the love-yourself talk. He resists ... until he unwillingly succumbs to it. <https://t.co/neQ8BXiVSu>
- Arab leaders say one thing in public about Israel & another in private. Which to believe? Aug. 4, 1993, Me: Public statements guide policy Aug. 5, 2019, Eric R. Mandel (@MepinOrg): Pay attention to quiet conversations You decide. Vote in the poll below. <https://t.co/5f1KjbSjpd>
- Benny Gantz (@gantze): "We will aim for the toppling of # Hamas." Me: -Happy to see the tough attitude -Not happy to see the focus on tactics ("We will hit headquarters, warehouses, operatives") rather than on goals (#IsraelVictory & Palestinian defeat) <https://t.co/k1FUdDwmS2>
- ICYMI: @MichaelBarone uses a 1992 speech by @PatrickBuchanan to assess who is winning & losing the culture wars. - Left won: gay marriage, women in combat - Right: charter schools, crime, welfare, guns - Draw: abortion Overall? MB says Right did better. <https://t.co/YZosMZ4kA3>
- Finally, the US government warns @RT_Erdogan not to invade NE #Syria, saying: - "any unilateral action by [Ankara] would be unacceptable" - Washington will "prevent unilateral incursions" Me: Being a bully, Erdoğan do as bullies do & will back down. <https://t.co/objea8i0P1>
- Schadenfreude! @Gillette posted an "\$8bn non-cash writedown" after airing its obnoxious & idiotic "toxic masculinity" ad. I'm part of that writedown; I've just discovered the delights of @BarbasolShave (on its 100th anniversary), @Harrys & @SchickHydro. <https://t.co/GClmXsw8jV>
- Syria's civil wars have degenerated into skirmishes. But wake up: Real drama may begin with #Turkey's invasion into NE #Syria, bringing it into conflict with not just US-allied Kurds (the #SDF) but even with US troops. @NATO allies at war? Putin's dream. <https://t.co/BfcF2UFDjq>
- AJ Caschetta for @CampusWatchMEF: Shame on those academic fools "who never miss a meal, whose electricity never goes out & whose bank accounts are in the black" but who influence #Palestinians to sacrifice all for an impossible goal - eliminating #Israel. <https://t.co/s0sEEVihSk>
- Outstanding analysis of #IsraelVictory by @BESA_Center's Max Singer. His 2 key points: - Victory not always the right goal but necessary here because #Palestinians want to eliminate #Israel - Main US contribution is not guns but 'assertive truth-telling' <https://t.co/mpYgV6OMBq>
- I discuss @YHazon's breathtakingly counterintuitive book, "The Virtue of Nationalism" in the @WashTimes today. Short version: #Nationalism means "nations ... able to chart their own independent course" & #imperialism always implies "a despotic state". <https://t.co/oWy7fZdTP3>
- @PAEltsov: Why we can wait out #Putin for #Russia to collapse: - Separatism is strong - No unifying ideology constrains it - The country is an intellectual & economic basket case So, "be ready for the disintegration of Russia." Ie, reevaluate sanctions. <https://t.co/zm6IEKX78c>
- Welcome to the new #London, in fact, the fanciest part of it. Yes, you read the sign correctly: "This area is being monitored for street fouling. Anyone urinating or defecating may be subject to arrest." Me: Why the "may"? Because some cultures endorse such behavior? Absurd. <https://t.co/57g0gniivb>
- Are you aware of the impending disaster in #SouthKorea? @GordonGChang explains: Pres. Moon Jae-in is ready to unify it, on Kim Jong-un's terms, with #NorthKorea; he actually "wants to end the existence of the state he was elected to protect, the state he took an oath to defend." <https://t.co/zVlaDbLc29>
- If you are ready to get depressed, read "#France Slowly Sinking into Chaos" by #GuyMillière at @GatestoneInst. As the majority's right to assemble & free speech disappear, leftist & Arab hoodlums rampage with impunity. #Macron obsesses over climate change. <https://t.co/NaZ7CnBWD9>
- Back in 2001, I wrote a big study on #Islamists' bold statements to take over the USA. Then, after 9/11 they went nearly silent. Now, 18 years later, they are emerging from under their rocks to announce grand ambitions. @Islamist_Watch has the details. <https://t.co/SVvL0sCrXN>
- Most commentators are silent about @TulsiGabbard apologizing for #Syria's murderous #BasharAssad. @JoshRogin in the @washingtonpost correctly denounces her as "deeply incorrect, immoral & un-American." He concludes she is unworthy to become US president. <https://t.co/FWJHggjAF>
- @Semihldiz: Syrian migrants in #Turkey are wearing out their welcome in that country, similar to what's happened in western Europe, with cheap labor & criminality the two main irritations. This resentment is yet another political problem for @RT_Erdogan. <https://t.co/siJw4v5dj>
- Guardianship (#mahram) regulations stifle women's lives in #SaudiArabia, making them wards of male relatives. In a major step, a number of these rules have been tossed out, though plenty more remain (such as permission to marry). I provide context below. <https://t.co/lqU4ovm72m>
- Time to recognize that The Forward (@jdforward) is a fringe left-wing & anti-Zionist publication. Proof? Take a look below at 3 articles collected by #KarenBekker of @CAMERAorg, one more appalling than the other. My advice: Don't buy it, don't read it. <https://t.co/8shg7p4Pxn> <https://t.co/68ynRvM7Bp>
- In Memoriam: I sadly report that Alex Alexiev (@alexieff) died on July 28. He: - Was a colleague of my father, #RichardPipes, on the @CIA's 1976 #TeamB - Was my colleague in the #Reagan administration - Warmly hosted me in Sofia, #Bulgaria, in June 2017 <https://t.co/flbsBObMCE>
- For anyone who still believes that #Israel studies offers a solution to the disaster that is #MidEast studies, the antics at the journal called "Israel Studies" should end that dream. Its editors apologized for an issue with a purportedly pro-Israel bias. <https://t.co/p4gLuHRk0n>
- Here's an amusing take-off on the #MAGA cap - it's a #Byzantine-style MICA cap, or "Make Istanbul Constantinople Again." (#Istanbul is the Turkish name for the city on the #Bosporus. #Constantinople its Greek name.) Fact: Istanbul's population is 50% larger than all of Greece's <https://t.co/bPaFIG1caG>
- @SoerenKern caught something important the Western media missed: @RT_Erdogan of #Turkey is threatening again to flood #Europe with Syrian & other peoples he does not want - unless he gets visa-free travel for Turks to Europe. Expect much unpleasantness. <https://t.co/frinFKkK11>
- @ChelliePingree is a run-of-the-mill left-wing Democrat uninterested in foreign affairs who turned against #Israel over the past decade. @KCJohnson9 makes a compelling case for the "tribal" nature of this shift along with her fellow progressives, and why this it is so important. <https://t.co/FzXIGEFwvS>
- #India's government will shortly ban the "#talaq" (or instant) form of #Islamic divorce. Me: It's great day for families in India, a terrible one for #Sharia. (Correcting #Reuters: It's not triple talaq. Triple only means woman must marry another man.) <https://t.co/0AbBw63PDs>
- It's moving & tragic to read the newly-released June 1940 letter, written weeks before he died, from Ze'ev Jabotinsky to the French ambassador, in which ZJ asked for help to organize a Jewish Legion to fight the Axis. (He had already organized one in WWI.) <https://t.co/r1ZyQU9rTI> <https://t.co/CSFTRUMOWU>
- It's not just #Xinjiang: The #ChiComms are also requiring shops in Beijing to remove or cover their Arabic "#Halal" signs. Me: - This repression of #Islam in #China is not just despotic & inhumane but it's also doomed - Islam needs reform, not repression <https://t.co/diPPTOe2hZ>
- @BarneaN: Trump will host Arab leaders & outline his plan: "Yes to a #Palestinian entity, but not necessarily a Palestinian state. Yes to Palestinian presence in

- Jerusalem, but not necessarily as a capital." Me: I predict he will offer a state & capital. <https://t.co/Nz7BRJwFwC>
- Welcome to 21st-century jihad: #FarhadSalah, a 2014 Iraqi Kurdish immigrant to Sheffield, UK, put a bomb on a driverless car to blow up infidels. Happily, he failed & is going to jail. Unhappily, for just 15 years. Will infidels be so lucky the next time? <https://t.co/AdGvG1AtWM>
 - .@MartinMawyer & @RyanMauro on the "#Muslim Community Patrol" cars that resemble police cars & surreptitiously appeared on #NYC streets in Nov '18: "Enforcement of #Sharia law is the stated goal" of the organization sponsoring these cars. Sharia police? <https://t.co/FAoiy0uy1W> <https://t.co/lbHGWBbBl2>
 - See @JeffGedmin's fine overview of #Germany's #civilizationist party, the @AfD. Among other points, he notes that "The party is frequently labeled 'far-right.' This characterization can be misleading, however." Surprisingly, @BrookingsInst published him. <https://t.co/zlgeYDuuXr>
 - Islamism & the UK in brief: While tutoring a 11-year-old girl in the UK, #Koran teacher #SulemanMaknojoia "reached underneath her headscarf to touch her chest." The wise British judge decided SM did not pose a risk & let him off with 2 years' supervision. <https://t.co/nUr7zvmzms>
 - Not all #ISIS fighters are the same. Here's one, Sayyaf Sharif Daoud, an Israeli Arab, who fought the "barbarous" #Assad regime in #Syria. In contrast, he finds #Israel to be just & hopes to return to live quietly in it, side by side with Jews. <https://t.co/i4MiWcyeGH>
 - Full economic ties between #Israel & @GCC states would, estimates #YitzhakGal of @TelAvivUni, within 10 years: - Make that market 2nd most important after Europe - Add ~\$45 billion per year to Israeli exports - Increase Israel's per capita GDP to >\$50,000 <https://t.co/GJyp48uir3>
 - As a long-time opponent of US taxpayer aid to #Israel (or any country, for that matter), I now have a new reason to wish it closed down: "@SenSanders endorses using Israeli military aid as political leverage." @PeteButtigieg came close to saying the same. <https://t.co/0gEc9nofgm> <https://t.co/zkYwG2kfYK>
 - Michael Rubin (@mrubin1971) has a great idea: Westerners should punish #Turkey's @RT_Erdogan for his intended theft of gas & oil from #Cyprus by cutting @TurkishAirlines off from their cities. That sure will get his attention & maybe even slow him down. <https://t.co/Jy669LaaS1>
 - .@jonathans_tobin: Maestro #ZubinMehta, the @Israel_Phil Orchestra's music director for life, "has often been quoted as stating that Israelis are like Indians - opinionated and often speaking all at the same time, which he says made him feel at home." <https://t.co/Set0ubHE32>
 - - A pro-Israel #Saudi blogger visits #Jerusalem, goes to pray at #Aqsa mosque - #Palestinians erupt in fury, spit & throw a chair at him - Saudi social media furious back at Palestinians; one calls for their deportation to Jordan - Arab patience is ending <https://t.co/boUve4YkWs>
 - .@AFP: The @UNRWA management, including its chief, @PKraehenbuehl, are accused in a @UN report of "sexual misconduct, nepotism, retaliation, discrimination & other abuses of authority." Me: I can't imagine these nice, kind people doing such horrid things <https://t.co/9TSu6SGbUX>
 - .@MattFriedman: "The original [European] tenets of #Zionist faith ... are dead. ... In the ensuing ideological vacuum, #Israel's Middle Eastern soul has come out of the basement." Me: Bravo for this explanation of how profoundly the #JewishState has evolved into a #MidEast state. <https://t.co/905iiWxc33>
 - Ahmed Shukeiri, the first PLO chief, was known for the vile slogan, "Throw the #Jews into the sea." Boaz Haetzni (@boaz3333) has a more plausible alternative version: "Men to the sea, women to us." Murder & slavery: Sounds like the PLO we know too well. <https://t.co/oEkYjWQKy> <https://t.co/vCFJBWIZre>
 - A @NYTimes hit-piece on @BorisJohnson details how he's a member of the upper-class "club" that runs the UK. More interesting is to read it as an explanation of upper-class disdain & fury at working-class #TommyRobinson, who dares to challenge the system. <https://t.co/LzjPjB21nQ> <https://t.co/nV9yhdsG5X>
 - #Turkey is already illegally exploring for hydrocarbons in the Cypriot EEZ. Now it has signaled an intent to explore in the Greek EEZ, around the remote Greek island of #Kastelorizo. With this, a scary new potential Mediterranean flashpoint has emerged. <https://t.co/KV6RCGXim4>
 - I had a very new experience recently in #Rome, near Basilica Papale di Santa Maria Maggiore at dusk. It felt like Team Migrant vs Team Tourist. For the first time ever in my travels, the intimidating presence of the migrants prompted me to want more tourists around. #TheNewEurope <https://t.co/dmY4dJpM3m>
 - #Russia can sell arms to #Turkey but not do much more for it; #China is the real attraction because of its economic prowess. It can save @RT_Erdogan from his economic follies & provide Turks a vast market. If that means selling out the #Uyghurs, so be it. <https://t.co/SAL6Nzlyc1>
 - ICYMI: Pres. Beji Caid Essebsi of Tunisia just died, at 93. Of particular interest to me, author of "Slave Soldiers & Islam" was his being the great-grandson of Ismail Caïd Essebsi, a Sardinian kidnapped by Barbary corsairs who converted to Islam & became a slave soldier officer. <https://t.co/99btik8KmF>
 - ICYMI: Noting the many Israelis of Iraqi origin, Baghdad's amb. to DC (@IraqiEmbassyUSA), Farid Yasseen, is calling for diplomatic relations with #Israel. The ranks of brave Iraqis increases; he joins Mithal al-Alusi, @realSarahIdan, @HoshiyarZebari, et al. <https://t.co/VH1jDXeCaX>
 - My favorite quote about @BorisJohnson, on his election as mayor of #London, by his father: "He knows his Greek, he knows his Latin and if you can do Greek & Latin ... you can do virtually anything, certainly running a city like London." And he did do so. <https://t.co/qfZkHhW0Bn> <https://t.co/JYa7JC1qQi>
 - How amusing. A @RT_Erdogan subsidiary in the US, @ourTASC, announced 6 Islamists will speak along with E himself. But then, 2 of them (@DMogahed, @OmarSuleiman504) announced they had rejected the invitation. So, why were they listed? #IslamistsInDisarray <https://t.co/o9Nulaeft> <https://t.co/8YkhvjkvK1>
 - In support of the idea of #IsraelVictory, I often cite the inconclusiveness of WWI vs the "total victory" of WWII. In this context @VDHanson details how the #TreatyOfVersailles 100 years ago was not too harsh, as usually recalled, but actually too soft. <https://t.co/OLnfYpmUVp>
 - News item: US "offers #Turkey free trade agreement in return for deactivating S-400." Me: Pathetic. <https://t.co/y15ebXozm4>
 - Big @BBC News Arabic Survey: 52% of those aged 18-29 are considering emigration & 70% of #Moroccans. Main reasons: Lack of trust in #Islamist governments & a spike in non-religious identity. Me: It's just 14 km to ##Spain across the #StraitofGibraltar. <https://t.co/XwTJo2sclH> <https://t.co/Gt9TMplGhJ>
 - .@SoerenKern at @GatestoneInst shows how the new EU chief, Ursula @vonderLeyen wants a "massive expansion of top-down powers" & has a radical left-wing agenda. Me: - It's a potential nightmare. - She's yet worse than the unlamented Jean-Claude @JunckerEU. <https://t.co/Rz5oXheRvr>
 - @RT_Erdogan continues to blunder, now threatening US access to @IncirlikAB & #Kürecik radio station. We who worry about #Turkey going rogue want the US to transfer out of the Turkish installations to more reliable countries, such as #Romania or #Jordan. <https://t.co/Flec6Fav9V>
 - The @MEForum commissioned a poll of Jewish #Israeli opinion on war & peace with the #Palestinians. The key finding: 84% favoring victory but much uncertainty how to achieve it. The most striking figure: 79% find the security establishment "too timid." <https://t.co/FQmAkjCnC1> <https://t.co/IxU1crKzY>
 - A day after @MEForum's three billboards (of #IsmailHaniya in a swimming suit) appeared in #TelAviv urging an #IsraelVictory, PM @Netanyahu announced plans to get unprecedentedly tough with #Hamas & #IslamicJihad. Is it a coincidence? Maybe yes, maybe no. <https://t.co/mZyeN49dTG> <https://t.co/CPMHIEZkxL>

- Rumors of @RT_Erdogan's death from a heart attack aside, his office congratulated @BorisJohnson on becoming UK PM. This is noteworthy because Johnson in 2016 won "The Spectator's President Erdogan Offensive Poetry competition." (Which I also competed in.) <https://t.co/9V0KfCyyju>
- Headline: "Palestinian Authority looks to cryptocurrency to scrap [the Israeli] shekel." Me: - Hilarious prospect: A fake currency for a fake country - Anyone ready to wager with me that there will be a PA cryptocurrency in 5 years? I'll give great odds <https://t.co/TzilSAnscr>
- @MEForum will co-sponsor an event in DC 9-12 on July 25 to commemorate the 25th anniversary of the #AMIAbombing in #BuenosAires featuring Sen. @TedCruz; please join us at the Russell SOB. The Center for a Secure Free Society (@SecureFreeSoc) is running the show, so RSVP to it. <https://t.co/eS5RuoGslB>
- @RyszardLegutko recounts his experience of a talk being canceled at a US campus & concludes: "In #Orwell's world, war was peace, freedom slavery & ignorance strength. At @Middlebury [College], diversity is monopoly, equity bias & inclusion censorship." <https://t.co/6OFVdaWWBd> <https://t.co/13iXyJpzFz>
- Hey, residents of #TacomaPark, Md. Did you know that your town tomorrow will sponsor an anti-Zionist screed, "Occupation of the American Mind: #Israel's Public Relations War in the US," narrated by the evil @RogerWaters? Well then, do something about it. <https://t.co/926JED3nr2> <https://t.co/xweNGuCNSz>
- Further on the @NEAToday meeting: Delegates passed resolutions favoring abortion rights & #BlackLivesMatter but rejected one calling for "the pursuit of increased student learning." That establishes how little students count to NEA activists. @natmalkus <https://t.co/Bz0Gjw5G57> <https://t.co/Eg9S5ygvkL>
- In time for election season, @MEForum billboards are up in #TelAviv, making the case for #IsraelVictory by showing a cheerful #Hamas chief on the beach & thanking #Israel for suitcases of money. Tagline: "Enough being scared. Demand victory for Israel." <https://t.co/O89hcEwOg4>
- Has the National Education Association (@NEAToday) lost its collective mind? A recent resolution called to expose #Israel's "apartheid, atrocities & gross violations of human rights of Palestinian children & families." It failed only b/c it cost too much. <https://t.co/kvcpk9Avye> <https://t.co/czRvddJqSK>
- I am no fan of either "The American Conservative" (@amconmag) or of William S. Lind, but his May 2018 article, "The Scourge of Cultural #Marxism," perfectly distills & explains a topic that too few comprehend: why the Left since WWI focuses ever more on culture than on economics. <https://t.co/K5alybpQEW>
- @DrREPstein, a pro-Hillary Democrat, in testimony to the US @SenJudiciary Subcommittee on the Constitution: "democracy as originally conceived cannot survive Big Tech as currently empowered" because it - and @Google especially - can manipulate voters. <https://t.co/R4ccIEhHAX> <https://t.co/vmWXB5uZU>
- When @RimaFakih won the Miss USA beauty pageant in 2010, I suspected affirmative action explained her crown. Now, confirming that suspicion, management retracted @PoliticalKathy Zhu's Miss Michigan title for explicitly political reasons. The #LiberalBlob <https://t.co/KaQqw48sQG> <https://t.co/7n8QgxMqx8>
- Why does nearly everyone (eg, the @NYTimes article below) state that #talaq (Islamic divorce) must be said thrice to take effect? Wrong: Once suffices. Thrice only means she must consummate marriage with another man before returning to her first husband. <https://t.co/U3wpziy3xN>
- The @FBI etc issued a booklet, "Homegrown Violent Extremist Mobilization Indicators," that lists 46 "observable behavioral signs that someone might be planning to commit an act of extremist violence." 6 refer to #Islamism. Me: Not great but not terrible. <https://t.co/vePO8oMvDD> <https://t.co/urCDE0xLGM>
- 1: #Muslim Kobili Traore shouted "#AllahuAkbar" while killing Jewish Sarah Halimi in Paris in Apr '17 2: Judge deems him not criminally responsible for his actions because he had smoked marijuana 3: Top French Jewish org'n: That decision is "unsurprising but hardly justifiable" <https://t.co/o0LkixWLD>
- Did you know? There's a near-civil war since Sep '17 in #Cameroon, dubbed the "#AnglophoneCrisis," pitting French- vs English-speakers, heirs of their colonial masters. What a bizarre problem. By now, 1.5K dead, 1/2mn displaced, 1.3mn needing assistance, and the crisis is growing. <https://t.co/w9LDwGACpM>
- Hajj Amin al-Husseini (1895-1974) fomented Palestinian total rejection of Zionism & helped Hitler devise the Final Solution - not someone who should be praised by the PA, #Israel's "partner for peace." Sadly, though, an Abbas' advisor has done just that. <https://t.co/gKTPmNvNC> <https://t.co/BcZtrkoZW3>
- ICYMI: 70 years ago, the #Jews in #Egypt numbered ~100K. With the death of Marcelle Haroun, 93, on July 4, it consists of just her daughter & 4 granddaughters. Me: - The sad disappearance of this supremely historic community is within sight - This is a bitter fruit of modernity
- The EU is really, really upset about #Turkey trampling on #Cyprus' sovereign rights by sending exploration ships to its waters to search for gas & oil. What does it do? It cut €145.8mn from Turkey's €4bn aid for 2020. That will sure show @RT_Erdogan! <https://t.co/Dj8MFqwiRI>
- Two notable anniversaries today: - 50 years since two Americans landed on the moon - 45 years since the Turkish invasion of Cyprus Plus, today marks Benjamin @Netanyahu's becoming #Israel's longest-serving prime minister, surpassing the longevity of David Ben-Gurion.
- Americans are focused on how #Turkey's S-400 system can compromise the F-35 jets. But shouldn't Russians worry about putting their system where @NATO personnel abound? Why is #Putin taking this risk? Because he needs the cash? Because he has secret plans? <https://t.co/eUnv9OhPzW>
- #NicholasEberstadt in @ForeignAffairs: Yes, the US has made mistakes & has weaknesses, but the birth rates in #China & #Russia suggest that predictions the US "will lose its position of primacy anytime soon are misplaced." Demographics is nearly destiny. <https://t.co/buUfb8Kxg3> <https://t.co/MkqgbUYBXP>
- @jonathan_spyer on who controls what in #Syria: 60% #Assad, #Iran & Russia, 11mn pop. 30% Kurdish-dominated, US-backed Syrian Democratic Forces, 2mn, east 10% Turkish & Qatar-backed Sunni Islamists, 3mn, NW In short, it's v far from the status quo ante. <https://t.co/L8iXF92UAM>
- #DanushaGoska powerfully compares her being suspended from @Facebook (for daring to mention #TommyRobinson positively) with the censorship she witnessed in communist Poland. And the #liberalblob (or #liblob) succeeds in closing the walls on conservatives. <https://t.co/lQwA6dUinX>
- @PravinJethwa at @BESA_Center: Expect a war between #Russia & #China in the 2020s. It's partially due to their many differences but it's mostly the almost empty Russian Far East (pop: 8mn) that the Chinese (130mn in bordering provinces) want to exploit. <https://t.co/3BuJfEbMO>
- #LiberalBlob: That's my term (or #liblob) to sum up how nearly all leading institutions - educational, religious, media, artistic, business - have quietly emerged as intolerantly anti-conservative. Conservatives focused too much on politics. Time to wake up to the rest of life. <https://t.co/DwMmlUf7nd>
- Best buddies: Since June '16, @RT_Erdogan & #VladimirPutin have met at least 23 times & held 52 telephone talks. That's once every two weeks. So many topics to discuss, such as ways to repress dissidents & aggress against neighbors. I suggest once weekly. <https://t.co/yw6g3tKhRq>
- Just before his return to jail on 7/11, #TommyRobinson gave @MEForum a 1/2-hour interview on "Our Free Speech and Our Rights Are Disappearing in the UK." Note in particular what he says about the UK's "massive child rape epidemic." Listen by clicking below. <https://t.co/JZO7wK3tyj>
- @TravelLeisure:"There are cities for every century. London for the 19th. New York for the 20th." It nominates #Istanbul "as the city for our current times." Me: - How much did @RT_Erdogan's regime pay for this puffery? - Ironic that it appears just as E lost control of Istanbul <https://t.co/pVTPlrqmc6>
- #Trump has raised the topic of @IlhanMN marrying her brother for immigration fraud purposes & the media jumped all over him. This reminds me of my proving that

- @BarackObama was born & raised a #Muslim, only to meet derision & insults - but no refutation. <https://t.co/IQOT90gN4J> <https://t.co/dfkGas2o08>
- Dismaying to see that only 80% of Americans answer "yes" to: "Do you believe ... that in the #Holocaust the #Nazi regime targeted & exterminated 6 million European #Jews?" Worse, the young disbelieve this more than the old. Is reality too awful to accept? <https://t.co/t82itfjZyR> <https://t.co/N6ZGAQkwLK>
 - @CampusWatchMEF has released a report on the huge (over 150) MidEast faculty at the University of Texas (@UTAustin). It's not at all pretty: we found the usual "radicalism & intellectual conformity," not to speak of anti-Americanism & ideological purity. <https://t.co/n6QF4ZHJ2L>
 - Well, it's happened: I actually endorse a campaign initiated by the #Islamists at @CAIRnational. Noting that @CocaCola benefits from the slave labor of #Xinjiang's #Uyghur #Muslims, CAIR rightly calls on Coke "to suspend its business operations in China." <https://t.co/iRXu6kTKGQ>
 - Finally, the US gov't says that #Turkey's "continued involvement with the F-35 [is] impossible." No more building or buying the planes. Hey, @RT_Erdogan, hope you enjoy #Russia's bear hug, 'cause you're effectively out of @NATO & on your sad, lonely own. <https://t.co/rjCkpnroGI> <https://t.co/9eOSL7eLPc>
 - 37 governments, including those of many #Muslim-majority countries, have ignored the repression of #Xinjiang's #Uyghurs & praised #China for its "remarkable achievements in the field of human rights." Imagine if #Israel's population were 150 times larger. <https://t.co/yFk9NlGmvS> <https://t.co/GluCdCwTji>
 - Two models for @RT_Erdogan of #Turkey: 1. #RodrigoDuterte of the #Philippines, who is expected to leave office when his term ends 2. @NicolasMaduro of #Venezuela, who absolutely refuses to leave power, no matter the price Almost everyone says Erdoğan fits #1. I predict he's #2. <https://t.co/fzGy14cQ7v>
 - Here's an ode to #TommyRobinson from a talented wordsmith who (sadly) feels compelled to remain anonymous because of the possible blowback. <https://t.co/Yf65CmaNml>
 - ICYMI: In the @NYTimes's amusingly distorted view of politics: - the Democratic party of Sanders, Warren, AOC & Omar is mainstream - the Republicans are more extreme than ANY Western leftist party Me: And the MSM wonders why it's widely mistrusted? <https://t.co/8gkyjQo1PU> <https://t.co/3DaileG9nM>
 - To commemorate @RyszardLegutko & I sharing a panel today at the National Conservatism Conference, I analyzed his brave & insightful book, "The Demon in Democracy," where he shows the many parallels between communism & liberalism. Yes, you read that right. <https://t.co/Ew2K5fz7zz> <https://t.co/dyz65p8Aer>
 - So, #TommyRobinson got sent to a high-security UK prison for a trivial & usually-ignored civil infraction. But Koranic teacher #SulemanMaknojoa sexually abused a girl & was spared jail time. Anyone else note an inconsistency in the UK "justice" system"? <https://t.co/nUr7zvmzms>
 - Remember #KhizrKhan from @TheDemocrats National Convention in 2016? @ADHarrod looks into his record & finds "a lot of disturbing questions," including "a more troubling, less pro-American portrait" than usually showcased. Read the article for many details. <https://t.co/UvYJSdDD9U>
 - I spoke not long ago in Jerusalem, at the "@MyIsraelorgil" (Yisrael Sheli, ישראלי שלי) conference, on "The Need for #IsraelVictory." If you ask me, it's one of my shorter & most effective public topics on the topic. What do you think? <https://t.co/HEUE56dVkl>
 - Very sorry to learn of the death of @LucetteLagnado, 63. We met in 1982, when I worked at the @StateDept & she wanted secrets to expose for Jack Anderson's column. She went on to be a great journalist, editor & book author. My condolences to @DougFeiden. <https://t.co/YsvfaEoWiz>
 - @ren_demografico: Europe had its worst-ever peacetime, non-epidemic demographics in 2018. In detail: -The EU-27 had the fewest births by indigenous peoples in decades, perhaps centuries -Deaths outnumbered births by the largest numbers ever #Europe disappears & no one notices. <https://t.co/N1DG4C2QOE>
 - "Hate speech." What a brilliant leftist concept to turn conservatives into deplorables, sabotage free speech & increase criminal penalties. Better yet, it traps conservatives; b/c if they adopt this tool, they legitimate their own disenfranchisement. The Left really is clever.
 - @NatCen poll in the UK: -Identify as #Christian: 66% in 1983, 50% in 2008, 38% now. -Identify as #Muslim: 1% in 1983, 3% in 2008, 6% now. Extrapolating, parity at ~20% will arrive in ~2050. But maybe #Sweden will get there first. Me: This is a very profound change in #Europe. <https://t.co/Masrmgn1x8>
 - @EzraLevant: It's now 6P professionals - the police, politicians, press, priests, professors and prosecutors. One could also add philanthropists & producers but I think I'll stop with 6. They constitute the backbone of the liberal elite. <https://t.co/2Lh4I75y7K>
 - Have you heard of Institutional Shareholder Services (@issgovernance), "the world's leading provider of corporate governance solutions"? Sounds pretty boring, innocuous & technical, no? It's not. It's the leading force driving US businesses to the left. <https://t.co/aH6Szdjltw> <https://t.co/joHGavcKcm>
 - #Israel's "Deposit Law" deducts 20% from the salaries of illegal migrants, handing over this money only when they leave. This encourages them to deport voluntarily. As the funds pile up, it's working better & better. Hello, Europe & US. Paying attention? <https://t.co/lyQCkRkv3p>
 - Former CIA chief #JamesWoolsey at lunch today: #Trump makes a good head of government but an awful head of state. I.e., his policies are good but his character terrible. So, if only the American system divided these 2 jobs (like the UK's queen & PM), we'd all be much better off. <https://t.co/Fy1z7Tp1Zr>
 - #TommyRobinson titled his memoir "Enemy of the State." After a kangaroo court sentenced him again to jail for doing journalism, he will be appealing to Pres. #Trump for political asylum. Me: Will that same state let him leave the UK? I can't imagine it. <https://t.co/4szeFHlmNO>
 - Here's a mischievous but deadly serious question: Which is the more awful "art", #Stalin's or the Venice Biennale's (@la_Biennale)? - Both are political kitsch - But #SocialRealism is for the simple minded & #AvantGardism for the sophisticated - The one lies, the other perverts <https://t.co/mgd1DX1FPF>
 - @RT_Erdogan paraphrased in @GlobalTimesNews: "It is a fact that the [#Muslim Turkish] residents ... in Northwest China's #Xinjiang #Uyghur Autonomous Region are living happily under China's" rule. Me: If this is accurate, E is again a contemptible coward. <https://t.co/CTJ3EUjwBr>
 - In "Det Nya Spännande Sverige" (The New Exciting #Sweden), @Samhallsnytt gathered testimonies (w/ English subtitles) from Swedes about everyday problems caused by unfettered immigration. The picture emerges of a country under siege & not protecting itself. <https://t.co/Ut73rtAohh>
 - Good news from #Greece: The conservative New Democracy party won a parliamentary majority, in part by adopting #civilizationist policies. And the Nazi-like #NewDawn is gone from parliament. Now, time for an investment-friendly climate & economic renewal. <https://t.co/2IU3yeW2AX>
 - Good to know the DC police, in a sort-of calvary formation, were ready today for whatever trouble #Antifa was ready to dish up. Note also the trucks. As this report indicates, the police were needed to avoid another #Portland-like descent into violence: <https://t.co/4sPkrabhMC> <https://t.co/oOUMubXmV>
 - "Imagine a World Without America." That's the main slogan of the so-called #Antifa demonstrators today near the @WhiteHouse. You'd never know about their extreme radicalism if you depend on the antiseptic mainstream media coverage, such as this from @NBC: <https://t.co/AjykYI7eKn> <https://t.co/YGymrBNPir>
 - @Haberturk: The first of #Russia's #S400 defense systems will be loaded on to cargo planes this Sunday & will arrive in #Turkey days later. Me: - We're down to the wire.

- @RT_Erdogan can't afford to offend #Putin, so it's a done deal. - Bye-bye Turkey. <https://t.co/Kl6MJcT9mc>
- After 3 jihadi attacks in a week, #Tunisia's government had enough and banned the #niqab from public buildings. Me: This fits a long-standing pattern of Muslim-majority countries banning the niqab & burqa. It's a simple matter of commonsense to stay safe. <https://t.co/L2uKys4DLx>
- Daniel Levy, a prominent Israeli leftist, writes today about the "the Kushner-Greenblatt-Friedman embrace of the Israel Victory Project." If only. No, their plan must first be fully attempted before the #Trump administration will consider #IsraelVictory. <https://t.co/HhZ6O1jVp0> <https://t.co/mbzKHk1Bme>
- What to make of the tangled record of @TariqRamadan's sexual, ethical & religious record? One thing is clear: He's another hypocritical #Islamist liar. But everything else is murky. For a reliable investigation, see John Lystad's summary in @MoroccoWNews. <https://t.co/fBvXjCSUNK> <https://t.co/WBH1YtgAG7>
- @KLM discourages passengers to fly with it: "Explore other travel options. In some cases, railway ... can be more sustainable than flying." Me: If others – car makers, house builders, food producers – follow KLM's lead, we'll be back to the 19th century. <https://t.co/OJWj6ok1Ji> <https://t.co/LFBARg7aQ2>
- Russian Deputy PM Tatyana Golikova: Local authorities are hiding how the country's population is declining "catastrophically" due to falling birth rates & under-reported death rates. Me: #Russia has about the worst demographic numbers in the entire world. <https://t.co/rEk01sXdrJ>
- In the United States, the current 2 issues about which each side is oblivious of the other's concerns: - Democrats: The Mueller investigation - Republicans: De-platforming (a new word, meaning to lose access to some service, such as a bank, because of holding conservative views) <https://t.co/9vcb73UmGp>
- The new #Istanbul mayor live streamed a public tender to purchase steel pipes for the sewage system & ~200K #Turks watched. @OyaOzarslan: "It is something very rare ... that people instead of watching movies or TV series are watching a steel pipe tender." <https://t.co/4IXGjkA5gn>
- To the so-called PM of Palestine: Yes, defeat & surrender are your future. For details of what's to come, see my article "The Way to Peace: Israeli Victory, #Palestinian Defeat" at <https://t.co/KQfgEoS8dF> By the way, you'll be much better off once you give up your foul dreams. <https://t.co/gwb0T2FcGb>
- Suheib Yousef, new # Hamas renegade: Hamas works "for a foreign agenda ... not for the #Palestinian cause. It sells info to #Iran." Me: An old story! In 1982, I showed that "support for the #PLO comes much more from the Arab states than from Palestinians." <https://t.co/fdSQcPnwvc>
- #Turkey's president, @RT_Erdogan: "We are purchasing 100 @Boeing jets" costing up to \$44bn. Me: -Neither the gov't or @TurkishAirlines have that kind of money -It's a transparent a ploy to win #Trump's & Boeing's favor -Hoping Americans don't fall for it <https://t.co/xoZ4Quun6H>
- #TommyRobinson is back in court tomorrow, July 4. If sent back to jail, @EztraLevant predicts, fellow prisoners will murder him. @TheRebelTV is the way to follow these important developments. And if you can pitch in to cover Rebel's costs, all the better. <https://t.co/pR3LMijBHz>
- The ruling party of the #Netherlands, the conservative @VVD, is calling for up to 4 years in prison for those who pick up migrants at sea, calling this "human trafficking." Me: -Shades of #Salvini -Another legacy party picks up #civilizationist policies <https://t.co/Ug2K6DevV4>
- Kippa on his head, UK Home Secretary @SajidJavid, a #Muslim, visited #Jerusalem's #WesternWall & placed a note between its stones. He also visited Al-Aqsa Mosque & the Church of the Holy Sepulcher. Me: How many other British politicians would dare do so? <https://t.co/PkYdk5Cc14>
- @NordicMonitor: "Erdogan's #Islamist government has been sending arms to its brethren in #Libya to fuel the civil war there." Me: Foreign adventures are 1 of 2 ways (the other is economics) that could rapidly terminate the @RT_Erdogan regime in #Turkey. <https://t.co/cmvdwWqdPX>
- @GiulioMeotti on the Spanish demographic crisis: "Today in #Spain divorce is a totem, abortion is a right to procreative freedom, eugenics is an instrument of progress, the contraception pill is for the day before & the day after, gay marriage is a flag." <https://t.co/ujVZ8JHEDw>
- Amusing when #Islamists fall out. Watch @UCLA prof Khaled Abou El Fadl (@Kh_Fadl) slam the Islamic Center of SoCal (@weareisc) leaders as "despotic garbage," "ignorant idiots" & "an embarrassment to Islam." Perhaps. But what if he's describing himself? <https://t.co/ppXEYwkFQe> <https://t.co/BNmEoXDA2M>
- Is @Google liberal or conservative? Type "women can" & "men can" into its search engine, then see what turns up: - Women can vote, do it, be drafted, do anything, fly. - Men can get pregnant, have babies, have periods, have babies now, cook. Notice a pattern here? Neither do !! <https://t.co/fAp3IhiB5Z>
- The @DalaiLama, based on his 60 years as a refugee in India, advises: Yes, #Europe do take in legitimate refugees. But only on a temporary basis with the intent that they eventually return home. Otherwise, your continent will become "#Muslim or #African." <https://t.co/IEbJk36ZN>
- #InnovativeIsrael: #Israel will do something novel - pump desalinated water from the #Mediterranean to Lake #Kinneret. Why? Because it's the least inexpensive way to store water for times of need. Me: It's exhausting to keep up with Israeli breakthroughs. <https://t.co/GaohxFdopH>
- The #Dutch anti-terrorism force, @NCTV_nl, worries about the children of #jihadis, especially those connected to #ISIS, expecting that they too will become jihadis. Me: What to do? Expel foreigners, incarcerate citizens. Sorry, there's no alternative. <https://t.co/OnXB4K231t>
- @AP: "The lack of cash from the economic pressure facing #Iran's 80 million people can be seen everywhere" and "many Iranians blame their own government." I.e., US economic sanctions are working, fomenting wide dissatisfaction with the #Islamist rulers. <https://t.co/6nLXnR2jPC>
- ICYMI: Most Western officials are wimps, so kudos to UK FM @Jeremy_Hunt for reporting on the "persecution, ranging from routine discrimination in education, employment & social life up to genocidal attacks, against #Christian communities" in the #MidEast. <https://t.co/85sXBy3K6c>
- @Ahva_en has a first-hand report on the sophisticated torture (ie, the kind that leaves no traces) of Turkish diplomats accused of belonging to the #Gülen movement. Me: @RT_Erdogan is an #Islamist barbarian & his #Turkey must be seen as a U.S. opponent. <https://t.co/rYWOA1wfd>
- @Gabriel_Pogrudin in @TheTimes on "transnational marriage abandonment": It sounds bureaucratic & boring but it's a major human tragedy. Traditional #Muslim women are brought from #Pakistan etc. to the UK to make children, cook & clean, then are divorced. <https://t.co/kbH2SnAnCg>
- Please read this important, deep analysis by Brig Barker (@RedGsg) for @TheIPT on how Americans have become inured & blasé about #jihad. Me: It will require another massacre - especially one that makes 9/11 look small - to wake the country. I have little doubt one is on its way. <https://t.co/wa36A1NZQP>
- Chigozie Obioma a Nigerian, tells the sad story of 20K Africans doing badly in northern (ie, Turkish) #Cyprus, a place they don't want to be & where they are unwanted. Chalk up deceptive educational promises as yet another of @RT_Erdogan's foul legacies. <https://t.co/AihpUyRKg4>
- @Jssacharoff @netanyahu @AfD @Jssacharoff: -How diplomatic! -@Netanyahu will be delighted with your attacking me. -Rather than respond to my critique, you attack me personally. That's the Alinsky playbook. How trite -You & I did meet, at the @IsraelKongress last Nov. But you barely noticed my existence.
- #Europe's greatest problem is not climate change, the EU, or Russia, but the cluster of problems around Demographics Immigration Multiculturalism Islamization Acronym: DIMI. Easy to remember - it's just like "dhimmi", the status of being a protected minority under Muslim rule.

- #VladimirPutin is a thug. But he does say some smart things about "the liberal idea" & most especially about the immigration crisis: Liberals believe "migrants can kill, plunder & rape with impunity because their rights as migrants have to be protected." <https://t.co/MHdVZJgUIH>
- The v new #Israel-#Hamas deal: Israel provides fuel & allows more fishing in return for ending the attacks. How to view this from an #IsraelVictory perspective? I see it as positive: Only when fuel was stopped did Hamas come to the table. That's a great lesson for future policy.
- @Doranimated's important article points out how an obscure part of the #IranDeal, the 7 waivers, are now Tehran's priority. #Trump revoked 2 of them. #Khamenei & Co. want them back, as well as to preserve the other 5. They count on a G20 gang-up on Trump to make all this happen. <https://t.co/LYavgNRvh8>
- Good: Jewish Germans are pleading with #Israel's PM @Netanyahu to "free us from this ambassdor," a reference to the far-left @Jlssacharoff. In particular, he attacks the pro-Israel @AfD & defends #Germany's anti-Israel parties. #journalistenwatch #JAfD <https://t.co/gkJPuVYJpT>
- ICYMI: 152 governments voted in favor of the "Global Compact for Safe, Orderly and Regular Migration" that encourages migration for any reason at all. 5 voted against it: USA, Hungary, Czechia, Poland, Israel. Me: Now, that's a distinguished honor role. <https://t.co/HqDfQcQDKY>
- I call #Europe's police the "police" - they play at protecting the public but are bureaucrats in uniform keeping busy. Another example: #London's Met has its first "gender-fluid" employee who reports some days as a M & others as F. He even has 2 ID cards. <https://t.co/LDtdHhpCnp>
- Bad news from Denmark: The #SocialDemocrats took many votes from the #civilizationist party by promising to be tough in migration. But what came out of the 4-party negotiations looks like the usual leftist softness. Will there be a political price to pay? <https://t.co/laPVZzLk8z>
- #HilaireBellow, Catholic writer, March 1936: "Men of foresight may justly apprehend, or at any rate expect, the return of Islam." <https://t.co/sHZeOihF4o>
<https://t.co/ad1XWQy1Va>
- Today marks precisely 10 years I am on @Twitter. - I've tweeted 8K times, or 2.2 times per day - I enjoy opining on this & that, as well as bringing forward tidbits of information - With the accelerating politicization of social media will I still be allowed on 10 years hence?
- @DaoudKuttab adopts the language of normal nationalism when he states "#Palestinians will not surrender." Translated out of his euphemism, this means: "Palestinians will not give up their drive to eliminate the #Jewish state of #Israel." If you doubt me, just look at PA maps. <https://t.co/jlmaSdlVCp>
- The entire punditocracy agrees: #Erdoğan's party loss of the #Istanbul mayor elections was a major blow. Except me. I say it's an anomaly and that E will soon put matters to right again, using his might to take back full control of every part of #Turkey. <https://t.co/X0FZFE8KZs>
- I signed the National Association of Scholars (@NASorg) petition, "Disinviting Scholarship" - please do so too. It concerns the outrageous US @ArmyWarCollege decision to "postpone" (really, cancel) a talk by @RaymondIbrahim5 on Muslim-Christian history. <https://t.co/J2BgSvZhY7>
- Jill Nelson (@WorldNels.) interviewed me on "Mounting Tension with Iran" for the WORLD Radio Blog, a 6-minute report. (There's also a transcript.) I call the the Iranians the "great disruptive force of the Middle East." <https://t.co/JNQpCnxhJv>
- In response to a barrage of explosives-laden balloons from #Hamas, sparking 8 wildfires, #Israel stopped providing fuel to #Gisha, #Gaza's only power plant. Me: Finally! This small step toward #IsraelVictory needs to be repeated each time Hamas attacks. <https://t.co/Oho7iplSo7>
- A turning point? Some in #Germany's ruling, "conservative" party, the @CDU, are arguing in favor of maybe, possibly building regional coalitions with the @AfD. Me: This is the "#AustrianModel" that I have been predicting is inevitable in much of #Europe. <https://t.co/jhuzM98q3M>
- #Israel's @UN amb. @DannyDanon in today's @NYTimes: "What's wrong with #Palestinian surrender? Surrender is the recognition that in a contest, staying the course will prove costlier than submission." Me: Welcome, Mr Ambassador, to the #IsraelVictory team. <https://t.co/8qyJQkwnTT>
- Is #Iran on the verge of war with the U.S.? That's what I discussed for 10 minutes on @TheRoyGreenShow. Answer in brief, probably not, but it's unpredictable given the two leaders, #Khamenei & #Trump. <https://t.co/43MBX4IsBu> <https://t.co/Z2kmbvDpiH>
- So, @JoeSestak became the 25th Democratic candidate for US president? How exciting! Too bad that in his 2010 Pennsylvania race for Senator he was caught lying about his fundraising for the anti-American group @CAIRnational. For full details, see below. <https://t.co/ECBi2kDPRL> <https://t.co/RcUoaxPaKN>
- The opposition candidate soundly beat @RT_Erdogan's man in the #Istanbul mayoral election today. I admit to being puzzled. What kind of dictator lets his enemies win the country's most important city? Is Erdoğan faltering? Or does the master tactician have a trick up his sleeve? <https://t.co/ooBeK4MMGY>
- #Sweden's parliament just made it easier for #Syrians to bring their relatives into the country (it's called chain migration). Only two parties, the Moderates & #SwedenDemocrats, voted against. What do Italians & Hungarians understand that Swedes do not? <https://t.co/j28osjM7KM>
- My reaction to #Trump's "Peace to Prosperity" (what does that even mean, anyway?) plan: We're back to #ShimonPeres' notion that material welfare will distract #Palestinians from their venomous & violent rejection of #Israel. This idea was ludicrous in 1993 & yet more so in 2019. <https://t.co/mKpjQoNrbs>
- Daniel Greenfield (@Sultanknish) reveals how #Obama's whisperers have now become @PeteButtigieg's. That helps explain why: -Buttigieg has the same policies and even uses the same wording (eg, "endless war") as Obama -The mayor from nowhere is doing so well -The USA is in trouble <https://t.co/4IH0z4Si0n>
- Recent study of #Islam in #France: - #Muslims are 6% of the population, 13% in large cities - 7% of #Catholics attend mass at least monthly - 1/2 of Muslims pray at least every other day - Same number of Catholic and Muslim believers among 18-29 year olds <https://t.co/cqiWLP4EBm> <https://t.co/jyXnmUqUMr>
- Document: @RT_Erdogan purged 67% of #Turkey's flag officers after the July 2016 "coup." Me: This appears comparable to #Stalin's 1941 purge of the Red Army. If so, it strongly suggests that Turkey's armed forces are badly crippled. Take note, everyone. <https://t.co/Zq5U6Xlx8p> <https://t.co/MYDknbmFol>
- ICYMI: Harvey @Sapolsky argues persuasively for removing US nuclear weapons from #IncirlikAirBase in #Turkey. -The Soviet reason for their presence vaporized in 1991 -Turkey's government is hostile -War rages nearby in Syria -The infrastructure is creaky <https://t.co/x893gVVVzg>
- #Trump claims he backed off an attack because 150 Iranian vs no US deaths is disproportionate. My better explanation: He is wavering between what is good for the country (reduce Iran's nuclear infrastructure) & what is good for his 2020 political prospects (no war, as promised). <https://t.co/kglsxyQSi>
- ICYMI: Hamas' #Islamism, brutality & misrule caused 35K #Palestinians to flee #Gaza in 2018, mostly headed to the West. Me: Ironically, #Hamas is implementing @MartinSherman2's "humanitarian paradigm" of convincing Palestinians voluntarily to emigrate. <https://t.co/xprxB0IMTN>
- Greek PM Alexis @Tsipras_EU has sternly warned @RT_Erdogan not to explore for natural gas in Greek waters: "We won't allow Erdoğan to drill in #Greece's EEZ. Greece has a prevention plan. Greece will not take a step back." Me: Bullies need tough words. <https://t.co/yPC0dDQ7Lq>
- No one but #ViktorOrbán & #Fidesz speak like this, aware of where they are historically & culturally. Me: -One could get thrown in jail for saying this in #Sweden -This is

- why Orbán is Europe's most influential leader & #Hungary its most exciting country <https://t.co/PmDNnRGrRc> <https://t.co/xp6DZR5PNp>
- ICYMI: The #6Ps are at it again, this time in the #Netherlands, where @MarkHarbers, state secretary for Justice and Security, resigned after it came out that his department concealed serious crimes by migrants. That's why I call Europe's police, "police." <https://t.co/auOyilsHpa>
 - #Iran's regime has recently downed a US drone, 3 times attacked US forces or interests in Iraq & sabotaged 4 tankers - all without paying any discernible price. Continued weakness could become as harmful to the United States as was #Obama's #IranDeal.
 - I am watching #DesignatedSurvivor, a political thriller with non-stop crises. That US forces were about to strike #Iranian targets but were pulled back because #Trump changed his mind fits the thriller. But it is difficult to imagine an actual American president so incompetent.
 - @RT_Erdogan is considering annexation of the 1/3 of #Cyprus that #Turkey's forces brutally invaded in 1974 & have occupied ever since? Me: That would not be a surprise but just another rogue, illegal & outrageous step by Turkey's out-of-control dictator. <https://t.co/95z62TS48a>
 - Not exactly #IsraelVictory, as #Hamas blackmails #Israel: "Haniyeh says 2 industrial zones, a new power line & a hospital would be built for #Palestinians in #Gaza as part of truce understandings with Israel." He warns the Israelis are moving too slowly. <https://t.co/KN8jtGxBx9S>
 - @SvanteCornell exposes the canceled #Istanbul mayoral election: "Few aside from the ruling #AKP's most loyal supporters will accept the official narrative, in which #Turkey, uniquely in the world, is a country where the opposition and not the government commits electoral fraud." <https://t.co/76iPgWG2oQ>
 - @SimonWaldman1 confirms a point I have been making for some years: #Turkey remains a #NATO member but a ghost member, one "increasingly isolated" from the others, not invited to meetings, not given intel, not sold weapons. There are two NATOs now, the formal one & the real one. <https://t.co/mOikiC1uly>
 - Another case of #Muslim slave-holders in the West, this time a mother and two sons in #Midlothian, Virginia. The unique twist? That the enslaved woman had been married to one of her enslavers. My blog has 26 such cases of enslavement over just 14 years. <https://t.co/qr2XSHTjYb> <https://t.co/mhXUoEFJeH>
 - I spoke, with Polish translation, in my father's hometown of #Cieszyn, Poland, on May 30. Topic: The rise of civilizationism in Europe and what this means for Poles. It's a half-hour long and now available on video. <https://t.co/8tpH60tqzY>
 - I just published an analysis, "Italy at the Crossroads," in the @WashTimes. It argues that, yes, #civilizationists are momentarily on top - in large part due to one person, @MatteoSalviniMI - but their position is precarious & can be quickly reversed. <https://t.co/UaawamaOH8>
 - Video: @L_Cianciarelli & I discuss "#Islamism vs. Europe: Which Will Win?" for the @Machiavelli_it at Italy's parliament, Rome. My argument: Europeans expect solving practical problems concerning Muslims suffices. But the US experience suggests otherwise. <https://t.co/ZRCivPVNM5>
 - Please read the surreal & almost funny report by Orit Arfa (@OritAr) explaining why #Germany's parliament refused to ban #Hezbollah's political arm. The logic: @AfD is supposedly "the true danger for Jewish life in Germany," so supporting its bill to protect Israel hurts Israel. <https://t.co/slbneXEIml>
 - The @BBC was allowed into some #Xinjiang camps for #Uyghurs. #China's officials insist they're schools to eliminate seditious (ie, #Islamist) thoughts but they sure look & feel like #Potemkin-style prisons. Look at the video and judge them for yourself. <https://t.co/4afRSrvhsA> <https://t.co/npBEWGTJf2>
 - #RogerAngell on old age in @NewYorker: "Everyone in the world wants to be w/ someone else tonight, together in the dark, with the sweet warmth of a hip or a foot or a bare expanse of shoulder within reach. Those of us who have lost that, whatever our age, never lose the longing." <https://t.co/97elcp2eRY>
 - Another famous victory for #Spain's Acción y Comunicación sobre Oriente Medio (@ACOM_es): It won a court case against #Valencia's discriminatory BDS-inspired regulation, "Espacios Libres de Apartheid Israelí" (#ELAI). I support ACOM & suggest you do too. <https://t.co/rCqtHXjcrm>
 - The #Internet: For some, it most of all means social media. For others, it's movies on demand. And so on. But for me, it's the instant ability to answer almost any factual question I have. For a researcher, analyst & writer, this is an extraordinary & under-appreciated change. <https://t.co/XnNkEoQrB>
 - The @WashingtonPost now describes the Arab-Israel war of 1967 as beginning "when #Israel launched a preemptive strike after neighboring #Arab countries mobilized forces at the borders." Me: Without being factually wrong, it entirely misleads the reader. <https://t.co/zE3QQqHxRA>
 - Report: The governments of Algeria, Morocco, Iraq, Iran & Afghanistan often refuse to accept their nationals who are illegal migrants in the #Netherlands & who do not want to return home. Me: This is another reason why "#FortressEurope" is inevitable. <https://t.co/MXBftJ4m2d>
 - I'm thrilled to see that #Europe's "far-right" (ie, #civilizationist) parties oppose gender studies, the branch of the academy devoted to sabotaging the traditional family. Amazingly, even the communist pope is with them. Hello, Americans, time to wake up <https://t.co/0DrTrpbWTw>
 - #Israel is the developed country with far & away the lowest median age: 30 years old in 2017. Next lowest? Singapore at 35. Others: -US, 38 -Russia, 40 -Germany & Japan, 47 (Source: @CIA.) Me: This is another dimension of what I call #RemarkableIsrael. <https://t.co/rElfKv48DV> <https://t.co/OAIGBNWjyM>
 - @Santi_Abasal, leader of Spain's #civilizationist party @VOX_es, rightly complains that French Pres. @EmmanuelMacron treats Spain as a province of France when Macron haughtily instructs the @CiudadanosCs Party not to work with Vox. Me: Looks like Macron is running a bit scared <https://t.co/2B19J4ccRF>
 - ICYMI: Pro-illegal migrant website @RefugeesDeeply finds that "anti-xenophobia" campaigns often backfire. "At best, pro-migrant campaigns raise awareness. At worst, they reinforce tensions." Me: This suggests that illegal migrants are deeply unpopular. <https://t.co/TJDcizPmqq>
 - More #Saudi royals misbehaving: The sister of #MbS, Hassa bint Salman, on a whim allegedly had a French workman in #Paris detained, beaten up & forced to kiss her feet. Her in-absentia-trial begins soon. Me: Will the French have the nerve to convict her? <https://t.co/UKUJ462p8G>
 - Here's something unexpected: For the first time ever, a citizen of #Turkey will on June 22 become head the Greek Orthodox Archdiocese of America. That would be Elpidophoros Lambriiadis, 51. Watch to see if this appointment affects US-Turkish relations. <https://t.co/pKdvfiOelh>
 - Micaela Pavoncello (@JewishRoma), on the Jews of Rome, the oldest diaspora community, dating back to 160 BCE: They are "Orthodox in structure, Conservative in philosophy, Reform in behavior, and Catholic in religion." <https://t.co/5vxYoDFIWj>
 - The #Rome office of @Syrian_Air is about as decrepit & trashy as the country itself. Thank you, @Presidency_Sy Bashar al-Assad. <https://t.co/1gEKw7FrU5>
 - Have you seen the latest @MEForum action alert? Have you acted on it? Tell your senators to oppose arms sales to #Qatar. Do your bit to prevent the US government from making a major mistake by selling advanced weapons to a hostile power - namely Qatar. <https://t.co/7OouW7ixAt>
 - This June marks 10 years since the Green Movement revolt in Iran and 5 years since the #ISIS caliphate erupted in Syria & Iraq. Never a dull moment in the MidEast.

- #MbS spent \$450mn on the pseudo-Leonardo da Vinci painting, "Salvator Mundi." It then disappeared. Where is it? @KennySchac reports in @ArtNet: It's apparently now located on MbS' €500mn superyacht, "Serene." Me: Strange for a #Saudi to glory in Jesus. <https://t.co/Q22j58x4Xt>
- The center-right (or, in US terms, center-left) party of #France, the #Republicans, is disintegrating as many of its leading figures (72 of them yesterday) join @EmmanuelMacron's party. Me: #Europe is shaking out. Who will gain the most, Left or Right? <https://t.co/dneAJwbomF>
- Watch #Qatar insinuate itself into the fabric of American life, as it already has in several European countries. Here's an example: "Summer escape 2019: [@QatarAirways] in partnership with @NeimanMarcus and @BrendanFallis." Hunh? <https://t.co/74BZeic5W>
- Striking to note, according to Observatoire des inégalités (@Obs_ineg), that in 2015 #Hungary had fewer poor (ie, under 60% of the average median income, including welfare payments) than did #Germany. Me: In part, this reflects the fact of controlled vs uncontrolled immigration. <https://t.co/xLiboAzcFI>
- ICYMI: The Trump admin pressured #Israel's @Netanyahu to allow the #PalestinianAuthority to get 10 US armored vehicles. Me: -Presumably, this concerns the #TrumpPlan -It's one more reason to worry about that plan -Don't strengthen the awful PA, weaken it <https://t.co/SnfAGMZ0z1>
- Old news: Ilhan Omar (@IlhanMN) apparently engaged in a fraudulent marriage with her brother Ahmed to get him into the USA (<https://t.co/uY4rM81aOf>). New news: She also violated MN campaign finance rules to pay for personal travel & help with tax returns. <https://t.co/4BBR9cPYp6>
- You're invited to what the @DailyWire's @Josh_Hammer calls "2019's most important intellectual gathering," My topic: How immigration & #Islamization in Europe have created a mostly-conservative reaction, #civilizationism, which is growing & will dominate the continent in 20 yrs. <https://t.co/H5fKtA5Qgj>
- -US Army: 18% officers, 82% enlisted -#Palestinian security forces: 45% officers, 55% enlisted (30K officers, 37K enlisted) i.e., the PA per capita has 2½ times the number of officers. Me: That's why the PA forces are so powerful. Not. h/t: @PalWatch <https://t.co/9yFn8ELQQE> <https://t.co/U4sBX2vmb8>
- Reporter: there's increasing #antisemitism "on the left in the #BDS movement & around the world." NYC Mayor @BillDeBlasio: no, "the ideological movement that is antisemitic is the right-wing movement." Me: Is he in denial? Stupid? Duplicious? All those? <https://t.co/ZtFfp3RHR>
- #Denmark's election results: The #civilizationist Danish People's Party (@DanskDf1995) did terribly, losing over ½ of its 21% in the 2015 elections. The Social Democrats (@Spolitik) did very well ... because it stole the DPP's civilizationist policies. That's good & important. <https://t.co/tqT9RwUWVd>
- You are invited to a panel on "#Islamism vs Europe: Which Will Win?" Hosted by the Centro Studi Machiavelli (@Machiavelli_it), @L_Cianciarelli & I will speak at Italy's parliament (Palazzo #Montecitorio) on June 13, 17:30-18:30. Click here to sign up: <https://t.co/ajau7BLtHr> <https://t.co/8rSeptDdj>
- Update: #MomenaShoma, the woman in #Australia about whom I wrote a long article, "Melbourne's Petite, Shy, Honors-Student #Jihadi," pled guilty to terrorism & was sentenced to 31½ years in prison w/o parole. Me: Good. But execution would be more fitting. <https://t.co/eehMCq5gKq> <https://t.co/Bg1Uscnri9>
- Major historical news: Meir Zamir proves that "senior British intelligence, military officers & diplomats in Cairo were deeply involved in a covert scheme to drive [Egypt's King Faruq] to participate in the Arab states' war 1948 coalition against Israel." <https://t.co/t6M0FtefX> <https://t.co/iFmkjQ4nly>
- News: The racketeering, etc. case that @AFLC_Updates contested & @MEForum funded against @CAIRnational just ended after 11 years. CAIR settled to avoid looming conviction for fraud. Better yet, this is MEF's second major legal victory over CAIR in 2019. <https://t.co/rO92j1Z6fL> <https://t.co/G9c4p1Uh0S>
- Those crazy Swedes are at it again: Now, they came up with "#flygskam" or feeling shame about flying because it consumes so much more fuel than other methods of travel. Enthusiasts want to make flying as shameful as farting loudly in public. Go #Sweden. <https://t.co/olzG5Ln3H>
- #Denmark's elections tomorrow may bring the first overtly anti-immigration left-wing party to power. The Social Democrats (@Spolitik) are openly competing for votes with the #civilizationist Danish People's Party (@DanskDf1995). Me: This could be big. <https://t.co/eBfc7DVwdB>
- It's not just in #Europe: While most #Muslim immigrants to the US have skills, some communities do not, and especially the #Somali one that was "plopped" down by the #ClintonAdministration in #Minneapolis. Read here about the very deeply negative results. <https://t.co/5aLjwSaZf>
- If #GreenParties are focused on preservation of the environment & generally seek low human birth rates, should they not, logically, be against migration? After all, that strains resources & taxes the earth. Or has #multiculturalism trumped their fundamental message? Just asking.
- Does @CAIRnational hate America? According to its former #SanDiego staff attorney, #SusanneArani, it hates it so much ("disgusting") that her boss stole & hid a US flag in front of their office building, then fired her when she put it back on the flagpole. <https://t.co/aUmlZi0EiB>
- @EldadBeck shows how The World Jewish Congress (@WorldJewishCong) is engaged in what amounts to anti-Israel propaganda by citing unverified statistics about anti-Arab racism on #Israel's #soccer fields. Beck: This raises "many questions as to [WJC's] credibility & seriousness." <https://t.co/83cBP6aCwa>
- 2 mega-issues now dominate #Europe's politics, notes @SoerenKern: - Pro-EU globalists: Fighting climate change - Anti-EU civilizationists: Fighting mass migration & multiculturalism Me: No deals b/c each side nearly oblivious to the other's top concern. <https://t.co/YFZWX2HtQ4>
- If you can't achieve your policy democratically, turn instead to the courts: The @IntlCrimCourt received a 245-page document alleging 12K deaths & accusing the EU of "crimes against humanity" because it stopped letting Med Sea migrants enter member states. <https://t.co/2LBFJY7sA>
- I met Benjamin @Netanyahu in 1983 & have been increasingly impressed with his record as #Israel's PM. So, I note with dismay his desperate, unprincipled (and failed) efforts to form a coalition government. I expect he will pay heavily for these mistakes. <https://t.co/0dExVyt1ZP> <https://t.co/c3Kre1sbX>
- I had the privilege to speak about "Immigration & Islamization in Europe: New Opposition in Poland, Hungary, Austria & Italy" in my father's hometown of #Cieszyn, Poland (pop: 36K). To my surprise, 100 people came out to hear a discussion in English of #civilizationism's impact. <https://t.co/Cm6v8F8vbR>
- I deleted @Lyft from my smartphone when it announced a \$1mn donation to the @ACLU. (See <https://t.co/9mj8cFVb1H>.) Were I tempted to return, Lyft's "Your pronoun. Your choice" twaddle today put an end to that. No thanks, says I, to social justice corporations. You too, @Gillette. <https://t.co/8EkKEkNmbt>
- "Is #Sharia Law Irreconcilable with Democracy?" See the panel with @Ayaan Hirsi Ali, @DouglasKMurray, Mosab Hassan Yousef (@SonOfHamas) & me. We entirely disagree among ourselves. I say it is reconcilable - but only if modernized, which is a huge task. <https://t.co/RRhSPx8P04>
- "The #Jews always flip" was #Trump's reported reaction on learning about Cohen, Pecker & Weisselberg turning against him, according to Michael Wolff's new book "Siege: Trump Under Fire." Me: But this does yet not seem to have led to policy consequences. <https://t.co/sJiaVe7ppJ> <https://t.co/PVuOR1RWRw>
- Happy to add my voice to those calling on @RT_Erdogan to #StopTorturingDiplomats. But if he could, he'd probably torture me too, so I doubt my appeal will carry a lot of weight. #Turkey is a Putin-like despotism. Worrying about #Istanbul vote recounts misses this nasty reality. <https://t.co/QwN6Oh5JtL>

- Did you notice the graphic that @CAIRnational's #Philadelphia office (@CAIR_PA) posted on its Facebook page? It's the Philadelphia skyline dominated by minarets. Me: One more indication of CAIR's dream of #MuslimPower. I.e., take over the United States. <https://t.co/1wLTvIsUJz> <https://t.co/kdQOOqpzaU>
- Think you have what it takes for marriage counseling? Didi, an American woman, met a Moroccan man, moved to Morocco, is now pregnant by him & plans to marry him. But is he for real or is he a scammer? Read Didi's riveting account & send her your advice. <https://t.co/fUEmXqttNG> <https://t.co/WLjbnPudHq>
- @NWWealth: #Israel's wealth grew 46% in the decade 2008-18. No other #MidEast country came close. Some (Libya, Yemen, Syria, Iraq) suffered catastrophically due to war; others (Turkey, Egypt, Lebanon, Iran) just modestly became poorer. Any lessons here? <https://t.co/OyYSaJlQJU> <https://t.co/BhXiQ3Acz1>
- If Benjamin @Netanyahu fails to put together a government in #Israel by Wednesday night and this leads to new elections, the #Trump plan might have to be postponed to a 2nd term, if there is one. Hallelujah! <https://t.co/zFh6thP7vC>
- All those synonyms for the surging parties of #Europe! -Anti-immigration -Antisemitic -Far-right -Insurgent -Islamophobic -Nationalist -Neo-fascist -Populist -Ultra-conservative May I propose a better word? #Civilizationist, because sustaining Western civilization is the goal.
- The conservative-#civilizationist (#ÖVP-#FPÖ) government coalition in #Austria just totally collapsed in acrimony. Me: Very disappointing to see this because such a partnership is the best model for Europe's future. Implication: Getting to that future will take a real long time <https://t.co/45Mu0lclLJ>
- What did the just-completed #EUelections2019 amount to? To me, the most important result was the mild strengthening of #civilizationist parties, whose share of seats rose from ~20 to ~25 percent. Yes, a strengthening but much too slow - and thus no real impact on making policy. <https://t.co/JFeVgNEVww>
- @FederalReserve: 39% of American adults would have trouble paying off an unexpected \$400 debt. 27% would have to borrow the money or sell something. 12% just could not cover the added expense. Me: It's hard to imagine such penury among so much affluence. <https://t.co/90YbnbsAbQ> <https://t.co/8ZxXlpA5JQ>
- You're invited: A conference hosted by the new Edmund Burke Foundation on "National Conservatism" in DC on July 14-16. I'll be discussing European #civilizationism - the erratic but quickly growing movement to preserve Western mores & culture. <https://t.co/88ZTZ3B6bq> <https://t.co/nx0OhrJqpy>
- Look at this astonishing picture of a human traffic jam, as 250-300 climbers try to reach the pinnacle of #MtEverest, making their way up a single-file path, getting delayed by ~3 hours, some dying in the process. Me: Hard to understand what impels them. <https://t.co/LgnbyHYtsh>
- Kay Wilson (@kishkushkay) has written a brave & eloquent book, "The Rage Less Traveled: A Memoir of Surviving a Machete Attack." It details her experience being attacked by a Palestinian #jihadi, surviving & turning that horror into something constructive. <https://t.co/ETZqCkZYvP>
- In further coverage of events 50 years ago, @HarvardMagazine just posted 11 of my best photographs from the @Harvard University disturbances of April 1969 under the title "Scenes from a Tempestuous Spring." Do take a look. It was a sadly important event. <https://t.co/EiUL7IZ5W1>
- John Rossomando (@jrossman12): "#Islamophobia is another name for blasphemy." Me: That's a profound insight, even more effective than Andrew Cummins' stinging chestnut about Islamophobia being "a word created by fascists and used by cowards to manipulate morons." <https://t.co/nrlaSYQbKW>
- Fact 1: 65 out of 120 members of Knesset support @Netanyahu as PM. Fact 2: 5 out of 6 weeks have gone by & he's still as square one, without a single coalition agreement. Me: There's a real prospect of another potential PM or of new elections. Keep tuned. <https://t.co/mtTZABvcEF>
- "The University of the Basque Country (@upvehu) ... in an unprecedented move will exempt refugees and stateless persons from having to pay tuition." Me: And #Europe rushes to collective suicide. <https://t.co/9Ls7YtwfJ>
- @DrDominicGreen and I just had a particularly good, 35-minute conversation about the nature of #Europe's #civilizationist parties and their potential. Please click below to listen. <https://t.co/GXFVRgx15E>
- For the second time (the first was the Financial Times in 2003), analysts have noted the parallels in the careers of my father (#RichardPipes) and myself. But this article by the scholar-playwright team of Jiri and Leni Valenta, is much superior to the @FT one. @GatestoneInst <https://t.co/NWQjFXCisq>
- @RT_Erdogan increasingly lives in a fantasy mental bubble. Examples: His low interest-rate mania. Or this: The Americans are "showing some reluctance. But sooner or later, we will receive the #F35s." He declares their not being delivered "not an option." <https://t.co/GjA3ZVXTAL>
- How's #TommyRobinson's campaign going to become a member of the European Parliament (MEP)? There's no local poll, so hard to say. But take a look at @TheRebelTV's report on a riot by Muslims against TR's rally in #Oldham. Me: Bravo to The Rebel; no other media is covering this. <https://t.co/58hLPayCQ5>
- Shocking but not surprising (because sadly typical of #Muslim attitudes): In #Turkey, "many celebrate the burning of the Cathedral of #NotreDame." E.g.: "May the whole of France burn down. They're enemies of #Islam, enemies of humanity." @GatestoneInst <https://t.co/BU1QybAbSm>
- Too many #civilizationists are amateurish, gaff-prone & pro-#Putin. The mix apparently just lead to the Freedom Party (Freiheitliche Partei Österreichs, #FPÖ) bringing down the coalition government in #Austria. Me: How long will it be until they wise up? <https://t.co/taZiMbzQDm>
- It's been precisely a year since the death of my father, #RichardPipes. We today unveiled his memorial stone in Waltham, Mass. Note the epitaph: "Historian. Architect of Cold War Victory." It's a large but justified claim. <https://t.co/vpOVdszfxb>
- @MikeKnightsIraq & #AssafOrion show that #Iran's aggressive missile-building & stationing activities, already present in #Yemen, #Gaza, #Lebanon & #Syria, are now extended to western #Iraq - with ominous security implications for the US & #Israel. The latter is nearly surrounded <https://t.co/EZUPaVJo50>
- To make sense of the battling anti-#BDS bills in #Germany's parliament (the @Bundestag), here's an overview (in English) from the #AfD's @PetrBystronAfD. @collinfmcmahon <https://t.co/iCeTsam30K>
- Nothing reveals the self-serving nature of the #PalestinianAuthority's leadership so clearly as its forbidding ordinary #Palestinians to benefit from #Israel's skills while themselves doing so. Also, nothing so clearly shows Israelis' naïve goodwill as allowing this to happen. <https://t.co/K5WBdoIBkm>
- News item: 120K US troops could be dispatched to the MidEast to confront #Iran. @NYTimes comment: "Deploying such a robust air, land & naval force would give Tehran more targets to strike." Me: This means that D-Day's 1.5mn troops was a calamitous error. <https://t.co/zGEIt4aK79>
- Can someone explain one of life's little puzzles to me? I (6'2") walked with a companion (5') precisely the same route this morning. My #iPhone steps & miles are above. - Why are my steps 16% & my miles 28% fewer than the shorter person's? - Which reading is the more accurate? <https://t.co/e1lb7zA52p>
- U.S. government: The provisional total fertility rate (#TFR) for the United States in 2018 was 1.73, down 2% from the 1.76 rate in 2017. This is a record low. Me: This reduction has vast implications for the future of the country, as Europe suggests. <https://t.co/H0rjT1nLKC>

- The USA is going through a quiet but profound process of secularization. One symptom: In #Philadelphia alone, "up to 200 ... purpose-built #churches may face dire circumstances" leading to their demolition. The lucky ones get turned into apartments, etc. <https://t.co/KAxlrXuGiM>
- Iranians learned a trick from #Turks: If you don't like European policy (in their case, concerning the #JCPOA), threaten Europe will millions of immigrants (Afghans in their case). Me: Clever, yes, but #Iran is a bit far from Europe, so the mullahs will need others' cooperation.
- Add #Egypt to the budding coalition against #Turkey's drilling for gas in the Republic of #Cyprus' EEZ. It follows "with concern Turkish plans to drill off the western coast of Cyprus," warning that this move destabilizes the eastern Mediterranean region. <https://t.co/tZv6LLRtof> <https://t.co/5nvaB1Tmam>
- So, who can enter the UK? - #AsiaBibi, a #Christian Pakistani on death row because of #Islamist persecution, cannot for fear of an Islamist backlash. <https://t.co/O4hbuBzvJi> - #AhdTamimi, a convicted criminal & would-be #jihadi, can & speaks in public. <https://t.co/9zYn8Qe9A7> <https://t.co/XYzAz7W3rc>
- @WhiteHouse: "The President hosted an Iftar dinner at the White House for ambassadors & members of the diplomatic corps." Me: -A smart move to keep out the Islamists who invariably dominate US representations -Sorry, @CAIRnational, @MPAC_national, et al <https://t.co/Vf0qEGOX7Q>
- "#Turkey headed for debt default" reads the analysis by @AEI's Desmond Lachman. What's striking: It's not due to intrinsic problems, just to #Erdoğan's self-indulgent megalomania. This makes a particularly striking contrast w/ his early caution & success. <https://t.co/YIGaPvR4Oh>
- This news made my day. So, it's one #Palestinian extremist fewer distorting the debate within the United States. By the way, I had a first-hand experience with @DrHananAshrawi at @ColoradoCollege on Sep. 11, 2002, when I was brought in to clean up her mess. It was nasty work. <https://t.co/JGs2aGXevD>
- If you're curious about the #Islamist-imposed censorship at London's @Saatchi_Gallery, here's one offending painting, with Stars of David, Islamic Shahadas & a nude female. Me: -Amusingly, it's now covered with a #burqa -If not for the Islamists, no would note this tawdry item <https://t.co/D1jfdair76>
- As #Hamas is to #Israel, #Iran is to the #UnitedStates.
- After #Germany's ruling coalition voted 397-1 against a parliamentary resolution in favor of friendlier voting record vis-à-vis Israel at the @UN (details here: <https://t.co/PgjtDya45i>), FM @HeikoMaas' pieties below are a bit tough to take seriously. Actions, not words, please. <https://t.co/gsnPmNTan>
- The press release for the "#Homelands" documentary about mass migration to #Europe asks a remarkable question: "#Jews are leaving Western Europe to repatriate to #Israel because they no longer feel safe. ... For #Christians, an unanswered question remains - where is our Israel?" <https://t.co/vbHF7mvT9j>
- By now, probably the entire world knows that @Facebook (with its 2.4 bn monthly active users) took its name from a literal book that @Harvard University gave each incoming freshman, containing pictures of all his classmates' faces. Well, here is my Facebook picture, from 1967. <https://t.co/dK9G8kvwXL>
- #BaruchYedig: Economic privation has prompted some 19K #Gazans to leave home & make the harrowing, expensive trip to Europe. Me: #Hamas' #antiZionist extremism, greed & brutality are, ironically, reducing the hostile population ready to confront #Israel. <https://t.co/mnPSCMB4ZL>
- The good news: Massive protests in #Sudan just pushed out long-time #Islamist dictator Omar al-Bashir. The bad news: The ruling military council insists that #Sharia remain the basis of the country's laws. Me: Looks like a 2nd revolution is now needed. <https://t.co/qvzUMQbD3T>
- Has a #civilizationist opponent to #Merkel & #Merkelism emerged in the #CDU? Keep an eye on Berlin's Hans-Georg Maaßen (@HGMaassen) who speaks frankly about the "poison" of #Islamism. As former head of the #BfV, an intelligence agency, his opinion counts. <https://t.co/Q1ZSn7QAjz>
- The International Judo Federation (@Judo) has unexpectedly emerged as a significant anti-#BDS force, coercing #Iran's government to allow its athletes to compete against #Israelis. Will other international bodies follow suit? Time to #StandUpToIslamists. <https://t.co/3cPgKtJTAP>
- Exciting to see a Muslim woman, @LydiaGuirous, become a top figure in the Républiqueains (@lesRepublicains) party in #France & now lead the effort to designate the #MuslimBrotherhood as a terrorist organization. Of course, the know-nothings will (wrongly) dismiss this as #taqiyya. <https://t.co/8osD13iVyl>
- "Will the Iran Deal Last?" @i24NEWS_EN asks me. No, I replied, it won't: - Europeans can't/won't give Tehran what it seeks - Tehran will abandon the #IranDeal - Nuclear weapon tensions will re-emerge - Back to issue whether US or #Israel will attack Iran <https://t.co/yKi9xQ49XB>
- @BILD scoop: "No weapons delivery from #Russia [to #Turkey] - the #S400 is aborted." @RTERdogan's office denies this: "The S-400 procurement is a done deal." Me: The deal could be dead. E faces a terrible choice & likely fears becoming #Putin's minion. <https://t.co/HbqPWVvHG2>
- #Civilizationists are refreshing: @Sylvilisthaug, #Norway's new public health minister says "people should be allowed to smoke, drink & eat as much ... as they like," being adults who know full well what's good for them. Me: Oh no, where's the nanny state? <https://t.co/wOmeLdvvRt>
- Great news. I've just learned from @PhillyMag that #Philadelphia, the city where I've lived the past 33 years, is in the midst of a "sudden, spectacular rise" in #MidEast cuisine. It's surprising because relatively few MidEasterners live in the region. <https://t.co/tNUIHOTUSo>
- Alexander Wolf, an #AfD member from #Hamburg, quotes me at 3:07. It concerns my tweet (at <https://t.co/yLG7RJht3z>) about the lopsided Apr. 14 vote in the #Bundestag concerning actions at the @UN. I conclude that whereas "Merkel just talks, AfD delivers." <https://t.co/Fd2BMXPiz9>
- Talk about #deplatforming (that new verb which means denial of service to conservatives, especially ones vocal about #Islamism): Take a look at the ways of daily life in which members of #Germany's #AfD party are harassed. But it won't work. Common sense in the end will prevail. <https://t.co/11zpbdhNnB>
- @KhaledAbuToameh shows how #Jordan's 1994 peace treaty with #Israel encourages a toxic #antiZionism. Lesson learned: Pieces of paper do not end conflicts, a change of heart does That's what the #Trump plan should aim for; in other words, #IsraelVictory. <https://t.co/OBEN1TifOB>
- #Germany joins the UK and #Ontario in permitting polygamous immigrant families so long as the marriages were legally contracted elsewhere. Me: Poor #Mormons. If only they'd come from elsewhere. <https://t.co/LppGmUY8zQ> <https://t.co/L43hcxjmcZ>
- What a great testimonial from @CAIRnational, not usually our friend: The @MEForum has "enjoyed rapid growth in funding and influence in the current political moment." (Wish we could say the same about you.) As I often note, there's no compliment so sincere as a backhanded one. <https://t.co/IOACsILZFe>
- Five years later, it's again time to pull out this perennial cartoon explaining how too many understand #Hamas-#Israel confrontations. <https://t.co/teMFFXVmLC>
- ICYMI: Abdullah Bozkurt (@abdbozkurt) reveals that #Erdoğan intentionally in 2012 sent a Turkish RF-4E warplane into #Syria's airspace so it would get shot down. Why? To drag @NATO into his failing war in Syria. And the DoD still sees him as an ally. Sad. <https://t.co/G3kcf69PBU>
- The number of 2018 visitors from #Muslim-majority countries to #Israel is surprising: 38K Indonesia 14K Malaysia 12K Jordan 5K Egypt 2K Morocco 1K Tunisia In contrast: 81 Qatar 34 Kuwait 25 UAE 6 KSA Takeaway: Governmental policies are not so important. <https://t.co/z8Rpo6Mho5>

- This @Gallup poll headline has profound implications: "US #Jews are more likely than #Christians to say #Trump favors the #Israelis too much." The numbers: 42% of Jews say too much, 26% of Christians. Why? Because most Jews are liberals despising Trump. <https://t.co/Jxq3hxUaMT> <https://t.co/7CovYnFsdA>
- On May 5, #Israeli forces bombed a building in which #Hamas hackers were stationed. This appears to be the first kinetic attack on electronic warriors. It will surely not be the last. <https://t.co/fj8BkYmld8> <https://t.co/0DeNNY8Uxv>
- Shockeroo: #Turkey's dictator #Erdoğan decided the good citizens of #Istanbul need another chance to get their vote right after rejecting his candidate for mayor. Me: And if they again vote wrong, will they get a 3rd opportunity? A 4th? #FarcicalDemocracy <https://t.co/2yRcRGRode>
- Oh great. I'll let the @Telegraph explain: "#AnjemChoudary, Britain's most notorious hate preacher, has been released to his family home amid concern that the banned extremist group that he led is posing a renewed threat to national security." #WeakWest. <https://t.co/rmJvXiosKg>
- Here is my @NYPost article of June 18, 2002: "@FBI directors don't make a habit of breaking bread with organizations their agents may soon be investigating, perhaps even closing. Robert S. Mueller III, however, is about to make precisely this blunder." <https://t.co/9EVQAFKgtb> <https://t.co/Foxmo5SeGI>
- Well, @CAIRnational issued an 85-page "American Philanthropy and the #Islamophobia Network" report today. It defames me (a "prominent sensationalist & conspiratorial actor") and links me via a nasty diagram to others whom CAIR dislikes. Welcome to the creepy world of #Islamists. <https://t.co/Qa3Xq3JcZO>
- @BenWeinthal: Yet again, #Austria's police fined those waving #Israel's flag at an #antiZionist demonstration for "provocation." Me: Hello Chancellor Kurz, Vice-Chancellor Strache & Interior Minister Kickl: Can't your pro-Israel gov't control its police? <https://t.co/HE1QGk4F6J>
- First the EU & #Russia condemned #Turkey's ships drilling for gas in the Republic of #Cyprus' EEZ. Now, #Israel expressed "serious concern" & the US is "deeply concerned" over this "highly provocative" step. Me: @RTErdogan has a unique ability to unite the world against himself. <https://t.co/qSZi1DWw6X>
- A new party, #StramKurs ("Hard Line"), headed by @RasmusPaludan, is likely to enter #Denmark's parliament in June's national elections. It goals: End #Muslim immigration, deport Muslims & ban #Islam. Me: Blame such radicalism squarely on multiculturalism & unvetted immigration. <https://t.co/l6HgrfiSxm>
- I've watched the video & it's a breakthrough documentary. @PREhov shows thru pictures & in conversations how PA & #Hamas leaders steal billions, leaving 90% of the #Palestinian population impoverished - so useful for propaganda purposes. Proud that the @MEForum helped fund this. <https://t.co/YVz0y2nJB0>
- @Gallup: Guess which region hosts the people who most say they were angry a lot the previous day? Yup, you guessed, it: Of course, the #MidEast. 41% #Morocco 43% #WestBank & #Gaza 43% #Iran 44% #Iraq 45% #Armenia Only surprise: Armenians the angriest? <https://t.co/W9vMi0mq0c>
- "Time to Stop Erdoğan!" Bravo to the Stockholm Center for Freedom (@StockholmCF) & its allies for the important ad in the @NYTimes about @RT_Erdogan's #Turkey as the world's leading jailer of journalists. h/t Banafsheh Zand (who, scandalously, has been banned from @Twitter.) <https://t.co/8SQD6K9gMT>
- Good to see: The US government has condemned the #ChiComms for "mass imprisonment of Chinese Muslims in concentration camps." That would be 1-3mn out of 10mn #Muslims, mostly #Uyghurs, living in #Xinjiang province. Time for global condemnation & action. <https://t.co/NuzcchEltN>
- Maybe, if @RTErdogan did not support #Hamas, which always initiates every round of fighting with #Israel, his lovely @AnadoluAgency office would yet be standing. Hey, Tayyip, it's time for you to think long & hard about the direction you're taking #Turkey. This will not end well <https://t.co/xKgYfnLxW0>
- In @NRO, I make sense of a riddle: Why the poor & weak #Palestinian quasi-states (meaning the PA & Hamas) 1. refuse #Israel's money & 2. attack it with rockets. The answer: It amounts to blackmail. By making Israel suffer, Palestinians gain many benefits. <https://t.co/rSpirMzfQg>
- #Turkey's ships will soon drill for gas in the Republic of #Cyprus' EEZ. The EU & #Russia have responded strongly (EU: "illegal action," "full solidarity with Cyprus"; Russia: "deeply concerned"). Will #Erdoğan back down or does a great crisis lie ahead? <https://t.co/LH5qytyzrN>
- I place @Prof_AhmetKuru's acute analysis - that #Islamism in #Turkey is going to fail - into the larger context of Islamism in Muslim-majority countries generally being in decline since 2012 at <https://t.co/op1juti7la> In other words, don't despair, the end is just discernible. <https://t.co/lBuFu0xxDf>
- In 1948, #Israel had 850K residents, of which ~650K, or ~76%, were Jewish. In 2019, it has 9mn residents, of which 6.7mn., or 74.8% are Jewish. At this rate, more than half the world's #Jews will soon live in Israel. <https://t.co/TLEmvOtGG0>
- It's gotten worse, with @JasonDHill6 now censored by his @DePaulU faculty colleagues & getting death threats. And all this because he stands with #Israel's prime minister. What has become of American universities? <https://t.co/RbKOtsi8sQ> <https://t.co/5w4Y5mQvDD>
- The @MEForum hosted @ImamOfPeace Mohamad Tawhidi today and learned much from this courageous & insightful anti-Islamist Muslim leader. <https://t.co/CfP5UAKTPG>
- I announced on Apr. 17 that "Jewish Voice for Peace Philly, #CAIR Philadelphia & the Tikun Olam Chavurah invite you to A Passover for Palestine" and called it a repulsive event: <https://t.co/ECJqFySwsz> Now, here is the predictably repulsive #Haggadah cover used at that seder. <https://t.co/lrMuzermYP>
- Did you know? Since 2007, US federal government agencies have handed over at least \$47 million to 61 #Islamist institutions in the form of 411 grants & contracts. For details see the impressive research by @Islamist_Watch's @SamWestrop at the @DailyWire. <https://t.co/y7l3yEfu06> <https://t.co/t9s2usmjC3>
- My new blog: It's 10 years since historian of #Turkey Ryan Gingeras (@nords41) - in a remarkably revealing book preface - admitted to the "cowardice" in his choice of PhD topic. He's done well over the decade but a troubled field of study has gone south. <https://t.co/q06g1pjiN1>
- Here I am, tweeting about @Twitter: It has "quietly dumped the Southern Poverty Law Center (@SPLCenter) from its "Trust and Safety Council," meaning that it no longer sees SPLC as a legitimate source of information. About time! Hey, @Facebook & @Amazon. <https://t.co/u2vtF6kyVI>
- The "Sports Illustrated (@SInow) Swimsuit Issue" normally shows very beautiful young women in teeny-weeny bikinis. No more: The editors have replaced the bikini with a hideous #burkini & shawl, presumably hoping to mainstream these garments so promoted by reactionary #Islamists. <https://t.co/fh56DczJSs>
- ICYMI: UK #Muslim parliamentarians (@APPGBritMuslims): "#Islamophobia is rooted in racism & is a type of racism that targets expressions of #Muslimness or perceived Muslimness." London & Scottish govts have accepted this, as did @UKLabour. Me: It's a hugely dangerous definition. <https://t.co/QlJaUzNwD>
- @Snopes confirms: In a British prison on rape charges, Stephen Woods declared himself to be Karen White, female, so he got transferred to a women's prison - where he quickly raped 4 prisoners. Me: Welcome to the sweet & light new transgender world order. <https://t.co/Y8Q07ulgiE>
- @AmbDermer minces no words, speaking on behalf of the Government of #Israel, about the @NYTimes, calling it "a cesspool of hostility towards Israel" and a safe-space for those who hate the Jewish state." Me: Leftist #antizionism careens out of control. <https://t.co/kz3uHbve7> <https://t.co/gsgZWOvnlL>
- #PalestinianAuthority logic: - Paying #jihadi families is its highest financial priority - #Israel reduced tax payments to PA by those amounts - PA rejects all payments until

- Israel pays in full - War of nerves ensues as Israel frets over PA collapse, intifada - # Hamas advances
- #Spain's first election results suggest: - The PM will be a Socialist - The legacy Conservative party moving toward #civilizationism is blamed for its losing >½ its seats - The civilizationist party had disappointing result If accurate, this shows how slowly things are moving. <https://t.co/KdAoD7rNyT>
 - Months later, #Absher (#أبشر) is still available at the Apple Store (go to <https://t.co/FZvVRLdB8C>). Me: It's pretty astounding that giant US tech firms are complicit in the #Saudi #mahram (guardianship) system by which men-fathers, brothers, nephews, sons-control women's lives. <https://t.co/jOPLBZo2Tj>
 - To all those who still try to deny the key distinction between #Muslims & #Islamists: Protesters gathered outside a meeting of the Popular Congress Party, an Islamist party close to #Sudan's ousted Pres. Omar al-Bashir, chanting: "No place for Islamists." <https://t.co/xM2WfEcAPX>
 - Ebtessam Al-Ketbi (@ekitbi), president of the @EmiratesPolicy Centre: Looking at the #MidEast's long-run future, it might be easier to see "the regional integration of #Israel" than of #Iran. Me: This is the silver lining of #Obama's wretched #IranDeal. <https://t.co/ASDRd7lu4>
 - @ToddHGreen wrote a book titled "Presumed Guilty: Why We Shouldn't Ask #Muslims to Condemn Terrorism." Me: - Can you imagine reading, much less writing, a 250-page book on such a trivial, apologetic topic? - @AEHarrod shredded this over-ripe tract in his analysis cited below. <https://t.co/hliivK983J>
 - Time & again, Turkey's Pres. @RT_Erdogan has formed clever tactical alliances (eg, with reformers, #Gülen, #Kurds), only to ditch them later. Will he now do the same, dropping the #MHP for the #CHP? Will the CHP allow itself to be suckered in? Stay tuned. <https://t.co/ANDm8Oct7j>
 - After 3 murders of workers, #Pakistan's government suspended its anti-#polio campaign "for an indefinite period." Me: This is the first time I know of #Islamists forcing a government to shut down an anti-polio campaign. It's very worrisome for all humans. <https://t.co/cp4VQ9lFDW>
 - Outrageous: It appears the #Saudi government has at least 16 times bailed out its students accused of crimes in N America, helped them flee the country, then ignore extradition requests. Me: Hey, #MbS if we're allies now, it's time for some real changes. <https://t.co/pcJRM4c27i>
 - Did you know? Universities increasingly demand from faculty statements of faith in "diversity, inclusion" & other woke ideologies. Me: While this is bad news, I wonder if codifying these leftist demands does not also indicate their brittle vulnerability. <https://t.co/hk0uyU23EH>
 - So, as soon as #TommyRobinson declares himself a candidate for the #EuropeanParliament, the Left jumps up & down, says it "would be a tragedy if a fascist & Islamophobic criminal" won a seat. My question: Might insane opposition not end up helping him? <https://t.co/H690xRMDyL>
 - I wrote about Prof. @John_Maszka, ridiculing his claim that I "insist that there is no such thing as a moderate Muslim." Maszka replied, asserting that I am "Guilty by Connotation," whatever that means. @EMShalev brilliantly replied to him. Match over. <https://t.co/Z4py1DQoxu> <https://t.co/EIPbcDiier>
 - @Gallup: Republicans favor #Israel's government over the #PalestinianAuthority by 50%. Conversely, Democrats favor Abbas over @Netanyahu by 1%. Me: This huge disparity means that traditional bipartisan US relations with Israel are effectively defunct. <https://t.co/TdOKWWyZmJ> <https://t.co/JEIFY0AgMC>
 - Threatened in 1982 by @JoeBiden with a cutoff of US funding, #MenachemBegin pronounced an immortal retort: "Don't threaten us with cutting off your aid. It will not work. I am not a Jew with trembling knees. I am a proud Jew with 3,700 years of civilized history." Go Joe, go. <https://t.co/gRRP5QAxrD>
 - What is this weird-looking gun held by one of PM @Netanyahu's bodyguards? It's likely a Chinese-made #Hikvision UAV Jammer which brings down drones up to 100s of meters away by interfering w their radio frequencies. Ah, the complications of modern life. <https://t.co/gYCjvO89ZG> <https://t.co/A18dxZMnmo>
 - Messiah complex? Just before announcing his presidential bid, @JoeBiden told top donors: "World leaders are calling me — and they're almost begging me to [run for president], to save the country, save the world." <https://t.co/FKiG6KKWkm>
 - Perhaps "Communist" is a better description of @BernieSanders than "democratic socialist"? Also: He now refuses to condemn @NicolasMaduro's brutal Communist rule, denies he's even a "dictator," claiming "there are still democratic operations taking place" in #Venezuela. Right. <https://t.co/TOOL6luAr6>
 - For decades already, US politicians have wanted formally to denounce the #ArmenianGenocide by name but dared not, fearful of #Turkey's reaction. As @RT_Erdogan alienates more & more Americans, the day of reckoning on one of these April 24s draws nearer. <https://t.co/PWJYwvvdTB>
 - The usual story, this time in #SriLanka: #Islamists, even violent #jihadis, come from privileged backgrounds & enjoy good educations. "Many of the suicide bombers were highly educated & came from well-off families. ... at least one had a law degree." <https://t.co/vPQDMJlifZ> <https://t.co/BTPtuarkzm>
 - Liberalism's gone haywire: It's tough enough to be 13 yo. But what happens when children feel sexualized pressure to come out as gay, bisexual or transgender? Eg, one normal girl is "regarded as boring" because she's not sexually fluid. O tempora o mores. <https://t.co/MPEpOKKOrx>
 - @JasonDHill6, professor at @DePaulU, has been savaged for this article. E.g., snowflake students claim it creates "unsafe & uncomfortable spaces." Me: - Wonderful to see such courage - One more proof of the lack of freedom of speech on campus - Hill deserves wide, loud support <https://t.co/uP3v8xPwK6>
 - As expected, the demise of #ISIS in Syria & Iraq has not ended its threat. It appears behind the #SriLanka & #DR Congo attacks. It has also been active in #Libya, the #Philippines & elsewhere. Me: Once again, terrible but compelling ideas endure & destroy. <https://t.co/25h5T2rS8O>
 - I nominate #Ukraine's vote as the wackiest democratic election ever: - The winner, #VolodymyrZelensky, is a comedian who played the president on TV - His political party, "Servant of the People" & its logo are the same as the TV show's - He's Jewish in the #1 antisemitic country <https://t.co/1wKNNFalup>
 - I published at @GatestoneInst another analysis of #MidEast studies, finding IR Prof. @John_Maszka "too dim to have common sense, too lazy to bother with research, too ideological to fix factual mistakes & too smug to care about the harm caused by them." <https://t.co/VfuYwI0Qqv>
 - The leader of the #CHP, #Turkey's main opposition party, @KilicdarogluK, attended a soldier's funeral today. Thugs attacked him. The police stood idly by. Me: - This follows on @RT_Erdogan's blaming the CHP for the death of that soldier. - Erdoğan takes another step to tyranny. <https://t.co/reqx6Z2zR0>
 - @UKLabour's Passover greeting was bad enough - with a loaf of bread - that it deleted; see <https://t.co/EZzAKwR2Bx>. @RashidaTlaib's is yet worse - with two loaves of bread! - that she has not deleted; see <https://t.co/rPxdkwFi64>. Lesson: Antisemites need to bone up on Judaism. <https://t.co/EFrW60Oqgj>
 - On a personal note, I'm proud to note that with the publication of an article translated today into #Lithuanian, my writings have now appeared in 39 languages, including ancient Greek, Latin, #Esperanto, Estonian, #Kurdish & Tamil. Thank you, #ProPatria. <https://t.co/pVJQqn52Y8> <https://t.co/YXTFWGioiU>
 - Doing the math, #SrdjaTrifkovic reports that "a #Christian living in a majority-Muslim country is 143 times more likely to be killed by a #Muslim for being a Christian" than the reverse. Me: - Sounds about right - Wonder what the ratio was in earlier eras <https://t.co/6NBjRqCij7>
 - #Egyptians go to the polls to vote on constitutional amendments that give Pres. #Sisi more power & extend his rule from 2022 to 2030. Me: - Did nothing change in 2011-12? - Will he, like #Mubarak, have a 30-year run as president? - Is the #MidEast permanently doomed to tyranny?

- Too funny! Corbyn's @UKLabour Party tweeted, "As Jewish people prepare for Passover, we're wishing everyone in the Jewish community chag sameach." Nice. But a loaf of bread? (Bread's strictly forbidden on #Passover.) A storm of mockery led the tweet's deletion. Clueless Labour. <https://t.co/RMI2VRyU4E>
- Very alarming Turkish newspaper report: The US government might sell #F35s to #Turkey if Ankara deploys its Russian-made #S400 system in #Azerbaijan or #Qatar. Me: We're talking classified information; what possible difference can missile placement make? <https://t.co/SnczDo34Kg>
- As #Vox surges before #Spain's elections on Apr. 28, the Establishment predictably tries to repress it, for example, by: - Excluding it from the TV debate - Taking its deputy leader to court for warning against "#Islamists" But, ultimately, these tactics will fail. Just watch.
- Am I the only one repulsed by this "seder"? "Jewish Voice for Peace Philly, #CAIR Philadelphia & the Tikken Olam Chavurah invite you to A Passover for Palestine." (For what @CAIRnational truly thinks of #Jews, see the horror at <https://t.co/CWyx0bwjbo>) <https://t.co/gNchSC67wb> <https://t.co/TFU4eTEgWy>
- This former #NeverTrumper (now #SometimeTrumper) looks at with puzzlement the frenzy over the #MuellerReport. If there was no collusion with Russia, 1. All Americans should be relieved. 2. The media must engage in serious introspection about its herd-like pursuit of a non-story. <https://t.co/QDCv3KdSMF>
- The sequence of events: 2008: Abubakar Osman posts gruesome #antisemitism 2015: He joins @CAIRnational 2019: @MEForum exposes his post 2019: Oh, #CAIR says, we strongly condemn that 2019: Spare us the hypocrisy, MEF replies, you knew all along who he was <https://t.co/CWyx0bwjbo> <https://t.co/qZdLbjqLL8>
- This cracks me up. <https://t.co/Mk4nKBKYMa>
- In my ideal scenario for Europe, the legacy conservative parties, dried up & without ideas, perk up by taking up civilizationism. That happened in #France in 2017 but failed at the polls. Will it now work in #Spain? Elections in 10 days will be revealing. <https://t.co/3g54vDdK6Z>
- We hear much these days of globalists, aka #DavosMan or the #Anywheres. Their spirit goes back a ways. Here is the American short-story writer O. Henry dilating on the type in his 1906 story "A Cosmopolite in a Café." This pre-airplane globe-trotting sounds so very modern, no? <https://t.co/tAZjiTk4iB>
- I've been pondering "Will #Islam survive #Islamism?" Here's a sign of trouble: "#Christianity grows in #Syrian town once besieged by Islamic State." #Kobani's first evangelical church opened in 2018. Its founder explains: "People were scared & felt lost." <https://t.co/STjiz1STQ4>
- Bet you don't know which country the #IMF predicts will have the world's highest economic growth rate in 2019. It's #Ghana, at 8.8%. Oil is fueling the boom but manufacturing & services also contribute. Me: Population growth in #Africa makes this vital. <https://t.co/F7fndT1ty8>
- Remarkable: #Louisiana Attorney General @AGJeffLandry has called out Rep @IlhanMN for supporting @CAIRnational, a group he said has "a long history of financing terrorist groups like Hamas, Hezbollah & Al Qaeda." Me: It's inspiring when a government official stands up to #CAIR. <https://t.co/cEZRhneKXa>
- French #Islamist responses to the #NotreDameDeParis fire? Insults, derision, joy. @Valeurs: "On social networks, 100s of Internet users, Muslims especially, have made fun of it or congratulated each other with hate messages, mostly ignored by the media." <https://t.co/H61IRreIMR>
- News from the #Netherlands: 4 straight polls show @ThierryBaudet's party, @FVDemocratie, to be the country's largest. Add @GeertWildersPVV's #PVV to the mix & the #civilizationists now win 24% of voters. Me: Almost ½ way to 51%, they'll get there soon. <https://t.co/iz8SQ6llyz> <https://t.co/zJavkgyUy1>
- Belatedly, we learn via #SaebErekat & @PalWatch, what #EhudOlmert offered #Abbas in 2008: 1. The whole #WestBank + some extra 2. #Jerusalem sanctities 3. 150K #Palestinians into #Israel Abbas' refusing this reveals his goal: Eliminate the Jewish state. <https://t.co/o8ejfmk1Li>
- Today's comic relief: The @Israel_MOD did not comply quickly enough with the #Israel Tax Authority's new procedures, so now U.S. "spare parts for combat jets, vital ammunition & more" sit uselessly in customs warehouses. Me: Gee, hope no war starts soon. <https://t.co/hsITplhjg8>
- #DavidBrionDavis, the distinguished historian of slavery, has died at 92. I first met him in 1979, as I was reworking my PhD thesis into a book, "Slave Soldiers & Islam" when he very generously helped me publish it with @YalePress. <https://t.co/oiSgJvCibm> <https://t.co/KYkP3jNyPP>
- There's a hope that #Indonesia's moderate version of #Islam will influence the #MidEast's more radical version. Sadly, that goes against the historical record & current reality, including the many #Saudi, #Qatari, #Kuwaiti-funded mosques & other projects. <https://t.co/NTpSCZHiWA>
- Is the fire at #NotreDameDeParis the symbol of #EmmanuelMacron's failed presidency? Of the collapse of the #CatholicChurch? Of French culture become unmoored? Of Western civilization's disarray? <https://t.co/FSe3ltzyYA>
- Here's a thought: Recent elections indicate that the only two reliably #conservative Western countries are #Hungary & #Israel. Everywhere else, conservatives merely warm the seats of power between liberal governments. Am I missing any countries? Are these two not as I see them? <https://t.co/rH6KgZ74nm>
- @MEForum fellow @RaymondIbrahim5 published his "European Churches: Vandalized, Defecated On & Torched 'Every Day'" hours before the #NotreDamedeParis fire started. Here's hoping it resulted from an accident, not arson, and (most of all) not #jihad. <https://t.co/45Jy2ID2xl> ...
- I feel pure heartbreak over the fire at #NotreDamedeParis and the destruction it wrought. Also anger: The cathedral withstood dangers for 850 years and burns now? Accident or arson - either shows the deep incompetence of the French authorities. What disaster follows on this one? <https://t.co/h1BR5WuLHs>
- I particularly like this photograph, taken at the recent #MCC conference on migration in #Budapest. I predicted that #Europe's population is too-slowly-but-surely waking to the twin issues of immigration & #Islamization, and that it will therefore be following #Hungary's lead. <https://t.co/T7MqeYFByO>
- Notice anything anomalous in this picture I took of a happy tourist family at the "#ParkingSquid" in #Seattle? Hint: Look hard at the blue thing in the background. It's a homeless tent. Really. For context, watch the wrenching video, "#SeattleIsDying." <https://t.co/PkwakwNfrS> <https://t.co/4EVmihD6Tx>
- The #Jordanian paper @AlghadNews (accurately and with minimum commentary) summarized my @WashTimes article on the likely nature of the deal that makes up #Trump's "deal of the century": "صفقة القرن: ملامح من صفقة القرن" Such coverage is both unusual & encouraging. <https://t.co/ybAazymu7t> <https://t.co/CF3LeHj7vU>
- In an interview with the @Hungary_Journal, I argued that #Hungary's government having a 2/3s majority in parliament allows it to pursue an ambitious program beyond what other #civilizationist leaders dare attempt. This makes Hungary & #ViktorOrbán critical for Europe's future. <https://t.co/CmV9tgXICf>
- Arab proverb: "Better a 1,000 days of tyranny than one day of anarchy." Iraqi reality: Nostalgia for the #SaddamHussein era, with its sense of community, low crime, social programs, regional power - is spreading, even among the brutalized Shii population. <https://t.co/OMmhuMiOxc>
- Well, of course #Egypt fails to produce enough food: pointy-headed geniuses in the ministry of agriculture decide which farmer plants what crop. The article below explains the rice fiasco. Socialism, anyone? Some lessons, so obvious, just never get learnt <https://t.co/dz1YooZ1dx>
- William Voegeli of the @ClaremontInst: "Any conservative who lives long enough will eventually be astounded by the need to defend propositions long considered self-

- evident," i.e., 2 genders, marriage between M&F, value of Western civ, what constitutes art. <https://t.co/BKVVsjGSa2>
- After visiting several remote, isolated, fortress-like US embassies in the #MidEast, how good to find that the one in #Bratislava, capital of #Slovakia, is in a normal building & without soldiers patrolling outside. Is that a side-benefit of not having many #MidEast immigrants? <https://t.co/pybfbp1RYO>
 - #EdgarAllanPoe: "it is the object of our newspapers rather to create a sensation - to make a point - than to further the cause of truth" (The Mystery of Marie Rogêt, 1842). Me: 1. #Fakenews goes back centuries 2. Creating a sensation & making a point are fundamentally different <https://t.co/LNHb3am5nJ>
 - @IlhanMN dismissed 9/11 as "some people did something" & several Democratic candidates for president - Inslee, Sanders, Warren - attacked #Trump for criticizing her. Me: It's bad news for all one a major party goes extremist. E.g., the UK's Labour party. <https://t.co/dAs9WPI3np> <https://t.co/DdBysNjnXO>
 - Has a new #Arabrevolt begun, comparable to 2010-11? On Apr. 2, protests prompted #Algeria's Pres. #AbdelazizBouteflika to resign. On Apr. 11, the military apparently removed #Sudan's Pres. Omar al-Bashir from office. Next? No obvious candidates; Syria & Iraq the most likely. <https://t.co/4BvDPXGKhR>
 - To watch the landing of #Israel's #Beresheet spacecraft on the moon, click below. The show starts 100 minutes from this posting. If all goes well, little Israel will join an exclusive club of giants (USA, Russia & China) & will do so on s shoestring. <https://t.co/CcBpGFidhG>
 - As #Europe's civilizationist parties gain strength, the Left instructs legacy right parties to snub them because civilizationists are really fascists. Eg, @NNougayrede's column. As the old saw goes, when you have no argument, call your opponent a fascist. <https://t.co/hnXh4pUoeO>
 - A side note on #Israel's election: ~8% of the votes were wasted, ie, went to parties that did not enter parliament; that's nothing compared to #Turkey's 2002 election, when 46% of the votes were wasted. And that's how the #AKP's #Islamists reached power. <https://t.co/YVUFyf8Zlr>
 - Glad to see S.922 to "limit the transfer of #F35 aircraft to #Turkey," happy it is bipartisan, hope it passes before a single aircraft gets transferred to Turkey. If the #Pentagon can't see that Turkey has gone rogue, the rest of us do. @SenatorLankford <https://t.co/u8PRwBzZvV>
 - The most idiotic commentary so far on #Israel's elections? Undoubtedly @BradleyBurston in @Haaretz: "With @Netanyahu Victory, It's Time We Admit: #Israel Has Become a Dictatorship." Me: Yup, Bibi controls the judges, the media, schools & all the parties. <https://t.co/TcJctH4Jm3>
 - Like everyone, I have criticisms of Benjamin @Netanyahu (whom I first met in 1983, when he was at #Israel's DC embassy & I at the @StateDept) but he's grown in office & I am delighted that he will continue in the job - and on July 17, 2019 become Israel's longest-ever-serving PM. <https://t.co/4HwjKGRPyi>
 - Have you ever wondered about the nature of the deal in #Trump's proclaimed "deal of the century"? Well, here's my perhaps-scoop in today's @Washtimes: "The Arab states recognize #Israel & Israel recognizes #Palestine." Remember, you heard it here first. <https://t.co/EsnDjmc6rW>
 - How badly does @Netanyahu want to be #Israel's next PM? The @Jerusalem_Post reports that on the afternoon of election day (today), he "went to the #PolegBeach in #Netanya to tell voters to stop lollygagging and go vote." <https://t.co/5qAa2B1S6F>
 - Today marks "@Harvard's Communist Uprising, 50 Years Later." I muse on the importance of the 1969 occupation & bust at @NRO. In brief, those would-be revolutions started a process of moving universities to the left - even as they moved me to the right. <https://t.co/CGxAsPg5Dm>
 - @CAIRnational opposes the "Anti-Semitism Awareness Act of 2019" whose limited goal is "To provide ... a definition of #antisemitism for the enforcement of Federal antidiscrimination laws." Can we all now agree that CAIR is openly & officially antisemitic? <https://t.co/BCc9xH5w3Q>
 - Is the #UAE the most repressive or the most polite country on earth? Read the story of #LalehSharavesh: she called her ex-husband an "idiot" in 2016 & was now jailed, on going to the UAE for his funeral). Me: Anyone can be jailed anytime for anything. <https://t.co/RTKcVwd9Qn>
 - #Estonia will likely be the 5th European country (following #Poland, #Hungary, #Austria & #Italy) to have an active #civilizationist party in government. And #Spain may soon be the 6th. To repeat my prediction: within 20 years, civilizationists will dominate #Europe's politics. <https://t.co/D4A7d9hKNI>
 - Charlotte Allen: @SPLCenter "followed the time-honored path of starting as a movement, turning into a business, and finally metastasizing into a racket." That tersely and beautifully sums up 48 years of increasingly wrong-headed history. <https://t.co/PDL2GnF65G>
 - Two French journalists reveal that the @QatarFoundation paid @TariqRamadan €420K (= US\$470K) per year as a "consultant." Me: 1. It's good to be #Islamist royalty 2. Did Ramadan pay taxes on this income? 3. He's still on the @UniOfOxford payroll 4. Did #Qatar's payments stop? <https://t.co/7KbcNOPtZE>
 - The flip side of immigration to #Europe: #AlejandroMacarron calculates that, discounting births by new immigrants, the EU 27 population of ~450mn decreases by ~600K per year. Plus, there's the phenomenon of Europeans fleeing #Eurabia that I documented at <https://t.co/vJObk3iVVt>. <https://t.co/CagcBDyw5J>
 - #Israel has per capita the fewest diet-related deaths in the world, just 89 people out of every 100K. #Uzbekistan with 892 per 100K diet-related deaths, has the highest rate. So, oddly, both the best & worst countries for diet are in the Greater #MidEast. <https://t.co/geQbxuRNg1>
 - @EmilyJoffee: "If @JoeBiden were a college student, the very stroking, smelling & touching he now characterizes as 'expressions of affection' ... could easily result in his being investigated by the Title IX office, and subjected to education-disrupting punishment." Such irony. <https://t.co/ISjUpBaY7k>
 - With a population of nearly 100mn in a microscopic area, #Egypt has a staggering density, as this picture of #Cairo indicates. With a #TFR of 3.26, it's going to keep getting worse until they make better use of water & open up the deserts. Hello, #Israel. <https://t.co/hriBIVzrbZ> <https://t.co/CqQf5xv3o6>
 - #Erdoğan may have just lost a mayoralty or two but he's firmly in charge of not just #Turkey but of weaklings around the world, as this incident strongly suggests. US universities like #Columbia are tough only vis-à-vis the Judeo-Christian tradition and political conservatives. <https://t.co/15oY4cJsaK>
 - #Texas has been producing oil since 1866. Its largest production ever was in 2018, at 4.2mbd. The prior record, in 1973, was a mere 3.5mbd. Me: Hooray for American ingenuity. There's nothing like it. And a special tip o' the hat to Mr George P. Mitchell. <https://t.co/6tQJhhlnKE>
 - Critical responses share a common theme of denying there's a "secret plot" or a "conspiracy" by #Islamists to take over the USA. But, sweet readers, read the article I referenced before spouting off. It shows the ambition to dominate is not a secret but loud, proud & in the open. <https://t.co/f5x8bXbeTR>
 - @RRapier: In a bond offering, @Saudi_Aramco revealed - for the first time - some of its finances. Gleanings: 1. It's inefficiently run 2. Its breakeven price is a very hefty ~\$40/bbl 3. SA's declaring war on US shale oil amounted to a \$1 trillion error <https://t.co/ZWHHfiV0GC>
 - Algeria's strongman #AbdelazizBouteflika has abruptly resigned after 20 years in power. Me: Hoping for the best but, with the country's history firmly in mind, fearing the worst for #Algeria, its #NorthAfrican neighbors & #Europe. I hope the "good old days" have not just ended. <https://t.co/vfb02dt4DI>
 - @imraansiddiqi heads @CAIRnational's office in #Arizona. His tweet below ridicules the idea that Islamists aspire to take over the USA - while encouraging them to do just that. For much more on this Islamist goal, see my 2001 article, "The Danger Within" <https://t.co/QK273xiw6O> <https://t.co/lzAL17uxr1>

- Media: "Erdogan... Staring at Major Electoral Defeat." "Erdoğan's grip on #Turkey slips as opposition makes election gains." Me: Nonsense. The elections are beauty contests that have almost no impact on #Erdoğan's power except influencing foreign investment. Hello Russia & China. <https://t.co/4Df9yBP4Oz>
- A #Pentagon spokesman: "Pending an unequivocal Turkish decision to forgo delivery of the #S400, deliveries and activities associated with the stand-up of #Turkey's #F35 operational capability have been suspended," Me: About time. Hooray, hooray, hooray. <https://t.co/CXYRKA6E9t>
- #HagiaSophia in #Istanbul is among the world's oldest (built in AD537), most important & most beautiful buildings. (It was 916 years a church, 481 years a mosque.) But now, its former head states, loud noise could cause the vast structure to collapse. <https://t.co/ddsb4b8xzD>
- #Algeria took another big step toward throwing off "le pouvoir" today, as Pres. #AbdelazizBouteflika announced he's stepping down by end April. What comes next? Me: I worry that what comes next will be far worse - look, for example, at neighboring #Libya. <https://t.co/CupONL5meN> <https://t.co/RocVYeDfKv>
- Yes, leftist hostility to #Israel keeps growing, but cracks in #Muslim hostility keep appearing, now from - of all places - in #Somalia. A #UNHRC abstention was no mistake but the result of high tensions over this issue. Read more, below. It's a new world. <https://t.co/NYHjbOcfBc>
- There's an effort - let's hope serious - to end female genital mutilation (#FGM) in #Egypt by 2025, using education & punishments (including jail time) to get the message across. Inspired by this goal, how about Western countries adopt a similar target? <https://t.co/OLUOnSed6w>
- ICYMI, a very feel-good story from #Berlin: The #Fraenkelufer Synagogue, mostly destroyed by the #Nazis in 1938 on #Kristallnacht, is now being rebuilt with the active cooperation of @RaedSalehBerlin, a #Palestinian-born local #SPD leader. <https://t.co/Cti42W4Mh6>
- More unexpectedly good economic news from #Sisi's #Egypt, reports @HanyFotouh. Of all the statistics, this impresses me most: a 5.3% current growth rate projected to reach 5.8% in 2020. By the way, Abou El-Fotouh is also surprised by this positive news. <https://t.co/4NBwQV8Tsz> <https://t.co/iOIQcpTFLe>
- Report: #Ankara's claims to the contrary, the US can manufacture F-35 fighter planes without the parts produced in #Turkey. So, there's now every reason to block the #F35s from delivery to Turkey and thereby landing, effectively, in #Russia's hands. <https://t.co/iLZpr5MzO>
- Note @CAIRnational's slippery definition of "#Islamophobe": "It is not appropriate to label all, or even the majority of those, who question #Islam & #Muslims as Islamophobes." IOW, CAIR gets to decide who meets its criterion of "close-minded prejudice." <https://t.co/xCwL4o1K2e> <https://t.co/wTs89VW8DZ>
- For a glimpse at #MidEast studies today, see the drivel by Lawrence Davidson (@PointAnalyses) of @WCUofPA published in an Iranian journal, "Human Rights" (!). Amusingly, he calls me a "radical American Zionist spokesman." Well, unlike him, at least I am not an Iranian spokesman. <https://t.co/mumvjdrdBo>
- Can we agree that the word "#Islamophobe" has reached terminal uselessness with a title like "Arab Regimes Are the World's Most Powerful Islamophobes"? (The reference, by the way, is to #SaudiArabia and the #UAE.) When you hear this word, substitute "critical of #Islamism" for it. <https://t.co/huNGwwmfIT>
- @PeterVincentPry applauds #Trump being the president who finally takes the threat of electromagnetic pulse (#EMP) seriously. And so do I. The USG has been derelict in not protecting Americans from this giant threat with just relatively small expenditures. <https://t.co/DJjkd18Xf>
- Report: The #Trump admin is open to the Mujahideen-e Khalq (#MeK) taking power in #Iran. Me: Good news. Not because I actually want the MeK in charge but because this prospect scares the living bejesus out of the ruling mullahs, making them more cautious. <https://t.co/7DKuNfD3em>
- For an informed assessment of Vox (@Vox_ES), Spain's civilizationist party with a good chance soon to become part of the governing coalition, see @HarryDQ's article on its goals and ambitions in London's @Telegraph. Me: No need to panic. <https://t.co/rb0QMwpmQl>
- Here's a splendid case of pure Erdoğanian logic: He threatens to turn #HagiaSophia, the ancient #Byzantine church, back into a mosque to retaliate for Trump's recognizing #Israel's rule on the #GolanHeights. Clue me in, please, if you understand #Erdoğan. <https://t.co/b82XUDvA27>
- Here is @TheNationalUAE's full interview: <https://t.co/6l21aX6n8Q> Another quote: AG "predicted increased contact between Arab countries & Israel, such as small bilateral deals & visits by politicians & sports players. ... He also forecast a deeper 'strategic shift' in relations." <https://t.co/oljHNqg2WY>
- #UAE's Minister of State for Foreign Affairs @AnwarGargash: "Many, many years ago, when there was an Arab decision not to have contact with #Israel, that was a very, very wrong decision." Me: Perhaps Gulf-Israel relations are more than just transactional. <https://t.co/bFHqZZ5TR>
- 2016's #NeverTrumpers have divided in 2. 1. Some, like @MaxBoot & @BillKristol still consistently oppose #Trump. 2. Others, like me, fear Trump's character but applaud most of his (surprisingly) conservative policies. I guess we are #SometimesTrumpers. <https://t.co/GRYFdLzppd> <https://t.co/jVCGv9sJEH>
- "#France may yet get its own @MatteoSalviniMI," writes @JohnLichfield disapprovingly. Yes Salvini makes his fair share of mistakes, but he is shaking up #Italy's rotten status quo, especially when it comes to migrants. Here's hoping Lichfield is accurate. <https://t.co/MbqlltUvJt>
- Andrew Marshall had an extraordinary run heading the Pentagon's Office of Net Assessment, 1973-2015. Sad to read of his death at 97. I interviewed w him for a job in 1978 but instead we occasionally chatted. He asked questions, I did most of the learning. <https://t.co/3CrX5YLkIM>
- How many historians have streets named after them? Not a whole lot. But here's #Mommengasse in #Vienna, named after #TheodorMommsen (1817-1903), the great historian of ancient #Rome. Unfortunately, he was also an extreme #German chauvinist. Oh well, historians can't be choosy. <https://t.co/2vXKPKgUn5>
- Look what greeted me when I recently exited a terminal building at #Berlin's #Tegel airport: a huge, multi-sided @TurkishAirlines ad urging me to visit #Istanbul. It reinforced my sense of Germany increasingly becoming an appendage of #Turkey. <https://t.co/14QiAX0S3f>
- #SusieLinfield offers a deep reason in her book, "The Lions' Den: Zionism and the Left from #HannahArendt to #NoamChomsky," for why Leftists turned against #Israel, concluding that it had less to do with changes in Israel & more with changes on the Left. <https://t.co/z49PxeKNSa> <https://t.co/xlCKvq5o1W>
- Today marks 40 years since the #Egypt-#Israel peace treaty. In 1979, it seemed like a game-changer; today, it appears useless, even counterproductive. For why, see below. This has major implications for today, too: #Saudi recognition is nearly worthless. <https://t.co/j8WDDL0vh6>
- It's widely assumed that the US government is retreating from the MidEast. But, in addition to #Trump's very bold #GolanHeights recognition today, it just signed an important new agreement getting access to #Salalah & #Duqm, ports in #Oman very near #Iran. <https://t.co/9nnJS08iB6>
- It's ironic: 1. In #Czechia, the president wants to move the embassy in #Israel to #Jerusalem but the prime minister decides & he says no. 2. In #Romania, the prime minister wants to move the embassy to Jerusalem but the president decides & he says no. Me: Just wait a while.
- Excellent discussion with @DouglasKMurray, @AyaanHirsiAli & Mosab Hassan Yousef (@SonOfHamas) whether #Islam & democracy are compatible. I argued that they potentially are - but it will take vast work over the decades to make that happen. Other speakers were more pessimistic. <https://t.co/f41OK31xD>
- #Trump: "After 52 years it is time for the US to fully recognize #Israel's Sovereignty over the #GolanHeights, which is of critical strategic & security importance to ... Israel

- & Regional Stability!" Me: This continues Trump's uniquely pro-Israel record. <https://t.co/H70JN9w1o4> <https://t.co/KwH8H4kRAR>
- In case you speak #Hungarian, I discussed migration-to-Europe issues today for 11 minutes on #Budapest's @ECHO_TV. Thank you to #AlexBLawani for the translation work. <https://t.co/PfNoLnA8zv> <https://t.co/7YR1MNdVGN>
 - @IamAmiraTaher @cynthia_farahat @frankgaffney @meforum Amira Taher has 10 times attacked @Cynthia_Farahat, each more vulgar & ad hominem than the prior one. CF is (once we are pulling credentials, Amira, mine way outshine yours) deeply knowledgeable about Egyptian & Islamic topics. If she makes mistakes, prove them. Or stay v quiet. <https://t.co/B09KbuiSTL>
 - #Hungary's government is abandoning the EU consensus and opening a trade office in #Jerusalem. Me: It's just a matter of time until #civilizationist governments move their diplomats in #Israel to Jerusalem. <https://t.co/flOkbLkqal>
 - Polls: The #Netherlands' other #civilizationist party, #FvD, has become, in its very first try, #1 or #2 largest party in the Senate. In combination with @GeertWildersPVV, civilizationists have ~20% of the seats & are likely to further grow. The trend is clear; can you see it? <https://t.co/hf0jzMBYt8>
 - @AdamMilstein is a dedicated, generous, hard-charging advocate for #Israel. @AIPAC, recipient of his donations, did very wrong by distancing itself from his critique of #antiZionists ("his views are not ours"), then dropping him from its big conference. <https://t.co/APh4gkKo8s>
 - I discuss in the @WashTimes today #WarrenTreadgold's excellent critique of existing universities ("Mummies, Zombies & Vampires?") & his ambitious but urgent plan to fix them (by founding an outstanding new one) at "Repairing America's Broken Universities." <https://t.co/XXKKmQdUZ>
 - #Hungary's #VictorOrbán at @V_of_Europe: Unless the EU is careful, #Europe can disintegrate into 2 parts, one #Islamized, one not. Me: The astonishing thing is: 1. This division would follow the Iron Curtain. 2. But with the eastern part now the free one. <https://t.co/AqqvUZ0f6L>
 - I went to #Berlin's Jewish Museum (@JMBerlin) today and was glad to see that a menorah has replaced the crescent that had decorated its #Jerusalem exhibit. However, the disproportionate attention to #NetureiKarta's bizarre #antiZionism remains a problem. <https://t.co/hZzXAwllWi> <https://t.co/2C6qSDTNDI>
 - #Germany's parliament voted yesterday on a resolution to vote favorably to Israel at the UN. 1 member out of 398 in the government coalition (2 circles on left) voted in favor. 89% of #AfD & 86% of FDP voted in favor. Me: Merkel just talks, AfD delivers. <https://t.co/9ew1U99Wye> <https://t.co/K0d69dWV49>
 - Does the Democratic Party "hate" #Jews, as #Trump claims it does? @GiITroy answers: "While no, it's not true that Democrats hate Jewish people, [they did show] that as a party, they don't hate the haters of Jewish people enough." <https://t.co/wEOY9ZOKHz>
 - #Jordan: I've been saying for a decade that "The #Bedouin have become Islamists and the #Palestinians have become bourgeois." For an excellent update, see @DanSiryoti in @JNS_org, "Jordan walks a fine line between the Bedouin and the Palestinians." <https://t.co/0K8gcAx1Rh>
 - @RepMarkPocan agrees with my assessment about the incessant, even obsessive, conservative criticism of #AOC, #Omar & #Tlaib: "Quite honestly, that gives them more power." When will conservatives wise up to the counterproductive impact of their efforts? <https://t.co/rLj3VEcJXD> <https://t.co/YMpy9PvBIN>
 - #Algeria has become the next Arab country (as I long predicted) to overthrow its tyrant, in this case the wretched #AbdelazizBouteflika. But can momentary joy be turned into freedom, democracy & stability? The chances are poor, but let's hope for the best <https://t.co/tLz66edodZ>
 - @NYTimes headline: "#Turkey Enters Recession, a Blow for Erdogan as Elections Near." Me: Ignore the election drama, which exists just to make the process look valid. In fact, it's totally, completely certain that #Erdogan's #AKParti will again prevail. <https://t.co/aHEqONdcg8>
 - Note the striking contrast in #Palestinian & #Israeli technological breakthroughs. One serves murder, the other cloud computing. Now, take a guess which group had which accomplishment. Not so difficult to figure out, eh? @IsraelHayomEng <https://t.co/tkcO6U4Jki>
 - The #Swedish media company @Samhallsnytt posted a very amusing interview video (with English subtitles), "Who's actually ready to welcome a migrant into their home?" I laughed when Ali appeared. Will those exposed as hypocrites recognize their hypocrisy? <https://t.co/qt8yGe0s28>
 - #ManfredGerstenfeld: When ~20 Jews created a #Jewish section of #Germany's #AfD party, the German Jewish establishment was so aghast that 17 Jewish organizations publicly condemned #JfAfD - or about 1 Jewish organization per member. Me: Something odd here. <https://t.co/zg7WorPEK4>
 - #Egyptian intellectual Abd al-Jawad Yasin agrees with my assessment that Islamism is in decline: "Political #Islam groups have no future and we are now witnessing the dying stage of the cycle of fundamentalism in the Arab world." <https://t.co/Hb8OpS3VbK>
 - #Trump on the hate-speech resolution: "I thought yesterday's vote by the House was disgraceful. ... The #Democrats have become an anti-#Israel party, they've become an anti-#Jewish party." He exaggerates but he also articulates a kernel of truth. Details: <https://t.co/LsRmFbwsx3>
 - The state of the modern US university encapsulated in a single sentence, reporting by #KarysRhea on a talk at @Columbia U by #JasbirPuar: "Fortunately, much of Puar's discussion was unintelligible." Can you follow the excerpt quoted below? @CampusWatchMEF <https://t.co/Uy5Rjla1yS> <https://t.co/P93k1Tivwi>
 - Amusing that the @NYTimes, blissfully unaware of conservatives, only sees the downside among liberals of @HowardSchultz' presidential run for @Starbucks. Hey, NYT: As a conservative who quit the Republican party because of #Trump, I too #BoycottStarbucks. <https://t.co/ZjXy13p7FW>
 - Okay class, let's talk about #hydrocarbons. #2019: The US exports more than #SaudiArabia (first time since the 1950s) 2020: The US exports more than it imports (first time since 1953) Thank you, #GeorgeMitchell for commercial #fracking & the #shale boom. <https://t.co/gg7Borkr6h>
 - How bad things almost are, with #Democrats and #Republicans no longer even able to agree on the weather forecast. <https://t.co/7Y3pJYtHht>
 - I note today in the @WashTimes that some of #Europe's Left has gone from pro-immigration to demanding strict border controls (because open borders lose them workers & elections). I suggest that, in time, the US Left might also make a similar radical shift. <https://t.co/RZZIRuJ5kF>
 - Well, that's a surprise: A 2017 survey of tourists to #Israel found that 22% of them were #Jews, 68% of them #Christians. <https://t.co/tskZZFBfI6>
 - @TimesofIsrael headline on a @Gallup poll: "Americans' support for #Israel falls to lowest point in a decade." Rs down 13%, Ds down 6%. But look at the graph below. 1. Opinions constantly waver. 2. 2018 was an all-time high. So, chill out, everybody. <https://t.co/NfYR0PEq4R> <https://t.co/pvk0A2k0cf>
 - Look at this, news stories #2-#4 at @Politico a few hours ago: All #IlhanOmar all the time. This nobody has even pushed #Trump aside in the news! That's a major mistake made by the Right, which is the overwhelming cause of her celebrity & her reach. <https://t.co/DxlZrAPsOZ>
 - How foolish is the Right to focus so much attention on powerless backbenchers like #AOC, #Omar & #Tlaib, turning them into stars. Note: #Corbyn festered for 32 years in deserved obscurity, attracting attention only upon becoming leader of the #LabourParty. There's a lesson here.
 - When I was young, #SigmundFreud was the everywhere genius whom I considered a complete fraud. So, it's a delight to learn today that #AlbertEinstein wrote of him in

- 1935: "I am almost positive that the thing with the Viennese doctor is a simple swindle." <https://t.co/uamexJg5a1>
- "Who Is Sisi of Egypt?" That's the title of an extraordinary debate in the new @MEQuarterly between @Ramy_Aziz1 & @Cynthia_Farahat. RA says Sisi's a Salafi Islamist. CF calls him "the most moderate president in the country's modern history." You decide. <https://t.co/AMJ2aar6Fy> <https://t.co/xcdsTu5b2n>
 - It's fascinating to watch how a sense of solidarity prompts the highest-profile US socialists - Sanders, Omar, AOC - to refuse to condemn Venezuela's Maduro. 1. As he is evil & doomed, they go down with him. 2. If they condone him, imagine what they would do to fellow Americans.
 - #Estonia's civilizationist party, #EKRE, more than doubled its share of the vote in elections yesterday to 18%. But the other major parties absolutely refuse to deal with it, so Estonia will reprise the government-formation agony that #Sweden just finished <https://t.co/MejhmpKaqx>
 - Prof. #WarrenTreadgold humorously dismisses the utility of the postmodern approach as he woos students to study with him the history of #Byzantium: Race, class & gender for Byzantines are comparable to red hair, business acumen & physical strength for us. <https://t.co/i5bHFMLoHR> <https://t.co/6tMJTdqnT>
 - Nearly all Israelis agree that #ArielSharon's unilateral withdrawal of civilians & troops from #Gaza in 2005 was a disaster, leading to missiles, attack tunnels & burning kites. But bizarrely, not so Maj. Gen. (res.) @Roussou_Tal, who's #2 on Labor's list. <https://t.co/BAftIE8Yut> <https://t.co/irwS5pXFFh>
 - Since the #SuezCanal was built 150 years ago (in 1869), the #SinaiPeninsula has been cut off from the rest of #Egypt. That's finally being remedied with 4 long & expensive tunnels under the canal. Well done, #Sisi. Note @ArabWeekly's remarkable picture. <https://t.co/OtMxndMJ9w>
 - The anomaly of having a special US consulate for the #Palestinians that reports directly to DC (and not through the embassy in #Israel) finally ends tomorrow. Me: 1. There's no consulate for #Tibetans. 2. Bravo to @SecPompeo & the #Trump administration. <https://t.co/CjBidcn3xR>
 - Current protests in #Algeria against the aging, incapacitated tyrant #AbdelazizBouteflika running for a fifth term as president suggest Algeria will be the next #Arab regime to collapse. I've been predicting this for years. Eg, see my January 2017 tweet. <https://t.co/RocVYeDfKv>
 - Turkey's Pres. #Erdoğan: Full membership in the EU is a "strategic goal." Me: 1. Take a look at the map. Only 3% of #Turkey is in #Europe. By this logic, Spain (which controls 2 enclaves in Morocco) should join the @AfricanUnion. 2. Turkey is in every way MidEast, not Europe.
 - #AlejandroMacarrón has compiled #Scandinavia's declining birthrates: They went from near-replacement (which is 2.1 children per woman) a decade ago to ~3/4s that number today. If north-most Europe continues this pattern apace, in about 2035 2 adults will average just 1 child. <https://t.co/sq1EicTY9t>
 - I hold no brief for the UK's @nazir_lord, 61, but this is ridiculous: He's been charged with 2 counts of attempted rape & 1 of indecent assault ... for incidents that allegedly took place in 1971-74, when he was 14 to 17. No one is safe from the furies. <https://t.co/MxNrdkhLVy>
 - @KhaledAbuToama: As #MahmoudAbbas enters the 15th year of his 4-year term, #Israel holds its 5th election since 2006. In contrast, the #Palestinians have held not a single election in that entire period, neither by the PA nor #Hammas. Note the difference? <https://t.co/DLMgjl4m9K>
 - The good news: A major new natural gas find in #Cyprus' EEZ, some 5-8 trillion cubic feet worth. The bad news: #Erdoğan might not just demand his share but he might use force to grab the gas. Keep watching the eastern #MediterraneanSea as tensions rise. <https://t.co/KkiOJCHFBd>
 - For an excellent explanation of #Sweden's "exceptionalism" & the role this plays in both keeping the #SwedenDemocrats out and the #SocialDemocrats in, read this (pseudonymous, of course!) article in @AmInterest. <https://t.co/jPc6zLtc13>
 - @JonathanS_Tobin of @JNS_org finds the 3 Netanyahu indictments "unfair & inevitable." He shows how none of them will stand up in court & how none would dare have been issued in the US. But they could profoundly affect #Israel's election. He convinced me. <https://t.co/ROeyezhau> <https://t.co/zYkGflls7h>
 - Can someone explain to me why the investigation into @Netanyahu, which took two years to complete, led to an indictment five weeks before #Israel's elections? It could not have been earlier or later?
 - There's something surreal about #JaredKushner meeting with #Erdoğan to forward a #Palestinian-#Israeli peace plan. Obviously, Erdoğan will use whatever he learns to sabotage the US efforts. One might as well go to Tehran and meet with #Khamenei about it. <https://t.co/8OsA4U2puX>
 - Wondered about the source of @JeremyCorbyn's pro-#Soviet & #antisemitic views? Wonder no more. The @MailOnline exposed Corbyn's dependence on the vile @SeumasMilne. "Corbyn is a little bit thick. It's no exaggeration to say that Milne is Corbyn's brain." <https://t.co/61lwLxCXJS>
 - There it goes again: @Facebook permanently banned #TommyRobinson because he "calls for violence targeted at #Muslims." But that's a lie. Real reason for banning: TR exposed the @BBC in his eye-popping documentary, #Panodrama. Giant media stick together. <https://t.co/m5vpr9azEh>
 - Further confirming his unchallenged standing as the worst & most corrupt vice president in US history, now comes news that #SpiroAgnew wrote the #Saudis in 1980 telling them that the #Zionists were out to get him & how "desperately" he needed their money. <https://t.co/XtcJUZMkcZ>
 - News: The EU developed plans for "regional disembarkation platforms" to process would-be migrant claims in #NorthAfrica. But the @AfricanUnion replied: That's "like modern-day slave markets." Me: Nice try, #Europeans, but this clearly will not work. <https://t.co/znD0UA0bCc>
 - #Venezuela's lawful president, @JGuaido, announced yesterday that "high officials" of the @NicolasMaduro regime "have already left for #Turkey." @Ahval_en reports on rumors that the notorious but vanished Tareck El Aissami (@TareckPSUV) is already there. Me: How very fitting. <https://t.co/nFJ4wJesXn>
 - ICYMI "@Frontex: Africans made 2/3s of illegal arrivals to EU in 2017" Me: 1. Wondering what the percentage was in 2018 2. #Europe has 750mn inhabitants. Demographers predict #Africa's population will double to 2bn in 2050 & double again to 4bn in 2100. <https://t.co/y9fdXQlts>
 - @Oded_Forer elegantly advocates #IsraelVictory over #Hammas in today's @Jerusalem_Post. In the end, it's all quite simple: "Wars have historically ended when one side wins and one loses." That wisdom applies to the #Palestinian-#Israeli conflict. <https://t.co/McQBLEKTYV>
 - Here's more, in English, on the #IsraelVictory Seminar called by #Israel's new CoS, #AvivKochavi: The topic is "changes in the @IDF, changes with the enemy & how to secure ... victory in light of those changes." Me: Remember, victory = the enemy gives up. <https://t.co/BeWSKYDHCH> <https://t.co/ZbN4kjB7rM>
 - Exciting news from #Israel: #AvivKochavi, the new @IDF chief of staff, instructed the brass to prepare a "Victory Workshop." Better, this confirms prior signals he's given about #IsraelVictory. Best of all, it's but the first stage of a multi-year program. <https://t.co/xGEZ1GM350>
 - Yes, they're really so desperate: Foreign direct investment (FDI) into #SaudiArabia in 2017 was \$1.4bn, down from \$7.5bn in 2016 & \$12.2bn in 2012. FDI in smaller Oman & Jordan was \$1.9bn & \$1.7bn. Lesson: #MbS must clean up his act h/t @garycambill <https://t.co/lzmcazDfsj> <https://t.co/d98m1al78j>
 - @YaakovLappin at @BESA_Center has a great idea: The @IDF should "decimate #Hammas's military wing ... but leave its political wing & police force in place." This both avoids a #Somalia-style anarchy & severely diminishes the threat to #Israel from #Gaza. <https://t.co/PVxi5UMU9g>

- @RabbiShmuley has it right: Israel's brand-new FM @Israel_Katz made a severe mistake saying that Poles "suckled #antisemitism with their mothers' milk." 1. #Poland is a great ally of #Israel. 2. Leave historical controversies to the historians, please. <https://t.co/iaai8MaSjV>
- #Saudi CP #MBS: "#China has the right to carry out anti-terrorism & de-extremisation work for its national security." Ie, he endorsed 1mn #Muslim #Uighurs being placed in concentration camps. Me: Is #SaudiArabia really so desperate for foreign investment? <https://t.co/qm2Abh38A0>
- Hooray - #Trump has decided to leave 200 US soldiers in NE #Syria, near the Syrian border with #Turkey. Why that symbolic force is important: It suffices to keep @RT_Erdogan from invading & attacking the #Kurds, as he dares not assault & kill #Americans. <https://t.co/Z9WmSAtfb4>
- Fine. But 3 questions: 1. Have @AJC or @AIPAC similarly decried #Israel's #Arab parties - @Hadash_org, @tajamoa, #Taal, or #Raam - and refused to meet with their members? 2. Have they in similar fashion refused to meet with world dictators? 3. If not, why the double standard? <https://t.co/Jv77Cq2W9T>
- #Saudi CP #MBS visited #Pakistan & what did his hosts give him? A gold-plated @HecklerAndKoch MP5 submachine gun, complete with elaborate engravings. Me: 1. What's the import of this weird diplomatic present? 2. At least it's not a gold-plated #bonesaw. <https://t.co/tYoboKqyzQ>
- Jacob Wirtschafter (@levantreporter): #Egypt's government is finally "comfortable enough now to glorify" the pre-1952 monarchy, "when buildings were beautiful, people were elegant & everything looked nice." Me: It's an important sign of political maturity <https://t.co/05Oe5FMEuM>
- Step by step, the Gov't of #Israel gets closer to relations with #Austria's #FPÖ #civilizationist party: @Netanyahu chatted with FM @Karin_Kneissl. Me: That's all to the good. Israel has too many enemies to ignore its friends. For that "more soon," see <https://t.co/uAzLpn0jSP> <https://t.co/NsJ0nzHADY>
- Poor Olde #England: A canon law from 1603 required Anglican priests to hold services on Sunday in every church they oversee. But declining attendance meant fewer priests, meant more part-time priests, meant stress, means now canceling that law. What next? <https://t.co/8ZBdPxSTZE>
- Which countries have sent probes to land on the moon? Russia, USA, China and ... #Israel. In keeping with its size, today's launch of #Beresheet is on the cheap, taking ~15 times than a direct shot. It's "@Uber-style space exploration." Mazel tov to all. <https://t.co/A2Ja8FtxEN>
- @AmnonLord: That 3 out of the 4 leaders of #Israel's new "#BlueAndWhite" party are former #IDF chiefs-of-staff highlights the fact that "@Netanyahu is the only political leader who can defy the national security establishment on cardinal issues." <https://t.co/lcSSqC65EG> <https://t.co/rwGnrMEqTJ>
- Scary: #Iran claims to have commandeered US drones in #Syria & #Iraq, and the claims are plausible. Me: Americans spend \$700bn on the military. And it cannot even protect us from Iranian hackers? <https://t.co/ADZMLY0Co>
- Meet the leadership of #Israel's new "#BlueAndWhite" party. What's striking: 3 out of the 4 are former #IDF chiefs-of-staff. Has another democracy ever hosted such a brass-heavy political party? Does the military really have 3/4s of the country's solutions? <https://t.co/y11nMtDFL3>
- Look what a scholar I was in 1978, piecing together the history of "#Turks in Early #Muslim Service" in the 7th-9th centuries CE. (I only got around to posting it today.) In it, I unearthed the origins of the Turks' 1000-year domination of the #MidEast. <https://t.co/7KKQ5r2rpE> <https://t.co/QtJODiB4a>
- I chatted with @GreggRoman in a 15-minute radio interview about a number of current MidEast issues. We cover an impressive amount of ground in that short time. <https://t.co/r0iC5GsiQH> <https://t.co/qJlBx80WjU>
- After 4 years of ignoring the #Uyghurs' plight, @RT_Erdogan has suddenly spoken up for fellow Turks in the #Xinjiang province of #China. Wonder why? Because all politics in local: this shores up his nationalist credentials ahead of the Mar. 31 elections, even at an economic cost <https://t.co/nQa0rjoEID>
- ICYMI #China is covering \$35bn out of the \$45bn that Sisi's built-from-scratch capital city of #NewCairo costs to build. As a historian, I note that we saw this movie 1½ centuries ago, when the French & British financed the #SuezCanal. It won't end well. <https://t.co/089LMBQNui>
- Great headline atop @Aaron_Kliegman's article in the Washington @FreeBeacon about this little scandal involving a pro-#BDS enemy of #Israel using Israeli technology on her anti-Israel website: "Oops: @RashidaTlaib Caught Supporting the Occupation" <https://t.co/7NMPWxPiXF> <https://t.co/g7vYtG2c8D>
- Without fanfare, #Trump on Feb. 15 signed the "Consolidated Appropriations Act" that bans sale of #F35 fighter jets to #Turkey until the #SecState reports on @RT_Erdogan's purchase of #Russia's #S400 system. In other words, bye-bye Erdoğan, ally-no-more <https://t.co/JcB7cZrgDV> <https://t.co/WaxWhfwvZA>
- @BillGertz: #MonicaWitt's defection to #Iran reveals broken a US intelligence service. For 30+ years, it can't keep secrets "to protect itself from foreign penetrations by hostile spy services or to prevent ... officials from defecting." Sad. No, pathetic <https://t.co/G81ulhwt0r>
- #MahmoudAbbas has often threatened political suicide - ie, the collapse of the #PalestinianAuthority. It worked, as #Israel capitulated. He's doing it again, but it looks like the Israelis now will let him proceed. I, for one, won't miss the PA at all. <https://t.co/kdyrG1vCaW>
- The DC federal appeals court allowed a \$1bn "war crimes" lawsuit vs #SheldonAdelson & other Israel supporters to proceed. Me: 1. Brilliant! Let's turn all policy disputes into a legal battles. 2. Unelected judges definitely should run US foreign policy. <https://t.co/CH0Xcfw85G>
- #AlejandroMacarrón has located #Europe's 10 regions with the lowest birthrates. #Spain boasts 5 of them, with AM's native #Asturias the very lowest, at 1.04 children per woman (#TFR). At this rate, how long until the #ReReconquista turns Spain into an extension of the #Maghreb? <https://t.co/Zm5fr4uIRH>
- Should I be pleased? @BernieSanders has appointed @FShakir his campaign manager. Shakir flatters me as 1 of 5 analysts who has shaped Muslims' standing in the US - as though 9/11, Beltway Snipers, Ft Hood, Orlando, #FGM, honor killings, etc. had no role. <https://t.co/rdg4tfxOc2> <https://t.co/rv39LZOtK5>
- @GatestoneInst: @RT_Erdogan has come up with "food terrorism" to explain away rapidly rising vegetable & fruit prices. (Read below to appreciate the full idiocy of this argument; onions?) Worse - in their paranoia, #Turks widely accept E's explanation. <https://t.co/s646NUaZTZ> <https://t.co/CTHw0r8PyF>
- This @PewResearch chart offers an insight into which European countries will be most overrun by immigrants. Note the 7 at the bottom, all in NW #Europe. 1. Goodbye Scandinavia, Benelux, Germany, France. 2. It's an unprecedented historical transformation. <https://t.co/CtSMZAZRPv> <https://t.co/LvQDsVU8Rt>
- No one says that #Saudi CP #MBS is a modest man; he spent \$300mn for a fake French chateau, \$450mn for a real Leonardo painting and \$500mn for a yacht. He sure traveled in style to #Pakistan. Choose your favorite extravagance. Mine is the 80 containers. <https://t.co/fSq8TnwVRI> <https://t.co/HIjBo23WUo>
- @WHO: 98% of Somali girls undergo FGM. Guess how Somali-born Ilhan Omar (@IlhanMN) responded when @RepMaryFranson promoted anti-#FGM legislation in the #Minnesota House? "What I don't want us to do is to create laws because we want to get in the media." <https://t.co/w4LAbQ5hXm> <https://t.co/GuHluAL5a>
- Congratulations to @DrBrandtSmith & his @ArkansasHouse colleagues for passing HR 1006 against the #Islamist totalitarians in general, @CAIRNational in particular. Now, which state will go next? Time to follow the #UAE's lead. @SRMandales, @Islamist_Watch <https://t.co/Qy6QkXZOs6> <https://t.co/3a2tugSnUq>
- Why does @RT_Erdogan seek a following among #India's #Islamists? Because he wants their support for his becoming #Caliph, of course. For details, see the

fascinating article by @AbhinavPandya at @HaaretzCom. <https://t.co/eUxwJbc3JJ>

- The #Chicago Cubs have, after a "frank and constructive dialogue" succumbed to the demands of @CAIRNational that it combat "Islamophobia." Me: And just how will @Cubs fans respond to the news of their favorite club submitting to #Islamist totalitarians? <https://t.co/d5urGHoSGA>
- Even the leftist academy rejected the execrable & foul-mouthed @SteveSalaita; he now drives a school bus. Despite his rage ("the academy's loftiest mission is ... to eliminate any impediment to donations"), his take on this transition is surprisingly good. <https://t.co/mwqHxgnsG9>
- @MatteoSalvini plans to deport ½mn illegal immigrants from #Italy. But this tale of a single deportee from #Israel, who was then refused entry by his home country of #Niger, shows the huge obstacles in his way. Me: Expect many more stateless persons. <https://t.co/Cgx12owidm>
- Good to see the creation of Alums for Campus Fairness (@CampusFairness), a high-powered group "to combat campus #AntiSemitism and Anti-#Israel bias." 1. It has its work cut out. 2. Can these biases be confronted without confronting all of campus Leftism? <https://t.co/FhtB1Df1Mt>
- 1. Israel finally penalizes PA for rewarding terrorists financially 2. #MahmoudAbbas responds by rejecting all funding from #Israel - ½ the PA's budget Me: Abbas is so weak vis-à-vis # Hamas, he must pursue irrational & self-defeating policies. @PalWatch <https://t.co/lGa3TAXhrS>
- @Israel_Advocacy discovered that @RashidaTlaib - the #BDS advocate - uses @Wix technology, from an #Israel-based company, to power her website. 1. Beautiful hypocrisy! 2. Now what? Does she stick with it or change platforms? Both awkward. I am watching. <https://t.co/1YVXiOxAwZ>
- @AmirTaheri4 argues that, the Iranian regime's #Islamist ideology in shreds, it has turned to nationalism to try to find popular support. Taheri finds the switch profoundly unconvincing & expects Iranians concur. So do I, which explains why I see #Iran now as pre-revolutionary. <https://t.co/l11dg1AlqA>
- 1/2 Mabruk & congratulations to the American University in #Cairo (@AUC), celebrating its 100th anniversary. I spent 2 years in & out of there at #CASA, mostly learning #Arabic, just at its halfway point, 1971-73. I remain grateful for the opportunity. <https://t.co/Jn1tVic98L> ...
- 2/2 The @AUC Senate tried to dump Pres. Francis Ricciardone (@FrankDiplomacy) because he dared allow @SecPompeo to speak at the Amer U Cairo. Happily, the board unanimously endorsed him. Me: It's a bit weird when an American University goes anti-American. <https://t.co/N8ffXunAl6>
- @BruceBialosky: "the reason the press ardently attacks these [European] governments is because they are right of center, not fascist, but right of center." Me: Yes, #civilizationists are flawed but their opponents are more so. Dissent gets you jailed in the UK, not in #Hungary. <https://t.co/eKuqM7urMH>
- The Left specializes in being sour & negative. In a colorful example from #Israel, @RogelAlpher writes: "Severe overcrowding" & "a horrifically high birthrate" will "turn Israel into a living hell." Me: 1. Israel doesn't want babies? 2. Israel ranks #28 <https://t.co/omsrfAmhFh> <https://t.co/vvQgy1SmUo>
- As @VOX_es, #Spain's #civilizationist party, surges in the polls, averaging about 12%, the Establishment is going bananas. Eg, @FT denounces its "poison of anti-immigrant, anti-#Islamic nativism & radical rightwing nationalism." Me: It's natural & healthy <https://t.co/FdqEy4CnvO>
- To those diaspora #Jewish parents who urge their children to study in #Israel to become stronger #Zionists: @AkiBigman looks at a sample master's program at the @HebrewU's Faculty of Law & concludes the kids are more likely to leave it as #BDS advocates. <https://t.co/4tsnpY43IN>
- On getting my PhD, I planned on a university career, until campus radicalism quickly convinced me otherwise. Now, seeing the foul treatment of conservatives, I am grateful for a much better quality of life remote from institutions of higher "learning." <https://t.co/hn0tGVIOJQ>
- ICYMI: @RT_Erdogan's thugs threatened @AlonBenMeir of @NYUCGA when ABM convened a panel of critics of #Turkey's current regime. Happily, he and #NYU stood up to the hooligans. That's not something you can take for granted at today's American universities. <https://t.co/QeogYeAHYR>
- Ah for the good old days of #Egypt's classic movies. Here's a scene from `Anbar, a 1948 film starring #LailaMurad. Impossible to depict such a scene of dancing women these days - or since many decades already. <https://t.co/aacZtn8OuD> <https://t.co/GJ1Rilb5c95>
- ICYMI: @EmineErdogan, the wife Turkey's President @RT_Erdogan, actually & officially used the term "90-year wreckage" to refer to the republic founded by #Atatürk. Indeed, #Islamists roundly despise him, but this candor from her is nonetheless surprising. <https://t.co/eVgna0PFPC>
- ICYMI: There's lots of good economic news coming out of #Egypt. After a shaky start, #Sisi is doing a good job, thanks to such steps as floating the pound, imposing new taxes & slashing subsidies. The #IMF: Egypt's economy "has continued to perform well." <https://t.co/mPngA1v0I2>
- So, @KhaledBeydoun, a professor of "#Islamophobia," gets downgraded from 1st class to economy because of a malfunction & guess what happens next? Yep, you guessed it. He claims "Islamophobia" caused him to be picked out & manhandled by the captain. Right <https://t.co/gZ7739JHe7> <https://t.co/tZNB3173ci>
- The @StateDept issued a travel advisory yesterday: "Reconsider travel to Turkey due to terrorism & arbitrary detentions." Me: There's violence all over but a warning about "arbitrary detentions" is a bit unusual for a @NATO "ally." I am staying far away. <https://t.co/Z5YtyP3K0a> <https://t.co/fsd1v3iFyi>
- PM @Netanyahu (as paraphrased by @IsraelHayomEng) has "urged all interested parties ... to wait for [#Trump's #Palestinian-#Israeli] plan to come out before reacting to it." Me: In principle, that's good advice. But there's also a need to prepare for it. <https://t.co/gKJAUDF2Pb>
- It took 9 months to withdraw #Soviet forces from Afghanistan in 1988-89, with the final departure exactly 30 years ago today. The war revealed fatal Soviet failings & the power of #Islamist solidarity. The Left turned found refuge in #AntonioGramsci, the #Muslims in #SayyidQutb. <https://t.co/9x5i6eTNz5>
- I had nothing good to say about the #AbdullahPlan (aka the #ArabPeaceInitiative, API) when it came out 17 years ago. But my view of it has softened because I appreciate its symmetry & because #Arab states now have not seriously fought #Israel in 46 years. <https://t.co/nqTFkyjnxG> <https://t.co/oFwpivyDv1>
- If you plan to read one 30th-year retrospective on "The #SatanicVerses" episode, I recommend @Jon_Rauch's "Chilling Legacy of the @SalmanRushdie Affair," where he points to the many & negative developments that followed on that #Valentine's Day in 1989. <https://t.co/1iYcNxeMKA>
- @RT_Erdogan's blighted understanding of economics (remember the "interest lobby"?) now prompts him to get #Turkey's government into selling fruits & vegetables. He even claims that while this hurts "opportunists," it actually helps merchants. Yeah, right. <https://t.co/Hlo9iQfBal>
- According to @AmirTibon, PM Netanyahu just killed the #Trump plan for Palestinian-Israeli peace. According to me, it's DOA. No @Netanyahu-led #Israel government would accept "#Palestine" as a reward for decades of PA incitement & other wretched behavior. <https://t.co/s3EJwRPFXY> <https://t.co/aeV6Jy3P3>
- Today marks 30 years since #AyatollahKhomeini dispatched the worst #Valentine Day's message ever, condemning @SalmanRushdie to death for his "#SatanicVerses" novel. In retrospect, the middling-strong support for SR looks mighty impressive. Now, he would be far, far more isolated <https://t.co/vaxWQTXs8m>
- Guess how non-Muslim women in migrant-heavy cities like Vienna are protecting themselves from sex harassment, propositions & worse by Muslim men? You guessed it. They wear #hijabs to pass as #Muslims. Now, think through the profound implications of this. <https://t.co/rg5gSNyZ2M>

- @SoerenKern at @GatestoneInst: 1. #Germany is home to 6mn #Muslims, or ~7% of the total population of 82mn. 2. ~20% of the 65K inmates in the German prison system are Muslim. And ~½ the prison population is foreign born. Me: No wonder #AfD is growing. <https://t.co/yCZJNjLyms>
- ICYMI: @RT_Erdogan vowed to raise a "pious generation" in #Turkey but @KondaResearch's large-scale survey shows a significant decrease in piety over the decade 2008-18 in #Ramadan fasting, wearing a #hijab, or calling oneself religious. In short, E seems to be losing the battle. <https://t.co/HWjCGBG048>
- I respect so much of what @AnneApplebaum has written through her brilliant career. But why does she descend into this miasma of scorn for a very vital & important movement - the one I call #civilizationist - reducing it to the shortcomings of its leaders? <https://t.co/hW7zUrZSW2>
- The Islamic Republic of Iran this month is celebrating its 40th anniversary. I am going out on a limb here and predicting that there won't be a 50th anniversary. #Iran is in pre-revolutionary ferment & is just missing a leader. He will come along well before ten years are up. <https://t.co/VtT8U9HQse>
- @CAIRNational: A "#Saudi-#Israel axis" exists & it's "working in tandem to smear & blunt the impact" of @RashidaTlaib & @IlhanMN. Me: 1. #UAE, #Jordan, #Egypt are also part of that "axis." 2. Amusing how #CAIR isolates itself from powerful #MidEast states. Good luck with that. <https://t.co/4JK9Fhc8JB>
- #Islamist rep. @IlhanMN is about to speak alongside someone who celebrates the murder of #Jews (see my prior tweet). Islamist rep. @RashidaTlaib wrote for antisemite @LouisFarrakhan's newspaper. 1. Notice a pattern? 2. The US is going down the UK's path. <https://t.co/mt2dDQs5fs>
- Solidifying her impressive #antisemitic credentials, Rep Ilhan Omar (@IlhanMN) will speak with @IslamicRelief's @Yabdallah1, who has shared a "very beautiful" story about "martyrs" who provide guns to "kill more than 20 Jews" & "fire rockets at Tel Aviv." <https://t.co/rLo4PySwuN>
- #GolKalev argues that #TheodorHerzl himself set a precedent for #Israel's government to do business with the #FPOe, #Austria's civilizationist party. I agree with his conclusion but have many reservations about Kalev's history and logic. <https://t.co/9vSWiunms3> <https://t.co/QdHURCOwaq>
- Important article by @arik3000 on #Israel's security establishment obstructing withholding funds to the PA that go for paying terrorist salaries. Next: Explain this timid mentality & offer solutions to change it. That's the #IsraelVictory Project's goal. <https://t.co/Q96JaQxfW>
- Shabbat Shalom this, Hebrew script that - @ArielElyseGold misses no chance to emphasize her claim to a #Jewish identity. It's all very heartwarming until one notes that she's a member of @CodePink which takes part in #Holocaust-denying shindigs in #Iran. <https://t.co/w8J6NkGqA8> <https://t.co/9KQZ0JBpzt>
- Questions for Benjamin Anthony (@OSSIsrael): 1. Did the #Qatar government give you US\$100K to encourage your advocacy of the "New @StateSolution" so that you would damage #Egypt's Pres. #Sisi? 2. Why have you not yet returned this money to one of #Israel's worst state enemies? <https://t.co/dvh1B1yMU4>
- @Bloomberg: Shortly after @NicolasMaduro visited @RT_Erdogan, a mysterious Turkish firm called #Sardes moved US\$900mn worth of #Venezuela's gold to #Turkey. In other words, E helped M evade US sanctions. Me: Of course, that's what @NATO allies always do. <https://t.co/TP1SIXeb2L>
- The president-elect of #ElSalvador, @NayibBukele, fits a surprisingly common pattern of #Arab immigrants & their descendants (often Christian) having an outsized role in #LatinAmerican politics. My blog reviews some of the more important & recent figures. <https://t.co/IDCFDgVw46> <https://t.co/oMXjq0adHu>
- One of the most fun things about being dictator is imposing your will on any damn thing. So, #Egypt's #Sisi decided that building facades need a unified color to be more "civilized": white for the coast, dark beige for Cairo & light beige for Upper Egypt. <https://t.co/g5MXNLQIRs>
- Watch @RabbiShmuley's 4-minute brilliant & impassioned discussion demanding a proper moral accounting by those #Jewish leaders who took #Qatar's money; it's at 38:12 in a video from @MEForum's conference on Qatar. @OSSIsrael @ZOA_National @MortonAKlein7 <https://t.co/CFyfug6w01> <https://t.co/6XE53RwJ35>
- PA spox Nabil Abu Rudeineh on the #Trump plan: If it recognizes a #Palestine in the whole of West Bank & Gaza with a capital in eastern #Jerusalem, "we are ready to sit at the table & negotiate immediately." Me: See, I predicted the PA would come around. <https://t.co/gT7cnUe6A9>
- Oh those poor, suffering West Bank #Palestinians. The @Guardian reports on the house that's "a mini Versailles, an opulent wonder-world of excess, which features everything from Ottoman thrones to a greenhouse that Napoleon III ... gifted to his mistress." <https://t.co/ZuEhJB16Au>
- Unnamed senior #Syrian official, via #BasNews: In an unprecedented case of Moscow attacking #Tehran's assets in #Syria, Russian forces blew up Iranian-held bridges over the Euphrates River. Me: How satisfying to watch thieves fall out over their spoils. <https://t.co/2S7GjINUvL> <https://t.co/kFHcuTu3JK>
- I discussed on @TheRebelTV the perverse reasons why @RT_Erdogan associates Turkey with a #Venezuela that's going down the tubes. Hint: It's all about anti-Americanism, that all-purpose tactic of the ignorant, the incompetent, the dishonest & the evil. <https://t.co/ysF1RcMGzw> <https://t.co/P5Vg20twVf>
- You can see all the speeches & conversations that took place at @MEForum's revealing #QatarTheMenace conference that took place yesterday. Just click below. <https://t.co/JsCEHJem6c>
- My #1 stalker, someone who calls herself @ArielElyseGold, once again disrupted my discussing the MidEast at the #USCapitol. Happily, the #CapitolPolice quickly intervened. You can see me on the video waving her goodbye until the next time she jumps up & makes a fool of herself. <https://t.co/HRv7Cb6m6UI>
- Oh no! Criticize #Qatar & @AlJazeera bites back. It says @MEForum's event yesterday took place in "a largely empty conference room." Nope. The conference hall was full, as the picture below indicates. This little lie shows how unreliable Al Jazeera is. <https://t.co/tEnUtbvW3H> <https://t.co/ZMAaFYgWpg>
- @MEForum held its #QatarTheMenace conference in DC today, exposing #Qatar's both obvious & subtle anti-American activities. Speakers also raised an enigma: Why does arguably the world's most vulnerable country use its vast funds to foment revolution? <https://t.co/dhFZN8lox8>
- @CengizCandar makes a profound point: That #Turkey's left-wing #CHP party (@herkesicinCHP) backs @NicolasMaduro without any regard for the welfare of #Venezuela's people points to the CHP's deep deficiencies & why it cannot challenge @RT_Erdogan's AKP. <https://t.co/ChDxxs21K>
- I will interpret what we currently know and predict from this what might come next. I worry - despite #Trump's excellent record on #Israel so far - that a radical shift favorable to the PA lies ahead. Come one, come all, for the intricate details. @EMET4u @EMETgirl @Ballabon <https://t.co/qaHysDooUy>
- If you thought #Mecca's Abraj Al Bait (aka, the clock tower complex) was overbearing & ugly, with its 7 towers, wait till you see #AbrajKudai, the world's by-far largest hotel, to open soon. Its 12 towers resemble a monstrous rocket launching pad. Or a phallic fantasy. You decide <https://t.co/mjhBRA04il>
- You are invited to watch the livestream of @MEForum's DC conference, "#Qatar: U.S. Ally or Global Menace?" Many speakers & much new information covering diverse topics such as soccer & hacking. It takes place on Wednesday, Feb. 6, from 9am to 4pm EST. <https://t.co/88eBB4KnOk> <https://t.co/v2U6xMy0II>
- #Hamas: "We are going to win, because [#Jews] love life & we love death." The "win" part is wrong, but the love of life & death is correct. Note #Israelis taking a winter break to enjoy the red anemones in fields burned in 2018 by Hamas kites & balloons. <https://t.co/nmps9zLI1D>

- . @CTRS_Khas annual poll: #Turks feel madly threatened by USA, then by Israel, Armenia, Syria, UK, France, Germany, Greece, Cyprus & Iraq. #TSSEA Me: @RT_Erdogan has succeeded in making Turks paranoid & conspiracist, something they were not 20 years ago. <https://t.co/GYLCXrPA3I> <https://t.co/3veQoQKP4M>
- . @CTRS_Khas annual poll: @RT_Erdogan hugely lost popularity in 2018 in #Turkey - but his two main rivals fared even worse. Me: 1. Like 20 years ago, Turks are in a foul mood 2. Unlike then, they now live under a tyrant, so they have no recourse #TSSEA <https://t.co/GYLCXrPA3I> <https://t.co/8M810XfuK8>
- . @MohSalmawy, a diehard #Nasser fan & writer, admits that young Egyptians tend to condemn the Nasser period as the "age of defeats." Me: Nasser was a scourge for #Egypt & its great to learn that Egyptians are waking up to the deep, lasting damage he did. <https://t.co/oLHE0gUcsG> <https://t.co/OBNLgUdN8b>
- Correction, that's #Qatar's subtle & refined response to the conference on "Qatar: US Ally or Global Menace?" The author of this crude tweet is none other than the ambassador extraordinary and plenipotentiary of Qatar to #Brazil. Diplomatic refinement ain't what it used to be. <https://t.co/L3C1p2MQMV>
- I've been called a lot of names through my career but only today a "#Saudi-#Emirates hired gangster." That's Iran's subtle & refined response to @MEForum hosting a major conference, "#Qatar: US Ally or Global Menace?" Watch it live 8:30-4 EST on Feb. 6 at <https://t.co/kMpJimMI03> <https://t.co/1Gc1TLSpag>
- Daniel R. Coats, Director of National Intelligence, sugarcoats the problem: "#Turkey's regional ambitions, a distrust of the US & the growing authoritarianism of Turkey's leaders are complicating bilateral relations & making #Ankara more willing to challenge US regional goals." <https://t.co/EiKFGzjwu>
- In what's called a "landmark case,," a London court found an (unnamed) 37-year-old mother of Ugandan origins guilty of female genital mutilation (#FGM) on her 3-year-old daughter. Me: Time to get serious about suppressing this illegal & barbaric practice. <https://t.co/pviiVo7VRw>
- "#Maduro Gives #Erdoğan a New Lifeline" reads @PinarTremblay's article. Sounds backwards - but it's not. The mix of #Venezuela's disaster & US hostility to Maduro serve E's electoral purposes by distracting attention away from #Turkey's economic decline. <https://t.co/JDZvtJ8C5b>
- Today, Feb. 1, marks 40 years since #Khomeini returned from exile to #Iran. It also marks 40 years of #Islamism, autocracy, bigotry, misery, corruption, oppression, nepotism, poverty, war & would-be genocide. May the downtrodden (#mostazafin) rise up & overthrow this tyranny. <https://t.co/oiHLRDZarX>
- Notice how #USsenators voted on the resolution that "a precipitous withdrawal" from #Syria threatens national security - ie, voted on #Trump's policy? R: 43 Y, 3N D: 25 Y, 20 N i.e., 6% of Rs supported Trump, 44% of Ds did. Me: It's not the first time Ds agree more with Trump.
- For years, #Massachusetts politicians have been morbidly drawn the Islamic Society of Boston (@ISBCC), no matter how this damages their reputation or emboldens our #Islamist enemies. Please call @MassGovernor @CharlieBakerMA, 617-727-3666, & encourage him to go to another mosque <https://t.co/FWHxWx3Rc1>
- It makes perfect sense that @ChristineAhn, a craven apologist for #NorthKorea's attempt to conquer #SouthKorea, should also be an enthusiast for the #Palestinian dream to destroy #Israel. Me: You can judge the virtue of a country by the depravity of its enemies. <https://t.co/wdcbnEPD60>
- #Saudi columnist Siham al-Qahtani (@sehama2) reflects the tectonic shift underway in attitudes toward #Israel (the Left is more hostile, #Muslims are more fractured): "Israel is a reality. Our failure to recognize this reality ... will not change the reality." h/t @ThePolForum <https://t.co/TgC4woRPY5>
- . @ZaheerAli of @BrooklynHistory Society: 1 out of every 10 children in #NewYorkCity's public schools is a #Muslim. Me: Accurate or (like @CAIRNational's demographic figures) wildly inflated? I tend to think the latter - but can be convinced otherwise. <https://t.co/SuBf4uzenF>
- Bravo to PM @JustinTrudeau & the Government of #Canada for offering asylum to #AsiaBibi, the #Pakistani #Christian woman on death row for a decade because she drank out of a cup reserved for #Muslims. Me: It's an inspirational end to a horrible story. <https://t.co/9h2705zwUZ>
- The 2019 @Bloomberg Innovation Index top 10: 5 in East Asia 3 in Europe 1 in the Americas (USA) 1 in the Middle East Now, guess which is the #MidEast winner, at #5: Libya, Sudan, Yemen, Syria, Iraq, Iran? Nope, none of those. Surprise! It's #Israel. <https://t.co/G6tsk4uKJI> <https://t.co/L9Sccc9rxu>
- I've talked with @USAmbIsrael David Friedman since my @WSJopinon article appeared last week. That analysis raised concerns about the #Trump administration's plan for a #Palestinian-#Israeli deal; see below for my thoughts following our discussion. <https://t.co/gQIUQa2oFy>
- That the #Visegrád group (#Czechia, #Hungary, #Slovakia, #Poland) will hold a meeting in #Israel is noteworthy in itself; and doubly so when one recognizes Israel's great importance to #Europe's politics. Me: It's a good thing. Bravo, PM @Netanyahu. <https://t.co/dxut9liZAU>
- #Iran's & Turkey's governments, along with #Hizbullah, are going all-out to support @NicolasMaduro's dictatorship in #Venezuela. Knowing that Maduro & his regime will end very badly, this touching devotion points to a certain perverse honor among thieves. <https://t.co/eN0Ej0Ej9c>
- It appears that Israel's PM @Netanyahu preemptively rejected one of #Trump's "deal of the century" conditions. Perhaps he hopes that doing so in a political context, before the deal is announced, will make it easier to reject this condition. We shall see. <https://t.co/0eRfizQUI9> <https://t.co/plQXF8B4oC>
- Even #Israel's achingly cautious @PresidentRuviv Rivlin today jumped on the #IsraelVictory bandwagon at @INSSIsrael: "From the inception of #Zionism until today, an Israel that initiates is an Israel that is victorious. Now is the time to initiate; now is the time for victory." <https://t.co/ZsrzJE9m80>
- Today, I tackle the delicate issue of tensions between #Europe's #Jews & Israel over civilizationist parties in @IsraelHayomEng, arguing that (1) what seems like a marginal issue has major importance for the continent & (2) #Israel inevitably will prevail. <https://t.co/4O5bpvFQ7n> <https://t.co/R9DXN2gwWF>
- A very important #Islamic development in the #Philippines, where the central government agreed to give the Muslim-majority area autonomy in an effort to end a centuries-long insurgency. Imagine if #China #Cyprus #France #India #Israel & #Russia followed. <https://t.co/yAoCF3VcMf>
- . @JeremyCorbyn & me: We both spoke at the same Mujahedin-e Khalq event on June 26, 1996. Amazingly, he gave a great anti-Tehran speech. What happened? Why did he - and all the Left - turn into mullah sycophants? His talk: <https://t.co/ZExnXzhz7> My talk: <https://t.co/eWsyarlb9U> <https://t.co/dlEG65js9>
- #Venezuela media: 69% of food in ration boxes distributed to the poor comes from #Turkey. @EvrenWiltse: This aid extends "a lifeline to a regime that should have or could have collapsed if it wasn't for that lifeline." Me: @RT_Erdogan picks lousy allies. <https://t.co/87SmoyPNUY>
- Here's a surprise prediction from @RystadEnergy: By 2025, the US will produce 24 million barrels per day of oil & liquids, or more than #Russia & #SaudiArabia combined. Me: 1. Imagine the many implications of this surge in US power. 2. Hooray capitalism. <https://t.co/tp4ScwAYk> <https://t.co/N6X7KiUpP0>
- Today marks precisely 25 years since the @MEForum was founded. I review its history under 4 US presidents & it's not quite what you'd expect. Sent with thanks to staff, board, donors & readers over the quarter-century, looking forward to what comes next. <https://t.co/Gx98Mw0ZSI> <https://t.co/HYqoM2C9qR>
- If you're not convinced by the evidence in my @WSJopinon article today about the worrisome nature of #Trump's plan for the #Palestinians & #Israel, I added another 10 comments by Americans & Israelis on my website. These strongly reinforce the argument. <https://t.co/NzvXtrcQfX> <https://t.co/qx0VbxdINP>

- This news nicely confirms my argument (see <https://t.co/UUiLGHuIEN>) that #Muslim attitudes toward #Israel are fracturing, that these are no longer so automatically & monolithically hostile as they were in the past. But there's still a very long way to go. <https://t.co/3SSMaVxyJd>
- I look today at #Trump's #Palestinian-Israeli "peace plan" in @WSJopinion & conclude that "Americans who support #Israel and #Republicans hoping for the president's re-election both need to protest & obstruct ... this misbegotten 'deal of the century'." <https://t.co/6NRXoKFzMk> <https://t.co/UTnh3g0ieG>
- @NYTimes: "These Days, 'You Practically Need a PhD' to Figure Out Frequent-Flier Status." Yes, I've long said I have two PhDs, one in history, the other in airline-ology. And it's not just the FF issues, it's also finding the right flight; so v complex. <https://t.co/ikY2Kzp6Mx>
- @SoerenKern at @GatestoneInst details the severe threat of #Salafi #Islam in #Catalonia, the would-be breakaway province of #Spain. My suggestion: Rename the provincial capital, #Barcelona, as #Jihadilona. That way, visitors are prepared for the worst. <https://t.co/ZfPijSMSw0>
- Bravo to @DrBrandtSmith of the @ArkansasHouse of Representatives, whose HR 1006 has the House encourage "law enforcement to suspend contact and outreach with @CAIRNational." The #UAE bans CAIR as a terrorist group; can't US police just stay away from it? <https://t.co/AbD3AeWant> <https://t.co/hUKE6Ru9N7>
- It's a quiet pleasure to revive articles from the pre-electronics era by scanning & digitalizing them. Here's one I added today, "Increasing Security in the #PersianGulf [Despite Neutralism]," in @FPRI's #ORBIS, Spring 1982. See below for the main thesis. <https://t.co/vaBTCG6Tlx> <https://t.co/5uekZJL8DO>
- I moderated a ½-hour panel at the 5th German-Israeli Congress (@Israelkongress) in #Frankfurt (all presentations are in English). Our topic was "The Key to [#Palestinian-#Israel] Coexistence: Overcoming differences - Reaching out to the next generation." <https://t.co/02veHYGwXC> <https://t.co/9rm3NP9Jyd>
- @JonathanS_Tobin is a savvy analyst but he again wrongly argues that "#Trump's peace plan doesn't matter." But I explain why it matters a great deal: Because #Palestinian non-compliance has the potential to bring US-#Israel relations to a 60-year low. <https://t.co/qOh9IS9da1> <https://t.co/MNww0Qi0GE>
- For 23 years, I read The @WeeklyStandard. I've now read 3 issues of its successor, @DCEXaminer. There's no comparison: TWS was entertaining, sophisticated, provocative & deep. WE is routine & predictable. Will now try The @BulwarkOnline. @BillKristol, @FredBarnes, @JPodhoretz <https://t.co/5zL2ltx9Zw>
- Len Getz, a CPA & former #IRS employee, suggests at @PJMedia_com that US universities' anti-#Israel polemics (instead of teaching) makes them in breach of their non-profit status. Me: 1. Makes good sense. 2. Who will take the lead & mount a civil case? <https://t.co/YZKf7zAajR>
- Today marks the half-way mark of #Trump's administration. So, grade time: B+ for policies - he's much more conservative than expected D for character - the election validated his deeply troubling & dangerous personality B for effectiveness - cowboy antics work reasonably well
- It's not "American Gothic" but "American Antisemite" - a classic 1930 painting updated for our times. Don't @LSarsour & @LouisFarrakhan look charming as they are memorialized in art? <https://t.co/UJFRXXhWwQ>
- @AvigdorLieberman introduced his party's election platform today, said his goal vis-à-vis #Hamas is to "break its will to continue to fight." Me: Glad to see #IsraelVictory vocabulary in use. For more on Lieberman's event (but not that quote), see below. <https://t.co/lc9EQbvBEW>
- Did you know? @Facebook employs 15,000 speech police. 15,000! I wonder how many censors the East German regime employed. Yet another reason why I never took to Facebook. h/t @CBNNews <https://t.co/snICGAjXCT>
- The Louisville Muhammad Ali International Airport? The man was an anti-white racist & misogynist. Why is all this now forgotten? For details, see @JackCashill, "Sucker Punch: The Hard Left Hook That Dazed Ali & Killed King's Dream." I summarized it here: <https://t.co/En8ZDXza6h> <https://t.co/sR692wTnk5>
- In the bad old days, @RT_Erdogan railed against the supposed "interest lobby" that maliciously raised inflation & caused other miseries in #Turkey. In the happy new days, high inflation is a good thing because it means a big pay raise! Hooray for fantasy. <https://t.co/6ZMV1zelaP>
- Have you heard of Burj Al Babas, the abandoned village of 732 repeating @Disney-like castles in a remote part of #Turkey? It's part of @RT_Erdogan's unsound plan to build the country's economy through mega-projects. It's also a total financial failure. <https://t.co/WtR5R0vecd>
- @GiulioMeotti at @GatestoneInst takes a close look at #Strasbourg, noting how its doubly prominent role - as the symbol of past European cooperation & now as symbol of the rise of #Islamism - makes it a unique indicator of changes taking place in #Europe. <https://t.co/QvSndM5vRA>
- @Josh_Hammer at the @realDailyWire thinks deeply about the dilemma facing conservatives 2 years into the #Trump era. His conclusion: Return to the Constitutional roots, promote nationalism, free market capitalism & a negative liberty-based moral order. <https://t.co/fwGcQuJSlw>
- I regret to report that, after 3+ months of wrangling, the 5 anti-civilizationist parties in #Sweden have joined together to block the Sweden Democrats (@sdriks) from exercising any power. This likely means 4 more years of myopic pro-immigration policies. <https://t.co/rnoNUUybcO>
- The @GovMurphy of #NewJersey event tonight at @ICPC_NJ, a mosque with a pro-Hamas & pro-caliphate imam, has been POSTPONED. Rumor has it, the feds got in touch with the governor's office & asked him to desist. Me: What great news. Sign of a change in NJ? <https://t.co/wq6cmFXY6n> <https://t.co/6IS2Vf6KV4>
- Another purported leak of the #Trump "peace plan" for #Israel & the #Palestinians - and more bad news: Recognition of "#Palestine" with #Jerusalem as its capital in return for ... well, maybe some empty words. Me: U.S.-Israel relations will soon go dark. <https://t.co/ywwf4ErGki>
- #Israel's brand-new #IDF Chief of Staff Lt. Gen. Aviv Kochavi just issued his first order & it's great: "Victory & mission will be our central values." Me: Don't forget, #Palestinian defeat is the necessary complement of #IsraelVictory. h/t @IMRA_UPDATES <https://t.co/bEtS76IAKx> <https://t.co/tNyDIzcoqR>
- @Islamist_Watch is trying valiantly to get an answer from @GovMurphy of #NewJersey about his event tonight at @ICPC_NJ, a mosque whose pro-Hamas & pro-caliphate imam has been a favorite of Rep. & Dem. governors for many years. Are these politicians pandering, clueless, or evil? <https://t.co/B3cJ40JMTO>
- Prediction time: Will #Brexit lead to catastrophe, as the experts insist, or will things turn out fine? I say fine. Two thoughts: - Remember the burning of #Kuwait's oil fields & #Y2K - The EU needs the UK no less than the other way around. Brexit done, It will deal & compromise <https://t.co/HLTP6rUZ5W>
- Good news: #Turkey's #Kurds have united into a single political party to oppose @RT_Erdogan & run in the forthcoming municipal elections on Mar. 31. But will it matter? #Erdoğan cheats just enough plausibly to look democratic. The opposition cannot win. <https://t.co/KbM2PZRANc>
- Note the difference: Republicans severely punish Rep. @SteveKingIA for his comments about "white supremacy." But Democrats do nothing at all about @RashidaTlaib consorting with Abbas Hamideh (@Resistance48), someone who urges the destruction of #Israel. This will not end well <https://t.co/v84sVa6BUJn>
- The @AtlanticCouncil just celebrated 40 years of #Iran's #Islamic Revolution by inviting its foreign minister to participate in the event. I guess we know which side the council is on. h/t Banafsheh Zand (who, scandalously, has been banned from @Twitter.) <https://t.co/PyNNdEn2je>

- Asked by @JacksonRichmn of @JNS_org about a call to end U.S. government grants to the #NationOfIslam for its prison activities, I responded with the quote below: "The Nation of Islam considers whites to be devils ..." In other words, not such a great idea. <https://t.co/2Vlq4zN8p> <https://t.co/E4yaRf41zJ>
- In my innocence, I thought condemning @RashidaTlaib's vulgarity about #Trump & pointing to her radical #Palestinian identity (at <https://t.co/wMciFqoaDM>) was self-evidently true. Well, no. Thousands of attacks on @Twitter culminated with this @MichelleInBklyn in @NYTimes article <https://t.co/JkZRE4Kwup>
- Strong statement by a brave #Muslim woman: "I don't share a single sentiment with a single #Islamist, @JKhashoggi included. My heart is closed to them, cold to them. ... There is only one way to defeat the Islamists: ... victory with [#Saudi] Prince #MbS" <https://t.co/XAoRW9NBFy>
- Swedish politicians deny the existence of #Swedish culture (examples from @MSahlin & #LiseBergh, h/t @DouglasKMurray). <https://t.co/bgewhx7gK4>
@EmmanuelMacron agrees "There is no French culture, there is only a culture in #France." <https://t.co/trJ55AN2nC> Notice a pattern here? <https://t.co/tBukYhfKgA>
- So, the first #Palestinian ever to enter the #USCongress announces on her 2nd day in office her intention to impeach #Trump, publicly uses the most vulgar term in the history of Congress & stands by her obscenity. Me: Americans now get to enjoy a version of what #Israelis face. <https://t.co/pvuFZ6byGj>
- I am one of 15 in @SPLCenter's 2016 "Field Guide to Anti-#Muslim Extremists." I am now one of "the top 16 players on the international #Islamophobia scene" compiled by @HopeNotHate. Thank you, both for, as they say, "You can judge a man by his enemies." <https://t.co/q9BgeqB65I> <https://t.co/LQitmzjess>
- @AEI's @MRubin1971 in @JNS_org on the US withdrawal of troops from #Syria: "#Trump sees a three-dimensional world in two dimensions." Me: And maybe it's just one dimension. <https://t.co/P3MeZ8lhsB>
- @McGillU's #PhillipSalzman on why multiculturalism ultimately cannot work: "You cannot drive both on the left and on the right" side of the road. Only one side can be used. By extension, only one basis for the social order, eg, modern Western or Islamic. <https://t.co/kxM6hXK4W5> <https://t.co/rLTNS0WvAu>
- @FredrikErixon, an opponent of civilizationism, concedes: "What began as a bunch of polemicists & rabble-rousers is now sprouting networks of thinkers, journals & institutes. There is growing consistency in their policies, more discipline in the troops." <https://t.co/PqMpLwciHV> <https://t.co/SjiAUovkUb>
- Remember when @RT_Erdogan's bodyguards yelled "Die, Kurd" in May 2017 & roughed up Kurdish demonstrators in Washington DC's Sheridan Circle? Well the victims have not given up their lawsuit & once the trial gets going, it will put Ankara in a tough bind. <https://t.co/5ewXtQLGxq>
- #Trump on #Iran's presence in #Syria: "They can do what they want there, frankly." How to understand this bizarre statement? Ideas: He 1. only cares about #ISIS 2. thinks Tehran is too weak to pose a threat 3. sees Syria as worthless, just "sand & death" <https://t.co/UcaORGABiR>
- Have you heard of the new "Islamic Party of Ontario"? Take a look at its "Principles & Policy" page. Bullet point #8 explicitly states its #Islamist ambitions: "We understand and believe that #Islam is the native DEEN [religion] of #Ontario and #Canada." <https://t.co/14PZZDnlCf> <https://t.co/O6Pc8hZcCC>
- Were the @NYTimes of 1943 like today's NYT, how might it have covered the #WarsawGhettoUprising? One creative critic came up with this front page with bitter headlines like "#Jewish Resistance Shatters Hopes for a Peaceful Final Solution," "Public Opinion Shifts toward Gestapo." <https://t.co/yIFb33Dw28>
- In case anyone was wondering, yes, the universities in #Israel are as nastily #antiZionist as in the rest of the West. See this fine analysis of @HebrewU by Eytan Meir of @ImTirtzu at @JNS_org. E.g., a professor there compared #Israel to #Nazi #Germany. <https://t.co/6IMsP4Vh0y>
- @NaftaliBennett on the goal of his party, #HayeminHahadash: "We are forming the elite of the Israeli right wing to increase the right-wing bloc — and so that #Israel will go back to winning again." 1. Music to my ears. 2. Best of luck to @CarolineGlick. <https://t.co/8k1N01AzQc>
- Another alleged leak about #Trump's Palestinian-Israeli "peace plan," mostly similar to prior ones (recognizing "#Palestine" etc.) but strikingly it's without eastern #Jerusalem as the #Palestinian capital. As ever, these leaks are "interesting if true." <https://t.co/hSd6Med1mO> <https://t.co/To2Y7aL6V6>
- ICYMI: @Haivry on "#Israel's Demographic Miracle. ... How did mainstream, middle-class Israelis start having children again?" Answers below. All true, but didn't all these factors already exist pre-2000? What changed after that to increase the birthrate? <https://t.co/7CjnQZu8Ga> <https://t.co/tpcJhZurSN>
- Note today's contrasting headlines: 1. "#Palestinian who murdered British woman in #Jerusalem jailed for 18 years" 2. "Palestinian court jails US-Palestinian for life for Jerusalem land sale" Israel: 18 years for murder; Palestinians: life for land sale. <https://t.co/omvKQ1i40p> <https://t.co/v45LkxH7UI>
- Appalling statement of criminal intent by Lara Kollab (@LaraKollab) and doubly as bad because she went on to study at the Touro College & University System (@WeAreTouro), an explicitly #Jewish institution. Kollab should be thrown out of the medical profession. Anyone disagree? <https://t.co/86C2qLcs7n>
- My 2 reactions on reading "#Palestinian superbug epidemic could spread, say doctors" in the @Guardian: 1. Another evil from the West Bank & Gaza: extremist ideologies, new ways to murder people, now this. 2. Amusing how the Guardian blames Israel for it. <https://t.co/J6AYrfHY2t>
- As #Israel's pre-election turmoil spawns new political parties (Israel Resilience, New Right, @Bogie_Yaalon's), it's useful to get some perspective on these "escapist" initiatives that invariably fizzle out. For details, see my 2005 article on the topic at <https://t.co/XjuO06dqlS> <https://t.co/ZKnc2Cvb3F>
- I discuss "The American Withdrawal from #Syria" in an Italian publication, @CaratteriLiberi. Note especially the worrisome similarity of #NevilleChamberlain's "people of whom we know nothing" & #Trump's "countries most people haven't even heard about." <https://t.co/MOLxanSp2X> <https://t.co/WsHnNnlaMC>
- RT @CaratteriLiberi: New post: Il ritiro americano dalla Siria: Intervista a Daniel Pipes <https://t.co/tktNibQvbb>
- Here's a year-end article & blog review, "My Biggest Hits of 2018 - and Why." I explain my #MidEast ennui, with two exceptions, and a new fascination with #Europe. <https://t.co/gqs5nUB2Xo> <https://t.co/iVWbJrhf1C>
- Thomas Seibert (@BosphorusNews) reports that @RT_Erdogan's AK Party (@AKparti) in Turkey now has 3 factions - his son, son-in-law & the interior minister - all positioning themselves for the post-Tayyip era. Others dispute this, say that's still remote. <https://t.co/j6UizfEk3V>
- As #Europe disappears ... Out of its 48 countries (including even the most tiny ones), 18 of them (including #Russia, #Italy, #Ukraine, #Poland, #Romania & #Portugal) are losing population each year, with #Latvia in the lead, shrinking by 1% annually. <https://t.co/AVnzbr02gl> <https://t.co/qDBi8s9A5I>
- @TheEconomist has compiled a visible representation of the two world wars' ghastly violence & #Europe's unique brutality. Me: Yes, Western civilization is a unique achievement. But let's not forget its reverse side, namely the rages of Western barbarism. <https://t.co/vGGaVoFOii> <https://t.co/2q3II0M0tay>
- ICYMI: A @DerSpiegel article on "Firing at Refugees: EU Money Helped Fortify #Turkey's Border" tells how the EU (which severely denounced #Israel for building a fence) helped fund a wall to keep #Syrian refugees out of Turkey - and way out of #Europe. <https://t.co/DwYLCRQQuv>
- Here's a scene from modern American commercial life - can you guess what it is? See below the picture for the answer. <https://t.co/AXvZxAOOTP>

- For someone who's always suspected that cryptocurrencies (e.g., @Bitcoin) are a scam (excuse me, but how does monetary value get created out of computers processing?), this @NYTimes anecdote about using @Litecoins to purchase candy both amuses & edifies. <https://t.co/8JPMqtML5u> <https://t.co/mkVKqFinGM>
- RT @RevistaElMedio: La luna de miel israelo-americana, en grave riesgo, según @DanielPipes <https://t.co/rUpcAswiiq> <https://t.co/8t5DKmTZIS>
- Former #Israeli generals #BennyGantz and @Bogie_Yaalon just founded their own political parties, while former general @Barak_Ehud ponders reviving his party. My bright idea: On retirement, every Israeli general automatically becomes head of his own party. <https://t.co/V0OGrFHamu>
- The good news: #Putin warns #Turkey's @RT_Erdogan to stay out of the #Kurdish-held area of #Syria that US troops will soon leave. The bad news: He wants #Assad's regime to retake it. Me: 1. As awful as E is, A is yet worse 2. More reason for US to stay <https://t.co/YuZAopDnLB>
- Can a horse buck a living deity so that he falls ignominiously to the ground? For an answer, watch @RT_Erdogan go flying off a horse named Cihan in 2003 in Istanbul. <https://t.co/bEkZHcQb7h>
- Remember the old saw about Communism making sand scarce in the Sahara? Well, Communism in #Venezuela managed to make oil scarce in the country with the world's largest reserves: sales collapsed from \$89bn in 2008 to \$21bn in 2018. Go, @NicolasMaduro. <https://t.co/bk2wWYKGMb>
- Michael Mandelbaum: "A boor he may be, but Trump is no more inclined to try to restore legal segregation, let alone chattel slavery, than he is to climb to the roof of the White House, flap his arms & fly to the moon; and he would have no better chance of succeeding if he tried." <https://t.co/PNCJyVRKpb>
- Bizarro headline of the year just out from @Almonitor: "#Donkey exports to #China threaten animal population in #Egypt," which has halved since 2010. First I learn that donkey-hide gelatin, or #ejiao, is a delicacy in China, selling for about \$400 per kg. <https://t.co/ix3Tv5cfC0>
- My new @WashTimes article starts thus: "As #Arabs and #Muslims warm to #Israel, the Left grows colder. These shifts imply one great imperative for the Jewish state" - namely #IsraelVictory. For details, see <https://t.co/UUilGHuLEn> <https://t.co/QA9yPQLv7n>
- Well, that did not take long: "#Turkey masses tanks on the Syrian border as @RT_Erdogan 'prepares to move against the Kurds' after the US leaves." Again: Pulling US troops from #Syria now is a self-imposed disaster. <https://t.co/MsTW0LQlpK>
- Whoops. Did the super-security conscious Israelis really sign enormous contracts for a Communist #Chinese company to build & operate two seaports in #Israel, in Haifa & Ashdod, without thinking through the security implications of these sites? Seems so. <https://t.co/UnjG3f2SYY>
- Note 5 proposed solutions to the #Palestinian-#Israeli conflict: @CarolynGlick: one-state solution @DrMKedar: emirates @OSSIsrael: new-state solution @MartinSherman2: humanitarian paradigm #JordanIsPalestine Me: Whatever your choice, it goes better starting with #IsraelVictory.
- @SalahAlnasrawi's scathing piece in @AhranOnline reviews "100 years of #Arabs' aborted re-awakening" & offers reasons for their failure. Refreshingly, he doesn't blame colonialism or Westerners; indeed, other than a glancing reference to #Israel, he focuses on internal issues. <https://t.co/r3JaqsBIQY>
- @DepSecDef Patrick Shanahan has distressingly close ties to @RT_Erdogan's #Turkey & its military. Given that country's past 15 years & events of the past week, this is ominous news for America's place in the world. Me: We need a real #SecDef real fast. <https://t.co/zFiYya7gmR> <https://t.co/v4IEj1S8Z9>
- @DMWeinberg shows how @JStreetDotOrg, which claims to be "pro-Israel," could early on make some claim to being helpful to #Israel, but has long since gone rogue & now ranks as unmitigatedly #antiZionist. Me: The worst enemies often are disguised friends. <https://t.co/6P1RvkgVB3> <https://t.co/egmYhDOWrh>
- The @EURightsAgency conducted a massive survey of #antisemitism in #Europe. And who did it find perpetrates "the most serious incidents of antisemitic harassment"? 30% Extremist Muslims 21% Left wingers 13% Right wingers Me: Just maybe civilizationists are not the major problem <https://t.co/Ugx04eeg9>
- My latest in @IsraelHayomEng: Leaks of #Trump's #Israel-#Palestinians "peace plan" has #Jerusalem divided in 3, with international control over its most sensitive parts. No wonder @Netanyahu called elections early, not to deal with this pending disaster. <https://t.co/k9Jr7PRAPh> <https://t.co/VnK2M3fWfb>
- #HenryKissinger, who notoriously betrayed the #Kurds in 1975, must now be thoroughly enjoying their latest abandonment by the U.S. government. For details on the earlier incident, #DanielShorr, "Background to Betrayal," tells the story in brief compass. <https://t.co/u2ePPYrAov> <https://t.co/okpjPKGVcn>
- Frankfurt Airport (@Airport_FRA) boasts prayer rooms for monotheists, i.e., #Christians, #Jews & #Muslims, accompanied by a pretty "peace" logo in the German, Hebrew & Arabic languages. But why is the Muslim room locked? Curious. And who decides who is allowed to access it? <https://t.co/CdwWwWCDIZ>
- Graffiti I saw recently in #Frankfurt, #Germany: "FCK AFD." That nicely sums up the debased level of political discourse these days in #Europe, especially when the topic is #civilizationist parties like the @AfD. @BenWeinthal @realStefanFrank <https://t.co/VqhJvOce1>
- Latest poll shows a huge increase in support for @MatteoSalviniMI's League party, up from 17% in March to 31% now. 1. Looks like Italians are fed up with mass immigration & multi-culti 2. How far will this ascent go? Will economic problems reverse it? Get ready for a wild ride. <https://t.co/As3051B1m>
- I can't figure out who prepared this meme but, from what I know, its information is accurate. This also fits precisely into the history of #Palestinian ethnicity as I showed here, using the 11th edition of the Encyclopædia @Britannica (dating from 1911): <https://t.co/tyz5i4gNyM> <https://t.co/OzXJhz0qt5>
- Oh, the unpredictable #MidEast. Who could have imagined the following scenario? "#MahmoudAbbas accused @Netanyahu of providing #Hamas with the money with which it funds attacks against #Israelis — and leading #WestBank #Palestinians to 'pay the price'." <https://t.co/4ktgWLqypJ>
- American pro-#Israel organizations that have easily cheered #Trump on have an unprecedented problem with the withdrawal of US troops from #Syria. Me: This is likely a minor crisis compared to their problem when his #Palestinian-Israeli deal is unveiled. <https://t.co/qm6EOgwRoB> <https://t.co/SVwjGbnZ4j>
- Read the important article by @realStefanFrank in @Achgut_com, "Wie die Bundesregierung Israel verrät" (How Germany betrays Israel). It is filled with details about a seemingly friendly #AngelaMerkel's UN shenanigans & other acts of duplicity. @BenWeinthal <https://t.co/9KQg3AsLYJ>
- Aphorism: "Who, a century back, would have imagined #Jews making the better soldiers and #Arabs the better publicists?" <https://t.co/Orkh1L8mGt> <https://t.co/IFmVFcXzZ9>
- @NathanLean of @Georgetown makes a handsome living off the "@Islamophobia" scam, even writing a book claiming there is an "Islamophobia Industry." But see how this dear, sensitive soul (working at a #Jesuit university, no less) ridicules #Christianity. @AEHarrod @CampusWatchMEF <https://t.co/debjUChMM0>
- American rapper Kiari Kendrell Cephus (aka @OffsetYRN) wears a custom-made Laurel Dewitt @Swarovski crystal ski mask & matching jacket costing \$11K. After 21 hours on @Instagram, the picture has nearly 600K likes. Me: Looks like a #niqab to me. You too? <https://t.co/RUAXHj1X69> <https://t.co/l42eisa9gb>
- @haaretzcom: "#Kurdish-led Forces Report 'Huge' #ISIS Assault in Southeast #Syria." Me: Good job, #Trump. <https://t.co/K8nU4h2ZYM>

- #Israel, #Greece & #Cyprus agreed to build #EastMed, the world's longest natural gas pipeline, for about \$7 billion, to transport the gas to Europe. Me: Relieved they are spending the extra billions to avoid #Turkey, which would have held the gas hostage. <https://t.co/E8OnHMP5Kc>
- In addition to being a geo-political disaster, the withdrawal of US troops from Syria has a moral dimension: It leaves the Kurds, America's steadfast ally, exposed to attack by #Turkey's forces. When US soldiers helped the Kurds, #Erdoğan dared not attack them. Now he is free to. <https://t.co/jxeoaM9Tvc>
- #Turkey's media report that @RT_Erdogan convinced #Trump to withdraw US troops from #Syria, saying he'll take care of #ISIS. Me: This makes complete sense, as Trump defers not to allies, staff, Congress, or American public opinion, but only to tyrants. <https://t.co/8rUJvinqw2>
- So, Israelis invented the drone & now they invented the anti-drone. The British could do nothing about the drone that closed @Gatwick_Airport until they called in Rafael Corp's "Drone Dome" system. Once again, I note what a remarkable country #Israel is. <https://t.co/Z9AmZdMur2>
- What are are current attitudes in #Iran about the #JCPOA? Excellent analysis by @FarhadRezaei at @BESA_Center finds that they're in a pickle: Staying in the #IranDeal is too passive, getting out is too costly. @Khamenei_ir has a tough decision ahead. Me? Hoping he pulls out. <https://t.co/iOUldGbEev>
- In #Vision2030, #MbS declared a bold vision to free up the #Saudi economy, essentially turning KSA into a larger, more muted, version of #Dubai. But as this jobs decree suggests, Saudi leaders cannot wean themselves from heavy-handed market interference. <https://t.co/9oAYwuAFc4>
- On the face of it, the new book by Juan Cole (@jricole), "Muhammad, Prophet of Peace Amid the Clash of Empires" sounds preposterous. Indeed, Stephen M. Kirby shreds it into tiny pieces at #JihadWatch. It's a slightly morbid pleasure to watch this happen. <https://t.co/oCAuEGx1Qi>
- Like almost every other American following the situation in #Syria, I am appalled that #DonaldTrump plans quickly to withdraw the 2K US troops in that country. I hope that the combined weight of public opinion, military assessment & Congressional opposition manages to stop this.
- Read @EmilyBenedek1's article & weep for defiantly ignorant young socialists. They "want to debunk any myths surrounding the #Israeli-Pal'n conflict that paint it as complicated." It is nothing but "an illegal & brutal occupation, designed & bankrolled by Western imperialists." <https://t.co/9eshD2PweT>
- @NikkiHaley spoke about the secret #Trump plan for #Israel & the #Palestinians. While she endorsed it, she also sent two signals to the Israelis that they won't be delighted by its contents. Me: More to suggest U.S.-Israel relations ahead will be rocky. <https://t.co/mO2w8oZ0a1> <https://t.co/fN3fj1lqem>
- My thoughts on the sale of US #F35 war planes to #Turkey at @SputnikInt: US gov't workers, showing their usual ineptitude, created a terrible dilemma by persisting in the belief that @RT_Erdogan's dictatorship remains an ally - when it's become an enemy. <https://t.co/WuQJD49bjM> <https://t.co/UV7QNvZEZG>
- 1/2 Look at the top six foreign states donors to US universities & take in the outsized role of #Qatar & #SaudiArabia. You must wonder what possible motives could impel this generosity: maybe it has something to do with influencing their #MidEast studies? <https://t.co/YeuOQdVl2H> <https://t.co/coKUYZTtg9>
- 2/2 Another interesting chart: How much #Qatar, the largest foreign state donor, gives to specific US universities: @Georgetown, @NorthwesternU & Texas A&M (@TAMU) dominate. In other words, a #Wahhabi state funds Leftists. Only good can come from that. <https://t.co/YeuOQdVl2H> <https://t.co/bcRL0fVgga>
- @AbigailShrier in @Commentary: "American universities have become a bad joke." Me: They sure have. <https://t.co/woJCBwDJN>
- Wisdom from the @BostonGlobe's @Jeff_Jacoby: "It pains me to see how so much of what passes for political discussion among conservatives is now as shallow, mean & insincere as the smears and cheap shots in which the worst liberals have long specialized." <https://t.co/27MI3xDO35> <https://t.co/YInynwKx9r>
- Good to see that Reza Pahlavi (@PahlaviReza) is making progress in his long-standing argument for a democratic #Iran that repudiates the #Islamists' ugly regime. He spoke for the @MEForum in NYC way back in June 2001, making those same, eternal arguments. <https://t.co/qTjg06ZOLE> <https://t.co/T1FYsvqMor>
- It's official: @Airbnb just canceled the recent, bigoted policy of listing #Arab but not Jewish hosts on the #WestBank. Me: (1) The massive negative response made clear this policy could not last. (2) That's one major defeat for #BDS & all anti-Zionists. <https://t.co/Qqhi5Tlv6k>
- I spoke recently for @BESA_Center in #TelAviv on "Why #Israel Needs to Win and the #Palestinians to Lose." (You know why: because it's the only acceptable way the conflict will end.) The q&a session was especially boisterous. The video is now available at <https://t.co/CErQ2Uy0z1> <https://t.co/VtcPxUMD17>
- @TheIntercept: A Messianic Christian group, "Alliance for Israel Advocacy" (@israeladvocates), is lobbying US Congress to use US funds that formerly paid for @UNRWA to cover the expenses of #Palestinians willing permanently to leave the #WestBank. True? <https://t.co/UoSNW3Occp>
- Two magical accomplishments by @EmmanuelMacron. 1. He wins support from Left & Right in 2017, becomes president of #France with 66% of the vote. 2. He loses support from Left & Right in 2018, polls show him with 23% backing. How did the same person manage to do both of these?
- Remarkable statement by #Egypt's Pres. #Sisi why Western countries are right to be cautious about MidEast migrants: "We fight amongst ourselves in our own countries & then we expect countries that work day & night to achieve progress" to welcome migrants? <https://t.co/bpyeUEEqaV> <https://t.co/RilBwnOR3X>
- @HanyGhoraba: 2018 was a really, really bad year for @RT_Erdogan's #Turkey: - in Syria - in the currency markets - with the USA - with #SaudiArabia I predict 2019 will be yet worse. And I wonder to where the brilliant Erdoğan of 2002-11 disappeared. <https://t.co/Way5PBGpuo> <https://t.co/Yut1IMW3MR>
- In 2004, just before becoming pope, #JosephRatzinger wrote an incisive analysis, "If #Europe Hates Itself." In it, he largely accounts for the continent's weakness by noting its lack of #Christian faith. Not a surprising view, but still, quite convincing. <https://t.co/EYMwFll6Q1> <https://t.co/5QOEFVhWzS>
- Under an inflammatory title (@MEForum's role in "liquidating the #Palestinian cause"), #Syria's state media published an oddly respectful article about my #IsraelVictory efforts & calls me "among the most influential academics in international politics." <https://t.co/7YaZOTgTOQ> <https://t.co/sMi0QxH5qJ>
- An #Iranian TV show "Devil's Plan" features me at 1:12 of Part 41. It objects to my saying Muslims are trapped in #conspiracytheories & insinuates that I try to discredit accurate criticisms of the West by calling these conspiracy theories. @IranianForum <https://t.co/Egob7RQkPa> <https://t.co/FKnBnCn4iK>
- @Dr_Rafizadeh: The #Sharia (Islamic law) endorses child marriages, so 24% of all weddings in the #Islamic Republic of #Iran now involve girl brides. Me: Welcome back to medieval times! Other delights of Sharia include #polygyny, #jihad & #slavery. Aren't you sorely tempted? <https://t.co/xEFLIZdwmn>
- As Avi @Issacharoff shows in @TimesOfIsrael, #Israel's demolishing the houses of Palestinian murderers is ineffectual, perhaps counterproductive. Once again, I conclude, there is no substitute for #IsraelVictory - that is convincing the #Palestinians they lost, the gig is up. <https://t.co/o8nWYOexLm>
- Is #MbS the new #AnwarSadat? #Qatari-funded @MiddleEastEye reports the Saudi crown prince is considering to meet @Netanyahu. If so, the results will be: 1. @JKhashoggi forgotten 2. Tehran displeased 3. #Israel less isolated 4. My faith in MbS vindicated <https://t.co/HMIJwBfJve>
- So sad to hear of The @WeeklyStandard's demise. I wrote for it only 6 times in 23 years, starting in 1995 and ending in 2014, but I read it weekly & religiously, especially the "back of the book." @BillKristol #JosephEpstein @JPodhoretz et al.: You published a wonderful magazine. <https://t.co/QoQmAHhWk2>

- Today marks 30 years to the day since that liar of liars, #YasirArafat, "totally and absolutely renounce[d] all forms of terrorism, including individual, group and state terrorism." In other words, it's been 30 long years of mendacity & "peace process." <https://t.co/HrjnXQSY0M>
- @CarolineGlick's "Corbyn to use his power to harm Israel - be ready" shows the urgency of #IsraelVictory: @JeremyCorbyn's anti-Zionism focuses on Pal'n's in the West Bank & Gaza, so they need to be addressed. Ta-da: Israel Victory, not more "peace process" <https://t.co/wQi8x5VFFS>
- The unending rage over @JKhashoggi seems manufactured to a MidEast hand. Torture & murder are horrifyingly commonplace in the region - think Libya, Yemen, Syria & Iraq. Or recall this nasty 2009 incident - from one of the region's most civilized places. <https://t.co/SFeZxM8iTm> <https://t.co/eBze1fT9r8>
- Thank you to #BruceBawer for (1) shredding the @Guardian's silly exposé of we Americans backing #TommyRobinson and (2) the kind words about @MEForum and myself. And to return the compliment: Bruce does original & important work on "While #Europe Sleeps." <https://t.co/WkufOUX6EU> <https://t.co/ouqJ6dF1bU>
- Please take a moment to look at @MEForum's end-of-year fundraising letter & consider making a donation to this "think-activist tank" that's celebrating its 25th anniversary next month. Dealing with such contentious & important issues is, sadly, expensive. <https://t.co/T3FSa6KkCk> <https://t.co/Xc63ZQ5DYz>
- 2 weeks ago a #Muslim specifically attacked #Jews with his car in #LosAngeles. I've been waiting to see the responses to this apparent act of #jihad but so far, there's almost no attention. Has jihad become so routine that we no longer even notice it? <https://t.co/rUwe065Sgr>
- The #Vienna State Opera (@WrStaatsoper) just premiered "Die Weiden" (The Willows), a leftist take on the migrant crisis & #Austria's civilizationist party, the #FPÖ. According to a review in @WienerZeitung, it bombed. Good. Ideological #operas unwelcome. <https://t.co/7HpsiuAnJ>
- Do Israelis approve of @Netanyahu's ceasefire with #Hamas (versus a ground operation in #Gaza)? 38% rightist Jews 47% centrist Jews 87% leftist Jews 70% Arab Israelis Ironically, the ceasefire was most popular among those who least like Netanyahu. <https://t.co/DbRg9aA9wv>
- ICYMI: 1. #Israel's judo team competed in #AbuDhabi; when an Israeli won the gold, his flag waved & his anthem played. 2. Israel's water polo team was banned from playing in #Spain because of #BDS. Me: As Muslim #antiZionism goes down, leftist goes up. <https://t.co/1iXwwcktU9>
- 2018's least surprising news as the year ends: European countries that accepted the fewest migrants coincidentally have the lowest crime rates. Those would be #Croatia, #Poland, #Slovakia, #Finland & #Hungary. Hello, Germany & Sweden: Any lessons learned? <https://t.co/SsZhXyYfQmG>
- @RahulDreamer55: "While we wait for the fully automated vehicles to drive us around, we might want to cherish every bit of time we spend behind the steering wheel." Me: Well, that's a different way of seeing the tedious job of car driving. Bring on AI. <https://t.co/lhUChSDjyK>
- @MLewisLawyer, explaining why he just moved from the UK to #Israel: "@JeremyCorbyn moved the rock & the #antisemites crawled out from underneath the rock. They're not going back." #Europe "is finished," he concludes from his bitter personal experience. <https://t.co/PzwacXedNI>
- ICYMI, there's good news from Greece: What looks to be a solid #civilizationist party, NEA ΔΕΞΙΑ (Nea Dexia, @NeaDexiaGR), founded in 2016 & headed by #FailosKranidiotis, is growing in popularity. Let's hope it will soon eliminate the neo-Nazi #GoldenDawn party from parliament. <https://t.co/SrBUwkKRYi>
- Germany's @AfD has expelled Doris von Sayn-Wittgenstein (@WittgensteinAfD) due to her connections to #VereinGedächtnisstätte, a Holocaust-denying organization. It's so important for civilizationist parties to cleanse their membership rolls of extremists. <https://t.co/M7B4veWZkn>
- Warning! The "Global Compact for Safe, Orderly & Regular Migration" soon to be signed calls for "access to objective, evidence-based, clear information about the benefits & challenges of migration" to dispel "misleading narratives that generate negative perceptions of migrants." <https://t.co/RvFVvbGY6D>
- How flattering. The @Guardian newspaper ran not 1 but 2 stories yesterday on @MEForum's support for #TommyRobinson's freedom to talk about #Islam without going to jail. Thanks for getting our message out, #Guardianistas! #1: <https://t.co/sbVBZi5OVR> #2: <https://t.co/0vuE9YvgQu> <https://t.co/9wiUXu8jOU>
- @AvigdorLieberman to top #IDF brass just before he quit the DM position: "I sometimes feel here like I'm in consultations with ... #PeaceNow" (a far-left NGO). It's pungent but not surprising, as the IDF leads the opposition to the idea of #IsraelVictory. <https://t.co/1ONVT0Yjrh>
- Italy's "#SalviniLaw" fixes various obvious problems with the country's wildly dysfunctional asylum system. But it ignores the much deeper & harder problems of immigrants in the country who despise #Italy & Western civilization. Me: That will be v tough. <https://t.co/On73f943Ve>
- I discussed "#Civilizationist Trends in #Europe" at the @HorowitzCenter. Watch a video of the panel discussion (with #AnneMarieWaters & @BillGertz) or read the transcript. In brief, populists-nativists-nationalists are on the march. And that's not so bad. <https://t.co/zqplbi8NyO> <https://t.co/xdGmsYF2Um>
- In this original & deep analysis of #GHWBush's legacy, @ThePolForum focuses in on his commissioning the "competitive analysis" known as #TeamB when he was head of the @CIA & the profound impact that had on policy vis-à-vis the USSR. Team B was headed by my father, #RichardPipes. <https://t.co/8aqe2v507I>
- #MbS personally authorized the first #Christian mass in modern times to be celebrated in #SaudiArabia last Sunday, though the lack of churches meant it was held in a person's house. Apparently, this was in the works since March & is not @JKhashoggi fallout <https://t.co/WFxnVkoJQ7>
- "You have thwarted 500 terror attacks this year," said #Israel's PM @Netanyahu to the agents of #ShinBet. Think about that: 1½ incidents foiled per day. Put more pungently, Palestinian barbarism continues apace, as do Israeli accomplishments in medicine, hi-tech, water & music. <https://t.co/F4IUu02g>
- Are #Jews safer in the autocracies like #UAE than in liberal democracies? @RabbiSarna of @NYUniversity (and also of @NYUAbuDhabi) raises this possibility (in a @TimesofIsrael article on a 10-year-old synagogue in #Dubai). Sadly, he may be right. #Hungary offers another example. <https://t.co/uMpmNdEOKW>
- Remembering #GHWBush: Here's me in a July 1988 #OEOB meeting with George HW Bush, as he convened his presidential campaign's foreign policy team. In the end, my views diverged too much from his for me to join the administration. @RichardHaass (behind me), however, did join it. <https://t.co/ylluKnaYAzr>
- ICYMI, there's major news about @UKIP: 1. @Nigel_Farage is its #1 enemy 2. #TommyRobinson will have a prominent role & could be the party's future leader 3. UKIP will potentially be the UK's leading civilizationist party Me: This meeting might mark a turning point in UK history <https://t.co/Aelwa7iBZu>
- Look at this picture! It's so sweet. Loser dictators #Erdoğan & #Maduro lovingly embrace as they console each other for ruining Turkey & Venezuela and being despised by millions. As a wag once said, "Maybe we'll get lucky and [they] will elope to Cuba." <https://t.co/p0ymEJZhFA>
- #Qatar may produce only 600K out of @OPEC's over 27mn barrels of oil (Qatar is huge in the gas market), but its leaving OPEC is a major event: 1. Growing @GCC tensions 2. Cascading oil prices (\$76 a barrel 2 months ago, \$53 now) 3. #MbS owing #Trump big <https://t.co/wABZY4YBSv>
- לחימה מאשר להישגים יותר הרבה להם תניב נגד ישראל תניב להם הרבה יותר הישגים מאשר לחימה @shimritmeir @amit_segal @ChemiShalev @talshalev1 @danawt <https://t.co/kjLCyUoPtC> <https://t.co/BgJudyMQRD>
- Major news from #Spain, where the VOX party (@vos_es) has for the first time ever entered a regional parliament & also ended the long Socialist rule in #Andalusia. Is

- this a one-time wonder for VOX or the beginning of its new #Reconquista? I am inclined to believe in the latter. <https://t.co/gU817e4lkz>
- @Haaretzcom has published an article of mine arguing that the recent @AvigdorLieberman-@Netanyatu-@NaftaliBennett flap substantially enhances the role of #IsraelVictory. I am very encouraged. @BretStephensNYT @JeffreyGoldberg @BariWeiss @RosnersDomain <https://t.co/uw16bCVhfN> <https://t.co/LZGg9oj43H>
 - @MEFIsrael opened a physical office in #Jerusalem today, a place where the @MEForum's 8 (!) staff members living in #Israel can meet and more efficiently go about their business. I was there for the event (3rd from left, below). Congratulations to #DannySeaman & his colleagues. <https://t.co/sVfrOYBoED>
 - I'm so very sorry to hear of #GHWBush's death. Sadly, I never scanned the picture of my 1988 meeting with him. But here's a family alternative: My father, #RichardPipes, when he was on the NSC staff, meeting with Bush in the VP's office in April 1982. <https://t.co/x1EFU7m7Yc>
 - I published "Melbourne's Petite, Shy, Honors-Student Jihadi" in Australia's #Quadrant magazine. It's about #MomenaShoma, who tried to murder her host, Roger Singaravelu, to further #ISIS' goals. It's a chilling story because she's so unlikely a murderer. <https://t.co/0VNVY25du3> <https://t.co/vS6umj4Rcn>
 - #جَمَاهِيرِيَّة (Jamahiriya) was #MuammarQaddafi's discredited neologism for "state of the masses." His successors immediately got rid of the "Great Socialist People's Libyan Arab Jamahiriya." So, why does the #Jerusalem municipality absurdly use jamahiriya to mean "council"? <https://t.co/SOGyWkDgwQ>
 - 10 years ago today, in "10 Ways to Prepare for a Post-oil Society," the reactionary @JHKunstler gleefully predicted the great recession & high energy costs meant America's return to the 19th century. I predicted the exact reverse. Guess who was right. <https://t.co/9zBarLdmFm> <https://t.co/WfkFIGT8ze>
 - Cars: @Nissan has the #Qashqai. @Renault has the #Kadjar. @Volkswagen has the #Touareg. Why do #MidEast tribal names so bewitch car companies? My guess: They harking back to deserts, camels & the exotic. <https://t.co/hQoZWMivon>
 - #HillelFrisch of the @BESA_Center calls for #Jerusalem to show #Gazans that they lost their fight with #Israel by waging a war that teaches them a lesson for the ages. Me: I agree with the goal but not necessarily with this tactic. I prefer less violence. <https://t.co/e1avzeIHkq> <https://t.co/ymWK50Wc6h>
 - It looks like @LSarsour has engaged in fraud, pretending to raise money for 11 #Jews murdered in a Pittsburgh #synagogue but really sending the money to an #Islamist mosque. Why am I not shocked? And why will the mainstream media not report on this news? <https://t.co/z0v0074mNE>
 - ALERT: We already knew that @Facebook & @PayPal ban critics of #Islamism. Now, @CAIRNational informs us (below) that both fund this Islamist group that calls for the overthrow of the US government & the "termination" of #Israel. Me: This is outrageous. <https://t.co/mnOuYlnhH> <https://t.co/yTfg4KUtdz>
 - Action in the UK: 1. @UKIP leader @GerardBattenMEP hires #TommyRobinson as his rape-gang advisor. 2. Former UKIP leader @Nigel_Farage calls this step "#Islamophobic" & wants to push Batten out. Worry about Polish plumbers or #jihadis? This battle will chart the UK's future. <https://t.co/WQ0Kk6aAAB>
 - Bravo to @CanaryMission: According to @TheIntercept, CM's work "has taken a remarkable toll on activists' mental health and ability to engage in free speech & public advocacy" to slander #Israel & #Jews. Me: There's no compliment like a backhanded one. <https://t.co/09gyKfSRpt>
 - I'll address the @MyIsraelorgil conference in #Jerusalem on Thursday, Nov. 29, at 18:00, discussing the #IsraelVictory idea in the aftermath of the Liberman-Bennett-@Netanyahu flap some days ago, which was precisely about the notion that #Israel "start winning again." @MEFIsrael <https://t.co/Cf98ObhrKd>
 - @TheJDC poll: In western Europe 76% of Jews feel safe In eastern Europe, 96% of Jews feel safe Me: But of course. And expect the numbers to diverge much further, especially if @JeremyCorbyn becomes PM of the UK. <https://t.co/9M4cC5Xwu2>
 - #Iran's governmental newspaper, conveniently called "Iran," published an interview with me about @NATO, #Russia, the US, and #Turkey. My message: Time to focus on Islamism & sideline Ankara. Pretty remarkable that Iran's government gave me this platform. <https://t.co/6K0TTJn4H1> <https://t.co/VHPhncp4Hd>
 - #Israel's minister of justice, @Ayelet_Shaked: "Personally, I think [the #Trump peace plan] is a waste of time. I want peace like anyone else, but right now it's a waste of time." Comment: I concur but should an Israeli minister say such a thing? <https://t.co/QR49alACo> <https://t.co/qgOqo3a3N0>
 - A federal judge threw out key charges in the #Detroit #FGM case, but on technical grounds: "The Commerce Clause does not permit Congress to regulate a crime of this nature." Thanks @AlanDersh. Ds & Rs: Can you find a way to agree how to fix this problem? <https://t.co/OJARhsS092> <https://t.co/E8sX8rrtGX>
 - My comment on #Hamass' launching 460 missiles at #Israel & the lack of Israeli response, via @ArielBenSolomon and @JNS_org. In brief: No matter what the northern threat, the southern attack also needed a strong response. <https://t.co/jNM728H39N> <https://t.co/kIP5stuPdJ>
 - I did a brief video on #deplatforming with Rob @ShimshockAndAwe for @TheRebelTV, emphasizing the financial aspect of this assault. The video followed a disrupted event in a Congressional building on deplatforming. Thank you for making our point, #Antifa. <https://t.co/3TONNyx5rr> <https://t.co/wYKSBNhi3b>
 - #Deplatforming has now singled out #Jews to discriminate against: @Airbnb stopped listing homes rented out by Jews on the #WestBank. Non-Jews, however, can rent away. My reactions: 1. Where will this end? 2. That's another service reluctantly to boycott. <https://t.co/WfSLDKFkbf>
 - @DrDominicGreen's first paragraph in The @Spectator caught my eye: "What does #TommyRobinson, reformed soccer hooligan and English nationalist, have in common with @DanielPipes, unreformed policy wonk and president of the pro-Israel @MEForum?" <https://t.co/L7ri8FZXCe> <https://t.co/NSQNRkUV6G>
 - The new barbarism. @EdinburghUP can't even distinguish between "it's" and "its" in a title. <https://t.co/HDfK1FfYyq> <https://t.co/zclTOgfajA>
 - @MEForum hosted an event in the US House of Representatives today on the topic of shutting down free speech. And guess what? Our event was temporarily shut down by a 3 #antifa hooligans. Anyone know who they are? They're on this video. The kippa'ed male goes by Michael Franklin. <https://t.co/Yl388mH39G>
 - @MEForum today is hosting on Capitol Hill what I think is the first-ever public discussion of "#Deplatforming, A New Problem." That's when conservatives find they can't speak, pay, or go places because major institutions, from @Facebook to @Citibank, shut down their accounts. <https://t.co/8azFITHzrR>
 - @john_maszka could you contact me at Daniel.Pipes@gmail.com? I'd like your response to something you wrote about in "Washington's Dark Secret."
 - Something wrong with this picture? 1. #Hamass launches 100s of rockets at Israel, kills & injures many. 2. #Israel responds with 100s of trucks bearing fuel, medicine & food to #Gaza. Me: Thank Israel's timid, defensiveness security establishment for this <https://t.co/w5ShmtOIBb>
 - My @MEForum colleague Samantha R Mandeles (@SRMandeles) politely offered an article on "Sexist Washington-area mosque & #FGM controversy" to @DissentMag. It did not even bother to read the piece but rejected it out of hand. See below for its impolite, scathing & bigoted response. <https://t.co/txk8j0xK7g>
 - #Poland celebrates 100 years of independence today (after 123 years of disappearing from the map). Congratulations to all & may the next century be easier than the past one. On a personal note, I have been a Polish citizen for 4½ years of that century. <https://t.co/gcmRhyCZbU> <https://t.co/Z641GE2yzn>
 - If you, like me, have paid no attention to the UN's "Global Compact for Safe, Orderly & Regular Migration," then read this hair-raising analysis by @JudithBergman at

- @GatestoneInst. In brief, the compact turns migration into a wild, brand-new human right. <https://t.co/iNLTfXUMUA>
- I just watched #VForVendetta. In it, the #Nazi-like regime executes someone merely for owning a #Koran. This turns the facts upside-down: #Churchill despised #Islam for its "fanatical frenzy" while #Hitler admired its compatibility with his own views. <https://t.co/Tohu51tjY8> <https://t.co/zLIFyIwG5h>
 - As we return to a divided US government, take a look at Kevin J. McNamara & my 1992 article arguing for "The Benefit of Straight-Ballot Voting." Or maybe, I realize 26 years later, the American electorate really does prefer a hamstrung federal government. <https://t.co/9aMU1vz5xl> <https://t.co/f1KGI46ecl>
 - The #Spanish government's weak immigration policy is finally stirring a Civilizationist party to come alive. That would be @VOX_Es headed by @Santi_Abascal who states that "all the ingredients are now there for us to triumph." Keep an eye on its progress. <https://t.co/QnmJ25LByw>
 - @DavidFrum: When I was young, the most important challenges to ... free societies seemed to come from Communists & Marxists. When I was not so young, the most important ... challenges seemed to come from Islamists. Today, they seem to come from ... populists. Me: How disappointing
 - Defying expectations, only 1.5% of eastern #Jerusalem's eligible voters voted in the recent elections - similar to previous elections. This figure includes Jewish voters, so the Arab percentage is even smaller. Me: Oh well, so much for municipal services. <https://t.co/lZvYsNuFQt>
 - After delivering one of his usual tirades, but this time in #Tehran, @LouisFarrakhan led a chant of "Death to America," & "Death to #Israel." Me: Farrakhan should just stay in #Iran, a much more congenial place for someone with his outlook. <https://t.co/zHVN2Efkg>
 - Rep. @SteveKingIA says he hopes Supreme Court Justices Sotomayor and Kagan 'will elope to Cuba' reports @RubensteinAdam. <https://t.co/UykG2fHveO>
 - Read the story of #AsiaBibi & weep for her & for #Pakistan, a country in the throes of an anti-Christian murderous frenzy. The worst of it is where are the the human-rights groups, the #Christian street demonstrators & institutions? Where is the outrage? <https://t.co/H69PtznchB>
 - #MidEast dysfunction captured in a picture: Look at the crazy routes flights must follow due to wars & boycotts. #Beirut-#Amman should be 220km but is 1070km. And this map does not even show the yet longer route #Israel's planes must take to get to Asia. <https://t.co/gdV9oNiHZu> <https://t.co/im0mb3pSjR>
 - I willingly pay federal taxes because the government is there to protect me. Or is it? ICYMI, A devastating (government) study assesses the complete failure to protect Americans from electromagnetic pulse (#EMP). What will it take to wake the politicians? <https://t.co/XSJIR6hRXq>
 - This @WSJ headline tells a profound truth about the MidEast: "#Iran Ally #Hezbollah Pays #Syrian Rebels to Switch Sides." That truth? Political affiliation is secondary to money. Everyone has a price, of course, but in the #MidEast it's surprisingly low. <https://t.co/QoTmcBRH1C>
 - I show in the @WashTimes today that "#Civilizationists are flawed but the Establishment is worse." (Civilizationists is my term for what the media inaccurately calls the far-right.) Take a look, especially, at the Sweden's #SocialDemocrats' WWII record. <https://t.co/QT03xcp89v> <https://t.co/KXp6qRpmoP>
 - #Oman is much in the news after hosting @Netanyahu & stating its priority "is to put an end to the [Arab-Israeli] conflict." If you're curious about the country, I visited there in March 2017 & wrote up a report, "The #MidEast's Most Surprising Country." <https://t.co/sNsJuPuVwl> <https://t.co/nlHZrkJKDY>
 - Saudi FM @AdelAljubeir: "The key to normalizing relations with #Israel will have to be the [#Palestinian] peace process." Translation: #Trump, if you want to build an anti-#Tehran coalition, you must first please #Ramallah. Me: I.e., displease Israelis. <https://t.co/liVbjoqmSR> <https://t.co/3GN9kkYwpc>
 - @AP quotes "experts" warning that @JairBolsonaro's foreign policy "could ultimately isolate & hurt #Brazil." It then lists main topics - China, Venezuela, Jerusalem, climate, illegal immigration - and, you know what? It all sounds pretty darn good to me. <https://t.co/Y03Tp54jp9>
 - Note anything odd about this sign that I saw today at the #Philadelphia airport (@PHLAirport)? En: Quite room Sp: Meditation room He: Silent room Ar: Prayer room Ch: Meditation room Question to the airport authority: Now alerted to this discrepancy, will you change the #Arabic? <https://t.co/63UGuTWQvp>
 - Why do Democrats find #LouisFarrakhan so alluring? @Tyler2ONeil of @PJMedia_com has collected photos of him with #BillClinton, #BarackObama, #KeithEllison, #AlSharpton, #EricHolder & #MaxineWaters. Challenge: Show pictures of Farrakhan with Republicans. <https://t.co/yerTJJcgb>
 - With relief, I report that #Pakistan's Supreme Court has acquitted #AsiaBibi, a #Christian woman on death row since 2010 for "blaspheming" Muhammad. Now, let's hope: 1. #Islamists murder no more innocents 2. @ImranKhanPTI finds the path of righteousness <https://t.co/fuFVbLFU2R>
 - For shame. I am no fan of #DonaldTrump. But when the president of the United States comes to a #synagogue to honor the 11 persons killed in the worst instance of antisemitic violence in US history, you respect his office & keep your mouth firmly shut about political differences. <https://t.co/vraMrSAC0z>
 - #MahmoudAbbas: "The number of refugees who left #Palestine in 1948-49 was 950K. Now they number 6mn." I wonder where those numbers are from. @UNRWA only counts 750K and "some 5mn." Worth noting: The US government (& I) says the actual number now is 20K. <https://t.co/QOqhQ4x5Rb>
 - Can you believe your eyes? Yes: #Putin, #Merkel, #Erdoğan & #Macron held hands at a 4-way meeting in #Istanbul. Whose brilliant idea was this? Was the idea is show off a new alliance? Humanize the foursome? Make them look dopey? Yes, that must be it. Glad no American was there. <https://t.co/mMqVY2DymI>
 - The national flag flies at half-mast over the residence of the head of state because of a massacre of #Jews at a #synagogue. This is unlikely to occur outside of the United States of America (and #Israel). <https://t.co/TBbalRb8O2>
 - NEWS FLASH: The #14thAmendment is understood to mean anyone born in the US is a citizen. But #Trump will issue an executive order stating that the phrase "and subject to the jurisdiction thereof" excludes illegals, ending anchor babies & chain migration. <https://t.co/cg1uwSriNP> <https://t.co/HPWGj1qomv>
 - Today marks 4 weeks since the murder of @JKhashoggi. Yes, it was grisly, barbaric & disgusting. But no, it will not end #MbS' career, undermine #Saudi wealth, transform power relations in the #MidEast, or change US policy. So, folks, can we agree now to let go of this topic? <https://t.co/PLPE5PE4kV>
 - The UK's leading wild-eyed Islamist, #AnjemChoudary, was jailed for supporting #ISIS. Now he's out - on condition he attend a government-run "desistance & disengagement" program. Me: And what if he converts his "mentors" rather than the other way around? <https://t.co/50nioPlqYe>
 - #Brazil's newly elected president, @JairBolsonaro announced he will: 1. Move the #Israel embassy to #Jerusalem 2. Take his first international trip to Israel 3. Close the #PalestinianAuthority's "embassy" in #Brasilia Me: The Right is as pro-Israel as the Left is anti-Israel.
 - Well, @AngelaMerkelCDU took the hint from recent elections (see prior tweet for some numbers) and will not run again after her current term as chancellor of #Germany ends no later than 2021. Me: Keep your eye on @JensSpahn. @SoerenKern wrote about him at <https://t.co/eeNbakiTfc>
 - #Germany's election results are almost mathematical: @AfD gains at @CDU's expense. National: CDU -8.6% AfD +7.9% Bavaria: CDU -10.5% AfD +10.2% Hesse: CDU -11.3% AfD +9.0% Maybe, just maybe, there's a message here for the CDU? Time for #Merkel to go? Become conservative again?

- The head of @CAIRNational, @NihadAwad (real name: #NehadHammad), finally admitted to him & CAIR being Islamists, speaking at the Gulf International Forum conference on Oct. 16: "We don't see any contradiction between us being #Islamists or #Muslims & being American secularists." <https://t.co/ss9csT7y56>
- Outrage: The so-called European Court of Human Rights ruled against Elisabeth Sabaditsch-Wolff for making critical comments (below) of #Islam's Muhammad b/c punishing her "preserves ... religious peace." Me. The ECHR has effectively applied the #Sharia. <https://t.co/xkxJhaJgA8> <https://t.co/ZUaFomFwA>
- @Harari_Yuval: #Israel has created "a working prototype for a total-surveillance regime" on the #WestBank that includes microphones, cameras, drones & spy software. News to me. Readers with detailed knowledge, please verify or dispute this description. <https://t.co/yXFy3UuHTz> <https://t.co/1DVuwi8Y98>
- A happy shock. Human Rights Watch (@HRW), which usually sees only #Israel's sins, wrote this: "The torture as practiced by both the [#PalestinianAuthority] and # Hamas may amount to a crime against humanity, given its systematic practice over many years." <https://t.co/euZMp2bThy>
- The absurdity of the term "Islamophobe" is clarified when the "Islamic Human Rights Commission" (@IHRC) lists the "worst UK Islamophobes of 2018" - and 3 of the 16 persons listed are #Muslims. Only one way to explain that: #Islamophobe = anti-#Islamist. <https://t.co/o0RGjx5vCf> <https://t.co/VCUAKGRm7m>
- #Germany's MFA issued a warning to citizens traveling to #Turkey that any criticism of #Erdoğan, even in private or a social media "like" can lead to arrest & prison. I wonder how much this will reduce tourism, so exacerbating Turkey's economic problems. <https://t.co/5Xy1UQ3F9V>
- I maintain a blog titled "Westerners in Trouble Who Convert to #Islam" and it has a star addition - the Irish singer formerly known as Sinead O'Connor who now calls herself Shuhada' Davitt (@MagdaDavitt77). It's quite a steady pattern. <https://t.co/DGle0QgBaW> <https://t.co/40vccU1O61>
- Well, American education could marginally improve if those universities actually stopped taking money from #SaudiArabia. Trouble is, they now take #Qatar's and #Turkey's money, which are just as bad. And they will surely return to the Saudi trough. For them, money is money. <https://t.co/XA4shKBcWw>
- #Israelis at large may be oblivious to the looming tensions but, according to #AmnonLord writing in @IsraelHayomHeb, "sources close to @Netanyahu expect a moment of intense debate with the #Trump administration, if not a political confrontation." <https://t.co/5xSM8WbAmm> <https://t.co/g4QjCMZnLd>
- The #Islamist cult of death is not unique. Here's a 19th century British revolutionary, as conveyed by #JosephConrad in "The Secret Agent." The revolutionary is responding to a comrade's respect for the Establishment & the police in particular. <https://t.co/VKtiifQK6Q>
- @MEForum news: #TommyRobinson has been invited to the US and - assuming his legal issues get cleared up in time - will speak for MEF in DC on Nov 14, after addressing members of Congress, on confronting #Islamism & his life as an "Enemy of the State." <https://t.co/HN5dobBYoE> <https://t.co/Xd9OdWsTxW>

- @JonathanACBrown I am excited too, but for a different reason, namely @JonathanACBrown's notorious views - he's pro-slavery! See the quotes below. By the way, I also have a book on slavery ("Slave Soldiers and Islam," @YalePress, 1981) but - surprise - I am anti-slavery. <https://t.co/oB1ryZbMLM> <https://t.co/6BhFLFC1j1>
- Winds of change: Since #Israel seized the #Shuafat "refugee camp" in 1967 until yesterday, it left all sanitation, health, education, etc. services to @UNRWA. Bravo to #Jerusalem Mayor @NirBarket for getting rid of UNRWA & replacing it with Israeli ones. <https://t.co/g0KkyYDv6n>
- Report: If #Trump does not unveil his "peace plan" soon, #French president #Macron will unleash his own. Me: 1. Oh great, just what we need - another "peace plan," and a French one at that. 2. Here's a better idea: #IsraelVictory, #Palestinian defeat. <https://t.co/RrdwQKaNyG>
- #Erdoğan: "If we need the permission of the judiciary, I lack authority." Me: 1. There's not even the pretense of the rule of law in #Turkey anymore. Hello dictatorship. 2. It took him 15½ years, but E has by now turned Turkey into an #Islamist paradise similar to #Iran's. <https://t.co/Uki6S9smgO>
- Talk about popular support for #IsraelVictory! The latest poll: 1. 56% of #Jewish #Israelis think current #Gaza policy is too soft. 2. 60% want to stop coddling Gazans. So, now's the perfect moment to convince #Palestinians the war is over & they lost. <https://t.co/0a4KKeTmAq>
- I tweeted on June 3, 2018, about the absurdity of @TariqRamadan publishing a book on "#Islamic Ethics" in 2019 & called on @OxUniPress to cancel the book. Guess what? OUP did. Go to <https://t.co/VHXwTPHpfj> and you find a dismal "Error 404 page" instead of the book announcement. <https://t.co/Luk38Ntpy9>
- Good news from London: #TommyRobinson's contempt of court trial, at his request, has been turned over to the attorney general for a decision whether to proceed or close it down. Me: It's past time to close down this judicial farce & let him live his life. <https://t.co/KQUSod3egH>
- Report: #Trump said "I can be tough with #Netanyahu on the peace plan, just like I've been tough on the #Palestinians." Me: How come almost no one agrees with my argument that the Palestinians have a massive gift coming? How many signals must Trump send? <https://t.co/FfQoEMZpOR> <https://t.co/chnWO4KbAl>
- "The Conspiracy Libel," Part I, from Shapeshift Cinema is out. It's a documentary that explores the historical origins of antisemitic #conspiracytheories. It ends with an interview with me (about major recent shifts in #antisemitism) that sets up Part II. <https://t.co/YTZJ5YmBEP> <https://t.co/jftgVXKXAH>
- News from #Italy: @MaurizioFugatti of the civilizationist #League party won 47% of the vote to become governor of #Trentino province. @MatteoSalvini's stand against illegal immigration is now driving Italian politics, perhaps all of Europe's politics. <https://t.co/VFEFvq37ok>
- The Italian publication @InformaleEu interviewed me about #Trump's policy toward #Israel and titled it "Still Skeptical." In short, things look very good now but I fear they will end badly. See below for the English-language version. <https://t.co/hCCuY9fUVr>
- News from #Spain: Due to heightened uncontrolled immigration, 1. The #civilizationist party Vox (@Vox_es) likely to enter parliament. 2. The narrow margin of difference between the 2 major blocs means Vox' leader @Santi_ABASCAL could emerge as kingmaker. <https://t.co/fp4mjDuZOU>
- Joseph Conrad, "The Secret Agent," 1907, wrote of "an act of destructive ferocity so absurd as to be incomprehensible, inexplicable, almost unthinkable; in fact, mad[.] Madness alone is truly terrifying, inasmuch as you cannot placate it either by threats, persuasion, or bribes."
- "All the damned professors are radicals at heart" in Joseph Conrad, "The Secret Agent," 1907. "One Party Classroom: How Radical Professors ... Indoctrinate Students & Undermine Our Democracy" by David @Horowitz39 & @JLaksin, 2009. Me: "Plus ça change, plus c'est la même chose."
- @Ed_Husain argues that the West achieves the goals (al-maqasid) of #Sharia (#Islamic law), thus making it "fully Sharia compliant." Me: Some #Muslims have gone further & concluded that the West is MORE Sharia compliant than are Muslim-majority countries. <https://t.co/2otUs7ttT5>
- Alexander Gauland (@AG_AfD) is a #German populist who says a "globalist class" threatens "what makes our country & our continent worth living in." The professoriate, of course, compares him to #Hitler. Me: Crying wolf means ignoring the real neo-Nazis. <https://t.co/oWH7mxemKB>
- @PewResearch Center asked #Europeans a trick question: "Would you oppose/support taking in refugees from countries where people are fleeing violence & war?" It got

- 77% support, 21% oppose. But it did not give numbers. Sure, a few refugees. But millions? <https://t.co/gCvdOZkJw1> <https://t.co/PWVYAJUVM9>
- #JoseVillaloz, president of #AlgecirasAcoge, a Spanish organization promoting migration, follows a sublime logic: "Most of the people that arrive here on a boat will not stay in #Spain & therefore it won't be a problem for Spain." Sure, so let them all in. <https://t.co/5Aolmq8d6P> <https://t.co/2bfk2RfFQ3>
 - ICYMI: It's important to recall that #Erdoğan is a dictator not just for egoistic reasons but to impose #Islamic law on #Turkey. @SonerCagaptay shows how this is happening, mild step by step until "the diaphanous veil of #sharia descends" over everything. <https://t.co/4iRiVFarx8>
 - 1. @DanskeBank_DK is Denmark's largest bank. 2. It boycotted various #Israeli companies on "ethical grounds." 3. It admits money-laundering vast amounts, perhaps \$234bn, in one of the largest financial scandal in #Europe's history. 4. You draw your own moral from this tale. <https://t.co/53bBrfPKoo>
 - #AntiZionism in the EU dropped by 6% in 2017. Asked at year's start & end, "Would you define your attitude toward the State of #Israel as sympathetic or unsympathetic?" those sympathetic rose from 38% to 43% and those unsympathetic fell from 30% to 29%. <https://t.co/APYuDC3gnP> <https://t.co/auL4QJhJtM>
 - Well look at this picture from 9½ years ago, May 28, 2009. Hard to imagine my speaking at @Google these days. And my talk title, "The Threat to #Israel's Existence," would get me shut down. Glad I had the opportunity then. The hour-long video is posted at <https://t.co/J6shEJWtjR> <https://t.co/zPsdabR4dz>
 - After 123 years of subjugation, #Poland won back its independence in 1918. Today marks the 100th anniversary of the first town to become independent. That was #Cieszyn, my father's birthplace. Congratulations to Cieszyn & to all Poles, especially as the country is again free. <https://t.co/14b1979svl>
 - The Palestinian-Israeli conflict has exceedingly few human moments that touch the soul. But one just took place: A paralyzed #Palestinian girl & her father brought gifts to an #Israeli woman who narrowly saved herself & 3 sons from a #Gaza missile attack. <https://t.co/RaLKhweWZ>
 - British "justice" & "police" are a joke - and not just because they can't stop #rapegangs or tried to disappear #TommyRobinson. Read @SoerenKern below on how the authorities do not want #AnjemChoudary's early release from prison but cannot stop it. A joke. <https://t.co/0UCTYrScgU> <https://t.co/8Fy7I3IfHs>
 - @Business headline: "Suddenly Toxic, Saudi Prince Is Shunned by Investors He Courted" Time to think outside the box. My suggestion for #MbS: Open #Mecca to all. Then pull a Sadat: state visit to #Jerusalem, speech to #Knesset, peace treaty with #Israel. <https://t.co/q1FioGifwc>
 - #Erdoğan & his #Islamist, nationalist & left-wing allies all want the US & @NATO out of #Turkey's #Incirlik air base & are making great plans to make this happen, Me: Leave pronto, hand it to them! And take the nuclear weapons out first. An ally no more. <https://t.co/vv8DAwSlfs>
 - My take at @JNS_org on 22-year-old American BDS activist #LaraAlqasam being detained, then allowed into #Israel: No matter how it came out, Israel would have ended up the loser. Moral: Think through the consequences of your actions before doing anything. <https://t.co/ZrG8d3UmhD> <https://t.co/6lubAkZ6WJ>
 - The #BeerSheva single mother, #MiriTamano shoved her 3 sons (8, 9, 12) into their home bomb shelter at 3:40am & not only saved all their lives but avoided a larger #Israel-#Hamis conflagration. It had been "divine providence ... It was clearly a miracle." <https://t.co/uvnOHowPNV>
 - My take on the @JKhashoggi affair: 1. Everyone involved - #Saudi & #Turkish leaders, victim - is an Islamist. What do you expect from totalitarians? 2. This is standard operating procedure for Riyadh. How come no one noticed until now? 3. If 9/11 blew over, this will blow over.
 - "@CAIRNational to Pay Tribute to @JKhashoggi at Oct. 20 Annual Banquet." That tells you all you need to know about who Jamal Khashoggi was. Of course, denounce his barbaric murder, as do I, but don't hide his ugly views & affiliations. #IslamistsAll. <https://t.co/J4WToiCbB9>
 - I look at the big picture today in the @WashTimes, why conservatives in the tradition vs rationality debate have been on the defensive since, oh about 1700. Brief explanation: liberalism may not work well but it fits the modern temperament. Read more at: <https://t.co/cFI0UQM0me>
 - Is J Street (@jstreetdotorg) clams to be pro-Israel, but is it? You decide. Fact 1. #Israel's ambassador to the US, @AmbDermer, refuses to meet with it. Fact 2. PA boss #MahmoudAbbas meets the JS leadership & thanks it for its work. Hmm, tough decision. <https://t.co/w3BgRtuyCc>
 - "#Palestine" is not a country, so it's great to see the merging of US Embassy #Jerusalem with US Consulate General Jerusalem into a single diplomatic mission. But why pretend this is to "achieve significant efficiencies & increase our effectiveness"? <https://t.co/6i4oRidKgW> <https://t.co/VRa2yygLv>
 - Thank you, Petra Marquardt-Bigman (@WarpedMirrorPMB), for detailing @JKhashoggi's despicable, antisemitic, genocidal views on #Israel. As I keep saying, why is anyone surprised when #Islamists murder Islamists? That's what totalitarians invariably do. <https://t.co/p8FeUmpu5X>
 - "Why Do You @American Conservatives Keep Losing?" @SchmidtMariaHU asked me - and I had no answer. Several months later, I found it & wrote it up: because modernity favors liberalism. Rationality trumps tradition. It's an old story, going back 300 years. <https://t.co/XkLOtYIF8z> <https://t.co/Sx7SLZOTp5>
 - #Trump cut funds to @UNRWA; I expressed skepticism, expecting others to fill the gap. Have they? It's confusing, as pledges of money keep getting announced. Do they overlap? Are they made good on? See the numbers below, then tell me what they all mean. <https://t.co/wQ9GOjEoWQ> <https://t.co/KtKj4GTJG>
 - #Hamis leader #IsmailHaniyeh says Hamis wants to "reach an understanding that will bring calm to #Israel." Me: 1. This looks like a step toward #IsraelVictory. 2. Now is the time to bear down hard on Hamis, to make it give up its eliminationist delusions. <https://t.co/8g3av3yXCm>
 - #Bavaria held elections yesterday and, with near exactitude, @CSU lost 10.2% to @AfD & @SPDde lost 9.7% to the Greens. Major implications: 1. As elsewhere, the legacy center is in dramatic decline. 2. The AfD, running in its first Bavarian election, is a force to reckon with. <https://t.co/OEETvwqU33>
 - Raphael G. Bouchnik-Chen at @BESA_Center: However evil the Myanmar government has been, the #UNHRC report on the #Rohingya is about as one-sided, biased & unreliable as UN reports on the #Palestinians. The #ARSA group is #jihadi & roughly equals #Hamis. <https://t.co/RBukDMHIXB>
 - Note the battling @TimesofIsrael headlines: 1. @AvigdorLiberman: No fuel or gas will enter #Gaza until all violence stops 2. Defense establishment opposed cutting off Gaza fuel, were blindsided ie: Leadership wants #IsraelVictory but bureaucrats do not. <https://t.co/TelUMrVZdo>
 - I am scanning #familypictures and from time to time will post an interesting one. This is from exactly a century ago, 1918. My paternal grandfather, #MarekPipes is standing. I wish I could identify more. Very atmospheric, no? <https://t.co/nIDLHjo0J0>
 - @HireLearning's bad experience fits a pattern of #Islamists excluding non-Muslims from their events. See my blog on this recurring at US adventure parks: <https://t.co/avjHIIDu1c> It's time to stand up to the Islamists & demand they stop this or pay the price of breaking the law. <https://t.co/x6GntKKjD8>
 - #Israeli celebrities @LucyAharish (a #Muslim) & Tzachi Halevy (a #Jew) got married. This is indeed remarkable: that a famous Muslim woman openly & publicly marries a non-Muslim man is something extremely rare if not historically unprecedented. May Lucy be a model for many others. <https://t.co/W3lwKY6k5t>
 - It's not yet clear that the release of #AndrewBrunson from jail in #Turkey is a clear win for #Trump because we do not know the price he paid. One analyst, @HBarkey, notes the bargaining that took place & speculates the US conceded in the @Halkbank case. <https://t.co/8L2FjRNPzE> <https://t.co/nvrRulej37>

- @DexterVanZile of @CAMERAorg attended a Christ at the Checkpoint (#CATC) conference & came away rattled by it because he finds that, ominously, Evangelicals are going the way of Mainstream churches. And he does not have an effective answer to this trend. <https://t.co/AZjHQO8JYV> <https://t.co/YLtt4ANfAJ>
- As #Turkey continues its economic descent, guess which ruler has become #Erdoğan's new BFF? None other than #Venezuela's #NicolasMaduro. They have thick & dubious ties. Me: This again signals E's turning away from @NATO & joining the ranks of its enemies. <https://t.co/2Ua016J4xz>
- "Pillars of the Profession: The Correspondence of #RichardPipes & Marc Raeff" by #JonathanDaly of U. of Illinois-Chicago, is out from @BrillPublishing. - #GaryFouse actually takes the time to explain to @Georgetown Univ.'s @CChristineFair the rather notable differences between a murderous #ISIS & a critical @CampusWatchMEF: One murders for God, the other critiques for integrity. Hope that helps, Christine. <https://t.co/kpRglKlz8v>
- Will someone explain why, when the Saudis disposed of Nimr al-Nimr, almost no one in the West cared, whereas there's a mega-furor over @JKhashoggi? They were both totalitarian #Islamists murdered by the identical regime. Is the key living in DC & writing for the @WashingtonPost?
- Aren't you relieved that the crazy Left is mostly not following the #Venezuela model of destroying the economy & tyrannizing the population, but instead challenges the facts of life, a battle it cannot win? What a great diversion. Next causes: Deny gravity. Insist on flat earth. <https://t.co/DhfozuSyGd>
- 1. Saudi Arabia's government is Islamist. 2. Turkey's government is Islamist. 3. @JKhashoggi is (or was) an Islamist. Me: What can one expect from #Islamists but lies, double-crossing, murder & dismemberment? Welcome to the world's newest & most virulent form of totalitarianism. <https://t.co/J54mYybvCr>
- Seen yesterday in #NewYorkCity: An ad atop a taxi, asking "Can Assad Survive?" Thoughts: 1. @TheNationalUAE, an #AbuDhabi newspaper, is sure ambitious. 2. The #MidEast has become strikingly prominent in American life. <https://t.co/QwaUNzGQLP>
- Okay, going way, way out on a limb here, speculating why @NikkiHaley abruptly resigned as @UN ambassador: She knows what #Trump plans to give the #Palestinians (recognition of "#Palestine" with its capital in #Jerusalem) & does not want to be part of it. <https://t.co/t1LM2JVZjz>
- Important article by @AktarCengiz in @Ahval_en: 1. #Erdoğan might make war to distract Turks from economic problems. 2. Only plausible theater? #Cyprus. 3. That would turn out badly for #Turkey. 4. Dictators often stir conflicts they know will end badly. <https://t.co/lk7KkfG49u>
- @KhaledAbuToameh in @GatestoneInst: Knock #Hamis out of power in #Gaza and - guess what? The even-more Tehran-backed, even-more genocidal #PalestinianIslamicJihad will likely take its place. Me: 1. Decades of brainwashing. 2. It's not easy being #Israel. <https://t.co/8kFT7nT95>
- This is fishy no? About Jamal Khashoggi (@JKhashoggi جمال خاشقجي) from the @NYTimes: "Turkish law required a document from the Saudi Consulate to certify his divorce." But both countries are #Islamist & both (to varying degrees) permit polygamy. So, why was this document needed?
- The head of the (Saudi-sponsored) Muslim World League (@MWLOrg_en) has called for a "peace convoy" of #Jewish, #Christian & #Muslim religious leaders to travel to #Jerusalem, visit the holy sites & find solutions. Me: Imagine @JeremyCorbyn proposing this. <https://t.co/uvtQm1UKPm>
- The US #TFR has gone down to 1.76. Optimists expect economic wellbeing means a rebound. But the Center for @RetirementRsrch finds otherwise, that the 4 factors listed below imply the decline is here to stay. Goodbye, American demographic exceptionalism. <https://t.co/FnqLnW1JG> <https://t.co/2ywoFDCJOe>
- Putting the @JKhashoggi disappearance in context: Essam al-Zamel (عصام الزامل, @essamz), a #Saudi economist w/900K @Twitter followers, was arrested for expressing doubts about the #Vision2030 plan, charged with terrorism & could face the death penalty. <https://t.co/SVQ8HtsFNQ>
- @Arab_America posted last year, sort-of tongue-in-cheek, an article by @NisreenEadeh on "11 'Arab' #Halloween Costumes You Should Never Wear." Presumably its advice holds for 2018 too. <https://t.co/9mwQT5bk8Z>
- Watching the #USSenate vote on #BrettKavanaugh, there seemed something odd & anachronistic. Then I realized: Nobody's on a computer, pad, or smartphone. Imagine that. Just senators, no machines. At the Conclave of Cardinals, the #Vatican goes further, jamming the WiFi signal. <https://t.co/Fapp9zXtO2>
- @JKhashoggi, a #Saudi journalist living in exile in #WashingtonDC, disappeared after entering the Saudi consulate in #Istanbul, where he went for some papers to get remarried. My question: Why go to Istanbul for routine paperwork? The whole episode doesn't make sense logically.
- I will point out how the Establishment blames the failure on tactical mistakes, thereby missing the far larger problems, thereby not learning from the #OsloAccords record of disaster. Imagine how much better things would not be without them. @EMET4u Go to <https://t.co/JPizgPLnoj> <https://t.co/0a5KWkic2g>
- @AEHarrod's report on a @CarnegieEndow event about the Pal'n-#Israeli conflict finds "the panelists' refusal to consider the just concept of an #IsraelVictory typifies the diplomatic establishment's atrophied thinking" & consigns Pal'n's "to more misery." <https://t.co/XmaUVy8njL>
- @TariqRamadan denied having sex with 2 women who accused him of rape. Then, whoops, SMS on his electronic devices proved that he was lying. And so, no bail but he stays in a #French jail for now. If found guilty, he could be sentenced to up to 35 years. <https://t.co/m5Jtkk2SWT>
- The @StateDept does not give up so easily! Yes, it lost the #Jerusalem recognition & embassy battles, but it won the geography & passport battles. It might take another 70 years to settle those issues. For details, see my quote in the @JNS_org article by @JacksonRichman below. <https://t.co/AwbApPNvhT>
- @WSJ: Read about the article in "Gender, Place & Culture," a journal focused on "feminist geography," on canine sexual misconduct in a park in Oregon. And then read about other funny "grievance studies" hoaxes. But will anything shake universities awake? <https://t.co/wwwEKAJWMv> <https://t.co/9lo3QWJpnV>
- How sweet of her: @CChristineFair of @Georgetown Univ. one of the whackiest of all the crazed left wing professors (she calls for castrating the corpses of murdered white male US Senators), includes @CampusWatchMEF in her latest torrent of abuse, even claiming we are terrorists. <https://t.co/8jDmeJWf8y>
- Well, that's a different take: Leading Islamist figure #ZaidShakir (né Ricky Daryl Mitchell) notes that #Islamic law demands 4 (male) witness to a sex crime. Lacking these, #ChristineBlaseyFord accusations "cannot be used as evidence" against #Kavanaugh. <https://t.co/nFvQ9ruprl> <https://t.co/G4QGEedGGSe>
- Even the hapless #Europeans understand that #Erdoğan is an evil man who needs to be punished for his actions: The #EuropeanParliament just voted 544-28 to withhold €70mn in payments to #Turkey. That's a 95-5 ratio. How about 100-0 next year? <https://t.co/RqN3Y1AIzZ>
- And not only that: I visited @ChrisGunnness in his cushy #Jerusalem office, where he enjoys the benefits of living in a 1st-world capital even as he viciously condemns every step #Israelis take to protect themselves from #Palestinian assaults. Ah, the good life of a @UN employee. <https://t.co/64vzFHOtGb>
- LAVI: As part of a study tour of #Rawabi, a West Bank #Palestinian town, #IDF personnel must disarm and "disguise or ... shed any Jewish & Israeli symbols & refrain from speaking Hebrew." Me: If true, this symbolizes exactly what #IsraelVictory will cure. <https://t.co/1xDixJyItx>
- This month marks 30 yeas since #AdamGarfinkle & I disposed of the #Jordan-is-#Palestine (#JIP) dream in @Commentary. The 4 arguments offered there remain 3

- decades later as valid as they were then Basically, nothing has changed. Time permanently to let go <https://t.co/PrMkQVpjoN> <https://t.co/FdbWAVCOOB>
- More misbehavior by #MidEast studies faculty, this time at @McGillU. Each time one of these incidents comes to light, I thank my lucky stars I got out of university teaching when I did, back in 1986. <https://t.co/Applqe3eLv>
 - I am sad to learn of #WalterLaqueur's death at 97. I learned much from him, mostly from his writings but also from him in person. He's another of his generation whose life experience and talents make them well-nigh irreplaceable. <https://t.co/mON5ZOyJWJ>
 - Can you imagine being fined \$40 million for an errant tweet? That's what happened to @ElonMusk and @Tesla. Moral: Think before you tweet. Then think again. There's no editor to save you from your folly. <https://t.co/zSVXr3Nmoy>
 - Today is the day in 1978 when I started my job at the University of Chicago (@UChicago) teaching World History alongside the great William H. McNeill, as well as Western History (no, no MidEast). It was my first "real job" & it was an honor & thrill. Forty years! How time flies.
 - The #SwedenDemocrats (#Sverigedemokraterna, @sdriks), called neo-Nazi by its opponents, far-right by the media & #civilizationist by me, submitted a resolution to #Sweden's parliament calling on it to recognize #Jerusalem as #Israel's capital. Neo-Nazi? <https://t.co/e3t5kk2rdn>
 - This is a picture of a train, apparently in #India. No agenda in posting it: I offer it just because I find it mildly astonishing. <https://t.co/xgftCwHuJa>
 - I just noticed that #Australia's government lists 26 #terrorist organizations & all 26 are either #Islamist or #Muslim. Me: (1) Oh no, where is the fig-leaf non-Muslim group? (2) This list establishes with unique clarity whence political violence comes. <https://t.co/pwCerWWImM> <https://t.co/55SZg9k7bB>
 - @ShoshanaBryen & @SteveBryen: The #Russia-#Israel crisis over the shot-down plane over Syria boils down to tensions between Putin & his generals. They argue this in "Has the Russian Military Boxed in #Putin? Signs point to a renegade Russian military in #Syria" (not online).
 - #Islamists are, election by election, acquiring a role in financing elections in the #UnitedStates - and few seem perturbed by this totalitarian corruption of democracy. Time to wake up. As a very large beneficiary of such funds, @KeithEllison is a good candidate to start with. <https://t.co/Nb7baJhUz3>
 - So, İbrahim Kalın (@ikalın1), one of #Erdoğan's most conspiratorial aides, has brought his threats to the USA by threatening followers of #FethullahGülen. Alumni must pressure @Georgetown University to distance itself from this thug & the USG must threaten to cut GU's funding. <https://t.co/GsRVpgMv0T>
 - Happy to be corrected, @ACAI_cat. But, then, how should I understand the very anti-#Israel policies espoused by #Catalan politicians, such as when the #Barcelona City Council's in April declared itself "Free of Israel Apartheid"? See <https://t.co/mJFF4X1APp> @ACOM_es @ANC_Israel <https://t.co/qCh9MaSNY7>
 - Newly posted but from 2006 and more relevant than ever: A panel discussion with @YaronBrook about the #Danishcartoons, #Islamism & free speech issues. Hosted by the @AynRandInst. Lesson learned: Stop the Islamists before they take away our voices & pens. <https://t.co/1z6NOz6wpL> <https://t.co/aCD3VddD0B>
 - Keeping score: 1. #Spain plans to recognize #Palestine. 2. #Israel might retaliate by recognizing #Catalonia. 3. But Catalonia is yet more anti-Israel than Spain & might respond by also recognizing Palestine. My advice to Israel: Don't play this game. <https://t.co/pmipxBEDDV>
 - Fascinating: Global #Muslim opinion remains acutely focused on the undeserving #Palestinians - but blithely ignores #China's Muslims being horribly controlled & oppressed. Why? Because of a hankering for Chinese investments, not wanting to make trouble. <https://t.co/42g2iCSqMp>
 - #BennettRuda concisely & authoritatively surveys a confused topic at "Why #Jews Are Indigenous To #Palestine — And Arabs Are Not" in the @JewishPress. Basic point: Those now called simply "#Palestinians" are a mishmash of dozens of contending ethnicities. <https://t.co/KDsZWlzCle>
 - Nir Shafir (@zabatarider) reveals that forged art & false scientific instruments get widely circulated in a pathetic attempt to boost the #Muslims' historic role in developing science, this in turn aiming to elevate their status today. Me: Surely, sticking to the truth suffices. <https://t.co/bC3ZHfR0Kt>
 - Meeting @Netanyahu at the @UN, #Trump stated how it's #Israel's turn "to do something that will be good" for the #Palestinians. I understand this as demanding that Israel's govt - and not just the USG - accept "#Palestine" with #Jerusalem as its capital. <https://t.co/ed0R3217dK> <https://t.co/hAg1IUZcjL>
 - Nice review of comments on Trump's @UN speech yesterday. Here is mine: "With a couple of important exceptions ..., Trump's speech was down-the-line conservative, and especially so his treatment of Tehran & international organizations. This conservative came away happy with that." <https://t.co/OeUow4LYOy>
 - Insight from @CAIRNational's #Philadelphia head, #JacobBender: "I do not believe it an exaggeration to say that the fate of American democracy may hinge upon how Dr. Christine Blasey Ford responds to her tormentors." Me: Curious how U.S. #Islamist organizations have tacked left. <https://t.co/ED2cFcXgX9>
 - Believe it or not: @Gallup polls finds that the #RepublicanParty with 45% favorability is (1) at its most popular since 2011 & (2) slightly more popular than the #DemocraticParty. Me: #Trump appeals to something deep that many of us just don't understand. <https://t.co/0OmbA7KijX> <https://t.co/68D2QPf7GF>
 - ICYMI: Since 2015 & the #Merkel migrant tsunami, ~60% of convicted rapists in #Sweden are foreign-born. Me: (1) And how many more are born of foreign parents? (2) In short, Sweden has imported itself a #MidEast rape culture. (3) As too have #Norway, etc. <https://t.co/1bJNce3ngK>
 - The US @StateDept today published "Outlaw Regime: A Chronicle of #Iran's Destructive Activities" detailing its terrorism missiles illicit financial activities threats to maritime security & cybersecurity human rights abuses & environmental exploitation <https://t.co/nhC0KfoDah> <https://t.co/MXeMgyV0VR>
 - Major development in #Germany's ruling #CDUCSU parties: An upstart, #RalphBrinkhaus, defeated #AngelaMerkel's candidate, #VolkerKauder, 125-112, to serve as leader in the parliament. Me: Finally, the troops are starting to rebel against her ineptitude. <https://t.co/RVhamFSe7L>
 - @CAIRNational openly admits to censoring the contents of a public library in #Plano, Texas. It's a small sign of what life will be like as more #Islamists live in the USA. The time to stop them is now. First step: Prevent them from entering the country. <https://t.co/4QNolvYmKk> <https://t.co/3bZR4k97Wy>
 - Sad to see the Board of Deputies of British Jews (@BoardofDeputies) condemn the UK government for its defense of #Orbán's #Hungary. Yes, Orbán is autocratic, but his rule does not threaten #Jews or #Muslims; the danger to them both lies on the Left side. <https://t.co/eATAwBKlr9>
 - I will appear with @WalshFreedom about 9:10 EDT. My take on the #Trump speech: solid conservative outlook with two main exceptions: trade and allies. Listen for details. <https://t.co/sQ5GrUTv7X>
 - #AlejandroMacarrón: Except for #Israel, birthrates in rich countries plummeted in 2017. E.g., 3% in Netherlands, Belgium, Japan & China, 5% in Spain, Greece & Mexico, 8% in Ukraine & Russia, and 10% in S Korea. But who even noticed this annus horribilis? <https://t.co/wLhssfZeT5>
 - Here's a colorful elaboration on the history & connections of the #IsraelVictory Project idea: according to Muhammad Sharif Kamil writing in the Egyptian magazine, @Arabi21News, I influenced decisionmaking under #Sadat & I am a friend of #Mubarak's. Right. <https://t.co/Bhgg8SnJbF> <https://t.co/ODR8UaWoDs>
 - If you, for some very odd reason, wish to become a citizen of #Erdoğan's #Turkey, it will cost you a whole lot less now that the lira has sunk 40% in value. As for me, I'd be

- arrested on arrival, so I'll pass up the new price, no matter what the bargain. <https://t.co/cUfSRPxFy> <https://t.co/HMjJeWTJJA>
- #EhudOlmert was by far Israel's worst PM & now he is its worst ex-PM. Just listen to him sing the praises of his "friend" #MahmoudAbbas: "He fights against terror because this is part of his commitment to achieve peace. ... I liked him ... as a person." <https://t.co/A5V9SKObRJ> <https://t.co/qQ7grtM1R2>
 - Good ole' #Sweden: An illegal 22-year-old #Palestinian migrant secured his remaining in Sweden by being found guilty of firebombing the #Gothenburg synagogue as #Jews celebrated #Hanukkah within it. Plus, it's a great incentive for others to attack Jews. <https://t.co/FrHqaqBqYH>
 - @ICNA's NJ branch has a weakness for announcing "#Muslims Only!" at its amusement park days at Six Flags Great Adventure (@SFGAdventure), though this is patently illegal. It did so, once again, some days ago. Me: And how does it test at the door for who's Muslim & who's not? <https://t.co/yGTZwYHkEi>
 - Question: "Are you in favor of the PVV-proposed law to ban #Islam from public space in the #Netherlands?" (PVV = @GeertWildersPVV's party). Reply: 39% yes, 50% no. Me: It will never happen but it expresses strong sentiments that eventually will prevail. <https://t.co/CDU0ehs1li> <https://t.co/GoGLXdssnX>
 - The @DalaiLama endorsed anti-immigration views: Europeans should help "a refugee really facing danger against their life. Receive them, help them, educate them... but ultimately they should develop their own country. ... #Europe belongs to the Europeans." <https://t.co/SOAUmZOkfn>
 - Latest from the #Maldives: Police with axes, concrete saws & ropes destroyed human statues located in the over- & under-water "#Coralarium" art work at a hotel. Why? Because the PM wants to win the Islamist vote & breaking statues is a sure crowd pleaser. <https://t.co/TgMBPkvcvj> <https://t.co/D3rdrfYQzA>
 - Here is the full program of the #RichardPipes Memorial Service at @Harvard University on Friday, Sep. 21. <https://t.co/KBBeoE4y1o> <https://t.co/BSQsg3NEcA>
 - I am not shocked, are you? #Erdoğan selected @FuatOktay06, a crook & jihadi enabler as #Turkey's VP, writes @AbdBozkurt. But what a crook! Read about Oktay's corruption at #YimpaşHolding & the "embezzlement scheme that totaled some \$5bn." Crony capitalism at its most beautiful. <https://t.co/qteaYPrTJy>
 - #VladimirPutin comments on immigration to Western #Europe: "If one encourages migration with large social benefits and other bonuses, why should this flow ever stop?" One can't argue with that logic. He also notes the shift from the #MidEast to #Africa. <https://t.co/q69pwGZwvR>
 - #HansGeorgMaassen, the head of #Germany's #BfV domestic intelligence agency, dared to disagree with Chancellor #AngelaMerkel about the nature of the anti-migrant demonstrations in #Chemnitz. Now, he's out of job. But of course. <https://t.co/fd19GyXk6g>
 - I get upset in the @WashTimes today, telling how the progeny of #Nazis in #Germany & #Austria dare suggest that I am a neo-Nazi. This is a small part of a common Leninist pattern underway in Western #Europe: Don't argue with your opponent, destroy him. <https://t.co/psgg6rxFQz>
 - A typical action from the liberals in #NewEurope: An #Amsterdam sentenced Zaman S., a 38-year-old #Afghan asylum seeker, to a mild punishment for raping a mentally deficient 18-year-old girl. Why? So he won't lose his #Dutch residence permit, of course. <https://t.co/ft4lbSZXHw>
 - Ignore the headline of @SoerenKern's article on #Sweden's elections: He gathered a great deal of information suggesting that multifaceted fraud explains the #SwedenDemocrats' (@sdriks) surprisingly poor showing. Me: The Establishment will stop at nothing. <https://t.co/o1FFvoBTry>
 - @C2Education is a large, for-profit company that helps K-12 students with "tutoring, test prep, and academic counseling." Fine. So, why does its 2013 book of readings present a pious apology for #Muhammad's treatment of women? What is C2's real agenda? <https://t.co/Rp1XYI7Og7> <https://t.co/P9Lj8ZpExl>
 - #Israel's military took advantage of an anniversary to show off its #Ofek11 spy satellite and published a picture of #Syria's Presidential Palace, home of #BasharAssad. Is it an implicit warning? I think so. <https://t.co/TSHptmaqZR> <https://t.co/91g22Psuoo>
 - Well, it's certainly an original thesis for a book: "the War on Terror is a war for natural resources - and ... #terrorism has little to do with it." @john_maszka Me: Academics feel compelled to be original, even if the results are nonsensical, even silly. <https://t.co/VS56B0EGTP> <https://t.co/e1XNMPFBpo>
 - #Israel's usual pattern of timid security services, bold public: 1. The #IDF leadership decides #Palestinian #jihadis in prison for murder should be eligible for parole in military courts. 2. PM, DM & other politicians say no way, ever, drop the subject. <https://t.co/NjsKKSd1HI>
 - What do make of #Egypt's President #Sisi? I see him as a covert anti-#MuslimBrotherhood #Islamist. In contrast, #BarakBarfi finds Sisi "at his core a #Nasserist" who has only twice deviated from this outlook. So, take your choice of 2 failed ideologies. <https://t.co/F82b2dvSW5>
 - Did you ever wonder why, once on the #SCOTUS, seemingly reliable conservative justices make woolly choices? #RobertNagel explains in this important & disconcerting analysis that they get the "#statesmanship" bug & leave mere legal considerations behind. <https://t.co/DGr852eqca>
 - #PeterPry: Time for a "#Manhattan"-style project to protect against electromagnetic pulse (#EMP). Me: With 90% of Americans dead after an EMP incident, this top-priority project should have been started decades ago. It's not even expensive. Let's go now. <https://t.co/Um16qbP0K5>
 - Brilliant article exposes the contradiction between #Erdoğan's two "orthodoxies": 1. A Jewish cabal seeks to impose high interest rates on #Turkey. 2. E's crony capitalist power base needs high interest rates not to go bankrupt. So, what's an obsessive tyrant to do? Stay tuned. <https://t.co/hQUn62PFmx>
 - @GordonGChang at @GatestoneInst: "Given the breadth of the #CommunistParty's ambitions, everyone, #Chinese or not, has a stake in seeing that #Beijing's digital #totalitarianism fails." Me: Creepy, scary "social credit" makes 20th century totalitarianism look like amateur hour. <https://t.co/fFok4cOmkr>
 - @StephenHarper, Canada's extraordinary 22nd prime minister, is the new chairman of one of my favorite organizations, the Friends of Israel Initiative (@FriendsIsrael), following on the remarkable José María Aznar (@JMAznar_ES). Bravo to @Rafael_Bardaji. <https://t.co/lfxQxqN3aH>
 - I recorded a radio discussion on "The Causes of the Crisis in #Venezuela" with #TomSwitzer on @ABCAustralia. I argued that the tragic delusion of #socialism explains how the world's 4th-richest country ended up brutalized, sick, starving & fleeing. Beware. <https://t.co/0XFX5NkgTw> <https://t.co/abM0Vyoaqy>
 - Remarks by #JasonGreenblatt give further reason to worry about #Trump's plan: "We're going to have to defend the plan to #Israelis & #Palestinians. We are ready for criticism from all sides." I hope the Israelis are ready for US recognizing "#Palestine." <https://t.co/Rmz1N5UAa6>
 - @MKoplow of the @IsraelPolicy4m unhappily finds that the #Trump administration "appears to have adopted wholesale the theory that animates the #IsraelVictoryProject," adds that "this playbook has been translated into tangible actions." I hope he is right. <https://t.co/wvpMxoRG4X> <https://t.co/03yphuGH6n>
 - Despite his fury at high interest rates, #Erdoğan allowed a 6.25% increase in them today. And Turkey's currency went up a bit. Me: Even a vainglorious fantasist sometime has acknowledge the laws of economics, however humiliating that may be. Poor Tayyip. <https://t.co/H3Fiyf1DwG>
 - @UPennMEC urges students to study the #MidEast. Great idea! But: Why does its map show capital cities for 16 countries and not for #Israel? Can't academics even get

- basic facts straight? Must everything be politicized & rendered inaccurate? Is #antiZionism always inescapable? <https://t.co/8zs4kgcrzV>
- I bet this is monetarily the most valuable gift in the human experience: "Emir @TamimBinHamad of Qatar presents @Erdoğan with jet valued at \$400mn." Me: 1. Unaccountable, #Islamist dictators take care of their own. 2. Erdoğan will rue accepting this gift. <https://t.co/FhgpO4yesv> <https://t.co/xeci2KaLda>
 - Good news: Israeli #Judokas competing at the Intl. Judo Federation (@IntJudoFed) Grand Slam competition in #AbuDhabi will have their flag & national anthem during medal ceremonies. Me: #Muslims open to #Israel even as the Left closes to it. So unexpected. <https://t.co/ODsZf0Kpz8>
 - #AnjemChoudary was sentenced to 5½ years in prison for recruiting Britons to #ISIS. His imminent release, despite the UK prisons minister calling him "genuinely dangerous," points to an abiding Western incompetence in dealing with the threat of #Islamism. <https://t.co/dOcRkOn9dy>
 - @AEHarrod: DC's disgraced Cardinal #TheodorMcCarrick is not just an accused pederast. He also "offered dubious adulation" for #Islamists like @ISNAhq. Parading himself as a scholar of #Islam, he claimed that #ISIS atrocities distorted Islamic doctrine. <https://t.co/qM5VXqzbMd>
 - Typical of the Left: The Carnegie Endowment for International Peace (@CarnegieEndow) event on "1 State/2 States: Pathways for the Israeli-#Palestinian Dispute" offers up 5 speakers who all basically agree that #Israel's to blame. No debate on the Left. <https://t.co/WP8WBysgp9>
 - Today marks 25 years since the signing of the #OsloAccords. The losers (Palestinians) pulled the oldest trick in the book; the victors (Israelis) willed themselves to be duped. If not for this folly, the #Palestinian-#Israeli conflict would likely have been closed down by now.
 - Well, that's rich: UK's @JeremyCorbyn just accused Hungary's #VictorOrban of "pandering to #antisemitism." Suffice to say that Corbyn befriends the murderers of #Israelis and Orbán befriends the prime minister of Israel. <https://t.co/QG1ncPg2BD>
 - I worry that #Trump's Palestinian policy is to pressure them to accept "#Palestine" with #Jerusalem its capital. But Richard Falk (@RFalk13) sees it as following my #IsraelVictory idea. I hope, this is one time, his analysis is more accurate than mine. <https://t.co/8i9IZJuZl>
 - During the electoral campaign, @MatteoSalvini spoke of expelling 500K illegal aliens from #Italy in 5 years. Now that he's interior minister, he speaks of 80 years - i.e., never. Me: Expulsions are the very hardest part of the #civilizationist platform. <https://t.co/JMri4Nh8g6>
 - @BensmanTodd did some sleuthing about an attempted #ISIS-related assassination of a US ambassador in the South American country of #Suriname. Me: 1. ISIS in Dutch South America? 2. Where is the #MSM? 3. Where is the #USG? 4. Bravo to Bensman & @PJMedia. <https://t.co/0uxay0YLUJ>
 - #BruceRiedel does a fine job summarizing why #MbS & the #Saudi government are failing to achieve the ambitious #Vision2030 plan. Capricious rule, oppression, corruption, inconsistency & failed foreign policy initiatives are some of the many obstacles. <https://t.co/aKWviJLUR3>
 - The Arab-Israeli conflict reaches v remote places: #Brazil's pro-#Israel presidential candidate @JairBolsonaro, after being stabbed, went to #SãoPaulo's #Jewish hospital, not its #Arab one, to much chatter. Time to end this silliness with #IsraelVictory. <https://t.co/et5T259fhS>
 - I am delighted that #Trump is closing down the #PLO office in DC. But I worry his goal is to pressure the #Palestinians to come to the table where they will receive recognition of #Palestine with #Jerusalem as its capital. Then, he will insist #Israel accept this. End of story. <https://t.co/HqMJX28f57>
 - Great to see that #PascalBruckner's 2017 book, "Un racisme imaginaire: La querelle de l'islamophobie," is coming out in English from @Polity Books as "An Imaginary Racism: #Islamophobia and Guilt." The more this term is discredited, the better for all. <https://t.co/XY4TZzJXPC>
 - Here's a reminder from 2008 - note the direct threat against the UK & the massive corruption - why we all then despised the #Saudi gov't & why we're rooting for #MbS to make fundamental changes. But recent events suggest how slow & difficult that will be. <https://t.co/vVm4ZMEMR6> <https://t.co/Q7pKsnNHgi>
 - ICYMI: #CastelVolturno (pop. 40K, ½ African) in #Italy has become a lawless hell-hole where mafia-like gangs dominate, trash festers, drug sellers & prostitutes roam. Police station, school, church & post office are but a memory. It's also a no-go zone. <https://t.co/e6yma4AJ9a> <https://t.co/kIduOivKjh>
 - More dismaying news from the UK: "#WarsawGhetto vandal to speak at @PeoplesMomentum's @JeremyCorbyn festival." That would be Ewa Jasiewicz (@ewa_jay), who spray-painted graffiti "tainted with #antisemitism" on one of the ghetto's few surviving walls. <https://t.co/Rv66230CZU>
 - It was a sad as it was inevitable: #Turkey's final independent newspaper, #Cumhuriyet, has been taken over by #Erdoğan's goons. I look forward to the day when the #Islamists are gone from #Ankara and democracy returns to Turkey. <https://t.co/0ZM8N5d3i0>
 - @MartinSherman2 correctly points out to @CarolineGlick that if 70 years of living under #Israel's rule has not turned most of its #Arab citizens into loyal Israelis, how could this same approach possibly work on the #WestBank? He says no her #OneStateSolution idea & so do I. <https://t.co/2W6y9d5PGO>
 - @UKIP leader @GerardBattenMEP wants his party to make a "one-off" exception for #TommyRobinson and allow him to join UKIP. This is potentially very important news b/c it probably turns UKIP into the all-important #civilizationist party the UK so needs. <https://t.co/c5g3fbv1J6> <https://t.co/mJy4b55CF2>
 - A newly-discovered, unpublished (due to the #Nazi invasion) 1939 telephone directory for #Warsaw contains listings for my: 2 grandfathers (#MarekPipes, #MarcellRoth) 1 great-grandfather (#MPajeski) 1 Roth & 2 #Haskelberg great-uncles History comes alive. <https://t.co/AZLDZTtF6U> <https://t.co/AbZsSc8ISo>
 - I'm in #HarvardSquare & looked at a copy of #MargaretAtwood's "The Handmaid's Tale" (which takes place here) & chuckled because this 1985 novel about a fundamentalist #Christian dystopia came out just after fundamentalist #Islamic dystopias became reality & a threat, as in #Iran. <https://t.co/Ux2QkkHev3>
 - Bravo to @SenatorLankford for his excellent "#Palestinian Assistance Reform Act" (#PARA) that requires @UNRWA to adopt the international and US definition of refugee, ie one which ends with the refugee himself. But it will be tough to get UNRWA to listen. <https://t.co/QUr9UNZND2>
 - Will @UKIP offer membership to #TommyRobinson? If it does, this could profoundly change British politics, giving it finally a chance at a #civilizationist party. But that means @Nigel_Farage allowing UKIP to go beyond #Brexit, which he has resisted so far. <https://t.co/agWdoVblp>
 - The serious student of history knows that Arabic-speakers adopted the Palestinian identity in 1920, just 98 years ago. But the @UChicagoPress offers an alternate history of #Palestine that's supposedly 4,000 years old. Me: How sad to see a grand old publishing house decay & rot. <https://t.co/E8lbQGsrCo>
 - The Government of #Israel has long wanted @UNRWA funded. Yes, strange but true. That's its super-timid security services in action. The recent US cut-off of funds to UNRWA brought out much concern, fear & gnashing of teeth, as I document in the blog below. <https://t.co/FafqrRiK98> <https://t.co/yGeJ9hqHhF>
 - Who knew? @United Airlines transports without any charge a customer's jerry can with up to 10 liters of #Zamzam water (that is, water originating in the Great Mosque of #Mecca). Me: Best I can tell, this is a unique exception to UA's usual weight limits. <https://t.co/x0KybFaaQT> <https://t.co/K1AVz5q4IA>
 - The U.S. government cut \$300mn in donations to @UNRWA this year. But already other governments have pledged at least \$270mn (I probably missed some pledges). Me: Gold-plated UNRWA can continue to manufacture new refugees & incite them against #Israel. <https://t.co/7bzyUKsqK3>

- #1 Brilliant Westerners devise amazing cars that can navigate busy streets on their own, without humans. #2 Depraved #Islamists avoid their own "martyrdom" by deploying driverless cars to carry their bombs. #Jihad for those who love life more than death? <https://t.co/dVruaUdu8l>
- The Century Foundation (@TCFdotorg)'s glowing report on recent immigration to #Germany is surreal, deeming the experience "checked [but] on the most important counts ... a success." Me: Sure, just ignore the jump in crime, disease & social tensions, etc. <https://t.co/9oOWHZao4E> <https://t.co/WF99zOTR3N>
- @HanyGhoraba: "the trend in #Egypt seems to be moving away from the hijab & #niqab." He quotes @Fou2adaMasr: "Women are becoming more vocal, and the reason for that is they finally realized that many sheikhs & #Islamist clerics they once respected were just crooks & hypocrites." <https://t.co/lGk6jvIBtD>
- Good news: As tensions with #Erdoğan's #Turkey continue to mount, the US military is looking more to neighboring #Greece for bases & other cooperation. Chairman of the Joint Chiefs Gen. Joseph Dunford: "the opportunities here are pretty significant." <https://t.co/YWCsY7Usnl>
- I thank @NadavEyalDesk for pointing out errors in the @ArutzSheva_En report, though this was not "completely fabricated": @JZarif acknowledged that his govt & @GeorgeSoros worked together - but limitedly (not closely) & in the past (not present). Source: <https://t.co/OS1D6oFUvM> <https://t.co/QLPJAG32AY>
- Money is not the key: @UNRWA Commissioner Pierre Krähenbühl (@PKraehenbuehl) announced that the governments of #Qatar, #UAE, #SaudiArabia, #India & others contributed \$238mn in extra funding to compensate for US cuts. Me: Refugee identity is the key. <https://t.co/oenRQPyne0>
- The #SwedenDemocrats (@SDRiks) is endlessly excoriated for its (admittedly) dubious origins. Meanwhile, the Left Party (@Vansterpartiet)'s current, alive & public connections to the Democratic Front for the Liberation of Palestine (#DFLP) are ignored. Why? <https://t.co/BjEUXEH6KM> <https://t.co/SnPQn4mZau>
- The cat is out of the bag: #Iran's foreign minister, @JZarif, acknowledges his government works closely with @GeorgeSoros's @OpenSociety Foundation. This validates the many critics of OSF, @CEUHungary & Soros' many other activities. He does hate his own. <https://t.co/64oQ1Oja3y> <https://t.co/rT7nVZ6sPS>
- @markdurie .@MEForum fellow @MarkDurie has published a profound book on the #Koran in the context of the #Bible. See the summary below. He also takes on many other topics, such as Mecca-Medina tensions, prophecy, Satan, sin, the oneness of God, covenant, warfare, divine presence & holiness. <https://t.co/Gh2CslzIFU>
- So, let me get this straight. Moscow permits the #Israelis to attack Iranian targets in #Syria deemed threatening to Israel's security. But Washington does not allow them to do the same in #Iraq. Something wrong with this picture? <https://t.co/7DVTvioaoM> <https://t.co/SkRVGmgEpF>
- In response to the US cutoff of funds, @UNRWA's head @PKraehenbuehl wrote a whiney letter. Surprisingly, however, he does not single #Israel for blame but holds "the parties and ... the international community" responsible for the protracted Pal'n problem. <https://t.co/Y4ltePUT1Y> <https://t.co/o7Pg2djDLI>
- ICYMI: French philosopher Alain Finkielkraut (@AlFinkielkraut) in @Haaretz, Nov. 17, 2005: "Anti-racism will be for the 21st century what communism was for the 20th century." <https://t.co/6IGOFHB2vE> <https://t.co/eE5S9RtrUc>
- @MrJonathanLynn, co-author of my all-time favorite show, "#YesMinister," wrote a pithy, withering response to @JeremyCorbyn. - Combing through the evidence, Allen Z. Hertz concludes it's likely that #Napoleon invited #Jews in ~1798 to "establish a Jewish government in #Jerusalem." If so, he did it, like the UK's Balfour Decl. in 1917, to win their help against war-time enemies. <https://t.co/70ynwJuX6K>
- I've estimated for years that the number of real Palestine refugees (which @UNRWA counts as 5.3mn) is about 20K. Reports have it that this is also the number the @StateDept has found fit its definition of refugee. Note: That's 1/3rd of 1% of UNRWA's total. <https://t.co/CjxWA2YNbo> <https://t.co/TyEss4bEwl>
- ICYMI: #MichelHouellebecq, the most important novelist of #France: 1. Excoriated the country's elite, said it "hates" the people. 2. Noted its submission to the wishes of the #PersianGulf monarchies. 3. Accused ostensible leftists of being reactionaries. <https://t.co/lucBwmutRp>
- An important article by @CarolineGlick exposes the fact that 2 of the #IDF's 4 candidates for the chief of staff position are whacky extreme leftists. #YairGolan perceives #Israel nauseatingly being "Nazified" & #NitzanAlon whitewashes #Palestinian murders, blaming them Israelis. <https://t.co/QhutREBuT2>
- Jewish Insider (@J_Insider) has extracts of @JohnKerry's memoir relevant to #Israel. Most memorable is the remarkable insight that @BarackObama refused to veto the notorious #UNSC 2334 because of David Friedman's appointment as U.S. ambassador to #Israel. <https://t.co/Ehg4gHnsER> <https://t.co/mbJ4p3RS60>
- #Germany's government responded to the US cutting off funds to @UNRWA by increasing its own donation. Big question: How far will others make up the annual \$364mn US contribution to UNRWA? My prediction: Lots of talk & harrumphing but not that much money. <https://t.co/vvLcJTnFUa>
- The @MEQuarterly's autumn issue contains my article, "Why Israelis Shy from Victory." I offer 4 reasons for this terrible error: -The #Israeli belief that prosperity undermines ideology -Awe of #Palestinian resolve -#Jewish guilt -Timid security services <https://t.co/nDsxzCtxCC> <https://t.co/VvjGbamFbX>
- Oh, you lucky #NYC taxpayers: You get to lavish \$250K on @CAIRNational, @ICNA, @MAS_national & other #Islamist groups to educate Muslims on their legal rights & other services. Me: This is probably CAIR's first receipt of US taxpayer monies. A bad trend. <https://t.co/YWUAFggAKw>
- Do #Turkey's financial woes foreshadow problems across the board in emerging market economies? Analysis by AllianceBernstein (@AB_insights) suggests no, that Turkey (along with #Argentina) is an outlier. Me: Excellent, means @RT_Erdogan goes down alone. <https://t.co/mSibU5CIX5> <https://t.co/WwiNyOB2FB>
- Good news: The US govt has cut off all funding for @UNRWA, the perverse organization dedicated to creating more & more #PalestineRefugees. @MEForum had a role in this decision. For details, see "Trump Administration Implements MEF Plan to Sideline UNRWA." <https://t.co/wVEIm0NOU8>
- Confirmation from a surprising source that Shimon Peres' dream of solving political problems via economics won't work. Here's #HusseinAgha explaining how money affects #Palestinians: "You cannot dull people's political feelings by throwing money at them." <https://t.co/FqMxDYFW58> <https://t.co/TPJoyZzhNF>
- #ThiloSarrazin has just published "Feindliche Übernahme: Wie der #Islam den Fortschritt behindert & die Gesellschaft bedroht" (Hostile takeover: How Islam hinders progress & threatens society). Expect it to shake up #Germany, just as his 2010 book did. <https://t.co/jfA3EmP4qn>
- @USAmbIsrael David Friedman explained away #Trump's "#Israel will have to pay a higher price" comment as no more than his possibly saying to the Israelis in negotiations with #Palestinians, "Look, can you do a little bit more?" Me: Not at all convinced. <https://t.co/kixlhHs4DV>
- Being dictator - all those decisions! - is hard work, so have pity on @RT_Erdogan when he falls asleep 7 times at a press conference in Kiev. Anyway, why would a grand pasha like him stay awake for a nobody like his Ukrainian counterpart, #PetroPoroshenko? <https://t.co/u4Yd6I36GA> <https://t.co/8UlwJSiB4w>
- News: 3 males attacked a #Syrian migrant in #Wismar, Germany. Comment: "Vigilante justice" is inevitable when police, prosecutors, politicians, et al. abdicate their duties. Thus, the real blame for this ugly development lies with the #Merkel government. <https://t.co/o9B9wnPG5V>

- I look forward to the week on the Danube, meeting fellow-@TheRebelTV supporters, enjoying the boat-trip & learning about the 8 places in 4 countries where we will disembark. Plus, I have lots to say about trends in Europe, eg, the rise of civilizationism, <https://t.co/K9JlUnifm> <https://t.co/PpQ5FDGgT>
- Looking for #Israel's next chief of staff, @AvigdorLiberman wants someone to talk to him not as usual about the "political arena" & "legal ramifications" but "of decisiveness & victory. ... The most important value in my eyes is victory, not explanations." <https://t.co/oCiTfZzPsK>
- Curious contrast: Whereas @RT_Erdogan blames all #Turkey's economic problems on foreigners, @ClawsonPatrick notes that @Khamenei_IR insists that #Iran's economic travails are overwhelmingly domestic. Guess what: Kham is much more on the mark than Erdo. <https://t.co/WOgDjRtuf> <https://t.co/TFdgg2ZHpY>
- #China's Communists have interned ~1mn #Muslims in #Xinjiang, forcing them to eat pork & renounce #Islam. Me: 1. ChiComs may be capitalist, but they're still totalitarian. 2. This campaign is doomed to failure. 3. We all must stand with those persecuted. <https://t.co/qOHeSJguVB>
- I argue in the @wSJ that #Venezuela offers a pure case of a bad idea - socialism - ruining a country. It was not foreign invasion, civil war, natural disaster, substitutes for oil, or agricultural plagues but plain old bad ideas. And now the Democrats ... <https://t.co/AzFOcOb3NH>
- "The Faith of Donald J. Trump: A Spiritual Biography." You're kidding. <https://t.co/hQdYujQ1o3>
- Several #Jews once very close to #Trump (Michael Cohen, David Pecker, Allen Weisselberg) have reportedly flipped on him, imperiling him & his presidency. Given how intensely Trump values personal loyalty, this development could have major policy consequences for Jews & #Israel.
- @BarakRavid reports: #Jordan's king told #Trump that young Palestinians increasingly reject a 2-state solution in favor of a single state. Trump replied: One-state means "the PM of #Israel in a few years will be called Muhammad." Me: Trump could be right <https://t.co/uWy9fQT9rX>
- #YossiBeilin asks, "Is #Trump's peace plan stillborn?" & replies yes, it is. But I disagree: 1. The #Palestinians accept it. 2. The Quartet of #Arab states support it. 3. #Israel alone rejects it. 4. Trump gets very angry. 5. A US-Israel crisis results. <https://t.co/xWbBvKys1U>
- Antisemite @JeremyCorbyn now claims that British #Zionists "have two problems. One is they don't want to study history; and secondly, having lived in this country for a very long time, probably all their lives, they don't understand English irony either." <https://t.co/OvpelF3XJF>
- More touching faith in #Trump ("Trump's support for #Israel is steadfast"). I wish I shared it. <https://t.co/UC1qh1XkUd>
- This month, Standard & Poor's (@SPGlobalRatings) took 2 opposite steps: -- It lowered #Turkey's sovereign debt rating to B+ (a worse "junk" status). -- It increased #Israel's to AA- (the highest it's ever been). So, where will you invest your money?
- Crazy anti-US quotes from leading figures in #Erdoğan's #Turkey: 1. "Hey America, you have been born, have grown & your death is approaching," 2. "#AndrewBrunson commanded US operations in the invasion of Iraq" & led in pillaging that country's wealth. <https://t.co/EEFvtPW9GE>
- Touching faith in #Trump. I wish I shared it. <https://t.co/Z9pcnAug8S> <https://t.co/Clu9Asl8xL>
- See the troubling, important article by Karen Young (@ProfessorKaren) on capital flight from #SaudiArabia. Why: Riyadh "favors regime stability & consolidation over the rule of law, and the creation of institutions & regulations that can check the state." <https://t.co/IMCJYb6Xdb>
- @OfirGendelman, in #Israel's PMO, points out the visual similarities of #Iran's alleged new 4th-generation war plane, the #Kowsar ... and the US-built F-5 dating from the 1950s. The F-5 happened to be about Iran's most modern aircraft at the time of the 1978 #Islamic Revolution. <https://t.co/arCwwPWkV2>
- #Trump on a Palestinian-Israeli deal: "In the negotiation, #Israel will have to pay a higher price because they won a very big thing." About the #Palestinians: "They'll get something very good, because it's their turn next." Israel's gov't should worry. <https://t.co/SzpEutAN32> <https://t.co/jUAtYhAWFK>
- A word MidEast hands need to know: #bezness. @RNW Media explains: It's young men pretending to be in love with an (often older & vulnerable) Western female tourist. The men typically have 4 motives: Sex Money A visa to the West Avoiding military service <https://t.co/qt3MmTnebl>
- New item #1, 2014: The antisemitic BDS movement targets #SodaStream. News item #2, 2018: @PepsiCo buys SodaStream for \$3.2bn. Moral of the story: Getting targeted by BDS is good for business. <https://t.co/cPp7zvq1xC>
- One Hungarian publication, "Lokál," liked my calling #ViktorOrbán "#Europe's Most Important Politician." He has a vision of a traditional Europe. He wants to change the EU. He enjoys solid support in #Hungary. <https://t.co/G1N8UyIRgH> <https://t.co/R5GzfJveNk>
- The Human Rights Campaign (@HRC), yearly budget \$40mn, published "Safer Sex for Trans Bodies." Look at its astonishing definitions for "#dick," "front hole," "#strapless" & "#vagina." Me: Better the Left indulge in this insanity than destroy the economy. <https://t.co/6UA7L4yftH> <https://t.co/GCjVgoR82l>
- After seeing videos like this, I have concluded that the phrase "British police" is an oxymoron. Same goes for French, Belgian, etc. <https://t.co/mv8amt7D27>
- Only in the surreal world of UK politics would an effort to pressure the @UKLabour Party to adopt the normal definition of #antisemitism lead to 84 Islamist, leftist & #Palestinian groups attacking the @MEForum for supporting #TommyRobinson. Come again? <https://t.co/M2tlgEyrjV> <https://t.co/ImpmVWdJZt>
- This is a long & excellent interview with me by @ZivMaor in Israel's conservative magazine @MidaWebsite. The #IsraelVictory Project is the topic & "Conflicts Only End When One Side Gives Up" is the title. That pretty much sums it up: #Israel won, #Palestinians lost. End of story <https://t.co/8KkkLpGhGF>
- Oh, the lovable @UN, ever in touch with reality. This time, Filippo Grandi, its @RefugeesChief, has announced that he sees no real refugee crisis in the #EuropeanUnion. Me: Grandi's from #Italy, where the migrant issue dominates the country's politics. <https://t.co/yKzsZCxDen>
- #Turkey's ruling #AK party held its 6th "grand congress" today under a supremely fascistic slogan: "One Nation, One Goal" (Millet Bir, Hedef Bir). #Erdoğan used the opportunity to reiterate that "They have their dollars, we have our God." Me: This is one guy looking for trouble <https://t.co/bkeeKUVJxo>
- As #Turkey's lira loses value, it's worth recalling that #Erdoğan already lopped 6 zeroes off it on Jan 1, 2005. Contrast the two bills below, worth the same amount. It used to cost TL4mn for one cup of coffee. In short, Turks over 20 years of age know all about hyper-inflation. <https://t.co/gMHU3jv8ff>
- The City of Chicago issued a beautiful resolution honoring #RichardPipes on June 27. Thank you to Alderman #EdwardMBurke (who initiated it) & Mayor @RahmEmanuel (who signed it). Both, incidentally, are Democrats. <https://t.co/GQSF1wnpKR> <https://t.co/8GQlZG860>
- Excepting one inaccuracy (#Russia has thought police again) this graphic dramatically makes a vital point: Western #Europe is less free than Eastern Europe. The old @NATO countries are less free than the old #WarsawPact countries. #Communism was a better preparation than freedom. <https://t.co/6QXnRDFd9W>
- I wonder how long it will be until #Erdoğan deploys his semi-clandestine private military force, called #SADAT, to undertake #IRGC-style #jihadi attacks ("terrorism")

- against his domestic & foreign foes? Maybe 5 years, maybe 10. You heard it hear first. <https://t.co/YZ47TCyax8>
- #Yemenis living in #KualaLumpur noted this new direct air route from #Malaysia to #SouthKorea. Before you know it, 550 asylum-seekers turned up in #Jeju, creating a furor ("Fake Refugees GET OUT") & a quick ending of the no-visa policy for Yemenis. <https://t.co/1mCgGy9Kml> <https://t.co/ChNS2FVZje>
 - In the age of the Jew-hating @JeremyCorbyn, the Left is determined to find antisemitism on the right, parsing every word & hearing non-existent dog-whistles. Here is one example: Australian politician @Fraser_Annings innocently used a loaded phrase & will now be branded for life. <https://t.co/EKcQYSYKDH>
 - Rub your eyes in disbelief, as I did, at this headline in London's @Independent: "Five #Whitehall buildings held by wealthy businessmen now operating under #Sharia rules." In British usage, Whitehall = the UK gov't. Me: Will the UK survive? I don't know. <https://t.co/S6bQ8ShKmh>
 - #Qatar's @TamimBinHamad just pledged \$15 billion in direct investment to #Turkey. Reactions: 1) It reminds Americans that others out there (eg, China) also have deep pockets. 2) Will Tamim demand normal economic policies? 3) Is this enough to stop Turkey's economic decline? <https://t.co/aW5MF3azcY>
 - So intent are Western police to hide #jihad that they (1) instantly deny "terrorism" as a motive & (2) in #Ottawa anyway, they deny there's been "a threat to public safety & security" when 2 people are lying on the ground, injured. The #6Ps are a menace. <https://t.co/hh5okiMpyL>
 - @VDHanson offers a scathing take-down of the modern university in "The Deflation of the Academic Brand." Elite education, he writes in sorrow, "has become a cattle brand. It signifies lots of things other than knowledge" - such as political correctness. <https://t.co/bllx6u2GUp>
 - More shoddy academic work about me, now from @Georgetown's @Bridgelnit. Worst of all are the distortions about #Breivik. On which, <https://t.co/Pr4vv0gFeb>. But, thanks anyway to @JohnLEsposito, @JonathanACBrown, @NathanLean & the whole #dhimmi gang for promoting @MEForum & me. <https://t.co/3bJXAbTAUJ>
 - #Erdoğan, once so sane and cunning, seems ready for the looney-bin. 1. "If they have their dollar, we, too, have our people, we have our righteousness and we have our Allah." 2. "The secret to successful states is their readiness for war. We are ready with everything we have."
 - More evidence of @JeremyCorbyn having converted to #Islam - or at least, feeling like a #Muslim: He's pictured below visiting a mosque in his district & giving the "#Rabia," the 4-fingered sign of Egypt's #MuslimBrotherhood. Non-Muslims don't do this. <https://t.co/5U8FY8Ssc4> <https://t.co/slKp8Mu1rA>
 - So, the @AsianGames2018 (Asiad), starting Aug. 18 in #Indonesia, will rely on the Israeli transportation app @Moovit - even as it bans #Israel's athletes from taking part in the games. Me: That's perfect symbolism for the deep stupidity of #antiZionism. <https://t.co/gBMqQYalcT>
 - #Erdoğan's declaration that #Turkey "will boycott US electronic goods" reminds me of #MahmoudAbbas stating last Dec that he is "not merely closing the door" on US diplomats "but also throwing away the key." Ah, those lovable MidEast delusions of grandeur. <https://t.co/cCwSvqrU3>
 - The @WashTimes today published my article on #Hungary, where my central goal is to explain why Hungary & the former Soviet satellites see migrants & Islam so very differently from America's Cold War allies. I offer 7 reasons. See what you think & tell me. <https://t.co/1QCFuRBqzH>
 - #Turkey's GDP is ~\$900bn, its foreign debt is a crushing \$466bn. Ironically, as the lira sinks, the largest debtors are those crony-capitalist companies, such as @LimakHolding, which most benefited from #Erdoğan's favoritism. Me: How perfectly ironic. <https://t.co/INRsqSYkLV> <https://t.co/Jzq6oZtk17>
 - Meet @SeumasMilne, a top advisor to @JeremyCorbyn, someone who "combines the 1960 New Left's radical chic with a staggering degree of #Stalinist cynicism." He's also (of course) virulently anti-#Israel. He would have vast powers were Corbyn the UK's PM. <https://t.co/VOKMXewjw8>
 - I report today on a visit to Budapest to understand #Hungary's attitudes toward migrants & #Muslims. It's a complex story but here's a quote that sums it up: "Better empty villages than Somali villages." #ViktorOrbán's vision is influencing all of Europe. <https://t.co/MZ8UUm2dIl> <https://t.co/TbmRn9nnx1>
 - Do you smell something fishy here? "There were 175 Al Jazeera (@AJENews) staffers credentialed by the House & Senate in 2016. That year, the @NYTimes had 43 & the @WashingtonPost 111." Time for it to register as a foreign agent. @CliffSmithZBRDZ @MEForum <https://t.co/JmvOh9Dr3U>
 - Mark Gilbert in the @FinancialReview: "Asking [Turks] to search under their pillows for foreign banknotes & gold ... isn't much of an economic strategy ... When your currency has lost more than 1/3 of its value ... this year, ... it amounts to economic suicide." <https://t.co/nz1TBHhWqv>
 - The Turkish lira has just passed 7 to the USD. At this rate, with his economy tanking and #Turkey looking more & more like #Venezuela, #Erdoğan is less & less of a military or cultural threat to his neighbors. <https://t.co/TLwh6xmsjc> <https://t.co/XTHcC5JfiE>
 - Mourning #VSNaipaul, I note having reviewed two of his books. Here's the second of them, "Beyond Belief" from 1998. My review focused on his travels in #Iran, where he found revolution discredited but "#Khomeini's legacy will be a long and unhappy one." <https://t.co/fBliYnPMk7> <https://t.co/IE3xXcmVf>
 - I survey a rapidly changing continent-wide situation in "Migration to #Europe Becomes a Crisis." You can either read the short summary, listen to the 1/2-hour of my talk & question/answer session, or both. In general, recent developments make me optimistic. <https://t.co/xmBG1b6La1> <https://t.co/9ahMJKhxwk>
 - Of those with an opinion, 88% believe #TommyRobinson and 12% believe the prison authorities, showing the good sense of my readers. Tommy told me that, technically, he was with the general prison population but, locked inside for 23 hrs a day, he never spoke or interacted w/ it. <https://t.co/PTZSwh4L6E>
 - The @NewCanalSuez is, according to #Egypt's government, a great financial success, with revenues up over 25% since 2017. Glad to hear it. But as someone who was skeptical of this project, I'd like to see these figures confirmed by an independent auditor. <https://t.co/5TLywOTzq>
 - The liberal vision of press freedom reminds #ViktorOrbán of a #Soviet joke: "However I try to assemble parts from the bicycle factory, I end up with a machine gun." However he tries to assemble the parts of liberal press freedom, the result is censorship & political correctness. <https://t.co/94q1UckXNM>
 - The @Guardian: Around the world, US\$1 buys about a liter (= ~a quart) of gasoline. But in #Venezuela, using the out-of-whack black-market exchange rate, that same dollar buys 3.5 mn liters of gasoline. That's 92 tankers full of gasoline. How much longer? <https://t.co/dKlKYPMkR>
 - "GPS cards aid Chinese #Muslims on #hajj pilgrimage" reads the innocuous headline in a regime publication. But a more truthful title would be: "#China's Intrusive Surveillance Tech Reaches #Mecca, Watches Pilgrims' Every Move as Though They're Criminals." <https://t.co/UHx2sVwkq9>
 - "Older #Saudis grew up in the 1950s & 1960s during the heyday of #Arab nationalism & its embrace of the #Palestinian cause ... the younger generations, characterized & led by MBS & MBZ ... display far less political equanimity; they prioritize realpolitik over political nostalgia." <https://t.co/eFQJ5OEIql>
 - ICYMI: Look at the world's most powerful countries according to a @USNEWS survey of 21K people. Striking is that #Israel has about 1/8th the population of the others, pointing to its disproportionate role in diplomacy, war, technology, economics & culture. <https://t.co/4XJrxLvpHy> <https://t.co/L3L9Ncnxm3>
 - I stand with #Trump vs. #Erdoğan. Finally, the US government has woken to the threat that #Turkey's dictator poses to his own people, the region & the world. If E

- threatens to turn to #Putin or #Xi, call his bluff & take steps so that Turkey comes back sooner rather than later. <https://t.co/KFmGysk7wf>
- Canadian MP @BlaineCalkinsMP used my blog to criticize @OmarAlghabra but did not read through what I wrote. Instead of acknowledging his error, he dumped on me as a "poor source." My reaction: Oh, if only the bird-brains were against one, not with one. <https://t.co/RymWSb014J> <https://t.co/IM7Mjku5QC>
 - On the supreme importance of education and socialization: "Every generation, civilization is invaded by barbarians. We call them 'children'." — #HannahArendt (1906-75) <https://t.co/r3EbMATFM2> <https://t.co/WC6x7BZKd2>
 - There's been much discussion about #PrinceCharles & @GeorgeGalloway having converted to Islam (my take: Not PC, yes GG). Now, a picture in the Daily @MailOnline suggests that @JeremyCorbyn is a convert. Look at his hands, outstretched & up, as he prays. <https://t.co/omOIDnAJPL> <https://t.co/3RjM9mzRT>
 - The Turkish response (by @MFATurkey) to the doubling of US tariffs on steel & aluminum is priceless: To solve problems, "#Turkey will always side with diplomacy, dialogue, good will & mutual understanding." Tell that to Syrians, Cypriots, Israelis, et al. <https://t.co/TVSE5QUFYe> <https://t.co/TLiMf1Si5C>
 - A remarkable & heart-warming headline from the UK's @Independent: "Muslim women wear #kippahs over their #hijabs in solidarity with Jewish community after antisemitic attack: 'Kippah march' triggered by assault in Berlin of 2 young men wearing skullcaps" <https://t.co/P6XKT91kK0>
 - Funny reversal: #ClarissasBlog supports the boycott of Israeli scholars "to protect them from being drowned by the tsunami wave of idiocy that exists in the #American academia." Me: I wish #Israel's academics were not crazy left but too many of them are. <https://t.co/K0cfYHPiTd> <https://t.co/cfXaubZPac>
 - Lesson time: Vote in a dictator and you will suffer from his weird ideas. #Turkey's #Erdoğan is the latest of many examples. He believes that high interest rates cause inflation (reversing cause & effect). See the graph below for what the market thinks of this economic "theory". <https://t.co/EU9HEH4Ujn>
 - @BorisJohnson's ridiculing #burqas as "looking like letterboxes" generated a huge debate in the UK. But that misses the point b/c he endorsed burqas in public places. See my gigantic list of burqas used for #jihad & crime. It's a danger. Ban the burqa! <https://t.co/7ijL4u21Gp> <https://t.co/gzLFC0m6F6>
 - @CAIRNational has outdone itself in helping to build @MEForum's credibility among the sound & the sensible, calling the Middle East Forum "one of the longest-standing and most nefarious organizations in America." Aww, CAIR, how can we return the favor? <https://t.co/vRNjvaoME>
 - "#Rochdale grooming gang members face deportation after losing appeal" reads the UK headline. But to me the news is that child rapists are out of prison after just a few years. Not so long ago, that was a hanging offense. Is society truly better off now? <https://t.co/5nm9VQrOhq>
 - @Snopes fact-checked @MEForum's research (led by @SamWestrop) on the Islamic Relief Agency, a Khartoum-based "charity." Snopes asks: "Did the #Obama Administration Approve the Transfer of Money to a Listed Terrorism Funder?" It answers: TRUE. <https://t.co/lzJLUlyRfB> <https://t.co/5L2LFn6pXX>
 - Do you ever get the sense that standards are slipping at the @NYTimes? That its political agenda trumps mere facts? Well, here's one proof confirming your suspicions: @Martin_Kramer takes @Max_Fisher to task for doubling down on an anti-#Israel mistake. <https://t.co/KtGr76VFTC> <https://t.co/yYwjtIhT3i>
 - The political opposition to @RT_Erdogan is marginalized by bickering, leaving the Turkish lira as his only effective foe. Look how it has collapsed in a single week, from 4.89 to the USD to 5.27, a decline of 8%. Me: Will #Turkey go the way of #Venezuela? <https://t.co/tLwh6xmsjc> <https://t.co/ds9mvvQIHp>
 - It baffles me, but for 40 years, 1978-2018, the US gov't has eternally avoided any hint of working toward regime change in #Iran, despite Tehran's intense hostility & working toward #EMP. Will #Trump finally change this? Imagine how that would invigorate the domestic opposition.
 - You decide, vote in the poll below: 1) #TommyRobinson says he was jailed in solitary confinement for two months & calls this "mental torture." 2) The prison authorities deny this, insist he was integrated into the general prison population & well treated. Whom do you believe?
 - Why did #Trump offer to meet with #Iran's #Rouhani? Because @AmbJohnBolton wrote the scenario in an @NRO article a year ago, "How to Get Out of the Iran Nuclear Deal," proposing precisely such a gambit after leaving the #IranDeal. So, no need to worry. <https://t.co/PcYU6mwTjx> <https://t.co/JfAbQPnfgQ>
 - Look who have blocked me on @Twitter: A notorious nine of #Islamists & leftists. @jjz1600 @stevesalaita @_sgokce @jricole @DawudWalid @georgegalloway @Isarsour @keithellison @NihadAwad If, as the saying goes, "You can judge a man by his enemies," I come out looking pretty good. <https://t.co/YqwnfHL4Qt>
 - Pollster @InfratestDimap: #Germany's Christian Democrats & Social Democrats are bleeding voters to @AfD, which is posed to become 2nd largest party. Me: AfD will continue to gain until the @CDU repudiates #AngelaMerkel, especially her 2015 open borders. <https://t.co/5pjrWBYj44> <https://t.co/qZ3vtLQmR6>
 - #Iran's FM spokesman #BrahmQasemi: We entered #Syria at the request of the government. When we find that Syria is approaching relative stability, we can leave it. Me: Sounds like Tehran is scared of #Trump & has started to explain its retreat of forces. <https://t.co/9FGdKKk5ju>
 - Another nutty academic book, this one out Nov. 1: "Kristen R. Ghodsee's Why Women Have Better Sex Under #Socialism explains why capitalism is uniquely bad for women & shows that if we adopt & update some ideas from socialism, women's lives will be better ... even in the bedroom." <https://t.co/pS1VCAwtap>
 - #Islamic scholars in #Indonesia have delayed or even partially stopped a national campaign to vaccinate 32mn children against #influenza, #rubella & more. Responding to rumors that it contains elements of pig, they ruled the medicine is not #halal. <https://t.co/weO7Gz7QvY>
 - The @WashTimes published my survey of #Europe's most important leaders. No, not Macron, May & Merkel, but those disrupting the status quo (in ascending order): Jensen Blocher Fico Zeman Söder Strache Seehofer Salvini Kaczyński Orbán Who's on your list? <https://t.co/Ac1MEwrAp0>
 - #TommyRobinson just appeared on @TurckerCarlson's show where he detailed the "mental torture" he underwent in prison & (at 6:12) thanked the @MEForum, @RepGosar, @IRF_Ambassador Sam Brownback & Carlson. Me: Tommy, we thank you for your courage & strength. <https://t.co/Nvr0kquGcY>
 - Juan Cole (@jricole), who is in the running for the title of worst #MidEast studies professor ever, has produced a book that shocks even this Cole junkie. From the blurb: "Muhammad" is the story of how peace is the rule & not the exception" for #Islam. <https://t.co/C192Ui0Fcl> <https://t.co/uzEIBQ0C5i>
 - On reaching home, after 2 outrageously unjustified months in jail, #TommyRobinson released a thank-you video. After hugging his children, his first expressions of gratitude were to @EzraLevant, @RaheemKassam, @GeertWildersPVV & the @MEForum. See -2:58 at <https://t.co/7pOeGvpMZS>
 - #Erdoğan's mad-cap economic theories (high interest rates lead to high inflation?) & his Islamist bellicosity have combined to bring the #Turkish lira to just below the psychological benchmark of 5 lira per US\$. My prediction: 6, 7, 10, 15, and beyond lie ahead, as E learns not. <https://t.co/2vTY4z0bEK>
 - #TommyRobinson is out of jail - a victory for the #FreeTommy movement! See my statement below about the extraordinary decision by the Lord Chief Justice of England & Wales himself rejecting the "fundamentally flawed process" of the #Leeds kangaroo-court that threw Tommy in jail. <https://t.co/TuleDBEeiQ>
 - Yes, the #Turks heard. Official Turkish media reports: "#Ankara says comments made by the ambassadors ... are 'out of place'." Me: I expect #Erdoğan to get furious and

- (as usual) to do something dumb, such as launch a low-grade #jihad vs #Egypt & #Israel. <https://t.co/3g3rzXtluK> <https://t.co/4B3HnvuKGI>
- I read an article about conservatism's hidden history by Ofir @Haivry & @YHazonny that opened my eyes to the deep centuries-long conservative/liberal debate. It will yours too. So, I wrote a summary of their argument published today in the @PhillyInquirer. <https://t.co/d9V0oPWlwR> <https://t.co/4FkYUuEdhV>
 - Illegal migrants from #Morocco crossed the #Mediterranean & landed in #Spain at - of all places - the Del Canuelo nudist beach on the Costa del Sol. Imagine the mutual surprise. But it did not last long, as the migrants rushed off, rushing into the woods. <https://t.co/gT0LndP2Vc> <https://t.co/zNVFKsh2E9>
 - One of the more curious "I-am-out-of-the-office" messages one might receive: "#Israeli diplomats ... are currently engaged in a labor dispute. As a result, we won't be able to respond to this message.... Our struggle is an attempt ... to give a better service to Israeli citizens." <https://t.co/ePbLviB6tH>
 - A #PalestinianAuthority fatwa (#Islamic ruling) prohibits Pal'ns (who make up 40% of #Jerusalem's population) from participating in the Oct. '18 municipal elections. Me: #Israel is semi-saved from its terrible Jerusalem mistakes by a very stubborn enemy. <https://t.co/28jPrNFTbL>
 - Multiple choice test: @BarackObama's Presidential Library museum looks like 1) An incinerator 2) A "Glade" plug-in 3) A night light 4) A door stop 5) A mysterious IKEA coffee table part Answer: All the above. <https://t.co/M6VxCohoiO>
 - I explain on @i24NEWS_EN "Why MEF Supports #TommyRobinson." In brief: Discussing the nature of the enemy is vital to defeating #Islamism & Robinson must not be quieted for having unpopular opinions. By the way, @MEForum may not agree with those opinions. <https://t.co/tRghhAVd0C> <https://t.co/sy6FZiNgMU>
 - The notorious, "obsessive anti-Zionist" @normfinkelstein continues his decades-old campaign to weaken the #Jewishstate, announcing now that "#Israel cannot claim a right to use any force in #Gaza." For once, US universities got it right, not hiring him. <https://t.co/4aGT2y4wXz>
 - Jose Velazquez, father of a student in a #SanDiego school, eloquently replying to @CAIRNational calling him names because he wanted it out of the schools: "Every time someone says '#Islamophobia' ... that's just another reason to cover up the real facts." <https://t.co/9WIO7sT3ID>
 - Amazing to watch, as glorious socialism in #Venezuela takes a once-wealthy country to hunger, emigration & general misery, that @BernieSanders is leading the Democratic party to socialism. Are @TheDemocrats blind? Or do they think "It Can't Happen Here"? <https://t.co/4MvSPpGxrk> <https://t.co/25eCWITKZh>
 - #Egypt's ambassador: His country will defend #Cyprus militarily from #Turkey if #Erdoğan challenges the search for hydrocarbons in the Cypriot EEZ. #Israel's envoy concurred. Me: Will Erdoğan get the message? Doubtful. I can see him attacking in the EEZ. <https://t.co/veAG7VVAvM>
 - #Erdoğan pledged a "strong #Turkey with strong leadership" while Muharrem Ince, his main rival in the June presidential election, promised a return to parliamentary democracy. Erdoğan won 52% of the vote to Ince's 31%. These days, I wonder how a similar vote would go in the USA.
 - Have you heard about @LockheedMartin's #CompactFusionReactor (CFR)? A 100 MW CFR, which fits on a truck & requires ~12 kg of fuel per year, can provide electricity to 80K people. And just imagine its military uses (submarines, carriers, planes, drones). <https://t.co/zsFn0M47Rm>
 - The crazed world of #Turkish politics as reported by @GatestoneInst: Pastor #AndrewBrunson "quickly rose in the ranks of the @CIA ... There have been claims that if the [2016 coup] had been successful, Brunson would have been appointed head of the CIA." <https://t.co/VxHHWldvM>
 - @GiulioMeotti notes that (1) #Australia is the only Western country with a coherent immigration policy and (2) Italy's current "no boat" policy goes back to the Tampa incident of 2001. To understand that key event, see my article from 6 days before 9/11. <https://t.co/1Ee9RD55Dm>
 - Report: #Trump asked #Israel to release Turkish terrorist #EbruÖzkan, which it did. In return, Turkey promised to release #AndrewBrunson. But it did not, only moved him from prison to house arrest. Now there's an anti-#Erdoğan fury in DC; see @VP's tweet. <https://t.co/KL1tdkPkTq> <https://t.co/FnxUvV4B6>
 - In reply to a @FoxNews inquiry about this scandal, the @StateDept did the right thing & acknowledged its error: "USAID now says the grant should not have been made." When was the last time the US government did that? Maybe in #GeorgeWashington's time. <https://t.co/DOJESJxXUe> <https://t.co/mC0UscRMhJ>
 - Here's the first minute of a longer interview about #TommyRobinson on @i24NEWS_EN. The basic point: Agree or disagree with him, he must freely be able to express his views on #Islamism, a critical topic of our time, without being thrown into jail. That's why @MEForum helps him. <https://t.co/80DBg2zxG4>
 - Want a perfect symbol of the difference between #Israelis & #Palestinians? Try airborne technology. Denis MacEoin (@meqmac) at @GatestoneInst: Even as Israel will soon be the fourth to reach the moon, Palestinians are developing new forms of kite-bombs. <https://t.co/JohgsDKFdU> <https://t.co/z4wjBehFBU>
 - Hey, @CAIRNational, here's someone you want to hire pronto: For reasons unknown, a waiter in Texas named #Khalil faked a note on the receipt from a customer: "We don't tip terrorist." But the waiter got caught & was fired; the customer got a free meal. <https://t.co/8pQzbEdxNx> <https://t.co/X5FQQg0VVe>
 - @CTCWP asks: "Is There a Nexus Between Terrorist Involvement and Mental Health in the Age of the #IslamicState?" The answer, quoted below, is resoundingly no. Mental problems do not translate into violence without a motivating ideology such as #Islamism. <https://t.co/wlfHVum5g2> <https://t.co/SCwgB8ZS2s>
 - I note with sadness the passing of Gerardo Joffe, the founder of #FLAME (Facts & Logic About the Middle East), at 98. He was a fine man. Back in 2000-03 he & I negotiated about my taking over FLAME but in the end the fit was not right & it did not happen. <https://t.co/sZ4ugRHfbF>
 - Here's a shocking but not surprising @MEForum scoop: "#Obama Administration Knowingly Funded a Designated #AlQaeda Affiliate." It's #Islamic Relief Agency in #Khartoum. Read @SamWestrop's article for the gory details. Needed: A Congressional investigation. <https://t.co/RJya87wapq>
 - Merry Olde England: If you, like #SarahChampionMP are an MP from #Rotherham & you say that the UK "has a problem with British #Pakistani men raping & exploiting white girls," you will be accused of "industrial-scale racism" & your life will be threatened. <https://t.co/fDUcujZ7Ox>
 - Rather than sit back passively as #Putin's #Russia interferes in domestic US politics, @SecureFreedom provides 4 ideas (see the attachment) how to make him think twice before making trouble. Because he is vulnerable - and he knows it. <https://t.co/1NXB0WLXsK> <https://t.co/5suKSoMRKc>
 - The website @TurkeyPurge (at <https://t.co/FLZ9VhakKZ>) lists how many #Turks have lost their jobs due to #Erdoğan's autocratic rampage. Me: 1. A human tragedy lies behind each of these numbers. 2. How much worse must it get until Turks realize the damage their dictator is doing? <https://t.co/eLsMxjLa76>
 - #Israel's military extracted 800 members of the "White Helmets" & their families from #Syria to #Jordan. Canada, Germany & UK promise to take them in. Me: Wondering why it's not Saudi, Qatar & UAE. Why always the West? Where is #Arab/#Muslim solidarity? <https://t.co/PgAnndVWVJ>
 - I block only abusive & threatening @Twitter users. But look who blocks me - famous snowflakes @KeithEllison, @GeorgeGalloway, @LSarsour & @DawudWalid. They are now joined by @NihadAwad, @SteveSalaita & James Zogby (@jjz1600). How satisfying to know that my words make them cower. <https://t.co/rvKmoGhQnm>
 - UK media having fun attacking @MEForum & me. Yesterday @TheTimes: "US think tank spends thousands on Tommy Robinson legal appeal" <https://t.co/n4TpoLctq9>

- Today's @Guardian: "US rightwing groups bankroll campaign to free Tommy Robinson" <https://t.co/80pFN1dGp1> What's tomorrow? 
- As usual, the self-hating dhimmi @nathanlean distorts the truth. I paraphrased what European politicians were saying in 1990. For quotes proving this point, see <https://t.co/E1yPKUOZDz> Only a malign illiterate like Lean (or CAIR) would ascribe these views to me. @AEHarrod <https://t.co/ei7pyin9e3> 
 - "#Erdoğan inching closer to going nuclear" reads Abdullah Bozkurt (@abdbozkurt)'s headline. But of course E wants nuclear weapons. His grandiose vision of himself requires that he join the nuclear club. Prediction: He will be much sneakier than #Tehran. <https://t.co/TxE1HhelK2> 
 - The good news: The @StateDept finally released the Jan'15 report counting the number of real #PalestineRefugees, as the #KirkAmendment required. The bad news: All the numbers of real Palestine refugees have been whited out, so the report tells us nothing. <https://t.co/ioYiMFIJy9> 
 - ICYMI: 1K or more big-shot #Iranians bought #Comoro Island passports as a way to go places without arousing suspicions. The good news is that the Comoros government changed sides & has canceled 100 or more of the passports. <https://t.co/rKjNE4iLwc> 
 - This @BBC map shows rough parity in 2018 between #Europe's 3 major migrant-destination countries. But what I note is the tiny number of migrants to #Cyprus, despite its proximity to #Syria, being an EU member & divided. Have island authorities prepared for a possible deluge? <https://t.co/hKaevxS9Km> 
 - I discussed 4 topics today on Secure Freedom Radio (@RadioGaffney): 1. @JohnBrennan apologizes for #jihad 2. Civilizationist parties in #Europe on the move 3. No changes in #Erdoğan's #Turkey 4. News about #IsraelVictory <https://t.co/YMF3KxPq3U> 
 - Congratulations to all Israelis on the passage of the Basic Law (almost like a Constitution) that enshrines #Israel as "the national home of the #Jewish people." It's a response to #Palestinians since 2006 trying to turn Israel into a "joint homeland." <https://t.co/rIZQBPCu5d> 
 - As #Sweden's Left spins out of control - now suggesting the forcible relocation of #Israelis from their country - the opposition grows stronger & stronger, with the anti-immigration Sweden Democrats (@sdriks) perhaps to be the single most popular party in the Sep. 2018 elections. <https://t.co/FvBpJUujKb> 
 - @BruceBawer points out the British class-snobism toward #Trump & #TommyRobinson. Me: Classism goes far to explain the general contempt toward Tommy, a working-class activist. If only he were an immigrant - why, he might now be the mayor of #London! <https://t.co/19bCqw59rz> 
 - @IsraelHayomEng: Sources say that the @StateDept found that only 20K of the original 700K #Palestine refugees are still alive & displaced from their homes. Interesting, because 20K is precisely my published estimate of the remaining Palestine refugees. <https://t.co/5QFLsCxXmp> 
 - May 8: #Trump stands up to #Iran's dictator & bravely repudiates the horrid #IranDeal. Kudos. July 16: Trump acquiesces to #Russia's dictator & cravenly acts like his paid agent. Horrors. Can anyone explain the logic here? Or is it all a reality TV show intended to entertain? 
 - #Erdoğan's long been the dictator of #Turkey, but now it's official & legal. #SibelHurtas explains: "The new system brings all the state's administration under the president's control. ... The entire state system will be run from the presidential palace." <https://t.co/kuex0x56Qp> <https://t.co/eWfRSROUxq> 
 - Ominous sign for #Egypt's economy: Wheat production declined from last year. Local farmers provide just 40% of Egypt's needs for this basic staple, meaning that 60% must be imported. And where does that money come from? Mostly from foreign loans & gifts. <https://t.co/M0CLxxbzLe> <https://t.co/waOgQVulvo> 
 - #IvanKrstev: #AngelaMerkel's invitation in 2015 for uncontrolled migration created a refugee crisis that "was #Europe's 9/11." It raised deep questions about globalization & the reality of a unified post-1989 Europe. Me: It was a world historical event. <https://t.co/yhQ1vVH2R3> 
 - Major riots in #France followed the @FIFAWorldCup victory. But French media (1) downplay the extent of violence & (2) assiduously avoid any mention of ethnicity - it's just plain "youths." Me: Here we go again, with the #6Ps hiding bad news. But will the populace wake up anyway? <https://t.co/BtnHeb4UX9> 
 - With #Croatia so prominent in the news, this is a good moment to note a curious poll of views toward #Islam by @Fondapol showing Central Europeans (starting with #Czechs) to be the most negative - with the very striking exception of Croatians. Can anyone out there explain this? <https://t.co/tSgqwUdayd> 
 - The @Independent paraphrases @ChathamHouse's #FadiHakura on #Turkey's future: "an economic crash is now inevitable." Me: #Erdoğan thinks that because he is a political genius, he also an economic genius. Before long, we'll find out if he is right or not. <https://t.co/CO19H2SxVg> 
 - What I call the #6Ps are those Westerners who are in greatest denial, the elites who try to prevent the naturally negative response to out-of-control immigration & #Islamization. The 6Ps are the: police, politicians, press, priests, professors & prosecutors. Did I miss anyone? 
 - Get ready for fun & games in #Erdoğan's #Turkey: The Turkish lira lost more than 3% vs the dollar after his son-in-law became the economic czar. Then bonds tumbled, pushing 10-year yields to a record high, & stocks slid. Me: Economic laws will prevail. <https://t.co/ZCQEbDTTY3> 
 - ICYMI: @Gallup's new "Migrant Acceptance Index" finds most acceptance in N Europe, Oceania & Africa, least in E Europe & #Israel. Me: Witnessing the havoc of uncontrolled migration, the latter response is the healthier, assures a sounder future for all. <https://t.co/M2IRDqemwF> <https://t.co/veqOdftIH1> 
 - Today's the day for @MEForum's 2nd sponsored rally in #London to protest #TommyRobinson's incarceration & express concern for his safety. Me: Is there a Western police force & judiciary so incompetent as the UK's? They focus on peccadilloes & ignore rape. <https://t.co/qnRtW0gG2> 
 - Revealing: Media celebrates diversity of #France's @FIFAWorldCup team (#WaPo: "Seventeen of France's 23 players are children of first generation migrants") but stays silent about the non-diversity of #Croatia's team. One more sign of how the Left wants to break traditional life. 
 - A foretaste of what's to come in Western #Europe? To protect Danish values, #Denmark's government, with Social Democrat (@Spolitik) agreement, has formally designated 25 majority-migrant areas as "#ghettos" & applied draconian laws exclusively to them. <https://t.co/5j3oMrGIP7> 
 - The scandal of UK rape-gangs grows & grows, with the police, prosecutors, politicians & press doing their best to ignore the problem. @SajidJavid is about the only person who can change this, given his biography, views & position. Will he? @GatestoneInst <https://t.co/uabudSKfRp> 
 - At last, #Israel's government takes its first tentative steps to punish #Hamas and #Gazans for spreading destruction through fire-kites. What took it so long? <https://t.co/R5y6QqiPO0> 
 - I continue to be surprised that #Trump - who reached office w/o political knowledge, philosophy or network - is governing as a consistent conservative in domestic matters (the judiciary, environment, taxes, education, immigration). His foreign policy, however, is not consistent. 
 - Glad to see that #MahmoudAbbas' antics means no recognition of "Palestine" for now. But really: rewarding Hamas's murderous misrule by spending money on Gaza? That's not the path to defeat & an end of conflict. Rather, it perpetuates jihad & rejectionism. <https://t.co/jRA41rAs9J> 
 - @IsraeliPM Benjamin @Netanyahu sent me a warm note of condolence for #RichardPipes in May that I only just received. Thank you, Mr Prime Minister, for the kind words. <https://t.co/N5iR4xf0c> 

- That's me speaking. 25 years after the signing of the delusional #OsloAccords, it's time for some serious thinking about what's next. My recommendation: #IsraelVictory. Meaning, the US govt urges its ally #Israel to convince the #Palestinians they lost & the jig is up. @JNS_org <https://t.co/HykptN1zc9>
- For the real deterrence against migrants from #Africa, look to #Algeria's barbaric policy of leaving them off in the scorching desert to "walk or die." Meanwhile, #Libyans sell migrants off as slaves. And #Europeans avert their eyes from these horrors. <https://t.co/ITbqRYtZKK>
- The @WashTimes ran my analysis today of "#Poland's #Muslim Ban," where it comes from & what it means. Hint: You might want to buy real estate in one #Warsaw, #Gdansk, or #Krakow. <https://t.co/2R5hVVCUx7>
- A year ago, @ArielElyseGold of @CodePink tried & failed to disrupt a @MEForum event in Washington, DC, to promote #IsraelVictory. If she was coming to #Jerusalem to disrupt us again (event on July 4, 7:30pm, #MenachemBegin Heritage Center), well, it looks like she failed again. <https://t.co/6OJDyeodje>
- #DavidMyers, the far-left @UCLA prof, dismisses his mainstream critics as "bothersome gnats like you find in the summer & swat away," but they got what they wanted: His resignation as head of the @CJewishHistory. Bravo to @RTorossian5wpr & @HSheinkopf. <https://t.co/TnJOzao5Sd>
- I spent a week in #Poland to understand why it differs so much on #Muslim immigration from Western #Europe, then collected my thoughts in this article. Main conclusion: The difference mostly results from Poland having the chance to watch W.E.'s mistakes. <https://t.co/WI79NwXjad>
- Michael Rubin @mrubin1971: #Erdoğan's "goal was never simply consolidation of absolute power over #Turkey, but rather to lead a worldwide transformation of Islam & become leader of the #Islamic world. For E, phase one is complete, but phase two of his program is just beginning."
- Fine review by #GaryFouse of #MidEast studies professors & others defending @TariqRamadan from multiple rape charges - even though they have no idea what actually happened. Even though they would not rush to defend someone who's not #Islamist royalty. <https://t.co/6Rz5nFSnEK> <https://t.co/UtOXcwnarr>
- It appears that #Germany's disastrous showing at the @FIFAWorldCup was connected to 2 players of #Turkish origins fawning over "their president" #Erdoğan. Me: Will this massively high-profit event awake more Germans to the immigrant-related problems in their society? I expect so
- How exactly, precisely NOT to achieve #IsraelVictory: "#Israel approves solar field to increase power supply to #Gaza." Worse yet, it's free for Gazans, a nice little present for being accessories to the launching of rockets, missiles & incendiary kites. <https://t.co/tMZelqu5xh>
- Well, a big surprise: #Erdoğan just won both the presidency & the parliament in #Turkey's "controlled" election. Why it's a fraud: As @CNN notes, "the opposition cried foul, claiming that state media & the election commission had manipulated the results." <https://t.co/ajMitsVvWT>
- @tunkuv I am in #Warsaw b/c interested why Poles (and others in the #Visegrád group & more broadly in all of Eastern Europe) differ so sharply on the issues of immigration & #Islamization from Western Europeans. Is it the Soviet bloc experience? Coming late to the issue? Something else?
- Me, at Chielma 20, #Warsaw, in front of my maternal great-grandparents' leather-goods store (now a book store). This is one of the few buildings in the central city to survive WW II. I am in Poland to learn about immigration & #Islamic issues with an intent to write about them. <https://t.co/sBWcXksHfd>
- Analysts call today's elections in #Turkey "watershed" (WaPo), "landmark" (AP) & "historic" (Time). But they are nothing of the sort. Here's why: 1. Erdoğan will inevitably win because his minions get to count the ballots. 2. He already has all the powers he could possibly want.
- 3. Even if the opposition miraculously won the presidency, does anyone seriously believe the new incumbent - who shares many of #Erdoğan's #Islamist & anti-Western views - would voluntarily relinquish his vast powers? So, June 24 '18, will likely be a date #Turks quickly forget.
- @SPLCenter just labeled me "longtime anti-#Muslim." I guess it did not learn its lesson, even after forking over \$3.4mn to @MaajidNawaz for defaming him as an "anti-Muslim extremist." Does SPLC need another threatened law suit to stop the defamation? <https://t.co/RAySZJ7TJU>
- Ignacio Cembrero (@icembrero) has a fascinating analysis of "The Inconceivable Abdication of Morocco's Mohamed VI." Quite a pickle: The king much prefers foreign trips to spending time in #Morocco, the crown prince is just 15 yo & the ex-wife is v angry. <https://t.co/EYWpxc7E9g>
- @AEHarrod elegantly demonstrates how #Palestinian "diplomats" engage try to eliminate #Israel through invective, deception & rejectionism. In the #IsraelVictory spirit, he calls for a shift towards "coercive pressures" against the #PalestinianAuthority. <https://t.co/6l0PsFgLCM>
- John Rossomando (@jrossman12): A @CAIRNational-connected PR firm, @ReThinkRights, probably got @MaajidNawaz included in @SPLCenter's notorious "Anti-Muslim Extremists" booklet. The booklet that cost SPLC \$3.4mn for libel. Moral: Stay far away from CAIR. <https://t.co/ypb3pNMAnG>
- For #Hebrew-speakers. DM @MEForum if interested in attending. (For everyone else: @MEForum is hosting an event on July 3 at 1:30pm at Israel's parliament (@KnessetL) to appraise #IsraelVictory a year later. What worked, what failed? What next steps?) <https://t.co/6lh1BUL19d>
- Fun, insightful description by #GaryFouse of @UMich's Juan Cole (@jricole), one of #MidEast studies' vilest & saddest practitioners: "Someone once called #Israel, 'a diamond in a sea of mud.' Like the proverbial hog, Cole prefers the mud to the diamond." <https://t.co/Y6PZGvRfne>
- Great news! "#USSenate blocks #F35 sales to #Turkey." The #USHouse is certain to do likewise. (1) It's crucial to keep this top-of-the-line aircraft out of #Erdoğan's hands. (2) Good to have the #USCongress as a check on Executive Branch foolishness. <https://t.co/n8xMXopsge>
- This is a perfect example of how #Israel's government does NOT pursue #IsraelVictory: #Hamas' kites reign destruction down on Israeli towns, agriculture, & parks. Israelis respond completely defensively - except for destroying the ringleader's empty car. <https://t.co/ZM7kqtOuFF>
- See the interview with me by Paul Lungen in the Canadian Jewish News (@TheCJN), "U.S. Embassy Move May Bring Regrets": "Although I was thrilled when the embassy move was declared, I think I will eventually wish that the embassy were still in #TelAviv." <https://t.co/qPoiq7bnXJ>
- Ironic that #Erdoğan wanting 2 #German soccer stars of #Turkish origin (@IlkayGuendogan, @MesutOzil1088) to pay homage to him has likely weakened the German soccer team at the @FIFAWorldCup. How so? Read the article for many unexpected twists. <https://t.co/ynByUytA4A>
- It's bad enough that #Hamas summer camps in #Gaza teach #Palestinian children to hate #Israel & in some cases prepare them for suicide operations. Now (see below), #Chicago hosts a similar camp, under the auspices of the fanatical "American Muslims for Palestine" (@AMPalestine). <https://t.co/H5dVm3MxJi>
- Unless the #USSenate & #USHouse get moving very quickly, the first #F35 will be delivered to #Erdoğan's #Turkey in exactly one week. Come on, politicians, get your act together & prevent this potential catastrophe. <https://t.co/t9Jeam2obw>
- Riddle: What's wrong with the picture, taken today near the @WhiteHouse? Answer: Once they announce they are the U.S. @SecretService, they ain't. They are the U.S. Blatant Service. <https://t.co/P4DG4alxLC>
- News item: "Israeli authorities foiled over 200 #Palestinian attacks by monitoring social media." Palestinian response: "Horrific" Israeli profiling techniques violate Pal'n

- rights to due process & the right to privacy. Me: #Israel's enemies are sick. <https://t.co/puzOVDMowr>
- That's unexpected: The opening of #SaudiArabia for business under #MbS means #UAE must do more to keep its expats happy - such as let them eat, drink & smoke in public in daylight during #Ramadan. Me: Good to see more freedom in anywhere, for any reason. <https://t.co/2htHKDQnal>
 - Read up on the electoral antics in #Turkey: #Erdoğan says #Gülen stole his (non-existent) college degree, the one needed to be re-elected as president. E's opponent Muharrem İnce (@vekiliince) says yes, Gülen tried to steal it ... but he could not find it. <https://t.co/4AQlpzgyxK> <https://t.co/8dH6deXE3N>
 - The #Acquarius crisis is solved: #Spain's government has allowed its passengers to disembark in #Valencia. But will #Europe's other countries do this each time the #Italians refuse to take in illegal migrants? I suspect not. A crisis is certainly coming. <https://t.co/9t6T6xMGcl> <https://t.co/PQOvqtll98>
 - A crisis is brewing in the Mediterranean: #Italy's new government refused to allow the #Acquarius, a ship belong to a pro-immigration NGO, dock or its 629 passengers land. What happens next? Will another Western country take them? Will they return home? <https://t.co/CXxKDW6fhQ>
 - Was it a good idea to recognize #Jerusalem as #Israel's capital & move the US embassy there? @AJCGlobal poll finds: Israeli #Jews 85-7% in favor, US Jews 46-47% against. Me: 1. Most US Jews are #Democrats. 2. The divide is huge & steadily getting larger. <https://t.co/2j4zrvAVM4> <https://t.co/ehzbwaPZrc>
 - 1/2 Good that @SecPompeo acknowledged that under #Erdoğan, #Turkey's actions undermine "the @NATO alliance" & that its "trend is wrong." But that's not enough. Time to stop the sale of #F35 fighter jets & demand American hostages be immediately released. <https://t.co/v1mKD1aSLD>
 - 2/2 The #Greeks report 56 violations by Turkish fighter jets into their airspace in a single day – more than once every ½ hour. And that's before the #F35 deliveries. Think how much worse it will be after the #Turks have these top-of-the-line aircraft. <https://t.co/RfExHqU5Ju>
 - #Hungary's government found a solution to the huge legal tangle involved with expelling illegal immigrants: Put them in "transit zones" at Hungary's borders, with minimal chance of entering the country & hinting very strong that they should go elsewhere. <https://t.co/YKyzO2yzgD>
 - Oh those Israelis: To arrest 3 #Hamas types who had lived for 1½ years in the @ICRC offices in #Jerusalem, members of #Israel's special police unit blandly disguised themselves as lawyers, quietly entered the ICRC building & dragged the wanted men out. <https://t.co/fj0CHuCERN1>
 - My take on #TommyRobinson in @The_SavvyStreet after a day with him in Dec'17: "He is knowledgeable, draws a distinction between #Islam & #Islamism & is a leader. Toffs should get over their class bias against him & the authorities must treat him fairly." <https://t.co/dblSHrK2NV> <https://t.co/hJcqcgDH0t>
 - Statue of a 2.9K-old biblical king just found in #Israel. Scholars ponder his identity but can't agree. But I know who he is! #YasirArafat's distant ancestor, because everyone knows the #Palestinian Arabs lived in the #HolyLand long before the #Jews did. <https://t.co/h4CQpZk7aL>
 - Good to see the #FreeTommy campaign getting such strong support. I sense that this moment could be a turning point for the British people, the point when it finally realizes that its freedoms are slipping away & it wakes to the dangers of #Islamism. Well, I can hope, can't I? <https://t.co/8p9u9q1Xdo>
 - @melanielidman .@melanielidman: The news that the Israel Water Authority demands less consumption puzzles me: Given that Israel recycles some 90% of its water, why not take long showers? Doesn't that water get cleaned & reused?
 - Quite the cover on @VogueArabia this month. A princess. #No burqa. Fashion magazine. @CDHRSA: "Too bad that, Unlike her sisters Sitta صيطة and Adila عادلّة & other outspoken royals, like Princess Basmah بسمّة, Princess #Hayfa has done nothing to advance the rights of Saudi women." <https://t.co/BibV9NMG4I>
 - @ilangoldenberg in @ForeignAffairs finds that "The Pro-#Assad Alliance is coming apart" & that this offers unexpected opportunities for Washington to gain influence in #Syria if it adopts the right policies. Wise advice. <https://t.co/ky35RRHqOx1>
 - #Valencia, #Spain's city council just voted to adopt #BDS, boycott Israeli citizens & companies, & declare itself "free of Israeli apartheid." I just visited Valencia & here is the ugly sight that sticks with me: A homeless guy perpetually begging, under a "boycott Israel" sign. <https://t.co/uSa2mIO3EL>
 - I chatted with @FrankGaffney of @SecureFreedom Radio about the #civilizationist parties in Europe and other topics. <https://t.co/OvPP6PPgsM>
 - Of course, @MESA_1966 opposes the "Anti-Semitism Awareness Act of 2018" now before the #USCongress. MESA claims that it disallows anti-#Zionism, which it pretends is distinct from #antisemitism. I quit MESA in 1985, one of the best decisions I ever made. <https://t.co/9UKeogIHJw>
 - Good news that @KeithEllison is quitting Congress. Bad news that he might do more damage if elected #Minnesota's attorney general and then possibly its governor. Imagine that: An #Islamist governing an American state. And what might follow that? <https://t.co/ZD8qdBBdET>
 - John Rossomando (@jrossman12) establishes that @SPLCenter's selective calling out of bigotry reeks of politics," especially in the hands of its notorious @HeidiBeirich. In other words: One set of rules for @FredFleitz, entirely another for @CAIRNational. <https://t.co/r26W045ab7>
 - Vinay Kolhatkar of @The_SavvyStreet interviewed me today about "#Islamism's War on the West." Note in particular the part about the extent of Islamist influence at the @UN. PS, The picture below of a city's ruins comes not from #Syria but from #Manhattan. <https://t.co/dblSHrK2NV> <https://t.co/g659D6FP6e>
 - @JayNordlinger at @NRO (in a longer version than I previously tweeted) writes a tribute to #RichardPipes which he calls "A personal appreciation of a great scholar, an important public figure, and an extraordinary man." It's both interesting & moving. <https://t.co/vINPY2t7Py>
 - #Italy's new Interior Minister @matteoSalviniMI: "The free ride [&] good times for illegals are over." He warned them to "get ready to pack your bags." Me: I wish him well. But where will they be expelled to? Bright idea! To #France, #Germany & #Sweden. <https://t.co/B2zYPY6L6O>
 - @TariqRamadan's @OxUniPress book on "#Islamic Ethics" will appear in 2019. Me: 1. This would be funny if he weren't an accused rapist. 2. Yes, TR perfectly embodies #Islamist ethics. 3. Guess he won't go on a book tour. 4. #MeToo. 5. OUP, cancel it now! <https://t.co/VHXwTPHpJf> <https://t.co/ObrXF3Ph>
 - Islamist @WajahatAli defines "#Islamophobia" as "an exaggerated fear, hatred & hostility toward #Islam & #Muslims that is perpetuated by negative stereotypes." Me: Note the word "exaggerated." In other words, reasonable "fear, hatred & hostility" are OK. <https://t.co/uvpf8VhJBO>
 - "The #RichardPipes I Knew" By Andrei Kozovoi, translator of "Russia Under the Old Regime" into French <https://t.co/9vqAKQJbVp> "A constant inspiration, my favourite historian of Russia to this day." <https://t.co/595i7PHHJs> <https://t.co/oFG7P9Lc4A>
 - @BenShapiro in The @WeeklyStandard on winning young #Americans to conservatism, "Older conservatives judge #Trump on his politics; younger conservatives judge Trump on his values." Given my views, that makes me a young conservative. At least at heart. <https://t.co/A3kZIMDixC>
 - Gunnar Heinsohn, professor emeritus of sociology at the University of Bremen (@unibremen), has graphically graphed the immigration problem in @NATO countries. Me: (1) Illegal immigration has just begun. (2) It represents one of the West's most dire problems. Maybe the most dire. <https://t.co/Mb4WHF0zC2>
 - Potentially huge news: "#Kremlin gives Israel 'green light' to launch attacks in #Syria." That means: The victors have split, for his own reasons #Putin's interests align

- temporarily with the West's, especially #Israel's. But is it true? @IsraelHayomEng <https://t.co/5coCseUI3X>
- "He's never even managed a building, let alone a government," sniffed an opposition Italian MP about new PM #GiuseppeConte. Me: True & it's just one of many problems ahead. But #Italy's insurgents need government experience & they will now get it. Good. <https://t.co/c1eRjGUTKD>
 - The Meir Amit Intel & Terrorism Info Center (@terrorisminfo) reports on "significant terrorist attacks" against #Israel. Guess what? Surprise! There were more attacks (22) in the 5 months before the #JerusalemEmbassy announcement in Dec. than since (14). <https://t.co/fjKdCorzaZE> <https://t.co/jhG5oDxOkR>
 - Yaroslav Trofimov (@yartrof) of the @WSJ asks: "Can #Turkey's Economic Turmoil Derail #Erdoğan's Reelection?" My reply: No, nothing can derail E's reelection. He controls the votes, the counting & the reporting. He's dictator for life, like #Putin & #Xi. <https://t.co/abBBqsKwxl>
 - Niall Ferguson (@nfergus), explaining his dismay over the leftward evolution of history departments, at 4:13 in this interview mentions #RichardPipes as "one of the great historians of the Bolshevik Revolution." <https://t.co/JWSdPMmtqn> <https://t.co/JuHrKJsXe6>
 - And now, my turn, a filial tribute: "He Has Lived: #RichardPipes, 1923-2018" By @DanielPipes @JNS_org May 30 My father titled his autobiography Vixi, Latin for "I have lived." I now say vixit, "he has lived." In all, his was a life well and fully lived. <https://t.co/lPsteFq5B1>
 - What's behind the latest attacks by #Hamis & #PIJ on #Israel - Tehran running the show or business-as-usual? I argue for the latter and explain a bizarre form of warfare where casualties serve as a indicator of moral superiority and thereby help win over world public opinion. <https://t.co/6qPqkzvs9R>
 - #MarkTwain sort-of said "The reports of my death are greatly exaggerated." Well, I just had my Mark-Twain moment. Thank you, @BostonHerald: "Obituary: Daniel Pipes, scholar of Russian history, Harvard prof & aide to Ronald Reagan, 94." (The @AkronBeacon made the same mistake.) <https://t.co/NFitUXqktD>
 - @JonathanS_Tobin replied to me. #1: JT argued that #Trump's #Palestinian plan need not worry #Israel. #2: I said that it should worry; look at #Arafat in 1993. #3: JT (below) says yes, but #Abbas now must reject any compromise. Me: He's a great liar. <https://t.co/sxY9AY6G56>
 - "Richard Pipes: An Appreciation" #StevenBlank The @AtlanticCouncil May 29, 2018 Pipes "was and remains a model for historians of Russia and those who aspire to understand Russia as it really is." <https://t.co/IVVjfcPNDt>
 - #Erdoğan has even messed up #Turkey's once-glorious farming. See "Turkey's agricultural decline rings alarm bells" by #MehmetCetingulec at @AIMonitor. Me: As in #Egypt, an incompetent modern autocratic government has undermined what droughts never could. <https://t.co/BKvHP3MWL6>
 - "The Unknown #RichardPipes" By @JiriLeniValenta at @BESA_Center May 29 "A unique visionary. ... Pipes neither joined the academic herd nor became #Gorbachev's apologist. He was not a power-hungry academic turned politician but the quintessential scholar." <https://t.co/aWQOcZVCYS>
 - As the #SwedenDemocrats go soft on immigration & Islamization, the Alternative for Sweden (@AfS_riks) seeks to take its place. The signs on the picture below ask "Which #Sweden" "do you choose?" Me: A populist revolution is brewing in #Europe. When will the #6Ps get the message? <https://t.co/YAFv3QlphF>
 - Prof. #JonathanDaly: "#RichardPipes was the most versatile, prolific & influential historian of #Russia in the English-speaking world. ... His sweeping interpretation of Russia shaped worldwide perceptions & helped bring about the collapse of the #USSR." <https://t.co/jKpMPmKVyo>
 - "Rational criticism of #Islam or #Muslims based on factual evidence is not intrinsically #Islamophobia." Me: How nice to be cleared of this calumny by the High Priests presiding at @Georgetown Univ.'s @ACMCU's @BridgeInit. Hi @CAIRNational, @IRDProject. <https://t.co/lkz0ZJurri>
 - Disagreeing with my friend @jonathans_tobin, I argue in an @IsraelHayomEng article, "#Israel Has Nothing to Fear from Trump's Plan?" that #Trump's ambition and #Palestinian deceptiveness do in fact pose a real potential threat to the #JewishState. <https://t.co/c7mhiNeZJ4>
 - Allen Roth (@NYCP) interviewed me for @SecureAmerica on a range of #MidEast- and #Islam-related topics. <https://t.co/VglCqPDudF>

 - @PalWatch compiled a collection of 13 (mostly video) testimonials by #PalestineRefugees explaining they left in 1948: Because told to do so by Arab authorities - not because pushed out by #Israel's forces. Me: When will this self-evident truth be known? <https://t.co/FfvS3M9YTP>
 - #RogerKaplan in the @AmSpectator: "Bernard Lewis & Richard Pipes are the greatest historians of the 20th century. Of course, there were others, this is a figure of speech." With this quote, I end a week of obituaries & tributes to my father, #RichardPipes <https://t.co/BSJEQMKUJ>
 - #RichardPipes "challenged taboos & orthodoxies that continue to hold sway: that the '#Marxist plague' was alien to Russian culture ..., that #Communism represented a clear break from Tsarism, that whereas the #Bolshevik revolution was 'inevitable', #Stalinism was an 'aberration'." <https://t.co/L9KySYdR97>
 - I received a beautiful letter today (in English) about my father, #RichardPipes, from #RyszardMacura, the mayor of #Cieszyn, where RP was born in 1923: a "wise & brave man."  - "#RichardPipes, Historian of Totalitarianism" By Marion Smith @NRO May 21, 2018 "The free world can only hope to be informed by many prosecutors with the discernment, eloquence, and dogged devotion of Richard Edgar Pipes." <https://t.co/uFoYCU7BZp>
 - The Financial Times (@FT) published an article in Jan. 2003 comparing the trajectories of #RichardPipes' fight against Communism & mine against Islamism. The basic commonality: Wanting to defeat a radical utopian ideology & facing calumnies from appeasers. <https://t.co/nexhQpfZoA>

- On his 90th birthday, July 11, 2013, I presented my father, #RichardPipes, with appreciations "by Historians, Government Colleagues, Former Students, Editors, Critics, et al., 43 in All." On his passing, I posted this interesting document for all to see. <https://t.co/ukCRoMkyF9>
- "Richard Pipes, historian who helped shape Reagan-era Soviet policy, dies at 94" Matt Schudel @WashingtonPost May 19, 2018 He "was perhaps best known for his magisterial studies of Russia before and after the 1917 revolution." <https://t.co/SIVvsXwf7V>
- I celebrated BL's 100th birthday in May '16 with an essay, "Bernard Lewis and Me," writing there that "he more than anyone else influenced my understanding of the Middle East & Islam." I nominate Efraim Karsh (@efka48) as the new doyen of MidEast studies. <https://t.co/zvthhQi9XB>
- For close to 50 years, I have seen Bernard Lewis & my father, Richard Pipes, as parallel figures in MidEast and Russian history. Both were major historians & public intellectuals. How sadly ironic that they died 2 days apart. My condolences to #MichaelLewis and the whole family. <https://t.co/ziFfNV5h8j>
- "Richard Pipes, RIP" @StevenFHayward @PowerLineUS May 17, 2018 "Pipes was crucial in crystalizing what became known as the 'Reagan Doctrine,' and he was the principal author of one of the most important documents of the Cold War, NSDD 75." <https://t.co/5jV8Xl2kgf>

- "Central to [Richard] Pipes' mission was his stalwart opposition to totalitarianism. ... He focused squarely on the 1917 revolution as the source of Soviet totalitarianism. - I've predicted that #Turkey #Erdoğan will meet his doom by overstating his abilities & entering some deadly foreign adventure. But instead, maybe his demise will come from battling markets & the laws of economics. High interest rates cause high inflation? <https://t.co/fn1gGTVXJQ>
- @JSchanzer: "The #Arab states ... are drawn to #Israel's military & intelligence capabilities. ... It's hard not to be impressed after the #Mossad stole a ½ ton of sensitive documents ... not to mention the shellacking that Israel gave #Iran's #QodsForce in #Syria shortly thereafter." <https://t.co/il7wTKkVox>
- I argue at @NRO today that it's fine to enjoy the #JerusalemEmbassy – but don't get giddy. A close look at #Trump's actions & statements suggest that Palestinians will receive his next big gift: recognition of "#Palestine" with #Jerusalem as its capital. <https://t.co/6CMeW1esL9>
- The cat is out of the bag: #Israeli cabinet member #YoavGalant calls #Erdoğan "a murderer of hundreds of #Turkish citizens, who staged a rebellion in order to arrest half of his government." Finally, an official somewhere dares speak the truth about E. <https://t.co/jirJNuG2cm>
- How times have changed: When Left-wingers attacked me 10 years ago, I worried people I care about would be persuaded. Today, it pleases me. No one I care about gives the Left credence. In fact, they see attacks confirming that I am doing the right thing. Take that, @SPLCenter
- An #Iranian "student group" has offered \$100K to anyone who damages the #USembassy in #Jerusalem. Me: Isn't that typical of #Islamists? They create nothing, only destroy: libraries, museums, women, non-Muslims, freedom, creativity, beauty, love and life. <https://t.co/DSNvaYmhSU>
- I am quoted here: "I reluctantly pick the #antisemite among them, #RichardNixon. He is the president who first appreciated Israel as an asset and he provided it with crucial military assistance in its time of need, thereby permanently changing U.S.-#Israel strategic relations." <https://t.co/kYIAIYX7hM>
- Ironically, to be a legitimate #PalestineRefugee (and so eligible for aid from @UNRWA) you have to be (among other things) at least 70 years old today - or precisely the same age as the State of #Israel. Me: That's just one more way how #Palestinians are Israel's #doppelgänger.
- How odd to be called a party-pooper when I point that #Trump is likely to follow the #JerusalemEmbassy with recognition of "#Palestine" with #Jerusalem also its capital. So, strategists should get giddy & indulge in euphoria? I'd rather keep my feet on the ground & stay sober.
- @DerSpiegel: @NATO fears Turkey's acquiring the #S400 anti-aircraft system b/c it will permit #Russia's engineers to un-stealth America's advanced F-35 fighter planes, rendering them nearly useless. Simple solution: Halt all #F35 deliveries to #Turkey. <https://t.co/tHlkvMtZsZ>
- The #JerusalemEmbassy is a great & stirring event. My worry: The #Trump administration will next recognize "#Palestine" with #Jerusalem also its capital. @Netanyahu, @AIPAC, et al. will then be mute & cannot complain. So, enjoy today - but be aware of the possible price ahead.
- Unnoticed big news from #Iran's #PresidentRouhani: If the 5 remaining states in the #JCPOA "fulfill their commitments & guarantee Iran's interests, this agreement will stay." Meaning: No costs AT ALL to the US JCPOA pullout. #Trump called #Tehran's bluff. <https://t.co/Bqy5VP0c8m>
- @Raman_Ghavami: Yes, it would indeed be very interesting. And important. Please supply the source for this remarkable threat attributed to Hossein Jaber Ansari, the #Iranian foreign minister's special assistant for political affairs, so it can be verified. <https://t.co/fnhAR3srVr>
- Major news from #Italy, where the 5-Star Movement (@Mov5Stelle) and the #League have combined forces to form a coalition populist government. #Macron, May & #Merkel must be miserable. Let's hope that fresh blood will lead finally to control of borders & opposition to #Islamism.
- "Regime Change in #Iran Is Inevitable," I tell #Germany's "Global Review" in an interview. Also: Thoughts on #Islamism, #Turkey, #Syria & #SaudiArabia. In brief: The #MidEast has never been a more complex place than at present. <https://t.co/n6PzG3lzfH> <https://t.co/YjoTnKWxc4>
- Two anti-Zionists, George Browning & Sivan Barak, unwittingly argue for #IsraelVictory in the Sydney's @SMH: "#Palestinians do not regard themselves as a defeated people. So long as this is the case, #Israel's victory will remain at best a partial one." <https://t.co/31uH6Q0ykS> <https://t.co/5Tp1OHroFT>
- Out of 64 non-west #European foreign missions in #Israel invited to the #USembassy celebration tomorrow, 32 will go, or 50%. Out of 22 west European missions, 1 will go, or 4%. Which is that one? #Austria. Why it? Because the #FPÖ is in the government. <https://t.co/WmvSOiUbvs>
- 1. Gazans suffer from energy shortages. 2. #Hamas sponsors riots that destroy gas & electricity lines into #Gaza. 3. #Israel spends \$9mn to repair the damage. Me: No, no. Gazans must pay for their stupidity & fanaticism. #IsraelVictory provides guidance. <https://t.co/eh95F8IUgA>

- Report: #Czechia, #Hungary & #Romania thwart a (French-initiated) #EuropeanUnion statement condemning the relocation of embassies in #Israel to #Jerusalem. Me: 1. Hooray for New #Europe. 2. The horrid #SovietBloc experience left an oddly positive legacy. <https://t.co/MrW2dKuaDK>
- @PJColbeck, a candidate for governor of #Michigan, raised questions about fellow candidate @AbdulEISayed's connections to the #MuslimBrotherhood. Sayed lost it, retorted "You may not hate #Muslims, but I'll tell you, Muslims definitely hate you!" <https://t.co/7A93z3AOEJ>
- Who dares say Muslims are "more prone to negative behavior"? A #Muslim group, @TheISPU, asked this question: 11% of Protestants, 12% of Catholics & 13% of Jews dared say so. But so did 30% of Muslims. Oh no, so many Muslim "#Islamophobes"! @Sultanknish. <https://t.co/UL3aJUnthD>
- #Erdoğan presided over unprecedented economic growth in #Turkey but now he's lost it, saying: "My belief is that interest rates are the mother of all evils" and claiming his enemies run the credit agencies. Me: No wonder the Turkish currency is cratering. <https://t.co/5uxlaWsvs5>
- #ChristianRioux in @LeDevoir: "Les #Français #juifs ont 25 fois plus de risques d'être agressés que leurs concitoyens #musulmans." Translation: #Jews of #France are 25 times more at risk of assault than their #Muslim conationals. @PointDeBascule <https://t.co/MwAGAWuz28>
- If Bonn & Moscow succeed in persuading Tehran to stick by the #IranDeal terms, then Washington can reimpose drastic economic sanctions without these restarting the uranium enrichment process. In other words: US withdrawal from the deal has zero downside. <https://t.co/bejtYkc8H9>
- @CAIRNational's leaders met last weekend in DC. It looks like an awful festive event. But it's missing just one thing. The #Hamas flag. <https://t.co/L1oXIMejYY>
- Premise: I worry about the Chinese government's increasing repression at home and aggression abroad. I see it, rather than a decrepit #Russia, is the long-term danger to peace & security. Question: Is there some systemic, organized method to avoid buying goods "Made in #China"?
- That's me on the right and the indomitable @TarekFatah on the left (just as we are politically) at an @MEForum event in the @USCapitol yesterday discussing the #MuslimBrotherhood's underhanded activities in Congress. (A video of the event will soon be made available.) <https://t.co/RQcbmfOP>
- Shaking my head at the idiocy of #Iran's attack on #Israel: 1. Its assets in #Syria got pulverized. 2. Its sending missiles into Israel, especially post-US withdrawal from the #IranDeal, invites the Israelis to take out Iran's nuclear infrastructure. (You heard it here first.) <https://t.co/QwmnVuC1bS>
- The @MEForum held an event in the @USCapitol today to spread the word about @Cynthia_Farahat's important research on #Islamists (and even #jihadis) brazenly lobbying Congress. (Video to follow.) She's one of the bravest persons I ever met. <https://t.co/O1PJBz4O5N>
- Sound the alarm: #Erdoğan's #Turkey to receive first F-35 fighter planes from the United States on June 21. Me: This is the worlds most advanced aircraft. The transfer needs to be stopped before it leads to tragedy. <https://t.co/5b1nFRhSzP>
- That's me on the left and the indomitable @TarekFatah on the right (though politically, it's the reverse) at an @MEForum event whose video will soon be made available. <https://t.co/dNNAZekz1x>
- How curious: @SteveKBannon's old office in the Eisenhower Executive Office Building (#EEOB) now houses the White House Office of Management and Administration. Yawn. <https://t.co/5k0skU8oII>
- To get a feel for the #Palestinian "March of Return," see the 11-minute video, "Behind the Smoke Screen," by Pierre Rehov (@PREhov). Is it peaceful? Hardly. See the true face of #Hamas and #Islamism. <https://t.co/0xebIHUcKr> <https://t.co/sjpK2Lhnnv>
- Good prediction, if I don't say so myself. But I had the timing a bit off, expecting the new president to rip up the deal on his first day in office. Close enough. <https://t.co/umycolCVg4>
- Losers of the world unite! The #PalestinianAuthority's #MahmoudAbbas visited #Venezuela's Nicolás Maduro. Did the two statesmen compare notes on how to spur economic development? On how to foster antisemitism? Maybe on dictatorial techniques? <https://t.co/4EIXdqK6lc>
- #Turkey's dictator #Erdoğan said that if the Turkish people say "enough" (tamam), he will resign. So, tamam became the most tweeted word today on @Twitter today. And I add my voice: #tamam! <https://t.co/KWo41GEPZT>
- Shades of the Kahlil Gibran International Academy (#KGIA): I took this picture yesterday of a NYC Department of Education (@NYCSchools) poster. Note how it puts Arabic first, even ahead of Spanish. Me: Seems to me that putting Arabic first shows the DoE has an agenda. You agree? <https://t.co/HiXhw1bLlk>
- Here's a fun new FB project for college students: "Film Your #Marxist Professors," or #FYMP. It's already brought needed attention, for example, to the malign @AlbertPonce123, Co-Director of Social Justice Studies at Diablo Valley College (@DVC_updates). <https://t.co/WHtMm5CAyN>
- New signs are going up in #Jerusalem! (Not a good idea to get lost on the way to the US embassy.) Me: 1. Note they are in Hebrew, Arabic & English. 2. They the direction signs for the soon-to-be-opened embassy of #Guatemala. <https://t.co/CP3sMkyX8O>
- @JoyPullman provides an excellent survey of @splcenter's sins at "5 Reasons The Southern Poverty Law Center Is A Hate-Mongering Scam." @FDRLST But what argument will convince its robotic supporters to desist sending more & more money (now \$0.5 billion!)? <https://t.co/njlxBO04eG>
- Ten years ago, I was proud to serve on @RudyGiuliani's presidential advisory team, even if his candidacy went nowhere fast. Now, I am mortified by the thought of that association. What happened to America's mayor? <https://t.co/ACcDjth2Xg>
- #Leviticus 24:16 (this week's parsha): "He that blasphemeth the name of the LORD, he shall surely be put to death, and all the congregation shall certainly stone him." Me: I wonder how many centuries ago #Jews last engaged in such a stoning. 1. Judaism changed. 2. So can Islam.
- Click below to read the many & conflicting leaks about the contents of #Trump's "ultimate" Palestinian-Israeli deal. Their common element: Recognition of "#Palestine" with #Jerusalem as its capital. And after the embassy move, #Israel can't protest this. <https://t.co/MGINDxb393>
- Bravo to The Committee for Accuracy in Middle East Reporting in America (@CAMERAorg) for putting up a giant billboard outside the @NYTimes offices criticizing the newspaper for again defaming #Israel with distorted "news." And looking forward to CAMERA's annual dinner tonight. <https://t.co/CaFvh7uBOq>
- In response to the alleged coup attempt in #Turkey of July 2016, now-@SecPompeo referred to #Erdoğan's rule as a "totalitarian #Islamic dictatorship," suggesting he favored a coup. Me: Can Pompeo stand up to the bureaucracy on this issue? I doubt it. <https://t.co/7wuahwDwti>
- Rioting #Palestinians destroyed the gas pipeline supplying fuel to #Gaza, which already suffers from fuel deficiency. Me: Will #Israelis fix this problem or let the Gazans stew? I bet the former b/c they seek quiet. Note what PM #EhudOlmert said in 2008. <https://t.co/hCS8tLCufl> <https://t.co/jK4r9MDBk0>
- @Cynthia_Farahat just released a major report for @MEForum on #jihadis walking the halls of Congress & influencing legislators during "#MuslimAdvocacyDay" next

- week. She rightly recommends ending this @CAIRNational-led farce until members know who's who. <https://t.co/JChw4EmG9f>
- #Palestinians coming up with arson kites to set fire to #Israel's agricultural fields (maybe to be followed by helium balloons) perfectly sums up their rejectionist genius, finding new ways to destroy & murder. One more reason for an #IsraelVictory & a total Palestinian defeat.
 - Extraordinary news that the Saudi government signed an agreement with the #Vatican to open #CatholicChurches in #SaudiArabia. Me: This is another sign that convinces me #MbS is for real, and why I am rooting for his success with these many deep changes. <https://t.co/RSRZTaITbr>
 - @DrCharlesJacobs forcefully exposes @LouisFarrakhan's abysmal record when it comes to slavery on the @JamieGlazov show. <https://t.co/r41U8y3A7d>
 - Ali Muhammad Brown, a #jihadi, killed 1 in NJ and 3 in Washington State. Sentenced to life w/o parole, he said: "I apologize to his parents ... [but] I don't regret anything because it made me who I am today." Me: Of course, an #Islamist does not regret. <https://t.co/zigTgBg1Zg>
 - @HaroldRhode draws on decades of experience to explain why #Iran's regime is "humiliated" and "quaking in its boots" after Israel's raid and ahead of #Trump's #IranDeal decision. Me: Time to act tough with an eye to overthrowing the mullahs' regime. <https://t.co/CknxjJ0vDW>
 - @AEHarrod does a public service by descending into the stinking cesspool of #antiZionism in Washington, DC-area #Protestant churches. His report ain't pretty but very useful to know what the far-left's #Christian forces are up to. <https://t.co/sMrOchwenH>
 - I discussed #Erdoğan's call for snap elections in #Turkey with @EzraLevant on @TheRebelTV. In short: Like other authoritarians, he has cooked the process so he cannot lose. Turkey continues its downward spiral into #Islamist dictatorship. <https://t.co/W2DQRPqEC0>
 - @JNS_org quotes me on @Netanyahu's revelations: "This is #Israeli intelligence at its most extraordinary, changing history through the patient access of key information. I expect this trove of documents will lead to a fundamental change in dealings with #Iran's nuclear buildup."
 - What a pleasure to see real scholarship in action: Watch DG Tor gently but utterly demolish Richard Bulliet's trendy 2009 book, "Cotton, Climate, and Camels in Early Islamic Iran: A Moment in World History," (New York: Columbia University Press). <https://t.co/13IRSKkK99>
 - Due to Kuwaiti abuse of his country's workers, #Philippines' President #Duterte wants all Filipinos to leave #Kuwait & has banned all future workers from going there. Memo to oil-rich states: Treat your workers better. They deserve full human dignity. <https://t.co/Mzc7v98dNS>
 - 2 prominent American politicians are each potentially the 1st female US president: #ElizabethWarren & @NikkiHaley. Not only do they differ politically, one on the left, the other on the right. But one is a fake Indian & the other a real Indian. I vote for the real one. And you? <https://t.co/e4Xu8PbsoA>
 - New troubles in the Islamic Republic of #Iran? A quickly-deleted Iranian report states that @khamenei_ir has decided to fire #QudsForce head #QasemSoleimani, arguably the regime's most aggressive general. Me: If it's true, it's great news. <https://t.co/psyk0Jbsl>
 - Notice anything unusual about these bearded soccer/football fans in #Teheran? No? Look again. They are all females. They had to make themselves up as males to access the stadium. Me: Another reason to expect that #Iranians will be our friends once rid of the mullahs' foul rule. <https://t.co/neSNL8bgFs>
 - There's no compliment like a backhanded one: @ChrisMurphyCT, a semi-literate senator, read out @CAIRNational's list of calumnies against @AIFDemocracy, @MEForum & @TheIPT on the very floor of the #USSenate. Well, MEF answered him. See the video below for the rebuttal. <https://t.co/RaJhnZh6qN>
 - @QuinnipiacU poll finds @NikkiHaley, then #JamesMattis by far the most popular politicians at the top of the U.S. government (with 63% & 59% approvals, respectively). Me: I just wonder if there's a hidden message here, somewhere or other. <https://t.co/Oco1f4nVNo>
 - "#Israel abandons plan to forcibly deport illegal African migrants." Me: Sad that the only Western country that seemed to have the courage to protect its borders & sovereignty has capitulated to myopic feel-goodism. <https://t.co/z0H1MsVGIU>
 - #NabiTajima, born Aug. 4, 1900, died on Apr. 21 at 117 in southern #Japan. Not only was she the oldest person in the world but the last verified person born in the 19th century. For historians, this marks the symbolic end of an era. <https://t.co/PSeAxLVKeU>
 - Striking to see how persistent #Erdoğan's aggression against neighboring #Greece has been. Surprising too to see that the 2018 record is somewhat less somewhat awful than 2017's, even as the rhetoric has heated up. Me: Worried that #Turkey's forces will grab some Greek islands. <https://t.co/YIXNiM9LKG>
 - Look who I bumped into the other day on the mean streets of #NYC, near the @UN: None other than two clowns from @NetureiKarta, the #Haredim who serve as paid agents of #Israel's enemies, including the #PalestinianAuthority. <https://t.co/Jt3FjMtPbd> <https://t.co/bGSvHqy7s3>
 - @AsliAydintasbas helpfully points to the 4 main reasons why #Erdoğan called snap elections in #Turkey: - The #Afrin victory high - Looming economic troubles - A weak opposition - Election laws that allow cheating Me: Better to call them "elections". <https://t.co/SQWn6e7kQK>
 - A flipperoo in #Romania: Social Democratic (@psdbiroupresa) PM Viorica Dăncilă & party leader Liviu Dragnea favor moving the embassy to #Jerusalem. Center-right President @KlausIohannis opposes this step. Me: Former #WarsawPact countries are different. <https://t.co/w9r8W4iYIX>
 - #Brussels city authorities have banned big screen viewings of the 2018 @FIFAWorldCup "for security reasons." Me: 1. Gee, wonder what the problem might be. 2. Again, Islamists are putting the fun in fundamentalism. <https://t.co/nY2nB9HUPd>
 - #Turkey's aggression in the Aegean Sea is possibly leading to war with #Greece. Time for #NATO allies to back Athens 100%. In fact, maybe the Greeks should invoke NATO's Article 5 (the all-for-one clause) against Ankara. Now, that would be ironic but just.
 - ICYMI: Berlin's @GfK_Verein foresees "an end to growth for structural reasons is in the making" in the West because of a lack of children. Me: #Japan & #Sweden offer alternate futures. I'll take the former, thank you. <https://t.co/Gbl4gENEip> <https://t.co/m3sx2hKL3l>
 - See my just-published @SecureFreedom book chapter, "#NATO's #Turkey Challenge" surveying the unique challenge that #Islamism & Turkey present to the alliance. "In brief, Communists never provoked Article 5 & no NATO member ever entered the #WarsawPact." <https://t.co/2aPaxwZHRV> <https://t.co/iCQ6Wzeorq>
 - @SPLCenter has taken down its notorious Oct. 2016 "A Journalist's Manual: Field Guide to Anti-Muslim Extremists." But, I am happy to report, @MEForum's reply of 2 months later, "A Journalist's Manual: Field Guide to Useful Infidels," remains available at <https://t.co/mf8NWHsfC4> <https://t.co/c3OCi3g8Dy>
 - Thanks @SPLCenter! As everyone knows, when you attack those of us standing up to #Islamism, it affirms how effective our work is. So glad to be with @MaajidNawaz & @Ayaan on the right side of history. <https://t.co/PL9NGmkSO7>
 - Tehran is playing a very dangerous game: If it continues to aggress against #Israel, this opens a potential path for Israeli forces to knock out #Iran's nuclear infrastructure. <https://t.co/rA519VMFrS>

- What to make of US et al. strikes vs. #Syria? Angelo Codevilla, America's top strategist, speaks for me: Says they "exemplify how not to use military force. Their only consequence is to highlight the poverty of the foreign policy of which they are part." <https://t.co/FG1WB43tYh>
- Will the #Jordan-#Israel economic connection finally take off, despite #Palestinian opposition? Just maybe, writes @AhronRShapiro of @AIJAC_Update, and he offers several reasons why. Me: This could have many positive consequences for the #MidEast. <https://t.co/aPVdZJSWxG>
- @ARD_Presse's TV program "Panoram" reports significant movement of Syrian refugees from #Germany back to #Syria, mostly due to lack of family reunification. The the @Welt newspaper asked readers if they believe this news: 90% said no, they do not. <https://t.co/Zk8KzHqkAn>
- This collection of way-wrong global TV maps had me in stitches. <https://t.co/V9FhEJPOir>
- #RobertConquest's Three Laws of Politics, refined by #JohnMoore. Me: They are funny, accurate, and help to understand the mysterious ways of public life. <https://t.co/hNuHOsCZil>
- I judge #Trump's character without reference to his policies. I judge his policies without reference to his character.
- Colin Rubenstein of @AIJAC_Update comes (again) to my defense against an #Australian academic who slings more mud at the wall to see what will stick. Me: Oddly, this 2 rounds of debate about me takes place at the taxpayer-subsidized @ABCReligion website. <https://t.co/JYfdldtxYG>
- Hey, good news, all you #Erdoğan critics like @stevenacook & @mrubin1971: "Turkey to lower price of citizenship for foreign investors." Invest \$1mn in #Turkey for 3 years & E can then go after you legally for "terrorism." Sounds like a great idea to me. <https://t.co/hFCBF5hW7J>
- Ah, #MidEast creativity at its very finest: #Saudis brutting the idea of cutting a canal to make #Qatar into an island. Then build a military base & a nuclear waste dump site at the border. Me: How juvenile. <https://t.co/Qt5fU0CaL> <https://t.co/jHZYO9fBuK>
- Oh, @CAIRNational, a question for you: Your amicus brief in the #SanDiego school board lawsuit defines "#Islamophobia" as "an irrational fear of, aversion to, or discrimination against #Islam or people who practice Islam." So: What do you call rational fears of Islam & Muslims?
- #Israel's stamp on the country's 70th anniversary shows (in the stamp itself & along the border) symbols of its achievements, from memory stick to drip irrigation. Positive question: How many can you identify? Negative question: How would any other #MidEast country's stamp look? <https://t.co/aGEM0Dr2p5>
- See @IsraelHayomEng's interview with me. Titled "The #Palestinian will has to be broken," it focuses on how an #IsraelVictory is needed to end the Arab-Israeli conflict, but it also takes up other topics, such as #SaudiArabia and the #IranDeal. <https://t.co/KUonFEnqmT>
- When will the @NYTimes & other English-language authorities start selectively using "#ze" or some other neologism for he/she/it/they, thereby beginning to move these academic absurdities from the campus to the general culture? My guess: By 2021. And what do you say, dear reader?
- I argue in the @WashTimes that #Europe's so-called far-right parties, being focused on immigration & Islamization "are key to Europe remaining part of Western civilization," and so should be engaged & guided, not fought & reviled. They are not going away. <https://t.co/2hgFlvMrZ> <https://t.co/BTTfhGxIXJ>
- Notice anything odd about this @OxUniPress title of a book by @JohnLEsposito and Natana J. DeLong-Bas? "#Shariah: What Everyone Needs to Know@!" Yes, it has a little @ at the end, the symbol of a registered trademark. Implication: There's nothing more ever to say on this topic. <https://t.co/eMIVGapDPx>
- @ToysRUs gave many reasons in its 10-K for closing all its US stores, but one stood out for its deep implications: "many countries' birth rates have dropped or stagnated as their population ages, and education and income levels increase." <https://t.co/ecpc8EaMXN> <https://t.co/uWwpUR7MA7>
- I assess #Austria's new anti-immigration & anti-#Islamization government, find that the debate is not over what it is doing but including the populist, firebrand Freedom Party (#FPÖ). I conclude that, for all its faults, FPÖ performs a necessary function. <https://t.co/rXIYO8bfgl>
- Allon Lee of #AIJAC (@AIJAC_Update) excellently summarized five of my recent media appearances in #Australia, plus the #Islamist-Leftist attempt to deploy #SaulAlinsky-style tactics ("Pick the target, freeze it, personalize it & polarize it") against me. <https://t.co/T4RFZiaugW> <https://t.co/3j3ZFDjrcq>
- Have you heard of #MarschDesLebens / #MarchOfLife? It's a Christian group that organizes, "with descendants of German Wehrmacht soldiers & members of the SS & police force, ... memorial & reconciliation marches at sites of the #Holocaust all over Europe." <https://t.co/DAuMvkED1V> <https://t.co/vUeQW82eJa>
- Matan Peleg & Douglas Altabef, both of Im Tirtzu (@IMTl Zionism): #IsraelVictory "is quickly gaining attention and traction" in #Israel due to "frustration with accommodation ... and the realization that halfway measures are tantamount to eventual defeat." <https://t.co/KmnAQKJS9l>
- @AIJAC_Update's Sharyn Mittelman neatly summarizes the ideas I offered in talks during a recent trip to #Australia. In brief: The #MidEast is a mess but a few bright spots exist. So, don't give up on it quite yet. <https://t.co/jOPacNEMTE>
- Another (short) letter from Spain: It's striking to note that most waiters and hotel clerks in Europe speak more languages more fluently than do university professors in the United States.
- Melanie Phillips (@MelanieLatest): The Left "supports the #Palestinians because it believes that, like the rest of the developing world, they are victims of the West and so their terrorism & rejection of #Israel must be excused or condoned." Well said. <https://t.co/LW5HtkKz3t>
- Patrick Clawson of @WashInstitute: "greater US pressure would have considerable impact on [#Iran]'s shock-prone economy." Me: It's time to reimpose sanctions & other financial measures on #Tehran. <https://t.co/1wJ8LnZxrB>
- Letter from #Barcelona: This city is an attractive destination, with history, culture, sports, food & climate. What makes it super-cool for the masses, however, is the eccentric architecture of one person, #AntoniGaudí. Therefore, I propose changing its name to #Gaudílona.
- Traveling currently in #Europe, I have concluded this: Leftist parties are slowly, haltingly getting the message about uncontrolled immigration being a problem. But they remain as clueless as ever about #Islamization. So: Stay away, but if you reach here, do whatever you like.
- @AmbJohnBolton as the apparent coup d'état was underway in #Turkey in July 2016: "I have no charity in my heart for #Erdoğan, if he goes down I'm not shedding any tears. I do not believe he is a friend to the #UnitedStates." Me: Great start. What next? <https://t.co/qsmBbBqnGU>
- I explain "Why #Palestinians Need an #Israel Victory" in the @Australian today. It's an updated version of a long-standing argument. It's also my way of celebrating exactly 50 years since my first-ever publication, in the @BostonGlobe on Mar. 24, 1968. <https://t.co/mQaYRfCys9> <https://t.co/NYKIMf4vxz>
- First, the USG drops charges against 11 of the 15 #Erdoğan thugs who rampaged in DC. Then a friendly #Trump-to-E call. Now, plans to sell #Patriotmissile systems to #Turkey? Trump's done well in the #MidEast (#Iran, #Israel, #KSA) but this is a disaster. <https://t.co/AnyCRcznUz>
- @Harvard's Sara Roy makes a rare, curious & hopeless attempt to defend the "Palestine refugee" status by equating her own family's informal #Jewish #Holocaust

- memories with the #Palestinians' formal @UN refugee status that continues to the end of time. <https://t.co/tXqhXiUZWh>
- In response to an attack on me by one of #Australia's "#Islamophobia" pseudo-specialists, #AIJAC's Colin Rubinstein defends my work with particular skill & verve at "The Misguided Campaign against @DanielPipes." Thank you! @AIJAC_Update @ABCReligion <https://t.co/D0Wki5H6wv>
 - Report: The #Palestinians' negativity has caused the #Trump administration to delay indefinitely its peace plan, despite its likely containing a gift for them. Me: As #AbbaEban famously said, Palestinians never miss an opportunity to miss an opportunity. <https://t.co/a5G9Q3f8vK>
 - @DailySabah headline: "US drops charges against 11 of 15 of President #Erdoğan's guards" (a reference to the May 2017 brawl in Washington DC). May Me: (1) Appeasement of ideological dictators never works. (2) If not true, the US government must deny it. <https://t.co/71oy8wOwBm>
 - #Erdoğan is creating a crisis over drilling for gas in what is clearly the waters off the Republic of #Cyprus. He is breaking the law. He has almost no allies & many enemies. Is this the outrage that will lead to his fall from power? It's just possible. <https://t.co/D6EcJDuHZ8>
 - I appeared on Tom Switzer's @RadioNational show, "Between the Lines," to discuss my apprehensions about "The U.S. Embassy in #Jerusalem: What's Next?" Hint: #Trump the dealmaker has given #Israelis something big. Next, the #Palestinians will benefit big. <https://t.co/kOX9938Ohx> <https://t.co/BvKHXhEQRL>
 - Benjamin Kerstein (@benj_kerstein): #Hamas plans for a non-violent march of 100K #Gazans to the border with #Israel. Me: (1) Live fire in response to marchers? I sure hope the #IDF makes smarter plans than that. (2) Non-violence can do more damage to Israel than can violence. <https://t.co/dZOSZSbR5p>
 - Michael Peck (@Mipeck1) explains "How #Turkey Destroyed Its Own Air Force." The brief version: #Erdoğan arrested more than 300 F-16 pilots after the July 2016 "plot." Me: Like other despots, he worries more about internal than about external security. <https://t.co/a8EqS4K9PT>
 - I flew @Austrian Airlines today to #Israel & there was zero extra security getting on the airplane. So, is this: - A bad sign, that Austrian Airlines is negligent? - A good sign, that Israel is no longer under great threat? - A mix of the two? I don't know. Comments welcome.
 - #Merkel may still be German PM but her reckless immigration policy is already repudiated by her own government: New Interior Minister Horst #Seehofer has articulated hardline immigration policies & even added that #Islam does not belong to #Germany. <https://t.co/3nw3kmtL50>
 - More than any other analysis I've read, this piece by @ShalomLipner expresses my views on @Netanyahu and also on #Israel's dysfunctional system: Use the current crisis to make some long-deferred fixes. <https://t.co/BnN5y0nQeX>
 - There they go again: #MidEast studies professors misbehave, from murder (@VillanovaU 's Mine Ener) to antisemitism (@UCBerkeley's @Hatembazian). What next from this largely nasty & eccentric crew - money-laundering, pedophilia, or treason? How & when will it return to normal? <https://t.co/Cti43t91UL>
 - Today marks the very solemn 7th anniversary of the uprising in #Syria. And to think it all began with a simple graffiti in #Daraa: "It's your turn doctor," a reference to #BasharAlAssad, an ophthalmologist. The current estimate is ~½mn dead & ~1mn displaced. Thank you, #Putin.
 - My favorite parlor game on a recent trip to #Australia: "I arrived #Melbourne the other day on a 7-hour direct, non-stop flight from #BandarSeriBegawan. Which country did I come from?" Only one Aussie instantly answered correctly: Former PM @TonyAbbottMHR. Hint: #BI53.
 - And the #jihad continues, unnoticed by the great & good: #CoreyJohnson, 17, of Jupiter, Florida, was arrested for murdering a boy celebrating his 13th birthday on Mar. 12. Johnson is an #ISIS fan who watched beheading videos. <https://t.co/aJft2VvC86>
 - @CentCom spox: No "unsafe & unprofessional" actions by #Iran's navy in #PersianGulf since Aug' 17. Me: 1. A cowboy in the @WhiteHouse can bring benefits. 2. Reminds one of the hostages' release exactly as #RonaldReagan was inaugurated on Jan. 20, 1981. <https://t.co/HNAPUdbGsH>
 - Report: #MbS has isolated his mother, Princess Fahda, #Saudi King Salman's 3rd wife, because she opposes his centralizing power. Me: #Arab royal dynasties have a Shakespearean quality to them. (Think Jordan in 1999, when the king switched crown princes.) <https://t.co/v5LNZ5hL4z>
 - Both the #MikePompeo & #GinaHaspel nominations could be in trouble in the Senate due to opposition from #RandPaul & #JohnMcCain. Me: Too bad #Republicans are rebelling against #Trump on Pompeo, a great choice, rather than on the terrible trade tariffs. <https://t.co/fiaSnVUBIG>
 - @JNS_org: Founded only in 2006, Christians United for Israel (@CUFI) now has an astonishing 4mn members, making it the largest pro-#Israel organization in the United States. Israel-haters must be despondent. And it will be even worse at the 5mn mark. <https://t.co/ttiDAIIRCE>
 - "One 'spark' could reignite protests, warns #Iran's interior minister." Me: What I've been saying for years. It could be almost anything: an empty gas station, police violence, a hike in taxes or a decrease in subsidies, or some new form of repression. <https://t.co/nYMhCRot6R>
 - #Egyptian columnist Salah Montaser called on star soccer player Mohamed Salah (@22mosalah) to shave his beard because he looks like a "terrorist." Social media went nuts. Others of us, though, were amused. <https://t.co/tD4rcHcnki> <https://t.co/g9pp5qNPAP>
 - #SecState nominee #MichaelPompeo sure believes in victory: "We can't perform our mission if we're not aggressive, vicious, unforgiving, relentless. Every minute ... we have to be focused on crushing our enemies." Me: The #USA needs more of this spirit. <https://t.co/yhgvG7panX>
 - I'm very glad to learn that the US government is cutting back on its dependence on the air base at #Inciirik in #Turkey. One does not want to depend on #Erdoğan or offer up hostages to him. Next: Leave the base entirely and move its contents to an ally. <https://t.co/PIU3eirIDs>
 - Life in #Sisi's dictatorship: #KhairyRamadan, a pro-regime #Egyptian anchor working for a government station, was hauled off to jail for defaming the police b/c he dared to interview a policeman's wife who complained about his low wages & their poverty. <https://t.co/fygf9AA7Lb>
 - If you're near #TelAviv a week from today, at 3pm on Mar. 18, come to a @BESA_Center & @MEForum joint event on "Reforming @UNRWA." It has breakthrough potential. At 4:45pm, Gen. #EitanDangot & I will debate, with @Yossi_Melman moderating, the complex topic, "What Is to Be Done?" <https://t.co/260lauM83s>
 - Clive Lipchin of the @AravalInstitute: #CapeTown may, in its water desperation, as #DayZero approaches, be ready to abandon #BDS & learn from #Israel's expertise in H2O. Me: This confirms @Netanyahu's point that the world needs what Israel has to offer. <https://t.co/orYlxU4wLh> <https://t.co/xfG3L7wqM>
 - In Jan' 18, @MatteoSilviniMI, head of #Italy's #Lega party, promised to deport 500K illegal immigrants if he becomes prime minister. Lega could well be in the ruling coalition. If so, and this policy is implemented, Italy becomes #Europe's action central <https://t.co/NesV9dxiMR>
 - At the end of #HillaryClinton's stint as #SecState, I joked that the 2009 #ZurichProtocols between #Armenia & #Turkey were her only actual accomplishment. Well, now the Armenians declared them null & void. That leaves HRC's 4 years a great big goose egg. <https://t.co/IRfeVKFOPG>
 - For over a millennium, the #Muslims' mainly fought #Christians & #Hindus. A century ago started a war with the #Jews. Now, #Buddhists are the surprising new enemy: In

- #Afghanistan (recall the #BamiyanBuddhas), #Myanmar (=Burma) & now even in #SriLanka. <https://t.co/7nQ9vsaEWR>
- Some European governments to move their embassies to #Jerusalem? Note the stirrings both in #Czechia (from @PrezidentZeman) & #Greece (from 2 leading members of the opposition party, which might soon take power). @GatestoneInst <https://t.co/TAt7ynhLds>
 - @KhaledAbuToameh: An #Egyptian newspaper confirms that #Trump's #Jerusalem embassy move has a big price attached: It was "part of an American effort to persuade #Israel, especially the hardliners, to agree to possible concessions to the #Palestinians." <https://t.co/xlBa4ff2rf>
 - @Aus_JewishNews ran a quote by me: "I now find myself an advocate for the #Saudis - a role I never thought I'd have in my line of work." <https://t.co/GoxyWfD3cH>
 - @JNS_org: #Hamas spreads not only #jihad but also filth: "#Gazan water contamination threatens agriculture in southern #Israel." As ever, #Islamists bring joy to the world. They put the fun back into fundamentalism, the pals into #Palestinians. <https://t.co/xq3HaRiA12>
 - #Canada's Yasmine Mohammed (@ConfessionsExMu), forced as a child to wear a #hijab & then a #niqab, has penned one of the strongest anti-Islamist headgear articles that I have ever read in today's @NationalPost. <https://t.co/NvrcRTkeMv>
 - #PetaCredlin interviewed me for @SkyNewsAust about the dangers, spectrum, and arc of #Islamism. <https://t.co/DAMBkW91c4> <https://t.co/NepnFJVyY>
 - I wrote for #GeorgeNader's magazine & then I wrote about his working for #Syria's dictator, Hafiz al-Assad. GN has now reappeared, this time as an aide to the #UAE crown prince & in trouble with US law enforcement. What's the next act for this chameleon? <https://t.co/2mAWS8lp8N>
 - In #Brunei, #Arabic instruction is a priority & the language has a surprisingly high profile, even though it's so very far from the Arabic-speaking countries. Me: This is a symptom of both #Islamic religiosity & the need to for a distinct #Malay identity. <https://t.co/rQ3tCWCmZl>
 - Curious about the "#BorneoBulletin," #Brunei's English-language daily? Here's the front page on the country's 34th National Day. Sultan #HassanalBolkiah (note the caption with his full name) is in the middle, surrounded by family members (including his notorious brother Jefri). <https://t.co/sDYX7kwpcL>
 - Note that the #Brunei immigration service asks for the race of those entering the country. That's to keep tabs on the numbers of ethnic Chinese & Indians, in contrast to ethnic Malays, the #bumiputeras, the privileged "sons of the soil." It's a system similar to #Malaysia's. <https://t.co/Ssd18Yqneu>
 - "Economy sleeper" is the most exciting new consumer air product in years & it comes from ... @AirAstana, flagship carrier of the Republic of #Kazakhstan (one of the most profitable airlines in the world). Me: Hooray for innovation, whatever the source. <https://t.co/SQW1Ea3MjL>
 - In a fundamental shift hardly noted outside of #Israel, Justice Minister @Ayelet_Shaked has reined in decades of the Supreme Court's self-perpetuating activist, leftist makeup. Finally, it will interpret, not make the law, greatly benefiting the country. <https://t.co/E7Xeam6viY>
 - @Netanyahu: #Saudi authorities granted @AirIndiaN overflight rights to fly to #Israel, shaving the time from 9 hours to 6. Me: That's another sign of Sunni Arab thawing of relations with the #Jewish state. Next, the same permission for @El_Al_Airlines? <https://t.co/3x0jLqvzom>
 - @jonathans_tobin: "As much as the left should embrace #Israel for its enlightened stance on gay rights, its willingness to absorb #Jews of all color and denomination & its advanced health-care system," no "public-relations campaign can ignore the conflict with the #Palestinians"
 - #Turkey's #Erdoğan used what US SecStete #Tillerson called "gunboat diplomacy" to stop an Italian gas exploration ship off #Cyprus. Will E dare to do the same with a US ship? Me: Doing so would raise the US-Turkey crisis to a very new level. Stay tuned. <https://t.co/6OJa70RjUg>
 - Here's yet another sign of the degeneration in #MidEast studies: Although it's been in the academic book business since 1683, Leiden's @BrillPublishing now takes delight in book awards for its authors given out by #Iran's #Islamist & totalitarian regime. <https://t.co/BSPOsOLP1E> <https://t.co/Uk4fB11Zxm>
 - I guess @AIPAC & @MEForum aren't on the same page vis-à-vis #Israel & the #Palestinians. AIPAC: "A durable Israeli-Palestinian peace can best be achieved through direct negotiations between the two parties" MEF: "best ... through an Israeli victory." <https://t.co/l7iO6fBjNh> <https://t.co/wBts5izUPQ>
 - ICYMI: #Germany's Chancellor #AngelaMerkel has belatedly recognized the problem of no-go zones in her country. Me: This major concession points to the rising anger about #Islamist- & criminal-dominated areas of #Europe. The tide is inexorably turning. <https://t.co/ms8il53Wdj>
 - I discussed #Trump & a number of #MidEast topics today on @SkyNews' excellent "Outsiders" program today. @RowanDean <https://t.co/mW5Bp4HhRB> <https://t.co/gFxnW8RXR>
 - I spoke at an @EMET4u conference about @UNRWA on Capitol Hill, explaining how this wretched organization keeps #Palestinians as "refugees" while harming #Israel's security. Talk about lose-lose; this is its address. <https://t.co/8JlInF4QBi>
 - After an intense week of giving public talks in Australia, reading this article by @KuperSimon specifically addressed to historians has the feel of a warning from on high: "The speakers' circuit is where original thinkers go to die." <https://t.co/vo6lwhXca8> <https://t.co/0IXDpRTI94>
 - I review #RickRichman's fascinating "Racing Against History: The 1940 Campaign for a Jewish Army to Fight Hitler" and draw out its conclusions about the present in the @MEQuarterly. <https://t.co/nXua5DzEbl>
 - My further evolved explanation of #Trump's policies: Lacking principles, knowledge & a network, Trump depends either on his exceptionally keen populist instinct or (contradictorily) on the very experts he scorns. This duality explains his contradictions, e.g., about gun control <https://t.co/b0u1vOsozo>
 - @ZOA_National spells out in detail the reasons why, "If Reports About #Trump Administration's 'Peace Deal' are True, It's a Disaster." <https://t.co/uJ8xh4xWxl> <https://t.co/Nblbglnq16>
 - Leaks about #Trump's plan to resolve the Palestinian-Israeli conflict confirm my prediction that he plans to give the #Palestinians a "fabulous" gift, including recognition of a state.. If true, his plan is terrible news for #Israel. See the details at <https://t.co/jASlhvPXCU>
 - I am happy to report that @CanaryMission is back on @Twitter. It's good to know that even the Lords of the Internet can sometimes be shamed into doing the right thing. <https://t.co/hb6slEzLZE>
 - Shame on you, @Twitter, for suspending @CanaryMission's account. Are you ideologues driving away conservative and pro-#Israel users? Are you trying to lose money for your investors? Or do you just like playing censor?
 - Here we go again, with #Islamists trying in vain to shut me up, this time in #Australia. No wonder. They don't like my message that "Radical #Islam is the problem and moderate Islam is the solution." Can't blame them, really, as it's dangerous for them. <https://t.co/ZdUflUmZTv>
 - Here's hoping that (1) #HRMcMaster is out as National Security Advisor in the @WhiteHouse and (2) @AmbJohnBolton is in. I've known Bolton for over 20 years and

- admire both the range of his knowledge as well as his steadfast resolve. <https://t.co/vvIRvLZWM9>
- @AEI's @Mark_J_Perry: The #SanFrancisco Bay Area is the number-one place in the #UnitedStates experiencing out-migration. Me: High real estate prices are obviously a big part of this trend. But so is the stifling left-wing monoculture a factor. <https://t.co/m2DFjz1nXw> <https://t.co/DqSFaeqV81>
 - I reject Hamidreza Azizi (@HamidRezaAz)'s conclusion in @AIMonitor that Tehran did not send a drone into #Israel; but the reasons he offers why #Iran's leaders do not presently seek a full-scale war with the Jewish state are compelling. <https://t.co/DzDn1QrPVK>
 - Here's a newspaper headline I did not expect to read: "The death of Israel Apartheid Week on UK campuses." Me: The #BDS idiocy is doomed. It's just a question of how slow or fast it expires. <https://t.co/w9C7oazmHQ>
 - ICYMI: #Sufis are now protesting the repression of #Iran's regime. Me: Enmity toward the mullahs just keeps growing until one day its many opponents will depose this fanatical, intolerant & offensive junta. <https://t.co/ZlgIIOk6BO>
 - @PNCBank_Help I am traveling in East Asia & no ATM accepts my PNC debit card because they all require a 6-digit password & mine has only 4 digits. Am running out of funds! What can I do to access my PNC account?
 - Read the @CFR's @GayleLemmon on "Inside The World's Most Radical Experiment in Women's Rights" taking place now in north #Syria. But, oddly, she does not mention #MurrayBookchin (1921–2006), the US leftist whose ideological experiment they are enacting. <https://t.co/kaosaZV9L0>
 - ICYMI: Genealogists argued in 1986 that the UK's Queen Elizabeth II is descended from Spanish #Muslim royalty & via them to Muhammad, Islam's prophet. Me: 1. I bet #Saudi King #Salman is descended from #Vikings. 2. 50 generations means lots of ancestors. <https://t.co/4Us6YywQtV>
 - Not content with dominating the military, political & economic spheres, #Egypt's armed forces are now pushing their way into the cultural realm with novels & movies. What's next? Child rearing? Floral arrangements? Hospitality oversight? Sex education? <https://t.co/JOr8QtvraN>
 - The most dismaying thing about today's #Turkey is that the foreign policy of #Erdoğan & the #AKP is actually better than that of other political parties such as the #CHP, #MHP, and #Iyi. Note their threatening to seize some #Greek islands. @GatestoneInst <https://t.co/OTMwStL1dm>
 - Polls show the @AfD has overtaken the @SPDde to become #Germany's 2nd largest political party. Me: And, unless the @CDU leader who follows #Merkel steals the AfD's thunder, before long it will become the country's largest party. It's inevitable. <https://t.co/LEOhSGVEoV>
 - @Hatembazian laments that I "have been given red carpet receptions in parts of the #Arab-#Muslim world." Maybe, Hatem, that's because I am more in touch with the Arab-Muslim world than you, sitting in #Berkeley, Calif. & teaching about "#Islamophobia." <https://t.co/e5jNyxI9sg>
 - @YigitBulut, a top aide to #Turkey's President #Erdoğan says that the secretive #AegeanArmy will be expanded to protect the country from an attack by #NATO forces. Me: Each day, Ankara becomes more of a problem for & an enemy to the world. <https://t.co/e1pT3CYXIF>
 - Horned #Erdoğan. @RT_Erdogan <https://t.co/S6BArmlwxw>
 - @Netanyahu at his most eloquent, speaking hard truths as very few politicians can or want to do. Brilliant. <https://t.co/UuFBa29HZh>
 - @AlAhram: Turkish President #Erdoğan "rarely wastes an opportunity to ignite more conflicts in the #MidEast." Me: And this aggressiveness will eventually lead to his undoing. <https://t.co/doC6CQ3yqk>
 - @TheEconomist: "#Egypt will struggle to prosper so long as it is run by soldiers." Me: The military leaders continue failed 1950s policies of import substitution, now run by retired colonels. It's a recipe for continued poverty. Time to try capitalism? <https://t.co/7bU32UmGpp>
 - The comedian Alan King quipped that every Jewish holiday can be summed up as, "They tried to kill us, we won, let's eat." Note the operative verb here: "won." It's excellent policy advice for the Government of #Israel. #IsraelVictory <https://t.co/gBw6ugOjRU>
 - @Ahval_en: #Turkey's "massive current account deficit" is #Erdoğan's Achilles heel. It was \$47.1 bn in 2017, or 5.6% of economic output, the highest among major emerging markets. Me: E's anti-Western antics are great theater but terrible for finances. <https://t.co/EdDzTv1102>
 - Visiting the Diplomatic Archives of #Japan's Ministry of Foreign Affairs (@MoFAJapan_en) today, I saw an original of the country's 1945 "Instrument of Surrender" to the Allied forces. Then reflecting on Japan's subsequent success inspired me anew to work for #IsraelVictory. <https://t.co/6YmMcAktQA>
 - Hillel Frisch (@hilfri) has a brilliantly skeptical analysis at @BESA_Center of the "humanitarian disaster" supposedly looming in #Gaza. He suspects it's really a ploy to facilitate smuggling arms, etc. & get more aid from gullible donors & do-gooders. <https://t.co/jQlxrUpjIC>
 - A @CGDev study finds that rich countries trying to reduce unwanted immigration by sending money to poor countries to address "root causes" does not have the intended effect. Me: Sorry all you liberals: There is no escaping the need for border vigilance. <https://t.co/FAvHTUw4G0> <https://t.co/4s5FDyi47t>
 - @CengizÇandar: "the #Afrin battle could pave the way for a feud between the #Turks & #Kurds that would last for generations to come." Me: 1. #Erdoğan is playing with fire. 2. His ugly short-term ambitions may damage #Turkey into the distant future. <https://t.co/cYfKyyHfdT>
 - Look at the @WashingtonPost's obnoxious headline & graphic. They imply that @Netanyahu is on the same moral level as Dictator #Putin & Monster #Assad. Me: It's getting harder & harder to take the liberal media seriously. I read it much like Soviet subjects of old read #Pravda. <https://t.co/S7IMIjJqzF>
 - #Trump talks to @BismuthBoaz of @IsraelHayomEng, reiterates warnings to #Israel & adds new cautions. In short, he confirms my prediction that U.S.-Israel relations could go seriously awry with Trump as president. I hope not, but it's best to be prepared. <https://t.co/DqLLdrem24>
 - Of all the unexpected twists in #Syria's civil war, here is one of the most surprising: The #Assad regime is now supporting the #Kurds against #Turkey's forces. Me: This implies that #Tehran sees #Ankara as a bigger problem than the Kurds. Which is true. <https://t.co/LWPXxEJDtK>
 - Turkish forces have prevented an @ENI explorer ship from prospecting for natural gas in #Cypriot waters south of the island. Me: 1. #Erdoğan is making more & more enemies - now #Italy. 2. He is cruising for a nasty fall & #Turkey will pay a heavy price. <https://t.co/oGaEeSCM3a>
 - #Iran's regime feels so strong that, for the first time in 39 years, it has just directly attacked #Israel. Me: 1. #Israel's inexplicably allowing #Hezbollah to build an arsenal exposes its population to great danger. 2. Thank you, #Obama! The #IranDeal was an act of pure genius
 - #Iran's direct attack on #Israel makes an Israeli attack on the Iranian nuclear infrastructure more likely. Can @Netanyahu get a @WhiteHouse green light for this?
 - For those of us who opposed #Trump's decision to bomb #Syria in April 2017, here comes further vindication: #JamesMattis has announced that the USG had "no evidence" that the #Assad regime had used #Sarin gas against its subject population. <https://t.co/2aVB9VulFZ>

- @TariqRamadan remains in jail & French law allows him to be held in "provisional detention" for up to 2 years. What oh what will the #MuslimBrotherhood & other #Islamist groups with their great thinker rotting away in the slammer? <https://t.co/31ewTxSekC>
- Will wonders never cease? #Texas is selling oil to the #UAE. Granted, this results in part from the #Qatar crisis. But still, it points to the prowess of US #fracking. <https://t.co/heURoFYKnD>
- ICYMI: The #British government just appointed @Tracey_Crouch as "minister for #loneliness." It's not as comical as it sounds: about half of those over 75, ~2mn in England - go days, even weeks, without social interaction. Me: Modern life needs amending. <https://t.co/mBbdNblvdb>
- @TurkishMinuteTM has the day's best news: "In almost all sophisticated military technology that is required for domestically manufactured defense materiel, #Turkey is currently facing an undeclared embargo by the US, #Germany and others." <https://t.co/7BUKhlsk6t>
- I suggest in a @WashTimes article today that the US-#Israel honeymoon may not last because #Trump adopted 2 excellent policies (Jerusalem, UNRWA) for 1 wrong reason (the "peace process"). But then, I've consistently gotten Trump until now, so who knows? <https://t.co/SzpEutAN32> <https://t.co/6ANR43UE82>
- Clever - or too clever by half? The jihadi group #Hezbollah reportedly bought land in a #Druze area of #Lebanon to store weapons, hoping this location insulates them from Israeli attack. But I expect #Israel's weapons can pinpoint strike the weapons. <https://t.co/CvmnSpPYnW> <https://t.co/ARbrDwJZK>
- For a photo report on a recent trip to #England, see my article today at @GatestoneInst, "#Islamic #London: 'Run, Hide, Tell.'" I traveled in the city's central, posh districts, not distant slums. I found a startling cultural & security Muslim presence. <https://t.co/KeJfsuJWQ>
- @HowardFeldman: #Capetown will soon be the first modern city to run out of water (#DayZero). And guess why? Because of #BDS., because #SouthAfricans refused #Israel's remarkable water know-how. The cartoon below sums up the situation. <https://t.co/fOJ9XPeJ2y> <https://t.co/NxbsmtMeZD>
- #Arafat's diaries reveal the immorality & corruption of #Italy's leaders #GiulioAndreotti, #AldoMoro & #SilvioBerlusconi. Me: This confirms what everyone suspected at the time. Worse, the British & French governments probably pulled the same tricks. <https://t.co/2dhtOB0AOH>
- Is #Turkey's #Erdoğan trying to clean up his wretched record with Americans - you know, beating up protestors in DC, arresting innocent travelers, releasing secret information - by sponsoring @Superbowl 52? Me: I sure hope no one falls for this facile ploy. <https://t.co/rFKDksUbXL>
- How patronizing and irritating: #German's FM @SigmarGabriel says #Trump support not necessarily good for #Israel. <https://t.co/Uf2eDzRwon> <https://t.co/xNbvVZXzyJ>
- It looks like #MahmoudAbbas showed #Palestinians he's just as crazy radical as #Hamas & now can start to retreat from his attacks on #Trump. If so, expect a very enthusiastic welcome in DC. And then, watch for pressures on #Israel to begin. <https://t.co/fMCMX218Aie>
- Imran Shamsunahar skewers the "Orientalist left" in @QuilletteM, shows how these self-appointed progressives actually think like the colonial administrators of old. Read it, it sizzles with insights. <https://t.co/LJTIHCWWyU> <https://t.co/QRYE3Tydz>
- @TariqRamadan spent his first night in a French prison. Me: (1) May he do some serious reflecting on his many errors, intellectual & personal, while incarcerated. (2) Prison is where most #Islamists belong. <https://t.co/y45tt8CRgL> <https://t.co/f1WJpufUcO>
- @TariqRamadan has been referred to the prosecution. Read @LeMondeFr for the disgusting details of what he is accused of doing to a woman he raped. Me: If true, the career of this #Islamist prince (grandson of the #MuslimBrotherhood founder) is finished. <https://t.co/8SgdXL8nHz> <https://t.co/mO3f9zYHsT>
- Here's a thought to muse on: If the #Saudis publicly get too close to #Israel, they could face a #hajj (pilgrimage) boycott led by #Ankara & #Tehran. Me: That would be an unprecedented event after 1,439 hajjs & it would sting. <https://t.co/x2GkdWyd5P> <https://t.co/Vai1bdxRYf>
- #Erdoğan & #Gülen fight around the world - including at public school board meetings in #Louisiana. Erdoğan wants to shut down Gülen's many schools around the world. As for me: I don't have a dog in this fight. Just observing the strangeness of it all. <https://t.co/zlN1aQ7Xpg>
- Eugen Tarnow of Avalon Business Systems worked on my figures for Republican & Democratic attitudes toward #Israel & he found that they mostly moved in tandem - until #Trump came along, when the Dems fell off the cliff. Me: That implies it's temporary. <https://t.co/PODckJn64q> <https://t.co/p51qePuFtY>
- The US gov't cut \$65mn from @UNRWA's budget, which was very satisfying. But UNRWA hopes to use this as a springboard to raise \$800mn in new monies. (Not a typo.) So, cutting that money does not look like a tactical success. The "Palestine refugees" identity is the key problem.
- Bravo to #ZStreet for forcing the #IRS to acknowledge its criminal culpability in denying Z Street tax-exempt status because it's pro-#Israel. I was privileged to win an award from Z Street. I savor it all the more now, what with this great success. <https://t.co/c6v9WR3THR> <https://t.co/LG5YRP0AQO>
- I look at 16 years' worth of polling data & conclude there's "No news in Republican & Democratic views of #Israel." In other words, the recent @PewResearch results are nothing dramatic or scary but fit a long-term pattern - and there's no trend underway. <https://t.co/d5j8NOITwZ> <https://t.co/fhRnwHfnOd>
- @TariqRamadan latest: #French judicial police took him into custody "as part of a preliminary inquiry ... into rape & assault allegations." Me: Have you noticed how often #Islamists criminally misbehave? They feel above the law, answering only to God. <https://t.co/kyALAmf0uR>
- #JordanBranford, an #American fitness trainer, moved to #Dubai in 2008, calling it his "land of dreams." Now, for the crime of calling his ex-wife the female-dog epithet, he either has to pay a \$68K fine, spend 7 years in jail, or never leave the country. <https://t.co/dg9uAWLv5>
- #Israel media: The US government might deny the existing refugee status to #Palestinians that now goes on without any limit, generation after generation. Me: That's what @MEForum has been arguing for many years. It would be a huge advance. <https://t.co/2CROTFPcoN>
- @EzraLevant interviewed me on @TheRebelTV about @MEForum's \$1 million offer to @UNRWA to pay for "#Palestine refugees." Learn why there's no way UNRWA will accept this offer. <https://t.co/BIF2JLBKLC>
- @JohnCardillo interviewed me on "How the UN inflates Palestine refugee figures on @TheRebelTV. It's pretty appalling how @UNRWA has gotten away with this fraud. And for 69 years, still going strong. <https://t.co/5lnAAecwrz>
- How revealing that #MidEast studies professors have nothing to say on this topic. My guess why: They don't want to upset either Mohammad bin Salman nor AlWaleed Bin Talal. So, they stay mum. What heroes! (As for me: I'm with #MbS.) <https://t.co/xkkNw3ctst>
- @VOAnews: "#Kurds Accuse #Turks of Dropping #Napalm" against civilians (which is illegal) in the #Afrin area in #Syria. Me: 1. Why am I not surprised? #Erdoğan knows no constraints. 2. This will end badly. Disaster looms for him & for #Turkey. <https://t.co/qM8H178TTS>
- @iran_policy published "Primary Causes of Poverty & Popular Uprisings in #Iran." It finds that #Tehran spends at least \$55 billion "to advance domestic suppression,

- warmongering & foreign terrorism." Me: No wonder #Iranians are furious with the regime. <https://t.co/vv4WShWEBg>
- Oh joy! The Islamic Society of North America (@ISNAHQ) announced a rogue's gallery of #Islamist speakers for its 2018 convention (& one very special fellow traveler). Attend so to witness public subversion. @Isarsour Wondering: Will @BarackObama turn up? <https://t.co/H6wQ7efjNj> <https://t.co/YoKSq16Jk2>
 - How sad: @ShafeeqGhabra, a once rational & respected #Kuwaiti scholar, has joined the wolves howling at the moon. 27 years ago, he appreciated the USA for saving his country. Today, he accuses it of starting wars on #Israel's behalf. To think that he was president of @AUKtweets <https://t.co/PtTUeUJ26F>
 - @BruceBawer makes a compelling case at @GatestoneInst that #Belgium may be in as deep denial about immigration & Islamization as are the #UK & #Sweden - which is saying something. For one, Belgium as a country lacks the semblance of a history or identity. <https://t.co/WZSQCsZnyd>
 - @taxeconomist: Here are 2 lists, of states gaining & losing US Congressional seats. Note a pattern? It's easy. The gainers have low taxes. The losers have high taxes. Will the lesson ever sink in that high taxes stifle economic activity & much else? <https://t.co/pz31OSHZT8> <https://t.co/IJ4icLQNP8>
 - Read this speech by #MahmoudAbbas for his lunatic delusion about #Palestinian strength vis-à-vis #Israel. In addition to distorting history, he really thinks he can find another mediator other than the USA which will impose his terms on the #JewishState. <https://t.co/ZNkSWOZzrp>
 - Another sign of the #MidEast's sickness: Ten percent of #Egypt's population is addicted to drugs, twice the global rates. <https://t.co/mlTU5sgep7> <https://t.co/gHwelGbnxl>
 - Good news: There will not be a MiddleEast/North Africa ethnic category included on the US census form in 2020. Me: There should be no categories. Just Americans. <https://t.co/ivwW2UagHq>
 - Can someone explain what #Trump means by this? "The hardest subject they had to talk about was #Jerusalem. We took Jerusalem off the table, so we don't have to talk about it anymore. They never got past Jerusalem. We took it off the table." I sure hope he understands the issue.
 - @JeremyCorbyn has written exactly the statement for International Holocaust Remembrance Day 2018 that one would expect of him. Notice anything that's missing? Hint: The word begins with J. <https://t.co/tKEARXS31k>
 - @ArielBenSolomon nicely skewers the (very few) American #Jews who fell for #Qatar's charm offensive. Me: (1) Nothing works like a free trip with the red carpet rolled out, which can roll even the most sophisticated analyst. (2) #SaudiArabia & #UAE deserve support vs Qatar. <https://t.co/28tOZ18KpT>
 - @MikePenceVP gave a great speech in the #Knesset but not on the issue of conflict resolution: "Peace can only come through dialogue. ... peace will require compromise." No: He should have said "Peace can only come from #Palestinians accepting #Israel." <https://t.co/LsgEuOSjEC>
 - @ShoaibSaied at @GatestoneInst collects 7 #Koran verses establishing that "#Jerusalem belongs to the #Jews." Me: 1. Read the verses; they really can't be argued with. 2. What can Palestinians & Islamists do except pretend these verses do not exist? <https://t.co/vpnF0Vpuyv>
 - How charming. @BarackObama met with #NationOfIslam leader @LouisFarrakhan at a 2005 Congressional Black Caucus event. Photographer & Nol member Askia Muhammad (@askiaphotojournal) hid it until now, rightly fearing its impact on Obama's career. Obama's career was one great deceit. <https://t.co/CeKwT2rlhe>
 - Bloomberg News (@business) manages to discern "The Dark Side of America's Rise to Oil Superpower." Read it & look for that "dark side." You'll quickly see it does not exist. Fracking is a bonanza. <https://t.co/DHB08WfzGv>
 - Has #Trump finally figured out that #Erdoğan is not a US buddy but more like an enemy? The readout of their telcon suggests so, what with T's talking about "conflict between Turkish & American forces" and "destructive & false rhetoric coming from #Turkey." <https://t.co/GAiKQAb0mn> <https://t.co/s2BuZE7cY7>
 - @JohnKerry to #HusseinAgha: Tell #MahmoudAbbas he should "hold on & be strong ... in his spirit & play for time, ... not break & ... not yield to #Trump's demands." Me: Kerry was the dumbest-ever US secretary of state & he can't help confirming that fact. <https://t.co/afwW0mqkCg>
 - Beautiful article appreciating @MikePenceVP's #Knesset address by Meir Soloveichik. Me: Rarely does a political speech move one as this did. <https://t.co/pV5Keu4API>
 - How odd. The map on a website on "Arab Culture Through Literature and Film" co-sponsored by @QatarFoundation identifies #Israel but not #Qatar. Hmm. Someone is going to lose his job. Or worse. <https://t.co/JVsX2pd4c9> <https://t.co/soQUuWU513>
 - Yuck. Look at the apparent romance between @EuropeanUnion foreign affairs head @FedericaMog and #PalestinianAuthority dictator #MahmoudAbbas. <https://t.co/wthQSxEBSE>
 - #Hamas "highly appreciates the important role of @UNRWA and ... appeals to countries ... to provide financial assistance ... so that [Palestinian] refugees can return to the same land they were displaced from [ie #Israel]." Me: Need one say more about UNRWA? <https://t.co/JBvcWikZ8O>
 - See my take on @MikePenceVP's #MidEast visit at @JNSworldnews: Pence had to endure long, boring, pro-forma lectures in #Egypt & #Jordan on #Jerusalem. In #Israel, he engaged in "tough bargaining between friends" to restart diplomacy w/the #Palestinians. <https://t.co/Da0bdZFIdl>
 - Who knew? @Airbnb lists three attractive lodgings in central #Gaza city for reasonable prices. Me: One more indication that the #Hamas-run strip is not "an open-air prison." <https://t.co/nRmTTjgXv2> <https://t.co/7cOsXjdXXU>
 - ICYMI: "Russian President Vladimir #Putin has likened #communism to #Christianity & Vladimir #Lenin's mausoleum ... to the veneration of the relics of saints." On this phenomenon, see "Lenin Lives! The Lenin Cult in Soviet Russia" by #NinaTumarkin (1982). <https://t.co/KQAMNWkxpT>
 - The graph below shows the percentage of #Europeans replying affirmatively to the statement, "There are so many foreigners living here, it doesn't feel like home anymore." Me: The numbers reflect, as one would expect, roughly the percentage of immigrants in each country. <https://t.co/Lp8DMTTBEa>
 - #Erdoğan sent Turkish forces into #Syria to take down the western Kurdish enclave of #Afrin. Me. It's a huge gamble that will likely fail. 1. No power (US RU IR IL) favors this attack, so E is totally isolated. 2. It will provoke #Turkey's #Kurds into a more furious rebellion. <https://t.co/n6nG72m1ST>
 - I've long been skeptical of #Egypt's #Sisi & here is more confirmation: On the 100th anniversary of #GamalAbdelNasser's birth, Sisi praised his ghastly domestic record & his horrible foreign policy. Me: More than anyone else, #Nasser ruined modern Egypt. <https://t.co/0WNx3CH5cA> <https://t.co/hkT2gW6CaV>
 - @GoogleArts deems this picture, "Self Portrait" by #JamesWard, 1830, located at the Yale Museum of British Art (@YaleBritishArt), to be the one that I most resemble in appearance. Hmm. What do you think? Anyway, I know where I am visiting next time I am in #NewHaven. <https://t.co/3xpR8ropbl>
 - Which governments are the largest donors to @UNRWA, the @UN agency that works to keep #Palestinians unsettled, oppressed & a dagger at #Israel's throat? See

- below. Me: Where are the governments of Russia, China, Turkey, Iran, Qatar, UAE, & Saudi Arabia? <https://t.co/a4PFThSNr>
- The #Baltimore Heritage Walk connects 20 of the city's historic sites & museums. Markers are in several languages. Sadly, some illiterate in #Arabic creatively & humorously bungled the marker in Arabic. Time for a complete redo. <https://t.co/eouZJ0E7RW>
 - American-#Arab Anti-Discrimination Committee (@ADCTweets) Council on American-#Islamic Relations (@CAIRNational) Southern Poverty Law Center (@SPLCenter) All 3 called for me to be disinvited from a talk at the #Baltimore Council on Foreign Affairs. Sorry guys. Big audience. <https://t.co/4quoUFjY2d>
 - #Palestinians are boycotting the American taxpayer (aka, the U.S. government)! For example, they are refusing to accept all-expenses-paid training & trips to participate in @The_Jessup International Law Moot Court Competition. Me: This made my day. <https://t.co/AciVSEPl07>
 - You gotta give J Street (@jstreetdotorg) the prize for "most original response to Mahmoud Abbas' vile speech" on Jan. 14: "#Abbas' Unacceptable Speech Results Directly from Disastrous #Trump Policies." I'm no Trump fan but this is ridiculous. <https://t.co/e4xzCel8vO>
 - The #IsraelVictory idea is popping up in unexpected places. Today, it's Gujarat, India, where @Netanyahu proclaimed "Jai Hind, Jai Bharat, Jai Israel," which translates as "Victory to #India, victory to #Israel." <https://t.co/r8ISOUKtBi>
 - This must be the most hilariously ineffectual way to resolve the Palestinian-Israeli conflict. (It's the Twitter page of the #Israel-Palestine Cooperative for Economic Expansion.) Me: Don't pamper #Palestinians. Rather, make them feel the results of their erroneous & foul ways. <https://t.co/jtFolkVstl>
 - @GiladErda1: "Peace requires recognizing reality rather than ignoring it." Me: That sounds like a solid vote for #IsraelVictory. <https://t.co/duUOTtUJ6>
 - The American-#Arab Anti-Discrimination Committee (@ADCTweets) has called for me to be disinvited from the talk at the #Baltimore Council on Foreign Affairs described below. <https://t.co/9zwMSsIDZ9> Please write to ADC with your views, copying Frank Burd (@BCFA_president) & me. <https://t.co/CW7J1MtFIV>
 - @DavidHorovitz: "The despicable, tragic, self-defeating Abbas speech of Sunday night showed that so long as the #Palestinians blind themselves to the fact of #Israel's legitimacy, no Israeli offer is going to be good enough." Me: Stop the offers. It's time for #IsraelVictory. <https://t.co/94MQDOyYik>
 - Great analysis of "The #Egyptian Military Buildup: An Enigma" by Yagil Henkin at #JISS. Here's my take: #Sisi worries about his military overlords, so he offers them more economic power & provides them with a bigger arsenal. <https://t.co/eKpVbcVaOJ>
 - The "#Astana troika" of #Turkey, #Iran & #Russia agreed to serve as guarantors of a cease-fire agreement in #Syria. Now, it might fall apart due to major differences. For details, read below. Me: 3 rogue regimes find it hard to cooperate? What great news. <https://t.co/3u4e4MzaT2>
 - It's morbidly fascinating to learn how much the #PalestinianAuthority pays for which kind of violent criminal attack on #Israelis. For example, a prisoner serving 20 years gets 5 times one serving 3-5 years. Citizens of #Israel get a \$145-a-month bonus. <https://t.co/SsGDOzJETI>
 - #Sudan's government recalled its ambassador to #Egypt & complained to the #UNSC over the #Halayeb (or #Halayib) Triangle. The what triangle, you ask? For deep background on this dispute, see the @MEQuarterly's fine 1994 article on it by Gabriel Warburg. <https://t.co/YwgdFVOGkX>
 - The bad news: #Palestinian attacks on #Israelis tripled after #Trump's #Jerusalem decree. The good news: There was no region-wide conflagration. Americans were not attacked. Conclusion: Palestinian culture is as violent as ever but far less influential. <https://t.co/isTLHBSFmw>
 - Sami Annan, an ex-army chief of staff, plans to run against #Sisi for president of #Egypt. Me: Does this signal the military leadership's discontent with Sisi, despite his doing so much to please it (eg, more new weapons, more of a role in the economy)? <https://t.co/vn8JeMzP1j>
 - Excellent statement by #Trump on the #IranDeal: He gives another 120 days to fix its worst faults, especially the sunset clauses, or the USG will pull out. "My policy is to deny #Iran all paths to a nuclear weapon—not just for ten years, but forever." <https://t.co/XyxZQL4ygD>
 - The #Palestinians reach new heights of absurdity, eating #maqluba (a meat dish) to protest #Trump's #Jerusalem decision. Next up: Eating #manakish (a bread) to protest the #SixDayWar. Then #baklava (a desert) to protest the #BalfourDeclaration. <https://t.co/9wUTSn3G8w>
 - Great news: @DavidSchenker is expected to be nominated as Assistant Secretary for Near East Affairs at the @StateDept. It's a key job and it was long my dream job in the U.S. government. Good luck to David. <https://t.co/5HDXMZyIHV>
 - Watch me on @cspan 3 in a few minutes discussing "President Trump's 'Ultimate Deal': Is Israeli-Palestinian Peace Possible?" at the @Heritage Foundation.
 - I discussed Trump and the #Palestinians on @TheRebelTV, praising the administration's policies. <https://t.co/r2ed2c6tqm>
 - Quietly, with the outside oblivious, #Finland's govt has imposed draconian "hate speech" laws on he who would dare criticize Islam, Islamism, or related topics. Me: This is happening all around the West. But I predict it will crack under citizens' rage. <https://t.co/igaHulQysY>
 - My latest article, in @WashTime: "99 Percent of #Palestine Refugees' Are Fake." I argue that depriving @UNWRA of funds 1. Won't happen. 2. Could be paid by others. 3. Does not address the most critical issue - which is the "#PalestineRefugee" hoax. <https://t.co/6qv6k6WR6w>
 - Plans for ubiquitous cameras & a single "social credit" score in #China are creepy & chilling. Read below for the grisly details. Me: 1. I'm so glad to be an American. 2. More than ever, rule-of-law countries will differ from their lawless counterparts. <https://t.co/QpkEMOFVJ>
 - @FrankGaffney & I discuss (audio) the Iranian protests; I predict the overthrow of the Khomeinist regime. I just don't know when. Then I explain my call for an American endorsement of an #IsraelVictory. <https://t.co/K1pXCxpVw4> <https://t.co/IYH0vhvhaM>
 - How charming. #Iran's dictator responds to a week of unrest not by resolving to fix the mess but by banning English from being taught in schools. That will, supposedly, prevent a Western "cultural invasion." Actually, how typical of totalitarians. <https://t.co/UckYXJJIR>
 - Notable how short #Israel's list of banned US #BDS groups is - just 6 of them: AFSC, AMP, CODEPINK, JVP, SJP, USCPR. If it had been up to me, the list would have been much longer. Where are ANSWER, CAIR, CNI, FOSNA, ISM, MPAC, MSA, Nol & so many others? <https://t.co/bsF7iF8fE> <https://t.co/aKHeI4p0zR>
 - @Netanyahu is building on #Trump's @UNRWA comments to try to close down this vile organization in favor of #UNHCR. But without #UNGA agreement, which will not come, I can't imagine UNHCR accepting this new task. There must be another way: Stay tuned. <https://t.co/bLbnutjJ6W> <https://t.co/NCdq0YL4m4>
 - @NewAmerica: 85% of the 415 individuals accused of jihadist terrorism-related crimes in the US since 9/11 were either US citizens or US legal residents. Half were born American citizens. Just under a third were converts. Me: The danger comes from within. <https://t.co/ULNuqCJISc>
 - Is illegal immigration about to be recognized as a scourge? #Myanmar (#Burma) leader Aung San @OfficialSuuKyri emphatically agrees, speaking of its "spread of terrorism & violent extremism, social disharmony & even the threat of nuclear war." <https://t.co/sk3S9YB7EX> <https://t.co/09aZJXoozL>

- #Trump: I am "really smart," "a very stable genius," an "excellent student," & "one of the best business people." His claims fit into a tradition of politicians declaring themselves to be what they are not. For many more (amusing) examples, read on: <https://t.co/l5X001ISzE> <https://t.co/sfvMtQJIPN> 
- "Run Hide Tell" @DanielPipes 
- Is the good life ending for #Saudi princes? @AlJazeera (not always reliable) reports that 11 of them were arrested for protesting a new rule requiring royalty to pay their utility bills. The poor darlings. What next? Having to tie their own shoelaces? <https://t.co/gVUARaCYka> 
- Christopher W. Holton (@Ikhwanot) suggests a "terrorist registry" for individuals convicted of terrorism crimes, akin to the sex-offender registry. Me: Though skeptical of the term "terrorism," I concur. After release, they need permanently to be watched. <https://t.co/zK4tgkLNQG> 
- @DayanCenter: 60% of #Israel's #Arab citizens relate positively to their Israeli citizenship & to their living conditions. But ~30% of them are very critical. Me: It could be a lot worse, but just 2-to-1 implies deep & wide problems for the #Jewishstate. <https://t.co/GrByO2uwoB> <https://t.co/ENGMvpytTs> 
- Did you know? #Erdoğan is #Islamizing the #Turks of #Cyprus, thereby twisting their culture, prompting emigration & impeding an agreement with Cypriot #Greeks. If this continues, northern Cyprus will end up being just another province of #Turkey. <https://t.co/D25W6LSUJ4> 
- #Turkey's #Erdoğan responds to the Atilla-Zarrab trial in NYC: "If this is the US understanding of justice, then the world is doomed. The bilateral accords between us are losing their validity." Me: E's threatening to cut relations. But does he dare? No. <https://t.co/9vdgeVuQOM> 
- In 2015, I noted "a tiny silver lining in the possibility that [the #IranDeal] could, if everything goes just right, end up hurting the Iranian regime more than its enemies." And now, it looks like precisely that has happened. Read #KJTorrance below. <https://t.co/K3jC4rGAd5> <https://t.co/EBKJhykCHB> 
- ICYMI: @SecureFreedom reports that an #Islamist speaker & his audience standing outside the #WhiteHouse on Dec. 16 both called #Erdoğan the "president of the #umma" & the "true leader of the umma." Me: That's an oblique way of calling him Islam's #caliph. <https://t.co/rzGvBLpXP1> 
- I discussed: 1. The revolt now underway in Iran (it's very serious & points to the eventual inevitability of regime collapse). 2. @MEForum's #Israel Victory Project, #IVP (the only way to end the #Palestinians' war on the #Jewish state & to resolve the #Arab-Israeli conflict). <https://t.co/JPf4VYaDd5> 
- 1. So, during the #Iranian revolt in 2009, #Europe's leaders loudly condemned the regime's repression while #Obama skulked & said nothing, not wanting to jeopardize the #IranDeal. How to explain the reversal in 2018? #Trump boisterously supports the rebels while Europeans skulk. 
- 2. My take: As Americans found their voice, European governments sunk further under the weight of mercantilism, multiculturalism & mendacity. On the bright side, the wheel turns and extrapolation often leads to wrong conclusions. 
- French president #Macron announces a new law to combat "fake" news. This is widely understood to be about #Russia's @RT_com & @SputnikInt. But it will for sure also target those anti-establishment voices worried about immigration & #Islamization. <https://t.co/9j0CFOQYJn> 
- Headline: US jury finds #Turkish banker guilty of helping #Iran dodge sanctions. Real headline: US court finds #Erdoğan crony guilty of helping fund Iran's nuclear program. Me: Good news that Erdoğan's antics have been exposed. <https://t.co/JW7Mz80zYg> 
- Have you heard of the #Islamist poet & writer Necip Fazıl #Kısakürek (1904-83)? @SvanteCornell: This "repulsive & once marginal figure is now ... the intellectual mentor not only for #Erdoğan, but for a large portion" of Turkey's current political elite. <https://t.co/cyqEXT9aW9> <https://t.co/3eY1TzwBAO> 
- @DavidPGoldman makes 2 related points: 1. #Iran's "fertility ... has declined to between 1.6 & 1.8, the lowest in the developing world." 2. It "is the first country to get old before it got rich, setting in motion" the world's most acute pension crisis. <https://t.co/DBW07Cjm23> 
- I presented the elevator pitch for the #Israel Victory (#IVP) concept to the David Horowitz Freedom Center. It's a completely new approach to the #Palestinian-Israeli conflict. See the video or read the transcript. Hope you agree & will join the campaign <https://t.co/BgEDljbR3Y> <https://t.co/aHBdUxHpeG> 
- @CanaryMission: Attendance at the Students for Justice in #Palestine (@NationalSJP)'s national conference dropped from 600 to 100. Best of all: Some of those who left #SJP repented for their errors & are now listed as "Ex-Canaries." Go, Canary Mission. <https://t.co/Vfrf6AH4QV> <https://t.co/iV12InW0fu> 
- Of all the steps the US government could take to intimidate the thugs running #Iran, which would scare them the most? Unquestionably, it would be publicly to open a dialogue with the Mujahideen-e Khalq (@IranMeK), an opposition group with a proven reach inside the country. <https://t.co/EJMKzYlKMI> 
- The Italian publication @ilpopulista_it interviewed me about immigration, #MbS & #Trump. For an English-language translation, "The View from America: #Europe Must Control Immigration," see <https://t.co/ELSkzrOdc1>. <https://t.co/kjoJpeFJIH> 
- Did you notice? #Berlin has a "safe zone" for unaccompanied females. #Dubai has a "bachelor viewing area" for unaccompanied males. #Islamic influence leads to sex segregation; but who gets isolated from whom differs. <https://t.co/MiRoWVobWF> 
- Had you heard of #Israel's mysterious #Eilat-#Ashkelon Pipeline (#EAPC)? Built in 1968 with Iranian funds, it's been long in legal limbo even while very much in use. Me: That's one more unusual aspect of the Jewish state. <https://t.co/JRIY8GbBnb> 
- #Israel is the only wealthy country that can claim this: Not one illegal migrant entered the country in 2017, while 4,012 illegals left it. Me: The time has come for other governments to study what Israel has done to deal with their own illegal migrants. <https://t.co/lXG9ohvt0r> 
- ICYMI: The #Guangdong #Technion #Israel Institute of Technology (#GTIT) opened its doors. It's not small: 1mn sq feet, 13 buildings, 29 classrooms & 69 laboratories. Me: 2 ancient civilizations working together. Congratulations to both & may it prosper. <https://t.co/nLIDSLK9LM> <https://t.co/MT0ZrIWcmr> 
- My prediction last month in @L_informale about #Iran, perhaps now happening: "Any day now, there will be a bakery that has no bread or a gas station without fuel. The result could be a riot that spreads across the country and overthrows the government." <https://t.co/yTF9k3Cq1h> 
- @AP closes the #idiotsFile for 2017: "Experts note that migrants in general aren't more likely to commit crimes than #German citizens, but the proportion of crimes they commit may increase as they start to make up a larger share of the population." <https://t.co/g3uVsQpC4G> 
- #HillelFrisch explains "the Islamic World's Ho-Hum Response to #Trump's #Jerusalem Declaration." Basically, it comes to down to #Muslims facing a lot more urgent problems than where the US embassy to #Israel is located. <https://t.co/FI9th9ivrS> 
- Interesting if true: US & #Israeli governments signed a secret deal on Dec. 12 to work together against #Iran in 4 areas, including nuclear weapons. Me: 1. If true, this marks a new peak in bilateral relations. 2. Will it mean taking out Iran's nukes? <https://t.co/vnwoHywukY> 
- Have you seen the viral video "#SaudiStrikeForce," which shows provoked #Saudi forces overthrowing #Iran's government? The oddest part for me: Rooting for the Saudis as they fight under that flag with the shahada & the sword. <https://t.co/7d0ZIQ5K77> 

- Time to pull out of the drawer my article from Sept. 2017, "A Tiny Silver Lining in the Otherwise Bad #IranDeal," where I explained how the money & expectations raised by the #JCPOA could undermine #Iran's regime. Well, that seems now to be happening. <https://t.co/h3zqjGv2x>
- Video from #Iran's 2nd largest city, #Mashad, show protestors chanting "Death to #Rouhani" & "Not Gaza, not Lebanon, my life for Iran." Me: Might this be the start of the counter-revolution & the collapse of #Islamism? Probably not, but one never knows... <https://t.co/A56eqtY8S>
- How to explain #Trump's pretty good & quite conservative policies so far? He knows nothing, has no principles & no network of allies, so he has turned to the team at hand, mostly mainstream conservatives from @GoldmanSachs to the Federalist Society (@FedSoc) to the US military.
- Okay, #MidEast hands, here's a new crisis-spot that bears watching: #Sudan's government has joined with #Turkey's & #Qatar's, also #Ethiopia's, drawing fear & loathing in #Egypt. Their coming to blows appears quite possible. You heard it here first. <https://t.co/BxG50uxsIK>
- @AEHarrod exposes how @AbdulahdiRabab of #SanFrancisco State Univ. (@SFSU) is "always the victim." Not just that, but a victim of me, in particular. Yeah, right. In her upside-down world criticism = censorship = persecution = oppression. The poor dear. <https://t.co/YLfcV4dGrm>
- "Beauty and Nausea in #Venice" offers an account of visiting the 2017 Biennale (@la_Biennale). It's my first & perhaps my only excursion into writing about art. I rather prefer the traditional arts to the modern ones. It's beauty vs didacticism & nausea. <https://t.co/Qs6jMfLQLA> <https://t.co/OdsBk3vATe>
- @SebastianKurz, #Austria's new PM: "I have an interest not just in good ties with #Israel, but in Austria being Israel's partner & ally." Me: 1. Smart move, doing possible to dismiss concerns about fascism & #antisemitism. 2. Now, embassy to #Jerusalem? <https://t.co/hLZzK5kh0p> <https://t.co/2BQ40Lid7q>
- @DouglasKMurray points out the fraud of Britons (and the rest of us) bravely standing up to #jihadi violence by recalling the unfounded rumors of a rampage on #OxfordStreet in #London. They had shoppers et al. in a blind panic & stampeding, injuring 16. <https://t.co/E0Ma75LDhy> <https://t.co/TY3sSB4VS4>
- Look at the deceitful mainstream media: An @AP article on #Venezuela blames that country's poverty, hunger & misery on the decline in oil prices, not #HugoChávez' & #NicolasMaduro's horrific #socialism. One must read the #MSM as though it were "#Pravda." <https://t.co/p1DmUD9z3S> <https://t.co/l1VU6WHClc>
- Sen @JeffFlake: "If #Trump continues on his path & if Democrats lean left, a 'huge swath of voters' will be 'looking for something else'" for president in 2020. Me: True only if Trump enthusiasts become disillusioned with him, which has not even started. <https://t.co/7x8qsYyWhi> <https://t.co/JXOnY9pQXM>
- Demographic statistics in #Turkey confirm that the country is only at replacement levels & #Kurds have many more children than #Turks. Poor #Erdoğan: His dreams of #Ottoman-style glory will not be achieved. <https://t.co/SiOwuiS8CI>
- Here's a possible #Egyptian solution to radicalization taking place in prisons: put #jihadis in solitary & ban prison visits to them for 2 years. Me: Once again, a #Muslim-majority country leads in adopting tough anti-#Islamist measures. Who dares follow? <https://t.co/v0w6njUAVq>
- @GiulioMeotti in assesses #Macron's "recent frenetic trips to the #Arab world" and finds "lavish contracts, apologetic words to #Islamists, repentance of the #French colonial past, and silence on #antisemitism & radical Islam." Me: More of the same old. <https://t.co/rvUAGsxTij>
- Paul Rivlin of @TelAvivUni reviews the energy market in all its magnificent complexity & turbulence. In all, he expects fair stability followed by a secular decline in the demand for oil & gas. Me: Watch out, MidEast. Even more trouble ahead. <https://t.co/LBkjQuajmt>
- A senior #Jordanian official, quoted in @IsraelHayomEng about embassies moving to #Jerusalem: "Many more countries could do what the US has done after seeing that the region has not been destabilized & only a few thousand protesters took to the streets," <https://t.co/6iHcRk2mzv>
- @JimmyMoralesGT, the president of #Guatemala, has announced (on his personal Facebook account, of all places) the move of his country's embassy to #Jerusalem. Who has the courage & integrity to go next? I nominate #SaudiArabia, as a way to show it's truly under new management.
- @Politico: "Those closest to #Trump are bracing for a possible bloodbath in the 2018 midterms, which could obliterate the @GOP congressional majorities." That's one reason of many why I was a #NeverTrumper. As a historian, I look to the long term. <https://t.co/UuCzkSsQJ8>
- @MordechaiKedar has followed up with 10 tough "tips" for #Israel's negotiators dealing with #SaudiArabia. Eg: Israel will recognize Saudi rights to #Mecca & #Medina in exchange for Saudi recognition of Israel's right to #Jerusalem. I am a fan of these. <https://t.co/SPYpTVznpz> <https://t.co/JYk62ZYDFS>
- @SebastianKurz has been in office 6 days & has begun to make waves, urging the EU to establish "safe zones" in migrants' countries of origin & then enforce these militarily with EU soldiers. Me: It's very good to hear new ideas, especially radical ones. <https://t.co/tm3nnNnRJP>
- #Islamist self-delusion is a wonder to behold: Now #Malaysia followed #Turkey in announcing an embassy to "#Palestine" located in #Jerusalem - even though #Israel, which controls the entire city, won't allow this. Me: Such fantasizing hurts #Palestinians. <https://t.co/4spnkp4naM>
- Quite a story: A Leftist Black Democrat, Rep. Sheila Jackson-Lee 1) used her status to bump a citizen, @JeanMarieSimon1, from a 1st-class seat, then 2) exploited her race to attack Simon for daring to protest. Are @United & @JacksonLeeTX18 lying? Time for a Congressional inquiry <https://t.co/bbgqUNJLxM>

- Here's a mildly hilarious headline for your delectation: "#SaudiArabia bars Israelis from #chess tournament." Me: In the world of chess, I guess KSA is the new powerhouse & #Israel has become an obsolete irrelevancy. Not. <https://t.co/wyMu74wvAM>
- Note the June 2017 letter from now-Deputy Chancellor #Strache to @Netanyahu about moving #Austria's embassy to #Jerusalem. Me: (1) His #FPOe is not in charge, so this is not happening now; but it might before too very long. (2) #Israel should respond by engaging with the #FPÖ. <https://t.co/gvHTVP2JcQ>
- #Erdoğan bleats on & on about #Jerusalem: "We expect the Trump administration to rescind without further delay its unfortunate decision." Some unsolicited advice from me for Tayyip: To influence #Trump, flatter him, don't ever criticize or confront him. <https://t.co/IMUKeSRayz>
- Looking for #Muslim-#Jewish harmony? Look to the synagogues & schools of #Calcutta (#Kolkata). Sol Noah showed me around in 2016; I can attest to the Hindustan Times (@htTweets) article's accuracy. It's good to know such pockets of goodwill still exist. <https://t.co/AHf6GIhmqe>
- #UAE's minister for tolerance: "You can't just leave a mosque open & allow anyone to go there & to preach. You need to have licences. We have always offered our help" to #Europeans who never accepted the offer. Me: The UAE can teach Europe about #Islam. <https://t.co/qk4uy12Op7>
- @MordechaiKedar lashes out at #Israel's #Arab neighbors looking for help vs #Iran in an unprecedented manner, not only not willing to offer that help but even rejecting their peace overtures. Me: Israel should cooperate vs Iran but for a suitable price. <https://t.co/dvC5iVYvpR> <https://t.co/OjN7jllzYM>
- #Democrats & #Republicans divide even more dramatically than usual when asked about #Trump's decision on #Jerusalem: Ds 71% against it Rs 79% in favor Me: Might a future Democratic president move the embassy back to #TelAviv? Yes, it's just conceivable. <https://t.co/XUHk9uttP> <https://t.co/f9CVRZdJRT>

- On @TheRebelTV, I endorsed #Trump's threat to deny money to both the @UN and foreign governments; but I also worried that #Qatar's or #China's despots can easily replace US funds & gain vast influence by doing so. <https://t.co/CWuq3OKmrZ>
- @KhaledAbuToameh in @GatestoneInst: The 6th # Hamas-PA "reconciliation" agreement has failed & tensions actually increased. The reason is obvious: neither side will submit to the other. Me: They agree on goals but not on strategy, tactics, or personnel. <https://t.co/aVn2uy5k6T>
- #Italy's government just airlifted 162 "vulnerable" individuals from #Libya to a military base near #Rome. Me: (1) That's not quite a #Merkel-level folly, but it's in the same spirit. (2) Will Italians rebel against this or go along with it? Stay tuned. <https://t.co/05HFEZR38h>
- @WSJ: Facing accusations of money laundering, bribery, extortion, etc. Prince al-Waleed bin Talal is told to turn over \$6bn or more of his \$18.7bn fortune to the Saudi government. Another prince already forked over \$1bn. Me: Unique way to fund a gov't. <https://t.co/RNXbf1vQeG>

- President #MilošZeman of #Czechia may be the most original & articulate leader in all of #Europe. See his eye-popping interview about the #MidEast with @IsraelHayomEng. <https://t.co/qAdhyZpwjL>
- @Netanyahu is going slow & figuring out how to respond to the presence of the #FPÖ in #Austria's government. Me: Good idea. One doesn't want either to accept its repudiation of an ugly past too quickly nor push away a potential ally. <https://t.co/CpJib8wDuC>
- Headline: #Iraqi #Kurdistan is quickly descending into chaos. Me: Those of us who warned against that foolish Sep. 25 referendum are, sadly, being proven right. Some developments have to be carefully nurtured. Kurdistan is one of them. <https://t.co/x6i0t0bVdS>
- Fine article that exposes #Sisi's despotism. Me: He's in over his head. I worry about his collapse, followed by the #MuslimBrotherhood coming to power in #Egypt, this time for the duration. <https://t.co/khE62tpAVB>
- #Austria's new, anti-immigration government, has (for the first time) recognized #Israel as the #JewishState & explicitly acknowledged Austria's culpability in the #Holocaust. Me: And this is the dread "far-right" coalition, they say. <https://t.co/LiAkVCGmle>
- Ouch. The #VisegradGroup (of Poland, Hungary, Slovakia & Czechia) will give €35mn to support Italy stop illegal migration from #Libya. Take that, #AngelaMerkel. <https://t.co/mGe9AxKJNU>
- One more sign of #PalestinianDelusion: #MahmoudAbbas wants the @UN to replace the U.S. government as the diplomatic mediator. Me: Did it ever occur to Abbas that the #Israelis have some say in this too? <https://t.co/baemCQI2ds>
- News from the #MaltaFiles: Confirmation that a shipping firm owned by #Erdoğan's brother-in-law opened an offshore bank account. Me: One more piece of evidence of Erdoğan's corruption. How many billions were siphoned off, one wonders. <https://t.co/Ykr6FZ3fw>
- @GenRashid, a retired army general & head of the "Institute of Conflict, Law & Development Studies" in #Bangladesh: "You guys in the West are naïve. You give more space for the [#Islamist] preachers, the hate speech. We don't tolerate it." <https://t.co/eWu35L1fL7>
- A study of 4 US universities - @BrandeisU, @Harvard, @UPennsylvania & @UMich - finds the highest percentage supporting #BDS anti-#Israel policies is ... Brandeis. Me: Wouldn't you know. <https://t.co/l69pHQdKoy>
- @NickyHaley for U.S. Secretary of State. And then, who knows? <https://t.co/okJ7M2ly60>
- Here we go: "#Nazis out!" screamed the leftist demonstrators in #Austria, making the first of many, many attempts to discredit the new government. My prediction: #Islamists will soon follow, probably with violence. Anything to prevent #Kurz & #Strache from succeeding in office.
- @IsraelHayomEng headline reads: "Poll: 90% of #Palestinians oppose #Trump's #Jerusalem declaration." Me: Put that way, it's dull & predictable. But turned around, it's exciting: "Poll: 10% of Palestinians do not oppose Trump's Jerusalem declaration." <https://t.co/ieE8qoyX9C>
- @SoerenKern at @GatestoneInst has the best analysis I have read on the new government in #Austria, especially vis-à-vis "#Islamization." <https://t.co/yhOSYyUiuk>
- "John L. Esposito receives Fearless Ally Award" from an Islamist organization, EI-Hibri Foundation. What EI-Hibri calls a "fearless ally," @MEForum calls a "useful infidel." Which is more accurate? What's your moniker? <https://t.co/HJQdiEGLJn>
- If @NYTimes is right that #Saudi CP #MbS just bought the US\$450mn "#SalvatorMundi" & \$300mn fake #French chateau, this points to his being in thrall to #Europe's traditional culture. And that is a good sign, suggesting he also cares about Westerners having a good opinion of him. <https://t.co/XFcrzH5J98>
- Mark my words: With the formation of an anti-immigration government in #Austria, today begins a new era for #Europe. I will be watching the coalition very carefully to see its effectiveness, EU responses & #Muslim backlash. Much hangs on how well it does against many opponents.
- Headline: "Organization of #Islamic Cooperation (@OIC_OCI) declares East #Jerusalem as #Palestinian Capital." Me: This counterproductive declaration makes an actual Palestinian capital of an actual Palestinian state only that much more remote. <https://t.co/v7M8r9Rtoc>
- @JordanSchachtel exposes @SiliconValleyCF's receiving an award from @CAIRSFBA & shows why this is a scandal. No, an outrage. Where are the liberal voices denouncing this collusion & betrayal? <https://t.co/blmAfPIMZm>
- The #European Court of Human Rights (#ECHR) will soon make a landmark decision: When not all parties agree on abiding by #ShariaLaw, do #Islamic rules still override civil law? The case comes from #Greece but it will affect 820mn people in 47 countries. <https://t.co/hVK860njij>
- It appears #Riyadh put out orders to ignore the US recognition of #Jerusalem as #Israel's capital. Its own reaction was very muted: "unjustified and irresponsible." Me: 1. Instead, #Ankara & #Tehran fulminated. 2. Who ever imagined such a switcheroo? <https://t.co/f7X0lVcOJw>
- In a 15-minute talk, including Q&A, I explain the #IsraelVictory Project (#IVP). It's about convincing the #Palestinians that the gig is up, they lost & it's time to leave Israelis alone & move on to build their own polity, economy, society, and culture. <https://t.co/OTicU1qCBv> <https://t.co/wrbIDIEoWt>
- Here's a complementary point: Non-Palestinians are more anti-the US embassy move to #Jerusalem than are #Palestinians: "there were more protesters on the streets of Berlin, Cairo, Valencia (Spain) & Istanbul than in #Jerusalem. #BassamTawil @GatestoneInst <https://t.co/3CTOgsDiFn> <https://t.co/65uSiOavPS>

- Quiz: When & where was a vehicle first used purposely to kill pedestrians & terrorize a population? Answer: Feb. 14, 2001. Khalil Abu Ulbah, 35 of #Gaza, drove a bus into a group of #Israelis near #TelAviv, killing 8 & wounding 26. Me: Who says #Palestinians aren't creative?
- @JakeHalpern: The reason for the misery in refugee camps on #Lesbos (and by extension elsewhere in #Greece & #Italy) is to send an unmistakable message to would-be migrants from #Syria, #Somalia, etc.: It's horrible here, so stay home, don't come here. <https://t.co/K9LbVr6l6>

- What to make of the "#SalvatorMundi" story? 1. #LouvreAbuDhabi got its expensive plum 2. #Saudis doing their #Emirati buddies a big favor 3. Pious #Muslims celebrating a totally non-Islamic vision of #Jesus 4. #Renaissance #Italy yet again deemed the world's supreme culture
- Today is the #Israel-related centenary almost nobody's noticing. On Dec. 9, 1917, #British troops conquered #Jerusalem from the #Ottomans, turning the #BalfourDeclaration from words into policy and starting the almost exactly 30-year march to statehood. <https://t.co/ZyWicJs9ON> <https://t.co/6Z9sobcuxc>
- Major news: Govts of #Italy, #Greece, #Cyprus & #Israel signed an MoU to build the \$4bn #EastMed pipeline carrying 16bcm of gas annually to Europe in 2025. Great because it 1. Avoids #Turkey. 2. Reduces dependence on Russia. 3. Builds CY & IL economies. <https://t.co/dZS24KtuFK>
- @Rachel_Frommer in @FreeBeacon reported on a @CampusWatchMEF report that looks in detail at #MidEast studies as badly performed at @Georgetown Univ. Frommer contacted the professors for responses; predictably, not a single one of them responded to her. <https://t.co/xOWppbkqF>
- This is my @WashTimes article today pointing to the raw, unfettered capitalism of #Dubai - except for a non-democratic government atop it. It's an exotic variation on a familiar theme. <https://t.co/mxALVfuY84>
- The @Guardian: #Trump moved the US embassy to #Jerusalem because he was listening to me: "Trump & his team ... may have somehow internalised one of the most controversial prescriptions for achieving a deal. That is the one proposed by @DanielPipes." <https://t.co/QpMOGA5TgJ> <https://t.co/sjGcY6v26>
- Noteworthy that the Western left (including most governments) is far more upset over the US embassy move to #Jerusalem than the #Arab states, which find the issue a nuisance & just wish it would go away. This fits a general pattern & points to deep changes vis-à-vis #Israel.
- #Trump finished the work of Nov. 29, 1947, on Dec. 6, 2017. 70 years & 7 days later.
- Note @CNN's coverage of the #US recognizing #Jerusalem as #Israel's capital. No editorializing in news coverage here, never, for sure. <https://t.co/eucjYgXwnK> <https://t.co/NxW3vLxkyk>
- A prediction with the word "inevitable" in it leaves no wiggle room, to be sure, but I am convinced that anti-immigration sentiments will prevail, despite all the challenges & setbacks. They are just too strong & growing daily. Eventually, they will lead to political power. <https://t.co/siBStO4ala>
- On Apr. 4, 2017, #Russia's government recognized "the status of East #Jerusalem as the capital of the future #Palestinian state" and also "West Jerusalem as the capital of #Israel." Will #Trump do likewise to make the embassy move less controversial? <https://t.co/mi5FhuCQXj> <https://t.co/XJRMNHe8c2>
- As @RepJohnConyers announces his retirement from the #USCongress after nearly 53 years, it's noteworthy that all 10 longest time-servers have been Democrats. Me: That points to unhealthy hierarchical mono-think. Bring in term-limits. Not 12 years but 18. <https://t.co/1pHaUfy6GT> <https://t.co/prmscDk1jh>
- The #Houthis have killed #AliAbdullahSaleh, #Yemen's long-time dictator (1978-2012) & their own former ally. Even after losing the presidency, he remained Yemen's most powerful figure. His death will have major consequence. Here's a map of who controls what. Expect changes. <https://t.co/mmdxDx4V4lz>
- Leaked #German government report: 6mn would-be Mediterranean-area migrants waiting to go to #Europe: #Turkey 3mn #Libya & #Egypt 1mn #Jordan 720K #Algeria 430K #Tunisia 160K #Morocco 50K etc. Me: This is but a tiny fraction of those waiting in the wings <https://t.co/4xtmToSQgf>
- Will #Israel's illegal #African migrants prefer to stay in an #Israeli prison rather than go to #Rwanda? Me: If so, that speaks volumes about the attraction of life in the #JewishState. <https://t.co/ZHbzhkDBBG>
- #Iran's mullahs may be on the rampage in #Iraq, #Syria & #Lebanon, but they just suffered a major setback in #Yemen where their 2 major allies, ex-president Saleh & the #Houthis, are at war with each other. Me: That's good for the rest of us. <https://t.co/HhTzZTOgqo>
- #Sisi's government to #Ethiopia's: #Egypt won't accept "even a cup less" of its share of #Nile River waters. Me: 1. This sounds like revving up for a fight. Is the #MidEast's first water war in the offing. 2. Ethiopians should go slow filling the #GERD. <https://t.co/XC945kLcqW>
- #Erdoğan has initiated criminal cases against 3 excellent American analysts of #Turkey, being @HBarkey, @MRubin1971 & now Graham Fuller. This is a particularly malign & absurd form of #lawfare. I extend to them much sympathy & an offer of assistance. <https://t.co/b810pJyxEL>
- @BuzzFeed: In the court filing, #MikeFlynn admitted that "officials from the Republic of #Turkey had provided supervision & direction" over his firm's lobbying work. Good: No more pretense that some Dutch company had hired him. He plainly sold out. <https://t.co/1YErOcnl6>
- Children in #Egypt mock their president by renaming a cheap toy called #Clackers "#Sisi's balls." The government responded by confiscating 1,403 examples of the toy and arresting 41 toy shop owners. Me: Sisi is in over his head. <https://t.co/FvknmYRgJN>
- #Erdoğan claims #Gülen is a "terrorist" mastermind behind everything from #Turkey's currency problems to the #RezaZarrab court case. But even the spineless #EuropeanUnion disagrees with these claims, delicately nothing that it needs lots more evidence. <https://t.co/fzrRLVTIG5>
- After #MikeFlynn's court appearance this morning, how much closer are we to #PresidentPence?
- I discuss today at the @WashTimes the need to work with - rather than ostracize & vilify - #Europe's anti-immigration parties that are inevitably going to take part in future governments. Better they mature & have experience than not. <https://t.co/zdrFKJEeQb> <https://t.co/xBBPtAszgN>
- #RezaZarrab admits bribing #Turkey's antisemitic economics minister #ZaferÇağlayan with more than €45mn. That's just one bribe! I assume that Erdoğan personally ended up with the bulk of that money. Sanctions-busting is a lucrative business. <https://t.co/K6DYp7v0j5>
- #RezaZarrab pleaded guilty & will be the star witness at a trial about a Turkish governmental scheme to help Tehran evade US sanctions. And guess who was the head of #Turkey's government? #Erdoğan. Guess there's no joy tonight in that 1.1K-room "White Palace" outside of #Ankara.
- Basically, humans have no population growth outside of #Africa, with #Europe the least prolific followed by the #Americas. #TFR Me: Get ready for Africa to play a much

- With all the attention to male #jihadis returning from @ISIS, the females tended to get overlooked. But, as an article in the @WashingtonPost suggests, the latter are as dangerous as the former. <https://t.co/xgczXWAoJY> <https://t.co/PVi8gKo5wb>
 - #Erdoğan is not just trying to form a "pious generation" in #Turkey but also among the #Turks of #Cyprus, historically a more liberal population. Me: Bad news. If he succeeds, that exacerbates the island's division by emphasizing religious differences. <https://t.co/jYZAexcenM>
 - #Macron battles #Islamism in #France by spending money to encourage start-ups, increase child care, & improve transportation. Me: Good luck with that. As is well known by now, the problem is not poverty but bad ideas. More money won't bring better ideas. <https://t.co/Ry4z2deLHD>
 - The new normal in #Europe? Soccer fans in #Athens attack #Pakistani #Muslims celebrating #Mawlid (ie, Muhammad's birthday). Me: As tensions grow, expect such hostilities to increase. <https://t.co/kPUcAKQ79r>
 - #Yemen may face "the worst famine the world has known in decades" says Mark Lowcock, the @UNReliefChief. Me: Ah, the beauty of Arab brotherhood. <https://t.co/CoYIZIEJLu>
 - #Egypt's government limits the issuing of #fatwas on television to 51 "moderate clerics." Me: If only Western democracies could do something like that. <https://t.co/d097bmGHH7>
 - Did #Trump really sell out #America's #Kurdish allies in a telephone call with #Erdoğan - or did he just pretend to do so? <https://t.co/8p4gl9Mv3y>
 - The inaugural meeting of the #Saudi-sponsored "#Islamic Military Counter Terrorism Coalition" (#IMCTC) is underway. Me: "#Terrorism" is a slippery concept. I wish it were more honestly called the "Islamic Military Counter-#Jihad Coalition." That would indicate serious resolve.
 - #Poitiers University, founded 1431, yesterday erected a work of art (picture below). Bet you can't guess what it supposedly represents. (Hint: A liberated women's group pushed for the statue.) For the solution, click here: <https://t.co/cSISJwQqB7> <https://t.co/IC7FaCj0DK>
 - Ironic that #MikeFlynn betrayed his anti-#Islamism principles to take #Erdoğan's money, now faces huge problems for doing so - & Erdoğan is now hanging Flynn out to dry. Lesson learned: Don't forsake your principles for money, doubly so for an #Islamist. <https://t.co/zTGC7BT16l>
 - Bassam Tawil has an important analysis of Palestinian hostility to #Trump & his advisors at @GatestoneInst. But Tawil misses the main point of these attacks: to exert psychological pressure for a better deal for the #Palestinians - ie, more dirty tricks. <https://t.co/gALsvzsA8o>
 - The shopping mall is an American invention. Curious then that the largest US mall (King of Prussia, near Philadelphia) ranks only #35 largest in the world. Me: It would be nice if foreigners also adopted more important aspects of American life, like the rule of law & democracy. <https://t.co/O9ZrdbScJs>
 - My Uber driver in #PalmBeach made an error, so he turned around in Mar-a-Lago's service entrance. I wanted immediately out, hating all 30 seconds on that property. This incident reminds me that my problem with #Trump is not his policies but his character, which I find repulsive. <https://t.co/GvFN88SVT2>
 - I read several chapters in #ShimonPeres' final book, "No Room for Small Dreams." Don't know about you, but to me a lot of it seem like exaggeration & fabulizing, most especially the chapter about getting the French government to sign a nuclear agreement. <https://t.co/ZmEalvp63> <https://t.co/BzErAX3ARG>
 - Astonishing & without parallel in the world: Seculars have fueled an #Israeli #Jewish #TFR (ie, children per woman) of 3.16, which for the first time exceeds that of Israeli Arabs (at 3.11). @YoramEttinger: Optimism, patriotism & responsibility the key. <https://t.co/FR2zrVL7AN>
 - @elderofziyon: @RutgersU's New Brunswick campus has more #Jewish students than any other US public college. Despite that, it's a particularly hostile place for Jews thanks to Michael Chikindas, Jasbir Puar, Mazen Adi & their ilk. <https://t.co/78NDuS9T1f>
 - #MbS called #Iran's #Khamenei "the new #Hitler of the #MidEast." What's especially noteworthy about this: In general, Hitler is well thought of in the region, so MbS is not just talking about Khamenei but indicating a general position in world politics. <https://t.co/pyH1KpxdG5> <https://t.co/NqUiQQIbBI>
 - @VanityFair: What #Trump divulged to Russian diplomats on May 10 was not just what #Israel's spies learned about #ISIS' explosive laptops but in exactly which city this was learned. Me: Once again, #Trump reveals his puerile & untrustworthy character. <https://t.co/jwuFLpOAYo>
 - @Jonathan_Spyer: In the #MidEast Great Game, #Iran is beating #Saudi, 4-0: "The Iranians have effectively won in #Lebanon, are winning in #Syria & #Iraq, and are bleeding the Saudis in #Yemen" But if #MbS is clever enough, he can still turn this around. <https://t.co/3p3d8FQfMj>
 - #Rwanda FM #LouiseMushikiwabo: #Kigali talking to #Jerusalem about taking in ~10K illegal African migrants currently in #Israel. Me: 1. Yet again, @Netanyahu shows he is the only leader serious about repatriation of illegal aliens. 2. Good for him. <https://t.co/iGPPCZSWqR>
 - 16 million #Communist farmers in #India joined the #BDS movement? One more confirmation at a time of #israel's conciliation with many #Muslims that the Left is increasingly its most intractable enemy. <https://t.co/m6IVSkhbay>
 - Here's a surprising & happy poll result: 60% of #Israel's #Arab citizens are "proud" to be Israelis. Me: I don't quite believe it, wonder if the respondents feared giving the wrong answer to pollsters. <https://t.co/0wVBdD17G7>
 - @TheEconomist: #Iran is "one of the least religious countries in the #MidEast. #Islam plays a smaller role in public life today than it did a decade ago. ... The transformation of Shia Islam into an ideology [has] undermined both the state & the mosque." <https://t.co/ng3qf5cTZb> <https://t.co/PDmibDoyzf>
 - Encouraging: #Germany's government denied citizenship to a #Palestinian #Islamist because his membership in the #MuslimBrotherhood makes him ipso facto against the country's "free, democratic order." (That's @BenWeinthal writing in the @Jerusalem_Post.) <https://t.co/HzAw5SxNII>
 - Read how @Stanford University scandalously incited students against Robert Spencer (@jihadwatchRS) when he visited to talk about #jihad. Me: It's getting worse & worse on American campuses. When will it reach rock bottom? What disaster must first happen? <https://t.co/zMaXYtOn5>
 - #Erdoğan advisor #YalçınTopçu: #NATO is behind all the coups d'état in #Turkey, so #Ankara must review its membership in the alliance. The rest of us: Great! Don't let the door hit you on the way out. <https://t.co/8gDHHE5pXa>
 - @MichaelKinsey: "A gaffe is when a politician tells the truth." That witticism comes to mind on reading what @TzipiHotovely said about left-wing #American #Jews. She may lose her job for blurting out what everyone knows but no one may state out loud. <https://t.co/lmsZgX6qkR>
 - Bat Ye'or sent me a 1977 document with this stunning #Eurabia logo. (Convenient that #Europe starts & ends with "e," #Arabia with "a.") The #Arabic spells Yurābiā. Who could have predicted 40 years ago that a minor friendship group would quickly have such momentous consequences? <https://t.co/uQdiUtq1hN>
 - #Iran's newly appointed navy commander, Rear Admiral Hossein Khanzadi, announced a fleet of Iranian ships would soon depart for the Atlantic Ocean & the Gulf of

- Headline: "Top #Saudi scholar says #Muslims may pray in #churches and #synagogues." Me: What's happening to old-time #Wahhabi/#Salafi religion? Could there really be a change in the most extreme variant of #Islam? If so, it's grand news for all. <https://t.co/2sFDgxl6Gm>
 - 10 years ago, a Turkish lira (#TRY) was worth 87 U.S. cents. Now, it's worth 25 cents. So much for #Turkey's economic miracle. And that's one reason why #Erdoğan has increasingly had to rule as dictator. <https://t.co/zwtEEtrJri> <https://t.co/NPAS2qliinx>
 - Adam Kredo (@Kredo0) at @FreeBeacon: "U.S. Admits Possible Role in Arming Iranian-Backed Militants in Iraq. Lawmakers allege @StateDept. covering up U.S. military support to IRGC." Me: Why can't State just once remember which side it's supposed to be on? <https://t.co/wFDoSSQ6uP>
 - #Turkey's military was once a model of secularism, keeping #Atatürk's heritage alive. Now, it's a model of Islamist piety: "Do you read the #Koran?" is one question asked of rising officers. Me: Such interrogations weaken the military's capabilities. <https://t.co/4KHhrpWFad>
 - #Kuwait! columnist Abdullah Al-Hadlaq (@hadlaq_kwt): #Palestinians should accept #Israel & Kuwait should ally with the Jewish state. Me: This is the silver lining of #Obama's failed #Iran policy & the menace Tehran presents to the whole of the #MidEast. <https://t.co/6e80KBCRPO>
 - Dismayed to learn that @AIPAC hosted @llanGoldenberg of the Center for a New American Security (@CNASdc), someone who advocates for the #IranDeal and stronger U.S.-#Iran ties. Don't give up, AIPAC, the #JCPOA can still be reversed. <https://t.co/E86qVXLr6z>
 - Here's hoping that the deal apparently in the works to flip #Erdoğan crony #RezaZarrab builds a case not against #MikeFlynn, a minuscule fish, but against Erdoğan, the dictator of #Turkey who has gone rogue and is every day becoming more clearly a U.S. enemy.
 - The genius U.S. @StateDept penalizes Israelis because their government does an effective job of preventing enemies from entering #Israel. (State demands that ethnicity be ignored.) <https://t.co/2mibradFbo>
 - The taxpayers' money is hard at work: The city of #Columbus, capital city of #Ohio, has handed \$17.5K to the Islamist group, @CAIRNational. Me: 1. #CAIR's a listed terrorist group in the #UAE. 2. Why not just give the money over to #ISIS or #AlQaeda? <https://t.co/i0JoPwIK9D>
 - "I have grown up." That's @Ayaan Hirsi Ali's frank response to why she once denied the distinction between #Islam & #Islamism but now accepts its validity. Me: If someone as deep & knowledgeable as AHA can change her mind on this crucial issue, anyone can <https://t.co/5sGaJhe6ae>
 - The 40th anniversary of #Sadat's surprise visit to #Jerusalem has prompted much talk of how this event transformed #Israel's relations with #Egypt for the better. For a dissenting view.  - Mehmet Oz (@DrOz), a cardiac surgeon & host of "The Dr. Oz Show," stays away from endorsements except for his "trusted sponsorship partners."  - "Saudi Crown Prince Grants Charities 12 Billion Riyals from his Personal Account." 2/3 of the money will go to orphans. That's US\$3.2 billion. It's also a Harun al-Rashid-style personal rule that needs to end if #MbS is truly to modernize #SaudiArabia. <https://t.co/wZPnqmtU5N>
 - In "How #Saudi regional moves impact #Israel," @Uri_Savir explains that #MbS is pushing #Trump to solve the #Palestinian issue so KSA can move ahead with Israel. Me: Good idea. Too bad Palestinians won't cooperate because they think that they are winning. <https://t.co/w7f7IXCZlv>
 - The Turkish conglomerate @Yildiz_Holding is not super-eager for it to be known, but on Nov. 20, 2007, it purchased @Godiva chocolates. Two complications: 1. It dropped alcohol-fillings. 2. It's suspected of connections to #Gülen, which could mean #Erdoğan's buddies take it over.
 - @ImTirtzu interviewed me on "Zionism, Its Challenges, and the Future of the State of Israel." <https://t.co/xcFvDeL4AN>
 - "#NATO's plan to attack #Turkey in 2018." That's the actual title of an English-language article in @yenisafakEN, one of paranoid #Erdoğan's newspapers. Me: The paranoid with power is supremely dangerous. <https://t.co/2UYEEIBKsr>
 - Get ready for the ultimate pre-emptive cringe: Prof. Christian de Moliner (@Christiand59880) calls for dividing #France in two with the #Sharia ruling one part. Me: Why not hand the whole country right now to the #Islamists? That's cleaner & faster. <https://t.co/oETSqxAlVY>
 - #Qatar's government has provided money to #Ethiopia's #GERD (a huge dam) as a way to damage #Egypt. Me: That's one more ugly policy coming out of #Doha and this one could damage tens of millions of people. <https://t.co/loN1Gd2Q6Q>
 - Is #Saudi King #Salman about to hand power to his son, #MbS? It would be in keeping with his past actions. It would also complete the extraordinary transformation of Riyadh from sleepy backwater to the #MidEast's action central.

 - What about #Trump's #MidEast policy? I note in an interview (below): 1. It's reverted to the mean, similar to #GWB & #Obama. 2. It's done so because, lacking both principles and knowledge, Trump depends on the very experts he once scorned. <https://t.co/yTF9k3Cq1h> <https://t.co/lpt9TiRrEi>
 - This important report finds that, more than ever, the #PalestinianAuthority's new school curriculum amounts to "education for war and against peace with #Israel." Me: #IsraelVictory requires a fast & complete change. But how? Donor pressure, Israeli oversight? Much to work out. <https://t.co/zfndRYiIUQ>
 - Bruce Thornton: "the election of #DonaldTrump, and the overreach of the left's response, ... suggest that we may be seeing the beginning of the end of the left's cultural, social, and political dominance." Me: #Trump's manifold failures makes his election more like a last hurrah.
 - Israel's Channel 10 reports that #Saudi Crown Prince #MbS summoned #MahmoudAbbas to #Riyadh, told him to "accept #Trump's peace plan or quit." Me: (1) MidEast dynamics change with dizzying speed. (2) I wonder what that peace plan contains. <https://t.co/madColt3NN>

- After being the sleepy capital of a passive country, #Riyadh under #MbS has become the center of action for the entire MidEast. Social, economic, military, religion domestic changes; foreign relations with #Yemen, #Qatar, #Iran, #Lebanon & PA. It's dizzying, exciting & scary.
- New article in @IsraelHayomEng: I note the #Palestinians' persistent delusion that they can defeat #Israel, then explain this phenomenon as a result of "a toxic mix of #Islamic doctrine, international succor, and Israeli timidity." #IsraelVictory <https://t.co/qgSKBqvc81>
- ICYMI: @RayTakeyh makes use of newly-released documents to show the minor US role in the ousting of #Iran's PM #Mossadeq in 1953 - contrary to the boasts of #KermitRoosevelt, to generations of left-wing professors & also the Islamic Republic of Iran. <https://t.co/qV5sXqCrAq>

- . @_HaniRamadan, brother of @TariqRamadan, insists that Koranic injunctions be applied to Tariq, meaning 4 men of good reputation must witness his sex acts in flagrante delicto. Otherwise, there's no case. Me: (1) You must be kidding. (2) Shari`a's handy. <https://t.co/3iBplapePQ>
- . @WSJ: Erdoğan would have paid #Trump's future NSA #MikeFlynn up to \$15mn to deliver #Gülen. Me: This is an outrage. So glad #Mueller is seriously on Flynn's case. <https://t.co/fPhCUBzaBn>
- Will the resounding #GOP loss in #Virginia waken Republicans to the dangers of deferring to #Trump? Sadly, no, that will require further electoral disasters.
