Feedback
I respectfully request to be added as co-defendant in the United States prosecution of Julian Paul Assange under the US Espionage Act and the related UK proceeding to extradite Mr. Assange to the United States.

I have made similar requests to the US Department of Justice and Senior Judge Claude M. Hilton overseeing the prosecution which were docketed as Item 49 in the case being held in US Eastern Virginia District Court (Reference: USA v. Assange - Julian Paul Assange No. 1:18-cr-111).

My US requests are available online:
https://cryptome.org/2022/11/doj-ja/doj-ja-cryptome-01.htm

I have previously submitted an affidavit to the UK court overseeing the extradition of Mr. Assange describing publication on my public library website Cryptome.org of the so-called "State Department Cables," decrypted and unredacted, before WikiLeaks published that material.

Thank you for consideration and fulfillment of my request.
