

To whom it may concern:

I guess you're wondering why I did this.
Well let me explain in detail.

Over the years I've had some good jobs, but I always
got laid off. Now I'm 58 years old & I can't get
a decent job. I'm told I'm "overqualified," which is a
code word for "too damned old." Like I'm expected
to age gracefully into poverty. No thanks! I'm done.

I've always wondered why I was put on the earth.
For years I thought I was put here to die as cannon fodder
in Vietnam but somehow cheated the devil out of it.

Lately I've been feeling helpless in our war on terrorism.
But I realized I could engage the terrorists allies
here in America. The best allies they've got.

The Democrats! The democrates have done
everything they can do to tie our hands in this
War on Terror. They're all a bunch of traitors.
They want America to lose this war for reasons
I can not understand. It makes me soooo mad!

In a parallel train of thought, It saddens me
to think back on all the bad things that Liberalism
has done to this country. The worst problem
America faces today is Liberalism. They have dumbed
down education, they have defined deviancy down.

Liberals have attacked every major institution that
made America great. From the Boy Scouts to the
military, from education to Religion. The major news
outlets have become the propaganda arm of the
Democrat Party. Liberals are evil, they embrace
the tenets of Karl Marx, they're Marxist,
socialist, communists.

The Unitarian Universalist Church.

Don't let the word church mislead you.
This isn't a church, it's a cult

They don't even believe in God.

They worship the God of Secularism

These sick people aren't liberals; they're Ultra-Liberals.

This is a collection of sickos, weirdos, & homos

The UU church is the fountainhead, the veritable

wellspring of anti-American organizations

like MoveOn.org, Code Pink, and other
un-American groups.

Those people are absolute hypocrites.

They embrace every pervert that comes
down the pike, but if they find out you're
conservative, they absolutely hate you.

I know I experienced it.

I can't, for the life of me, understand
why these people would embrace Marxism
like they do.

I'd like someone to do an expose on
this church, it's a den of un-American Vipers.

They call themselves "Progressive." How is a white

woman having a nigger baby progress? How is

a man sticking his dick up another man's ass progress?

It's an abomination.

It takes a warped mind to hate America.

It makes me so angry! I can't live with it any more!

The environment! (It's have to be stopped)

Know This If Nothing Else

I This was a hate Crime:

I hate the damn left-wing liberals. There is a vast left-wing conspiracy in this country & these liberals are working together to attack every decent & honorable institution in the nation, trying to turn this country into a communist state. Shame on them.

II This was a Political Protest:

I'm protesting the liberal Supreme Court Justices for giving the terrorists at GITMO constitutional rights. I'm protesting the major News outlets ABC, NBC, CBS, CNN, PBS for being the propagandizing of the Democrat Party. It's criminal what they're getting away with. They're traitors. They must be stopped. I'm protesting the DNC running such a radical leftist candidate. Osama Hussein Obama, y0 M3mz. No experience, no brains, a joke. Dangerous to America. Hell, he looks like Curious George!

III This was a symbolic killing:

Why I wanted to kill was every Democrat in the Senate & House, the 100 people in Bernard Goldwings book. To kill like 40 kill everyone in the Main Stream Media.

But I knew these people were inaccessible to me.

I couldn't get to the generals & high ranking officers of the Marxist movement so I went after the foot soldiers, the chicken shit liberals that vote in these traitorous people. Someone had to get the ball rolling. I volunteered. I hope others do the same, it's the only way we can rid America of this cancer this pestilence!

In Conclusion:

No one gets out of this world alive so I've chosen to skip the bad years of poverty. I know my life is going down hill fast from here. The future looks bleak. I'm sick & tired of being sick & tired. I'm absolutely fed up!

So I thought I'd do something good for this Country
Kill Democrats 'till the cops kill me.

If decent patriotic Americans could vote 3 times
in every election we couldn't stem this tide
of liberalism that's destroying America.

Liberals are a pest like termites. Millions of them.
Each little bite contributes to the downfall of
this great nation. The only way we can
rid ourselves of this evil is kill them in the
streets. Kill them where they gather.

I'd like to encourage other like minded people
to do what I've done. If life aint worth living anymore
don't just kill yourself, do something for your Country
before you go. GO KILL LIBERALS.

Tell the cop that killed me that I said:
"Thanks, I needed that!"

I have no next of kin, no living relatives.
If you would take my sorry carcass to
the body farm, or donate it to science,
or just throw me in the Tennessee River.

Sincerely
Jim Davis Adkison
