

Be a Towpath Ranger

Support the Towpath Code of Conduct

Towpath Rangers help ensure walkers and cyclists safely enjoy over 100 miles of historic canal towpaths across London.

Volunteer Towpath Rangers will become a visible, friendly and approachable face on the towpath, undertaking regular patrols, speaking with users and observing behavior in different areas.

Regular activities include:

- Counting user numbers
- Organising Two Tings awareness events
- Vegetation management
- Leading Two Tings trailer rides
- Representing the Towpath Rangers at events (such as local festivals)
- Reporting on towpath maintenance issues

Volunteer Towpath Rangers will receive hands-on training and support, contributions towards bike maintenance and a Ranger's Pack containing everything you need to help manage the towpath in your area.

If you feel you have the qualities we're looking for to make a positive difference, can spare a few hours a month and share our passion about the canal being enjoyed by everyone in your area, we'd like to hear from you.
