

Team15...

*Where could it
take YOU?*

Slalom, wave, freestyle, speed or race... Team15 is just the starting point so check out the website to find your nearest Team15 club. Where you end up is down to you and your windsurfing personality. But there's help along the way. Team15 clubs can offer an insight into all windsurfing disciplines. If you fancy trying something new, speak with your Team15 coach to see what may be possible. Whilst Team15 inter-club challenges are fun and the easiest area to get into, it's not the only option. The Team15 website aims to give guidance on the route into each windsurfing discipline - join a Team15 club today and see where it takes you...
