- At all times there will be a channel system set up in Weymouth Bay and Portland Harbour to allow craft to access their own moorings and the open sea. This channel system will allow 24 hour access during the period from the start of the Olympics to the closing of the Paralympic games.
- The Olympic and Paralympic race areas have restricted access to all non accredited boats during competition hours to ensure that we run fair and safe racing.
- This temporary restriction will be controlled by a Harbour Revision Order.
- We plan to open the waters as soon as possible after each day of racing is over.
