As Weymouth Speed Week hits its 40th year, Tushingham's support of the youth category continues stronger than ever.

Every windsurfer enjoys skimming at high speed across the water and there is no better opportunity for young riders to enjoy the thrill of speed sailing in a relatively safe environment, learning from the pro's and trying the latest gear from Starboard, Tushingham and other major brands.

The sheltered waters of Portland Harbour are the perfect place to have a go at 'speed' for the first time – whatever the ability or type of windsurf kit you own.

First Prize: Tushingham X-15 sail
Second Prize: Aeron V-Grip boom
Third Prize: Harness lines and uphaul
