

Membership of the Windsurfing Committee

Kite Surfing

A submission from the Chairman of the Windsurfing Committee

Proposal:

To officially add a representative from the Kite Surfing community to the ISAF Windsurfing Committee

Current Position:

There is no representative

Reason:

Kite surfing is growing and they should be invited by ISAF to participate in the Governing process of their sport under the support and guidance of ISAF. They are holding races using ISAF rules along with their own and ISAF has explored their inclusion and now is the time to make it Official.
