APPLICATION POLICY & PROCEDURES

Purpose: AG Disaster Relief *for Churches* functions primarily to provide emergency assistance for the rebuilding of churches and parsonages damaged or destroyed by natural or man-made disasters.

Note: This fund is not a substitute for insurance. The church is responsible for carrying enough insurance to replace or repair church property.

Exception: AG Disaster Relief *for Churches* funds are available to churches that have been classified as an “inner-city” church or located in a ghetto area or town, and where adequate insurance is impossible or prohibitive to obtain. Otherwise, funds are not available to churches that have been damaged or destroyed by fire or vandalism.

Offer HELP: AG Disaster Relief *for Churches* is authorized to make inquiries of churches in areas which have suffered extensive damage from a disaster.

Request HELP: Under normal circumstances, the pastor or district superintendent is expected to request assistance when damage has occurred due to a disaster.

Follow these steps from Application to Payment

Application: Upon receipt of inquiry, AG Disaster Relief *for Churches* will send an application to determine the extent of damage and the need for assistance. Applications can also be found online at <http://www.ag.org/disaster/> or can be downloaded — see next line.

Payment: When assistance has been approved, AG Disaster Relief *for Churches* will send a check to the church and a letter to the district office.

Replacement of Lost Curriculum: GPH will replace any lost or destroyed GPH-produced curriculum at no additional cost to the church through the application process, if it is available at that time.
