XFINITY TV

Overview XFINITY TV is bringing customers more ways to watch more of the content they love, wherever they are. With tools to manage and personalize TV viewing, the best and latest TV shows and movies on TVs, computers and mobile devices, along with thousands of choices to instantly stream at customers' fingertips in and out of the home, Xfinity TV is best place to experience entertainment.

Comcast is currently rolling out an entirely new television viewing experience: Xfinity TV on the X1 Platform (X1). X1 leverages Internet Protocol (IP) technology and the cloud to deliver the world's largest collection of video and integrated, customized apps and social media features, along with traditional video service.

- Key Offerings**
- View 300+ TV channels from major broadcast, cable and premium networks on TV, plus more than 100 HD channels.
 - Access 95,000 of the best and latest TV shows and movies across Xfinity On Demand, Xfinity.com/TV and the Xfinity TV Player app.
 - Stream or download popular TV shows and movies onto Apple and Android-powered devices with the Xfinity TV Player app.
 - Watch thousands of movies and entire past seasons of TV shows across screens from Xfinity Streampix.
 - Use a tablet or smartphone as an extra screen around the home to watch live TV channels with AnyPlay.
 - Enjoy the best new release movies from all the major studios, and one of the broadest selections of independent films, on Xfinity On Demand.
 - Watch Xfinity On Demand on the Xbox 360, and quickly find TV shows and movies with voice-activated commands or the wave of a hand via Kinect.
 - Use motion and gesture controls to seamlessly find what to watch on live TV and Xfinity On Demand while viewing TV with the X1 Remote Control app.
 - Schedule the DVR remotely, search TV listings on live TV and on demand, change the channel on the TV and create individual channel lineups and queues online at Xfinity.com/TV and with the Xfinity TV app.
 - Catch popular Spanish-language TV shows, movies, and kids' and music programming online at Xfinity.com/latinotv.
 - Get live scores from major professional and college sports as well as the ability to toggle between live games on TV and filter scores and games by league and favorite teams with the Xfinity Sports Remote app.

XFINITY Internet

Overview Comcast is the nation's largest Internet provider and delivers the fastest Internet speeds, along with reliable service and exceptional online content. Since we own and operate one of the largest fiber-based networks in the country, our scale enables us to deliver more speed to more homes than any other service provider in the U.S. We've also invested to deploy an advanced broadband technology platform, called DOCSIS 3.0. In the past 10 years, we have increased broadband speeds 10 times and we now offer a variety of speed tiers to best fit every customer's needs — from 3 Mbps to the ultra-fast 305 Mbps. Today we deliver up to 10 Gbps speeds to business customers.

Key Offerings Our service is more than just speed. For no additional cost, Internet customers also receive:

- **In-Home WiFi:** Experience the fastest in-home WiFi with our latest Xfinity Wireless Gateway, which can connect dozens of wireless devices.
- **Security:** Connect safely to the Internet with the most comprehensive online security offering in the industry, the Constant Guard Protection Suite (a \$360 value), which includes the top rated Norton Security Suite.
- **Xfinity WiFi:** Stay connected on the go through tens of thousands of WiFi hotspots today and even more in the future.
- **Xfinity Connect:** Communicate with family and friends either online or via the Xfinity Connect App, which enables users to send and receive email, access voicemail or manage contacts and digital calendars.

Comcast is also committed to closing the digital divide. We are spearheading an ambitious and comprehensive broadband adoption program called Internet Essentials. So far, this \$9.95/month service has connected more than 400,000 low-income Americans to the Internet at home. For more information, visit InternetEssentials.com (for English) or InternetBasico.com (for Spanish).

XFINITY Voice

Overview XFINITY Voice is reinventing how we think of the family home phone. It's an innovative and reliable IP-enabled home phone service that delivers all of the functions of traditional phone service, plus enhanced smartphone features that are integrated with other Comcast services. XFINITY Voice offers digital-quality phone service with unlimited direct-dial local and domestic long-distance calling, Web access to voicemail, E911 service and 12 popular calling features, plus enhanced voicemail.

Key Offerings Comcast delivers a converged communications experience that integrates features with XFINITY Internet, voice and video products, including:

- **XFINITY Connect:** Stay connected to family and friends via a mobile app or through an online web portal. XFINITY Connect gives customers a single source to manage their digital lifestyle and access and control popular communications features such as email, voicemail, text messaging and a Universal Address Book. The XFINITY Connect App works on iPhone, iPod touch or Android and select BlackBerry devices.
- **Voice2Go:** Make free calls from a WiFi hotspot, as well as make calls using either a 3G or 4G data connection, use advanced call forwarding to automatically send calls to your home phone directly to up to four additional phone numbers and assign personal phone numbers to up to four family members so they can talk or text for free using a WiFi hotspot.
- **Skype on XFINITY:** Make and receive video calls on the largest screen in the home — the TV. It's a new way of communicating that makes our customers feel like they are with family and friends, even if physically they are miles apart.
- **Universal Caller ID:** See who is calling your home phone number instantly and across all of your XFINITY services – on the home telephone, TV, computer even on your smartphone.
- **XFINITY calling plans:** Get unlimited local and domestic long-distance calling, plus free calls to Canada and Puerto Rico as well as great international rates and calling plans, with XFINITY Unlimited. And have access to unlimited local calling plus popular calling features with Local with More.

For more information about XFINITY Voice, visit <http://www.comcast.com/xfinity>.

XFINITY Home

Overview Xfinity Home is a cloud-based platform that provides next-generation security, remote home control and energy management features that allow customers to stay connected to their home and family through the use of an interactive Web portal, mobile devices and the Xfinity Security app. In addition to 24/7 professional monitoring, Xfinity Home offers an expanding suite of control and energy management services that include lighting controls, digital thermostats, live video monitoring, custom text and email alerts, remote arming and disarming capabilities, and water and carbon monoxide sensors.

Key Offerings Xfinity Home Features

- Access security and home automation features and settings from virtually anywhere – through a portable touch screen console in the home, on a computer or tablet, and on a smartphone through the Xfinity Home app.
- Control and set timing with smart energy management features, including programming lights to turn on and off at designated times, and remotely adjusting heating and air conditioning settings.
- See what's going on around the home while away with real-time video monitoring on Internet-connected devices.
- Check the weather, news and sports, play games and more with the in-home touch screen console.
- Enjoy peace-of-mind with added layers of protection, including wireless backup and battery backup, in addition to the third-party central station that monitors customers' homes 24 hours a day.
- Arm, monitor and control the home with the following available equipment: Window/Door Sensors, Motion Sensors, Glass Break Sensors, Indoor/Outdoor Cameras, Smoke Detectors, Wireless Keypads, Keychain Remotes, Thermostats, Lighting Modules, Water/Flood Sensors and Carbon Monoxide Sensors.

Comcast Business Class

Overview Backed by industry-leading, 24/7 tech-class support, Comcast Business Class provides advanced communication solutions to organizations to help them meet their business objectives. Comcast Business Class offers a wide range of products and services, an enhanced fiber-optic network and experienced customer service, all to help a business's bottom line.

Key Offerings Data Solutions

Comcast Business Class Internet offers businesses a feature-rich, reliable and secure Internet solution. Comcast offers its Business Class customers four tiers of service with download speeds starting at 1.5 Mbps and going up to 100 Mbps via next-generation DOCSIS 3.0. Customers also get additional features such as Cloud Services by Microsoft and advanced security with Norton Business Suite at no extra charge.

Comcast Business Class Ethernet delivers high-performance point-to-point and multipoint connectivity over a fully owned, national fiber-optic network. Optimized for mid-sized business with multiple locations in a metropolitan area or region, Business Class Ethernet provides an entirely new level of reliable, scalable and secure Internet connectivity that is significantly faster than legacy technologies.

Voice Solutions

Comcast Business Class Voice provides a reliable voice alternative with integrated and advanced features for businesses. Customers get unlimited local and long-distance calling, and advanced call management and voicemail options.

Comcast Business VoiceEdge is a cloud-based voice and unified communications (UC) solution that delivers a common user experience, high-definition (HD) quality voice service and a full suite of productivity-enhancing features that are fully-managed and delivered over Comcast's network.

Comcast Business Class Trunks provide connectivity between a customer's Private Branch Exchange (PBX) and Comcast's advanced network. The scalable service allows customers to purchase based on the concurrent calls the business needs.

Video Solutions

Comcast Business Class TV provides reliable and cost-effective video content solutions to satisfy a variety of customers' business needs at office locations such as conference rooms and waiting areas.
