

# **Users Guide**

TRaCclub stands for The **Ra**nger **C**urriculum **club**, a system of online curriculum including meeting plans and merit teaching materials for Royal Rangers leaders. Material in TRaCclub is organized into "tracks" - Ranger Kids, Discovery Rangers, Adventure Rangers, and Expedition Rangers - each one providing all the materials necessary to conduct meetings for a specific age group for one full year. A track for leaders is also available, providing a variety of additional resources to equip and empower local leaders for success.

Access to TRaCclub is gained by purchasing an annual membership to one or more tracks. Individuals may purchase memberships to as many tracks as they choose, according to their needs. Membership provides access to all meeting plans, merits, and other related material for that group, but only one year of program materials may be activated with each membership. (Specific limits are defined on the opening page of each track. This information can also be found in "<u>Appendix A</u>" of this users guide.) The leader's track allows unlimited access to resources within that track and is provided as a free benefit when purchasing the new Royal Rangers Leader Manual, although it may be purchased separately.

# **Content Layout**

The content in each track is organized according to content categories:

- **Meeting Guides** provide a complete plan for a weekly meeting, from the pre-meeting activities through the closing ceremony at the conclusion of the meeting.
- **Merit Activity Guides** are provided for all SKILL, BIBLE, and LEADERSHIP merits. These guides include all the material a leader needs in planning and conducting a merit activity. All necessary boys' handouts are also included.
- Advancement Artwork is also provided in JPG format for all merits and advancement insignia, enabling leaders to create customized award certificates or displays recognizing boys for their achievements.
- FCF Merits are organized into a special category to give leaders access to those merits required for membership and advancement in the FCF program. (For more information on the Frontiersman Camping Fellowship (FCF) program, visit the national web site at royalrangers.ag.org.)
- **Resources** such as forms, planning guides, and supplemental content are provided in the Leaders Track to assist leaders in conducting their program.

#### v2010.09.16.1

#### The TRaCclub DASHBOARD

The dashboard is an access tracking system that monitors the information you currently have access to for your membership. The dashboard is located within the specific group track on the right hand side of the screen. It also displays the expiration date of your current membership, the total number of specific document types (merits, lessons, etc.) you have access to and the number you have remaining.

## **Track Memberships**

Access to TRaCclub materials is granted through memberships. All track memberships expire one year from the date of activation, as displayed on the TRaCclub dashboard. You will receive reminders by e-mail 30 days and 15 days prior to your expiration date reminding you to renew your membership. Memberships may be renewed from within TRaCclub.

Membership provides access to all materials available in a given track, but only a limited amount of those resources may be activated for use. See "<u>Appendix A</u>" at the end of this document for tables indicating the total content that may be activated with each annual membership.

Additional tracks may also be purchased at any time, and will likewise expire 12 months from that date they were activated.

Memberships are intended for individual use. They are non-transferrable and should not be shared among multiple leaders.

#### **Membership Expiration**

All memberships expire 12 months from the date of activation. Renewal memberships may be purchased at any time. If purchased before the end of an active membership, the new membership will automatically become active upon the expiration of the previous membership. It should be noted, however, that any unused "credits" for material not accessed in one membership cannot be transferred or carried over from one membership to another, nor can any refunds be granted for unused access.

To purchase additional tracks or to renew a membership simply click the button on the <u>dashboard</u> entitled "Manage Tracks".

#### **Document Formats**

Most documents in TRaCclub are provided in PDF format, although some supplemental material is provided in Microsoft Word (.doc) or Excel (.xls) format. It is therefore necessary that you have the Adobe Reader (v7 or higher), Microsoft Word Viewer, and Microsoft Excel

Viewer (or the full-version software) installed on your computer to access these files. Links are provided on the TRaCclub homepage where free versions of this software can be obtained. *NOTE:* It is also necessary that Java Script be enabled for your browser in order for TRaCclub to work properly. For information on enabling Java Script, please consult your browser's documentation.

## **Acceptable Use of Materials**

TRaCclub membership grants access and use privileges for the duration of the membership period. During that time members may print, copy, and distribute any TRaCclub materials as needed for use within their local outpost.

# **Purchase & Log In Procedure**

TRaCclub memberships may be purchased online at <u>tracclub.org</u>. Upon navigating to this site the first page you will encounter will prompt you to enter recipient information and to select the track memberships you are purchasing for that recipient. Once that information is entered, click the "Add Selected Track(s) to Cart" button.

NOTE: If you previously purchased the <u>2010 Royal Rangers Leader Manual</u>, an access code for two-years of access to the Leaders Track is provided inside the back cover. The access code may be entered at the login page, discussed below. It is therefore not necessary to purchase the Leaders Track if you already own the Leader Manual. See "<u>Entering Your Leader Manual Access</u> <u>Code</u>" below for details.

After you click the "Add Selected Track(s) to Cart" button, the recipient information is cleared from the data entry area at the top and moved to the Shopping Cart table beneath it. At that point, new data for additional recipients may be entered (if you are purchasing memberships for multiple individuals at one time) following the same procedure, clicking the "Add Tracks" button after each recipient's information is entered. The new information will be added to the Shopping Cart for each recipient.

The Terms of Use page will then appear where you will be required to indicate your acceptance of these terms by clicking the check box provided before you may proceed.

Click the "Continue" button and you will be taken to the Home Page of TRaCclub where you can begin to navigate the resources available according to your track memberships.

# **Entering Your Leader Manual Access Code**

If you previously purchased the <u>2010 Royal Rangers Leader Manual</u>, an access code for the Leaders Track of TRaCclub is provided inside the back cover of the manual. To activate your free Leaders Track membership, navigate to the login page at tracclub.com as described above, click the "Sign In" link, and follow the same procedure described above for setting up an account. Once this is done, you will have access to the leaders track.

NOTE: It is only necessary to set up your account once. If you have already set up an account using an access code received through the purchase of other tracks it is NOT necessary to complete the setup process again. Simply log into TRaCclub normally, using the username and password you created previously, click the "Manage Tracks" link in the <u>dashboard</u>, and enter your second invitation code in the box provided under "Add New Tracks".

# **Content Walk-Thru**

Upon entering TRaCclub you will initially be taken to the TRaCclub Home Page. This page will provide information concerning the latest changes and updates to the program or other relevant information pertinent to all tracks.

From here you can navigate to any other tracks by clicking the main menu buttons along the top of the page. Once a main menu button is selected, a secondary menu will appear just below it enabling access to the different categories of material available to that track.

Once you have selected a category from the secondary menu a list of content for that category will appear. The <u>dashboard</u> to the right will indicate the number of content items that remain to be selected from that content category. As items are selected, an icon appears indicating that the item has been activated and the content counter in the dashboard will be decreased by one.

Please note that once a content item has been selected and activated this process cannot be undone, so choose carefully before you activate an item. A confirmation box will appear to confirm your selections.

# **Membership Renewal**

Membership renewal is performed by following clicking the "Manage Tracks" link in the <u>dashboard</u> of any track. This will take you to a page where all your current track memberships are displayed, with links to the appropriate pages for purchasing additional tracks or renewing existing tracks.
