How do I change language?

Go to your device settings and change localization. MapsWithMe app will use this new language automatically. MapsWithMe app supports 14 languages: English, Spanish, German, Italian, Czech, French, Russian, Dutch, Japanese, Chinese, Polish, Portuguese, Ukrainian, Korean.

Should I buy again the application if I change my phone?

Only if you change the operating system.

Some streets/buildings are missing on the map.

We take our map data from the OpenStreetMap which is constantly updated by its users. Not all areas have been covered equally accurately, but the maps get better as the project develops. You can also contribute to the project and correct the maps directly at the OSM website.

What is the meaning of the signs on the map?

We have a full guide, which you can download <u>here.</u>

I have problems with downloading maps.

If your Internet connection is slow, you may download maps to your PC and then transfer them to your device. Please contact us <u>support@mapswith.me</u> to get more details.
