

Build Foundational Drupal Knowledge with Acquia Training

Acquia's Drupal Training instills Drupal knowledge through on-site classroom-style courses. We develop and maintain a standardized, up-to-date Drupal curriculum, and also offer custom courses to address specific training needs within your organization.

Acquia's tested and proven curricula covers a wide range of topics. Whether your team is looking to get its feet wet in Drupal, wants to adapt Drupal to specific needs, or plans to implement an enterprise solution, Acquia will get you heading down the right track.

How Long Will it Take?

Acquia Training packages are full week (5 day) engagements, although custom packages of 1-4 days can be arranged based on specific team needs.

What is Included

Acquia Training is delivered onsite by Acquia Approved Training Partners and is focused on your team's needs. Courses consist of hands-on activities and real-world examples. Participants receive printed manuals for reference, and access to code & theme samples for use during and after the course.

At the end of each training course, participants will have met defined learning objectives and be able to demonstrate that knowledge through practice.

Who is Training For?

Acquia Training is appropriate for all levels of development, design, content management, and administrative teams. Different packages and course are recommended for each of these teams.

Why Do I Need Drupal Training?

Acquia Training gives your team the foundation to make the right decisions from the beginning. This foundation will ensure that even early decisions that affect the future of your project are the right decisions.

- **Accelerate your Drupal Learning:** Acquia training focuses learning on set objectives with proven exercises. Don't waste time & energy watching videos – bring an expert on-site to work with your team.
- **Accelerate your Project Velocity:** By building a firm foundation in Drupal, your team will be better positioned to take on project specific challenges, as well as take better advantage of other Acquia offerings.
