

**Application for ISAF Class Status****NACRA 17 Class application for ISAF Class Status**

A submission from the NACRA 17 Class Association

## Proposal

To adopt the NACRA 17 Class as an ISAF International Class Association.

## Current Position

The new NACRA 17 was chosen by ISAF in May 2012 as a new Olympic Class.

## Reason

- 65 teams from 23 countries and 5 continents participated in the 2013 NACRA 17 World Championship.
  - (a) Active Class/Owner Association  
The International NACRA 17 Class Association was formed in Spring 2013 and has a provisional management team in place, a working party (with sailors from all continents) and Executive Director (Class Manager). During the ISAF World Cup in Mallorca (March 2014) the Executive Committee will be elected.
  - (b) Class Constitution  
The current NACRA 17 CLASS Constitution has been provided.
  - (c) Class Rules  
The NACRA 17 Class Rules have been provided in ISAF format (closed rules).
  - (d) Provided a list of register boat owners  
A list of supplied boat numbers is provided.
  - (e) Qualification Numbers  
For ISAF Class status for a boat up to 6 m there is a minimum requirement of 15 boats in five MNAs from two continents.  
The international distribution of the first 100 boats was organised by ISAF, accordingly there are currently not yet 5 countries with fleets of 15 or more boats.
  - (g) Application Fee  
The ISAF Class Status application fee for the NACRA 17 Class has been paid.
-
