## 12.6/14.0 E-SERIES

Hobie's E-Series boards have been developed by Hobie's world class water athletes and R & D team. Utilizing computer aided shaping technology and countless hours of on the water testing and racing, we have been able to zero in on critical performance factors in the perfection of our designs. E-Series boards were developed to be fast in all conditions, have a stable confident feeling on the water, and maintain momentum in between strokes and paddle changes.
