

OPPIE HELP SHEET

- The two Optimists are stored behind the external changing room. They have white hulls and blue covers
- The sails are wrapped around the spars in the boat-shed
- The rudders, tillers and daggerboards are also stored in the boat-shed

Before launching

- Ensure mast retaining line is fed through cleat on mast
- Ensure rudder and daggerboard are properly attached to the boat
- Only hoist sail when head to wind
- When approaching the jetty, please turn into wind and fend off to avoid impact

After use

- Please sponge or hose the boat clean
- Please try to dry wet sails, but without letting them flap
- Roll sail around boom, sprit and mast. Return sail, spars, daggerboard and rudder/tiller to boat-shed
- Re-fit cover over wooden support to prevent ponding of rainwater

Please report any problems on the hire record sheet
