PART B:

PART B(i) – MEDICAL NOTES FOR THE EXAMINING DOCTOR:

Competitors in powerboat races held under the jurisdiction of the RYA and the RYA affiliated clubs are required to pass the RYA approved medical examination.

No competition licence will be issued until the Medical Examination Form is completed and signed by a Registered Medical Practitioner.

Competitors are required to declare any physical or mental disability.

Competitors must sign the declaration which permits the RYA to request details of their medical history from their General Practitioner or from any hospital or other practitioner.

For this reason the examining Doctor is asked to ensure that his full address is entered upon the form.

The fees for the Medical Examination and any Specialist Examinations are the responsibility of the applicant (competitor) and not the RYA, and would normally be expected to follow the guidelines currently recommended by the BMA.

The medical examination should be carried out to a standard similar to that required for Life insurance.

Diabetics* may apply to the RYA Medical Officer for the issue of a licence to be considered.

Epileptic applicants will not be issued for a licence to race.

Applicants who have had, or still suffer from the following may be regarded as unfit to hold a powerboat licence:

- (i) Myocardial infarction
- (ii) Myocardial ischaemia
- (iii) Coronary artery by-pass surgery
- (iv) Serious valvular disease of the heart or other cardio vascular conditions which give rise to cardiopulmonary problems
- (v) Severe hypertension which has given rise to cardiopulmonary problems
- (vi) Misuse/abuse of alcohol or illicit drugs in the last 3 years

Amputations of any type could be incompatible with fitness to race apart from minor amputations of one or two fingers where the normal function of the hand is unimpaired. Absence of a thumb could also be incompatible with fitness. Where the functioning of the limbs is limited free movement should not be less than 50% or normal capability.

Patients requiring the use of any orthopaedic appliance should declare this so that specific consideration can be made of the case by the RYA Medical Officer.

Eyesight:

Normal binocular vision is required with full visual fields, normal eye movements and normal stereoscopic vision.

Normal colour vision is required. (Note: if colour deficiency – this can be referred to RYA Medical Officer for second opinion)

The vision in each eye to be at least 6/9 either before or after correction

If glasses or contact lenses are worn this should be stated on the form

Contact lenses may be worn provided there is reasonable vision in both eyes without the lenses in place.

The visual acuity in each eye to be stated both with and without the contact lenses in place

The examiner should bear in mind that powerboat racing may take place at high speeds over turbulent water in confined areas, or upon waters used by the public, when considering the suitability of the application (competitor).

Note: Recognised Medical Certificates are acceptable providing the medical examination conforms to the RYA criteria. These certificates are only valid in the year in which they were originally issued; therefore an annual medical examination is still required for subsequent years.

IMPORTANT NOTES

DRUG AND ALCOHOL ABUSE — The Powerboat Racing Division has a ZERO tolerance policy on this, and it would fall under "bringing the sport into disrepute". The medical section of the Licence Application Form has a question relating to any abuse in the past three years. We expect people to be in control of themselves and their craft.

ANTI-DOPING — TUE FORMS

If you are taking drugs for medical reasons which contravene the list of prohibitive substances, you will need to fill out a TUE (Therapeutic Use Exemption) form enclosed and return it with you completed Licence application form — you only need to complete this form if you are racing internationally.

The list can be found on the WADA site www.wada-ama.org

DECLARATION OF MEDICAL FITNESS TO RACE — all fully licensed competitors are required to have a medical examination on an annual basis before the issue of their new documentation. At each race competitors are asked to sign a "declaration of fitness to race" whether they are fully licensed or not, we believe that on some occasions there have been a few whose level of fitness has declined during the season, either through accident, injury or illness. It is imperative to make sure that you are fully fit before participating in an event; bear in mind that to try and recover a fit person after a racing accident is difficult enough, without the added anxiety of trying to recover someone who shouldn't have gone out in the first place. Your actions could have repercussions on our third party insurance — PLEASE THINK CAREFULLY BEFORE PARTICIPATION.

IN THE EVENT OF INJURY:

You will be required to declare whether you have suffered any injuries or trauma during a Powerboat Racing Event and are sent to hospital for examination or treatment, then your Licence will be withdrawn by the organisers (a PB19 form is filled out and your Licence returned to the RYA). You will be sent a copy of the PB19 form and you must get a doctor's signature declaring you fit before you can race again, and your Licence will be reissued.
