

2014 APPLICATION PROCEDURE FOR A F1 SUPERLICENCE

Extract 2014 F1 rules :

10.1. A super licence is required for Formula 1 together with the NA international licence. No other membership is required.

10.2. A driver who exceeds 50 years of age in the season for which he is applying for a Superlicence, must produce the medical certificate including all detailed examinations; which will be submitted to a doctor approved by the UIM.

10.3. The nationality of a driver is the nationality of the N.A. which issued the international racing licence to the driver. Medical and immersion tests can be done in other countries if the issuing N.A. agrees. The flag is the one of the issuing N.A. of the international licence as above. The request for the U.I.M. Superlicence must come from the N.A. which issues the international racing licence.

10.4. Drivers must hold a U.I.M. superlicence before entry will be accepted.

10.5. Any new driver must be vetted during practice by the two U.I.M. Commissioners and the Formula 1 drivers representative to the U.I.M.

10.6. To obtain a superlicence, a driver must have participated in 6 circuit races using a catamaran type hull (750cc minimum) or a hydrocat (500cc). Definition of a race during a race weekend, even if several heats are taking place, is that the race weekend with all heats or races is counting for one race only. The National Authorities are fully liable for the sports C.V. they submit for their drivers. The full race results of each race must be supplied since the drivers must have done at least 6 races with 70 % of the total distance of each race event.

The superlicence is provisional for the first 10 races and can be withdrawn at any time during the first 10 races by a committee composed by the OOD, the permanent Formula 1 Commissioner and the Drivers representative.

During the provisional 10 races, the yellow card may be issued as a cautionary statement. When a second yellow card or a red card is issued, the provisional superlicence will be withdrawn for the remainder of the current racing season.

An anthropometric check of data reported in the Superlicence application may be carried on at any event during the relevant season by a UIM appointed Medical and/ or Anti Doping delegate. In case the pilot's data would not be anymore within the mandatory parameters, the Superlicence will be immediately withdrawn.

When a provisional superlicence is withdrawn, re-application can only take place for the next season. The decision on all matters concerning superlicenses is final and cannot be protested or appealed.

10.7. The application for a superlicence must be made by the National Authority of the driver concerned and lodged with the U.I.M. 4 weeks before the first event the driver wants to participate in. The superlicence fee will be doubled for applications received beyond the 4 weeks deadline.

NO Application will be taken in consideration within one week from the following event.

The application must be accompanied by:

- The sports career of the driver, mentioning the results obtained in the qualifying events
 - U.I.M. medical documents, as per appendix to these rules, giving the information required by the U.I.M. rules 205.03 / 205.04 / 205.04.1 (attached).

General Recommendation for F1 superlicense holders concerning physical fitness

- Cardiovascular training (endurance training) as jogging, cycling, rowing etc. at least twice a week – minimum 40 minutes without any interruption. Any sports activity which has “stand still” during the activity such as soccer, tennis or any ball sport is not suitable for the endurance training, but recommended as additional training.
 - Training to build up muscles for neck and back at least twice a week.
- The immersion certificate - ref 205.05 (attached)
 - A photograph
 - The Superlicence fees are fixed by the UIM Council and paid to the UIM Secretariat. Superlicence fee fixed to 300 euro. For late application, the superlicence fee has been fixed to 600 euro and must be paid to the UIM.
 - Medical expertise fee for drivers over 50 years in the season : 150 euro.

A current rule book will be given to the driver along with the superlicence.

The National Authorities are responsible for the information given.

10.8. Superlicence sport documents application will be examined by Formula 1 Daily Management Committee who will advise the UIM Secretariat on its acceptability.

10.9. The superlicence will be valid for 1 year (from January 1st or from the date of issue to December 31st).

10.10 For renewal of superlicences, the National Authorities must, before the end of December, send the U.I.M. a list of the drivers for whom a renewal for the following year is required.

10.11. Each team will appoint one team manager who will be responsible for obtaining a team licence from the U.I.M. for his team, as well as ensuring that the drivers obtain their superlicences from their N.A.'s. He will also be responsible for enrolling his two boat team in the Championship and for all dealings (contractual, financial) with the U.I.M. and IDEA MARKETING.

He will also be responsible for the behaviour of his team members and his name will be mentioned on the U.I.M. Team Licence.

ADDITIONAL ITEMS FOR F1 SUPERLICENCE (VERY IMPORTANT)

Maximal stress ECG and blood pressure profile: electrocardiogram have to be performed:

* on a **cycloergometer** starting at 60 or 70 watts and increasing by 30 or 35 watts every two minutes.

The driver must be capable of reaching a minimum power level of 2.5 watts (males) – 2.2 watts (females) per kilogram of body weight.

* or on a treadmill, using a **Bruce protocol** (preliminary warm-up recommended)

The driver must be capable to complete at least the entire stage 3 (i.e. 3 minutes at 5.5 km/h (3.4 mph) and 14% gradient).

This stress ECG aims to confirm both cardiovascular health and that the driver reaches the minimal fitness level to compete in motonautic sports. Therefore, we strongly encourage drivers to undergo regular physical training and to perform a maximal stress ECG test.

A written report from the physician (English language) must be enclosed.
