Editorial

So we reach another winter season, without us ever really getting a summer! For some of us it is time to dig out our dry suits and woolly bears and brave the winter weather, for the rest of our (more sensible!) members it is time to pack down the boat and snuggle up in the warmth for a read of 31 ½ !

In this issue we have the usual reports (but where is the slow or fast fleet's report this issue?!), all the years results plus some articles on Minorca sailing – sign up for next year – and Jeremy and Christine's swim across the Medway!

Also look out for the dates of the Christmas Dinner and winter work parties.

Keep on sending your articles in, I am happy to receive them at any time, no need to wait for the copy date!

Need to pop something up on the website? Send your information in to me and I will ensure it gets online.

Have a good winter on or off the water!

Amy

Please pay Jane, Jeremy or Trish to secure places for you and your friends

Maximum 70 places. Reserve early to avoid disappointment!

RYA Volunteer Award 2012

Terry Eaglestone our Long Term Rib/Safety boat driver whom I am sure you all know has been awarded the RYA Volunteer Award for 2012 for services to Wilsonian Sailing Club for doing at least 38 duties a year as a Rib/Safety boat driver and has done for many years.

He and his wife Christine are very excited to be going to London on the 23rd November to be presented the award from her majesty the Princess Royal President of the RYA.

From the Commodore

Firstly I would like to Thank Amy for giving us a New Look to our 31 ½ --- splendid and lots of good feedback please keep the articles coming for her.!!!

Our Winter Series is well underway and thank you all of you who have done extra duties for this series and throughout the season we couldn't manage without you.

I have now been Commodore for 9 months and what an insight into the club running organization and work that goes on and the people that you depend on and Oh Gosh all the emails. It's certainly a full time job.

I dare say it's been the same for Martin as he has done the same length of time as Hon Sec (he really does have the hard work and putting up with me) well done Martin.

I've just come back from the first of the three RYA Workshops held each year to see how you can encourage support and improve how your club works and to tailor-make it for the club members and potential members. So a survey monkey !! might be winging its way to you all.

We certainly have to plan for the clubs' future and its vital that we encourage young people's enjoyment of sailing, racing and training as they are the ones hopefully that will keep the club surviving.

One thing that did strike at this workshop is that club runs well compared to others and I am proud to be part of it.

Without doubt we are steered carefully by our exceptionally good banking helm in the form of Trish our treasurer looking after the money.

We are not the only club to have retention problems of new members after one year however much we try to buddy or look after them.

We have just had our Annual Dinner and Dance held on the 10th November at Medway Yacht Club an evening of relaxing merriment and customary awarding of the Trophies for winning achievements.

From the Commodore continued...

I would like to say something about our really busy and memorable jubilee year.

The Chilly Willies started off the year with gusty winds as opposed to the Hoo Freezer which was late this year 10th /11th March when the best day was the Saturday with little or no wind on the Sunday.

Kent Schools Sailing Association was hosted at the club in April with 38 keen young people taking coaching from RYAs Sam Rowe and Mark Heather with help from Ed Le Gassick. The event was organized by Jo Wicken.

The 2nd June a hailed the start of the Queens Jubilee Celebrations held by Medway Council at Gun Wharf which saw plenty of activities and clubs advertising their clubs and boats. They would like to repeat these festivities again next year.

Mark Heather offered and kindly did some Coaching for the 2K fleet over a June weekend.

The Open Day on the 23rd June was another busy day with 72 recorded visitors and 15 leaving with membership forms. Several members of the club volunteered to take the keen adventurers out on the water and raised also £400 for the club. A thank you to Jeremy for organising the volunteers and pulling it all together.

Medway Regatta in July sponsored by MTS and organised by a sub committee run by Colin Treadwell again was yet another successful weekend with a great deal of hard work put in by all and the young volunteers overseen by Jonathan Rees Medway Councils sports group. 79 boats and 20 clubs competed, with Angus Winchester coming all the way from Renfrewshire! Some very nice comments were said by the winners of the medium fleet who came from Chipstead Sailing Club. In their thank you to the club for hosting the Medway Regatta they were so impressed with friendliness and hospitality they were considering joining the club.

The Scouts had a Open Day In July and Combined it with Push the Boat out Day and initiative by the RYA to welcome the Start of the Olympic to get everyone on the water.

Junior Week in August saw 40 young people come for the week ending a Junior Regatta raising £2400 for the club. Oppies were borrowed for MYC and were duly taken back by the smaller members of the group being towed in a line on fun jaunt. Participants and parents joined in to do jobs to make it all run smoothly under the watchful eye of Ann Heather and Peter Horner which made for an enjoyable week for all.

Jeremy gained a Small Claims grant from EON which enabled us to buy Tee-shirts for all on Junior Week participants.

The last major sailing event was the 2k Millennium open meeting at the end of September where there were approximately 15 boats, 8 of which were visitors, the rest Club Fleet members. This event again was pulled together by Colin Treadwell and his team.

Last but not least we hosted the Mayor of Medway and Admiral of the River and two other colleagues Jeremy and myself to swim across the Medway River as a challenge to Boris Johnson who said you couldn't swim in the Thames as it wasn't clean enough.

From the Commodore continued...

Well we did and survived.

We have had a tree fall on to the clubhouse roof earlier this year and luckily didn't do too much damage. There was also had a break In and Out which established a route to take an engine from MYC so we had to have 3 new locks and proves we have to on the alert at all times

This year Jeremy submitted and gained a grant from the Sports Council and we have purchased a Laser 2000 and a Wayfarer which will benefit Adult training.

The Safety Boat and Junior Training courses have continued to run thanks to Brian Warwick and Peter Horner and their teams. For those of you who don't know, Skimmers run from March to October and are a fun group of young people who are already able to sail. They meet on Saturday mornings and turn their sailing skills into racing ones.

29 young people took part in one or more races over the period. The complete beginners are given training by Lesley O'Rourke and thanks to a dedicated team Saturday Skimmers are run by core of WSC volunteers.

The Winter Work parties start soon in January and February so please come and help look after the club premises dinghy and car park all areas that you use.

I would like to say thank you to our House Committee for looking after all the food and look forward to the Christmas Lunch in December.

Another good year thanks to all

Happy Christmas and a promising New Year for 2013

Christine

Medium Handicap Fleet Report

I am writing this shortly after the end of the main sailing season and the start of the winter series – more on the latter later.

But first I should congratulate the winners of the Medium Fleet trophies. Gordon Belcher has retained the new trophy for the Medium Fleet over the season – congratulations Gordon. The results for this and the individual four series over the season are summarised below.

1st	Gordon Belcher - Laser	Matt Love - Blaze	Matt Love - Blaze	Quentin Bes-Green - Laser	Gordon Belcher - Laser
2nd	Peter Horner & David Brooker - Buzz	Gordon Belcher - Laser	Gordon Belcher - Laser	Stuart Robinson - Blaze	Graham Jenkinson - Laser
3rd	Graham Jenkinson - Laser	Graham Jenkinson - Laser	Len Ayris & Ian Wyatt - Wayfarer	Gordon Belcher - Laser	Matt Love - Blaze

It has been good to see Quentin improving his sailing through the season and then winning the Autumn series.

No doubt the weather has something to do with it but we have had less people sailing this year. In fact my unscientific impression of the weather is that there have actually been more Sundays this year with good wind conditions (not too light or too strong) as long as you could cope with the cold and the rain! Whatever the reason we have had only 34 people sailing in the medium fleet races this year compared with 45 last year. And I don't think we had more than 10 of these in any single race – down from 13 last year. As I have said before it would be good to have more of the medium fleet members on the water to give Gordon some more competition to beat.

I don't sail in the winter and my experience on the patrol (aka rescue) boat on the first day of the winter series reminded me why. A few intrepid sailors drifted into the clubhouse despite dire forecasts, driving rain and blustery cold winds. The duty crew were hoping that none actually wanted to sail but of course 5 boats were desperate to go. In the morning a conservative lapping course was set and the sun came out for the start. The wind calmed and a successful race was completed with us even considering shortening the course. Despite the cold the sailors seemed to have enjoyed their sails.

Encouraged by this and some more sun during lunch the same 5 boats set out for a more ambitious course down to 23. But this time the weather deteriorated quickly with very blustery winds, rain and hail. The first sign of problems to come as the boats flew down river was a broken mast on David Fenech's V3000 before they reached Hoo Island. We stood by a number of capsizes as the conditions deteriorated and spent a long time among waves up to 3ft (yes 3ft) near 23 as Grahame Smith and Ian Parris righted their RS 800 time after time. Eventually the conditions eased slightly and they were able to start to sail back. Meanwhile radio communications had become virtually impossible. Round the corner we found recovery of the two Laser 2Ks under way, one with a broken rudder. Thus none of the 5 boats completed the course and only 2 made it back without a tow.

Medium Handicap Fleet Report Cont...

Just after we got back the Coastguard arrived following a call from a concerned member of the public worried by the sight of Laser 2K crews sitting on their upturned hulls opposite the Strand. I think I will stick with sailing in the summer when it should be warmer!

Last but not least our Fleet evening is being organised for 2nd February at the Hoo Ness Yacht Club. This follows the success of the evening there last year when the club served up a very good meal for us. Put the date in your diaries now and watch out for your invites in a few weeks time. Hope to see you all there.

Graham Jenkinson

Fast, Medium, and Slow Handicap Fleet Evening

Saturday 2 February

The annual fleet evening for the Handicap fleets will be held again this year at Hoo Ness Yacht Club. Friends and family very welcome. There will be a meal followed by the award of Fleet prizes – and of course the bar will be open. HNYC were very good hosts last year with excellent food.

Put the date in your diaries now and watch out for your invites shortly. Any queries please get in touch graham.jenkinson@blueyonder.co.uk

Laser 2k Fleet Report

That's it (for me at least!!)

Well, that's it for me. It's that time of year where tee-shirts and shorts are beyond the realms of realism, so time to hang up the wet suit boots (or, more importantly, make a diary note to replace them). Despite my own transition from a hardy all-weather sailor to fair-weather-only one, I know a number of the 2K fleet continue to fly the Fleet flag, and enjoy their sailing in the colder conditions of the Winter Series, New Year's Day race and next year's Warm Up series. I'm so glad that they do, as I would otherwise feel compelled to carry the Fleet flag myself, totally against my better judgment.

Looking back

Despite this year's persistently unkind weather patterns, the Fleet saw some excellent turnouts, with an average of 11 boats across all four Series events. This would have been higher still, had it not been for an unusually lower turnout in the Autumn Point series, which saw an entry of only 8 boats. For a fleet comprising of 15 boats, these turnouts are absolutely remarkable, and a reflection of just how active the Fleet is.

Results:

Spring Points Series

1 st	2643	Dave Vettergreen and Janice Smith/Peter Heyes
2 nd	2229	John Hewat and Katie Parris/Cathey Evans/Emily King
3 rd	21914	Andy Hockey and Louise Somers/Felix Hockey/Lucy Hockey

Early Summer Points Series

1 st	22258	Colin Treadwell and Lauren Campbell
2 nd	2643	Dave Vettergreen and Janice Smith
3 rd	21792	Roy Winnett and Geoff Lambert/Paul Rodgers

Late Summer Points Series

1 st	22258	Colin Treadwell and Lauren Campbell
2 nd	21792	Roy Winnett and Geoff Lambert/John Hewat
3 rd	21914	Andy Hockey and Felix/Lucy Hockey

Autumn Point Series

1 st	2643	Dave Vettergreen and Janice Smith
2 nd	21792	Roy Winnett and Geoff Lambert
3 rd	22115	Lesley O'Rourke and Peter Baker

Congratulations to all the above, and to everyone else who gave them a run for their money in each Series.

We also saw 7 Laser 2Ks entering the Commodores 2 series trophy, and congratulations to Roy and Geoff on achieving their very respectable 4th place in a fleet of 25 boats in the series.

The Fleet was very well represented once again at the Medway Regatta, over the weekend of 7/8 July, with 13 boats entering, and I would like to offer my sincerest thanks to everyone who took part. Congratulations to Dave Vettergreen and Lucy Hockey for their Regatta win. Please see separate article on the Regatta elsewhere in this edition of 31½.

I would like to extend a very warm welcome to new members Nicola Marshall and Jonathan Griffiths, sailing 2046, having joined us in the early part of the summer, and to congratulate them on getting married back in the summer months. We look forward to seeing more of Nicola and Jonathan next year.

The Laser 2000s fleet gets off to a good start at the Medway Regatta

Laser 2k Fleet Report Cont...

Nationals

Three boats from the Club made the trip to year's National Championships in North Berwick, on the Firth of Forth, east of Edinburgh - Nina and Sue, along with hubbies Chris and Edward, John Hewat and Sam Pygall and Colin and his entire family (including the dog!).

North Berwick proved to be a great venue. The host club, East Lothian Yacht Club, were a very friendly bunch, and went out of their way to make us all feel very welcome. The club had no paid staff and was run on a purely voluntary basis, just like Wilsonian, which I feel sure was the main reason for their friendliness and dedication to helping us. They provided dinghy parking on a huge grass foreshore, adjacent to the putting course, just a short stroll from the Clubhouse, and a group of very friendly and hardworking beach party provided very welcome assistance with launching and recovery from the flat sandy beach. They even provided us all with ice-cream after coming ashore on a perfectly hot and breezy final day of sailing. That really was a lovely touch at the end of a great week. North Berwick was a small and quaint holiday town, established around a fishing harbour and with several shops selling many different and unusual types of wares. Three further highlights all served to make the week a perfect holiday destination as well as a great sailing venue. We were treated to a march through the town by local pipers, and it just happened that the Highland Games were being held nearby at the same time as our Nationals. However, the absolute highlight for me was the Edinburgh Military Tattoo, held in the stunning grounds of Edinburgh Castle on the Tuesday evening. The Class Association organised tickets and coach transport to and from this spectacular event, one which I would highly recommend to anyone who's not been before.

The only regrets from the entire week were the rains in the early part of the week, though this was more than made up for by the hot sunny weather for the remainder of the week, and the very light winds for most of the week (not what I expected on the North Sea side of Scotland).

Training Day

We held a further training day on Saturday 14 July, with the young but highly experienced Mark Heather (ex. Topper National Champion, as well as subsequent achievements in several other classes) kindly providing the training. Whereas the previous training session in 2011 focused on boat set-up and controls, with a small degree of on-water practice work, Mark got us all out on the water at a very early stage in the day, to maximise our hands-on learning in the boat. At the end of the afternoon, we reviewed the day's activities by studying the live footage taken by Mark during the day to learn what we did well, though mostly what we did badly!!

Thanks ever so much to Mark for kindly giving up his day, for sharing with us the benefits of his wisdom and experience and for making the day both informative and enjoyable.

Millennium Series 5 Open Meeting

The club hosted their first ever Laser 2000 Class Association event over the weekend of 29/30 September, attracting an entry of 23 boats. Whilst the number of visitors was well below what I had initially hoped for, probably due us being a relatively unknown club on the circuit, the turnout from our home fleet was just fantastic. Out of a maximum possible fleet of 15 boats in the Club, we saw 13 of them turn out for the event.

Saturday's racing adopted the Class Association's usual windward-leeward style of course, with three back-to-back races held downstream past the power station. Sunday adopted the usual club racing format, with two races starting and finishing at the Club line (one downwind, being a first for a Class Association event!), and racing around the navigation marks of the river.

The weekend kicked off with a Friday evening meal, washed down with a locally brewed beer, followed by a night in a tent and few people looking rather the worse for wear as formal proceedings got under way on Saturday morning.

The Laser 2000s at the Open Meeting

Laser 2k Fleet Report Cont...

Saturday saw some ideal sailing conditions, with glorious sunshine complementing the pleasant North Westerly force 3 breeze, for the day's back-to-back racing. Despite the suggestion at the briefing that the planned race area customarily experienced relatively steady winds, competitors endured some major shifts, some in the region of 45°, particularly on the approach to the windward mark.

The day ended with supper followed by a light-hearted quiz, accompanied by the remainder of the beer barrel. Thanks ever so much to our Fleet caterers and entertainment crew for all the excellent and hard work they put in to making the weekend a huge success. Carole Rodgers led the catering team, ably assisted by Carole Rodgers and Jane Treadwell, who between them laid on a tremendous meal, at excellent value for money. Jayne Lambert and Paul Thorpe led the post-supper quiz, again with assistance from Carole and Jane.

Fortunately, the earlier weather forecasts for Sunday proved to be less than accurate. Whilst the breeze was certainly much stronger than on Saturday, and continued to build as the day progressed, it was nothing like that predicted in previous forecasts. There was also a lot of cloud cover, but we never got to suffer the deluge that had been predicted in earlier forecasts.

By the start of the second race, on Sunday afternoon, the breeze had continued to build and had picked up to a good force 4-5, resulting in some rather exhilarating sailing and a number of capsizes. All-in-all, the event was both different and very challenging, and Wilsonian SC were delighted to have had the opportunity to welcome visiting boats for their first ever Millennium Series event.

Whilst Wilsonian may not have been particularly well known on the circuit before this event, we certainly put ourselves firmly on the map afterwards, making quite an impact with the Association in the process. Indeed, the Class Association were suitably impressed with our Club to the extent that they have since asked us to host one of their training days next year. Further details will be advised at some later date.

Looking forward

At the time of writing this report, I am in the process of organising the annual Fleet "evening". My initial plan is to repeat what we did last year, by having a Sunday lunchtime roast followed by a short discussion and prize-giving at the Club. I am currently trying to fix a suitable date that would not clash with work parties, the Hoo Freezer and the start of next year's Warm Up Series, and anticipate a likely date to be during late February. However, by the time you read this article you may well have received an email to advise further.

Sue Hannant and Edward are now travelling around the world, and we send our very best wishes to them, hoping for a safe and enjoyable trip, and looking forward to hearing all about it after their return next year.

Finally, please be advised that the Class flag will be changing next year. The current flag is a white laser logo on a red background, and next year this will be reversed to a red laser logo on a white background, consistent with current Laser 2000 practice at all other venues.

I hope that those of you continuing with your sailing for the remainder of this year get to benefit from some decent breezes to keep warm whilst out on the water.

I wish you all a very happy Christmas, a prosperous and Healthy New Year, and look forward to seeing you at the Fleet evening early next year and/or out on the water next season.

Colin Laser 2K 22258

The Kingswear Castle makes her way down the Medway

Medway Dinghy Regatta 2012

The Medway Regatta was, once again, an excellent event, with an entry of 78 boats, representing 19 sailing clubs and travelling from as far as Renfrewshire.

Despite the backdrop of the general economic climate, the dismal 2012 summer weather and the dire forecast for the Regatta weekend, the event was a huge success.

The weather certainly impacted proceedings, particularly the Saturday evening BBQ and entertainment and the prize-giving.

Whilst very heavy rain during Saturday night and Sunday morning could have potentially washed out those camping, I suspect it may not have had too much of an impact given the quantities of beer consumed Saturday evening at the bar. All four barrels of beer were consumed, as were most of the bottled beers in reserve.

The catering was excellent throughout the weekend, thanks to the sterling efforts and dedication of the House Committee.

The Medway "volunteers" kindly assisted once again and, as in previous years, proved to be an absolutely invaluable resource for us. We would really now struggle without their assistance and commitment. We are very much hoping to benefit from their services next year, but it is looking increasingly unlikely beyond that.

We had some great feedback from visitors, commenting on the friendliness of the club and our standards of organisation. One of the prize-winners was so impressed that they even considered joining the club.

Clearly, as always with such a big event, there a few lessons we could usefully learn from the event. These were discussed in detail at the post event "wash-up" meeting, with a view to addressing them for next year's Regatta.

To illustrate the geographical reach of the event, below is a list of the clubs from which we had visitors:

Britlingsea SC, Broadwater SC, Broxbourne SC, Calshott SC, Carington SC, Castle Semple SC, Chipstead SC

Deben YC, Erith YC, Hickling Broad SC, HI SC, Lee on the Solent SC, Medway YC, Rickmansworth SC

Seafarers SC, Stokesbay SC, Sunderland SC, Weston SC, Wilsonian SC

Having been involved with the Medway Regatta now for a good number of years, I am fully appreciative of the amount of effort put in by a good number of people in helping make the event the success that it is. As tempting as it is, I don't wish to name them all, due to the risk of missing someone out, but they all know who they are, and I am extremely grateful to each and every one of them for the time, effort and commitment they spared.

We will shortly commence planning for the 2013 Regatta on 13/14 July.

Colin Treadwell

Overall results/prizes

Bill Stewart Memorial Cup: Angus Winchester (Castle Semple SC)

Fast handicap (Invicta Shield): 1st Canoe Int. 265 Mark Goodchild 5pts (Wilsonian SC)

Junior Week 2012

Junior Week was once again another great success this year. 40 young people came for the week ending with the Junior Regatta. A total of £2400 was raised for the club.

Here is a selection of photographs from this enjoyable week, thank you to Andy Hockey for taking them,

Minorca Sailing 2012

A group of 34 went to Minorca, mainly from Wilsonian but also folk from MYC, Shadwell Basin and Burghfield – not forgetting Nicholas who travelled from Germany.

It was lovely to escape the rain and get some sunshine. We were all overdue single layer clothing, sandals and sailing without wetsuits.

The transfer bus dropped us at the village of Ses Salines where accommodation was shared, self catering apartments with a swimming pool. These were Spartan, though clean and well kept with a washing machine. There was a hotel or Villa upgrade option. I'll be back to the apartments next time. They were very sociable overlooking the pool which was a great place to spend half your 2 hour lunch break, cooling off and swapping tales. This was the best place to witness the RS400 stiff trudge and the RS100 inner thigh disaster. It was also the venue for the running "who's got the worst bruises?" competition jointly won by two WSC members. It's a good job they didn't sail together!

We hit the sailing hard from the beginning. Each day started with a weather report and prediction followed by a brief rundown by each group's instructor. There were groups with levels to suit everyone from Beginners to Advanced asymmetric. Next was some shore based instruction after which the thermal breeze had kicked in and it was off to put instruction to practice. Lighter winds in the early days encouraged the use of more powerful boats - RS400s and 500s. As the wind increased (along with bruises!) there was a tendency towards the easier RS200s and Laser 2000s. Single handers were Varios a RS100s and the ever popular Laser with RS800s and Musto Skiffs for the brave. After the 2 hour lunch the afternoon saw racing. There was a series Saturday to Wednesday, a Regatta on Thursday and a pursuit race on the final Friday morning.

After racing there were a further two single hour slots for free sailing or windsurfing with instructors available one on one. On some nights this was followed by video showings of the days racing in a local Hotel Bar. Of especially novel interest to the Laser and advanced asymmetric fleets was the screening of a race where each boat carried a satellite tracker. A whole fleet of named tadpole like boats dragging a trace behind them showing their tracks through the wind shifts. You could see how good your start was and then track your progress through the race.

Evenings could be spent self catering, eating massive steaks locally or making the 20 minute walk to the quiet gastronomic delights at Fornells.

Sailing was even available right up to the departure of the bus. Well done Andy K. Rs800 to beach, dry shorts and bus. The fastest he was seen to move on shore all week!

A few moments stand out for me – steering on the plane by feel, half blinded by stinging salt spray on an RS500, the moment I was crossed upwind on port and given a comical look of absolute satisfied victory by the fellow helm of a 400, trapezing off a 500 and able to see the full length of both foils beneath me through the water.....wow! Sign me up for next year Sue.

Andy Hockey

News from the Sailing Committee

Here are some matters dealt with by the Sailing Committee this season:

Shortening Course using Flags C over S

The problem had again arisen that whereas the leading boat had had to sail to the mark before learning of the shortened course, later boats were able to cut the corner by sailing wide of the mark and more directly back to the club, leaving the leader disadvantaged. It was agreed to incorporate a new paragraph 12.4 in next year's SI's: "boats shall pass within three boat-lengths of the mark at which the course is shortened".

It is not mandatory this season, but your fellow competitors would certainly appreciate your sporting gesture if you follow this procedure and pass close to the mark at which the course is shortened.

Keepsake Prizes

It has been decided to go for mugs for a second year. The Committee is always open to suggestions for possible prizes in future years. If you feel you should have received a prize for last year and have not yet got it (if you attended a fleet evening you would have got it then), please inquire with Graham Jenkinson who is dishing them out.

PY Adjustment

The Alto is still quite new and untried, and the intention was to have revised its PY after each series by using feedback from our data uploaded to the RYA/Sailracer web site, such as has been done for the V3000 in the past. Unfortunately, the RYA site has not been accepting data or providing the necessary feedback, so this has not happened. Things seem now to be sorted out, however, and updated PY's for both the Alto and V3000 will be applied from the start of next year.

Wednesday Racing

Thanks to appalling weather in May and June, this got off to a poor start this season and never recovered. Some weeks we had a full duty crew and gale force winds and no competitors, other weeks were perfect but there was no duty crew. Towards the end of the series, a reduced-duty setup was trialled, whereby besides the very necessary CDO function, only an RO and an ARO were needed, who also manned the RIB. This on the understanding that if the weather became iffy, competitors would need to self-time at the finish while the RIB switched to rescue duties. The new arrangement seemed to work even better than expected but came too late to save the series. It is therefore planned to use it next season, but if the series is to go ahead, (a) volunteer(s) are required to take over the overseeing of the duty rota and ensure that its requirements are met. If that requirement is satisfied, a results-service will be available as ever. We know that Wednesday sailing is enjoyed by many and would like to see it continue. If you are prepared to step into the breach, please tell a member of the Sailing Committee, or else the series may have to be cancelled.

News from the Sailing Committee cont...

Bank Holiday Mondays and Pursuit Races

Attendance in recent years has been so poor that it has been decided to no longer try to organise events on these dates, which proved to be largely a waste of scarce duty crews. The jury is still out on pursuit races, which always seem popular among those who enter them. Accordingly, it is planned to run these on the mornings of one-off races, such as the Grand Prix (no longer an open meeting) and Leigh Trophy. If you enjoy pursuit racing, be sure to support it or you may lose the option in future years; if you do not know what it is, ask an old salt or a Sailing Committee member.

Winter Series

Attendance by visitors has been so poor recently that the extra effort of running this as an open series was largely wasted. Thus the series is now effectively a club restricted/invitation series run in future according to the club SI's, whereby visitors can be invited to take up cheap temporary membership for the price of the former series fee. In practice, this will change nothing for competitors but will avoid the need to draw up and print a lot of superfluous entry forms and SI's. It will also be known by the traditional title of the 'Frostbite Series'.

Starting Flag Boards

Next season, the Miracle flag currently used for the Slow Handicap start will be replaced by code flag F (red diamond on a white ground). The Laser 2000's will have an attractive new board to enhance their pre-start pleasure.

Fleet Evenings

Dates in the New Year are currently being arranged. Be sure to attend yours to: (a) pick up your prize, (b) have your say, (c) have a drink and maybe more, and (d) break the winter blues by having a good chat with your summer rivals, learn of their plans for the forthcoming season, etc.

Preparing for the start.

Open Day 2012

All Members,

I would like to personally like to thank all members who volunteered at this year's Open Day to ensure it was a great success. Please can you give us your feedback?

I hesitate to name any individuals as I will forget someone. What is clear is that there were tremendous efforts made in planning, publicity, food preparation and service, kit management, welcoming, on the beach and at the helm and entertaining and informing guests.

It was a fantastic team effort which made me proud of our club. The bare facts are that we had 72 recorded visitors with at least 15 leaving with membership forms. We had one new membership on the day and I am confident from the feedback we got on the day that we convert at least 5 of those prospects into full memberships. We will encourage them to come back for the taster day on August 4th and Saturday Skimmers. Peter has a bumper list of adult training candidates.

On top of this we sold out of the fantastic array of cakes and food provided and the day raised over £400 for club.

We look forward to having an even more successful day next year.

To help please can you email me with what you think went well this year and any ideas for improving the Open Day in 2013.

Best wishes,

Jeremy

Dave Vettergreen's photographs from this year's open day

Winter work parties 2013

Dates and allocation of members:

Saturday 12th January U - Z
Saturday 19th January S - T
Sunday 20th January C - F

Saturday 26th January I - L
Sunday 27th January P - R
Saturday 2nd February M - O

Sunday 3rd February G - H
9th & 10th February – Hoo Freezer
Saturday 16th February A - B

It is a condition of membership that all members must attend a winter work party

Tea or Coffee and lunch is provided

The work can be rather dirty, so please wear suitable clothes and shoes

Work starts around 09.30hrs and usually finishes about 16.30hrs

If you are unable to attend on your allotted date, please let me know.

Contact: phone 01634 861664 or email roywinnett@care4free.net

Thanks

Roy

The Day the Mayor Swam the Medway

It all started when the Vaughan Hewett Mayor of Chatham, our local 'Admiral', was invited to present the prizes at the Medway Regatta. He mentioned to the assembled officers of WSC about his idea of swimming the Medway to promote healthy living and the cleanliness of the river – a direct response to Boris who was praising the attributes of the Thames. Some of us were clearly more enthusiastic than Boris!

The next thing we knew there was a date (October 13th) and a comprehensive risk assessment (thanks Martin). The insurance company gave the all clear (thanks Colin) and so we were running out of excuses. "Didn't you know the water is cold in October".

So there we were on blissfully bright morning at WSC congregating with a slight air of apprehension. Maybe we benefited from the presence of Canon Phillip Hesketh from Rochester Cathedral as part of the swimming team. The rest of the team were Christine "ex Derbyshire swim team" Godber, yours truly and Martyn Reeves, Chief Executive of the Friends of the Wisdom Hospice. The CEO of Medway Council cried off at the last minute with a chest infection not a good idea to swim with that!

Martin Smith had created an excellent plan. There were 3 RIBs and Christine asked the Arethusa Activity Centre Kayaks to be in support. The important thing was to get the swim done by the time the Kingsmere Castle came through at 11.20am. As planned the RIBs took us over to St Mary's Island strategically up river of the 'No Swimming' notice.

We set off just before the tide turned approx 11am Blimey it was cold. That wetsuit was very welcome. It soon became apparent that each of us had our own plan. The Canon shot off like he was shot out of his namesake. I followed Martyn who had open water experience and had a calm approach. As we swam out into the river it was amazing how strong the tide still was.

We pushed against the stream and it kept pushing back. About half way across it started feeling comfortable. Then as you approached the club you could feel the tide abating. A clear lesson about where to sail!

It was great to reach the supporting crowd on the downstream slip. Christine and the Mayor were still valiantly swimming. They both appreciated the vessels to help them keep up tide. They struck on and to the cheering crowd reached the club exhausted, cold and proud.

As you would expect the Mayor had attracted the local paper and hopefully the publicity will be positive for the club as well as building local community contacts. Martyn Reeves is keen to start a Medway Marathon and Medway Triathlon to help sponsor his local hospice so keep your eye out for this if you fancy a proper challenge.

Well done to all involved and thanks to all the support crew. A special thanks to Saturday Skimmers who modified plans to accommodate the swim event.
