

INTERNATIONAL ONE DESIGN - IOD **WORLD PARTICIPATION**

The IOD is different from other applying ISAF classes as they are an ISAF Classic Class and have already been permitted to hold World Championships for over a decade. The following information is the data on the participation levels at the World Championships. Below is the summary for the last three worlds:-

- + 2013 Worlds had 10 boats from 2 nations and 1 continent (USA & BER)
- + 2012 Worlds had 13 boats from approx. 3 countries and approx. 2 continent (BER/USA/SWE nations codes were not supplied with the results so some assumption have been made)
- + 2011 Worlds had 19 boats from 4 countries and 2 contents (BER/USA/SWE/NOR)

ISAF Regulations 10.4(b) states an average minimum of 20 boats from 3 countries and 2 continent therefore they have not met the requirement for the last 3 years.
