

G.5.5 Q&A 2012-001

Published: 23 January 2012

Question

Which one of 1, 2 or 3 is the **aft head point** in this diagram?

Answer

“A”, “B” and “C” are all parts of the **leech** and the **aft head point** shall be taken at the point where the extension of “A” intersects with the line through the **head point** and 90° to the **luff**.

“1” is the **aft head point** in this case.

Applicable ERS rules: G.4.2 and G.5.5
