1. INTRODUCTION

The Modern Pentathlon Association of Great Britain (Pentathlon GB) is the governing body for the Olympic sport of Modern Pentathlon and the multi sports events which make up the five disciplines of Pentathlon. It is the governing body for (and as such administers, promotes and encourages) the sport of Modern Pentathlon in Great Britain and Northern Ireland ('Great Britain').

Pentathlon GB is fully committed to the principles of equality of opportunity and will therefore apply best efforts to ensure that no one is disadvantaged on the grounds of a gender, race, ethnic origin, nationality, colour, parental or marital status, religious belief, social status, sexual orientation or political belief. Disability competitors will have the opportunity to take part in the disciplines for which safe provision can be made.

The following Rules apply to BRITISH CHAMPIONSHIPS and their qualifying competitions, including HOME COUNTRY AND REGIONAL CHAMPIONSHIPS for Triathlon (Swim, Shoot, Combined Run/Shoot). The Rules also apply to local or Club competitions which may be organised using the traditional format of Shoot, Swim, Run.

These Rules are intended only for the use of CLUBS AND ORGANISATIONS which are affiliated to Pentathlon GB. These Rules are subject to change at any time, which if made will be posted on the Pentathlon GB website.

Pentathlon GB insurance cover is available in accordance with policy terms to individual members of Pentathlon GB.

Clubs are encouraged to follow these Rules but may adapt a competition to take into consideration availability of venues and local conditions. The amalgamation of classes and introduction of a younger age group is acceptable in club and regional competitions (BUT please note that there is a minimum qualifying age of 9 years by 31 December in the year of competition for the BRITISH CHAMPIONSHIPS). It is essential that any 'local' rules are indicated on the entry form.

For the purposes of these Rules, the following definitions apply:

- 1.1. **British Championships:** means a Championship for individual members of Pentathlon GB who are British Citizens and reside in Great Britain or Northern Ireland and affiliated clubs that are situated in Great Britain or Northern Ireland.
- 1.2. **Regional Championships:** means a Championship for one of the four Home Countries that make up Great Britain and/or specified Regions within the Home Countries.
- 1.3. **Qualifying Competition:** means a Competition where athletes can qualify for the British Championships.
- 1.4. **Competition:** means the entire contest incorporating the disciplines as defined below.
- 1.5. **Discipline:** means a component part of the Competition such as the swim, run, shoot or combined run/shoot.

2. GENERAL ASPECTS

2.1 Composition:

The official Pentathlon GB competition programme may comprise the following Individual, Club Team and Relay events:

I. Modern Biathlon	swim – run
II. Biathle	continuous run-swim-run
III. Modern Triathlon	swim – shoot – combined run/shoot or shoot – swim - run
IV. Modern Tetrathlon	swim – fence – combined run/shoot
V. Modern Pentathlon	swim – fence – ride – combined run/shoot

Competitions may be organised over one or two days. The order of disciplines is to be decided by the Competition Organiser, but wherever possible the run or combined run/shoot should be the final discipline.

2.2. Competition Format:

Modern triathlon at the British Championships and its qualifying competitions comprises both: swim, static shoot (at paper targets) and combined run/shoot (using knock-down targets) for all age groups plus swim and combined run/shoot (using laser technology) for U17, U19, Junior and Senior athletes. Organisers of 'local' or Club competitions may choose to organise a competition using the traditional triathlon format of shoot, swim, run.

2.2.1. Individual:

- 2.2.1.1. British Championships, Regional Championships and Qualifying Competitions may be held in the following classes, for both male and female competitors: Organisers may amalgamate classes with low numbers of entries.

CLASS Age as at 31st December	2015	2016	2017
U11	2005/2006	2006/2007	2007/2008
U13	2003/2004	2004/2005	2005/2006
U15	2001/2002	2002/2003	2003/2004
U17	1999/2000	2000/2001	2001/2002
U19	1997/1998	1998/1999	1999/2000
Junior	1994/1996	1995/1997	1997/1999
Senior	1993 or earlier	1994 or earlier	1995 or earlier
Masters	1980 or earlier	1981 or earlier	1982 or earlier
Open	To be defined by the Competition Organiser		

- 2.2.1.2. Competitors have the right to compete one class above their own with the exception of the Masters classes and where a minimum and/or maximum age restriction applies. A competitor who qualifies for a British Championship MUST compete in the same class in both competitions.

2.2.2. Club Teams:

- 2.2.2.1. Teams are not pre-defined before the competition.
- 2.2.2.2. In all competitions, the three top scoring individuals from an affiliated Club in a class will count as a team. This might mean that the team members change from the qualifying competition.
- 2.2.2.3. After qualifying for the British Championships, all qualifying team members will be re-designated as individual entries.
- 2.2.2.4. Clubs may have more than one team in a class.
- 2.2.2.5. Only Clubs affiliated to Pentathlon GB may have teams represent them at the Qualifying Competitions, Regional Championships and British Modern Triathlon Championships. Clubs wishing athletes to represent them at these competitions should apply for Club membership. The form can be downloaded from www.pentathlongb.org/pentathlongb/resources.php?tab=0

2.3. Entries:

- 2.3.1. All competitors must enter each competition as individuals and pay the appropriate entry fee.
- 2.3.2. There is no direct team entry. In all competitions the three top scoring individuals from an affiliated Club in a class will count as a team. This means that if the Club has more than three qualifying individuals in a class, the team members may change from the qualifying competition.
- 2.3.3. Entries must be submitted prior to the official closing date.
- 2.3.4. The closing date for the British Championships will be four weeks before the competition itself and will be strictly observed.
- 2.3.5. The Organisers may amalgamate classes with low numbers of entries.
- 2.3.6. No refund is possible for withdrawal for any reason, once the closing date has passed.
- 2.3.7. Competition entries are not transferable between competitors.

2.4. Eligibility:

- 2.4.1. To be eligible for all levels of competition (Club, Regional Championships, Scottish Championships, British Championships) and to be entitled for their scores to count towards final placings and awards an individual must:
 - 2.4.1.1. Have attained the standard required on the Level 1 Shooting Certificate (for Club and Regional Championships) and the Level 2 Shooting Certificate (for the Scottish and British Championships) before entering the competition. Shooting Certificates are available from the resources page of the website www.pentathlongb.org. The Shooting Certificate must be signed by a suitably qualified person and sent to Head Office before the competition closing date.
 - 2.4.1.2. Be a member of Pentathlon GB or of a British National Governing Body of Modern Pentathlon recognised by Pentathlon GB (i.e. 'the Home Nations') before the start of the competition. Application for membership should be sent to Pentathlon GB and/or the appropriate Home Country Federation together with the appropriate membership fee.
 - 2.4.1.3. Be a British Citizen and legally resident in the United Kingdom of Great Britain and Northern Ireland.
- 2.4.2. Competitors who are not British Citizens or legally resident in the United Kingdom of Great Britain and Northern Ireland may participate as 'guests' at the Competition Organisers' discretion. Their scores for each discipline may appear in the results but will not count for awards.
- 2.4.3. Members will be eligible to compete for qualification for the British Championships in the Region in which they are:
 - 2.4.3.1. Normally resident; OR
 - 2.4.3.2. Resident whilst attending school, college, university or work, or as a member of HM forces; OR
 - 2.4.3.3. A member of a Pentathlon GB Club affiliated to the Region applicable.
- 2.4.4. Individuals with dual qualification may compete under the name of their Club, even if that Club is not affiliated to the Region in which they wish to compete.
- 2.4.5. Competitors who have dual qualification and wish to enter more than one qualifying competition must advise Pentathlon GB Competitions Office which competition they have selected as their qualifier BEFORE competing in any of the competitions.

- 2.4.6. Individuals who have dual qualification may only compete at the British Championships under the Region through which they qualified and under the same Club name.
- 2.4.7. For training purposes, individuals and teams may enter any number of qualifying competitions out of their own region as guests, but cannot qualify for the British Championships in this way. It is the Qualifying Competition Organisers decision as to whether these competitors will figure in the final placings and presentation of Regional awards.
- 2.4.8. Competitors who have applied for an automatic or discretionary 'bye' entry to the British Championships may enter a Qualifying Competition outside of their own Region as a guest and have their swim times taken into account for seeding of heats at the British Championships. It is the Competition Organisers decision as to whether these competitors will figure in the final placings and presentation of Regional awards.

2.5. Cancellation:

- 2.5.1. If a competition has to be cancelled by Pentathlon GB or it's regions for any reason, notification will be posted on the website www.pentathlongb.org as soon as the decision has been made.
- 2.5.2. If a competition organised by Pentathlon GB or it's regions is cancelled for reasons within our control, each athlete entered into that competition will be offered an alternative competition (where possible) and in default a full refund.
- 2.5.3. If the decision to cancel is made because of circumstances beyond the control of Pentathlon GB, e.g. adverse weather conditions or the strong possibility of adverse weather conditions, there will be no refund.

2.6. Substitution – REGIONAL AND QUALIFYING COMPETITIONS:

After the closing date for entries, no substitution may be made, except in cases of illness of other unavoidable circumstances, which must be certified by the relevant Club Secretary and approved by the Competition Organiser. In such cases substitution may only be made with another bona fide member of the Club.

2.7. Substitution – BRITISH CHAMPIONSHIPS:

- 2.7.1. Substitution is not allowed under any circumstances.
- 2.7.2. Before the closing date, in the event of a qualified individual not being able to compete in the British Modern Triathlon Championships, the next highest placed individual on the rankings list may be offered the place.

2.8. Qualification for British Championships:

- 2.8.1. The top six scoring individuals plus the individual members of the TOP TWO placed affiliated Club Teams attending the Qualifying Competitions organised by the Pentathlon GB Regions and the Scottish Triathlon Championships will qualify by right:
- 2.8.2. Other highly ranked individuals who have not qualified under the above criteria will be invited to participate. There are not a defined number of places for each class therefore additional invitees will be offered places on merit rather than their place on the rankings list.
- 2.8.3. In exceptional circumstances Pentathlon GB may alter the qualification criteria.

2.9. Rankings List:

- 2.9.1. Results of all the Qualifying Competitions and the Scottish Triathlon Championships will be combined to produce a British Ranking List from which other highly ranked individuals who have not qualified under the above criteria may be invited to participate.
- 2.9.2. In all competitions, the three top scoring individuals from an affiliated Club in a class will count as a team. This means that if the Club has more than three qualifying individuals in a class, the team members may change from the previous round.
- 2.9.3. If a qualified individual is not able to enter the British Championships for whatever reason, the next ranked individual may be invited to participate in their place.
- 2.9.4. If, within a week of the competition, classes are not at full capacity, athletes further down the rankings list may be invited to compete at the absolute discretion of the Competition Organiser. Any decision made in this respect is final with no right of appeal or recourse.
- 2.9.5. Scores will be adjusted for the ranking list as shown below.

SWIMMING – CONVERSION TABLE

POOL LENGTH	200m SWIM	100m SWIM	50m SWIM
50m to 25m	- 2.5 seconds	- 1.1 second	- 0.5 second
25m to 50m	+ 2.5 seconds	+ 1.1 second	+ 0.5 second

2.10. Discretionary 'Bye' Applications – British Championships:

- 2.10.1. These will be awarded only in exceptional circumstances to competitors who have a history of competing in the British Modern Triathlon Championships or to assist the Pentathlon GB Performance Team in talent identification.
- 2.10.2. Competitors unable to attend their own Qualifying Competition because they have been selected to represent Great Britain at either a Modern Pentathlon or Biathlon International Competition or who are engaged on a World Class Programme event (this does not include Talent Identification Camps) as directed by the Performance Director or the World Class Pathway Manager may apply for a discretionary 'bye' entry to the British Championships.
- 2.10.3. Discretionary 'bye' applications must be supported by either a medical certificate or a copy of the entry form to a County or National Competition for another sport which has taken precedence over the Qualifying Competition.
- 2.10.4. Applications must be made via the special 'Application for a Discretionary Bye' form counter signed by the Regional Competition Secretary, or for members of the National Squad by a member of the Pentathlon GB Performance Team.
- 2.10.5. The completed form must be sent, together with the supporting evidence, a cheque covering the correct entry fee and a stamped addressed envelope, to the Pentathlon GB Competitions Office, to arrive within two weeks of the date of the Qualifying Competition of the Region concerned.
- 2.10.6. All applications for a discretionary 'bye' will be considered on their merit by The National Competitions and Events Manager. Applicants should check the website (www.pentathlongb.org) after the closing date to see if their membership number appears in the list of accepted entries.

2.11. Start List:

The Competition Organiser must publish a programme containing the competitors entered into each class for distribution before the start of the competition.

2.12. Age Handicap:

Men and women competing in the Masters classes are given bonus points over the age of 40. Points will be added or deducted to the total score, as indicated in the table below. Once the age of 70 has been reached the number of bonus points remains the same. For the purpose of deciding the places in each discipline the actual time or score will be used.

MASTERS +/- POINTS TABLE

AGE	MEN	WOMEN	AGE	MEN	WOMEN
35	-67	-78	53	+210	+273
36	-54	-62	54	+231	+301

51	+169	+217	69	+769	+1033
52	+190	+244	70	+818	+1100

2.13. Team Relay Competition:

The ages of the Team members will be added together and divided by three to find the average age, rounded down to the nearest number. Points \pm as per the individual table.

2.14. Results, DNS & DNF:

2.14.1. Competitors who without prior notice and appropriate explanation do not report for any discipline for which they have been entered, will automatically be excluded from the start list for any subsequent disciplines. Their scores will be included in the final results and they may take part in the awards ceremony only with the permission of and at the discretion of the Competition Organiser.

2.14.2. A competitor who does not finish (DNF) in both the swim or combined run/shoot disciplines may not qualify for the British Triathlon Championships. Their shoot scores (if any) will be included in the final results and they may take part in the awards ceremony only with the permission of and at the discretion of the Competition Organiser. The decision will be based upon whether the competitor made an appropriate attempt to complete the discipline/s. Putting a foot over the start line to achieve a DNF instead of a 'did not start' (DNS) is not an attempt to complete the discipline.

2.14.3. The Results for the Competition will be posted as soon as possible after the completion of the Competition in each Class. At the time of publication the Results will be considered PROVISIONAL until 15 minutes after publication at which time they become FINAL.

2.15. Placings:

2.15.1. Final positions are decided by points according to the results obtained from each discipline.

2.15.2. Under 13 Competitors:

2.15.2.1. The competitor with the highest total score is the winner, second place will go to the second highest score etc.

2.15.2.2. If there is a tie, the winner is the competitor who has gained more first places in the three disciplines.

2.15.2.3. If there is still a tie, the competitors' placing in each discipline will be added together and the competitor with the lowest total will be declared the winner.

2.15.2.4. If there is still a tie the competitors' run times will be taken into consideration and the competitor with the faster time will be declared the winner.

2.15.2.5. If there is still a tie the competitors' swim times will be taken into consideration and the competitor with the faster time will be declared the winner.

2.15.3. Under 15, Under 17, Under 19, Junior, Senior and Masters Competitors:

2.15.3.1. Where the combined run/shoot is the final discipline, the first competitor to cross the finish line is the winner (unless a penalty is incurred in the final run phase). If in the unlikely event that the winner has fewer points in total than the next placed competitor, Modern Pentathlon points should be added so that their score is the same.

2.15.3.2. If it is impossible to determine who crossed the finish line first, the winner is the competitor or team who has gained more first places in the three disciplines.

2.15.3.3. If there is still a tie, the competitor with the highest combined run/shoot score will be declared the winner.

2.15.3.4. If there is still a tie, the athlete with the best swim time will be placed in the higher position.

2.16. Official Prizes:

2.16.1. The Presentation of Awards will take place as soon as possible after the provisional results have been published even if there is an unresolved protest.

2.16.2. The official prizes awarded at British Championships in each class are:

Individual competition with less than 10 competitors	1 st – 3 rd
10 – 14 competitors	1 st – 4 th
15 – 19 competitors	1 st – 5 th
20 and over competitors	1 st – 6 th
Club team competition	1 st – 3 rd

2.16.3. Regional trophies may be awarded to the highest scoring Region. The scores of the highest placed Regional competitor in each class are added together to give the Regional scores.

2.17. Elimination and Disqualification:

- 2.17.1. Attention should be paid to the difference between elimination and disqualification;
 - 2.17.1.1. Elimination is a penalty for a serious infringement of the Rules that may not have been committed deliberately.
 - 2.17.1.2. Disqualification is a punishment for a deliberate attempt to circumvent the Rules.
- 2.17.2. A competitor who abandons or is eliminated in a discipline scores zero points in that particular discipline, but is allowed to compete in the subsequent disciplines.
- 2.17.3. A competitor who is disqualified in a discipline may not take any further part in the competition and will be excluded from the final results.
- 2.17.4. The Competition Organisers' decision is final with no appeal or further recourse.

2.18. Official Steward:

Pentathlon GB may appoint an Official Steward for each Qualifying Competition. The duties of the Steward are:

- 2.18.1. To inspect and approve all the venues before to the start of the competition, including provision for First Aid cover.
- 2.18.2. To insist on an alteration if, in his opinion, the venues are not in all respects within the limits laid down in the Rules or if they are unsuitable for the competition, especially on the grounds of safety.
- 2.18.3. To ensure that the competition is run in accordance with current Pentathlon GB Rules.
- 2.18.4. To be present and participate if necessary, in the briefing of the judges and to act as Chairman of the Jury of Appeal.
- 2.18.5. To give whatever guidance or help that may be required.
- 2.18.6. The Official Steward should not undertake any other duties.

2.19. Jury of Appeal:

- 2.19.1. A Jury of Appeal will be appointed by the Competition Organiser and will consist of a minimum of 3 persons including the Competition Organiser and two other Individuals.
- 2.19.2. The Members of the Jury of Appeal shall be independent of the event in issue.

2.20. Appeals:

- 2.20.1. The Competition Organiser is responsible for appointing Officials for the various disciplines. These Officials are responsible for enforcing the competition Rules.
- 2.20.2. If an Official determines that a Rule has been violated in a material respect or that a competitor has sustained a penalty in connection with the discipline, he will notify the competitor or his representative as soon as possible and officially register the violation, the reason for the violation, the penalty together with the number of penalty points (as appropriate).
- 2.20.3. A competitor or his representative, who believes a competition official's decision to be incorrect, may make a verbal appeal to the relevant Discipline Director.
- 2.20.4. A verbal appeal is an oral expression of dissatisfaction, made by a competitor or his representative, regarding an action or decision of a competition official.
- 2.20.5. An appeal may only be made in respect of a matter which:

- (a). may realistically be expected to have a material influence on the outcome of the discipline and/or Competition results.
 - (b) is about a judgment or decision affecting events on the field of play.
- 2.20.6. A verbal appeal against participation of a competitor must be raised with the Competition Organiser not later than one hour after the start of the competition. After considering the verbal appeal, the decision of the Competition Organiser is final with no further right of appeal or other recourse.
 - 2.20.7. A verbal appeal in connection with a rule violation or imposed penalty must be made to the relevant Discipline Director within 15 minutes of the decision being notified to the competitor or his representative.
 - 2.20.8. A verbal appeal concerning an allegedly erroneous result should be made within 15 minutes of the result being displayed.
 - 2.20.9. A verbal or written appeal will be handled as quickly as possible. The fact of an outstanding decision should not affect the commencement of the presentation of awards.
 - 2.20.10. If the competitor or his representative believes the decision regarding the verbal appeal to be incorrect, at that point and not before, he may appeal the matter in writing to the Jury of Appeal which will either confirm or reverse the decision of the Discipline Director.
 - 2.20.11. An appeal must be written in English, summarising the decision appealed against and the brief reasons why the decision is wrong, and must be accompanied by a deposit of £20.00 in cash.
 - 2.20.12. The Jury of Appeal may adopt any procedure suitable to the resolution of the point in issue bearing in mind time constraints. Its decision, may be a majority decision, and made if it wishes in private. This decision is final with no further right of appeal or other recourse.
 - 2.20.13. The competitor or his representative will be informed of the Jury of Appeal's decision but not necessarily of the reasons for it.
 - 2.20.14. If the Jury of Appeal decides that the appeal is valid, the deposit will be returned to the person who submitted it. If the Jury of Appeal rejects the appeal, the deposit will be credited to Pentathlon GB and the competitor or his representative given a receipt.
 - 2.20.15. The Jury of Appeal may also meet when there is need to discuss the application of a specific Rule.

2.21. The intention of the Rules:

Pentathlon GB Competition Rules are designed to be as comprehensive as possible. It is the right and duty of all concerned including the Jury of Appeal, in applying the Rules to act and take decisions in a sporting spirit and to conform as near as possible with the intention of the Rules. In every case the decision of the Jury of Appeal is final with no further appeal or other recourse.

2.22. Rules and Safety:

- 2.22.1. It is the responsibility of Competitors and Team Officials to know and obey the Rules and to take positive thought for their own safety and the safety of others.
- 2.22.2. The warm-up period for each discipline is an integral part of the competition. The Rules for safety and equipment are the same as for the Competition itself.
- 2.22.3. During the competition, competitors must wear the equipment specific to each discipline, in accordance with the Rules for each discipline.
- 2.22.4. Smoking is strictly forbidden at all competition sites.

- 2.22.5. Organisers must ensure that adequate First Aid cover is provided.
- 2.22.6. Organisers should complete a written Risk Assessment for each discipline. Templates of Risk Assessments for each discipline may be obtained from www.pentathlongb.org.
- 2.22.7. Pentathlon GB observes a strict Child Protection Policy, the provisions of which must be observed at all times. Any individual wishing to use a mobile phone camera, still or video camera at the competition must first register their name, address and telephone number at competition registration on the appropriate form, before the start of the competition. Permission for the use of such equipment is at the discretion of the Competition Organiser, Pentathlon GB and the Venue Management. A copy of Pentathlon GB's Child Protection Policy is available from <https://www.pentathlongb.org/safeguarding/index.php>.
- 2.22.8. Any general Rules and/or requirements imposed by the Venue Management shall be respected by all persons including all competitors and supporters involved with the competition.

2.23. Force Majeure and Calendar Change:

Pentathlon GB reserves the right to amend the Modern Triathlon Rules at any time, and to change dates and venues if need be. Any such amendments will be made known to competitors by any available method including publication on the pentathlongb.org website.

2.24. Limitation of Liability:

Pentathlon GB, the Organisers and all those acting on their behalf disclaim responsibility, financial or otherwise, for any loss or damage to personal or other property. It is the responsibility of competitors and spectators to look after and take care of their possessions. Pentathlon GB, the Organisers and all those acting on their behalf only accept responsibility for physical harm suffered by a competitor or spectator to the extent imposed by law.

3. SWIMMING:

3.1. Freestyle Swimming:

- 3.1.1. The competition is a freestyle event. A competitor may swim any stroke or style.
- 3.1.2. In turning, the competitor must touch the end of the pool with some part of the body. It is forbidden to take a step or more on the bottom of the pool.
- 3.1.3. In finishing the competitor must touch the end of the pool with some part of the body,

3.2. Swimming Competence:

- 3.2.1. All competitors must be capable of swimming at least the distance appropriate for their class without contact with the bottom of the swimming pool and they shall be capable of treading water unaided for a minimum of two minutes. The Organisers and/or the Competition Venue Management may require this competence to be demonstrated before the event for any individual or group of swimmers.
- 3.2.2. Only those swimmers who have reached the standard of the ASA Competitive Start Award are permitted to start with a shallow racing dive from the blocks.
- 3.2.3. Swimmers who have reached the standard of the ASA Preliminary Competitive Start Award are permitted to start with a shallow racing dive from the side of the pool. Swimmers who have not reached the standard must start in the water.
- 3.2.4. If in the opinion of the Referee a competitor does not appear to be competent to dive safely, the competitor must start in the water. The Referee's decision is final.

3.3. Distances and Scoring for each class:

CLASS	INDIVIDUAL			TEAM RELAY		
	Distance	Time for 1000 pts	Pts ± per 0.2 sec	Distance	Time for 1000 pts	Pts ± per 0.2 sec
Under 11	50m	42 secs	6	3 x 50m	1 min 50 secs	6
Under 13	50m	40 secs	6	3 x 50m	1 min 40 secs	6
Under 15	100m	1 min 14 secs	4	3 x 50m	1 min 30 secs	6
Under 17	200m	2 mins 30 secs	2	3 x 100m	3 mins 15 secs	4
Under 19	200m	2 mins 30 secs	2	3 x 100m	3 mins 15 secs	4
Junior/Senior	200m	2 mins 30 secs	2	3 x 100m	3 mins 15 secs	4
Masters Women	100m	1 minute 35 seconds	4	3 x 25m	55 secs	12
Masters Men	100m	1 minute 25 seconds	4	3 x 25m	1 min	12

- 3.3.1. For the purpose of deciding positions, the actual time taken recorded to 1/100 second will be used, not the time which is used for calculating the points. An electrical timing device or stopwatches registering 1/100ths second are compulsory.
- 3.3.2. For the purpose of calculating the score, times are recorded at intervals of 0.2 seconds. . The respective intervals in each second ending after 0.2s, 0.4s, 0.6s, and 0.8s.
- 3.3.3. For example: the measured time 1.10.11 will be recorded as 1.10.00 and 2.20.75 will be recorded as 2.20.60.

3.4. Swimwear:

- 3.4.1. The swimwear (swimsuit, cap and goggles) of all competitors in all competitions shall be in accordance with the FINA General Rules and Bylaws on swimwear, in force on the date of the competition.
- 3.4.2. The competitor must wear only one swimsuit in one piece (men) and one or two pieces (women) which for men shall not extend above the navel nor below the knee and for women, shall not cover the neck, extend past the shoulder, nor shall extend below the knee. No additional items, such as arm bands or leg bands shall be regarded as parts of a swimsuit. All swim suits must be made of textile materials. No zipper or other fastening system is allowed.
- 3.4.3. Any kind of tape on the body is not permitted unless approved by the Swim Director. Failure to gain approval will result in a 40 point penalty.
- 3.4.4. Swimmers are not permitted to use or wear any device that may aid their speed, buoyancy or endurance during a competition (webbed gloves, flippers, fins etc). Goggles and caps may be worn.
- 3.4.5. All swimsuits must be non-transparent, in good taste and suitable for the swimming discipline. Swimwear should not carry any symbol which may be considered offensive.
- 3.4.6. Identification in the form of logos on swimwear, i.e. swimsuit, cap and goggles, and pool deck equipment, i.e. track suits, officials' uniforms, footwear, towels and bags, is permitted. A two-piece swimsuit shall, in relation to advertising, be regarded as one. The name and the flag of the Country of the competitor or the Country code shall not be regarded as advertisements.
- 3.4.7. Body advertisement is not allowed in any way. Failure to remove body advertisement when instructed to do so will result in elimination.
- 3.4.8. Advertising tobacco or alcohol is not allowed.
- 3.4.9. The penalty for not being correctly dressed, using tape on the body without approval, using devices to aid speed, buoyancy or endurance, having body advertisements or advertising tobacco or alcohol is 40 points. The referee will require that the competitor remove all non-allowed advertising (if applicable) and change into clothing that complies with the Rules.
- 3.4.10. The referee may exclude and eliminate any competitor unable or unwilling to comply with the above Rules.

3.5. Officials:

For all Competitions the following Officials are considered necessary although the Competition Organiser has the right to vary this where local circumstances dictate:

Swimming Director, Referee, Starter, Chief Timekeeper, Timekeepers, Clerk of the Course, Turns Judges, Placings Judges, False Start Rope Personnel and Announcer.

3.6. The Swimming Director:

- 3.6.1. Is responsible for the overall safety of the discipline including the completion of a risk assessment.
- 3.6.2. Appoints all of the Officials and is responsible for managing and co-ordinating activities of all the Officials appointed.
- 3.6.3. Ensures the discipline is properly carried out in accordance with the programme.
- 3.6.4. Decides on any verbal complaints received from competitors or Team representatives relating to the competition in progress.

3.7. The Referee:

- 3.7.1. Shall have full control and authority over all Officials, shall approve their assignments and instruct them regarding all special features or regulations related to the competition.
- 3.7.2. Shall enforce all Rules and decisions of Pentathlon GB and has the authority to disqualify, eliminate or impose penalty points in accordance with the Rules.
- 3.7.3. May intervene in the competition at any stage to ensure that the Pentathlon GB Rules are observed and has the authority to penalise competitors or other persons who infringe these Rules.
- 3.7.4. Shall adjudicate, with the Swimming Director, all verbal protests related to the competition in progress.
- 3.7.5. Shall ensure that all necessary officials are in their respective positions for the conduct of the competition; may appoint a substitute for any official who is absent, incapable of acting, or found to be inefficient; and may appoint additional officials if considered necessary.
- 3.7.6. At the start of each heat shall signal to the competitors by a series of short whistles, inviting them to prepare for the start. This is followed by a long whistle indicating that they should take their position on the starting blocks.
- 3.7.7. When the competitors and officials are ready, the Referee shall indicate to the Starter, with an outstretched arm, that the competitors are now under the Starter's control. The outstretched arm will remain in that position until the starting signal is given.
- 3.7.8. Has the power to recall the competitors to the start, if any external occurrence has caused any competitor in the race to suffer an unfair disadvantage. In such case it shall not be a false start.
- 3.7.9. When automatic judging and timing equipment (AOE) is used, it shall be used to determine the winner, placings and the times for each lane. The results and times so determined shall have precedence over the decisions of Judges and Timekeepers.
- 3.7.10. If no AOE is used or there is a breakdown, mechanical failure or, if in the opinion of the Referee, a failure has occurred, the Judges and Timekeepers will take precedence and the Referee should determine the finish order following consultation with the Placings Judge and the manual times taken.

3.8. The Starter shall:

- 3.8.1. Have full control of the race from the time the Referee hands over the race to the Starter until the race has commenced.
- 3.8.2. Report a competitor to the Referee for delaying the start, for wilfully disobeying an order of for any other misconduct taking place at the start, but only the Referee may eliminate a competitor for such an occurrence.
- 3.8.3. Have power to decide whether the start is fair, subject only to the decision of the Referee. Once the start signal has been given, the Starter must not change his opinion and must not recall the competitors unless 3.8.4. applies.
- 3.8.4. With the concurrence of the Referee, recall the competitors with a repeat of the starting signal if an external occurrence has caused any competitor in the race to suffer an unfair disadvantage. In such a case, it shall not be a false start.
- 3.8.5. When starting a race, the Starter shall stand on the side of the pool within approximately 5m of the starting end, where the Timekeepers can see the starting signal and the competitors can hear or see the signal.

3.9. The Chief Turns Judge shall:

- 3.9.1. Ensure that the Turns Judges fulfil their duties during the competition.
- 3.9.2. Receive the reports from the Turns Judges and, if any infringement occurs, shall pass the report to the Referee immediately.

3.10. The Turns Judge shall:

- 3.10.1. Be assigned at the non-starting end of the pool.
- 3.10.2. Ensure that the competitors comply with the relevant Rules for turning commencing from the beginning of the last arm stroke before touching and ending with the completion of the first arm stroke after turning.
- 3.10.3. Report any violation to the Chief Turns Judge, who shall immediately convey the report to the Referee.
- 3.10.4. The Timekeepers shall act as Turns Judges at the starting end and shall ensure that competitors comply with the relevant Rules from the start and ending with completion of the first arm stroke.

3.11. The Placing Judges shall:

Report their finish order to the Referee, who will use them to determine the finishing order when AOE is not in use or in their opinion there is a malfunction in the AOE.

3.12. The False Start Rope Officials shall:

Lower the false start rope upon hearing the recall signal given by the Starter.

3.13. The Chief Timekeeper shall:

- 3.13.1. Instruct the timekeepers in their duties and, assign the positions for all the timekeepers and the lanes for which they are responsible. There shall be one, two or three timekeepers for each lane. Where possible, there shall be two additional timekeepers designated, either of whom will be directed to replace a timekeeper whose watch does not start or is stopped during the race or who for any other reason is not able to record the time.
- 3.13.2. Collect from each timekeeper either the time or a card showing the time recorded and, if necessary, inspect their watches.
- 3.13.3. For each lane record the time, examine the official time and if necessary enter it on the competitor's card.

3.14. The Timekeepers shall:

- 3.14.1. Take the time of the competitors in the lane assigned to them.
- 3.14.2. Start their watch at the starting signal and stop it when the competitor in their lane touches the end of the pool, having completed the race.
- 3.14.3. If AOE is in use, operate the semi-automatic back up stop button, as instructed by the Chief Timekeeper.
- 3.14.4. Check that the competitors in their lane touch the end of the pool when turning.
- 3.14.5. Promptly after the race, record the time, for their competitor, from their watch on the competitor's card (if used) and on their results sheet, give it to the Chief Timekeeper and, if requested, present their watch for inspection. Their watches must not be cleared until the short whistle of the Referee announcing the following race.

3.15. The Clerk of the Course shall:

- 3.15.1. Assemble competitors before each heat.
- 3.15.2. Not allow any competitor to go to their starting place whose costume is not in accordance with the Rules.
- 3.15.3. Check and refuse to allow any competitor who has used oil, grease, solution or other substance on their bodies to go to the start.
- 3.15.4. Ensure that the relevant competitors are lined up and ready for the start of each heat.

3.16. The Announcer shall:

- 3.16.1. Before the start of each session, make an announcement of the safety requirements of the competition, as provided in writing by the Competition Organiser and/or the pool authorities.
- 3.16.2. Comply with the Referee's instructions regarding giving information about heats.
- 3.16.3. Make other announcements only as directed by the Swimming Director, Referee or other authorised person.

3.17. Health and Safety Announcements include:

- 3.17.1. 'You are reminded that the depth of water in the shallow end is (announce depth) and the deep end is (announce depth). Starting blocks are (announce height) above water level. Lane(s) (announce lane number(s)) only are to be used for sprinting and diving.'
- 3.17.2. When the water depth is less than 0.9m at the end of the pool where starting and/or turning takes place, the following should be announced 'As the water depth is below 0.9m at (name end(s)) of the pool, all starts at that end must be in the water and you are reminded that this depth is considered insufficient for tumble turns.'
- 3.17.3. When the water depth is 0.9m but less than 1.5m and the height of the pool edge is not more than 0.38m above the level of the water the following announcement must be made 'Coaches and Team Managers are reminded that only those swimmers who have reached the standard of the ASA Preliminary Competitive Start Award are permitted to start with a shallow racing dive from the side of the pool. Swimmers who have not reached this standard must start in the water.'
- 3.17.4. When the water depth is 0.9m but less than 1.5m and starting blocks are provided the following announcement must be made 'Coaches and Team Managers are reminded that only those swimmers who have reached the standard of the ASA Competitive Start Award are permitted to start with a shallow racing dive from the starting blocks.'
- 3.17.5. 'If there is a recall, which is a repeat of the starting signal, you must continue with a shallow racing dive, you must not topple into the water head downwards as this is dangerous.'
- 3.17.6. 'If you are starting in the water, you must lower yourself over the side, do not jump or dive.'
- 3.17.7. 'The signal that you will hear if it becomes necessary to evacuate the building will be (announce here the nature of the alarm, as given in the Pool Safety Operating Procedures and give a sample sounding if possible).'
- 3.17.8. 'To evacuate the building, all those present must use the marked emergency exits (announce where they are). Swimmers and Officials must not return to the changing rooms to collect their clothes and belongings.'
- 3.17.9. When the competition involves Competitors under the age of 18 years the following announcement must be made 'In line with the recommendation of the Pentathlon GB Child Protection Policy, the Competition Organiser requires that any person wishing to engage in any video, zoom or close range photography must register their details with staff at the Reception Desk before carrying out any such photography.'

3.18. Warm-up:

This is an integral part of the competition. The Rules of safety and equipment are the same as in the competition itself. The length of the warm-up period is at the discretion of the organiser and should be stated in the programme.

3.19. Heats:

- 3.19.1. Competitors will swim in heats seeded according to their swimming time declared on the entry form or in the case of British Championships, the time achieved at the Regional Qualifying Competition.
- 3.19.2. In each heat the competitor with the best time will swim in the centre lane of the pool. In a pool with an even number of lanes 4, 6, 8 or 10, the centre lane will be 2, 3, 4, or 5. The competitor having the next fastest time is to be placed on their left, then alternating the others right and left in descending order by their swimming times. The placing of relay teams at the start will be the same as in the individual competition.
- 3.19.3. When there are two or more heats in a class, wherever practical there shall be a minimum of three competitors seeded into any one heat.
- 3.19.4. The Competition Organiser will endeavour to indicate how many swimmers there will be in each heat and which lanes (if any) will not be used.

3.20. Start:

- 3.20.1. The start in freestyle races shall be with a dive or with the competitor in the water holding the pool rail or end.
- 3.20.2. The start must take place at the deep end of the pool.
- 3.20.3. Where the depth of water is less than 1.5m a warning must be given to all competitors. Under no circumstances may any competitor be allowed to dive into a pool with a depth of less than 0.9m.
- 3.20.4. In a pool with a depth of between 0.9m and 1.5m, only competitors who have reached the standard of the ASA Preliminary Competitive Start Award should be allowed to dive in from the side of the pool. Only competitors who have reached the standard of the ASA Competitive Start Award should be allowed to dive in from the blocks.
- 3.20.5. If the pool is not the required minimum depth or the competitors are inexperienced then they must start in the water.
- 3.20.6. On the long whistle blast from the Referee, competitors shall immediately stand on the starting blocks or at the end of the pool and remain there, or if starting in the water, enter the pool in their lane.
- 3.20.7. The Referee shall then signal to the Starter, by means of an outstretched arm, that he may proceed to start the race. The outstretched arm will remain in that position until the starting signal is given.
- 3.20.8. On the Starter's command 'Take Your Marks', competitors shall immediately take up a starting position at the front of their starting block, edge of the pool or at the end of the lane with one hand on the rail or pool end if starting in the water.
- 3.20.9. When all competitors are stationary, the Starter shall give the starting signal (using a starting pistol, horn, whistle or command).

3.21. False Start:

- 3.21.1. If a competitor jumps or falls into the water **before** the command 'take your marks' they will be eliminated.
- 3.21.2. If a competitor jumps or falls into the water **after** the command 'take your marks' but before the start signal, they will be penalised by 40 points and the start will recommence.
- 3.21.3. If a competitor is moving when the starting signal is given they will have committed a false start and will be penalised by 40 points. There will be no recall.
- 3.21.4. In the event of a false start the offending competitor(s) must be informed of the penalty immediately on finishing the heat.
- 3.21.5. A competitor whom in the opinion of the Referee has been fouled in such a way that he has been impeded, must be allowed to swim again after an appropriate period of rest.
- 3.21.6. If, in the opinion of the Referee, there is an external occurrence which causes any competitor to move, false start or suffer an unfair disadvantage then the competitors will be recalled. This is not a false start and competitors will not be penalised.
- 3.21.7. The recall signal will be the same as the starting signal. A rope shall be used for the purpose of stopping the competitors.
- 3.21.8. In the Team relay each wrong relay change is penalised by 40 points.

3.22. Turning:

Competitors must touch the end of the pool with some part of the body when turning. A competitor who does not touch the end of the pool will be penalised by 40 points.

3.23. Resting:

A competitor may stand on the bottom of the pool or hold the lane ropes for the purpose of resting, but they may not walk or propel themselves forward. A single step / movement or more forward will incur 40 penalty points.

3.24. Finish:

- 3.24.1. After finishing, competitors must stay in the water in their appointed lane, until the Referee has given permission to clear the water by using a verbal instruction/whistle blast and hand sign. Competitors leaving the water before the command will be penalised by 40 points.
- 3.24.2. Swimmers must not leave the pool by climbing out over the end whether or not electronic touch pads are installed. Any competitor doing so will be penalised by 40 points.

3.25. Timing and Automatic Officiating Procedures:

- 3.25.1. When automatic judging and timing equipment (AOE) is used, it shall be used to determine the winner, placings and the times for each lane. The results and times so determined shall have precedence over the decisions of Judges and Timekeepers.
- 3.25.2. In the event of a malfunction of the AOE, no-one but the Referee shall have the authority to carry out any changes to the results.
- 3.25.3. If the AOE fails to be started by the starting signal, the AOE operator should start the equipment, which may then be used to determine placings. Under these circumstances the scoreboard should be rendered inoperative.
- 3.25.4. The official time will be determined as follows:
 - 3.25.4.1. When an AOE time is available for **all** competitors in a class, then the official time will be that time.

- 3.25.4.2. When the AOE fails to record the time of one or more competitors in a class then the official time for all competitors within that class will be the semi-automatic back-up time or if not available for **all** members within a class, the official time recorded by the timekeepers.
- 3.25.4.3. If a competitor does not have a recorded time of any sort then the Referee will look at the official placings and give the competitor concerned the same time as the competitor placed in front or behind. The Referee's decision as to which time is given will be dictated by each situation as it arises.
- 3.25.5. Any certified timing device that is terminated by an official shall be considered a watch. Such manual times must be taken wherever possible by three timekeepers. Manual timing shall be registered to 1/100 of a second.
- 3.25.6. Where no Automatic Officiating Equipment (AOE) is used, official manual times shall be determined as follows:
- 3.25.6.1. Where three Timekeepers are used for a lane - If two of the three watches record the same time and the third disagrees, the two identical times shall be the official time.
- 3.25.6.2. If all three watches disagree, the watch recording the intermediate time shall be the official time.
- 3.25.6.3. Where two Timekeepers are used for a lane and the times do not agree, then the average time of the two recorded times will be taken.
- 3.25.6.4. Where only one Timekeeper is used for a lane, then their recorded time shall be the official time.
- 3.25.7. The times recorded by the Timekeeper(s) assigned to a lane shall be the only times considered. Where a Chief Timekeeper times a competitor then that time shall only be considered when they are timing in place of the appointed Timekeeper, who is unable to take a time and no other substitute is available.
- 3.25.8. If the times registered by the timekeepers do not support the official placings, the times of the competitors concerned shall be added together and divided by the number of such competitors who shall all be credited with that time, raised if necessary to the nearest hundredth of a second.

3.26. Infractions, Fouling and Penalties:

Infractions of these Rules will be penalised by deduction of points, by elimination or disqualification.

- 3.26.1. Competitors will be penalised by **deduction of 40 points** for:
- 3.26.1.1. Wearing non-conforming swimwear, having body advertisements or advertising tobacco or alcohol.
- 3.26.1.2. Using tape on the body without approval.
- 3.26.1.3. Using oil, grease, solution or other substance.
- 3.26.1.4. Any false start which is not penalised by elimination.
- 3.26.1.5. Taking a step or more on the bottom of the pool or pulling themselves forward on the lane ropes.
- 3.26.1.6. Not touching the end of the pool with some part of the body when turning.
- 3.26.1.7. Leaving the swimming lane before the Referee has given the command to do so.

3.26.1.8. Leaving the water from the front side whether or not electronic touch pads are installed.

3.26.1.9. An incorrect change over in relay.

3.26.2. Competitors will be penalised by **elimination** for:

3.26.2.1. Delaying the start of a race, wilfully disobeying an order or for any other misconduct taking place at the start.

3.26.2.2. Jumping or falling into the water before the command 'take your marks'.

3.26.2.3. Being unable or unwilling to change into swimwear that complies with the Rules.

3.26.2.4. Pushing, swimming across or obstructing another competitor so as to impede their progress.

3.26.2.5. Using any device that may aid speed, buoyancy or endurance during the race, such as webbed gloves, flippers, fins, kickboards etc.

3.26.3. Competitors will be penalised by **disqualification** and his team (if applicable) eliminated for wilfully and with intent, pushing, swimming across or obstructing another competitor so as to impede their progress. This includes an intentional false or early start.

U13 (Youth D)	3 x 400m	3 mins 25 secs	3 mins 30 secs	3
U15 (Youth C)	3 x 400m	3 mins 10 secs	3 mins 20 secs	3
U17 (Youth B)	3 x 400m	3 mins	3 mins 10 secs	3
U19 (Youth A)	3 x 400m	3 mins	3 mins 10 secs	3
Junior/Senior	3 x 400m	3 mins	3 mins 10 secs	3
Masters	3 x 400m	3 mins 25 secs	3 mins 30 secs	3

4.2.2.1. For the purpose of calculating the score, times are recorded at intervals of 0.2 seconds. The respective intervals in each second ending after 0.2s, 0.4s, 0.6s, and 0.8s.

4.2.2.2. For example: the measured time 3.30.11 will be recorded as 3.30.00 and 3.30.75 will be recorded as 3.30.60.

4.2.2.3. For the purpose of deciding the positions, the actual time taken, recorded to 1/100 second will be used, not the time which is used for calculating the points.

4.3. Clothing and Equipment:

- 4.3.1. Competitors must wear clothing that is in good taste and suitable for the running discipline.
- 4.3.2. Clothing must not carry any symbol which may be considered offensive.
- 4.3.3. The clothing must be made of material which is non-transparent even when wet.

- 4.3.4. Identification in the form of logos on running clothing i.e. track suits, footwear, officials' uniforms and bags is permitted. The name and the flag of the Country of the competitor or the Country code shall not be regarded as advertisements.
- 4.3.5. Body advertisement is not allowed in any way.
- 4.3.6. Advertising for tobacco or alcohol is not allowed.
- 4.3.7. Team relay members should if possible be identically dressed as far as style and colour of clothing is concerned.
- 4.3.8. The penalty for not being correctly dressed is 40 points. The Running Director will request that the competitor change into clothing that complies with the Rules.
- 4.3.9. The Running Director has the authority to exclude and eliminate any competitor unable or unwilling to change into clothing that complies with the Rules.

4.4. Shoes:

- 4.4.1. Competitors must not compete in bare feet but must wear appropriate footwear on both feet. Shoes must not be constructed so as to give the competitor any additional assistance.
- 4.4.2. Spring devices or an appliance of any kind inside or outside the shoe is prohibited. Only shoes that have not been adapted from a manufactured shoe may be worn.
- 4.4.3. There is no restriction concerning the thickness of the sole.
- 4.4.4. The number and size of spikes is not limited. However the Competition Organiser may ban the use of spikes or prescribe restrictions concerning dimensions of spikes when the competition is conducted on a synthetic or indoor surface. This will be declared on the entry form or written notice at the competition.
- 4.4.5. The penalty for wearing non-conforming footwear is 40 points. The Running Director will request that the competitor change into footwear that complies with the Rules.
- 4.4.6. The Running Director has the authority to exclude and eliminate any competitor unable or unwilling to change into footwear that complies with the Rules.

4.5. Numbers:

- 4.5.1. Every competitor must wear the number card(s) provided by the Competition Organiser. If only one number is provided then it must be worn on the chest. The number should be properly fastened, clearly visible and easy to read in all weather conditions.
- 4.5.2. If a competitor modifies the dimensions or appearance of the starting number card(s) given by the Competition Organiser, they shall be penalised by 40 points.
- 4.5.3. No competitor will be allowed to take part in the discipline without the correct number(s).
- 4.5.4. Team Relay members must wear start numbers which distinguish their team and order of running i.e. 1a, 1b, 1c, 2a, 2b, 2c etc.

4.6. Officials:

For all Competitions, the following officials are considered necessary although the Competition Organiser has the right to vary this where local circumstances dictate.

Running Director, Starter, Starter's Assistant, Chief Time Keeper, Time Keepers, Arrival Judges, Marshals.

4.7. The Running Director:

- 4.7.1. Appoints all the officials, is responsible for managing and co-ordinating activities of all the officials appointed and instructs them regarding all special features or regulations related to the competition.
- 4.7.2. Shall enforce all Rules and decisions of Pentathlon GB and has the authority to disqualify, eliminate or impose penalty points in accordance with the Rules.
- 4.7.3. May intervene in the competition at any stage to ensure that the Pentathlon GB Rules are observed and has the authority to penalise competitors or other persons who infringe these Rules.
- 4.7.4. Decides on any verbal complaints received from competitors or team representatives relating to the discipline in progress.
- 4.7.5. Supervises the laying out of the running course.
- 4.7.6. Ensures the discipline is properly carried out in accordance with the programme.
- 4.7.7. Ensures that the course and all equipment is in accordance with Pentathlon GB Rules.
- 4.7.8. Is responsible for the overall Health and Safety of the discipline including the completion of a Risk Assessment.
- 4.7.9. Shall ensure that all necessary officials are in their respective positions for the conduct of the competition; may appoint a substitute for any official who is absent, incapable of acting, or found to be inefficient; and may appoint additional officials if necessary.

4.8. The Starter:

- 4.8.1. Has entire control of the competitors whilst on their marks and is the judge of any fact connected with the start of the race.
- 4.8.2. Is responsible for synchronising his own and the timekeepers' watches and for giving the start signal to competitors at the moment when they are due to start the race.
- 4.8.3. Will apply false start penalties and communicate them immediately to the Running Director.

4.9. The Starter's Assistant(s):

- 4.9.1. Must check that competitors are on the start line and make sure that they are in the correct order, wearing the correct numbers (which must be properly fastened) on the chest and on the back if a second number card has been supplied.
- 4.9.2. Must be prepared to stop and send runners back to the start line if the Starter signals that they have made a false start.
- 4.9.3. In the team relay, will check that the start and changeovers are properly carried out in the relay box; check the arrival order and if there are any issues, communicate them immediately to the Running Director.

4.10. Chief Timekeeper:

Is in charge of the Timekeepers and is responsible for the accurate recording of the competitors' times.

4.11. Timekeepers:

- 4.11.1. Whether or not automatic timing is used there should be three timekeepers (Including the Chief Timekeeper).
- 4.11.2. Record the times of all the competitors.
- 4.11.3. When manual timing is used the official time is from the Chief Timekeeper. In case of failure, the second timekeeper's stopwatch must be used as the official time and so on
- 4.11.4. Act as 'back up' in case of failure of the automatic timing equipment.

4.12. The Arrival Judges:

Are responsible for registering the arrival order and run times of the competitors at the finish line.

4.13. Course Marshals:

Shall be placed by the Running Director in such positions that they may observe the running closely. In case of a foul, deviation of the course, unauthorised assistance, or violation of these rules by other persons the Course Marshal should make an immediate oral report of the incident to the Running Director.

4.14. Start and Finish Marshals:

Have full control of the starting and finishing area and shall not allow any person other than the officials and competing competitors to enter or remain there.

4.15. Inspection Of The Course:

At least 1 hour before the start of the discipline the course should be marked so that it is possible for competitors to inspect it. 15 minutes before the warm-up is due to start the course should be cleared of competitors and spectators. At least 5 minutes before the start all restrictions preventing competitors and supporters from viewing the course must be removed.

4.16. Heats:

- 4.16.1. Competitors will run in heats seeded according to their run time declared on the entry form or in the case of British Championships, the time achieved at the Regional Qualifying Competition.
- 4.16.2. Where there are two or more heats in a class, the Competition Organiser will endeavour to make the heats as even in numbers as possible.

4.17. Start Procedure:

- 4.17.1. A single start line is used, marked on the ground by a line, the colour of which contrasts with the surface.
- 4.17.2. Competitors are responsible for knowing their start time and for being at the start line at least 15 minutes before the published time. They must obey the Starter's Assistant's instructions regarding their position on the start line.
- 4.17.3. For the Individual competition the start will be a pack start.
- 4.17.4. The pack start may also be used for the Team Relay, with the 1st runners starting together, 2nd and 3rd runners will start once they have been touched by their team's preceding runner once he has completed the course.
- 4.17.5. An incorrect or early take-over in the relay competition will be penalised by 40 points.
- 4.17.6. The incoming runner may touch any part of their team member's body, within a 20m hand over zone.

- 4.17.7. Competitors line up according to their start number.
- 4.17.8. One minute before the start of a heat all competitors must be in their correct place on the start line. The Starter will announce 'One minute to start'.
- 4.17.9. Thirty seconds before the start and then subsequently 20 and 10 seconds the Starter will give a '30 (20) (10) seconds to start' warning to the competitors.
- 4.17.10. After the OK from the Timekeepers the Starter will give the 'Take Your Marks' command, followed by the starting signal.
- 4.17.11. All timing equipment will be started on the start signal.
- 4.17.12. Wherever possible, a large, official clock indicating the correct time should be placed at the start so that it is visible to competitors, officials and spectators.

4.18. False Start:

- 4.18.1. A false start is deemed to have occurred if the competitor puts one foot on the ground outside of the start line before the start signal is given.
- 4.18.2. If a competitor starts **before** the command 'take your marks', he will have committed a false start by making a blatant attempt to start too early. The competitor will be eliminated and the start will recommence.
- 4.18.3. If a competitor starts **after** the command 'take your marks' but before the start signal is given, he will have committed a false start and will be penalised by 40 points. There will not be a recall.
- 4.18.4. In the event of a false start, the offending competitor(s) must be informed of the appropriate penalty as soon as possible after finishing the heat.
- 4.18.5. If, in the opinion of the Starter, there is an external occurrence which causes any competitor to move, false start or suffer an unfair disadvantage, then the competitors will be recalled. This is not a false start and competitors will not be penalised.
- 4.18.6. The recall signal will be the same as the starting signal.
- 4.18.7. If a competitor starts late they will not be penalised, but their time will be taken from the moment they should have started the discipline.

4.19. Unauthorised Assistance:

- 4.19.1. A competitor will be eliminated if during the race they accept any physical assistance or refreshment (unless taken from a drink station specifically provided by the organiser).
- 4.19.2. The running of any person (such as a coach, parent or spectator) with or behind a competitor for more than 50m qualifies as unauthorised assistance. A warning will be given to the person concerned that 'pacing' is considered unauthorised assistance.
- 4.19.3. If the unauthorised assistance persists and the 'pacing' continues, the competitor will be eliminated.
- 4.19.4. A hands-on medical examination by official medical personnel during the progress of the event and verbal or other communication from a person who is not inside the course is not considered to be unauthorised assistance.

4.20. The Finish:

The finish will be marked by a single line, marked on the ground by a line the colour of which contrasts with the ground.

4.21. Timing:

- 4.21.1. An electronic time keeping system which is capable of registering time in 1/100th seconds is obligatory. If electronic time keeping system is not available then a stop watch capable of recording times to 1/100th second must be used.
- 4.21.2. The time must be taken from the starting signal for a given heat (race) until the moment at which any part of the competitor's body (i.e. torso, as distinguished from the head, neck, arms, legs, hands or feet) reaches the perpendicular plane of the finish line.

4.22. Infringements, Fouling and Penalties:

Infringements of these Rules will be penalised by deduction of points, by elimination or disqualification.

- 4.22.1. Competitors will be penalised by deduction of **40 points** for:
 - 4.22.1.1. Contravening footwear or clothing regulations.
 - 4.22.1.2. Modifying the dimensions of the start numbers.
 - 4.22.1.3. A false start which is not penalised by elimination.
 - 4.22.1.4. A relay team will be penalised for an incorrect hand over.
- 4.22.2. A Competitor will be penalised by **elimination** for:
 - 4.22.2.1. A blatant attempt to start too early held to be a severe infringement of the principle of fair play.
 - 4.22.2.2. Unintentional or accidental deviation from the course, but only if it is found that such an action resulted in a material advantage for the competitor. Any shortening of the course is considered a material advantage.
 - 4.22.2.3. Not completing or voluntarily leaving the run course.
 - 4.22.2.4. Improper jostling, running across or obstructing another competitor so as to impede their progress.
 - 4.22.2.5. Being unable or refusing to change into footwear or clothing that complies with the rules.
 - 4.22.2.6. Persistent unauthorised assistance.
- 4.22.3. A Competitor will be penalised by **disqualification** for deliberate deviation from the course irrespective of whether a material advantage was gained.

4.23. Penalty Table – Running:

The Competitor infringes the Rules and is penalised for:	Rule	Penalty
Contravening footwear or clothing regulations	4.3. & 4.4. & 4.22.1.1.	Deduction of 40 points
Modification of start numbers	4.5. & 4.22.1.2.	Deduction of 40 points
Starting after 'take your marks' but before the start signal is given	4.18.3. & 4.22.1.3.	Deduction of 40 points
Incorrect relay hand-over	4.17.5. & 4.22.1.4.	Deduction of 40 points
Unintentional deviation from the course if this resulted in a material advantage for the competitor	4.22.2.2.	Elimination
Not completing the course	4.22.2.3.	Elimination
Improper conduct by jostling, running across or obstructing another competitor	4.22.2.4.	Elimination
Persistent unauthorised assistance	4.19. & 4.22.2.6.	Elimination
Being unable, or refusing to change into footwear or clothing that complies with the Rules	4.3.9., 4.4.6. & 4.22.2.5.	Elimination
A blatant attempt to start too early	4.18.2. & 4.22.2.1.	Elimination
Deliberate deviation from the course	4.22.3.	Disqualification

4.24. The Running Course:

- 4.24.1. The course should be designed so that there is a minimum risk of injury to the competitors; therefore no sharp turns or steep declines should be included. The course can be laid out on any kind of surface or surfaces. Changes or variations to the surface of the course should be avoided wherever possible.
- 4.24.2. The length of the course can be made in one or more laps. The race should be run in an area which will assist and encourage the access of spectators.
- 4.24.3. The maximum climb of the course should be no more than 50m. The total climb is measured from a perpendicular angle from the starting area and adding together the total metres of climb from each level.
- 4.24.4. The course should wherever practical be marked with a sign post, at every 500m to inform competitors of the distance they have run.
- 4.24.5. The total course must be wide enough to permit two runners to pass each other at any point.
- 4.24.6. The start and finish should, if possible, be in the same place.
- 4.24.7. The start line and the finish line should be marked by a single line at least 5cm wide the colour of which contrasts with the ground. It is recommended that a gantry (arch, gate, etc.), vertical poles or something similar also mark the start line and the finish line.
- 4.24.8. The start and finish areas must be wide enough to permit the starting/finishing procedures to take place without unnecessary crowding
- 4.24.9. The course must be clearly marked with flags, tape and/or markers above ground level, so that the direction of the course is always obvious to the competitors.
- 4.24.10. At least 1 hour before the start of the discipline the course should be marked so that it is possible for competitors to inspect it. 15 minutes before the warm-up is due to start the course should be cleared of competitors and spectators. At least 5 minutes before the start all restrictions preventing competitors and supporters from viewing the course must be removed.
- 4.24.11. At all qualifying competitions the course must be known by the Steward (if present) before the start of the discipline. The Steward has the right to make changes if necessary.
- 4.24.12. In relay competitions:
 - 4.24.12.1. The start and finish lines shall be a minimum of 5m wide.
 - 4.24.12.2. The hand-over zone shall be 20m long, placed 10m each side of the finish line. Thus the dimensions of the hand-over zone will be 20m x minimum 5m.
 - 4.24.12.3. The hand-over zone shall be clearly marked by limit lines.

5. SHOOTING – Applicable only to athletes shooting pellet:

5.1. Shooting Format:

5.1.1. Shooting with an air pistol that complies with Rule 5.31.2. fired at a standing target from a distance of 10 metres.

5.1.2. Shooting is on command and all competitors have 20 seconds in which to fire each shot.

Class	Competition Shots		Preparation and Sighting Period	Loader
	Individual	Relay	Time	
Masters, Senior, Junior, U19, U17	10	3 x 10	10 minutes – includes aiming/holding exercises, dry firing and sighting shots – see Rule 5.16. (Dry firing means to operate the trigger without discharging the pellet.)	NO
U15	10	3 x 5		NO
U13, U11	10	3 x 5		Allowed

5.2. Targets for Competition:

British Championships	One shot per target if electronic retrieval targets are used otherwise a maximum of 5 shots per target	2 competition targets if manual collection of targets. 10 competition targets if electronic retrieval targets are used
Regional Competitions	Maximum of 5 shots per target	2 competition targets
Club Competitions	Can amend to suit conditions (recommend max 5 shots per target)	

5.3. Clothing and Footwear:

5.3.1. A competitor may only wear normal athletic or everyday clothing that is in good taste and suitable for the shooting discipline. Special jackets and trousers, such as worn by a rifle shooter, undergarments or accessories which may be constructed to offer support for the shooting position, are prohibited.

5.3.2. Clothing must not carry any symbol which may be considered offensive.

5.3.3. The clothing must be made of material which is non-transparent even when wet.

5.3.4. Identification in the form of logos on running clothing i.e. track suits, footwear, officials' uniforms and bags is permitted. The name and the flag of the Country of the competitor or the Country code shall not be regarded as advertisements.

5.3.5. Body advertisement is not allowed in any way.

5.3.6. Advertising for tobacco or alcohol is not allowed.

5.3.7. Team relay members should if possible be identically dressed as far as style and colour of clothing is concerned.

5.3.8. Competitors must not compete in bare feet but must wear appropriate footwear on both feet. Footwear must not reach the anklebone and must not be constructed so as to give the competitor any additional assistance.

5.3.9. The use of any special devices or garments, which support the shooter's leg, body or arms are prohibited.

- 5.3.10. Bracelets, wristwatches, wrist bands or similar items which might provide support are prohibited on the hand and arm which hold the pistol.
- 5.3.11. A sports watch is permitted on the non-shooting hand.
- 5.3.12. The penalty for contravening the clothing and footwear regulations is 40 points. The Chief Range Officer or Shooting Director will request that the competitor change into clothing and/or footwear that complies with the Rules.
- 5.3.13. The Chief Range Officer or Shooting Director may exclude and eliminate any competitor unable or unwilling to change into clothing and/or footwear that complies with the Rules.
- 5.3.14. Sound-reducing devices may be worn, however radios, tape recorders or any type of sound-producing or communication systems are prohibited outside of the preparation and sighting period. Contravening this rule will result in elimination.

5.4. Officials:

For all Competitions, the following officials are considered necessary, although the Competition Organiser may vary this where local circumstances dictate: Shooting Director, Chief Range Officer, Range Officers, Target Officer, Assistant Target Officers, Chief Classification Officer, Classification Officers, Equipment Control Officer.

5.5. The Shooting Director:

- 5.5.1. Appoints all the officials, is responsible for managing and co-ordinating activities of all the officials appointed and instructs them regarding all special features or regulations related to the competition.
- 5.5.2. Shall enforce all Rules and decisions of Pentathlon GB and has the authority to disqualify, eliminate or impose penalty points in accordance with the Rules.
- 5.5.3. May intervene in the competition at any stage to ensure that the Pentathlon GB Rules are observed and has the authority to penalise competitors or other persons who infringe these Rules.
- 5.5.4. Decides on any verbal complaints received from competitors or team representatives relating to the discipline in progress.
- 5.5.5. Produces a layout for shooting and support activities (e.g., Equipment Control, Classification/scoring, dry fire area).
- 5.5.6. Ensures the discipline is carried out in accordance with the programme.
- 5.5.7. With the agreement of the Chief Range Officer has the right to stop shooting temporarily for justifiable reasons.
- 5.5.8. Ensures that the range and all equipment are in accordance with Pentathlon GB Rules.
- 5.5.9. Ensures that the necessary experts and materials are available to operate the range.
- 5.5.10. Is responsible for the overall Health and Safety of the discipline including the completion of a Risk Assessment.
- 5.5.11. Shall ensure that all necessary officials are in their respective positions for the conduct of the competition; may appoint a substitute for any official who is absent, incapable of acting, or found to be inefficient; and may appoint additional officials if necessary.

5.6. The Chief Range Officer:

Supervises all the Range Personnel and is responsible for:

- 5.6.1. The correct conduct of the shooting discipline and where centralised control is exercised, for all range commands.
- 5.6.2. The rapid correction with the appointed Range Officers, of any equipment failure and for ensuring that the necessary experts and materials are available to operate the range.
- 5.6.3. Resolving any irregularities which the Range Officers cannot resolve.
- 5.6.4. The efficient and rapid scoring of all targets in co-operation with the Chief Classification Officer.

5.7. Range Officer:

There will be one Range Officer for a maximum of 12 firing points. (If there are 15 firing points there should be two Range Officers). Each Range Officer shall be responsible for:

- 5.7.1. Maintaining order on the range, with particular attention to safety.
- 5.7.2. Calling competitors to their firing points.
- 5.7.3. Checking the names and start numbers of the competitors to ensure that they agree with the shooting schedule, start list, scorecards and range register.
- 5.7.4. Supervising the target distribution.
- 5.7.5. Checking that the competitors' clothing after being checked at Equipment Control still complies with Rule 5.3.
- 5.7.6. Verifying that the competitors' pistols have been inspected and approved by the Equipment Control Officers.
- 5.7.7. Giving the range commands in his group, if necessary.
- 5.7.8. Checking to see that the competitor loads each shot with the pistol in contact with the shooting table.
- 5.7.9. Checking that competitors stand with both feet on the ground, without support, completely within the firing point. For Masters, U15, Y17, U19, Junior and Senior competitors, the entire pistol must be held and fired with one hand only. U11 and U13 competitors may use two hands, but both hands must be behind the trigger guard. Under no circumstances may the barrel be supported by the non-shooting hand.
- 5.7.10. Checking malfunctions, as far as explicitly authorised.
- 5.7.11. Supervising the correct operation of the targets.
- 5.7.12. If there is a target error or a target malfunction which is not the competitors fault, the Range Officer shall move the competitor to R1, R2 or a spare bay as quickly as possible in order not to disturb or delay the competition.
- 5.7.13. Checking that no communication between coaches and competitors occurs after the preparation and sighting period. Infringement results in a warning for the first occurrence and 40 points for each subsequent violation. If the communication involves a sound producing or radio communication device, the competitor will be eliminated.
- 5.7.14. Ensure the recording of all irregularities, disturbances, penalties, misses, malfunctions etc.
- 5.7.15. Communicating all irregularities and penalties to the Chief Range Officer and Chief Classification Officer.

- 5.7.16. Assisting the Equipment Control Officer in checking the trigger weight at random firing points immediately after the last shot is finished.
- 5.7.17. On completion of the shoot detail, checking that the pistol has no pellets in its breech or barrel before allowing casing.

5.8. Target Officer:

There will be one Target Officer for a maximum of 12 firing points to operate with each Range Officer. Each Target Officer is responsible for:

- 5.8.1. Distributing the group of targets entrusted to him unless other provision has been made for their distribution.
- 5.8.2. Ensuring that targets are rapidly changed and delivered securely to the classification office.
- 5.8.3. Assisting the Range Officer to resolve doubtful situations according to Pentathlon GB Rules.

5.9. Chief Classification Officer and Classification Officers:

The Classification Officers are responsible for the scoring of targets. The Chief Classification Officer supervises the work of the Classification Officer and takes the final decision in the case of a difference of opinion of the Classification Officers.

- 5.9.1. Two Classification Officers, or one Classification Officer and one scoring machine will score every target independently. Their responsibilities are to:
 - 5.9.1.1. Resolve issues of differences in the measured score.
 - 5.9.1.2. Record scores.
 - 5.9.1.3. Keep shot targets in detail and competitor order.
 - 5.9.1.4. Deliver or transmit scores to the Results team.
 - 5.9.1.5. Retaining shot targets for collection by competitors.

5.10. Chief Equipment Control Officer and Equipment Control Officer:

The Chief Equipment Control Officer and Equipment Control Officer are responsible for:

- 5.10.1. Checking that the equipment, clothing and footwear of the competitor complies with Pentathlon GB Rules and regulations before the competition.
- 5.10.2. With the assistance of the Range Officer, checking the trigger weight at random firing points immediately after the last competition shot is finished.

5.11. Safety Regulations:

Safety is paramount and is everyone's responsibility. The safety of the competitors, range personnel and spectators requires continued and careful attention to pistol handling and caution in moving around the Range. Self-discipline is necessary on the part of everyone. Where such self-discipline is lacking, it is the duty of Range Officials to enforce discipline and the duty of competitors and team officials to assist in such enforcement.

- 5.11.1. A notice must be displayed at the shooting venue referring to the safety procedures and the Firearms Act. A copy is available upon request from Pentathlon GB Competitions Office.
- 5.11.2. All competitors and any supporting adult **MUST BE FAMILIAR WITH THE LAW RELATING TO AIR PISTOLS** a summary of which is available for download from the Pentathlon GB website www.pentathlongb.org/resources/guidance/pdf/FirearmsGuidance.pdf.
- 5.11.3. Competitors must be familiar with range procedure before entering a competition.
- 5.11.4. Competitors must be competent in handling their pistols. The Range Officer has the discretion to eliminate those who, in his opinion, are not competent.
- 5.11.5. In the interests of safety, the Shooting Director with the agreement of the Chief Range Officer may stop shooting at any time.
- 5.11.6. Competitors or their representatives must immediately notify The Shooting Director, Chief Range Officer or Range Officer of any situation that may be dangerous or which may cause an accident.

5.12. **THE FOLLOWING SAFETY REGULATIONS MUST BE ENFORCED BY OFFICIALS AND FOLLOWED BY COMPETITORS AND THEIR SUPPORT PERSONNEL (PARENT, GUARDIAN, COACH, TEACHER ETC) AT ALL TIMES.**

CONTRAVENTION OF THESE REGULATIONS BY A COMPETITOR OR HIS LOADER OR COACH MAY LEAD TO ELIMINATION OF THAT COMPETITOR FROM THE DISCIPLINE OR DISQUALIFICATION.

- 5.12.1. Pistols **MUST BE KEPT IN A SECURELY FASTENED CASING AT ALL TIMES** except at the firing point and in the designated areas for dry-firing and equipment control. The case may be opened within the above areas to put in or take out other equipment. This should not be done in public areas. Infringement will result in **ELIMINATION**.
- 5.12.2. Handling or carrying an **UNCASED PISTOL** outside of the designated equipment control area, dry-fire area, or firing range will result in **ELIMINATION**.
- 5.12.3. Having a **LOADED PISTOL** anywhere other than on the firing point during the preparation and sighting period or competition will result in **DISQUALIFICATION**.
- 5.12.4. On arrival at the firing point competitors **MUST WAIT** for the command '**UNCASE PISTOLS**' before removing and placing the pistol or other contents on the table.
- 5.12.5. Pistols must be made **SAFE** by **OPENING** the **COCKING HANDLE** and/or **LOADING PART** at **ALL TIMES**, immediately after they are **UNCASED**, whilst **BEING CARRIED** or **HANDLED**, or **NOT BEING USED** at the firing point. This includes at Equipment Control.
- 5.12.6. When uncased, the **PISTOL** must **ALWAYS** be **POINTED** in a **SAFE DIRECTION** and be in **SAFE** condition. **A pistol is SAFE when it is untouched, pointing at the targets, unloaded with the cocking handle and/or loading part in an open position.**
- 5.12.7. If a pistol is to be **MOVED OR CARRIED UNCASED**, it should be held by the barrel and/or cylinder, rather than by the grip.
- 5.12.8. **PISTOLS must NOT be TOUCHED when PERSONNEL are FORWARD of the FIRING LINE.**

- 5.12.9. The Chief Range Officer, or other appropriate Range Officer, is responsible for giving the commands '**LOAD**', '**START**', '**STOP**' and other necessary commands. Range Officials must also be sure that the commands are obeyed and that all pistols are handled safely. Any competitor who touches a pistol or magazine without permission of the Range Officer after the command '**STOP**' has been given may be **ELIMINATED**.
- 5.12.10. **AT THE FIRING POINT, the PISTOL may be LOADED only after the command to 'LOAD' is given.**
- 5.12.11. The **PISTOL** must always be in contact with the shooting table when being **LOADED and** pointed in a safe direction. This can be any part of the pistol i.e. grip, barrel or cylinder. Where continuous contact is not possible because of the design of the pistol, it must be in contact for the final action, e.g., closing the barrel assembly or the loading lever. Infringement will result in a 40 point penalty for each occurrence.
- 5.12.12. After loading the **LOADER** must **MAINTAIN HOLD** of the pistol until the competitor takes it. A loaded pistol must not be left unheld.
- 5.12.13. In the event of a **MALFUNCTION**, the competitor, must **MAINTAIN HOLD** of the pistol, keeping it **POINTED** towards the **BACKSTOP**, and raise a hand to inform the Range Officer.
- 5.12.14. When the command '**STOP**' is given, all competitors must **STOP SHOOTING** immediately and place their pistols on the **TABLE** in the '**SAFE**' **CONDITION. THE COMPETITOR MUST RAISE THEIR FREE HAND IF THEIR GUN IS STILL LOADED AND FOLLOW THE INSTRUCTIONS OF THE RANGE OFFICER.**
- 5.12.15. Shooting may only resume when the appropriate command is given.
- 5.12.16. At the **END of SHOOTING**, the competitor must **AWAIT 'CLEARANCE'** from a Range Officer before changing the target or 'casing' the pistol.
- 5.12.17. After the last shot, the competitor must ascertain, before leaving the firing point, and the Range Officer will verify, that there are no pellets in the chamber or magazine(s). The pistol may not be cased without this check having taken place.
- 5.12.18. A pistol other than those operated by pre-compressed air or CO₂, can be discharged, with permission, before being put into its case. Air or CO₂ pistols should not be cocked after the last shot in the series or match. If this is unavoidable, discharge as for spring or pneumatic pistols.
- 5.12.19. **THE RANGE OFFICER'S COMMANDS MUST ALWAYS BE OBEYED.**

5.13. Equipment Control and Clothing Checkpoint:

- 5.13.1. The Competition Organiser must provide a complete set of gauges and instruments for equipment control before and during the discipline.
- 5.13.2. The Competition Organiser must inform competitors and team officials where and when they will have their equipment inspected.
- 5.13.3. The competitor, or coach/guardian in the case of competitors under the age of 18, is responsible for presenting all pistols, spare cylinders, equipment and accessories for official inspection to ensure conformity with Rule 5.33. Competitors must be present and dressed in the same clothing they intend to shoot in.
- 5.13.4. Before the shooting discipline each competitor's air pistol must be checked and approved by the Equipment Control Officer for calibre, dimensions, weight and trigger weight to ensure that it conforms to the Rules.
- 5.13.5. A dead weight must be used with no springs or other devices. The weight of the trigger pull must be measured, with the test weight suspended near the middle of the trigger and the barrel held vertically. The weight must be placed on a horizontal surface and lifted clear of

the surface. The tests must be conducted by the equipment control officials. The minimum weight of the trigger pull must be 500g and maintained throughout the competition. A maximum of three (3) attempts to lift the weight is allowed. If it does not pass it may only be re submitted after adjustment. When testing the pistols the propellant charge must be activated.

- 5.13.6. The overall size of the pistol is limited to those dimensions which will permit it to be enclosed completely in a rectangular box having the inside dimensions of 420mm x 200mm x 50mm.
- 5.13.7. A maximum of 1 reserve pistol per competitor is to be brought to the Equipment Control Area and Clothing Checkpoint for inspection and marking. The reserve pistol (if available) must be taken directly to the range and deposited in the competitors' box at their own firing point.
- 5.13.8. Clothing, footwear and other equipment and accessories will be checked to ensure conformity with Rules 5.3. and 5.33.
- 5.13.9. A competitor beginning the discipline with a non-approved pistol will be penalised by elimination.
- 5.13.10. All approved equipment should be marked with a seal or sticker.
- 5.13.11. After the equipment has been approved, it must not be altered at any time before or during the competition in any way that would conflict with Pentathlon GB Rules. Nor must it be exchanged for a non-approved pistol. The competitor will be disqualified if any alterations or exchange takes place. If there are any doubts regarding the alteration the pistol must be returned to equipment control for re-inspection and approval.
- 5.13.12. Approval of any equipment is valid only for the competition for which the inspection was made.
- 5.13.13. The competitor must use the same pistol in all stages and series of the competition unless it ceases to function.
- 5.13.14. In this instance, the competitor may continue with the reserve pistol or cylinder (if available). It must comply with the Rules for the competition and must have been approved by the Equipment Control Officer.
- 5.13.15. Exchanging an approved pistol for one that has not been approved by the Equipment Control Officer will result in disqualification.
- 5.13.16. During the Relay competition (of two or three competitors) only the competing competitor's pistol can be laid on the shooting range table. Only the competitors are authorised to move their pistols from the pistol storage under the table to the shooting table.
- 5.13.17. It is the competitors' responsibility to ensure that they arrive at the competition with their air cylinder full. Wherever possible, the competition organiser should make a compressed air supply available for the competitors to re-fill or top up their cylinders.
- 5.13.18. It is the responsibility of the competitors and team managers to ensure they fill their pistols and cylinders safely and efficiently.

5.14. Designated Dry-Firing Area:

- 5.14.1. The Competition Organiser wherever possible should provide competitors with a designated, secure area to dry-fire before the preparation and sighting period.
- 5.14.2. 'Dry firing' means the release of the air pistol trigger mechanism by use of a fitted device which enables the trigger to be operated without discharging any propellant air or gas.
- 5.14.3. Aiming exercises are permitted in this area.
- 5.14.4. Dry firing in a non-designated area will result in elimination.

5.15. Shooting Position:

- 5.15.1. The competitor must stand free, without support, completely within the firing point. Masters, U15, U17, U19, Junior and Senior competitors must hold and fire the pistol with one hand only. U11 and U13 competitors may use two hands, but both hands must be behind the trigger guard. Under no circumstances may the barrel be supported by the non-shooting hand. Infringement will result in a warning for the first occurrence, 20 points for the second and elimination for the third occurrence.
- 5.15.2. The wrist must be visibly free of support. Bracelets, wrist watches, wrist bands or similar items which might provide support are prohibited on the hand and arm which holds the pistol.
- 5.15.3. When the shoot is held indoors, to prevent damage to the floor, competitors must not mark their shooting stance on the floor under any circumstances. If this rule is disregarded, the offending competitor will be given a 200 point penalty and will be required to remove the markings from the floor.

5.16. Preparation and Sighting Period:

- 5.16.1. The Competition Organiser must provide competitors with a preparation and sighting period immediately before the competition series begins.
- 5.16.2. The Chief Range Officer will invite competitors to place their equipment at the firing point.
- 5.16.3. The Range Officers will verify the names and start numbers of the competitors to ensure that they agree with the shooting schedule, start list, scorecards and range register.
- 5.16.4. After the command 'UNCASE PISTOLS', competitors will be allowed to set up their equipment.
- 5.16.5. Preparation and sighting targets must be clearly marked, with a block strip, or have the corner cut off from the upper right hand side of the target. It must be clearly visible from the firing point under normal lighting conditions.
- 5.16.6. Competitors may include aiming exercises, dry-firing and for any number of sighting shots in their 10 minute preparation and sighting period. During the preparation and sighting period, competitors may be assisted by their loader or coach.
- 5.16.7. The Chief Range Officer must inform the competitors of the time remaining 30 seconds before the end of the preparation and sighting period.
- 5.16.8. The targets from the preparation and sighting period will be returned to the competitors by the Target Officer at the end of the period.
- 5.16.9. The preparation and sighting period may not be repeated due to malfunctions of the pistol or ammunition.
- 5.16.10. After the preparation and sighting period has ended no communication between the competitor and other persons with the exception of the shoot officials is allowed and will be,

after warning, penalised by 40 points for each occurrence. If the communication involves a sound producing or radio communication device, the competitor will be eliminated.

5.17. Competition:

- 5.17.1. The Discipline consists of 10 shots (see Rule 5.1.) and will be conducted shot-for-shot. Each shot will be under the command of the Range Officer. Loaders must wait for the command 'LOAD' before moving forward to load the pistol.
- 5.17.2. The Competition is considered as having started from the moment the command 'LOAD' is given by the Chief Range Officer. Every shot fired after this must be counted in the competition.
- 5.17.3. The PISTOL must always be in contact with the shooting table when being LOADED and pointed in a safe direction. This can be any part of the pistol i.e. the grip, barrel or cylinder. Where continuous contact is not possible because of the design of the pistol the competitor must notify the Shooting Director before the start of the discipline and have the 'loading action' agreed. In any event, the pistol must be in contact for the final action, e.g., closing the barrel assembly or the loading lever.
- 5.17.4. The timing must start with the command 'START' and must stop after 20 seconds at the command 'STOP' or at the appropriate signal.
- 5.17.5. If automatic target carriers or target changers are used the competitor may control target changing.
- 5.17.6. The competitor is responsible for shooting on the correct target.
- 5.17.7. After the changing of the targets, when carried out by the competitor, following the command 'CHANGE TARGETS' the competitor must put the targets in a convenient place ready for them to be collected by the Target Officer and taken to the Classification Office for scoring.
- 5.17.8. Any release of the propelling charge after the first competition target is in place, without the pellet hitting the target, whether a pellet has been loaded or not, will be scored as a miss.
- 5.17.9. The range officers and equipment control officers may check the trigger weight at random firing points immediately following the last competition shot in each detail. Should the pistol fail the trigger weight test after two attempts there will be a deduction of 200 points.

5.18. Range Commands:

“UNCASE PISTOLS” On arrival at the firing point competitors MUST WAIT for the command ‘UNCASE PISTOLS’ before removing their pistol from the case.

Allow competitors to arrange their equipment

For all Competitors, the command will be:

‘You have a preparation and sighting period of ten minutes. You may dry fire and shoot any number of sighting shots and adjust your sights. There will be a warning thirty seconds before the end’.

After 9 minutes 30 seconds

‘You have thirty seconds remaining’

After 10 minutes

‘STOP - your preparation time has ended if anybody has a loaded pistol please discharge it down the range now.’

The Range Officers will check that the weapons are safe and the Chief Range Officer will give the order:

‘CHANGE TARGETS’ The targets will be changed.

Instructions for commanded competition shots:

‘LOAD’ Competitors and Judges will take their position. The pellet will be loaded into the chamber and the pistol cocked only after this command.

Allow time for ‘loaders’ to load and step back (U11 & U13)

or

About five seconds after this command the next command will be:

‘START’ Competitors may start to shoot.

Twenty seconds after this command the next command will be:

‘STOP’ Competitors must stop shooting and ensure that their pistols are unloaded and placed on the table in the ‘safe’ condition.

The Range Officers will check that the pistols are safe and the Chief Range Officer will give the order, either:

‘LOAD’ for your next competition shot

or

‘CHANGE TARGETS’ The targets will be changed.

On completion of the shooting competition Range Officers check pistols are clear’ (not loaded) and will give the order:

‘Please sit and wait whilst trigger testing is completed’ (if applicable)

‘CASE PISTOLS when told by Range Officer’

5.19. Pistol Malfunctions:

- 5.19.1. Should a pistol break down or cease to function during the preparation and sighting period:
- 5.19.1.1. The competitor may use their reserve pistol or cylinder (if available) which must have also been approved by the Equipment Control Section.
 - 5.19.1.2. The competitor may be allowed to repair the pistol. The repair should not disturb other competitors or delay the start of the competition.
 - 5.19.1.3. If the repair will delay the start of the competition, the Shooting Director and/or Chief Range Officer may at their discretion allow the competitor to repair the pistol and shoot in a later detail, if there is a position free and if this doesn't affect the rest of the competition or their own competition timetable.
 - 5.19.1.4. If the competitor is unable to start the shooting discipline due to a pistol malfunction they will be eliminated.
- 5.19.2. Malfunctions that occur during the competition are not taken into consideration. Should a pistol cease to function or a shot has not fired due to a malfunction, the competitor may use their reserve pistol or cylinder (if available) which must have also been approved by the Equipment Control Section without interrupting the competition.
- 5.19.3. If the competitor does not have a reserve pistol or if the reserve pistol also malfunctions the competitor will be asked to retire from the discipline. Valid shots prior the malfunction will be scored.

5.20. Target Malfunctions:

If there is a target error or a target malfunction which is not the competitors fault, the Range Officer shall move the competitor to R1, R2 or a spare bay as quickly as possible in order not to disturb or delay the competition.

5.21. Spare Targets and Insufficient Targets:

- 5.21.1. The Competition Organiser should provide at least two spare targets.
- 5.21.2. If there are an insufficient number of targets for all the competitors, the shooting discipline can be organised in two or more heats.

5.22. Classification Office:

- 5.22.1. The Competition Organiser must establish an office for testing, stamping, numbering and preparing the targets before the competition, for scoring and controlling targets during the competition and for recording and producing results lists after the competition. The office must be under the supervision of the Chief Classification Officer.
- 5.22.2. All results, if they are scored at the shooting range, are considered preliminary results.
- 5.22.3. All targets to be scored in the Classification Office must be transported from the target line to the Classification Office under suitable security.
- 5.22.4. Competition targets must be scored by 2 Classification Officers (or one Classification Officer and one scoring machine) to determine the value of individual shots.
- 5.22.5. Each Classification Officer must certify his work by initialling the target and scorecard or results list.

5.23. Scoring:

- 5.23.1. All pellet holes are scored according to the highest value of the target scoring zone or ring that is touched by that pellet hole. If any part of the scoring ring (boundary line between the scoring zones) is touched by the pellet, the shot must be scored the higher value of the two scoring zones.
- 5.23.2. If the two Classification Officers (or one Classification Officer and one scoring machine) do not agree on the value of the shot, a decision by the Chief Classification Officer must be requested immediately.
- 5.23.3. If there is still doubt as to the target score, the score must be determined as to the value, by means of a plug gauge or other device that has been approved by the Pentathlon GB for accuracy, and executed by the Chief Classification Officer.
- 5.23.4. The plug gauge may be inserted only once in any pellet hole. The target must be marked to indicate the use of a plug gauge, the score and the Chief Classification Officers initials.
- 5.23.5. Hits outside the scoring rings of the competitor's own target are scored as misses.
- 5.23.6. Decisions made by the Classification Jury (Chief and two Classification Officers) on the value or number of shots on a target are final and may not be appealed.
- 5.23.7. A competitor or his representative who considers that a shot was scored or recorded incorrectly may protest that score up to an hour following the availability of the scored targets. Decisions made regarding the value of shots by using plug gauges are final and cannot be protested. Scoring protest may only be made on scores which have been decided without using a plug gauge or when incorrect entries in the results list or scorecard have been made.
- 5.23.8. If a competitor wishes to disclaim a pellet hole in his target he must report this immediately to a Range Officer.
 - 5.23.8.1. If the Range Officer confirms that the competitor did not fire the disputed shot(s) it must be noted in the range register and the shot must be annulled.
 - 5.23.8.2. If the Range Officer cannot confirm beyond all reasonable doubt that the competitor did not fire the disputed shot, the shot must be credited to the competitor and recorded.
 - 5.23.8.3. It is considered sufficient to justify the annulment if a missing shot is reported by another competitor from a neighbouring firing point.

5.24. Points per Target Point:

Competition	Competition Shots	Target Points/Pentathlon Points	Points Gained or Lost per Target Point	Loader
Individual: U11, U13	10	86 target points for 1000 pentathlon points	+/- 12	Yes
Individual: U15	10	86 target points for 1000 pentathlon points	+/- 12	No
Individual: U17, U19, Junior, Senior, Masters	10	86 target points for 1000 pentathlon points	+/- 12	No
Relay: U11, U13	3 x 5	129 target points for 1000 pentathlon points	+/- 12	Yes
Relay: U15	3 x 5	129 target points for 1000 pentathlon points	+/- 12	No
Relay: U17, U19, Junior, Senior, Masters	3 x 10	258 target points for 1000 pentathlon points	+/- 12	No

5.25. Tie Break:

In the event of a tie for first place, the tie will be broken by:

5.25.1. The total number of central 10's.

5.25.2. The highest number of 10's, 9's etc. in the complete course. (Organisers must supply a score sheet capable of showing each target point separately together with the total score).

5.26. Misses and shots on the wrong target:

5.26.1. Every shot that does not hit the competitor's own target within the scoring rings shall be recorded as a miss.

5.26.2. The following Rules will apply if a competitor fires a competition shot into the target of another competitor:

5.26.2.1. When it can clearly be established which hits belong to whom, the hits caused by the erroneous competitor will be disregarded.

5.26.2.2. If a competitor receives a confirmed crossfire shot, but it is impossible to determine which shot is his, he must be credited with the highest value undetermined shot.

5.27. Incorrect Range Commands:

- 5.27.1. If due to an incorrect command and/or action by the Range Officer, the competitor is not ready to fire when the command 'START' is given, he must hold his pistol pointing down the range, raise his other hand and immediately report this to the Range Officer.
- 5.27.2. If the claim is considered justified, the competitor must be allowed to fire the shot.
- 5.27.3. If the claim is considered unjustified the competitor may fire the shot, but must be penalised by 20 points.
- 5.27.4. If the competitor has fired a shot after the incorrect command and/or action, the protest must not be accepted.

5.28. Disturbance:

- 5.28.1. Should a competitor consider he was disturbed by another competitor or their loader on the range when firing a shot, he must hold his pistol pointed down the range and immediately inform the Range Officer by raising his free hand. He must not disturb other competitors.
- 5.28.2. If the claim is considered justified, the shot must be annulled and the competitor may repeat the shot.
- 5.28.3. If the claim is not justified and if the competitor has finished the shot, it must be credited to the competitor, whereas if the competitor has not finished his shot due to the claimed disturbance, the competitor may repeat the shot but will be penalised by 20 points.

5.29. Interruptions:

If for safety or technical reasons the shooting is interrupted through no fault of the competitor and if the time elapsed is more than 30 minutes, the Shooting Director and Chief Range Officer must allow at least 2 extra warming up shots within a time limit of 1 minute.

5.30. Recording:

All penalties, deductions, additional time etc., must be clearly and distinctly marked by the Jury and/or the Range Officer on the target or report sheet.

5.31. Infringement and Penalties:

- 5.31.1. A competitor is given a **warning** for:
 - 5.31.1.1. The first occasion of having additional shots on the target and the origin of the additional shots cannot be identified.
 - 5.31.1.2. The first occasion of communication with any person other than a shooting official after the end of the preparation and sighting period.
 - 5.31.1.3. The first occasion of loading that takes place before the 'LOAD' command.
 - 5.31.1.4. The first occasion of contravening any Safety Regulation (5.12.4. to 5.12.10. and 5.12.12. to 5.12.19.)
 - 5.31.1.5. The first occasion of not adopting the correct 'shooting position'.

5.31.2. A competitor is penalised by **deduction of 20 points** for:

- 5.31.2.1. The second occasion of additional shots on the target when the origin of the additional shots cannot be identified.
- 5.31.2.2. The second occasion and each further occurrence of loading that takes place before the 'LOAD' command.
- 5.31.2.3. Unjustifiably claiming an incorrect command and/or action by the Range Officer.
- 5.31.2.4. The second occasion of not adopting the correct 'shooting position'.
- 5.31.2.5. Unjustifiably claiming a disturbance when not having finished his shot due to the claimed disturbance.

5.31.3. A competitor is penalised by **deduction of 40 points** for:

- 5.31.3.1. Contravening clothing or footwear regulations.
- 5.31.3.2. Each occasion that the pistol is loaded without being in contact with the shooting desk. This penalty applies to the competitor even if they have a loader.
- 5.31.3.3. The second and each further communication with any person other than a shooting official after the end of the Preparation and Sighting Period.

5.31.4. A competitor is penalised by **deduction of 200 points** for:

- 5.31.4.1. The second contravention of the safety regulations (5.12.4. to 5.12.10. and 5.12.12. to 5.12.19.)
- 5.31.4.2. Using a pistol which fails two weight control attempts by the Range Officer, competitor or his coach immediately after the last shot is fired, if a competitor is randomly selected for testing.
- 5.31.4.3. Marking their shooting stance on the floor when the shoot is held indoors (5.15.3).

5.31.5. A competitor is **eliminated** for:

- 5.31.5.1. Beginning the discipline with a non-approved pistol.
- 5.31.5.2. The third occasion of having additional shots on the target when the origin of the additional shots cannot be identified.
- 5.31.5.3. The third contravention of any safety regulation (5.12.4. to 5.12.10. and 5.12.12. to 5.12.19.)
- 5.31.5.4. Firing a shot before the command 'LOAD'.
- 5.31.5.5. Dry-firing in a non-designated area.
- 5.31.5.6. Being held not competent in the opinion of the Chief Range Officer/Range Officer.
- 5.31.5.7. Handling or carrying an uncased pistol in a public area.
- 5.31.5.8. Being unable or unwilling to change into clothing that complies with the Rules.
- 5.31.5.9. Being unable to start the competition due to pistol malfunction.
- 5.31.5.10. Using sound producing or radio communication devices.
- 5.31.5.11. The third occasion of not adopting the correct 'shooting position'.

5.31.6. A competitor is **disqualified** for:

5.31.6.1. Exchanging an approved pistol for one that has not been approved.

5.31.6.2. Modifying or adjusting an officially approved pistol so that it violates the Rules. If there are doubts regarding any alteration, the pistol must be returned to the Equipment Control Section for re-inspection and approval.

5.31.6.3. Having a loaded pistol ANYWHERE other than the firing point during the preparation and sighting period or competition.

5.31.7. A competitor **loses the shot** for:

5.31.7.1. Firing a shot after the command 'LOAD' and before the command 'START'.

5.31.7.2. Firing after the command 'STOP'.

5.31.8. A competitor will be asked to **retire** from the shooting discipline if they have started the competition but are unable to continue due to pistol malfunction.

5.31.9. Deductions from the score must always be made at the end of the discipline.

5.32. Penalty Table – Shooting:

The competitor infringes the Rules and is penalised for:	Rule	Penalty 1st Occasion	Penalty 2nd Occasion	Penalty 3rd Occasion
Firing a shot after the command LOAD but before the command START	5.31.7.1.	Loses the Shot		
Firing after the command STOP	5.31.7.2.	Loses the Shot		
Having extra shots on the target when the origin of additional shots cannot be identified	5.31.1.1. & 5.31.2.1. & 5.29.5.2.	Warning	Deduction of 20 points	Elimination
Not adopting the correct 'shooting position'	5.7.9. & 5.15.1.	Warning	Deduction of 20 points	Elimination
Each communication between competitor and any other person except a Range Official	5.7.13. & 5.16.10. & 5.31.1.2. & 5.31.3.3.	Warning	Deduction of 40 points for each occurrence	
Each occasion of loading the pistol before the LOAD command	5.31.1.3. & 5.31.2.2.	Warning	Deduction of 20 points for each occurrence	
Contravention of Safety Regulations	5.12.4. to 5.12.10. & 5.12.12. to 5.12.19. 5.31.1.4. & 5.31.4.1. & 5.31.5.3.	Warning	Deduction of 200 Points	Elimination
Unjustifiably claiming an incorrect command and/or action by the Range Officer	5.31.2.3. & 5.27.3.	Deduction of 20 points for each occurrence		
Unjustifiably claiming a disturbance when not having finished his shot due to the claimed disturbance	5.28.3. & 5.31.2.5.	Deduction of 20 points for each occurrence		
Contravening clothing and footwear regulations	5.3. & 5.15.2. & 5.31.3.1.	Deduction of 40 points		
Loading the pistol without being in contact with the shooting table	5.7.8. & 5.12.11. & 5.17.3. & 5.31.3.2.	Deduction of 40 points for each occurrence		
Pistol fails trigger weight test after two attempts at the end of the discipline	5.10.2. & 5.17.9. & 5.31.4.2.	Deduction of 200 points		
Marking their shooting stance on the floor when the shoot is held indoors	5.15.3 & 5.31.4.3.	Deduction of 200 points		
Being unable to continue the competition due to pistol malfunction	5.19.2. & 5.19.3. & 5.31.8.	Retirement from the shooting discipline with all valid shots scored		
Beginning the discipline with a non-approved pistol	5.13.8. & 5.31.5.1.	Elimination		
Firing a shot before the command LOAD	5.31.5.4.	Elimination		
Dry firing in a non-designated area	5.14.4. & 5.31.5.5.	Elimination		
Being held not competent by the Chief Range Officer/Range Officer	5.11.4. & 5.31.5.6.	Elimination		
Handling or carrying an uncased pistol in a public area.	5.12.1., 5.12.2. & 5.31.5.7.	Elimination		
Being unable or unwilling to change into clothing that complies with the Rules	5.3.8. & 5.31.5.8.	Elimination		
Being unable to start the competition due to pistol malfunction	5.19.1. & 5.31.5.9.	Elimination		
Using a sound producing or radio communication device	5.3.14. & 5.7.13. & 5.16.10. & 5.31.5.10.	Elimination		
Modifying or adjusting an approved pistol so that it violates the Rules	5.13.10. & 5.31.6.2.	Disqualification		
Exchanging an approved pistol for one that has not been approved	5.13.10. & 5.13.14. & 5.31.6.1.	Disqualification		
Having a loaded pistol anywhere other than on the firing point during the preparation and sighting period or competition.	5.12.3. & 5.31.6.3.	Disqualification		

5.33. Equipment and Ammunition:

5.33.1. General Standards:

- 5.33.1.1. Only pistols which have been approved for the competition concerned may be used. The use of devices, clothing and equipment which are contrary to Pentathlon GB Rules and regulations are forbidden.
- 5.33.1.2. It is the competitors' responsibility to ensure that they arrive at the competition with their air cylinder full. Wherever possible, the competition organiser should make a compressed air supply available for the competitors to re-fill or top up their cylinders.
- 5.33.1.3. It is the responsibility of the competitors and team managers to ensure they fill their pistols and cylinders safely and efficiently.
- 5.33.1.4. The competitor must use the same pistol in all stages and series of the competition unless it ceases to function at which time he may use the reserve pistol (if available) without interrupting the competition. It must comply with the Rules for the competition and must have been approved by the Equipment Control Section.
- 5.33.1.5. Only open sights are allowed. Optical, mirror, telescopic, laser beam and electronically projected dot sights and similar devices are prohibited. Any aiming device programmed to activate the firing mechanism is prohibited. No protective covering is permitted on front or rear open sights.
- 5.33.1.6. Corrective lenses and/or filters must not be attached to the pistol but may be worn by the competitor.
- 5.33.1.7. The competitor may use binoculars to observe his shot holes.
- 5.33.1.8. Neither the grip nor any part of the pistol may be extended or constructed in any way which would give any support beyond the hand. The wrist must remain visibly free from support when the pistol is held in the normal firing position.
- 5.33.1.9. Adjustable grips are permitted providing they conform to the Rules, even when adjusted for the competitor's hand. The adjustment must not change after the Equipment Control check and checks must be conducted before and after the competition.

5.33.2. The Air Pistol:

- 5.33.2.1. Only single shot pistols are allowed without any form of magazine or clip.
- 5.33.2.2. Only 4.5mm calibre (.177') single shot compressed air or CO2 pistol may be used.
- 5.33.2.3. The weight of the pistol with all accessories must not exceed 1500g. For Senior competitions = Minimum 1 Kg weight +/- 5%, Youth competitions = Minimum 800g weight +/- 5%.
- 5.33.2.4. The overall size of the pistol is limited to those dimensions which will permit it to be enclosed completely in a rectangular box having the inside dimensions of 420mm x 200mm x 50mm. A manufacturing tolerance of + 1.0mm – 0.0mm in the dimensions of the box is permitted.
- 5.33.2.5. Ported barrels and performance barrel attachments for attachment to air pistols are allowed providing the pistol complies with all other requirements, including dimensions.
- 5.33.2.6. Sights: Only open sights are allowed. Optical, mirror, telescope, laser-beam, electronically projected dot sights etc., are prohibited. Any aiming device programmed to activate the firing mechanism is prohibited. No protective covering is permitted on front or rear sights.
- 5.33.2.7. No part of the grip may encircle the hand. The heel rest must extend at an angle not less than 90° to the grip. Any upward curvature of the heel and/or thumb rest and/or downward curvature of the side opposite the thumb is prohibited. The thumb support must allow the free upward vertical movement of the thumb. However, curved surfaces on the grip or frame, including the heel and/or thumb rest in the longitudinal direction of the pistol are permitted. (See diagram).

5.33.3. Ammunition:

Any 4.5mm (.177') wadcutter type projectile (flat headed), made of lead or other soft material is permitted.

5.33.4. General Target Standards and Requirements:

5.33.4.1. ISSF 10m air pistol targets will be used. They should be of ISSF approved quality.

Figure 1 ISSF 10m air pistol target

5.33.4.2. Target paper must be of as non-reflecting colour and material, so that the black aiming area or bull's-eye (centre) is clearly visible under normal lighting conditions at the appropriate distance. The target paper and scoring rings must retain dimensional accuracy under all weather and climatic conditions without excessive tearing or distortion.

5.33.4.3. Inner tens are for the guidance of competitors and are scored only to enable ties to be broken in accordance with these Rules.

5.33.4.4. The scoring ring values 1 to 8 are printed in the scoring zones in vertical and horizontal planes, at right angles to each other. The 10 and 9 zones are not marked with a number. The zone numbers shall not be more than 2mm high and shall be easily read with a normal spotting telescope at the appropriate distance.

5.33.4.5. Targets are divided into scoring zones by scoring rings. Shots striking in a scoring zone receive the number of points designated for that scoring zone. Any shot which strikes or touches the outer edge of a scoring ring receives the score value for that zone.

5.33.4.6. The dimensions (diameter) of all scoring rings are measured from the outside edges (outside diameter) of the scoring rings.

10 ring	11.5mm	(± 0.1mm)
9 ring	27.5mm	(± 0.2mm)
8 ring	43.5mm	(± 0.2mm)
7 ring	59.5mm	(± 0.5mm)
6 ring	75.5mm	(± 0.5mm)
5 ring	91.5mm	(± 0.5mm)
4 ring	107.5mm	(± 0.5mm)
3 ring	123.5mm	(± 0.5mm)
2 ring	139.5mm	(± 0.5mm)
1 ring	155.5mm	(± 0.5mm)

Inner ten: 5mm (± 0.1mm). Black from 7 to 10 rings = 59.5mm.

Ring thickness: 0.1mm to 0.2mm.

Minimum visible size of target card 170mm x 170mm.

5.33.5. Range Standards:

- 5.33.5.1. The Shooting Director, with the Chief Range Officer must inspect the shooting range and equipment. They may approve small deviations from the specifications which do not conflict with the intent of the Pentathlon GB rules. No deviations in the shooting distance and target specifications are allowed.
- 5.33.5.2. Ranges must have a line of targets and a firing line. The firing line must be parallel to the line of targets and marked on the ground. A table may be placed for convenience of loading, in front of the competitor, but no part of the competitor may touch the table during firing. It is recommended that the rear edge of the table is 100mm forward of the firing line.
- 5.33.5.3. There must be sufficient space behind the firing points for range officers and the Jury to perform their duties.
- 5.33.5.4. Space should be provided for spectators. This area must be separated from the area for the competitors and officials by a suitable barrier located at least 5m, where possible behind the firing line.
- 5.33.5.5. Wherever possible, the range should be equipped with a large clock, indicating the countdown time, which can be seen by competitors and officials.
- 5.33.5.6. Target frames must be marked with numbers corresponding to their firing point number. The numbers must be large enough to be easily seen under normal shooting conditions with normal vision at the appropriate distance. The numbers must be alternating and contrasting colours and be clearly visible throughout the competition.
- 5.33.5.7. The targets must be fixed in such a manner that they have no appreciable movement.
- 5.33.5.8. Shooting distances must be measured from the firing point to the target face. Shooting distance must be as exact as possible, subject to the following tolerance +/- 0.05m.
- 5.33.5.9. Height of the target centre (centre of the black ring) must be within the following height measured from the level of the floor of the firing point. Standard height – 1.40m. Variation +/- 0.05m. Horizontal variation: target centre 0.25m.
- 5.33.5.10. The firing point must be constructed so that it does not vibrate or move when other persons are walking close by. From the firing line to approximately 1.2m rearward, the firing point must be level in all directions. The remainder of the firing point must either be level or may slope to the rear with a few centimetres drop.
- 5.33.5.11. The firing point should be equipped with:
 - A table or bench, 0.7m – 0.8m high.
 - A chair or stool for the competitor.
- 5.33.5.12. Indoor 10 metre ranges must have artificial illumination providing an adequate amount of light without glare or distracting shadows on all targets or firing points.
- 5.33.5.13. The background area behind the targets must be a non-reflecting, medium, neutral colour.

6. COMBINED RUN/SHOOT:

A two-discipline event where competitors run a total distance of either 800m (U11, U13 and Masters Women), 1,600m U15 and Masters Men) or 2,400m (U17, U19, Juniors, Seniors). The run is interspersed by shooting one (U11, U13 and Masters Women), two (U15 and Masters Men) or three (U17, U19, Juniors and Seniors) sets of 5 knock down or laser targets. Only after having hit the valid zone of 5 targets using an unlimited number of shots OR after a time limit of 70 seconds (pellet) or 50 seconds (laser), can the competitor start from the firing point to perform each running leg of 800m.

6.1. Individual competition:

6.1.1. U11, U13, Boys and Girls competition consists of:

Warm up for run (away from range);

3 minute warm up (on range)

5 shots on command on knock-down targets @ 10 seconds per shot;

Stay on range, step 2m away from firing point and upon the command 'start' competitors leave the range at 2 second intervals and run 800m to finish.

6.1.2. U15, Boys and Girls competition consists of:

Handicap Start List to be produced following previous discipline/s;

15 minute warm up on range;

Handicapped start, a 20m run (approx.);

Shoot down one set of knock-down targets in 70 seconds (pellet) or 50 seconds (laser);

Run 800m and return to range;

Shoot down one set of knock-down targets in 70 seconds (pellet) or 50 seconds (laser);

Run 800m to finish.

6.1.3. U17, U19, Junior and Senior competition consists of:

Handicap Start List to be produced following previous discipline/s;

15 minute warm up on range.

Handicapped start, a 20m run (approx.);

Shoot down one set of knock-down targets in 70 seconds (pellet) or 50 seconds (laser);

Run 800m and return to range;

Shoot down one set of knock-down targets in 70 seconds (pellet) or 50 seconds (laser);

Run 800m and return to range;

Shoot down one set of knock-down targets in 70 seconds (pellet) or 50 seconds (laser);

Run 800m to finish.

6.1.4. The Masters competition consists of:

Handicap Start List to be produced following previous discipline/s;

15 minute warm up on range;

Handicapped start a 20m run (approx.);

Shoot down one set of knock-down targets in 70 seconds (pellet) or 50 seconds (laser);

Masters Women, run 800m to finish.

Masters Men run 800m and return to range;

Shoot down one set of knock-down targets in 70 seconds (pellet) or 50 seconds (laser);

Masters Men run 800m to finish;

6.2. Relay competition (Teams of 2 or 3 competitors):

6.2.1. U11, U13, Boys and Girls competition (for each competitor) consists of:

5 shots on command on knock-down targets in a time limit of 10 seconds per shot;

Stay on range, step 2m away from firing point and on the command 'start' competitors leave the range at 2 second intervals and run 800m to finish.

6.2.2. U15, Boys and Girls competition (for each competitor) consists of:

Handicap start, a minimum of 20m run;

5 targets down in a time limit of 70 seconds (pellet) or 50 seconds (laser);

Run 800m to handover zone or finish.

The hand over zone should be organised on the start/finish area.

6.2.3. U17, U19, Junior and Senior competition (for each competitor) consists of:

Handicap start, a minimum of 20m run;

5 Targets down in a time limit of 70 seconds (pellet) or 50 seconds (laser);

800m run to handover zone or finish;

The hand over zone should be organised on the start/finish area.

6.2.4. Masters competition (for each competitor) consists of:

Handicap start, a minimum of 20m run;

5 Targets down in a time limit of 70 seconds (pellet) or 50 seconds (laser);

800m run to handover zone or finish;

The hand over zone should be organised on the start/finish area.

6.3. Combined Run/Shoot Scoring:

6.3.1. Individual Competition:

U11 and U13: 10 points are awarded for each knock-down target successfully shot down. 1000 points are awarded for a run time of 3 minutes, 20 seconds (U11 Girls); 3 minutes and 15 seconds (U13 Girls); 3 minutes and 5 seconds (U11 and U13 Boys). Each 0.5 second faster or slower than the optimum time is worth +/- 4 points.

U15 and Masters Men: 2000 points are awarded for a time of 8 minutes and 20 seconds (U15 Girls); 8 minutes and 10 seconds (U15 Boys); 8 minutes and 45 seconds (Masters Men). Each 0.5 second faster or slower than the optimum time is worth +/- 2 points.

U17, U19, Junior and Senior: 2000 points are awarded for a time of 12 minutes and 10 seconds (Women); 11 minutes and 40 seconds (Men). Each 0.5 second faster or slower than the optimum time is worth +/- 2 points.

Masters Women: 2000 points are awarded for a time of 5 minutes. Each 0.5 second faster or slower than the optimum time is worth +/-4 points.

6.3.2. Relay Competition (team of 3 competitors):

U11 and U13: 10 points are awarded for each knock-down target successfully shot down. 1000 points are awarded for a combined run time of 4 minutes 30 seconds. Each 0.5 second faster or slower than the optimum time is worth +/- 4 points.

U15, U17, U19, Junior and Senior: 2000 points are awarded for a time 10 minutes and 30 seconds. Each 0.5 second faster or slower than the optimum time is worth +/-2 points.

Masters Men: 2000 points are awarded for a time of 11 minutes. Each 0.5 second faster or slower than the optimum time is worth +/-2 points.

Masters Women: 2000 points are awarded for a time of 13 minutes and 30 seconds. Each second faster or slower than the optimum time is worth +/-2 points.

6.3.3. Relay Competition (team of 2 competitors):

U11 and U13: 10 points are awarded for each knock-down target successfully shot down. 1400 points are awarded for a combined run time of 3 minutes. Each 0.5 second faster or slower than the optimum time is worth +/- 4 points.

U15, U17, U19, Junior, Senior and Masters: 2000 points are awarded for a time 7 minutes. Each 0.5 second faster or slower than the optimum time is worth +/-2 points.

Masters Men: 2000 points are awarded for a time of 7 minutes and 30 seconds. Each 0.5 second faster or slower than the optimum time is worth +/-2 points.

Masters Women: 2000 points are awarded for a time of 9 minutes. Each 0.5 second faster or slower than the optimum time is worth +/-2 points.

6.4. Points Table:

CLASS	INDIVIDUAL			TEAM RELAY – 3 competitors (time for 2 competitors is 2/3 of figures below)		
	Number of run/shoot series	Time	Pts ± per 0.5 sec	Distance (each competitor)	Time	Pts ± per 0.5 sec
U11 Boys	1	3 mins 5 secs	4	1 x 400m	4 mins 30 secs	4
U11 Girls	1	3 mins 20 secs	4	1 x 400m	4 mins 30 secs	4

6.5. Clothing:

- 6.5.1. A competitor must wear athletic clothing that is in good taste and suitable for the combined run/shoot.
- 6.5.2. Clothing must not carry any symbol which may be considered offensive.
- 6.5.3. The clothing must be made of material which is non-transparent even when wet.
- 6.5.4. Identification in the form of logos on running clothing i.e. track suits, footwear, officials' uniforms and bags is permitted. The name and the flag of the Country of the competitor or the Country code shall not be regarded as advertisements.
- 6.5.5. Body advertisement is not allowed in any way.
- 6.5.6. Advertising for tobacco or alcohol is not allowed.
- 6.5.7. Bracelets, wristwatches, wristbands or similar items that might provide support are prohibited on the hand and arm holding the pistol.
- 6.5.8. A sports watch is permitted on the non-shooting hand.
- 6.5.9. Team relay members should if possible be identically dressed as far as style and colour of clothing is concerned.
- 6.5.10. The penalty for not being correctly dressed is 10 seconds. The Run Director will request that the competitor change into clothing that complies with the Rules.
- 6.5.11. The Run Director has the authority to exclude and eliminate any competitor unable or unwilling to change into clothing that complies with the Rules.
- 6.5.12. Sound-reducing devices may be worn, however radios, tape recorders or any type of sound-producing or communication systems are prohibited outside of the warm-up period. Contravening this rule will result in a warning for the first infringement followed by elimination for a second infringement.

6.6. Shoes:

- 6.6.1. Competitors must not compete in bare feet but must wear appropriate footwear on both feet. Shoes must not be constructed so as to give the competitor any additional assistance.
- 6.6.2. Spring devices or an appliance of any kind inside or outside the shoe is prohibited. Only shoes that have not been adapted from a manufactured shoe may be worn.
- 6.6.3. There is no restriction concerning the thickness of the sole.
- 6.6.4. The number and size of spikes is not limited. However the Organiser may ban the use of spikes or prescribe restrictions concerning dimensions of spikes when the competition is conducted on a synthetic or indoor surface. This will be declared on the entry form or written notice at the competition.
- 6.6.5. The penalty for wearing non-conforming footwear is 10 seconds. The referee will request that the competitor change into footwear that complies with the Rules.
- 6.6.6. The Running Director has the authority to exclude and eliminate any competitor unable or unwilling to change into footwear that complies with the Rules.

6.7. Numbers:

- 6.7.1. The Competition Organiser is responsible for providing every competitor with at least one start number.
- 6.7.2. The numbers must be worn on the chest and back. They should be properly fastened, clearly visible and easy to read in all weather conditions. If just one number is provided it should be worn on the chest.
- 6.7.3. The competitor or team who is in first place before the combined run/shoot shall be assigned the No. 1, the second place competitor/team, No. 2, and so on.
- 6.7.4. No competitor will be allowed to take part in a competition without the appropriate numbers.
- 6.7.5. If a competitor modifies the dimensions or appearance of the starting number card (s) given by the organisers, he shall be penalised by 10 seconds.

6.8. Officials:

For all Competitions, the following officials are considered necessary, although the Competition Organiser may vary this where local circumstances dictate: Combined Event Director, Shooting Director, Running Director, Equipment Control Officer, Range Officers, Target Officers, Shooting Judges, Course Judges, Marshal, Starter, Deputy Starters, Starters Assistants, Arrivals Judges, Timekeepers, Announcer, Last Penalty Stop Area Judges, Penalty Co-ordinator Judge.

6.9. The Combined Run/Shoot Director:

- 6.9.1. Is in overall charge of the Combined run/shoot and is responsible for the safety of the event, including the completion of a Risk Assessment.
- 6.9.2. Appoints the Running Director and Shooting Director, instructs them regarding any special features or regulations related to the competition and is responsible for managing and co-ordinating their activities.
- 6.9.3. Ensures that the discipline is properly carried out in accordance with the programme.
- 6.9.4. Shall enforce all Rules and decisions of Pentathlon GB and has the authority to disqualify, eliminate or impose penalty points in accordance with the Rules.
- 6.9.5. May intervene in the competition at any stage to ensure that the Pentathlon GB Rules are observed and has the authority to penalise competitors or other persons who infringe these Rules.
- 6.9.6. Decides on any verbal complaints received from competitors or Team representatives relating to the competition in progress.
- 6.9.7. Permits the competitors to start their warm-up.

6.10. The Shooting Director:

- 6.10.1. Appoints the Range Officers, Shooting Judges, Target Officers, Equipment Control Officers and other Range Personnel and is responsible for:
- 6.10.2. Manages and co-ordinates the activities of all the officials appointed and instructs them regarding any special features or regulations related to the competition.
- 6.10.3. Ensures that all necessary officials are in their respective positions for the conduct of the competition; may appoint a substitute for any official who is absent, incapable of acting, or found to be inefficient; and may appoint additional officials if necessary.
- 6.10.4. Ensures the correct conduct of the shooting phase.

- 6.10.5. Facilitates the rapid correction with the appointed Range Officers of any equipment failures and for ensuring that the necessary experts and material are available to operate the range.
- 6.10.6. Informs the competitors, their representatives and coaches of the final minute and 30 seconds remaining of warming up time on the shooting range, which ends 5 minutes before the competitions starts.
- 6.10.7. Enforces all Rules and decisions of Pentathlon GB and has the authority to disqualify, eliminate or impose penalty points in accordance with the Rules.
- 6.10.8. May intervene in the competition at any stage to ensure that the Pentathlon GB Rules are observed and has the authority to penalise competitors or other persons who infringe these Rules.
- 6.10.9. Adjudicates, with the Combined Run/Shoot Director, all verbal protests related to the competition in progress.
- 6.10.10. Communicates all reported irregularities and penalties to the Combined Run/Shoot Director.

6.11. The Range Officer:

There will be one Range Officer appointed per maximum of 12 firing points. (If there are 15 firing points, there should be two Range Officers). Each Range Officer shall be responsible for:

- 6.11.1. Maintaining order on the range, with particular attention to safety.
- 6.11.2. Checking that the competitors use the correct firing point and the correct sighting target.
- 6.11.3. Checking the names and start numbers of the competitors to ensure that they agree with the combined event schedule, start list, scorecards and range register.
- 6.11.4. Co-ordinating with the Starters Assistant to ensure that the competitors' clothing after being inspected at Equipment Control, still complies with the Rules.
- 6.11.5. Verifying that the competitors' pistols have been inspected and approved by the Equipment Control Officers.
- 6.11.6. Checking that the competitors assume the correct shooting position.
- 6.11.7. Checking that the competitors do not disturb any of the other competitors.
- 6.11.8. Applying and checking in collaboration with the Shooting Judge any penalty imposed on the competitor at their firing point.
- 6.11.9. Checking that during warming up, the competitors do not change the trigger weight.
- 6.11.10. Supervising the correct operation of the targets.
- 6.11.11. If there is a target error or a target malfunction which is not the competitors fault, the Range Officer shall move the competitor to R1, R2 or a spare bay as quickly as possible in order not to disturb or delay the competition.
- 6.11.12. Ensuring the recording of all irregularities, disturbances and penalties.
- 6.11.13. Communicating all irregularities and penalties to the Shooting Director.

6.12. The Chief Equipment Control Officer and The Equipment Control Officer:

The Chief Equipment Control Officer and Equipment Control Officer are responsible for checking that the equipment and clothing of the competitor complies with Pentathlon GB Rules and regulations before the warm-up commences.

6.13. Target Officers:

- 6.13.1. There will be one Target Officer for a maximum of 12 firing points to operate with each Range Officer. Each Target Officer is responsible for:
- 6.13.2. Preparing the shooting targets before the competition.
- 6.13.3. Assisting the Shooting Director during the competition.

6.14. The Shooting Judge:

- 6.14.1. There will be one Shooting Judge per 4 firing points if electronic targets or manual targets with lights are being used and every 2 firing points if manual targets are being used. They are responsible for:
- 6.14.2. Observing all shots fired.
- 6.14.3. Checking that no communication between coaches and competitors occurs outside of the designated Coaches area during the warm-up period.
- 6.14.4. Checking to see if the competitor using a pellet pistol loads each shot with the pistol in contact with the shooting table. Those using laser pistols must touch the table with their pistol between each shot.
- 6.14.5. After each shooting series, checking if the pistols are safe (a pistol is safe when it is untouched, pointing at the targets, unloaded with the cocking handle and/or loading part in an open position).
- 6.14.6. Informing the Shooting Director immediately about any infringement of the Rules.
- 6.14.7. Enforcing and checking in collaboration with the Range Officer any penalty imposed on the competitor at their firing point.
- 6.14.8. The Shooting Judge will implement the following procedure for each shooting series:

For all target types:

- 6.14.8.1. Start the stopwatch at the first attempted shot (at the time the trigger is pulled). When laser technology is being used, the shooting judge must inform the competitor if the target lights do not indicate that the first shot has been taken.
- 6.14.8.2. Inform the competitor at 5 seconds before the 70 seconds (pellet) or 50 seconds (laser) time limit expires. Command 'position number xx, 5 seconds remaining'.
- 6.14.8.3. Give the signal to 'GO' to the competitor when the 70 seconds (pellet) or 50 seconds (laser) time limit has expired if the competitor has not hit the target valid zone 5 times.

6.15. The Running Director:

- 6.15.1. Appoints the Course Judges, Marshal, Starter, Deputy Starters, Starter's Assistants, Arrival Judges, Timekeepers, Recorders, Announcers, Last Penalty Stop Area Judges and Penalty Co-ordination Judges and is responsible for:
- 6.15.2. Managing and co-ordinating the activities of all the officials appointed and instructing them regarding any special features or regulations related to the competition.
- 6.15.3. Ensuring that all necessary officials are in their respective positions for the conduct of the competition; may appoint a substitute for any official who is absent, incapable of acting, or found to be inefficient; and may appoint additional officials if necessary.
- 6.15.4. The correct conduct of the running discipline.
- 6.15.5. Supervising the laying out of the running course.
- 6.15.6. Ensuring that the course or track and all equipment, including marketing banners, are in accordance with Pentathlon GB Rules.
- 6.15.7. Enforcing all Rules and decisions of Pentathlon GB and has the authority to disqualify, eliminate or impose penalty points in accordance with the Rules.
- 6.15.8. May intervene in the competition at any stage to ensure that the Pentathlon GB Rules are observed and has the authority to penalise competitors or other persons who infringe these Rules.
- 6.15.9. Adjudicating, with the Combined Event Director, all verbal protests related to the competition in progress.
- 6.15.10. Communicating all reported irregularities and penalties to the Combined Event Director.

6.16. The Course Judges:

- 6.16.1. Are assistants of the Running Director without authority to make final decisions.
- 6.16.2. Shall be placed by the Running Director in such positions that they may observe the running closely and in the case of a foul, deviation of the course, unauthorised assistance, or violation of these rules by other persons, immediately report the incident to the Running Director orally and later in writing.

6.17. The Marshal:

Is responsible for keeping the start/finish area and the shooting range area clear of spectators and must not allow any person other than the officials and competitors to enter or to remain there. The Marshal can be assisted by one or more assistants.

6.18. The Announcer:

- 6.18.1. Is responsible for informing the public of the names and numbers of the competitors taking part in the combined run/shoot and other relevant information such as intermediate times.
- 6.18.2. Is charged with broadcasting the first part of the countdown to the start of the event up until one minute to departure, after which the countdown is under the control of the Starter.
- 6.18.3. The results (placing, times and points) should be announced at the earliest possible moment after receipt of the information.

6.19. The Starter:

- 6.19.1. Has entire control of the competitors whilst on their marks and is the sole judge of any fact connected with the start of the race.
- 6.19.2. Is responsible for synchronising their own, the Timekeepers' and Deputy Starters' watches and for giving the start signal to the first competitor at the moment they are due to start the race.
- 6.19.3. Will apply false start penalties if one occurs at the start and informs the Announcer and/or Penalty Co-ordinator.

6.20. The Deputy Starters:

- 6.20.1. The Deputy Starters are under the supervision of the Starter.
- 6.20.2. Their duty is to ensure that each competitor starts according to their start time.
- 6.20.3. The Deputy Starters must not have physical contact with the competitors.

6.21. The Starter's Assistants:

- 6.21.1. There will be one Starter's assistant for each start line (where applicable) and their responsibility is to check the competitors in the start-lanes and make sure that the competitors are lined up in the correct order, at the right time, are still wearing clothing and shoes that conform with the Rules and the numbers are properly fastened on both chest and back. They should also check that the competitor isn't wearing any support that contradicts the Rules on the shooting arm.
- 6.21.2. Any violation of these rules must be reported immediately to the Running Director.

6.22. The Chief Timekeeper:

Is in charge of the Timekeepers and is responsible for the accurate recording of the competitors' times.

6.23. The Timekeepers:

- 6.23.1. Whether or not automatic timing is used there should be three timekeepers (Including the Chief Timekeeper).
- 6.23.2. Record the times of all the competitors, whether or not automatic timing is used.
- 6.23.3. When manual timing is used the official time is from the Chief Timekeeper. In case of failure, the second timekeeper's stopwatch must be used as the official time and so on
- 6.23.4. Act as 'back up' in case of failure of the automatic timing equipment.

6.24. The Arrival Judges:

Are responsible for registering the arrival order and run times of the competitors at the finish line.

6.25. The Last Penalty Stop Area Judges:

Stay at the special penalty area located between 200m and 400m from the finish line ready to apply penalties that cannot be applied at the firing point.

6.26. The Penalty Co-ordinator Judge:

Co-ordinates the penalties from the Starting Area, the shooting range, and the last penalty stop area.

6.27. Safety Regulations:

Safety is paramount and everyone's responsibility. The safety of the competitors, range personnel and spectators requires continued and careful attention to pistol handling and caution in moving around the Range. Self-discipline is necessary on the part of everyone. Where such self-discipline is lacking, it is the duty of Range Officials to enforce discipline and the duty of competitors and team officials to assist in such enforcement.

- 6.27.1. A notice must be displayed at the shooting venue referring to the safety procedures and the Firearms Act. A copy is available upon request from Pentathlon GB Competitions Office.
- 6.27.2. All competitors and any supporting adult **MUST BE FAMILIAR WITH THE LAW RELATING TO AIR PISTOLS** a summary of which is available for download from the Pentathlon GB website: <http://www.pentathlongb.org/resources/guidance/pdf/Firearms%20Guidance.pdf>
- 6.27.3. Competitors must be familiar with range procedure before entering a competition.
- 6.27.4. Competitors must be competent in handling their pistols. The Shooting Director or Range Officer have the discretion to eliminate those who, in their opinion, are not competent.
- 6.27.5. In the interests of safety, the Shooting Director with the agreement of the Range Officer may stop shooting at any time.
- 6.27.6. Competitors or their representatives must immediately notify The Shooting Director or Range Officer of any situation that may be dangerous or which may cause an accident.

6.28. **THE FOLLOWING SAFETY REGULATIONS MUST BE ENFORCED BY OFFICIALS AND FOLLOWED BY COMPETITORS AND THEIR SUPPORT PERSONNEL (PARENT, GUARDIAN, COACH, TEACHER ETC) AT ALL TIMES.**

CONTRAVENTION OF THESE REGULATIONS BY A COMPETITOR OR COACH MAY LEAD TO ELIMINATION OF THAT COMPETITOR FROM THE DISCIPLINE OR DISQUALIFICATION.

- 6.28.1. Pistols **MUST BE KEPT IN A SECURELY FASTENED CASING AT ALL TIMES** except at the firing point and equipment control. The case may be opened within the above areas to put in or take out other equipment. This should not be done in public areas. Infringement will result in **ELIMINATION**.
- 6.28.2. Handling or carrying an **UNCASED** PISTOL outside of the designated equipment control area, or firing range will result in **ELIMINATION**.
- 6.28.3. Having a **LOADED PISTOL** anywhere other than on the firing point during the warm-up and sighting period or competition will result in **DISQUALIFICATION**.
- 6.28.4. On arrival at the firing point competitors **MUST WAIT** for the command '**UNCASE PISTOLS**' before removing and placing the pistol or other contents on the table.
- 6.28.5. Pistols must be made **SAFE** by **OPENING** the **COCKING HANDLE** and/or **LOADING PART** at **ALL TIMES** (so that the chamber can be checked), immediately after they are **UNCASED**, whilst **BEING CARRIED** or **HANDLED**, or **NOT BEING USED** at the firing point. This includes at Equipment Control.
- 6.28.6. When uncased, the **PISTOL** must **ALWAYS** be **POINTED** in a **SAFE DIRECTION** and be in the **SAFE** condition. **A pistol is safe when it is untouched, pointing at the targets, unloaded with the cocking handle and/or loading part in an open position.**
- 6.28.7. If a pistol is to be **MOVED OR CARRIED UNCASED**, it should be held by the barrel and/or cylinder, rather than by the grip.
- 6.28.8. **PISTOLS must NOT be TOUCHED when PERSONNEL are FORWARD of the FIRING LINE.**

- 6.28.9. The **PISTOL** must always be in contact with the shooting table when being **LOADED and** pointed in a safe direction. This can be any part of the pistol i.e. the grip, barrel or cylinder. Where continuous contact is not possible because of the design of the pistol it must be in contact for the final action, e.g., closing the barrel assembly or the loading lever. Infringement will result in a 10 second penalty for each occurrence.
- 6.28.10. After loading the **LOADER** must **MAINTAIN HOLD** of the pistol until the competitor takes it. A loaded pistol must not be left unheld.
- 6.28.11. In the event of a **MALFUNCTION**, the competitor, must **MAINTAIN HOLD** of the pistol, keeping it **POINTED** towards the **BACKSTOP**, and raise a hand to inform the Range Officer.
- 6.28.12. Having finished the final run leg, the competitor must return to their firing point within 5 minutes to clear up. The competitor must ascertain and the Range Officer will verify that there are no pellets in the chamber or magazine(s). The pistol may not be cased without this check having taken place. The competitor must **AWAIT 'CLEARANCE'** from a Range Officer before 'casing' the pistol.
- 6.28.13. A pistol other than those operated by pre-compressed air or CO2, can be discharged, with permission, before being put into its case. Air or CO2 pistols should not be cocked after the last shot in the series or match. If this is unavoidable, discharge as for spring or pneumatic pistols.
- 6.28.14. **THE RANGE OFFICER'S COMMANDS MUST ALWAYS BE OBEYED.**

6.29. Equipment Control and Clothing Checkpoint:

- 6.29.1. The Competition Organiser must provide a complete set of gauges and instruments for the Equipment Control Area for use before and during the discipline.
- 6.29.2. The Competition Organiser must inform competitors and team officials where and when they will have their equipment inspected.
- 6.29.3. The competitor, or coach/guardian in the case of competitors under the age of 18, is responsible for presenting all pistols, equipment and accessories for official inspection to ensure conformity with Rules 6.5, 6.6, 6.47, 6.48 and 6.49 Competitors must be present and dressed in the same clothing they intend to compete in.
- 6.29.4. Before the warm-up, each competitor's air pistol/s must be checked and approved by the Equipment Control Officer for calibre, dimensions, weight and trigger weight to ensure that it/they conform to the Rules.
- 6.29.5. A dead weight must be used with no springs or other devices. The weight of the trigger pull must be measured, with the test weight suspended near the middle of the trigger and the barrel held vertically. The weight must be placed on a horizontal surface and lifted clear of the surface. The tests must be conducted by the equipment control officials. The minimum weight of the trigger pull is 500g and this must be maintained throughout the competition. A maximum of three (3) attempts to lift the weight is allowed. If it does not pass it may only be re submitted after adjustment. When testing the pistols the propellant charge must be activated.
- 6.29.6. The weight of the pistol with all accessories must not exceed 1500 grams. Senior competitions = Minimum 1 Kg weight +/- 5%, Youth competitions = Minimum 800g weight +/- 5%.
- 6.29.7. The overall size of the pistol is limited to those dimensions which will permit it to be completely enclosed in a rectangular box with the inside dimensions of 420mm x 200mm x 50mm.
- 6.29.8. A maximum of 1 reserve pistol per competitor is to be brought to the Equipment Control Area and Clothing Checkpoint for inspection and marking. The reserve pistol (if available)

must be taken directly to the range and deposited in the competitors' box at their own firing point.

- 6.29.9. Clothing, footwear, other equipment and accessories will be checked to ensure conformity with the Rules.
- 6.29.10. If a competitor begins the competition with a non-approved pistol they will be penalised by elimination.
- 6.29.11. All approved equipment should be marked with a seal or sticker.
- 6.29.12. After the equipment has been approved, it must not be altered at any time before or during the competition in any way that would conflict with Pentathlon GB Rules. The competitor will be disqualified if any alterations take place. If there are any doubts regarding the alteration the pistol must be returned to equipment control for re-inspection and approval.
- 6.29.13. Approval of any equipment is valid only for the competition for which the inspection was made.
- 6.29.14. The competitor must use the same pistol in all stages and series of the competition unless it ceases to function.
- 6.29.15. In this instance, the competitor may continue with the reserve pistol or cylinder (if available). It must comply with the Rules for the competition and must have been approved by the Equipment Control Officer.
- 6.29.16. Exchanging an approved pistol for one that has not been approved by the Equipment Control Officer will result in disqualification.
- 6.29.17. During the Relay competition (of two or three competitors) only the competing competitor's pistol can be laid on the shooting range table. Only the competitors are authorised to move their pistols from the pistol storage under the table to the shooting table.
- 6.29.18. It is the competitors' responsibility to ensure that they arrive at the competition with their air cylinder full. Wherever possible, the competition organiser should make a compressed air supply available for the competitors to re-fill or top up their cylinders.
- 6.29.19. It is the responsibility of the competitors and team managers to ensure they fill their pistols and cylinders safely and efficiently.

6.30. Shooting Position:

- 6.30.1. The competitor must stand free, without support, completely within the firing point. The pistol must be held and fired with one hand only. U11 and U13 competitors may use two hands but both hands must be behind the trigger guard. Under no circumstances may the barrel, armed hand or arm be supported by the non-shooting hand. Infringement will result in a warning for the first occurrence, 20 points for the second and elimination for the third occurrence.
- 6.30.2. During the run phase, a competitor must not (albeit unintentionally) impede another competitor by crossing the lines denoting the boundary of the firing point. Infringement will result in a 10 second penalty for each occurrence.
- 6.30.3. The wrist must be visibly free of support. Bracelets, wrist watches, wrist bands or similar items which might provide support are prohibited on the hand and arm which holds the pistol.
- 6.30.4. When the shoot phase is held indoors, competitors must not mark their shooting stance on the floor under any circumstances to prevent damage to the floor. If this Rule is disregarded, the offending competitor will be given a 200 point penalty and will be required to remove the markings from the floor.

6.31. Inspection Of The Course:

At least 1 hour before the start of the discipline the course should be marked so that it is possible for competitors to inspect it. 15 minutes before the warm-up is due to start the course should be cleared of competitors and spectators. At least 5 minutes before the start all restrictions preventing competitors and supporters from viewing the course must be removed.

6.32. The Warm-up Period:

- 6.32.1. On arrival at the firing point for the warm-up, competitors may prepare their materials but **MUST NOT UNCASE THEIR PISTOLS** until told to do so.
- 6.32.2. U11 and U13 athletes may uncase their pistols and their 3 minute warm-up may start only after the Combined Run/Shoot Director has given the specific command 'Your 3 minute warm-up starts now – Load'.
- 6.32.3. During the 3 minutes, U11 and U13 athletes may shoot an unlimited number of shots.
- 6.32.4. For all other athletes, pistols can be uncased and the 15 minute warm-up can start only after the Combined Run/Shoot Director has given the specific command 'Start Warming up - Load'.
- 6.32.5. Sighting targets should be placed at the same level and at the same distance from the firing point on the right side of the competition target.
- 6.32.6. If the sighting targets are placed on the 'real target', the 15 minute warm-up must be divided into two sessions: 4 minutes on the sighting/paper target, 1 minute break to change the targets and then 10 minutes on the 'real target'.
- 6.32.7. Competitors may only sight their pistols on the range.
- 6.32.8. During the warm-up period the competitors can run and shoot an unlimited number of shots.
- 6.32.9. The firing point corresponds to the competitor's starting number. Competitor No.1 will shoot at station No.1, competitor No. 2 will shoot at station No. 2 and so on.
- 6.32.10. After the warm-up and before the start signal, the pistol must be on the assigned firing point in the safe condition, not charged and without pellets in the chamber. The reserve pistol (if available) must be closed in its box.
- 6.32.11. At the firing point, competitors can use water and towels which must be kept under the table with the reserve pistol and any binoculars used during warm-up. Only essential equipment should be on the table.
- 6.32.12. During the warm-up period, the coaches can assist and communicate with the competitors from a specially marked area for coaches outside of the Firing points and the running corridor.
- 6.32.13. The warm-up period must end 5 minutes before the start of the combined run/shoot competition and coaches must clear the Field of Play.
- 6.32.14. The Shooting Director will inform the competitors of the last 5 minutes and last minute and 30 seconds remaining of the warm-up.
- 6.32.15. After the warm-up period has ended communication via radio or audio devices between the competitor and other persons is considered to be unauthorised assistance and will be penalised by a warning for the first occurrence followed by elimination for the second occurrence.

6.33. The Start (not applicable for U11 and U13 competitors):

- 6.33.1. The handicap start may use two or three gates.
- 6.33.2. One of the gates is for the application of penalties incurred before the start of the discipline such as contravening clothing regulations and modifying the dimensions of the start numbers or during the warm-up period.
- 6.33.3. The handicap must be calculated on the basis of the results from the previous discipline(s).
- 6.33.4. Competitors with a handicap after the previous discipline/s of more than 2 minutes will start in a pack start, but their final time will be recalculated based on their real handicap.
- 6.33.5. Competitors are responsible for knowing their own start time and for being at the start line on time.
- 6.33.6. The Announcer will announce '10 minutes' and '5 minutes' before the start of the combined event.
- 6.33.7. The Announcer will declare that the warm-up period on the shooting range has finished. All the competitors must go to the start area and the Starter/Starter Assistants will begin lining up the competitors.
- 6.33.8. Two minutes before the start, all the competitors must be at the corresponding gate(s) and in the order of their start time.
- 6.33.9. The Starter will announce - One minute to start, 30 seconds, 20 and 10 seconds to the Start.
- 6.33.10. After the OK has been given by the Timekeepers and the Combined Event Director, the Starter will tell the first competitor 'Take your Marks', followed by the start signal.
- 6.33.11. All timing equipment will start at the start signal. At the start area, there must be a start clock placed so that it is easily readable from the start line. The start time for the first competitor will be 00.00. Competitor N° 1 starts at time 'zero'; competitor N° 2 starts at 'x' seconds depending on the handicap, and so on.
- 6.33.12. In Relay competitions the Handicap start may use two gates but with two different starting lines (distance between the two lines 2.5m).

6.34. False Start:

- 6.34.1. This applies to the initial handicapped start (if applicable) and for each of the shooting series. A false start is deemed to have occurred if the competitor puts one foot on the ground outside of the start line or firing point area, (indicated by a line at least 1m behind the firing line) before their start time or before the shooting time has expired without having hit all 5 targets.
- 6.34.2. The Starter/Announcer must immediately announce to the competitor and the spectators the competitor that has started too early and inform them of their false start. A ten second penalty for each occurrence will be imposed either at the firing point or in the case of a false start at the final shooting series, at the last penalty stop area.
- 6.34.3. A BLATANT attempt to start too early will result in elimination. This applies to the initial handicapped start and for each of the shooting series.
- 6.34.4. If a competitor starts late, they will not be penalised, but their time will be taken from the moment they should have started according to the start list.

6.35. Competition:

- 6.35.1. The Combined run/shoot takes place with an air pistol that complies with Rule 6.47. fired at a standing target from a distance of 10 metres.
- 6.35.2. The competition is in one (U11, U13 and Masters Women), two (U15) or three (U15, U17, U19, Junior, Senior and Masters Men) series. Each series consists of hitting 5 targets with an unlimited number of shots in a maximum time of 70 seconds (pellet) or 50 seconds (laser) on a valid target zone of 59.5mm dimension. If after 70 seconds (pellet) or 50 seconds (laser), one or more targets have not been hit, the competitor can start on the running leg without being penalised providing the pistol is made safe in accordance with Rule 6.28.5.
- 6.35.3. Competitors must make a concerted effort to shoot down 5 targets within the time allowed. If in the opinion of the Range Officer and/or Shooting Director, the competitor has not made a valid attempt or stops shooting within 30 seconds, a one minute penalty will be incurred for the first infringement followed by elimination for any subsequent occurrence.
- 6.35.4. Each competitor/team must always use the same firing point for each series unless there is a target malfunction in which case the competitor will be instructed by the Range Officer to move to a spare bay, R1 or R2.
- 6.35.5. Competitors are responsible for shooting on the correct target. Shooting on the incorrect target will be penalised by elimination.
- 6.35.6. Competitors using pellet, should ensure that their PISTOL is always in contact with the shooting table when being LOADED and pointed in a safe direction. This can be any part of the pistol i.e. the grip, barrel or cylinder. Where continuous contact is not possible because of the design of the pistol the competitor must notify the Shooting Director or Range Officer before the start of the discipline and have the 'loading action' agreed. In any event, the pistol must be in contact for the final action, e.g., closing the barrel assembly or the loading lever.
- 6.35.7. Competitors using laser pistols should ensure that the pistol touches the shooting table between shots.
- 6.35.8. Competitors using laser pistols are forbidden to use constant beam during the competition. Using constant beam during the competition will result in elimination.
- 6.35.9. After the warm up and after the last shot of each shooting series, the competitor must ensure that before leaving the range that the pistol is left in the safe condition. A pistol is safe when it is untouched, pointing at the targets, unloaded with the cocking handle and/or loading part in an open position.
- 6.35.10. If the competitor has a problem with their pistol, they may use their reserve pistol or cylinder (if available) without interrupting their competition.
- 6.35.11. Competitors (other than U11 and U13) must run a short distance to their firing point and start the first shooting series of 5 targets. U11 and U13 competitors start on the range.
- 6.35.12. Firing point N° 1 must be the farthest away from the starting gates.
- 6.35.13. The 70 seconds (pellet) or 50 seconds (laser) starts at the first attempted shot (at the time the trigger is pulled).
- 6.35.14. U11 and U13 competitors shoot five targets on command @ 10 seconds per shot after which they are instructed to step back from their firing point. Upon the command 'start', competitors leave the range (in firing point order) at 2 second intervals to complete their running leg of 800m.
- 6.35.15. All other competitors can only start from the firing point to perform each running leg of 800m after having hit 5 target valid zones using an unlimited number of shots or after the time limit of 70 seconds (pellet) or 50 seconds (laser) has expired.

- 6.35.16. After the first running leg, U11, U13 and Masters Women follow the course to the finish line. All other competitors return to their firing points, (where they must reset their target if manual targets are being used - only the competitor is authorised to reset their target) and then start the second shooting series that consists of hitting 5 targets using an unlimited number of shots in the time limit of 70 seconds (pellet) or 50 seconds (laser).
- 6.35.17. After the second shooting series, U15, U17, U19, Junior, Senior and Masters Men then perform the second running leg of 800m. U15 and Masters Men run to the finish. U17, U19, Junior and Senior competitors return to the range to shoot the third set of 5 targets.
- 6.35.18. U17, U19, Junior and Senior competitors return to their firing point (where they must reset their target if manual targets are being used - only the competitor is authorised to reset their target), and then start the third shooting series of hitting 5 targets using an unlimited number of shots in the time limit of 70 seconds (pellet) or 50 seconds (laser).
- 6.35.19. After the third shooting series U17, U19, Junior and Senior competitors perform the third running leg of 800m to the finish line.
- 6.35.20. If a competitor (albeit unintentionally) impedes another competitor by crossing the lines denoting the boundary of other competitors shooting stations, they will be penalised by 10 seconds.
- 6.35.21. The competitor must follow the course from crossing the start line until crossing the finish line.
- 6.35.22. A competitor must complete the course.
- 6.35.23. When automatic judging and timing equipment is provided, it must be used to determine the winner, placing and times for each competitor. The results and time so determined has precedence over the decisions of Timekeepers.
- 6.35.24. In the case of a target breakdown or mechanical failure, the timekeepers' decisions will take precedence and reference must be made to the manual times recorded.
- 6.35.25. Competitors or coaches have 5 minutes after the competition has ended to return to the range to tidy up and remove their pistols.

6.36. Penalty Stop Areas:

- 6.36.1. The Penalty Stop Area will be located on the firing point.
- 6.36.2. A Last Penalty Stop Area, located between 200m and 400m from the finish line must be prepared in case there are penalties from the last shooting series that cannot be applied at the shooting station.
- 6.36.3. Penalties from the last shooting series that cannot be applied at the firing point and false start penalties will be applied here.
- 6.36.4. Competitors can be notified of a penalty by any of the Combined Run/Shoot Officials.
- 6.36.5. It is the competitors' responsibility to go to the penalty area having been instructed to do so.

6.37. Pistol Malfunction:

- 6.37.1. Should a pistol break down or cease to function during the preparation and sighting period:
 - 6.37.1.1. The competitor may use their reserve pistol or cylinder (if available) which must have also been approved by the Equipment Control Section.
 - 6.37.1.2. The competitor may be allowed to repair the pistol. The repair should not disturb other competitors or delay the start of the competition.
- 6.37.2. Malfunctions are not taken into consideration. Should a pistol cease to function or a shot has not fired due to a malfunction, the competitor may use the reserve pistol or cylinder (if available) which must have also been approved by the Equipment Control Section without interrupting their competition.
- 6.37.3. If the competitor does not have a reserve pistol or if the reserve pistol also malfunctions the competitor will be either eliminated or can wait at the firing point until the 70 seconds (pellet) or 50 seconds (laser) shooting time has expired before being given permission by the shooting judge to start the running leg. This will apply to each of the remaining shoot/run series.
- 6.37.4. There will be no time adjustment for pistol failure or malfunction.
- 6.37.5. The shooting judges must simultaneously manually time the competitors shooting time of 70 seconds (pellet) or 50 seconds (laser).

6.38. Target Malfunction:

If there is a target error or a target malfunction which is not the competitors fault, the Range Officer shall move the competitor to R1, R2 or a spare bay as quickly as possible in order not to disturb or delay the competition. This may require a competitor's equipment to be moved by the Range Officer whilst the competitor completes the next run series.

6.39. Spare Targets and Insufficient Targets:

- 6.39.1. The Competition Organiser should provide at least two spare targets (numbered: R1, R2, etc), one located after firing point No.1 and the other in the middle of the range.
- 6.39.2. If there are an insufficient number of targets for all the competitors, the combined run/shoot can be organised in two or more heats with the top competitors competing in the last heat.

6.40. Unauthorised Assistance:

- 6.40.1. A competitor will be eliminated if during the race they accept any physical assistance or refreshment (unless taken from a drink station specifically provided by the organiser).
- 6.40.2. The running of any other people with or behind a competitor for more than 50m (pacing) qualifies as unauthorised assistance as does calling out to a competitor to make the pistol safe. A warning will be given to the person concerned that they are giving unauthorised assistance to the competitor.
- 6.40.3. Persistent or unauthorised assistance involving a severe infringement of the principle of fair play will result in the elimination of the competitor. e.g. a coach or spectator continues to run alongside a competitor despite being advised that 'pacing' is considered unauthorised assistance or if radio or audio communication devices continue to be used during the competition.
- 6.40.4. A hands-on medical examination by official medical personnel during the competition and verbal or other communication from a person who is not inside the course is not considered as unauthorised assistance.

6.41. Infringement and Penalties:

- 6.41.1. A competitor is penalised by a **warning** for:
- 6.41.1.1. The first occasion of 'unauthorised assistance'.
 - 6.41.1.2. The first occasion of communication with any person other than a shooting official after the end of the warm-up period.
 - 6.41.1.3. The first occasion where the competitor does not have the reserve pistol (if available) in the box before the official warm-up period has started.
 - 6.41.1.4. The first occasion of contravening any Safety Regulation (6.28.4. to 6.28.8. and 6.28.10. to 6.28.14.).
 - 6.41.1.5. The first occasion of the barrel, armed hand or arm being supported by the non-shooting hand.
- 6.41.2. A competitor is penalised by a time penalty of **Ten Seconds** for each of the following offences:
- 6.41.2.1. Contravening footwear or clothing regulations.
 - 6.41.2.2. Modifying the dimensions of the start numbers.
 - 6.41.2.3. False start. This applies to the initial handicapped start (if applicable) and for each of the shooting series. A false start is deemed to have occurred if the competitor puts one foot on the ground outside of the start line or firing point area, (indicated by a line at least 1m behind the firing line) before their start time or before the shooting time has expired without having hit all 5 targets.
 - 6.41.2.4. For each occasion that the competitor (unintentionally) impedes another competitor by crossing the lines denoting the boundary of their firing point.
 - 6.41.2.5. For each occasion that the pistol is not placed on the table safely after the warm up period has ended and after each shooting series. A pistol is safe when it is pointing at the targets, unloaded with the cocking handle and/or loading part in an open position.
 - 6.41.2.6. For each occasion that the pellet pistol is loaded without some part of it being in contact with the shooting table for the last action e.g., closing the barrel assembly or the loading lever.
 - 6.41.2.7. For each occasion that the laser pistol is not brought into contact with the shooting table before each shot.
 - 6.41.2.8. The second and each further communication with any person other than a shooting official after the end of the warm-up period.
 - 6.41.2.9. The second occasion where a competitor does not have the reserve pistol in the box before the official warm-up period has started.
 - 6.41.2.10. The second occasion that the competitor uncases a pistol before being instructed to do so.
 - 6.41.2.11. The second occasion that the barrel, armed hand or arm is being supported by the non-shooting hand.
 - 6.41.2.12. The 10-second penalty must be paid at the competitor's firing point or in the case of a false start or not placing the pistol safely on the table after the last shooting series, the penalty must be paid by the competitor at the last penalty stop area.

- 6.41.3. A competitor is penalised by a time penalty of **One minute** for each of the following offences:
- 6.41.3.1. The second contravention of the safety regulations (6.28.5. to 6.28.8. and 6.28.10. to 6.28.14.)
 - 6.41.3.2. For not making a valid attempt to shoot down 5 targets within the time allowed.
 - 6.41.3.3. The one-minute penalty must be paid on at the competitor's firing point. If this happens during the last series, the penalty must be paid by the competitor at the last penalty stop area.
- 6.41.4. A competitor is **eliminated** for:
- 6.41.4.1. Being unable or refusing to change into footwear or clothing that complies with the Rules.
 - 6.41.4.2. Handling or carrying an uncased pistol in a public area i.e. outside of the designated equipment control area, or firing range
 - 6.41.4.3. Being held not competent in the opinion of the Shooting Director or Range Officer.
 - 6.41.4.4. Beginning the discipline with a non-approved pistol.
 - 6.41.4.5. The third contravention of any safety regulation (6.28.5. to 6.28.8. and 6.28.10. to 6.28.14.)
 - 6.41.4.6. Shooting on a wrong target.
 - 6.41.4.7. Jostling, running across or obstructing another competitor so as to deliberately impede their progress.
 - 6.41.4.8. Deviation, deliberate or not, from the course.
 - 6.41.4.9. Not completing the course.
 - 6.41.4.10. Not stopping at the last stop penalty area when instructed by an official.
 - 6.41.4.11. Persistent unauthorised assistance (including using audio communication during the competition).
 - 6.41.4.12. Being unable to continue the competition because of a pistol malfunction.
 - 6.41.4.13. Blatantly starting the running or running leg before the handicap start time or shooting time has expired without having hit all 5 target valid zones.
 - 6.41.4.14. The second occasion of not making a valid attempt to shoot down one set of targets within the time allowed.
 - 6.41.4.15. Using constant beam during the competition.
 - 6.41.4.16. The third occasion that the barrel, armed hand or arm is being supported by the non-shooting hand.

6.41.5. Competitors are **disqualified** for:

6.41.5.1. Having a loaded pistol ANYWHERE other than the firing point during the warm-up or competition

6.41.5.2. Exchanging an approved pistol for one that has not been approved.

6.41.5.3. Modifying or adjusting an officially approved pistol so that it violates the Rules. If there are doubts regarding any alteration, the pistol must be returned to the Equipment Control Area for re-inspection and approval.

6.41.6. A competitor is penalised by **deduction of 200 points** for marking their shooting stance on the floor when the shoot phase is held indoors (6.32.3).

6.42. Penalty Table – Combined Run/Shoot:

The competitor infringes the Rules and is penalised for:	Rule	Penalty 1st Occasion	Penalty 2nd Occasion	Penalty 3rd Occasion
Contravening footwear or clothing regulations	6.5. & 6.6 & 6.41.2.1.	10 second penalty for each occurrence		
Modifying dimensions of start numbers	6.7.5. & 6.41.2.2.	10 second penalty for each occurrence		
False start	6.34.1. & 6.34.2. & 6.41.2.3.	10 second penalty for each occurrence		
Not placing pistol safely on the table after the warm-up or shooting series	6.28.5. & 6.32.8 & 6.35.8. & 6.41.2.5.	10 second penalty for each occurrence		
Loading the pellet pistol without being in contact with the shooting table	6.28.9. & 6.35.6. & 6.41.2.6.	10 second penalty for each occurrence		
For each occasion that the laser pistol is not brought into contact with the shooting table before each shot.	6.14.4. & 6.35.7. & 6.41.2.7.	10 second penalty for each occurrence		
For each occasion that the competitor (unintentionally) impedes another competitor by crossing the lines denoting the boundary of their firing point.	6.30.2. 6.35.21 & 6.41.2.4.	10 Second Penalty for each occurrence		
Each communication between competitor and any other person except a Range Official	6.14.3. & 6.41.1.2.	Warning	10 second penalty for each subsequent occurrence	
Unauthorised assistance (including the use of audio or radio communication devices)	6.5.12. & 6.32.13 & 6.40.3 & 6.41.1.1.	Warning	Elimination	
Uncasing a pistol before being instructed to do so	6.28.4. & 6.32.1. & 6.41.1.4. & 6.41.2.10.	Warning	10 second penalty	
Not having the reserve pistol (if available) in the box before the warm-up has started	6.29.8. & 6.41.1.3. & 6.41.2.9.	Warning	10 second penalty	
Not making a valid attempt to shoot down 5 targets within the time allowed.	6.35.3. & 6.41.3.2. & 6.41.4.14.	1 minute penalty	Elimination	
The barrel, armed hand or arm being supported by the non-shooting hand.	6.30.1., 6.41.1.5., 6.41.2.11., 6.41.4.16.	Warning	10 second penalty	Elimination
Contravention of Safety Regulations	6.28.5. to 6.28.8. & 6.28.10. to 6.28.14. & 6.41.1.4. & 6.41.3.1. & 6.41.4.5.	Warning	1 minute penalty	Elimination

The competitor infringes the Rules and is penalised for:	Rule	Penalty
Marking their shooting stance on the floor when the shoot phase is held indoors	6.30.4. & 6.41.6.	Deduction of 200 points
Being unable, or refusing to change into footwear or clothing that complies with the Rules	6.5.11. & 6.6.6. 6.41.4.1.	Elimination
Handling or carrying an uncased pistol in a public area	6.28.1. & 6.28.2. 6.41.4.2.	Elimination
Being found not competent by the Shooting Director/Range Officer	6.27.4. & 6.41.4.3.	Elimination
Beginning the discipline with a non-approved pistol	6.29.10. & 6.41.4.4.	Elimination
Jostling, running across, obstructing another competitor to deliberately impede their progress.	6.41.4.7.	Elimination
Deviation, deliberate or not, from the course	6.35.22. & 6.41.4.8.	Elimination
A blatant attempt to start too early	6.34.3. & 6.41.4.13.	Elimination
Not completing the course	6.35.23. & 6.41.4.9.	Elimination
Not stopping at the last stop penalty area when instructed by an official	6.36.5. & 6.41.4.10.	Elimination
Shooting on a wrong target	6.35.5. & 6.41.4.6.	Elimination
Using constant beam during the competition.	6.41.4.15	Elimination
Being unable to continue the competition due to a pistol malfunction	6.14.9.9. & 6.37.2. & 6.41.4.12.	Competitors choice to wait at shooting point for 70 seconds (pellet) or 50 seconds (laser) to elapse or Elimination
Having a loaded pistol anywhere other than on the firing point during the warm-up or competition.	6.28.3. & 6.41.5.1.	Disqualification
Modifying or adjusting an approved pistol so that it violates the Rules	6.29.12. & 6.41.5.3.	Disqualification
Exchanging an approved pistol for one that has not been approved	6.29.16. & 6.41.5.2.	Disqualification

6.1. The Combined Run/Shoot Course:

- 6.1.1. The course consists of an air pistol shooting range equipped with mechanical falling targets or electronic targets, a start/finish area approximately 20m from the first firing point, a running course of 2 or 3 laps of 800m each, a last penalty stop area, the relay hand-over zone, judges' and coaches' area.
- 6.1.2. The Competition Organiser is responsible for providing an acceptable and safe combined event course free of obstacles and spectators. It must be designed so that there is a minimum risk of injury to the competitors; therefore no sharp turns or steep declines must be included. The course can be laid out on any kind of surface or surfaces.
- 6.1.3. The start/finish area, shooting range, relay hand-over zone, as well as most of the 800m running lap should be located on level ground and close together, so as to provide the majority of spectators with a good view of the competition in progress.

- 6.1.4. These areas and critical parts of the course should be fenced off if necessary in order to prevent competitors from being impeded or going off course and to prevent access by unauthorised persons.
- 6.1.5. The course should be clearly marked with flags, tape and/or markers above ground level, so that the direction of the course is always obvious to the competitors.
- 6.1.6. The maximum climb of the course should be no more than 50m. The total climb is measured from a perpendicular angle from the starting area and adding together the total metres of climb from each level.
- 6.1.7. The first 50m and the last 50m of the course should wherever possible be straight and flat.
- 6.1.8. The total course must be wide enough to permit two runners to pass each other at any point.
- 6.1.9. The start and finish should, if possible, be in the same place and must be wide enough to permit the starting/finishing procedures to take place without unnecessary crowding.
- 6.1.10. The start line and the finish line should be marked by a single line at least 5cm wide the colour of which contrasts with the ground. It is recommended that a gantry (arch, gate, etc.), vertical poles or something similar also mark the start line and the finish line.
- 6.1.11. The course should wherever practical be marked with a sign post, at 400m to inform competitors of the distance they have run.
- 6.1.12. The race should (wherever possible) be run in an area that will assist and encourage the access of spectators.
- 6.1.13. At least 1 hour before the start of the discipline the course should be marked so that it is possible for competitors to inspect it. 15 minutes before the warm-up is due to start the course should be cleared of competitors and spectators. At least 5 minutes before the start all restrictions preventing competitors and supporters from viewing the course must be removed.
- 6.1.14. **In relay competitions:**
 - 6.1.14.1. The start and finish lines shall be a minimum of 5m wide.
 - 6.1.14.2. The hand-over zone shall be 20m long, placed 10m each side of the finish line. Thus the dimensions of the hand-over zone will be 20m x minimum 5m.
 - 6.1.14.3. The hand-over zone shall be clearly marked by limit lines.
- 6.1.15. The finish area behind the finish line must be large enough to permit the officials to take care of the competitors having completed the course.
- 6.1.16. Access to the finish area with the timing device and timekeepers must be suitably restrictive so as not to allow access by competitors, media or spectators. Particular attention must be used on the running shooting zone, to avoid collision between the competitors that enter the running course after the shooting phase.

6.2. Range Requirements:

- 6.2.1. The shooting range can be inside or outside and should be constructed so that direct sunlight does not disturb the competitors.
- 6.2.2. The shooting range should be located or built in such a way it can guarantee the safety of the competitors, coaches, judges and spectators.
- 6.2.3. The shooting range must protect the competitors from the wind, also lateral wind, using closed walls on the two lateral sides.

- 6.2.4. The lateral wall must include the competitors firing point which should be a minimum of one metre in length. The lateral wall must not be shorter than 11 metres.
- 6.2.5. The background area behind the targets should be in a non-reflecting, medium, neutral colour.
- 6.2.6. The shooting range must protect the competitors from the rain using special roof coverage and contain a waterproof box located under the shooting table to protect the competitors' pistol, water, towels and binoculars.
- 6.2.7. The competitors' shooting area (minimum 1m and maximum 1.30m wide) should be clearly defined with two visible lines.
- 6.2.8. The shooting range should be prepared in such a way the spectators can enjoy the competition and watch the finish.
- 6.2.9. During both warm-up and competition, competitors must enter the range from one side and exit the other side.
- 6.2.10. There must be sufficient space (approximately 4m) behind the firing points to allow the competitors, before and after each shooting series, to run to their firing point without disturbing the other competitors and to permit the Range Officials to perform their duties.
- 6.2.11. Targets must be marked with numbers corresponding to their firing point number. The numbers must be large enough to be easily seen under normal shooting conditions with normal vision from the appropriate firing point. Where possible, odd and even numbers should be in contrasting colours i.e. black on white, white on black.
- 6.2.12. The firing point must be marked with a number corresponding to the target number.
- 6.2.13. The targets must be fixed in such a manner that they have no appreciable movement.
- 6.2.14. The height of the target centre must be within the following height measured from level of the floor of the firing point:
 - 6.44.14.1. Standard Height Variation: 1.40m +/- 0.05 m
 - 6.44.14.2. Horizontal variation for target centre: 0.25 m.
 - 6.44.14.3. The firing point must be equipped with:
 - 6.44.14.4. A table or bench, about 0.7m - 0.8m high;
- 6.2.15. The table must have protection for the pistol and the pellets in case of rain (waterproof box) or a place under the table.

6.3. Laser Targets:

- 6.3.1. Laser targets consist of one black single aim and 5 green/red lamp indicators.
- 6.3.2. Shooting zone for competition, target (shooting zone) and indicators must be separated.
- 6.3.3. The dimension of the target is 250mm diameter. The target valid zone is 59.5mm.
- 6.3.4. The target system must be clearly visible to all the spectators.
- 6.3.5. Targets must be of a non-reflecting colour and material.
- 6.3.6. Indicators Wavelength: Red colour must be 660nm and green colour 525nm. (+/- 5nm.) Indicators must be installed minimum 1m up to the shooting zone.
- 6.3.7. Indicators must be 55mm diameter with minimum of 90° viewing angle.

- 6.3.8. Background of the indicators must be a dark colour. Distance between each red/green lamp must be 40mm.
- 6.3.9. The targets should be fixed to a rack or wall (height 2.3m approx) and guarantee the centre of the aim is at 1.40m height. If the wall is not in wood or plastic, then some fixation able to receive a screw of 6mm diameter must be prepared for each station at 1.30m and 2.10m height.
- 6.3.10. The target must be controlled from the firing point by a button of minimum 35mm diameter and easily accessible by the competitor. One button must be used to control all the shooting process. The target may self-time by detecting pellet impacts.
- 6.3.11. Targets must be able to be used without any computer connection required.
- 6.3.12. Input power for targets must be in the range 90-240 AV. The power cable must be 3*2,5mm² section with a waterproof box equipped with a 20A security. This box has to be fixed on the back end of the wall at 2m height. A power backup system (minimum 750VA) must be provided by the Competition Organiser.
- 6.3.13. Targets must be usable under all weather conditions, including sunny weather.

6.4. Mechanical Knockdown targets:

- 6.4.1. Mechanical falling targets consist of 5 black holes.
- 6.4.2. Targets must be of a non-reflecting colour and material.
- 6.4.3. Basic mechanical target is of dimension: Length 42cm. Height 15cm Width 15cm.
- 6.4.4. The minimum distance between each hole is 8cm.
- 6.4.5. The target valid zone is 59.5mm in diameter.
- 6.4.6. The target system should be clearly visible to all the spectators.
- 6.4.7. The targets have to be fixed to a rack or wall and guarantee the centre of the aim is at 1.40m height \pm 0.05m.
- 6.4.8. To ensure that the mechanical target functions correctly, it is absolutely necessary to adjust the target with a level as if not exactly level, the target could have a malfunction and generate wrong or irregular shooting results.
- 6.4.9. The reset rope must be brought in a straight line to the competitor's shooting table and fixed there for ease of use by the competitor.
- 6.4.10. The white plastic surface must not be painted. The surface of the matrix might be painted

6.5. The Air Pistol:

- 6.5.1. Only single shot pistols are allowed without any form of magazine or clip.
- 6.5.2. Only 4.5mm calibre (.177') single shot compressed air or CO₂ pistol may be used.
- 6.5.3. The weight of the pistol with all accessories must not exceed 1500g.
- 6.5.4. The weight of the trigger pull is a minimum of 500g.
- 6.5.5. The overall size of the pistol is limited to those dimensions which will permit it to be enclosed completely in a rectangular box having the inside dimensions of 420mm x 200mm x 50mm. A manufacturing tolerance of + 1.0mm – 0.0mm in the dimensions of the box are permitted.

- 6.5.6. Ported barrels and performance barrel attachments for attachment to air pistols are allowed providing the pistol complies with all other requirements, including dimensions.
- 6.5.7. Sights: Only open sights are allowed. Optical, mirror, telescope, laser-beam, electronically projected dot sights etc., are prohibited. Any aiming device programmed to activate the firing mechanism is prohibited. No protective covering is permitted on front or rear sights.
- 6.5.8. No part of the grip may encircle the hand. The heel rest must extend at an angle not less than 90° to the grip. Any upward curvature of the heel and/or thumb rest and/or downward curvature of the side opposite the thumb is prohibited. The thumb support must allow the free upward vertical movement of the thumb. However, curved surfaces on the grip or frame, including the heel and/or thumb rest in the longitudinal direction of the pistol are permitted. (See diagram).

6.6. Ammunition:

Any 4.5mm (.177") wadcutter type projectile (flat headed), made of lead or other soft material is permitted.

6.7. Laser Pistol:

- 6.7.1. Only single shot laser pistols are allowed without any form of magazine or clip. The shot must be activated by a mechanical trigger.
- 6.7.2. The weight of the pistol with all accessories must not exceed 1500g. The pistol must be capable of both vertical and horizontal aiming correction.
- 6.7.3. The overall size of the pistol is limited to those dimensions which will permit it to be enclosed completely in a rectangular box having the inside dimensions of 420mm x 200mm x 50mm. A manufacturing tolerance of + 1.0mm – 0.0mm in the dimensions of the box are permitted.
- 6.7.4. Only open sights are allowed. Optical, mirror, telescopic, laser-beam, electronically projected dot sights etc. are prohibited. Any aiming device programmed to activate the firing mechanism is prohibited. No protective covering is permitted on the front or rear sights.
- 6.7.5. No part of the grip or accessories may encircle the hand. The heel rest must extend at an angle not less than 90° to the grip. Any upward curvature of the heel and/or thumb rest and/or downward curvature of the side opposite the thumb is prohibited.
- 6.7.6. The thumb support must allow the free upward vertical movement of the thumb. However, curved surfaces on the grip or frame, including the heel and/or thumb rest in the longitudinal direction of the pistol are permitted. (See diagram).
