Our Plant Hunting Heritage

Great Britain has a strong tradition of plant hunting. Our Keeper of the Gardens, Mark Flanagan, follows in the footsteps of plant hunters like Ernest Wilson as he continues the search for interesting new additions to bring to The Savill Garden.

Our National Collections

Affiliation to this scheme has had the dual benefit of not only protecting important garden plants against the dangers of extinction but has also meant that we are able to showcase these plants for our visitors to enjoy.

Our Champion Trees

A Champion Tree is the nationally recognised accreditation for the tallest tree or example with the largest girth within each type of tree in the UK. We have more than twenty Champion Trees in The Savill Garden.

"If, like me, you enjoy a garden for the special plants and displays each season offers, then The Savill Garden is truly a nirvana."

A royal history

The Savill Garden was created by Sir Eric Savill, grand master of the woodland garden, in the 1930s with the support of King George V and Queen Mary.

Since that time, the Garden has continued to develop under Royal Patronage, with most recently HM The Queen opening the Rose Garden in 2010.

Events in The Royal Landscape

Enjoy year round events both at The Savill Garden and in the wider Royal Landscape. Highlights include Easter and Autumn Trails, a Sculpture Exhibition, Open Air Theatre and the 'Celebration of the Rose' weekend. Also, horse and carriage rides are available seasonally from The Savill Garden.

The Royal Landscape

The Savill Garden is part of The Royal Landscape, Windsor Great Park, which comprises The Savill Garden, The Valley Gardens and Virginia Water. This is an area of over 1,000 acres of magnificent woodland, lakes and gardens, accessed through the Virginia Water car park or The Savill Garden car park.
