Make Money for Your Training Centre!!!

Personal Membership of the RYA is important for many reasons, to support the RYA and all the work it does on behalf of the recreational boating public, and to take advantage of the numerous membership benefits and services.

Now there is an opportunity to earn money for your Training Centre by encouraging people to join the RYA. To promote recruitment of RYA personal members at the grass roots level, RYA Marketing has introduced the Joining Point Scheme.

What is Joining Point?

Clubs, Associations, Training Centres and Commercial Organisations can receive commission for recruiting personal members for the RYA by paying them a fee for each new member that joins through their Joining Point. Because the RYA has a sophisticated membership database, the origin of each membership can be located via a unique "Joining Point code number". The Joining Point then receives commission based on the number of members attributable to each source, at the following rates

- £7.50 for new Personal Members,
- £10 for new Family Memberships
- £2.50 for Under-21's.

This commission will only apply to bone fide new memberships paid at the full current subscription rates, and will be paid in full every quarter.

Upon registration, you will receive a Joining Point pack including special Joining Point leaflets, a leaflet holder, and posters to display.

You can sign up as an RYA Joining Point absolutely free of charge. Contact the RYA Marketing office on **023 8060 4213**, email marketing@rya.org.uk or complete the enclosed form.

JOINING POINT SCHEME REGISTRATION FORM

I wish to register as an RYA Joining Point
