

The Oyster Perpetual
YACHT-MASTER

Oyster, 40 mm, steel and platinum
YACHT-MASTER

Sleek, sporty, distinguished: the Oyster Perpetual Yacht-Master symbolizes the privileged ties between Rolex and the world of sailing that stretch back to the 1950s. It is the only Oyster Professional model offered in two sizes: 40 and 35 mm.

Reference

116622

MODEL CASE

MODEL CASE

Oyster, 40 mm, steel and platinum

OYSTER ARCHITECTURE

Monobloc middle case, screw-down case back and winding crown

DIAMETER

40 mm

MATERIAL

Rolesium - combination of 904L steel and platinum

BEZEL

Bidirectional rotatable 60-minute graduated with raised numerals and graduations coated in 950 platinum

WINDING CROWN

Screw-down, Triplock triple waterproofness system

CRYSTAL

Scratch-resistant sapphire, Cyclops lens over the date

WATER-RESISTANCE

Waterproof to 100 metres / 330 feet

MOVEMENT

MOVEMENT

Perpetual, mechanical, self-winding

CALIBRE

3135, Manufacture Rolex

FUNCTIONS

Centre hour, minute and seconds hands. Instantaneous date with rapid setting. Stop-seconds for precise time setting

PRECISION

Officially certified Swiss chronometer (COSC)

OSCILLATOR

Paramagnetic blue Parachrom hairspring

WINDING

Bidirectional self-winding via Perpetual rotor

BRACELET

BRACELET

Oyster, flat three-piece links

BRACELET MATERIAL

904L steel

CLASP

Folding Oysterlock safety clasp with Easylink 5 mm comfort extension link

DIAL

DIAL

Blue

DETAILS

Highly legible Chromalight display with long-lasting blue luminescence

Style of the Yacht-Master

THE WATCH OF THE OPEN SEAS

The Yacht-Master is revered for its casual yet purposeful allure. The blue dials or those made from mother-of-pearl evoke the marine world for which the watch was designed. The large hour markers and broad hands are reserved for Professional models and remain extremely readable in all situations. The Yacht-Master is at home on deck on the open sea as well as on land in an elegant yacht club lounge.

Function of the Yacht-Master

BIDIRECTIONAL ROTATABLE BEZEL

The Yacht-Master's bidirectional rotatable 60-minute graduated bezel is made of 18 ct yellow gold or 950 platinum. The raised polished numerals and graduations stand out clearly against a matt, sand-blasted background.

This functional bezel – which allows the wearer to calculate, for example, the sailing time between two buoys – is also a key component in the model's distinctive visual identity.

Spirit of the Yacht-Master

ROLEX SYDNEY HOBART YACHT RACE

A challenging 628 sleepless miles along Australia's eastern coastline. The crew have no time for rest. The end of each day heralds the same mantra: just make it through the night unscathed. Iron-willed and hardened by wind and waves, they battle the black, undulating expanse. These men were made for the sea.

Features

OYSTER CASE

The Oyster case is one of the foundations of the reputation for excellence of Rolex watches. Invented by Rolex in 1926, it was the world's first waterproof case for a wristwatch thanks to its patented system of screwing down the bezel, case back and winding crown against the middle case. Like the mollusc, the Rolex Oyster is robust and clamped shut.

It provides a hermetic environment that protects the high-precision Perpetual movement from water, dust, or pressure. Today, thanks to the case's construction, all Rolex Oyster watches are guaranteed waterproof to a depth of 100 metres (330 feet), and 300 to 3,900 metres for divers' watches.

Features

THE PARACHROM HAIRSPRING

In a mechanical watch, the oscillator is the guardian of time. Conventional oscillator hairsprings are made of ferromagnetic alloys, leaving them vulnerable to magnetic fields, temperature variations and shocks that interfere with their precision. After years of research, Rolex created the blue Parachrom hairspring, which is finer than a human hair.

Crafted from a highly stable paramagnetic alloy that includes niobium and zirconium, it is insensitive to magnetic fields and up to 10 times more resistant to shocks. Historically, the unique blue color of the hairspring has been a sign of prestige reserved for only the most accurate timepieces.

Features

OYSTER BRACELET

The Oyster bracelet is a perfect alchemy of form and function, aesthetics and technology. First introduced in the late 1930s, this particularly robust and comfortable metal bracelet with its broad, flat three-piece links remains the most universal bracelet in the Oyster collection.

Features

3135 MOVEMENT

The Yacht-Master 40 mm is equipped with calibre 3135, a self-winding mechanical movement entirely developed and manufactured by Rolex. Like all Rolex Perpetual movements, the 3135 is a certified Swiss chronometer, a designation reserved for high-precision watches that have successfully passed the Swiss Official Chronometer Testing Institute (COSC) tests. Their architecture, like that of all Oyster watch movements, makes them singularly reliable.

Unique Feature

2235 MOVEMENT

The Yacht-Master 35 and 29 mm sizes are equipped with calibre 2235, a self-winding mechanical movement entirely developed and manufactured by Rolex. Like all Rolex Perpetual movements, the 2235 is a certified Swiss chronometer, a designation reserved for high-precision watches that have successfully passed the Swiss Official Chronometer Testing Institute (COSC) tests. Its architecture, in common with all Oyster watch movements, makes it singularly reliable.

Features

CERTIFIED SWISS CHRONOMETER

The four simple words Superlative Chronometer Officially Certified on a Rolex watch dial mean that the very movement inside the timepiece has endured 15 days and nights of testing by COSC (Contrôle Officiel Suisse des Chronomètres – Swiss Official Chronometer Testing Institute), an independent not-for-profit association.

To receive COSC certification as a Swiss chronometer, a watch must demonstrate extreme precision in a variety of positions and temperatures. Rolex is unique in the industry: this is the standard level of quality required of every Rolex wristwatch movement.

Where to buy a Rolex

THE OFFICIAL ROLEX RETAILER

Only official Rolex retailers, distinguishable by this official green plaque, are allowed to sell and maintain a Rolex. With the necessary skills, technical know-how and special equipment, they guarantee the authenticity of each and every part of your Rolex, not to mention its reliability over time, helping you make the choice that will last a lifetime.
