# GUIDELINES REGARDING AUTHORISED IDENTIFICATIONS

GAMES OF THE XXX OLYMPIAD, LONDON 2012

## INTRODUCTION

One of the key factors that differentiate the Olympic Games from other sporting events is the visual presentation of the Games, which includes the “look” of the venues, the field of play and the athletes. Placing the national and Olympic identity of athletes at the forefront helps to further distinguish the Olympic Games, whilst respecting the significant contribution that sporting goods manufacturers provide.

The International Olympic Committee (IOC) is therefore pleased to present the Guidelines regarding *Authorised Identifications* for the Games of the XXX Olympiad in London 2012. This guide contains the general rules concerning *Authorised Identifications* and the specific details for the different categories (clothing, equipment, accessories and footwear) for the London 2012 Olympic Summer Games.

The purpose of this manual is to clarify the use of *Authorised Identifications* using visual diagrams to illustrate Rule 51 of the Olympic Charter and its bye-laws as well as the “Guidelines regarding Authorised Identifications”, approved by the IOC Executive Board in October 2010. These rules apply to all of the athletes, officials and other persons accredited by the NOC within the Olympic Games venues and sites.

The Guidelines regarding *Authorised Identifications* have been distributed to all NOCs, International Federations (IFs) and sporting goods manufacturers via the IOC and the World Federation of Sporting Goods Industry (WFSGI). We encourage all parties to make use of this reference manual during the design and production of *clothing, equipment, accessories and footwear items* for the Games of the XXX Olympiad, London 2012.

## 1. INTRODUCTION

The prohibition of any advertising and publicity in and above Olympic sites (as expressed in the Olympic Charter) is one of the aspects that differentiate the Olympic Games from other international events.

This is reflected in particular in Bye-Law to Rule 51<sup>1</sup> of the Olympic Charter as follows:

*No form of publicity or propaganda, commercial or otherwise, may appear on persons, on sportswear, accessories or, more generally, on any article of clothing or equipment whatsoever worn or used by the athletes or other participants in the Olympic Games, except the identification [...] of the manufacturer of the article or equipment concerned, provided that such identification shall not be marked conspicuously for advertising purposes.*

These guidelines provide guidance on how this principle is to be implemented, in particular (i) as to when an identification is “marked conspicuously for advertising purposes” (and hence prohibited), (ii) which types of identifications are allowed, (iii) where such identifications may be placed and (iv) how many times such identifications may appear.

These Guidelines are not intended to restrict or otherwise impair new, innovative technological design features of *Items* (as defined below) as long as these are in conformity with the rules and regulations applicable for the sports concerned, the Olympic Charter and these Guidelines.

Notwithstanding the above, these Guidelines are to be used subject to the understanding that:

- (i) in case any term of these Guidelines is in contradiction with the Olympic Charter, the latter shall prevail;
- (ii) the IOC Executive Board shall be the sole authority to finally determine whether the use of a name, designation, trademark, logo or any other distinctive sign complies with the Olympic Charter and these Guidelines; and
- (iii) the IOC reserves the right to further interpret and/or supplement these Guidelines in order to help ensure that the spirit and purposes of Rule 51 are respected.

<sup>1</sup> As of the date of issuance of these guidelines.

## 2. DEFINITIONS

For the purpose of these Guidelines:

“**Authorised Identification**” means any of the following identification:

| NAME                                      | DEFINITION   |

“**Item**” means any piece of clothing, equipment, accessory or any other item used or worn by any person participating in the Olympic Games, appearing on the field of play or within other Olympic Games venues and sites, of which in particular, but without limitation:

| NAME                    | DEFINITION   |
|-------------------------|--|
| <i>Accessory</i>        | Means any article that is of an accessory nature (e.g. bag, eyewear, headgear, gloves, socks, etc.), worn or used by a Participant.  |

| <i>Technical Gear</i>   | Means such installations, equipment and other apparatus not worn or used by Participants (such as timing equipment and scoreboards).   |

“**Exclusive Identifier(s)**” means any design or sign (or part or variation thereof) used on *Clothing*, *Sports Equipment* or *Accessories* in the preceding edition of, respectively, the Games of the Olympiad and the Olympic Winter Games.

“**Olympic Games**” means the Games of the XXX Olympiad, London 2012.

“**Participant**” means any person participating in the Olympic Games, in particular, but without limitation, athletes, officials, technicians (e.g. equipment technicians) and other accredited personnel.

“**Sport Brand**” means an *Identification of the Manufacturer* principally used in the business of manufacturing, providing, distributing and selling sporting goods and which is (i) not principally used for non sport products, (ii) not confusingly similar or identical to an identification used in another line of business, unrelated to sporting goods.

“**Clothing Brand**” means an *Identification of the Manufacturer* principally used in the business of manufacturing, providing, distributing and selling clothes and which is (i) not principally used for non clothes products, (ii) not confusingly similar or identical to an identification used in another line of business, unrelated to clothes.

**For the avoidance of doubt, when referring to a “person participating in the Olympic Games”, these Guidelines refer to any athlete, official and any other accredited person within Olympic Games venues, sites and press areas.**

### 3. GENERAL PRINCIPLES

An *Authorised Identification* may only be used in compliance with the terms of the Olympic Charter, the present Guidelines or as further approved in writing by the IOC.

The IOC reserves the right to prohibit the use of any *Authorised Identification* on any given *Item* in order to ensure the spirit of the principles of the Olympic Charter and these Guidelines are respected.

Unless specifically mentioned otherwise hereinafter (in particular in Part B, “Specific Implementation” section) or unless otherwise indicated in writing by the IOC, **the following general principles shall apply:**

- No use of any *Identification of the Manufacturer* may be made in a conspicuous way and no *Item* may be used for advertising purposes. An *Item* is in particular considered to be used for advertising purposes when the identification on such *Item* is not in relation to sport or is only featured or used for the purpose of conspicuous exposure during the *Olympic Games*.
- No identification other than an *Authorised Identification* may appear on any *Item*.
- Only one *Identification of the Manufacturer* per *Item* shall be permitted<sup>1</sup>.
- Where the *Identification of the Manufacturer* is not a *Sports Brand*, such identification shall not be permitted, except for *Clothing*, for which the *Identification of the Manufacturer* may be that of a *Clothing Brand*.

<sup>1</sup> Where one-piece body suits are used in competition, one *Identification of the Manufacturer* shall be permitted above the waist and one below the waist, provided all other principles are respected.

- No third party name, including the names of athletes (unless a technical requirement) designation, trademark, logo, corporate design or colour scheme (including those of sponsors, National Federations and International Federations<sup>1</sup>) or any other distinctive sign may appear on any *Item*<sup>2</sup>.
- No *Authorised Identification* may appear on the neck or the collar, on the body (e.g. tattoo) of any person participating in the Games or on any of the following *Items*: contact lenses, earplugs, mouth guards, nose clips, water bottles, umbrellas.
- No *Identification of the Manufacturer* may appear in combination with any other *Authorised Identification*.
- The size of an *Identification of the Manufacturer* shall in general not exceed
  - 6 cm<sup>2</sup> for gloves, headgear (both as referred to in Bye-Law to Rule 51 of the Olympic Charter), *Accessories*,
  - 20 cm<sup>2</sup> for *Clothing*,
  - 10% of the surface area (up to a maximum of 60 cm<sup>2</sup>) for *Sports Equipment*.
- All footwear items may carry the identification as generally used on products sold through the retail trade during the period of 12 months prior to the Games.
- *Authorised Identifications* may not appear close or adjacent to each other, in order to avoid a composite logo effect or a repetitive effect. This applies also in case of several layers of *Items* worn by the same person or for one-piece body suits.
- *Authorised Identifications* should as much as possible be placed on the chest or on the sleeve.
- No *Sports Equipment* may be brought to the medal or flower presentation ceremony. This applies also to interviews, with the exception of the mixed zone when used as an exit from the competition area, or if the *Sports Equipment* is worn by the athlete (e.g. shoes).
- No *Item* and *Footwear* may feature any identification that relates to a product, service or in any other way does not comply with the principles of the Olympic Charter.

Specific sizes and display frequency are applicable as per the “Specific Implementation” section hereinafter.

In all instances where the *Item* contains elastic material (such as LYCRA®), the *Authorised Identification* size shall be measured stretched (e.g. as worn by the athlete or once the ball is fully pressurised at official air pressure).

The use of certain *Authorised Identifications* (such as *IF Identifications*, the *LOCOG Emblem* or the *LOCOG Wordmark*) is limited and restricted to certain *Items* only and may not be used otherwise as specifically indicated herein.

All *Items* must be those who are normally worn or used by a participant in the Olympic Games.

<sup>1</sup> With the exception of certain IF representatives, as authorised by the Olympic Charter and as further described in the stakeholder specific list for IF clothing.

<sup>2</sup> For the avoidance of doubt, this includes but is not limited to technical sport homologation designations (such as “official equipment of...”, “official [IF] size”, etc.), product component (e.g., water resistant fabric, insulation fabric, etc.) identifications and manufacturer product technology identifications, it being understood that product component and manufacturer product technology identifications may only appear (under the same restrictions as any *Authorised Identification*) as stand-alone identifications, i.e. such identifications cannot appear if an *Item* already features an *Authorised Identification*. If any identification is necessary for safety reasons (e.g. “CE” or a similar non-commercial certification logo), such identification must be placed inside the *Item*, out of camera and public sight, while in a location that allows technical verification by officials.

## 4. DESIGNS

Designs of *Items* must comply with the specifications of these Guidelines. In particular, a design may be used for one Games of the Olympiad and one Olympic Winter Games but must be changed before the following Games of the Olympiad or Olympic Winter Games, as the case may be.

*Authorised Identifications* or any portion or variations thereof (such as graphic and/or text that serve as concept extensions) cannot be used in designs (e.g., repetitions, extensions, distortions, watermarks, patterns, etc.) of *Items*.

For the avoidance of doubt, drawings, colour schemes, combinations, patterns, prints, letters, numerals, geometric elements, slogans, taglines, words or designs that derive or refer or otherwise create the impression that they are identical or similar to an *Identification of the Manufacturer* (including, in particular, *Exclusive Identifiers*), may not be used in designs of *Items* for the Olympic Games.

Subject to the above, NOCs are encouraged to use their national colours, name, flag and emblems, as well as NOC Emblems, in order to visually enhance the national identity of their *Items*.

The NOC of the country hosting the Olympic Games (in the present case, the British Olympic Association) may not use the “Look of the Games” in any way which creates a confusion between the LOCOG Workforce and the athletes and delegation officials of the British Olympic Team.

## 5. USE OF LOCOG EMBLEM AND LOCOG WORDMARK

In general, the LOCOG Emblem and the LOCOG Wordmark must:

- be sourced directly from LOCOG and used in accordance with the LOCOG guidelines in this respect;
- not be used for any commercial purposes including, but not limited to, licensed or replica merchandise;
- only be used once per *item of Clothing*, with a maximum size of 20 cm<sup>2</sup>;
- only be reproduced in its entirety, using the official LOCOG font and colours;
- not be used on any *Item*, except as permitted by the present Guidelines.

In particular:

- The LOCOG Wordmark may be used on *Clothing items*, and when used in conjunction with an NOC Emblem, should be positioned under the NOC Emblem with a distinctive gap or separation between the LOCOG Wordmark and the NOC Emblem or separated by a small dividing line.
- The LOCOG Emblem must not be used on competition clothing and must absolutely appear alone. It is forbidden to associate this emblem with any other *Authorised Identification* (such as an *Identification of the Manufacturer* or an NOC Emblem). Feature of the LOCOG Emblem is subject to LOCOG’s restrictions and approval.

## 6. RESPONSIBILITY FOR COMPLIANCE

NOCs shall be primarily responsible for ensuring that all *Items* worn or used by the members of their delegation comply with the terms of the Olympic Charter and these Guidelines.

Under the supervision of the IOC and with the support of OCOG personnel, the IFs, in accordance with Paragraph 1.6 to Rule 27 of the Olympic Charter, shall implement a system of enforcing the compliance of Items (such as Sports Equipment) in relation to their respective sport.

## 7. CONSEQUENCES OF INFRINGEMENT TO THE GUIDELINES

Without prejudice to any other sanctions that the IOC may consider to impose, any *Authorised Identification* or Item used in violation of the terms of the Olympic Charter or these Guidelines shall be removed or covered (as applicable) in accordance with the instructions given by representatives of the IOC, LOCOG or the relevant IF.

Any breach of the terms of the Olympic Charter, these Guidelines or instructions given by authorised representatives in relation to compliance with these Guidelines, may lead to disqualification of the athlete and/or withdrawal of the accreditation of the Participant concerned, as well as other possible sanctions, in accordance with the decision of the IOC, or in accordance with the technical rules of the respective sport.

## 8. SUBMISSION PROCESS

The IOC has set up a submission procedure for *Items* to be reviewed and shall offer assistance to NOCs through the updated on-line submission tool. Once the new tool is active, the process will be communicated to all stakeholders. The review process for submissions will no longer be on a continual basis, rather, the IOC will accept submissions up to a pre-determined date and in turn, will review all submissions by a pre-determined date.

# PART B

# SPECIFIC IMPLEMENTATION

This section contains specific and concrete rules on how the above-mentioned general principles are applied to specific cases.

In particular, the following sub-paragraphs will provide extensive information on a given aspect of implementation of these principles:

1. MEASURING AUTHORIZED IDENTIFICATIONS \_\_\_\_\_ 13
2. SPORT-BY-SPORT LIST \_\_\_\_\_ 15
3. GRAPHICAL ILLUSTRATIONS (AS REFERRED IN SPORT-BY-SPORT LIST) \_\_\_\_\_ 43

Furthermore, stakeholder specific lists will be provided (as separate appendices) to each relevant stakeholder by the IOC in due time.

## 1. MEASURING AUTHORISED IDENTIFICATIONS

*Identifications of the Manufacturer* will be measured as follows:

### REGULAR SHAPES

Where the *Identification of the Manufacturer* appears as a rectangle or square, the mathematical rules used to calculate the surface area of the shape will be applied.

### IRREGULAR SHAPES

Where the *Identification of the Manufacturer* is an irregular shape, a rectangle or square will be traced around the identification, and the mathematical rules used to calculate the surface area of the rectangle or square shall be applied.

## COMBINED SHAPES

Where the *Identification of the Manufacturer* combines the manufacturer name with the manufacturer logo, a rectangle or square will be traced around the combined identification and the surface area of the rectangle or square shall be calculated in its entirety.

## 2. SPORT-BY-SPORT LIST
