

The Oyster Perpetual
PEARLMASTER

Oyster, 29 mm, yellow gold and diamonds
PEARLMASTER 29

The Oyster Perpetual Pearlmaster has stood out since its launch in 1992, thanks to its elegant lines and precious materials. Set with diamonds, rubies, sapphires or emeralds, it is a new, feminine interpretation of Rolex's emblematic Datejust.

BRACELET

Pearlmaster, rounded five-piece links

BRACELET MATERIAL

18 ct yellow gold

CLASP

Concealed folding Crownclasp

DIAL

DIAL

Champagne

CERTIFICATION

Superlative Chronometer (COSC + Rolex certification after casing)

Style of the Pearlmaster 29

GOLD AND PRECIOUS STONES

Available only in 18 ct yellow, white or Everose gold, the Pearlmaster is always set with diamonds or other precious stones. The gracious shape of its 29 mm case, slightly larger than the classic 26 mm Lady-Datejust, is noble and distinguished. Its broad bezel glitters with gems of generous proportions, baguette- or brilliant-cut and sometimes in individual settings.

Function of the Pearlmaster 29

WHAT A DIFFERENCE A DATE MAKES

In the earliest Datejust models, the date would begin to change hours before its midnight rendezvous. In 1955, the date-change mechanism was adapted to operate instantaneously and the date aperture was enhanced with a Cyclops lens that magnifies the date for easy reading.

Spirit of the Pearlmaster 29

HISTORY OF THE DATEJUST

The Datejust, introduced in 1945, was the first wristwatch to display the date through an aperture on the dial. Its unique magnifying Cyclops eye, added several years later, became recognised as a Rolex standard. Admired for its classic design, the Datejust has become an iconic symbol of style.

Features

ROLEX GEMS

Rolex uses only the finest rubies, sapphires and emeralds to adorn its watches, and employs exceptionally demanding selection criteria. Each stone is meticulously examined by the in-house gemmologists for quality and authenticity.

Since these coloured gemstones form naturally in the earth in a varied palette of colours, they are sorted by hand, stone by stone, to ensure that all the gems on a given watch are of the same hue. At Rolex, time and precision are ingredients of beauty.

Features

PEARLMASTER BRACELET

Both sensual and sophisticated, this metal bracelet with rounded five-piece links was created in 1992 for the launch of the Pearlmaster model. The Pearlmaster bracelet is always fitted with a Crownclasp.

Features

18 CT GOLD

By operating its own exclusive foundry, Rolex has the unrivalled ability to cast the highest quality 18 ct gold alloys. According to the proportion of silver, copper, platinum or palladium added, different types of 18 ct gold are obtained: yellow, pink or white. They are made with only the purest metals and meticulously inspected in an in-house laboratory with state-of-the-art equipment, before the gold is formed and shaped with same painstaking attention to quality. Rolex's commitment to excellence begins at the source.

Features

2235 MOVEMENT

Calibre 2235 is a self-winding mechanical movement entirely developed and manufactured by Rolex. Like all Rolex Perpetual movements, the 2235 is a certified Swiss chronometer, a designation reserved for high-precision watches that have successfully passed the Swiss Official Chronometer Testing Institute (COSC) tests. Its architecture, in common with all Oyster watch movements, makes it singularly reliable.

Features

SUPERLATIVE CHRONOMETER

The green seal accompanying every Rolex watch is a symbol of its status as a Superlative Chronometer. This exclusive designation attests that it has successfully undergone a series of specific final controls by Rolex in its own laboratories according to its own criteria, in addition to the official COSC certification of its movement. This unique testing of the chronometric precision of the cased-up movement, as well as of the watch's waterproofness, self-winding and power reserve, pushes back the boundaries of performance and makes Rolex the benchmark for excellence in mechanical watches. The green seal is coupled with a five-year guarantee which applies to all Rolex models.

Where to buy a Rolex

THE OFFICIAL ROLEX RETAILER

Only official Rolex retailers, distinguishable by this official green plaque, are allowed to sell and maintain a Rolex. With the necessary skills, technical know-how and special equipment, they guarantee the authenticity of each and every part of your Rolex, not to mention its reliability over time, helping you make the choice that will last a lifetime.
