PROGRAM

to experience sharing in the creation of the unified system of state registration and cadastral recording of immovable property and provision of public services in electronic form for representatives of foreign organizations

#	Topic	Number of Academic Hours
1.	**Module I. Creation and development of the unified state system of registration of rights and cadastral recording of immovable property** Total: 10 academic hours, including: lectures – 4 academic hours; round table – 2 academic hours; practical training – 2 academic hours; field visits to Rosreestr units – 2 academic hours	
1.1.	Main stages of creation and current status of the unified system of state registration of rights and transactions in immovable property and state cadastral recording *(lecture)*	2
1.2.	Legislation of the Russian Federation in the field of state registration of rights and state cadastral recording of real estate *(lecture)*	2

1.3.	Specifics of establishing the unified cadastre-registration system in the Russian Federation *(round table)*	2
1.4.	Technological process of state registration of rights and state cadastral recording *(practical training)*	2
1.5.	Field visit to a branch of the Federal Cadastral Chamber of Rosreestr / Rosreestr TU	2
2.	**Module II. Prospects for the development of the unified cadastre-registration system** Total: 10 academic hours, including: lectures – 4 academic hours; round table – 2 academic hours; practical training – 2 academic hours; field visits to Rosreestr units – 2 academic hours	
2.1.	Prospects for the development of the unified cadastre-registration system in the context of Federal Law No. 218-FZ of July 13, 2015 *On the State Registration of Immovable (lecture)*	2
2.2.	Legal aspects of creation of the Unified State Register of Real Estate (EGRN) *(lecture)*	2

2.3.	Areas of concern in the creation of the Unified State Register of Real Estate *(round table)*	2
2.4.	Technological process of the unified cadastre-registration procedure *(practical training)*	2
2.5.	Field visit to a branch of the Federal Cadastral Chamber of Rosreestr, Rosreestr TU	2
3.	**Module III. Creation the Unified State Register of Real Estate** Total: 8 academic hours, including: lectures – 4 academic hours; round table – 2 academic hours; practical training – 2 academic hours	
3.1.	Creation of the Unified State Register of Real Estate. Automated information system for maintaining the Unified State Register of Real Estate *(lecture)*	2
3.2.	Ensuring comparability of data in the Unified State Register of Rights and Transactions in Immovable Property and in the State Cadastre of Immovable Property for transition to the Unified State Register of Real Estate *(lecture)*	2
3.3.	Issues of creation of the Unified State Register of Real Estate *(round table)*	2

3.4.	Technological process of state registration of rights and cadastral recording in the Unified State Register of Real Estate *(practical training)*	2
4.	**Module IV. Information systems in the field of registration of rights and cadastral recording of immovable property** Total: 10 academic hours, including: lectures – 6 academic hours; round table – 2 academic hours; practical training – 2 academic hours	

4.1.	Automated information systems for maintaining the Unified State Register of Rights and Transactions in Immovable Property and the State Cadastre of Immovable Property
	     basic functionality;
	     regulatory legal acts;
	     stages of creation;
	     implementation;
	     maintenance
	     (lecture)
		2

4.2.	Automated information system for maintaining the Unified State Register of Real Estate
	     basic functionality;
	     regulatory legal acts;
	     stages of creation
	     (lecture)
		2

4.3.	Centralizing databases; creation of common information resources
	  regulatory legal acts;
	  stages of creation;
	  implementation
	   (lecture)
		2

4.4.	Issues of operation of Rosreestr's automated information systems *(round table)*	2
4.5.	Technological processes of operation of Rosreestr's automated information systems *(practical training)*	2
5.	**Module V. Portal technology in Rosreestr's activity** Total: 8 academic hours, including: lectures – 4 academic hours; round table – 2 academic hours; practical training – 2 academic hours	

5.1.	Use of portal technology in Rosreestr's activity; electronic services:
	  real-life situations,
	  online accounts of property right holders,
	  online accounts of cadastral engineers,
	  service for preparing documents for state registration of rights
	   (lecture)
		2

5.2.	Obtaining information on property items via access to information resources. Public cadastral map *(lecture)*	2
5.3.	Functioning of Rosreestr's electronic services listed in paras. 5.1 and 5.2 *(round table)*	2
5.4.	Demonstrating the technological process of Rosreestr's electronic services listed in paras. 5.1 and 5.2 *(practical training)*	2
6.	**Module VI. Rosreestr's departmental call handling center** Total: 6 academic hours, including: lectures – 2 academic hours; practical training – 2 academic hours; field visits to Rosreestr units – 2 academic hours	

6.1.	Departmental call handling center (DCHC)
	    operation;
	    regulatory legal acts;
	    stages of creation;
	    implementation;
	    maintenance
	     (lecture)
		2

6.2.	Technological process DCHC operation *(practical training)*	2

6.3.	Field visit to a DCHC (in Kursk or in Kazan)	2
7.	**Module VII. The World Bank's Doing Business ranking** Total: 4 academic hours, including: lectures – 2 academic hours; round table – 2 academic hours	
7.1.	Major reforms and activities carried out in the Russian Federation contributing to its improved position in the World Bank's Doing Business indicator "Registering Property" *(lecture)*	2
7.2.	Discussion of reforms and activities carried out in the Russian Federation in the field of state registration of rights and cadastral recording; applicability of best practices from countries leading in the World Bank's Doing Business indicator "Registering Property" *(round table)*	2
8.	**Module VIII. Improving public services in the field of state registration of rights and cadastral recording of real estate** Total: 6 academic hours, including: lectures – 4 academic hours; practical training – 2 academic hours;	
8.1.	Organizational and technological implementation of Rosreestr's e-services *(lecture)*	2
8.2.	Procedures, methods and timing of public service delivery. Reduction of service delivery time. Increasing accessibility and convenience of public services provided by Rosreestr, including via on-site receipt of documents and courier delivery of documents after state registration of rights and cadastral recording *(lecture)*	2

8.3.	Provision of information from the register of property rights and real estate cadaster *(practical training)*	2
9.	**Module IX. Improving procedures of interaction with applicants in the provision of public services** Total: 4 academic hours, including: lectures – 2 academic hours; field visits to Rosreestr units – 2 academic hours	
9.1.	Improving procedures of interaction with applicants: organization of interdepartmental interaction in the provision of public services, including via the Interdepartmental Electronic Interaction System (SMEV); organization of public service delivery via MFC; assessment of the quality of public services by applicants *(lecture)*	2
9.2.	Field visit to a Multifunctional Center	2
10.	**Module X. State land supervision** Total: 4 academic hours, including: lectures – 2 academic hours; practical training – 2 academic hours	
10.1.	State land supervision as a tool of land management in the Russian Federation. Modern technologies in land monitoring *(lecture)*	2

10.2.	Technological process of state land supervision *(practical training)*	2
11.	**Module XI. Large-scale valuation of real estate** Total: 4 academic hours, including: lectures – 2 academic hours; practical training – 2 academic hours	
11.1.	Large-scale valuation of real estate (development prospects, establishment of public access to results of large-scale valuation; creation of a data acquisition system for the real estate market) *(lecture)*	2
11.2.	Technological process of large-scale valuation of real estate *(practical training)*	2
12.	**Module XII. Integrated cadastral works** Total: 4 academic hours, including: lectures – 2 academic hours; practical training – 2 academic hours	
12.1.	Integrated cadastral works *(lecture)*	2
12.2.	Technological process of integrated cadastral works *(practical training)*	2

13.	**Module XIII. Cooperation with the International Bank for Reconstruction and Development in improving the cadastre-registration system** Total: 8 academic hours, including: lectures – 4 academic hours; practical training – 2 academic hours; round table – 2 academic hours	
13.1	Projects implemented by Rosreestr in cooperation with the World Bank *(lecture)*	2
13.2.	Raising loans from the World Bank for development projects. Benefits and opportunities. Implementation of projects funded by the World Bank *(lecture)*	2
13.3.	Procurement of goods and consulting services according to the rules of the World Bank *(round table)*	2
13.4.	Business game: Implementing a Project Funded by the World Bank» *(practical training)*	2
