MATERNAL MENTAL HEALTH NOW

supporting the well-being of growing families

A Project of Community Partners

Maternal Mental Health NOW (formerly the Los Angeles County Perinatal Mental Health Task Force), is a non-profit organization that works to remove barriers to the prevention, screening, and treatment of prenatal and postpartum depression in Los Angeles County.

ACR 148 established a task force on the status of maternal mental health care.

A rally on the Capitol's steps secured authors for all 3 bills

CA's first maternal mental health bill package was signed into law

AB 3032: Maternal Mental Health Conditions Education, Early Diagnosis, and Treatment Act

CA's Maternal Mental Health Legislation

AB 1893:

**Maternal Mental
Health Federal
Funding**

- Requires the state Department of Public Health to investigate and apply for federal funding opportunities including but not limited to the funding made available by the 21st Century Cures Act;
- Requires the Department to notify the legislature of its efforts by January 1, 2020;
- Effective July 20, 2018

CA's Maternal Mental Health Legislation

AB 2193:

Maternal Mental Health Screening

- Requires OB/GYNs, nurse practitioners, physician assistants, nurse midwives, naturopathic doctors, and licensed midwives to screen for perinatal mood disorders; and
- Orders health insurers to develop maternal mental health programs that promote quality and cost-effectiveness
- Effective July 1, 2019

CA's Maternal Mental Health Legislation

AB 3032:

Maternal Mental Health Conditions Education, Early Diagnosis, and Treatment Act

- Requires all birthing hospitals in California to provide education and information to postpartum people and their families about maternal mental health conditions, post-hospital treatment options, and community resources;
- All regular staff in labor and delivery departments (e.g. registered nurses and social workers) must receive education and information about maternal mental health disorders; and
- Hospitals must develop an additional service (to be determined by the hospital) to ensure optimal care
- Effective January 1, 2020
