Sightsavers supports river blindness elimination programmes in the countries below where Mectizan orders are managed by partners			
Burkina Faso	Ordered by a partner		
Guinea Conakry	Ordered by a partner		
Sierra Leone	Ordered by a partner		
DRC	Ordered by a partner		
Malawi	Ordered by a partner		
Republic of Congo	Ordered by a partner		
Mali	Ordered by a partner		
South Sudan	Ordered by a partner		

Sightsavers does not manage drug orders for our trachoma and lymphatic filariasis supported programmes, as these are managed by national ministries of health. However, we have estimated the approximate value of the drugs used through our programmes in 2015 to be:

	2015 estimated in kind drug value
Zithromax (trachoma)	\$650 million
Albendazole (lymphatic filariasis)	\$2.27 million
