Independent Auditors' Report

THE BOARD OF DIRECTORS KIPP FOUNDATION San Francisco, California

Report on the Financial Statements

We have audited the accompanying financial statements of **KIPP FOUNDATION** (the Foundation) which comprise the statement of financial position as of June 30, 2019 and 2018, and the related statements of activities and change in net assets, and cash flows for the years then ended, the statement of functional expenses for the year ended June 30, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Foundation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Foundation as of June 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Effect of Adopting New Accounting Standard

As described in Note 2q, the Foundation adopted the Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2016-14, Not-For-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities. Accordingly, the accounting change has been retrospectively applied to all periods presented, with the exception of the omission of certain information as permitted by the ASU. Our opinion is not modified with respect to that matter.

Other Matters

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2019, on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

San Francisco, CA December 20, 2019

Notes to Financial Statements

Note 1 - Nature of the Organization:

KIPP Foundation (the Foundation) is a nonprofit corporation, organized under the laws of the State of California in April 2000. The purpose of the Foundation is to create a respected, influential, and national network of free, open enrollment, college preparatory public schools (KIPP Schools & Regions) that are successful in helping students from educationally underserved communities develop the knowledge, skills, character, and habits needed to succeed in college and the competitive world beyond. KIPP Schools & Regions are separate entities operating independently of the Foundation and, therefore, are not consolidated with these financial statements of the Foundation.

To fulfill its mission, the Foundation focuses on six programmatic areas:

Leadership Development:

The Foundation trains both new and sitting leaders to be assistant principals, founding principals, successor principals, and regional leaders through its KIPP School Leadership Program (KSLP) and Network Leader Development (NLD) programming. KSLP has multiple program offerings including: The Fisher Fellowship, Successor Prep, Leadership Team, and the Miles Family Fellowship. The Fisher Fellowship is a one-year, cohort-based leadership program that prepares selected educators to found, lead, and grow a new high-performing KIPP school. Successor Prep is a 15-month cohort-based leadership program that prepares experienced leaders who have been identified and/or selected as the successor leader of an existing KIPP school. The Leadership Team and Miles Family Fellowship programs are year-long cohort-based leadership programs, focused on developing assistant principals. NLD offers additional instructional leadership support to regional academic leaders as well as high school leadership development and support to high school leaders.

Network Growth & Sustainability:

The Foundation provides on-going assistance to grow KIPP Schools & Regions in the areas of school leader and regional leader recruitment, school finance and operations, legal support, technology support, sustainable growth, and new site development.

Research, Design & Innovation:

Through Research, Design & Innovation, the Foundation focuses on supporting continuous learning and improvement among KIPP Schools & Regions by:

- Creating ongoing visibility into network-wide performance;
- Generating actionable insights;
- Ensuring high quality data and research support network leaders in making datadriven decisions; and

Notes to Financial Statements

 Promoting innovation and facilitating the exchange of ideas through shared resources, retreats and professional development events such as the KIPP School Summit.

Teaching & Learning Labs:

The Foundation provides KIPP Schools & Regions with curriculum and related resources, training, and implementation support to maximize instructional effectiveness and outcomes.

Policy & Public Affairs:

The Foundation has adopted a Policy & Public Affairs strategy to do the following:

- Proactively shift the narrative about KIPP and charters to protect and grow the KIPP brand, engage more stakeholders and pave the way for growth;
- Build authentic relationships rooted in a shared agenda to advocate nationally and locally on key policy priorities that support students and alumni on the path to leading choice-filled lives;
- Connect adult alumni to each other and to KIPP;
- Build the capacity of KIPP schools & regions to leverage KIPP's national scale and communicate and advocate proactively in a coordinated manner.

KIPP Through College:

The Foundation supports KIPP Schools and Regions in strengthening their college counseling and alumni advising to ensure that KIPP alumni, nationwide, successfully matriculate to and graduate from college, and transition successfully to strong first jobs. The Foundation has created a set of national initiatives and programs designed to support and provide resources to local KIPP Through College programs across the country. These programs include building college partnerships, building support for KIPP alumni on college campuses, and professional development for school leaders through training and shared tools and resources.

Note 2 - Significant Accounting Policies:

a. Basis of Accounting

These financial statements are prepared on the accrual basis of accounting. The accounts of the Foundation are maintained in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) relevant to not-for-profit organizations.

Notes to Financial Statements

b. Description of Net Assets

Net Assets Without Donor Restrictions - The portion of net assets that is not subject to donor-imposed stipulations. Net assets without donor restrictions include board designated net assets, which are funds reserved by the board of directors for guarantees made by the Foundation to a third party for the performance of certain schools and for loans made directly to schools.

Net Assets With Donor Restrictions - The portion of net assets whose use by the Foundation is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Foundation. Net assets with donor restrictions also include net assets to be retained in perpetuity of which the Foundation has none as of June 30, 2019 and 2018.

c. Cash and Cash Equivalents

Cash and cash equivalents, for the purposes of the statement of cash flows, consist of cash and highly liquid money market funds held with banks, except those held for investment purposes. Based on the Foundation's investment policy, cash is to be employed productively at all times by investment in short-term cash equivalents to provide safety, liquidity, and return.

d. Receivables

Receivables represent uncollateralized obligations due from KIPP Schools & Regions for leadership development income, license fees, and reimbursement of expenses.

The carrying amount of receivables is reduced by a valuation allowance that reflects management's best estimate of the probability of collecting those amounts. Management estimates that an allowance for doubtful accounts of \$2,822 and \$24,763 is required at June 30, 2019 and 2018, respectively.

e. Contributions Receivable

Unconditional promises to give are recognized as contributions when such promises are made by the donor. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using the rates applicable in the years in which those promises are received. Amortization of the discount is included in contribution revenue.

The Foundation uses the allowance method to record uncollectible unconditional promises. The allowance is based on prior years' experience and management's analysis of specific promises made. There is no allowance for uncollectible unconditional promises to give at June 30, 2019 and 2018.

Notes to Financial Statements

f. Investments

Investments are recorded at fair value based on quoted market prices. Investment income is accrued when earned. Unrealized gains and losses are included in the statement of activities and change in net assets.

U.S. Department of Education funds must be held in cash and investments which protect the principal from undue market risk while allowing the funds to be liquidated and applied toward the five statutory purposes allowed under the program guidelines (see Note 9).

g. Notes Receivable

Notes receivable represent loans to KIPP Schools & Regions used primarily to finance facilities-related projects or school start-up costs, or to meet financial compliance targets. These notes receivable are uncollateralized and are stated at principal amount. Payments of notes receivable are allocated first to accrued and unpaid interest with the remainder to the outstanding principal balance. The carrying amount of notes receivable is reduced by a valuation allowance that reflects management's best estimate of the amounts that will not be collected, if any. Management deemed the balance fully collectible at June 30, 2019 and 2018.

h. Furniture and Equipment

Furniture and equipment are carried at cost less accumulated depreciation and amortization and are depreciated on a straight-line basis over the assets' estimated useful lives of 3 - 7 years. Leasehold improvements are amortized on the straight-line basis over the estimated useful lives of the assets or term of the lease. Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized.

i. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Foundation classifies its financial assets and liabilities measured at fair value on a recurring basis based on a fair value hierarchy within three levels of inputs. Level 1 values are based on unadjusted quoted prices in active markets for identical securities. Level 2 values are based on significant observable market inputs, such as quoted prices for similar securities and quoted prices in inactive markets. Level 3 values are based on significant unobservable inputs that reflect the Foundation's determination of assumptions that market participants might reasonably use in valuing the securities.

Notes to Financial Statements

j. Revenue Recognition

Contributions - Contributions received are recorded at fair value as net assets without donor restrictions, or net assets with donor restrictions depending on the existence and/or nature of any donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and change in net assets as net assets released from restrictions. The Foundation's contributions in the form of securities, are sold as soon as practicable and may result in a gain or loss. These contributions are recorded at their net realizable value when sold.

Government Grants - The Foundation has received various grants from one federal agency. These funds are considered earned when expenditures have been incurred in accordance with the contract specifications.

Government Grants - School Designated Grants - The Foundation has received several grants from one federal agency to be awarded to various KIPP Schools & Regions. These funds are considered earned when expenditures have been incurred in accordance with the contract specifications.

Leadership Development Income - Leadership development income represents fees received from KIPP Schools & Regions and unrelated parties for curriculum development, programs, or for participation in leadership development courses, programs or conferences. The Foundation recognizes the income over the period the event or programs occur. Amounts received in advance are recorded as unearned leadership development income in the statement of financial position.

License Fees - License fees represent annual fees received from KIPP Schools & Regions for use of the KIPP brand and network and are recorded at the end of the fiscal year that the license covers based on either a flat rate or an agreed-upon percentage of funding received by the KIPP Schools & Regions from state and local governments during the year.

Notes to Financial Statements

k. Contributed Services

The Foundation receives donations of professional service. Contributions of donated services that create or enhance non-financial assets that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received. The nature of the donated service determines the classification of the related expense. Contributed services are included on the statement of activities and change in net assets and were comprised of the following for the years ending June 30:

	2019	2018
Program services - consulting Program services - legal	\$ 4,577,746 222,579	\$ 2,840,308 162,756
Total contributed services	\$ 4,800,325	\$ 3,003,064

1. <u>Functional Allocation of Expenses</u>

The costs of providing the various programs and other activities have been summarized in the statements of activities and changes in net assets and functional expenses. Certain costs, such as occupancy, information technology, depreciation, and other miscellaneous expenses, have been allocated among the programs and supporting services by management based upon headcount. All other costs are allocated directly to the functions they benefit.

m. Concentration of Credit Risk

Financial instruments that potentially subject the Foundation to concentrations of credit risk consist principally of cash, investments, and receivables. The Foundation places its cash and investments with high credit quality financial institutions. At times, the account balances may exceed federally insured limits. The Foundation has not experienced any losses in such accounts. Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. To address the market risk of investments, the Foundation maintains a formal investment policy that sets out performance criteria, investment guidelines, and asset allocation guidelines, and requires review of the investment managers' performance. Receivables are due from various individuals and organizations which mitigate the risk associated therein.

n. Use of Estimates

The preparation of these financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of these financial statements. Actual results could differ from those estimates.

Notes to Financial Statements

o. Tax Exempt Status

The Foundation has received a determination from the Internal Revenue Service under Section 501(c)(3) of the Internal Revenue Code and from the State of California Franchise Tax Board granting exemption from taxation on related income. The Foundation may be subject to tax on unrelated business income, if any, generated by its investments.

Management has evaluated the Foundation's tax positions and concluded that the Foundation had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to these financial statements. Therefore, no provision or liability for income taxes has been included in these financial statements.

p. Reclassifications

Certain reclassifications have been made to the 2018 financial statements in order to conform to the 2019 presentation. These reclassifications had no impact on net assets or the change in net assets.

q. Recent Accounting Pronouncements

Pronouncement Adopted:

In August 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-14, *Not-For-Profit Entities (Topic 958): Presentation of Financial Statements of Not-For-Profit Entities*, which changes presentation and disclosure requirements for nonprofit entities to provide more relevant information about their resources (and the changes in those resources) to donors, grantors, creditors, and other users. These include qualitative and quantitative requirements in the following areas: net asset classes, expenses, and liquidity. The Foundation adopted the ASU as of July 1, 2018. Accordingly, the accounting change has been retrospectively applied to all periods presented, with the exception of the omission of prior year functional expense and liquidity and availability of resource information as permitted by the ASU.

Pronouncements Effective in the Future:

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. Under the ASU, a lessee will be required to recognize right-to-use assets and liabilities on their statement of financial position for all leases with lease terms of more than twelve months. The ASU is effective for fiscal years beginning after December 15, 2019. Early application will be permitted for all organizations. The Foundation is currently assessing the impact the adoption of this ASU will have on its financial statements.

Notes to Financial Statements

In June 2018, the FASB issued ASU 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (Topic 958). The ASU clarifies and improves current guidance about whether a transfer of assets, or the reduction, settlement, or cancellation of liabilities, is a contribution or an exchange transaction.

The ASU provides criteria for determining whether the organization follows contribution guidance or exchange transaction guidance in the revenue recognition and other applicable standards. It also provides a more robust framework for determining whether a contribution is conditional or unconditional, and for distinguishing a donor-imposed condition from a donor-imposed restriction. The amendments in this ASU related to contributions received are effective for the fiscal year ending June 30, 2020, while the amendments related to contributions made are effective one year later. The Foundation is currently assessing the impact the adoption of this ASU will have on its financial statements.

r. Subsequent Events

The Foundation evaluated subsequent events from June 30, 2019 through December 20, 2019, the date these financial statements were available to be issued, and has determined that no adjustments are necessary to the amounts reported in the accompanying financial statements nor have any subsequent events occurred, the nature of which would require disclosure.

Note 3 - Availability and Liquidity:

The following reflects the Foundation's financial assets as of the June 30, 2019, reduced by amounts not available for general use within one year of that date because of contractual or donor-imposed restrictions or internal designations. Amounts not available include amounts set aside for long-term investing in the operating and capital reserves that could be drawn upon if the governing board approves that action.

Notes to Financial Statements

The Foundation's financial assets available within one year of June 30, 2019 for general expenditures are as follows:

Financial assets at year-end:	
Cash and cash equivalents	\$ 10,852,861
Receivables	5,169,639
Government grants receivable	5,841,344
Contributions receivable	6,734,329
Investments	32,773,718
Notes receivable – current portion	1,124,157
Deposits, prepaids and other assets – current portion	872,617
Total financial assets	63,368,665
Less amounts not available to be used within one year:	
Net assets with donor restrictions	17,418,376
Net assets with restrictions to be met in less than a year	(4,408,458)
KCEP funds included in investments (see Note 9)	7,513,187
Board designated net assets	3,680,589
Total amounts not available to be used within one year	24,203,694
Financial assets available to meet general expenditures	
over the next twelve months	\$ 39,164,971

KIPP Foundation's investment policy is designed to manage investment risk and to optimize investment returns within acceptable rick parameters to support the mission. As such, the objectives of the Foundation's funds include the preservation of capital, liquidity and optimization of investment returns.

Note 4 - Contributions Receivable:

At June 30, contributions receivable are expected to be collected as follows:

	2019	2018
Within one year	\$ 4,708,458	\$ 4,769,000
In one to five years	2,150,000	6,350,000
Total	6,858,458	11,119,000
Less: Discount	(124,129)	(265,607)
Contributions receivable, net	\$ 6,734,329	\$ 10,853,393

Notes to Financial Statements

The Foundation has approximately \$12.6 million and \$22 million in conditional contributions at June 30, 2019 and 2018, respectively. The contributions are conditional upon attaining certain program achievements and other criteria and therefore have not been recorded at year end. Total conditional contributions at June 30, 2019 and 2018 were from one foundation. This foundation contributed approximately 14% of total contribution revenue for the year ended June 30, 2019. Two donors represented 87% and 90% of pledges receivable at June 30, 2019 and 2018, respectively.

Note 5 - Investments and Fair Value Measurements:

The table below presents the Foundation's investments measured at fair value at June 30, 2019, on a recurring basis:

	Level 1	Level 2	Level 3	Total
Cash equivalents Fixed income:	\$ 9,706,331	\$ -	\$ -	\$ 9,706,331
Certificates of deposit	-	1,612,247	-	1,612,247
U.S. treasuries	-	15,096,913	-	15,096,913
U.S. corporate bonds	-	4,845,700	-	4,845,700
International bonds	-	1,512,527	-	1,512,527
Investments	\$ 9,706,331	\$ 23,067,387	\$ -	\$ 32,773,718

The table below presents the Foundation's investments measured at fair value at June 30, 2018, on a recurring basis:

	Level 1	Level 2	Level 3	Total
Cash equivalents	\$ 15,674,311	\$ -	\$ -	\$ 15,674,311
Fixed income:				
U.S. treasuries	-	9,928,760	-	9,928,760
U.S. corporate bonds	-	2,987,788	-	2,987,788
International bonds	-	495,242	-	495,242
Investments	\$ 15,674,311	\$ 13,411,790	\$ -	\$ 29,086,101

Notes to Financial Statements

Note 6 - Notes Receivable:

Start Up Loan Program

Unsecured notes receivable from KIPP Schools & Regions issued under a start-up loan pool program, bear interest at 1% per annum and have annual principal payments due. The notes receivable balance relating to this loan pool was approximately \$1.0 million and \$1.3 million at June 30, 2019 and June 30, 2018, respectively.

Emergency Loan Program

An unsecured note receivable for \$750,000 from KIPP regions issued under an emergency loan program in order for the KIPP regions to meet financial covenants, was distributed and is held by the participants in federally-insured certificates of deposit. The interest on the certificates of deposit are payable to the Foundation in lieu of interest on the loan. After June 30, 2019, the note receivable bears interest at 5% per annum and the principal sum and accrued interest is due in a single payment on June 30, 2020. The note issued bears interest at rates lower than the market rate. Imputed interest is immaterial and has not been recorded. The notes receivable balance relating to this loan pool was approximately \$750,000 at June 30, 2019 and June 30, 2018, respectively.

Future principal payments on all notes are due as follows:

Years Ending June 30,	
2020	\$ 1,124,157
2021	-
2022	33,333
2023	133,333
2024	133,333
Thereafter	300,000
Total	\$ 1,724,156

Notes to Financial Statements

Note 7 - Furniture and Equipment:

Furniture and equipment are comprised of the following at June 30:

	2019	2018
Computer equipment	\$ 695,859	\$ 617,792
Computer software	4,123,052	3,769,879
Office furniture	1,054,919	879,278
Leasehold improvements	1,842,949	1,175,219
Total	7 716 770	6 110 160
Accumulated depreciation	7,716,779 (5,435,311)	6,442,168 (4,464,571)
Furniture and equipment, net	\$ 2,281,468	\$ 1,977,597

Note 8 - KIPP Credit Enhancement Program (KCEP):

On August 31, 2009, the Foundation entered into a Loan Program Agreement with a single lender to create the KCEP Leasehold Improvement and Construction Loan Program (the Program). Through this Program, the lender offers loans to schools up to \$10 million in aggregate principal amount outstanding at any one time. The Program is subject to the terms of the Performance Agreement between the Foundation and the U.S. Department of Education (see Note 9). The loans offered through the Program are for the purpose of securing timely construction loans or refinancing construction loans with leasehold improvement mini-perm or permanent loans for schools. All loans are subject to a 1% origination fee, of which the Foundation receives 25% for support and services rendered during the application process. The Foundation guarantees a portion of the loan (see Note 10). At June 30, 2019, there were no loans outstanding. At June 30, 2018, loans were outstanding for \$214,851 between the lender and a school.

Note 9 - Government Grants and Government Advance - KCEP:

The Foundation is the recipient of various government grants from one federal agency.

In Spring 2019, the Foundation was awarded a five year \$86.3 million federal grant from the U.S Department of Education under the Charter School Program: Grants for Replication and Expansion of High – Quality Charter Schools. Total authorized funding as of June 30, 2019 is \$32.9 million. Expenditures in fiscal year 2019 equaled \$0.25 million.

Notes to Financial Statements

In Fall 2018, the Foundation was awarded a three year \$10.2 million federal grant from the U.S. Department of Education under the Supporting Effective Educator Development Grant Program. Total authorized funding as of June 30, 2019 is \$2.7 million. Expenditures in fiscal year 2019 equaled \$0.8 million, of which funds identified and awarded as pass-through grants for certain KIPP schools and Mathematica Policy Research in fiscal year 2019 totaled \$0.5 million.

In Fall 2016, the Foundation was awarded a five year, \$48.8 million, federal grant from the U.S. Department of Education under the Charter School Program: Grants for Replication and Expansion of High-Quality Charter Schools. Total authorized funding as of June 30, 2019 is \$29.8 million. Expenditures in fiscal years 2019 and 2018 equaled \$11.9 million and \$6.5 million, respectively, of which, funds identified and awarded as pass-through grants for certain KIPP schools totaled \$10.5 million and \$4.9 million, respectively.

In Fall 2015, the Foundation was awarded a three year, \$17.9 million, federal grant from the U.S. Department of Education under the Supporting Effective Educator Development Grant Program. Total authorized funding as of June 30, 2019 is \$17.9 million. Expenditures in fiscal years 2019 and 2018 equaled \$19 thousand and \$8.9 million, respectively, of which, funds identified and awarded as pass-through grants for certain KIPP schools totaled \$19 thousand and \$3.3 million, respectively.

In Fall 2014, the Foundation was originally awarded a four year, \$30.5 million, federal grant and subsequently awarded a one year no-cost extension from the U.S. Department of Education under the Charter School Program: Grants for Replication and Expansion of High – Quality Charter Schools. Total authorized funding as of June 30, 2019 is \$30.5 million. Expenditures in fiscal years 2019 and 2018 equaled \$2.5 million and \$9.2 million, respectively, of which, funds identified and awarded as pass-through grants for certain KIPP schools totaled \$1.9 million and \$7.4 million, respectively.

Notes to Financial Statements

In fiscal year 2007, the Foundation started KCEP (see Note 8) to sustain as well as increase the number of KIPP and KIPP-affiliated charter schools by promoting affordable financing of the acquisition and renovation of school facilities. In the same fiscal year, the Foundation was awarded a federal grant in the amount of \$6,805,891 from the U.S. Department of Education under the Credit Enhancement of Charter School Facilities Program to support KCEP. This grant covers the time period from June 2007 until the federal funds and earnings on those funds have been expended for the grant purposes or until financing facilitated by the grant has been retired, whichever is later. The purpose of the funds is to help charter schools gain access to capital from the private sector and other non-federal sources in order to address their facilities renovation, construction, and acquisition needs. The funds are to be used to leverage the \$6.8 million to secure \$75.9 million in construction loans, permanent loans, leasehold guarantees, letters of credit, and tax-exempt bonds. No direct loans will be made using the federal funds. The funds for this grant were drawn down in November 2007 and are included in the statement of financial position as Government advances - KCEP until the funds are expended to fulfill guarantee obligations (see Note 10) or are returned to the U.S. Department of Education. The Foundation is required to match the \$6.8 million grant by 10%. The grant agreement also restricts the type of investments in which the funds can be invested. Interest income earned is reinvested and increases the government advances balance as earned.

Note 10 - Commitments and Contingencies:

Operating Leases

The Foundation leases its office facilities and certain office equipment in San Francisco, Chicago, New York, and Washington DC under various operating leases expiring at various times through August 2029. Rent expense totaled approximately \$1.1 million for the years ended June 30, 2019 and 2018.

Future minimum lease payments under non-cancelable facilities and equipment operating leases as of June 30 are as follows:

Years Ending June 30,

2020	Ф 1 240 146
2020	\$ 1,248,146
2021	997,532
2022	586,464
2023	694,908
2024	707,431
Thereafter	2,921,504
Total	\$ 7,155,985

Notes to Financial Statements

Other Commitments and Contingencies

Guarantees are contingent commitments issued by the Foundation generally to guarantee the performance of certain schools to a third party in borrowing arrangements, such as loans and lines of credit. The terms of these guarantees range from the performance of specific transactions to the term of the related debt. The maximum potential amount of future payments the Foundation could be required to make under these guarantees at June 30, 2019 is \$3.7 million of which \$0.4 million are from unrestricted funds, and \$3.4 million are from KCEP funds. Management determines the carrying value of the Foundation's guarantees based on an estimated payout rate. The estimated payable on commitments is included in liabilities in the statement of financial position and was \$100,000 and \$22,000 as of June 30, 2019 and 2018, respectively.

Commitments and contingencies, undeterminable in amount, include normal recurring pending claims and litigation. In the opinion of management, based upon discussion with legal counsel, there is no pending litigation, which is likely to have a material adverse effect on the statement of financial position of the Foundation.

Federal grants administered by the Foundation are subject to audit and final acceptance by the granting agency. The amount of expenditures that may be disallowed by the grantor, if any, cannot be determined at this time, although the Foundation's management expects such amounts, if any, will not have a significant impact on these financial statements.

The Foundation has entered into certain agreements totaling approximately \$3.6 million for leadership and training conferences which are to be held during the following two fiscal years.

Note 11 - Employee Benefit Plan:

Employees of the Foundation may participate in a 401(k) defined contribution retirement plan available upon completion of one month of service. The Foundation matches employees' contributions up to 4% of base salary. Matching contributions totaled approximately \$0.8 million for the years ended June 30, 2019 and 2018.

The Foundation offers a 457(b) non-qualified deferred compensation plan that covers certain employees.

Notes to Financial Statements

Note 12 - Related Party Transactions:

The Foundation has received contributions totaling \$7.6 million and \$8.1 million from two board members, their family, foundations and companies of which they sit on the board, for the years ended June 30, 2019 and 2018, respectively. There were no contributions receivable from these parties at June 30, 2019 and 2018. One of these board members sits on the board of a KIPP Region, from which the Foundation recorded license, program and service fees of \$0.4 million and \$0.4 million for the years ended June 30, 2019 and June 30, 2018, respectively. The amounts receivable relating to these fees were \$0.02 million and \$0.3 million at June 30, 2019 and June 30, 2018, respectively. In addition, the Foundation incurred \$0.02 million and \$0.03 million for services provided by these related parties for the years ended June 30, 2019 and 2018, respectively. There were amounts payable to related parties of \$0 and \$24,000 at June 30, 2019 and 2019, respectively.

The Foundation has received contributions totaling \$9.6 million and \$10.1 million from all other board members, their families, foundations, and companies of which they sit on the board for the years ended June 30, 2019 and 2018, respectively. Contributions receivable from these parties were \$4.0 million and \$6.25 million at June 30, 2019 and 2018, respectively. Some of these board members sit on the board of a KIPP Region, from which the Foundation recorded license, program and service fees of \$1.0 million and \$2.4 million for the years ended June 30, 2019 and June 30, 2018, respectively. The amount receivable relating to these fees were \$1.0 million and \$2.1 million at June 30, 2019 and June 30, 2018, respectively. The Foundation incurred \$1.0 million and \$0.1 million for services provided by these related parties for the years ended June 30, 2019 and June 30, 2018. There were amounts payable to related parties of \$640 and \$6,000 at June 30, 2019 and 2018, respectively.

Note 13 - Net Assets With Donor Restrictions:

Net assets with donor restrictions are restricted at June 30 as follows:

	2019	2018
Policy & Public Affairs	\$ 5,005,605	\$ 1,851,640
Network Growth & Sustainability	4,611,246	4,986,757
KIPP Through College	4,199,362	5,233,828
Teaching & Learning	1,170,720	1,695,180
Research, Design & Innovation	163,254	-
Leadership Development	100,000	280,000
Time restrictions	2,168,189	4,560,745
	\$ 17,418,376	\$ 18,608,150

The net assets with donor restrictions above include \$4.6 million and \$4.5 million of grants to schools as of June 30, 2019 and 2018, respectively.

Notes to Financial Statements

Note 14 - Net Assets Released From Restrictions:

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purposes or by the occurrences of other events specified by donors as follows for the years ending June 30:

	2019	2018
KIPP Through College	\$ 3,647,207	\$ 1,810,914
Network Growth & Sustainability	2,966,250	4,443,056
Policy & Public Affairs	2,925,406	2,267,899
Teaching & Learning	1,323,008	865,618
Leadership Development	580,000	644,626
Research, Design & Innovation	19,007	20,001
Time restrictions	2,451,825	2,650,000
	\$ 13,912,703	\$ 12,702,114

The net assets released from restrictions above include \$3.9 million and \$3.4 million of grants to schools for the years ended June 30, 2019 and 2018, respectively.

A Century Strong

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

THE BOARD OF DIRECTORS KIPP FOUNDATION San Francisco, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of **KIPP FOUNDATION** (**the Foundation**), which comprise the statement of financial position as of June 30, 2019, and the related statements of activities and change in net assets, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated December 20, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A Century Strong

Independent Auditors' Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

THE BOARD OF DIRECTORS KIPP FOUNDATION San Francisco, California

Report on Compliance for Each Major Federal Program

We have audited **KIPP FOUNDATION'S** (the Foundation) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Foundation's major federal programs for the year ended June 30, 2019. The Foundation's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Foundation's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Foundation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Foundation's compliance.

Opinion on Each Major Federal Program

In our opinion, the Foundation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of the Foundation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Foundation's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

See accompanying notes to schedule.

Notes to Schedule of Expenditures of Federal Awards Year Ended June 30, 2019

Note 1 - Basis of Presentation:

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the Foundation under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Foundation, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the Foundation.

Note 2 - Summary of Significant Accounting Policies:

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-122, Cost Principles for Non-Profit Organizations, or the cost principles contained in Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditure are not allowable or are limited as to reimbursement.

Note 3 - Credit Enhancement for Charter School Facilities Program:

Funds shown as federal expenditures under the program are the original federal funds drawn, plus interest and fees earned. Interest and fees earned on the funds through June 30, 2019 totaled \$707,296. \$7,513,187 of the funds are being held in accounts with financial institutions in accordance with the program requirements. No funds were expended for defaults on obligations secured or collateralized in accordance with the program in the fiscal year ended June 30, 2019.

Note 4 - Subrecipients:

Of the federal expenditures presented in the schedule, the Foundation provided federal awards to sub recipients under the following program:

Supporting Effective Educator Development Grant Program 84.367D

\$ 19,102

Training Highly-Effective Principals for Students in High-Need Communities 84.423A

456,046

Note 5 - Indirect Cost:

The Foundation, effective July 1, 2017, uses a federally negotiated indirect cost rate of 40% of total direct salaries, wages and fringe benefits approved by the U.S. Department of Education.
