**Re: Support for Nomination of Rear Admiral Michael D. Weahkee as  
 Director of the Indian Health Service**

The Honorable John Hoeven:

On behalf of the Northwest Portland Area Indian Health Board (NPAIHB), I strongly support the nomination of Rear Admiral (RADM) Michael D. Weahkee of the Zuni Indian Tribe, and ask that you support his confirmation as Director of the Indian Health Service (IHS) in the United States Department of Health and Human Services (HHS). Established in 1972, NPAIHB is a tribal organization formed under the Indian Self-Determination and Education Assistance Act (ISDEAA), P.L. 93-638, representing the 43 federally-recognized Indian Tribes in Idaho, Oregon, and Washington on specific health care issues.

NPAIHB's relationship with RADM Weahkee began when he worked at the California Rural Indian Health Board and continued through positions he held at IHS at the service unit and regional office level. In his role as Principal Deputy Director/Acting Director of IHS, he has proven that he is strong leader, capable and committed to improving the Agency and raising the physical, mental, social and spiritual health of American Indians and Alaska Natives to the highest level. He has successfully led the Agency forward in a very trying time, overseeing the development and implementation of a new five-year strategic plan for the Agency, the first in over a decade. He has pressed the Agency forward to address long-standing and unimplemented, external oversight recommendations from the Government Accountability Office and the HHS Office of Inspector General. He established and implemented a new Office of Quality at the IHS Headquarters level, to ensure appropriate management oversight and accountability by the Area Offices and federal service unit hospitals and health centers. In partnership with the Administration for Native Americans Commissioner, RADM Weahkee revitalized the HHS Intradepartmental Council on Native American Affairs, to provide a forum internally at HHS to discuss the needs and interests of Indian country.

RADM Weahkee has traveled extensively throughout Indian country, including to visit Northwest Tribes, to see and hear firsthand the challenges and issues that American Indian and Alaska Native communities face in addressing various health concerns. NPAIHB leadership have also had the opportunity to address

Page 2

RADM Weahkee on various issues through the tribal consultation process and other meetings.

Lastly, RADM Weahkee is a veteran of the United States Air Force, where he served as a military public health specialist. He obtained his bachelor of science in health care management degree from Southern Illinois University-Carbondale, and both a master of health services administration and master of business administration degree from Arizona State University in Tempe, Arizona. RADM Weahkee's experience in working with tribes, demonstrated leadership, and education strongly support his confirmation.

Thank you for your strong consideration of this endorsement.

Sincerely,

A handwritten signature in cursive script that reads "Cheryl A. Kennedy". The signature is written in black ink and is positioned above the typed name.
