

**I KNOW  
MY  
BODY.**

**I KNOW  
MY  
STATUS.**

It's time for us to protect ourselves and our people. HIV testing is recommended for everyone as a part of routine healthcare.

**Know your body,  
know your status.**

To find out more about HIV and where to go to get tested, visit your local clinic or [hivtest.org](http://hivtest.org)
