NOTICE TO COMPETITORS

Plan for Sunday 4th February

Current wind is higher than forecast. Our plan at the moment is for Finn and 470 to launch on schedule (Delta displayed approx. 0945 if conditions allow).

RS:X and Nacra will be held on shore and will not be racing unless average windspeed on the wall is below 20 knots.

If we can't release fleets by 1200, there will be no more racing today.

Course Bravo start line will be just South of the marina entrance.
