Information Notice 19-01

To: California Radioactive Materials Licensees

Subject: On-Line Waste Reporting System

The purpose of this Information Notice is to inform all radioactive materials licensee waste generators who are required to annually report low-level radioactive waste (LLRW) storage and shipment information per Health and Safety Code section 115000.1 of the new online LLRW reporting system for the California Department of Public Health (CDPH). The CDPH Radiologic Health Branch (RHB) is now requiring all LLRW generators to submit their LLRW information into the online system. The direct link for the [new reporting system](https://llrwts.cdph.ca.gov/) is: <https://llrwts.cdph.ca.gov/>

Accordingly, the RHB is repeating its request that waste generators **NOT MAIL** CDPH-RHB any 2018 LLRW paperwork but instead submit data online into the CDPH-RHB LLRW Tracking System. This intuitive, easy-to-use online reporting system will minimize any confusion and simplify the reporting process while ensuring that all generator reporting requirements mandated by Section 115000.1 are met. We ask that you visit the [RHB web site home page](https://www.cdph.ca.gov/Programs/CEH/DRSEM/Pages/RHB.aspx) and review the information under the “What’s New” tab at: <https://www.cdph.ca.gov/Programs/CEH/DRSEM/Pages/RHB.aspx>.

The CDPH-RHB appreciates your cooperation. Should you have any questions or comments, please contact Eric Pulley by telephone at 916-440-7966 or by [email](mailto:eric.pulley@cdph.ca.gov) at eric.pulley@cdph.ca.gov or Gonzalo Perez by telephone at (916) 440-7942, or by [email](mailto:gonzalo.perez@cdph.ca.gov) at gonzalo.perez@cdph.ca.gov.

Sincerely,
