

Pleased to Present Tribal Disease Detectives: Contact Tracing Training

June 29, 10:30 Monday Pacific Time

Contact tracing is essential for preventing further spread of COVID-19, warning contacts of exposure to stop chains of transmission.

Training Goal & Key Concepts:

Conduct contact tracing according to the established protocol.

- Trace and monitor contacts of infected people
- Support the quarantine of contacts
- Introduction and discussion to Oregon, Washington, & Idaho State collection & reporting disease monitoring data systems
