

**22 GAR GUAM ENVIRONMENTAL PROTECTION AGENCY
CH. 50 GUAM UNDERGROUND STORAGE TANK REGULATIONS**

**CHAPTER 50
GUAM UNDERGROUND STORAGE TANK REGULATIONS**

2019 COMPILER NOTE: In 2018, the Underground Storage Tank (UST) Regulations were codified in the Guam Administrative Rules and Regulations (GAR) and published on the Compiler's website at Title 22 GAR, Chapter 50. Prior to publication in the GAR, the regulations had been submitted to the Guam Legislature on August 16, 2013, pursuant to resolution of the Guam Environmental Protection Agency (GEPA) Board of Directors. The submission of the GEPA board is recorded in Doc 32GL-13-695, which may be found on the Guam Legislature Archives site, <http://guamlegislature.com/index.htm>.

Pursuant to the mandate of 5 GCA § 9303(e) and 1 GCA § 1610, the Compiler of Laws conducted a review of the UST Regulations and, upon discovering discrepancies in the process of adopting the regulations, removed them from the GAR until further review by the GEPA Board.
