

# ICONIC

## Workshop on Data Science and Crime December 11, 2018

**Location:** Room LT908, Level 9, Livingstone Tower, University of Strathclyde, 26 Richmond Street, Glasgow G1 1XH.

### Objectives:

- 1) Identify current high-profile challenges in policing that can be addressed by tools from mathematics, statistics and data science.
- 2) Outline the state-of-the-art.
- 3) Exchange examples of best practice between police forces.
- 4) Encourage interaction between law enforcement professionals and relevant academics.
