EXPERIENCE

THE WORLD OF HELEN DORON ENGLISH

A world of colourful characters, captivating stories, catchy songs and great games

A world where learning English can be easy and fun

A world where children always come first

CHILDREN LOVE TO LEARN

Children love to learn. And they love to play. Helen Doron English provides the best of both worlds - stories, songs, toys, games and apps that allow children to learn through play. We don't look the same. Nor do we learn the same way. Some learn best through listening. Some learn best through hearing. Some learn best through doing. **Everyone learns best when they are having fun.**

JOYFUL LEARNING

At Helen Doron, you won't see children sitting down for long. Each lesson is full of enjoyable activities which use the different senses, so there's lots of interaction, conversations, games and songs. Imagine songs that they love singing along to. Videos that capture their imagination. And workbooks that children enjoy using!

FROM BABIES TO TEENS, AND IN-BETWEEN

From 3 months to 19 years, we offer tailored courses for all learning levels and styles. Each lesson is specially designed to enable children to learn English with ease, while meeting the highest academic standards. Original songs build comprehension and language retention, and every animated video lays a strong foundation for reading competence.

BEYOND ENGLISH

Every programme features lively characters — each with distinct personalities and values — who go on adventures, deal with challenges, and experience the world around them.

Designed by a specialized team of linguistic and pedagogic experts, our programmes go beyond teaching English.

They teach children important values and life lessons — how to become better world citizens.

GOOD TEACHERS, MAKE ALL THE DIFFERENCE

Our highly trained teachers, the best in the industry, understand how children learn, support them every step of the way, and encourage them to be the best that they can be. Small classes ensure that every child gets the attention they deserve and plenty of practice in speaking correct English.

LEARNING ENGLISH IS EASY WITH OUR GAMES AND APPS

Today's children grow up with technology, and enjoy using it. That's why Helen Doron English is at the forefront of pioneering games and apps which supplement the classroom materials and enable children to continue learning at home, in their own time.

We are constantly evolving with the times, to ensure our teaching methods keep up with the changing world and our students' needs. More than 2 million children have learned English with Helen Doron. **Your child can too.**
