

ADAA Telemental Health Provider Form

Telemental health is a rapidly changing field. When practicing telemental health in your state it is important to contact your own attorney and state licensing board.

As a telemental health provider you are following your states guidelines, laws, ethics, and regulations that govern the delivery of telemental health services:

Signature

Print Name

Date

As a telemental health provider, if required by your state, you are using a **HIPAA Secure platform**. Check here if not required
