

Variations to the 2022-23 dates of term: <http://www.imperial.ac.uk/admin-services/registry/term-dates/>

- Faculties of Engineering and Natural Sciences: full-time undergraduate degree programmes, including undergraduate placement arrangements (study abroad and industrial/research).
 - All BSc degree courses/programmes listed are 4YR.
 - All MSci/MEng courses/programmes listed are 4YR unless stated otherwise.
- School of Medicine.
- Imperial College Business School: full-time postgraduate masters programmes.

Please note: A placement might commence and/or end significantly earlier/later than the academic year at Imperial College and/or require attendance longer than the equivalent academic year at Imperial College. A study abroad placement may occasionally incorporate a further placement in industry or at a research establishment the location of which may differ from the approved host higher education institution.

Department of Aeronautics

Code	Course/Programme Title	Details of Arrangements
H401	Aeronautical Engineering (MEng)	4-month project in industry, at a research establishment, or at an approved higher education institution, either in the UK or abroad, in Year 4.
H410 & H411	Aeronautical Engineering with a Year Abroad (MEng)	The placement will take place in Year 4 as a replacement year in a 4-year degree at an approved higher education institution (H410) <u>or</u> in Year 4 as an additional year of a 5-year degree at an approved higher education institution (H411)
H420	Aeronautical Engineering with a Year in Industry (MEng) 5YR	Year 4 is spent undertaking a placement in industry (normally a 12-month placement).
H415	Aeronautics with Spacecraft Engineering (MEng)	4-month project in industry, at a research establishment, or at an approved higher education institution, either in the UK or abroad, in Year 4.

Department of Bioengineering

Code	Course/Programme Title	Details of Arrangements
BHV1	Biomedical Engineering with a Year Abroad (MEng)	Year 4 is spent at an approved higher education institution.
BHV2	Biomedical Engineering with a Year in Industry (MEng) 5YR	Year 4 is spent on an industrial placement (normally a 12-month placement)
H163	Molecular Bioengineering with a Year Abroad (MEng)	Year 4 is spent at an approved higher education institution
H162	Molecular Bioengineering with a Year in Industry (MEng) 5YR	Year 4 is spent on an industrial placement (normally a 12-month placement)

Department of Chemical Engineering

Code	Course/Programme Title	Details of Arrangements
H802	Chemical Engineering with a Year Abroad (MEng)	Year 3 is spent at an approved higher education institution.

Department of Chemistry

Code	Course/Programme Title	Details of Arrangements
FN11	Chemistry with Management and a Year in Industry (BSc)	Year 4 spent on a placement in industry (normally for a 12-month placement)
F105	Chemistry with a Year in Industry (MSci) 5YR	Year 4 spent on a placement in industry (normally for a 12-month placement)
F125	Chemistry with Medicinal Chemistry and a Year in Industry (MSci) 5YR	Year 4 spent on a placement in industry (normally for a 12-month placement)
F1FH	Chemistry with Molecular Physics and a Year in Industry (MSci) 5YR	Year 4 is spent on a placement in industry (normally for a 12-month placement)
F104	Chemistry with Research Abroad (MSci)	Year 4 is spent at an approved higher education institution.
F101	Chemistry with Research Abroad and a Year in Industry (MSci) 5YR	Year 4 is spent on a placement in industry and Year 5 at an approved higher education institution.
F1R1	Chemistry with French for Science (MSci)	Year 4 is spent at an approved higher education institution.
F1R2	Chemistry with German for Science (MSci)	Year 4 is spent at an approved higher education institution.
F1R4	Chemistry with Spanish for Science (MSci)	Year 4 is spent at an approved higher education institution.

Department of Civil & Environmental Engineering

Code	Course/Programme Title	Details of Arrangements
H202	Civil Engineering with a Year Abroad (MEng)	Year 4 is spent at an approved higher education institution

Department of Computing

Code	Course/Programme Title	Details of Arrangements
G401	Computing (MEng)	6-month placement in industry commencing 1 April in Year 3.
G402	Computing (International Programme of Study) (MEng)	6-month placement in industry commencing 1 April in Year 3, followed by Year 4 abroad at an approved higher education institution. The placement in industry and the year abroad should not normally overlap. <u>University of California Exchange ONLY</u> : Year 3 spent initially at a campus of the University of California, followed by a 6-month industrial placement commencing 1 April.
G501	Computing (Management and Finance) (MEng) *	6-month placement in industry commencing 1 April in Year 3.
GG47	Computing (Visual Computing and Robotics) (MEng) *	6-month placement in industry commencing 1 April in Year 3.
G700	Computing (Artificial Intelligence and Machine Learning) (MEng) *	6-month placement in industry commencing 1 April in Year 3.
G600	Computing (Software Engineering) (MEng)	6-month placement in industry commencing 1 April in Year 3.
G610	Computing (Security and Reliability) (MEng)	6-month placement in industry commencing 1 April in Year 3.
GG41	Mathematics and Computer Science (MEng)	4-month placement in industry commencing 1 May in Year 3.

* including predecessor programme titles

Dyson School of Design Engineering

Code	Course/Programme Title	Details of Arrangements
28G3	Design Engineering (MEng)	6-month placement in industry commencing 1 April in Year 3

Department of Earth Science & Engineering

Code	Course/Programme Title	Details of Arrangements
F601	Geology with a Year Abroad (MSci)	Year 3 is spent at an approved higher education institution
F664	Geophysics with a Year Abroad (MSci)	Year 3 is spent at an approved higher education institution
F520	Earth and Planetary Science with a Year Abroad (MSci)	Year 3 is spent at an approved higher education institution

All undergraduate degree programmes taught by the Dept of Earth Science and Engineering have extensive fieldwork throughout the course including the summer vacations. Details from the Dept of Earth Science and Engineering.

Department of Electrical & Electronic Engineering

Code	Course/Programme Title	Details of Arrangements
H601	Electrical & Electronic Engineering with a Year Abroad (MEng)	Students may opt to undertake a 6-month placement in industry from April to September in Year 3 followed by Year 4 spent at an approved higher education institution. The placement in industry and the year abroad should not normally overlap.
GH56	Electronic and Information Engineering (MEng)	Students may opt to undertake a placement in industry from April to September in Year 3.
H6N2	Electrical and Electronic Engineering with Management (MEng)	Students may opt to undertake a placement in industry from April to September in Year 3.
HG6M	Electronic and Information Engineering with a Year Abroad (MEng)	Students may opt to undertake a 6-month placement in industry from April to September in Year 3 followed by Year 4 spent at an approved higher education institution. The placement in industry and the year abroad should not normally overlap.
H604	Electrical & Electronic Engineering (MEng)	Students may opt to undertake a placement in industry from April to September in Year 3.

Department of Life Sciences

Code	Course/Programme Title	Details of Arrangements
C102	Biological Sciences with Research Abroad (BSc)	Year 3 is spent at an approved higher education institution.
C110	Biological Sciences with a Year in Industry/Research (BSc)	Year 3 is spent undertaking a placement in industry. Other options can be discussed with the Department of Life Sciences.

C1R1	Biological Sciences with French for Science (BSc)	Year 3 is spent at an approved higher education institution.
C1R2	Biological Sciences with German for Science (BSc)	Year 3 is spent at an approved higher education institution.
C1R4	Biological Sciences with Spanish for Science (BSc)	Year 3 is spent at an approved higher education institution.
C701	Biochemistry with a Year in Industry/Research (BSc)	Year 3 is spent undertaking a placement in industry
C702	Biochemistry with Research Abroad (BSc)	Year 3 is spent at an approved higher education institution.
C7R1	Biochemistry with French for Science (BSc)	Year 3 is spent at an approved higher education institution.
C7R2	Biochemistry with German for Science (BSc)	Year 3 is spent at an approved higher education institution
C7R4	Biochemistry with Spanish for Science (BSc)	Year 3 is spent at an approved higher education institution
J702	Biotechnology with a Year in Industry/Research (BSc)	Year 3 is spent undertaking a placement in industry
J7R1	Biotechnology with French for Science (BSc)	Year 3 is spent at an approved higher education institution
J7R2	Biotechnology with German for Science (BSc)	Year 3 is spent at an approved higher education institution
J701	Biotechnology with Research Abroad (BSc)	Year 3 is spent at an approved higher education institution
J7R4	Biotechnology with Spanish for Science (BSc)	Year 3 is spent at an approved higher education institution

Department of Mathematics

Code	Course/Programme Title	Details of Arrangements
G104	Mathematics with a Year Abroad (MSci)	Year 3 is spent at an approved higher education institution.

Department of Mechanical Engineering

Code	Course/Programme Title	Details of Arrangements
H303	Mechanical Engineering with a Year in Industry (MEng) 5YR	Normally Year 3 is spent undertaking a placement in industry
H304	Mechanical Engineering with a Year Abroad (MEng)	Year 4 is spent at an approved higher education institution.
H3G1	Mechanical Engineering with a Year in Industry and a Year Abroad (MEng)	Normally Year 3 is spent undertaking a placement in industry and Year 5 at an approved higher education institution.
H3G2	Mechanical Engineering with Nuclear Engineering and a Year in Industry (MEng) 5YR	Normally Year 3 is spent undertaking a placement in industry

Department of Physics

Code	Course/Programme Title	Details of Arrangements
F309	Physics with a Year Abroad (MSci)	Year 3 is spent at an approved higher education institution

School of Medicine

Programme	Code	Term dates
BSc Medical Biosciences Years 1,2 & 3	B101	Saturday 1 October 2022 – Friday 16 December 2022 Saturday 7 January 2023 – Friday 24 March 2023
BSc Medical Biosciences with Management	B111	Saturday 29 April 2023 – Friday 30 June 2023 Note: Year 3 includes project and placement scenarios.
MBBS Years 1 & 2 (Phase 1a and 1b)	A100	Saturday 1 October 2022 – Friday 16 December 2022 Saturday 7 January 2023 – Friday 24 March 2023 Saturday 29 April 2023 – Friday 30 June 2023
MBBS Year 3 (Phase 1c)	A100	Saturday 17 September 2022 - Friday 16 June 2023
MBBS Year 4	A100	Saturday 24 September 2022 - Friday 16 December 2022 Tuesday 3 January 2023 – Friday 31 March 2023
Intercalated BSc (Phase 2)	Various	Monday 17 April 2023 – Friday 26 May 2023
MBBS Year 5 (Phase 3a)	A100	Saturday 16 July 2022 - Friday 30 June 2023
MBBS Year 6 Graduate Medicine Year 5 Direct Entry Year 3	A100 A109 A300	Saturday 23 July 2022 - Friday 23 June 2023 Note: Year 6 includes a clinical elective that is ordinarily pursued in one or two placement scenarios in the UK or abroad.
Please note		Years 3, 5 and 6 undergraduate medical students do NOT have term dates. The course continues throughout the year. Students are advised to check examination dates before booking holidays because resit examinations frequently and other examinations occasionally fall outside term time.

Imperial College Business School (full-time programmes only)

Course/Programme Title	Code	Term dates
MBA	N1UD	Thursday 1 September 2022 - Friday 16 December 2022 Tuesday 3 January 2023 - Friday 31 March 2023 Monday 17 April 2023 - Wednesday 31 August 2023
Management (MSc)	N19J	Thursday 1 September 2022 - Friday 16 December 2022 Monday 9 January 2023 - Friday 31 March 2023 Monday 17 April 2023 - Wednesday 31 August 2023
International Health Management (MSc)	N1EG	Monday 17 April 2023 - Wednesday 31 August 2023
Innovation, Entrepreneurship & Management (MSc)	N201T	
International Management (MSc)	N1UF	Thursday 1 September 2022 - Friday 16 December 2022 Monday 9 January 2023 - Friday 31 March 2023 Monday 24 April 2023 - Wednesday 31 August 2023
Climate Change, Management & Finance (MSc)	N304	Thursday 1 September 2022 - Friday 16 December 2022 Monday 9 January 2023 - Friday 24 March 2023 Monday 17 April 2023 - Wednesday 31 August 2023
Strategic Marketing (MSc)	N501T	
Economics and Strategy for Business (MSc)	L100T	
Finance (MSc)	N301	Thursday 1 September 2022 - Friday 16 December 2022 Monday 9 January 2023 - Friday 31 March 2023 Monday 17 April 2023 - Wednesday 31 August 2023
Finance & Accounting (MSc)	N302	Monday 17 April 2023 - Wednesday 31 August 2023
Investments & Wealth Management (MSc)	N303	
Risk Management & Financial Engineering (MSc)	N34G	
Financial Technology (MSc)	N305	
Business Analytics (MSc)	N290T	Thursday 1 September 2022 - Friday 16 December 2022 Monday 9 January 2023 - Wednesday 5 April 2023 Monday 24 April 2023 - Wednesday 31 August 2023

Please note: For part-time and on-line programmes in the Imperial College Business School applicants and students are advised to contact the relevant Business School: business-school@imperial.ac.uk
