

Bright Starts IN THE VALLEY

LET'S KEEP CHILDREN THRIVING AND LEARNING!

March 2022

Dear Sponsor/Donor,

Thank you for considering your support of Community Resources for Children (CRC) and the children and families in our community. CRC provides vital services in Napa County, including connecting families to child care and offering school readiness programs for vulnerable children. On **Thursday, April 28th, 2022 from 5:30 pm to 7:30 pm** CRC is hosting **[Bright Starts in the Valley](#)**, a fundraiser to benefit our most vital school readiness programs. The event will take place at Clos du Val Winery on with delicious farm-to-table appetizers catered by La Saison, award-winning wine provided by Clos du Val, and stories of hope and perseverance from local child care providers and families.

Your generous sponsorship of our fundraiser will be prominently featured in social media posts and displayed at the entrance to our event. The support of sponsors and donors is critical in order for us to be able to continue providing the following vital programs:

School readiness for the most vulnerable children

The effects of COVID-19 are still being felt. Hundreds of vulnerable children have missed vital early childhood education opportunities and we are in a race against the clock to get them ready for school; without additional funding and support, hundreds of children will enter school with no previous preschool or early learning experience and will fall behind their peers. However, with your support, our programs to provide quality learning opportunities for them will continue. These programs include school readiness classes, bilingual playgroups on our patio and in underserved areas of our community, and developmental screenings that guide parents & caregivers in encouraging a child's development.

Engaging caregivers and parents to improve school readiness

Across our caregiver engagement and professional development programs, we provide a foundation for parents, caregivers and child care providers in creating and sustaining high-quality early learning experiences for the children in their care so that they can enter Kindergarten with essential school readiness skills.

With your support:

- Hundreds of children will enter school ready to learn.
- Families and caregivers will receive support in preparing their children for a lifetime of learning
- Children will have access to child care that supports their healthy development and school readiness while parents are working, thus building the economy now and in the future.

Together we can keep children thriving and learning!

Thank you for considering our sponsorship request – please see the attached sponsor form for more information.

With gratitude,

Eva Simonsson
