

Two Leaders in Minnesota Health Care Partnering to Deliver High-Quality Psychiatric Care to Kids!

NOW HIRING

Board-certified child and adolescent psychiatrists to join the PrairieCare team, working on-site at Children's Minnesota hospital in St. Paul at their first 22 dedicated bed inpatient unit.

Work with a dedicated, multi-disciplinary care team of the best and the brightest psychiatrists, psychologists, program therapists, nurses, occupational therapists, child life and music therapists to provide individualize treatment tailored to meet each child's needs.

PrairieCare is one of the nation's most innovative, fastest-growing psychiatric health systems in the United States.

We offer competitive pay and a comprehensive benefits package – including health, financial, and career growth benefits – for our employees and their families.

Located in St. Paul, the Minnesota capital and part of the Twin Cities with Minneapolis. This vibrant community offers a variety of experiences from lakes to trails, theatre to professional sports, top schools for pre-k through college, a diverse community, restaurants, four seasons, and more!

Shawna Evans is available to answer any questions you may have about our Child & Adolescent Psychiatrist opportunities.

Call 651-207-9926 or reach out via email at sevans@prairie-care.com.
